

Banking Question Bank - Set 10

335 questions with verified answer keys

1. ? % of 500 – 8 % of 3000 – (3/8) of (2/3) of 72 = 23

- (a) 56.2
- (b) 45.8
- (c) 51.4
- (d) 42.6
- (e) None of these

Answer (a) 56.2

2. $\sqrt[3]{97336} + 48\% \text{ of } 1050 - (2/3) \text{ of } 726 = ?$

- (a) 75
- (b) 66
- (c) 52
- (d) 83
- (e) None of these

Answer (b) 66

3. ? % of 800 – 12 % of 2800 – (4/9) of (3/8) of 72 = 24

- (a) 75.5
- (b) 58.5
- (c) 67.5
- (d) 46.5
- (e) None of these

Answer (d) 46.5

4. (5/12) of 6720 + 28 % of 700 = ? + 1562

- (a) 1578
- (b) 1434
- (c) 1352
- (d) 1696
- (e) None of these

Answer (b) 1434

5. $\sqrt[3]{32768} + 36\% \text{ of } 1050 - (1/7) \text{ of } 875 = ?$

- (a) 285
- (b) 325
- (c) 450
- (d) 230
- (e) None of these

Answer (a) 285

6. (5/17) of (408/55) of (165/240) of 6000 = 25 % of ?

- (a) 36000
- (b) 32000
- (c) 45000
- (d) 41000
- (e) None of these

Answer (a) 36000

7. What is the direction of S with respect to M?

- (a) \$
- (b) @
- (c) @#
- (d) %\$
- (e) %#

Answer (c) @#

8. If H*TM, What is the distance between L and H?

- (a) 20Km
- (b) 19Km REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
- (c) 17Km
- (d) 18Km
- (e) Either a or b

Answer (e) Either a or b

9. If the distance between T and P is an even number, then what is the shortest distance between T and M?

- (a) 5km
- (b) 8km
- (c) 10km
- (d) 6km
- (e) 12km

Answer (c) 10km

10. Who among the following are the children of I?

- (a) L, D
- (b) H, M
- (c) J, L
- (d) M, L
- (e) None of these

Answer (c) J, L

DIRECTIONS (Q. 11-15)

In the sentence below, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as the answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

11. She asked her brother to accompany her to the market so she wouldn't have to carry all the heavy bags alone.

- (a) asked
- (b) heavy
- (c) market
- (d) accompany
- (e) All are correct

Answer (d) accompany

12. Everyone attended the meeting expect John, who was feeling unwell.

- (a) attended
- (b) expect
- (c) meeting
- (d) feeling
- (e) All are correct

Answer (b) expect

13. We decided to have dinner at a new Italian restaurant that recently opened in the city.

- (a) dinner
- (b) opened
- (c) restaurant
- (d) recently
- (e) All are correct

Answer (c) restaurant

14. She received a beautiful gift from her best friend on her birthday.

- (a) friend
- (b) beautiful
- (c) received
- (d) from
- (e) All are correct

Answer (d) from

15. She felt a deep sense of contentment as she sat by the fireplace, sipping tea and reading her favorite book.

- (a) contentment
- (b) fireplace
- (c) sipping
- (d) sense
- (e) All are correct

Answer (a) contentment

DIRECTIONS (Q. 16-18)

In the question, one word is given in bold and correspondence to that, three sentences are given each containing that word. Choose the option depicting the sentence(s) that have/ has the correct usage of the word.

16. **BATCH** (I) The bakery prepared a fresh batch of cookies every morning to satisfy its customers. (II) She earned a batch for completing the advanced level of the training program. (III) The professor graded the first batch of exam papers before taking a break.

- (a) Only (I)
- (b) Both (I) and (III)
- (c) Only (III)
- (d) All (I), (II) and (III)
- (e) Only (II)

Answer (b) Both (I) and (III)

17. **SLIP** (I) She tried to walk carefully on the icy road, but she couldn't avoid a slip and fell. (II) He wrote his phone number on a small slip of paper and handed it to her. (III) She couldn't slip well last night because of the loud thunderstorm.

- (a) Only (III)
- (b) Only (II)
- (c) Both (I) and (III)
- (d) Both (I) and (II)
- (e) All (I), (II) and (III)

Answer (d) Both (I) and (II)

18. RATE (I) The interest rate on home loans has increased significantly this year. (II) Doctors rate this hospital as one of the best in the country. (III) The birth rate in many developed countries has been declining over the years.

- (a) Only (I)
- (b) Both (I) and (III)
- (c) Only (III)
- (d) All (I), (II) and (III)
- (e) Only (II)

Answer (d) All (I), (II) and (III)

DIRECTIONS (Q. 19-21)

The following question contains a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. Choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence, then mark option " No rearrangement required " as the answer.

19. (A) began, 12 jurors were

- (b) before the trial
- (c) a pool of candidates
- (d) randomly selected from
- (a) BDCA
- (e) No rearrangement required

Answer (b) before the trial

20. (A) useless stuff, and imaginary

- (b) things, so we can't
- (c) the world is full of nonsense
- (d) believe everything
- (a) ABDC
- (e) No rearrangement required

Answer (c) the world is full of nonsense

21. (A) and singing to the music

- (b) have a gregarious time dancing
- (c) rushed into the nightclub to
- (d) crowds of people
- (a) BDCA
- (e) No rearrangement required

Answer (d) crowds of people

DIRECTIONS (Q. 22-28)

Read the following passage and answer the given questions. Road traffic is an essential part of modern life, enabling transportation and commerce. However, it also poses serious risks, including rising accidents, life-threatening injuries, and increasing road rage. Reckless driving, poor infrastructure, and inadequate law enforcement have turned roads into dangerous spaces where lives are lost every day. Addressing these issues requires collective action to restore discipline and ensure safer travel for all. One of the most alarming consequences of uncontrolled traffic is the high _____ of accidents. Speeding, distracted driving, and driving under the influence are major contributors to fatal crashes. Many drivers neglect basic safety rules, such as wearing seat belts or maintaining safe distances, further increasing risks. Poorly maintained roads and insufficient traffic signals worsen the situation. Victims often suffer severe injuries, including fractures, paralysis, and brain trauma, leaving them permanently disabled. The financial burden of medical treatment and loss of livelihood devastates many families. Hit- and-run cases, where offenders escape accountability, highli

22. Select the most appropriate word to replace "shooting" in the following sentence from the passage.

- (a) Stabbing
- (b) Firing
- (c) Striking
- (d) Beating
- (e) Kicking

Answer (b) Firing

23. According to the passage, which of the following are primary causes of road accidents? (I) Speeding, distracted driving, and driving under the influence. (II) Poorly maintained roads and lack of proper traffic signals. (III) The increasing number of vehicles on the road.

- (a) Only (I)
- (b) Both (I) and (II)
- (c) Only (III)
- (d) Both (II) and (III)
- (e) All (I), (II), and (III)

Answer (b) Both (I) and (II)

24. Select the most appropriate word to replace "restore" in the following sentence from the passage.

- (a) Reinstate
- (b) Abandon
- (c) Destroy
- (d) Rejuvenate
- (e) Replicate

Answer (a) Reinstate

25. Select the most appropriate word to fill in the blank in the following sentence from the passage.

- (a) Decline
- (b) Rate
- (c) Solution
- (d) Reduction
- (e) Prevention

Answer (b) Rate

26. According to the passage, what role do celebrities play in promoting road safety? (I) They encourage safe driving habits through public awareness campaigns. (II) Their influence can help restore discipline among drivers. (III) They have successfully eliminated reckless driving in several regions.

- (a) Only (I)
- (b) Both (I) and (II)
- (c) Only (III)
- (d) Both (II) and (III)
- (e) All (I), (II), and (III)

Answer (b) Both (I) and (II)

27. Which of the following statements is/are TRUE according to the passage? (I) Poorly maintained roads and a lack of proper traffic signals contribute to the rising number of accidents. (II) Road rage incidents are primarily caused by the presence of strict traffic police officers. (III) Celebrity endorsements in road safety campaigns can help encourage responsible driving behavior.
- (a) Only (I)
 - (b) Both (II) and (III)
 - (c) Only (III)
 - (d) Both (I) and (III)
 - (e) All (I), (II), and (III)

Answer (d) Both (I) and (III)

28. Which of the following statements is/are FALSE according to the passage? (I) Installing traffic cameras has completely eliminated reckless driving. (II) Road rage incidents never escalate into violent confrontations. (III) The passage suggests that reducing the number of vehicles is the best way to prevent accidents.
- (a) Only (I)
 - (b) Both (I) and (II)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) All (I), (II), and (III)

Answer (e) All (I), (II), and (III)

DIRECTIONS (Q. 29-33)

Read the sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If the given sentence is grammatically and contextually correct, then choose option "No error" as your answer response. (Ignore errors of punctuation, if any).

29. Industrial waste and (A)/ sewage has heavily polluted (B)/ the Ganga, endangering (C)/ aquatic life and human health. (D)
- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error

Answer (b) B

30. India's cities must (A)/ build inclusive climate (B)/ resilient to protect (C)/ vulnerable communities. (D)
- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error

Answer (c) C

31. The UGC draft regulations have (A)/ sparked concerns in southern states (B)/, highlight regional disparities and the need (C)/ for a more inclusive policy framework. (D)
- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error

Answer (c) C

32. The escaped prisoner (A)/ showed compassion (B)/ when him assisted the (C)/ wounded police officer. (D)
- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error

Answer (c) C

33. Most teachers in (A)/ school expect you to being (B)/ polite to both the (C)/ teachers and the other students. (D)
- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error

Answer (b) B

DIRECTIONS (Q. 34-39)

In the following passage there are blanks, each of which has been denoted by a letter. For each blank, five options are given. Choose the most appropriate word from the options that fits the blank appropriately. Bees are not only important for producing honey but also play a crucial role in pollination. They fly _____(A) flowers, collecting nectar and pollen. This process helps _____(B) the reproduction of many plants. Bees transfer pollen _____(C) one flower to another, allowing plants to grow fruits and seeds. Without bees, many crops would struggle to grow, which would have a serious impact _____(D) food production. Farmers depend _____(E) bees to increase their harvest. It is important to take care _____(F) these pollinators to maintain a healthy environment.

34. Which of the following word best fits in blank A?

- (a) near
- (b) happy
- (c) strong
- (d) cold
- (e) bright

Answer (a) near

35. Which of the following word best fits in blank B?

- (a) grow
- (b) jump
- (c) sleep
- (d) dry
- (e) heavy

Answer (a) grow

36. Which of the following word best fits in blank C?

- (a) tall
- (b) water
- (c) from
- (d) soft
- (e) long

Answer (c) from

37. Which of the following word best fits in blank D?

- (a) on
- (b) fast
- (c) warm
- (d) loud
- (e) short

Answer (a) on

38. Which of the following word best fits in blank E?

- (a) over
- (b) under
- (c) upper
- (d) on
- (e) open

Answer (d) on

39. Which of the following word best fits in blank F?

- (a) in
- (b) kind
- (c) of
- (d) slow
- (e) clean

Answer (c) of

DIRECTIONS (Q. 40-44)

The table given below shows the information about the movie ticket sold by three malls A, B and C in the month of January February, March.

Month/malls	A	B	C
January	120	125	110
February	150	90	100
March	140	100	150

40. If the ratio of movie ticket sold by B in April to movie ticket sold by C in February is 4:1, then find the movie ticket sold by B in April.

- (a) 400
- (b) 500
- (c) 240
- (d) 480
- (e) 800

Answer (a) 400

41. Find the average number of tickets sold by B in February, C in March and A in January.

- (a) 140
- (b) 120
- (c) 200
- (d) 180
- (e) 100

Answer (b) 120

42. The movie ticket sold by A and B together in February is what percentage of movie ticket sold by C in March?
- (a) 100%
 - (b) 120%
 - (c) 40%
 - (d) 160%
 - (e) 150%

Answer (d) 160%

43. Find the ratio of tickets sold by B in March to tickets sold by A in February.
- (a) 1:4
 - (b) 2:3
 - (c) 2:5
 - (d) 8:1
 - (e) 1:1

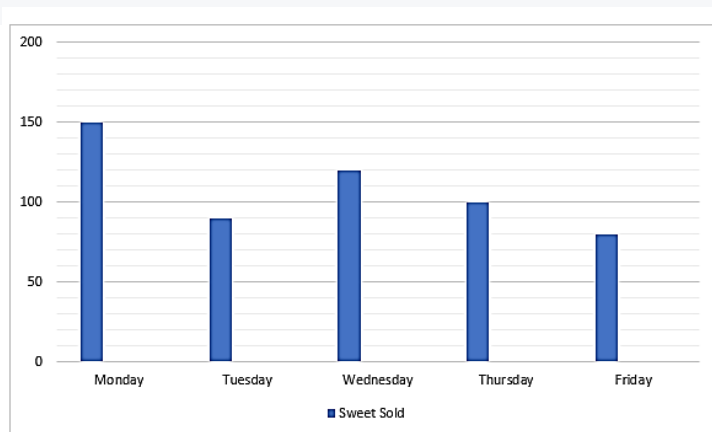

Answer (b) 2:3

44. Movie ticket sold by B in March is what percent more or less than movie ticket sold by C in February?
- (a) 20%
 - (b) 190%
 - (c) 40%
 - (d) 0%
 - (e) 150%

Answer (d) 0%

DIRECTIONS (Q. 45-49)

The bar graph given below shows the number of sweets sold by the shopkeeper A from Monday to Friday.

45. If 40% total sweets sold on Friday, then find the number of sweets unsold on Friday.
- (a) 140
 - (b) 120
 - (c) 200
 - (d) 180
 - (e) 100

Answer (b) 120

46. Find a difference between sweets sold on Monday & Tuesday together and sweets sold on Friday.

- (a) 140
- (b) 160
- (c) 200
- (d) 180
- (e) 100

Answer (b) 160

47. Sweets sold on Tuesday is what percentage more or less than sweets sold on Thursday

- (a) 20%
- (b) 19%
- (c) 10%
- (d) 5%
- (e) 15%

Answer (c) 10%

48. Find the average number of sweets sold all days except Wednesday.

- (a) 105
- (b) 120
- (c) 200
- (d) 180
- (e) 100

Answer (a) 105

49. Find the ratio of total sweets sold on Tuesday to total sweets sold on Friday.

- (a) 8:9
- (b) 8:3
- (c) 9:5
- (d) 1:1
- (e) 9:8

Answer (e) 9:8

50. A man invested certain amount in two schemes A and B, he invested 30% of the amount in scheme A at rate of 10% p.a. and rest in scheme B at rate of 5% p.a., If after four years the man received total interest of Rs 1300, then find the amount invested by man in scheme B (in Rs.)?

- (a) 5000
- (b) 1500
- (c) 3000
- (d) 3500
- (e) 4500

Answer (d) 3500

51. A man invested 25% of his monthly income on food. From the remaining, he spends 20% on rent. If the man spends 20% of the remaining income on education and saved Rs 19200, then find the monthly income of man?

- (a) 30000 Rs
- (b) 50000 Rs
- (c) 60000 Rs
- (d) 40000 Rs
- (e) 48000 Rs

Answer (d) 40000 Rs

52. A car covers 120 km distance in 5 hours. If the car covers 84 km distance with original speed and 135 km distance with 25% increased speed, then find the total time taken by the car to cover the total distance (in hours)?

- (a) 6
- (b) 8
- (c) 4
- (d) 12
- (e) 9

Answer (b) 8

53. In a town 40% are male and rest are female. If 40% of total female are graduate and total non-graduate female are 540, then find the number of males in the town?

- (a) 900
- (b) 500
- (c) 400
- (d) 600
- (e) 1200

Answer (d) 600

54. Reema and Seema started a business with an investment of Rs X and Rs X + 500 for a year. If the profit share of Reema is $\frac{1}{6}$ less than that of Seema, then find the value of X.

- (a) 3000
- (b) 2500
- (c) 2000
- (d) 3500
- (e) 1500

Answer (b) 2500

55. A shopkeeper sold an article for Rs 2400 at a 20% profit. The discount allowed on the article is 20%. If he allowed 10% discount on the article, then find the profit on the article.

- (a) Rs 690
- (b) Rs 380
- (c) Rs 560
- (d) Rs 240
- (e) Rs 700

Answer (e) Rs 700

56. The present age of Sunita to Mohit is 6:5, respectively, and the present age of Vinita is 11 years more than that of Mohit. If the present age of Vinita is twice the age of Sunita five years ago, then find the present age of Vinita.

- (a) 27 years
- (b) 20 years
- (c) 22 years
- (d) 24 years
- (e) 26 years

Answer (e) 26 years

57. A vessel contains 70 liters of milk and water in the ratio of 3:7. If the X liters of milk and 56 liters of water are added to the mixture, then the ratio of the milk to water becomes 3:5. Find X.

- (a) 48
- (b) 42
- (c) 35
- (d) 56
- (e) 63

Answer (b) 42

58. A, B and C can do a work in 48 days, 72 days and 54 days respectively. If A and B together can do a work for 8 days, then find the time taken (in days) by C to complete the remaining work.
- (a) 44
 - (b) 31
 - (c) 43
 - (d) 34
 - (e) 39

Answer (e) 39

59. The total time taken by a boat to cover 105 km upstream and 105 km downstream in 7.5 hours. If the ratio of the speed of boat in downstream to upstream is 2:1 respectively, then find the speed of the boat in speed in still water?
- (a) 44.5
 - (b) 31.5
 - (c) 43.5
 - (d) 34.5
 - (e) 39.5

Answer (b) 31.5

60. A train takes 30 seconds to cross a pole and 45 seconds to cross a 350 meters long bridge. Find the length of the train.
- (a) 840 m
 - (b) 600 m
 - (c) 800 m
 - (d) 700 m
 - (e) 900 m

Answer (d) 700 m

61. The circumference of two circles is 88 meters and 132 meters. What is sum of the radius of both the circles.
- (a) 14 meters
 - (b) 35 meters
 - (c) 7 meters
 - (d) 21 meters
 - (e) 42 meters

Answer (b) 35 meters

DIRECTIONS (Q. 62-66)

Read the given information carefully and answer the questions below: Eight persons – A, B, C, D, E, F, G and H - were born (but not necessarily in the same order as given) on two different dates – either 8 or 27 of four different months – January, May, June and November. No two persons were born on the same date. D was born on an even date in May. A was born in the month before D. A and D were born on same dates. Four persons were born between A and E. H was born in the same month as E. G was born just after B. Two persons were born between B and C.

62. F was born on which date and month?
- (a) 8 May
 - (b) 8 November
 - (c) 27 May
 - (d) 27 January
 - (e) 8 June

Answer (d) 27 January

63. How many persons were born after C?

- (a) Five
- (b) One
- (c) Two
- (d) Three
- (e) Four

Answer (e) Four

64. Who among the following was born on 8 November?

- (a) C
- (b) H
- (c) G
- (d) B
- (e) E

Answer (d) B

65. Four of the following five are similar in a certain pattern, who among the following is dissimilar to others?

- (a) A
- (b) D
- (c) H
- (d) B
- (e) G

Answer (e) G

66. Which of the following statement is correct?

- I. D was born after A
- II. G and C were born in same month
- III. H was born on 8 June

- (a) Only I
- (b) Only I and II
- (c) Only II
- (d) Only I and III
- (e) Only III

Answer (d) Only I and III

DIRECTIONS (Q. 67-71)

Study the following information carefully and answer the questions given below: Eight persons - A, B, C, D, E, F, G and H - sit in a row facing north, but not necessarily in the same order. D sits third to the right of C. Three persons sit between C and E. A sits second to the right of E. F sits fourth to the left of H. C is not an immediate neighbour of G. More than one person sit between H and G. B sits to the right of G.

67. Who among the following persons sits fourth to the left of B?

- (a) G
- (b) D
- (c) E
- (d) F
- (e) None of these

Answer (b) D

68. Which among the following statement is/are false?

- (a) E sits at one of the extreme ends of the row
- (b) F and G are immediate neighbours
- (c) Only one person sits between G and C
- (d) A sits immediate left of B
- (e) H and E are immediate neighbours

Answer (a) E sits at one of the extreme ends of the row

69. If F and A, interchange their positions, who will sit to the immediate right of A?

- (a) B
- (b) G
- (c) D
- (d) H
- (e) None of these

Answer (b) G

70. Which of the following pairs represents the persons sitting at the extreme ends?

- (a) E and C
- (b) E and D
- (c) C and B
- (d) B and D
- (e) None of these

Answer (c) C and B

71. What is the position of C with respect to D?

- (a) Third to the right
- (b) Fourth to the left
- (c) Immediate right
- (d) Third to the left
- (e) Immediate left

Answer (d) Third to the left

DIRECTIONS (Q. 72-76)

Read the given numeric series carefully and answer the related questions: 3 7 4 9 8 6 5 2 1 3 4 7 9 6 2 5 3 4 6 8 2 7 4 3 5 8 9 3 2 7 4

72. Which element is 11th from the right end in the given series?

- (a) 7
- (b) 8
- (c) 2
- (d) 4
- (e) 3

Answer (c) 2

73. How many square numbers are immediately preceded by an odd number?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) More than four

Answer (e) More than four

74. Which element is 6th to the right of the 9th odd number from the left end?

- (a) 3
- (b) 4
- (c) 8
- (d) 2
- (e) 7

Answer (e) 7

75. How many even numbers are immediately preceded by an odd number and immediately followed by an even number?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) Five

Answer (c) Three

76. What will the sum of 7th element from left end and 4th even number from right end?

- (a) 11
- (b) 10
- (c) 13
- (d) 8
- (e) 9

Answer (e) 9

DIRECTIONS (Q. 77-79)

In these questions, the relationship between different elements is shown in the statements. The statements are followed by two conclusions. Study the conclusions based on the given statements and select the appropriate

77. Statements: $B \geq O > M = E > L < D > Z$ Conclusions:

I. $O \leq Z$

II. $B > D$

- (a) If only conclusion I is true
- (b) If only conclusion II is true
- (c) If either conclusion I or II is true
- (d) If both conclusions I and II are true
- (e) If neither conclusion I nor II is true

Answer (e) If neither conclusion I nor II is true

78. Statements: $E < G < J \geq N = B > U < P$ Conclusions:

I. $J > U$

II. $P > G$

- (a) If only conclusion I is true
- (b) If only conclusion II is true
- (c) If either conclusion I or II is true
- (d) If both conclusions I and II are true
- (e) If neither conclusion I nor II is true

Answer (a) If only conclusion I is true

79. Statements: $Y < K = S \geq J < I > E < C \leq D$ Conclusions:

I. $K < D$

II. $S \geq D$

- (a) If only conclusion I is true
- (b) If only conclusion II is true
- (c) If either conclusion I or II is true
- (d) If both conclusions I and II are true
- (e) If neither conclusion I nor II is true

Answer (c) If either conclusion I or II is true

DIRECTIONS (Q. 80-84)

Study the following information carefully and answer the question given below: Eight persons - H, M, A, G, K, O, C and D are sitting around a square shaped table in such a way that four of them sit at four corners of the table while remaining four sit in the middle of the four sides, but not necessarily in the same order. The one who sits at the four corners faces the center while those who sit in the middle of the sides face outside. K sits immediate left of H. G sits second to the left of K. Three persons sit between A and M. M sits immediate left of G. Only two persons sit between H and O. O sits at one of the corners but does not sit adjacent to M. D sits third to the left of G.

80. Who among the following person sits opposite to G?

- (a) D
- (b) C
- (c) O
- (d) M
- (e) A

Answer (c) O

81. What is the position of O with respect to M?

- (a) Third to the left
- (b) Third to the right
- (c) Fourth to the right
- (d) Fifth to the right
- (e) Second to the right

Answer (b) Third to the right

82. How many persons sit between A and G when counted from the right of A?

- (a) One
- (b) Two
- (c) Five
- (d) Three
- (e) Four

Answer (b) Two

83. Four of the following five are alike in a certain way and thus form a group. Find the one who doesn't belong to the group?

- (a) M
- (b) H
- (c) A
- (d) D
- (e) K

Answer (e) K

84. Which among the following statement(s) is/are true?

I. C sits second to the left of G

II. G sits opposite to A III. Two persons sit between M and K when counting from left of M.

- (a) Only I
- (b) Only III
- (c) Only II
- (d) Both I and III
- (e) All I, II and III

Answer (d) Both I and III

DIRECTIONS (Q. 85-87)

In the questions below, some statements are given followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the statements and decide which of the given conclusion logically follows from the statements. Give

85. Statement: All key is rubber. Only a few rubber is dot. Some Dot is paper. Conclusions:

I. Some key is not paper.

II. No paper being rubber is a possibility.

- (a) Only I follows
- (b) Only II follows
- (c) Either I or II follow
- (d) Neither I nor II follow
- (e) Both I and II follow

Answer (b) Only II follows

86. Statement: Only soil is plant. Some soil is feather. No feather is color. Conclusions:

I. All feather being soil is a possibility.

II. Some soil is not color.

- (a) Only I follows
- (b) Only II follows
- (c) Either I or II follow
- (d) Neither I nor II follow
- (e) Both I and II follow

Answer (e) Both I and II follow

87. Statement: Only a few money is scale. All scale is graph. Some graph is brick. Conclusions:

I. No brick is scale.

II. All money is graph.

- (a) Only I follows
- (b) Only II follows
- (c) Either I or II follow
- (d) Neither I nor II follow
- (e) Both I and II follow

Answer (d) Neither I nor II follow

DIRECTIONS (Q. 88-90)

Study the following information carefully and answer the question given below: A certain number of people are sitting in a row facing north. A sits fifth to the left of B. E is an immediate neighbour of B. F sits second to the left of A and second from one of the extreme ends of the row. Only one person sits between B and G. E is not an immediate neighbour of G. K sits fourth to the right of G. No one sits to the right of K. Five persons sit between K and T.

88. Who among the following person sits fourth to the right of T?

- (a) E
- (b) G
- (c) A
- (d) F
- (e) B

Answer (e) B

89. Who among the following sits seventh from the left end of the row?

- (a) B
- (b) G
- (c) E
- (d) T
- (e) Unknown person

Answer (b) G

90. How many persons are sitting in the row?

- (a) 13
- (b) 14
- (c) 15
- (d) 11
- (e) 12

Answer (d) 11

DIRECTIONS (Q. 91-92)

Study the information carefully and answer the questions given below. There are eight persons in a three-generation family with three married couples. M is father of O. Q is the daughter-in-law of G. Q is the mother of S. S is the grandchild of M. P is the sister of M. S and T are siblings. T is the only son of O. L and P are married.

91. How many female members are there in the family?

- (a) Three
- (b) Five
- (c) Four
- (d) Two
- (e) None of these

Answer (c) Four

92. Who among the following is the aunt of O?

- (a) G
- (b) P
- (c) Q
- (d) T
- (e) Can't be determined

Answer (b) P

93. How many pair of digits are in the number '275849136', each of which have as many digits between them as in the number series (both forward and backward order)?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) More than four

Answer (c) Three

94. In the word 'HUNGARILY', if all the letters are arranged in alphabetical order from left to right, then, how many letters will remain same on their positions?

- (a) None
- (b) Two
- (c) Four
- (d) Three
- (e) One

Answer (e) One

95. If a meaningful word is formed by using the second, fourth, fifth and tenth letters (from the left end) of the word "RENOVATION", then which of the following will be the second letter from the left end of the meaningful word thus formed. If more than one such meaningful word is formed mark Y as your answer. If no meaningful word is formed, mark Z as your answer?

- (a) N
- (b) Y
- (c) E
- (d) Z
- (e) V

Answer (e) V

96. I. $2x^2 - 13x + 21 = 0$

II. $3y^2 - 14y + 15 = 0$

- (a) if $x > y$
- (b) if $x \leq y$
- (c) if $x \geq y$
- (d) if $x < y$
- (e) if $x \leq y$ or no relationship can be established between x and y

Answer (a) if $x > y$

DIRECTIONS (Q. 97-101)

Study the following arrangement carefully and answer the questions given below: 1 \$ 6 H J A 7 ★ G Q # 2 M E K % R 5 @ N D I P 4 C T 3 9 F

97. If all the symbols in the above arrangement are dropped, which of the following will be 10th from the right end?

- (a) E
- (b) N
- (c) 5
- (d) R
- (e) None of these

Answer (e) None of these

98. Which of the following is fifth to the left of eighteenth from the left end in the above arrangement?

- (a) B
- (b) #
- (c) 2
- (d) M
- (e) None of these

Answer (c) 2

99. How many such vowels are there in the above arrangement each of which is immediately preceded by a number and immediately followed by a consonant?

- (a) None
- (b) Two
- (c) Three
- (d) Four
- (e) None of these

Answer (a) None

100. What will come in place of question mark (?) in the following series based on the above arrangement? 6AJ ★#Q 2KE RN@ ?

- (a) NP4
- (b) @IP
- (c) IC4
- (d) I4C
- (e) None of these

Answer (d) I4C

101. How many such consonants are there in the above arrangement, each of which is immediately preceded by a number and immediately followed by a letter?

- (a) One
- (b) Three
- (c) Four
- (d) None
- (e) None of these

Answer (c) Four

DIRECTIONS (Q. 102-103)

Study the following arrangement carefully and answer the questions given below: D F 3 # R N 8 A @ Y 4 M ★ W P 6 H U 9 1 K 2 E

102. Which of the following is sixth to the right of the nineteenth from the right end of the above arrangement?

- (a) Y
- (b) M
- (c) 4
- (d) @
- (e) None of these

Answer (d) @

103. If it is possible to make a meaningful word with the fifth, sixth, eighth, twelfth, twentieth and twenty-third letter of the above arrangement, which of the following will be the fourth letter from the left?
- (a) E
 - (b) I
 - (c) N
 - (d) R
 - (e) Either I or A

Answer (c) N

DIRECTIONS (Q. 104-107)

Study the following arrangement carefully and answer the questions given below: A % D F K E 8 J Q 1 ★ V T U 2 \$ W # 6 B G @ I L 7 3 H

104. How many such letters are there in the above arrangement each of which is immediately followed by a number?
- (a) None
 - (b) One
 - (c) Two
 - (d) Three
 - (e) None of these

Answer (d) Three

105. How many such symbols are there in the above arrangement each of which is immediately preceded by a consonant and followed by a vowel?
- (a) None
 - (b) One
 - (c) Two
 - (d) Three
 - (e) None of these

Answer (b) One

106. How many such consonants are there in the above arrangement each of which is not immediately preceded by a symbol but followed by a vowel?
- (a) One
 - (b) Two
 - (c) Three
 - (d) Four
 - (e) None of these

Answer (d) Four

107. How many such vowels are there in the above arrangement each of which is immediately preceded by a number?
- (a) One
 - (b) Two
 - (c) Three
 - (d) Four
 - (e) None of these

Answer (c) Three

DIRECTIONS (Q. 108-109)

These questions are based on the following arrangement of numbers, letters and symbols. Study them carefully and answer the questions given below: 1 8 Q W 3 d Z 5 ★ 2 J @ U K 9 P I % R 4 \$ M E 7 T # A 6 F

108. Which of the following should come in place of question mark (?) in the following series based on the elements in the above arrangement? 3WZ 2★@ 9KI ?

- (a) %14
- (b) 4RM
- (c) 4%\$
- (d) \$4E
- (e) None of these

Answer (b) 4RM

109. How many such letters are there in the above arrangement each of which is not immediately preceded by a symbol?

- (a) Five
- (b) Six
- (c) Seven
- (d) Eight
- (e) More than eight

Answer (c) Seven

DIRECTIONS (Q. 110-132)

In each of the following questions, two @cetexamgroup statements numbered I and II are given. There may be cause and effect relationship between the two statements. These two statements may be the effect of the same cause or independent causes. These statements may be independent causes without having any relationship.

110. Company Y has changed delivery slots for many of its orders. Which of the following may be a probable cause for taking the above step?

- (a) It has suddenly seen a shortage of staff
- (b) It can't cope with the sudden surge in demand of its products
- (c) It doesn't have adequate logistic support for the delivery of its products
- (d) Both a and b
- (e) All of the above

Answer (e) All of the above

111. As a society we are getting more assertive and traditional power structure are eroding. Which of the following can be a possible effect of the @cetexamgroup above cause?

- (a) Social media rapidly build or damage brands
- (b) Consumers are getting more unforgiving, fully aware of their buyer power
- (c) Social media weapons allow consumers to express their displeasure and cause reputation damage
- (d) Casterism is on the rise in the country and this is evident in elections
- (e) None of these

Answer (e) None of these

112. The luxury car manufacturer phantom has increased the price of its stunning, fastest limousine car by about 45% which of the following can be the best possible reason for the above step taken by the car manufacturer?

- (a) The government is planning to review taxes on the raw materials for manufacturing cars
- (b) The car sales market is going through a jubilant phase as the volume of sales has picked up considerably in the recent past
- (c) The limousine car is the best in its segment and no other car is posing any challenge to this car
- (d) Car buyers prefer to buy limousine car as it provide efficient after sales service
- (e) None of these

Answer (a) The government is planning to review taxes on the raw materials for manufacturing cars

113. A technical snag in the signal disrupted the services of Indian Railways for the whole day. Which of the following can be possible effect of the above case?

- (a) People are now used to these technical snags
- (b) There was a strike of the Railways trade Union a couple of days ago
- (c) Majority of the coaches and engines are in a ruined state
- (d) These were lots of people who could not reach their workplaces at the stipulated time
- (e) None of these

Answer (d) These were lots of people who could not reach their workplaces at the stipulated time

114. At least 25 people were seriously injured while going for a picnic on a weekend. Which of the following can be probable cause of the above effect? (i) The bus in which people were travelling met with an accident while taking a turn on the highway. (ii) The state government has banned all picnics for the next six months with immediate effect. (iii) The driver of the bus in which the people were travelling did not report after reaching the halting place of their journey.

- (a) Only I
- (b) Only II
- (c) Only III
- (d) Only I and II
- (e) Only II and III

Answer (a) Only I

115. Marking a major initiative for urban development in the country, Prime minister launched the smart cities Mission. A budget of Rs. 3 lakh crore has been allocated, which will be spent on the project in the @cetexamgroup next 5 years. Which of the following will be an effect of the initiative taken by the government?

- (a) Quality of life will improve in rural and urban areas
- (b) Millions of jobs will be created in rural areas
- (c) Scar city of houses will be removed
- (d) All the villages will have pucca houses
- (e) None of these

Answer (a) Quality of life will improve in rural and urban areas

116. Player X, one of the best tennis doubles players of all time and certainly India's best alongside player Y, has been dropped for the tie against chinese Taipei. Which of the following may be a probable cause for taking the above step?

- (a) He has fallen viction to a battle with the establishment
- (b) Player Y is not available for selection
- (c) There is lack of trans parency and accountability in selection
- (d) The form of player Y has of late been on the wane
- (e) None of these

Answer (c) There is lack of trans parency and accountability in selection

117. The rupee has been under considerable stress. Which of the following can be a possible effect of the above cause?

- (a) The rupee has been depreciated
- (b) The RBI has decided to release cash into the market
- (c) The RBI has clamped down on rupee forward contract transactions
- (d) There will be lesser shocks from the overeas market
- (e) None of these

Answer (b) The RBI has decided to release cash into the market

118. RBI reduced 0.25 basis point in Repo rate. RBI governor said that it will be beneficial for Indian economy. Which of the following can be a possible effect of the above case?

- (a) Investors have believed in India's macroeconomic soundness and put money into this market which in turn appreciates rupee
- (b) Repo rate increase produces less liquidity in the market
- (c) This rate cut boosts demand and productivity and increases expansion by companies
- (d) Both a and c
- (e) None of these

Answer (b) Repo rate increase produces less liquidity in the market

119. RBI unlocks Rs. 40,000 crore additional capital for banks. Which of the following can be a possible effect of the above line?

- (a) A big relief for PSBs after this capital announcement for further investment
- (b) RBI will pressurize the private banks
- (c) This additional capital can create extra burden to economy
- (d) Only a and c
- (e) None of these

Answer (e) None of these

120. The Government attached Aadhaar card to new upcoming scheme. What is the possible cause behind this step?

- (a) Government wants to improve the revenue of the state budget
- (b) Government established a clearance and transparency in all schemes
- (c) By this step we reduce the paperwork and provide an online platform to all services
- (d) Only b and c
- (e) None of these

Answer (d) Only b and c

121. Japanese government will stipulate a long term goal of cutting greenhouse gas emissions by 80 percent by 2050 from current levels. What will be the cause behind the above statements?

- (a) Japan targets the new G7 summit plan
- (b) Current levels of greenhouse gas are normal; they don't have any requirement to cut this emission
- (c) Japanese government wants to decrease the danger of greenhouse effect with help of other countries
- (d) Japanese government pressurizes by their citizens to decrease greenhouse gas emissions
- (e) None of these

Answer (a) Japan targets the new G7 summit plan

122. According to budget 2016-17, 28.5 lakh hectares will be brought under irrigation under Pradhan Mantri Krishi Sinchayee Yojana. What will be the effect of the above announcement?

- (a) The government increases the food production of our country
- (b) By increasing irrigation programme, the farmer can increase their income
- (c) Agriculture sector will boost by this step at particular significance improvement
- (d) All may be effect
- (e) None of these

Answer (b) By increasing irrigation programme, the farmer can increase their income

123. Targeted Delivery of Government subsidies and benefits to ensure that they reach the poor and the deserving. What will be the cause of the above Government budget?

- (a) Some portion is until untouched from new subsidies and other schemes
- (b) Some urban sector can get subsidy scheme profit
- (c) DBT ensures related information about the poor people for subsidies
- (d) The transparency and clearance will be increased
- (e) None of these

Answer (b) Some urban sector can get subsidy scheme profit

- 124.** Finance minister announced the fiscal deficit target of 3.5% of GDP in 2016-17 which is less than previous year. What will be the possible cause behind this less fiscal deficit?
- (a) Due to economy decline, the government collect higher taxes
 - (b) Due to Indian rupees positive growth against dollar the deficit decrease
 - (c) Government announced new taxes scheme and e-scheme by which deficit of revenue decrease
 - (d) Indian economy boost by FDI and investment policies and it collect higher export collection
 - (e) All except a
- Answer (a) Due to economy decline, the government collect higher taxes**
- 125.** Oil prices dropped on wednesday in the wake of industry data that showed a huge build in U.S. crude stockpiles. What will be the possible cause behind this oil result?
- (a) The price value of U.S. dollar in international market increase
 - (b) The global over supply is increasing oil stockpiles
 - (c) The demand for fuel decline in this time period
 - (d) All are being possible cause
 - (e) Only b and c
- Answer (e) Only b and c**
- 126.** The U.S. Greenhouse gas emission rates increase with 0.2% in comparison with last year. What will be possible effect of above phenomena?
- (a) Increase in Co₂ levels have made the world's oceans 30% more acidic
 - (b) Co₂ and other gases will be higher amounts in the air and it effect the growth and nutrition in plants
 - (c) The U.S. government banned on old industries which gives bad effect on environment
 - (d) All a, b, c
 - (e) None of these
- Answer (d) All a, b, c**
- 127.** Sukanya Samriddhi Account Scheme is a small deposit scheme for girl child, as part of Beti Bachao Beti Padhao' campaign, which would fetch yearly interest rate of 9.1% and provide income tax deduction under section 80 C of the Income Tax Act, 1961? What will be possible cause to implement this scheme.
- (a) Despite Sincere efforts from Gol, sex ratio in India is still a grave concern and it shows the backwardness of the country
 - (b) Gol is taking steps to change the mindset of people towards girl child
 - (c) Government of India has given a lot of flexibility in terms of taxations so public may be interested in this scheme
 - (d) All a, b, c
 - (e) None of these
- Answer (a) Despite Sincere efforts from Gol, sex ratio in India is still a grave concern and it shows**
- 128.** "GST will applied from 1st April 2016 in whole country" as per newspaper headlines. What will be effect of GST on business firms?
- (a) Prices of certain goods and services might be lower
 - (b) It will increase gross domestic product
 - (c) It makes our export more competitive as exports are to be zero-rates
 - (d) It will be reduce cash flow problems, credit offset mechanism in business firms
 - (e) All of the above
- Answer (e) All of the above**

129. Economic survey has pegged India's growth at 7- 7.5% for the next fiscal with downside risks which is less than assuming growth. What will be the reason of above result?
- (a) It may be analysis due to weak global economic
 - (b) Exports are not likely to contribute substantially to GDP growth
 - (c) It may be due to extra fiscal deficit
 - (d) All of the above
 - (e) None of these

Answer (d) All of the above

130. China aims to build 30 nuclear power units in countries involving with its silk road initiative by 2030 as it looks to cash in its new 1000 MW nuclear reactor technology. What will be the effects of above announcements?
- (a) China can improve their power consumption for better implementation
 - (b) Silk road initiative can increase production with positive growth
 - (c) It will actively promote localisation of the technology and strive to establish an integrated industrial system
 - (d) Only b and c
 - (e) All a, b, c

Answer (a) China can improve their power consumption for better implementation

131. The export of oil meals during October 2015 is reported at just 13,716 tonnes against 2,38,703 tonnes in October 2014, that is down by 94%. What will be possible causes behind the survey?
- (a) It may be reduced due to continuous disparity
 - (b) The high price of domestic market affecting overall domestic availability of both oil and meals
 - (c) Either a or b
 - (d) Both a and b
 - (e) None of these

Answer (e) None of these

132. Performance of the agriculture sector has been patchy in recent years it grew 1.5% in 2012-13 and 4.2% in 2013-14, but then shrank 0.2% in 2014-15. Estimates for 2015-16 suggest a 1.1% expansion. What will be cause behind this uncertainty?
- (a) Fact that 60% of agriculture in India is rain dependent
 - (b) Irrigation sector totally depends on poor irrigation plans
 - (c) a and b
 - (d) Either a and b
 - (e) None of these

Answer (a) Fact that 60% of agriculture in India is rain dependent

DIRECTIONS (Q. 133-134)

Study the following information and answer the questions given below: Ram starts travelling in east direction from point A. After travelling 4km till point B he turns to his left and starts moving on a circular track having radius 7km and after covering the half of the circumference of the circle having center O till point C he again turns to his left and travel 4km till point D. From there he takes a right turn and walks 6km and stop at point E. His Friend Shyam starts travelling from G and turned to his left travelling 2km till point H. From there he turns to his left and travel 5km to reach point I. Then turns to his right and travel 3km till point J. Thereafter turns to his right and travel 3km till point K. From K he turns to his left and travel 4km and reach point L. Finally, he turns to his right and travel 7km to reach point M. Point M is somewhere in south of E.

133. In which direction is Shyam facing initially before starting his journey?

- (a) north
- (b) east
- (c) south-east
- (d) north-west
- (e) None of these

Answer (e) None of these

134. Point B is in with direction with respect to point J?

- (a) north
- (b) east
- (c) south-east
- (d) north-west
- (e) None of these

Answer (b) east

DIRECTIONS (Q. 135-139)

Study the following information and answer the questions given below: Point B is to the north of point A at a distance of 4m. Point D is to east of point A. Point D is to the west of E. Point C is to the south of A. Point F is to the west of point D. The total distance between F and D is 6m and distance between A and E is 8m. Point B is to north-east of point F. Point C is to the south-west of point E. The shortest distance between F and C is 5m. Point G is 3m to the east of Point B. Point H is 2m north of point F.

135. If $AD = 3\text{m}$ then find the distance between A and C?

- (a) 4m
- (b) 5m
- (c) 8m
- (d) 6m
- (e) None of these

Answer (a) 4m

136. Which among the following are inline?

- (a) A, F and H
- (b) A, B, G and D
- (c) F, A, D and E
- (d) D, B and E
- (e) None of these

Answer (e) None of these

137. If $AF = 4\text{m}$ then find the distance between D and C?

- (a) $\sqrt{15}\text{ m}$
- (b) $\sqrt{11}\text{ m}$
- (c) $\sqrt{17}\text{ m}$
- (d) $\sqrt{13}\text{ m}$
- (e) None of these

Answer (b) $\sqrt{11}\text{ m}$

138. If A is the midpoint of FD then find the distance between D and E?

- (a) 4m
- (b) 5m
- (c) 8m
- (d) 6m
- (e) None of these

Answer (b) 5m

139. If the shortest distance between H and A is $\sqrt{13}$ m then find point G is how far and in which direction from point D?
- (a) 5m, south
 - (b) 3m, south-east
 - (c) 4m, north
 - (d) 5m, west
 - (e) 6m, north

Answer (c) 4m, north

DIRECTIONS (Q. 140-143)

In each question below is given a @cetexamgroup statement followed by two courses of action numbered I and II. A course of action is a step or administrative decision to be taken for improvement, follow up or further action in regard to the problem, policy etc. On the basis of the information given in the statement, you have to assume everything in the statement to be true and then decide which of the suggested courses of action logically follows for pursuing.

140. Statement: Poverty is increasing because the people, who are deciding how to tackle it, know absolutely nothing about the poor. Course of Action:
- I. The decision makers should go to the grass root levels.
 - II. The decision makers should come from the poorer sections of the society. III. A new set of decision makers should replace the existing one.
- (a) Only I follows
 - (b) Only II follows
 - (c) Only either I or III follows
 - (d) All follow
 - (e) None of these

Answer (e) None of these

141. Statement: Without the active cooperation between the proprietor and the employees of the mill, it cannot remain a profitable concern for long. Course of Action:
- I. The mill should be closed down.
 - II. The workers should be asked to cooperate with the owners. III. The owners should be asked to cooperate with the employees.
- (a) None follows
 - (b) Only I and II follow
 - (c) All follow
 - (d) Only II and III follow
 - (e) None of these

Answer (b) Only I and II follow

142. Statement: A huge truck overturned on the middle of the main road and blocked most part of the road, causing a huge traffic jam. Courses of action:
- I. The traffic department should immediately deploy its personnel to divert traffic through other roads.
 - II. The traffic department should immediately send men and equipment to move the truck and clear the road.
- (a) Only I follows
 - (b) Only II follows
 - (c) Both I and II follow
 - (d) None follow
 - (e) Either I or II follows

Answer (d) None follow

- 143.** Statement: Some strains of mosquito have become resistant to chloroquine - the widely used medicine for malaria patients. Course of Action:
- I. Selling of chloroquine should be stopped.
 - II. Researchers should develop a new medicine for patients affected by such mosquitoes.
 - III. All the patients suffering from malaria should be checked for identification of causal mosquito.
- (a) None follows
 - (b) Only I and III follow
 - (c) All follow
 - (d) Only II and III follow
 - (e) None of these
- Answer (d) Only II and III follow**

DIRECTIONS (Q. 144-148)

Study the information and answer the following questions: In a certain code language "only festival for student" is coded as "GS%8 IF\$21 OF#21 BO@12" "massive movement in life" is coded as "VL\$15 MI%18 GM@14 VM#14" "now promote to self" is coded as "US%8 LT\$7 VP#11 DN@13" "hard work plus luck" is coded as "PL@15 HP#11 PW\$4 WH%19"

- 144.** What is the code for 'next time' in the given code language?

- (a) GN@13 VT#7
- (b) GN@13 VT@7
- (c) GN@13 TV#7
- (d) GN#13 VT#7
- (e) None of these

Answer (a) GN@13 VT#7

- 145.** What is the code for 'you create history' in the given code language?

- (a) FY@2 VC#24 HB%19
- (b) YF@2 VC#24 BH%19
- (c) FY@2 VC#24 BH%19
- (d) FY@2 CV#24 BH%19
- (e) None of these

Answer (b) YF@2 VC#24 BH%19

- 146.** What may be the possible code for 'stringent action must required' in the given code language?

- (a) GS@8 MA%26 GM#14 RW\$9
- (b) GS@8 AM%26 GM#14 WR\$9
- (c) SG@8 MA%26 GM#14 WR\$9
- (d) GS@8 MA%26 GM#14 WR\$9
- (e) None of these

Answer (a) GS@8 MA%26 GM#14 RW\$9

- 147.** What may be the possible code for 'utilise time' in the given code language?

- (a) VU@6 VT#7
- (b) UV@6 VT#7
- (c) VU@6 TV#7
- (d) VU#6 VT#7
- (e) None of these

Answer (b) UV@6 VT#7

148. What is the code for 'convert weakness into strength' in the given code language?

- (a) GC@24 HW#4 LI\$18 SS%8
- (b) CG@24 HW#4 LI\$18 SS%8
- (c) GC@24 WH#4 LI\$18 SS%8
- (d) GC@24 HW#4 IL\$18 SS%8
- (e) None of these

Answer (b) CG@24 HW#4 LI\$18 SS%8

DIRECTIONS (Q. 149-153)

Study the information and answer the following questions: In a certain code language @cetexamgroup "never try to work" is coded as " L%4 L*8 I#9 V@15" "extra need in mountain" is coded as " C@15 M%4 V#8 L*16" "train way fast all" is coded as " Z%9 Z#8 I@15 O*9" "tree air clean may" is coded as " O#15 Z*9 I@8 R%9"

149. What is the code for 'environment'?

- (a) M@20
- (b) T#21
- (c) M@22
- (d) L@23
- (e) M%33

Answer (b) T#21

150. If the code for "never defend thing book" is " V@12 S*15 V@15 L%8" then what is the code for "book thing is important"?

- (a) L%8 S*15 H*4 N#18
- (b) L%8 H@4 S*15 N#27
- (c) L%8 S@15 H*4 N#20
- (d) L%8 S#15 H@4 N#30
- (e) None of these

Answer (b) L%8 H@4 S*15 N#27

151. Which may be the possible code for " University"?

- (a) M@30
- (b) N*29
- (c) M%20
- (d) M#25
- (e) N%27

Answer (a) M@30

152. What is the code for 'inside'?

- (a) R#12
- (b) M*12
- (c) R*9
- (d) M%20
- (e) R*15

Answer (a) R#12

153. What is the code for "air high"?

- (a) R@9 R%12
- (b) R#9 R&9
- (c) R%9 R@8
- (d) R#9 R%8
- (e) R%8 R@9

Answer (b) R#9 R&9

DIRECTIONS (Q. 154-158)

Study the information and answer the following questions: In a certain code language “honest try to study” is coded as “BR20 GO8 LO20 BT19” “work hard win sit” is coded as “WA8 PO23 MI23 GI19” “mind way pen work” is coded as “WI13 ME16 BA23 PO23” and “star john sky blue” is coded as “IT19 VL2 BK19 MO10”

154. What is the code for “final way”?

- (a) OI9, BA23
- (b) BA23, OI6
- (c) BA23, RA9
- (d) OU9, BA23
- (e) OS9, BR20

Answer (c) BA23, RA9

155. What is the code for “ honest speak”?

- (a) GO10, PR19
- (b) GO9, PP19
- (c) GO8, PP19
- (d) GO12, PP12
- (e) GO8, PQ19

Answer (b) GO9, PP19

156. Which may be the possible code for “Result”?

- (a) TE21
- (b) GE18
- (c) GH18
- (d) TE20
- (e) GH21

Answer (c) GH18

157. What is the code for ‘violet’?

- (a) GI22
- (b) GO20
- (c) GO21
- (d) GI20
- (e) GH20

Answer (a) GI22

158. What is the code for “try to honest desire”?

- (a) BR20, VR4, GO8, LO20
- (b) VE4, GO8, LO20, BR20
- (c) VC4, LO20, BR20, GO8
- (d) VE8, BR20, GO8, LO20
- (e) EV10, BR20, LO20, GO8

Answer (d) VE8, BR20, GO8, LO20

DIRECTIONS (Q. 159-163)

Study the information and answer the following questions: In a certain code language “air quality control system” is coded as “ Q1Z L19H X17J K3X” “water clean may good” is coded as “Q23D C7T M3X X13N” “white and black cow” is coded as “D23D V3X C1Z J2Y” “school is open now” is coded as “K19H R9R M15L V14M”

159. What is the code for 'student' in the given code language?

- (a) H19T
- (b) T19S
- (c) H19S
- (d) S19H
- (e) None of these

Answer (c) H19S

160. What is the code for 'University' in the given code language?

- (a) X20F
- (b) F21X
- (c) X21F
- (d) X21G
- (e) None of these

Answer (a) X20F

161. If the code for "white dog" is "D23D F4W" then what is the code for "dog bark"?

- (a) J3Y C4W
- (b) C4W J11Y
- (c) J1Y C4W
- (d) F4W J2Y
- (e) None of these

Answer (d) F4W J2Y

162. What may be the possible code for 'manifesto' in the given code language?

- (a) M13M
- (b) N13N
- (c) N14M
- (d) M13N
- (e) None of these

Answer (a) M13M

163. What is the code for 'Accident' in the given code language?

- (a) S1Z
- (b) S26Z
- (c) S1A
- (d) T1Z
- (e) None of these

Answer (d) T1Z

DIRECTIONS (Q. 164-168)

In each questions given below, a statement followed by two assumptions numbered I and II. An assumption is something supposed or taken for granted. You have to consider the statement and the following assumptions, and decide which of the assumptions is implicit in the statement?

164. Statement: "Ensure freedom from thieves with this car locking system." Assumptions:

- I. This car locking system is the best.
- II. It is desired to have freedom from thieves. III. There are thieves everywhere.

- (a) I and II are implicit
- (b) II and III are implicit
- (c) I and III are implicit
- (d) Only II is implicit
- (e) All are implicit

Answer (a) I and II are implicit

- 165.** Statement: "We deal in used cars. Contact us at phone no. XYZ, at the earliest possible."—an advertisement. Assumptions:
I. Some people want to sell old cars.
II. The advertisement will be read by the needy people. III. Used cars may not be totally useless.

- (a) Only I is implicit
- (b) Only II and III are implicit
- (c) Only I and III are implicit
- (d) All I, II, III are implicit
- (e) None of I, II, III are implicit

Answer (a) Only I is implicit

- 166.** Statement: "Lalu Prasad is expected to announce several schemes for poor people in the budget."—a news reporter. Assumptions:
I. The reporter has a fair reporting.
II. The news-reporter has genuine report sources. III. Lalu Prasad is capable of announcing schemes. A publishing house For More Study Material 4

- (a) I and II are implicit
- (b) II and III are implicit
- (c) Only III is implicit
- (d) All are implicit
- (e) None is implicit

Answer (d) All are implicit

- 167.** Statement: Mr X tells Mrs X: "I cannot send my child to that school. Children over there smoke and drink." Which of these assumptions is implicit? Assumptions:
I. Smoking and drinking are not desirable of children.
II. Their child will agree to their decision. III. The school has a good reputation.

- (a) I and II
- (b) II and III
- (c) III and I
- (d) I only
- (e) All I, II, III

Answer (e) All I, II, III

- 168.** Statement: Monica's advice to Sonia: "Go to Chandigarh via Ambala— the best route." Assumptions:
I. Sonia wants to go to Chandigarh.
II. Monica loves advising everybody. III. They love Chandigarh.

- (a) I is implicit
- (b) II is implicit
- (c) Either I or II is implicit
- (d) Neither I nor II is implicit
- (e) Both are implicit

Answer (a) I is implicit

DIRECTIONS (Q. 169-176)

In each question below is given a statement followed by two conclusions numbered I and II. You have to assume everything in the statement to be true, then consider the two conclusions together and decide which of them logically follows beyond a reasonable doubt from the information given in the statement.

169. Statement:

I. None but the rich can afford air travel.

II. Some of those who travel by air become sick. III. Some of those who become sick require treatment. Conclusions:

- (a) all the rich persons travel by air
- (b) Those who travel by air become sick
- (c) All the rich persons become sick
- (d) All those who travel by air are rich
- (e) None of these

Answer (d) All those who travel by air are rich

170. Statement:

I. None but students are members of the club.

II. Some members of the club are married persons. III. All married persons are invited for dance. A publishing house For More Study Material 10 Conclusions:

- (a) All members of the club are married persons
- (b) All students are invited for dance
- (c) All married students of the club are invited for dance
- (d) All members of the club are invited for dance
- (e) None of these

Answer (b) All students are invited for dance

171. Statement:

I. Processed meat is a perishable food.

II. All perishable foods are packed in sealed tins. III. Sealed tins sometimes do not contain processed meat. Conclusions: on

- (a) Non-perishable foods are never packed in sealed tins
- (b) Processed meat is always packed in sealed tins
- (c) Processed meat is sometimes not packed in sealed tins
- (d) Sealed tins always contains perishable food
- (e) None of these

Answer (d) Sealed tins always contains perishable food

172. Statement: A wise man saves for a rainy day. A rainy day signifies adversity. Conclusions:

I. A fool squanders everything.

- (a) I only
- (b) I and II
- (c) II only
- (d) I and III
- (e) None of these

Answer (e) None of these

173. Statement: Hitesh told Mohit a ghost lived by the peepal tree on the outskirts of the village. Conclusions:

- (a) Peepal trees grow on the outskirts of the village
- (b) Ghosts live on peepal trees
- (c) Hitesh perhaps believed in the stories of ghosts
- (d) Mohit must be afraid of ghosts
- (e) None of these

Answer (e) None of these

174. Statement: Many creative persons become artists. Conclusions:

- (a) A creative person will certainly become an artist
- (b) It is not possible to become an artist without creativity
- (c) A high level of creativity is needed to become an artist
- (d) Some artists are creative persons
- (e) None of these

Answer (d) Some artists are creative persons

175. Statement: All students in my class are bright. Manish is not bright. Conclusions:

- (a) Some students are not bright
- (b) Manish must work hard
- (c) Non-bright ones are not students
- (d) Manish is not a student of my class
- (e) None of these

Answer (d) Manish is not a student of my class

176. Statement:

I. I watch T.V. only if I feel bored.

II. I feel never bored when I have my brother's company. @cetexamgroup III. Whenever I go to the theatre I take my brother along. Conclusions:

- (a) If I am bored, I seek my brother's company
- (b) If I am not bored, I do not watch T.V
- (c) If I am bored, I watch T.V
- (d) If I am not with my brother then I watch T.V
- (e) None of these

Answer (d) If I am not with my brother then I watch T.V

DIRECTIONS (Q. 177)

Question consists of Some statements followed by two conclusions. Consider the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follow from the given statements using all statements together.

177. Statements: Some Doors are Fans. No Door is Rose. No Fan is Shelf. Conclusions:

I. Some Fans can never be Rose.

II. Some Roses are Shelves is a possibility.

- (a) Neither I nor II follows
- (b) Only I follows
- (c) Either I or II follow
- (d) Both I and II follow
- (e) Only II follows

Answer (a) Neither I nor II follows

DIRECTIONS (Q. 178-179)

In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

178. Statements: All chambers are keys. Only a few keys are chains. Only a few chains are gardens. Conclusions:

- (a) All keys can be chains
- (b) All chains can be gardens
- (c) All gardens can be chains
- (d) Some gardens are not chains
- (e) Some chains are chambers

Answer (e) Some chains are chambers

179. Statements: All hair is head. Only a few hair is smooth. All smooth is silk. Conclusions:

- (a) All hair can be smooth
- (b) All head can never be smooth
- (c) Some head is not hair
- (d) Some silk is not smooth
- (e) Some smooth is not hair

Answer (d) Some silk is not smooth

DIRECTIONS (Q. 180)

Question consists of Some statements followed by two conclusions. Consider the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follow from the given statements using all statements together.

180. Statements: Some Door are Fan. No Door is Rose. No Fan is Shelf.

- (a) Either I or II follows
- (b) Only II follows @cetexamgroup
- (c) Neither I nor II follow
- (d) Both I and II follow
- (e) Only I follows

Answer (d) Both I and II follow

DIRECTIONS (Q. 181-183)

Study the following information carefully and answer the questions given below: In each of the questions below are given some statements followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

181. Statements: Only a few Pizza are Burger. Only a few Burger are Maggie. All Maggie are Momo's. No Pasta is Maggie. Conclusions:

- I. Some Maggie are not Burger.
- II. Some Pizza are not Pasta. III. Only a few Pizza are Maggie.

- (a) If only conclusion I and II follows
- (b) If only conclusion II follows
- (c) If either conclusion II or III and I follows
- (d) None follows
- (e) None of these

Answer (c) If either conclusion II or III and I follows

182. Statements: Only a few Bank are Account. Few Current are Saving. All Account are Saving. Some FD are not Account. Conclusions:

- I. Some Account can be FD.
- II. Some Saving are not FD. III. All Bank being Account is a possibility.

- (a) If only conclusion I and II follows
- (b) If only conclusion II and III follows
- (c) If only conclusion I follows
- (d) All I, II and III follow
- (e) None Follow

Answer (e) None Follow

- 183.** Statements: Only Vertical is Circle. Some Vertical are not Square. All Square are Triangle.
Conclusions:
I. Some Circle can be Triangle.
II. All Square being Vertical is a possibility. III. Only a few Vertical is Triangle. A publishing house
For More Study Material 18
- (a) If only conclusion I and II follows
 - (b) Only II
 - (c) If only conclusion I follows
 - (d) All I, II and III follow
 - (e) None Follow
- Answer (d) All I, II and III follow**

DIRECTIONS (Q. 184-185)

In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

- 184.** Statements: Only a few Arm is chair. All chair is shoulder. Only a few shoulder is key. Conclusions:
- (a) Some key can be chair
 - (b) All shoulder can be key
 - (c) Some shoulder is not arm
 - (d) All arm can be chair
 - (e) None of these
- Answer (d) All arm can be chair**
- 185.** Statements: Only a few student is school. No school is plant. Only a few plant is small.
@cetexamgroup Conclusions:
- (a) Some school can never be student
 - (b) some small can never be plant
 - (c) All student can be plant
 - (d) All plant cannot be small
 - (e) All small can be school
- Answer (e) All small can be school**

- 186.** Which of the following is conclusion to the given statement?
- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) E
- Answer (a) A**

- 187.** Which of the can be inference of the given statement?
- (a) C
 - (b) D
 - (c) A
 - (d) B
 - (e) E
- Answer (c) A**

188. Which of the following can be a cause of the given statement?

- (a) A,D
- (b) B,E
- (c) A,E
- (d) E,D
- (e) C,A

Answer (d) E,D

189. Which of the following can be “assumption” for the given statement

- (a) C
- (b) A
- (c) B
- (d) E
- (e) D

Answer (c) B

190. Which amongst the following is conclusion to the given statement?

- (a) D
- (b) B
- (c) C
- (d) A
- (e) E

Answer (b) B

191. Which of the following statement can be inferred from the given statement?

- (a) A,B
- (b) C,D
- (c) B,D @cetexamgroup
- (d) E,F
- (e) A,F

Answer (c) B,D @cetexamgroup

192. Which of the following is a cause of the given statement?

- (a) C
- (b) D
- (c) E
- (d) A
- (e) B

Answer (d) A

193. Which of the following is “assumption” for the given statement?

- (a) C,D
- (b) B,D,C
- (c) A,D,C
- (d) A,C
- (e) E,C

Answer (b) B,D,C

194. Which of the following is conclusion to the given statement?

- (a) C
- (b) B
- (c) F
- (d) E
- (e) A

Answer (b) B

195. Which of the following can be inference from the given statement?

- (a) C,D
- (b) A,D
- (c) B,D
- (d) E,F
- (e) A,E

Answer (c) B,D

196. Which of the following is a cause of the given statement?

- (a) E
- (b) F
- (c) B
- (d) C
- (e) A

Answer (a) E

197. Which of the following can be “assumption” for the given statement?

- (a) F,D
- (b) A,B
- (c) C,D
- (d) E,A
- (e) A,C

Answer (e) A,C

198. Which of the can be inference of the given statement?

- (a) C,B,A
- (b) D,C,F
- (c) C,F
- (d) A,D,E
- (e) D,F

Answer (a) C,B,A

199. Which of the following is a cause of the given statement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) F

Answer (d) D

200. Which of the following can be “assumption” for the given statement

- (a) B,D
- (b) A,C
- (c) E,F
- (d) D,F
- (e) A,B

Answer (b) A,C

DIRECTIONS (Q. 201-204)

Study the following information carefully to answer the given questions. A word and number arrangement machine when given an input line of words and numbers rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement. Input: 36 dream 98 school 49 friends 74 circle 22 team 81 zebra Step I: 98 36 dream school 49 friends 74 22 team 81 zebra circle Step II: dream 98 36 school 49 friends 74 22 team zebra circle 81 Step III: 74 dream 98 36 school 49 22 team zebra circle 81 friends Step IV: school 74 dream 98 36 22 team zebra circle 81 friends 49 Step V: 36 school 74 dream 98 22 zebra circle 81 friends 49 team Step VI: zebra 36 school 74 dream 98 circle 81 friends 49 team 22 Step VI is the last step of the above arrangement as the intended arrangement is obtained. As per the rules followed in the given steps find out the appropriate steps for the given input: Input: 48 train 62 prime 99 grace 84 road 39 desk 52 edit

201. How many steps are needed to get the final output ?

- (a) Five
- (b) Six
- (c) Seven
- (d) Eight
- (e) None of these

Answer (b) Six

202. What is the sum of the elements that is second from the left end in step I and second from the right end in step V?

- (a) 100
- (b) 80
- (c) 90
- (d) 110
- (e) None of these

Answer (b) 80

203. In which of the following steps 'road 39 desk 84' is found in the same order of the given input?

- (a) Step III
- (b) Step VI
- (c) Step V
- (d) Step II
- (e) Step IV

Answer (c) Step V

204. What is the position of 'prime' in step III?

- (a) Sixth from left end
- (b) Fifth from the left end
- (c) Seventh from the left end
- (d) Eight from the right end
- (e) Ninth from the right end

Answer (d) Eight from the right end

DIRECTIONS (Q. 205)

A word and number arrangement machine when given an input line of words and numbers rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement. Input: freight 34 wall 51 muddle 94 backup 64 height 44 photo 15 Step I: wall freight 34 51 muddle 94 backup 64 height 44 photo 16 Step II: 33 wall freight 51 muddle 94 backup 64 height 44 16 photo Step III: muddle 33 wall freight 51 94 backup 64 height 16 photo 43 Step IV: 52 muddle 33 wall freight 94 backup 64 16 photo 43 height Step V: freight 52 muddle 33 wall 94 backup 16 photo 43 height 63 Step VI: 93 freight 52 muddle 33 wall 16 photo 43 height 63 backup. And step VI is the last step of this arrangement. As per the rules followed in the above steps, find out in each of the following questions the appropriate step for the given input. Input: 38 worth fiscal 49 typical reason 58 21 canon 13 print 27

205. What is the position of the word “typical” in Step IV?

- (a) 8th from the left
- (b) 3rd from the right
- (c) 4th from the left
- (d) 7th from the right
- (e) 7th from the left

Answer (c) 4th from the left

DIRECTIONS (Q. 206-209)

Study the following information carefully and answer the questions given below. Eight chairs are arranged in a linear row in such a way that each of them are of different color viz. Black, Blue, Green, Orange, Pink, Purple, Red, White. Seven persons viz. R, S, T, U, V, W, X are sitting on seven chairs in such a way that no two successive people are sitting together in an alphabetical order (for ex- A can't sit with B, B can't sit with C etc.) while one of the chair is vacant. Each of them has different salaries in between the range of 11K- 19K (excluding both the limits), where K is a currency. Two persons sit between R and the one who sits on Purple chair. The one who sits on Red chair has salary $\frac{3}{2}$ of the salary of the one who sits on Blue chair. X sits to the immediate left of the one whose salary is a prime number which is less than the salary of the one who sits on the Orange chair. W sits to the left of S and T is to the right of S. V sits third to the left of the one who sits on the Orange chair. Only one person sits between both the persons whose salaries are prime number. Pink chair is at extreme right end. Both persons who sits on Green and Blue chair are immediate neigh

206. Who among the following sits on Black Chair?

- (a) W
- (b) V
- (c) X
- (d) T
- (e) S @cetexamgroup

Answer (b) V

207. Vacant chair is of which color?

- (a) Red
- (b) Pink
- (c) Blue
- (d) Green
- (e) White

Answer (b) Pink

208. Who among the following sits fourth to the right of W?

- (a) R
- (b) V
- (c) U
- (d) T
- (e) S

Answer (b) V

209. Which among the following combination is true regarding R?

- (a) Red-18K
- (b) Pink-13K
- (c) Blue-12K
- (d) Green-16K
- (e) Orange-15K

Answer (a) Red-18K

DIRECTIONS (Q. 210-214)

Read the following passage carefully and answer the questions given below them. Employees are indeed true assets of an organization. Managers need to know their employees well to expect them to contribute their level best and also to remain loyal towards the organization. Employees need to feel valued and important at the workplace for them to deliver their level best. Knowing employees well leads to a healthy work culture. Managers connect with their team members and employees tend to know each other better. No individual can work in an organization where people do not talk to each other. Human beings need people around to talk to and express their feelings. We spend the maximum part of our day at workplaces and it is essential for us to have friends here. Work becomes a mere source of burden when individuals are glued to their computers the whole day. Discussions and brainstorming sessions lead to innovative solutions and quick results. Knowing employees strengthens the relationship between employees and their Bosses. Being rude to employees will not only demotivate them but also make you an unpopular member within the organization. Call them by their names rather than addressing

210. Which of the following is/are the benefit(s) of conversation among people?

- (a) It makes people resolve their difficult tasks smoothly with the help of senior most colleagues
- (b) people spend most of their daytime sitting which causes many physical illnesses
- (c) talk at office place gives a boost to rapid outcomes and innovative solutions
- (d) it's a stress relief therapy by sharing the difficulties one faces in the organization
- (e) None of these

Answer (c) talk at office place gives a boost to rapid outcomes and innovative solutions

211. How the manager of the company can contribute to employees' best performance? (i) Employees' productivity can be increased by the manager's amicable nature (ii) Manager's interaction makes employees' loyal to the company (iii) Manager can introduce team members and employees to each other

- (a) only (ii)
- (b) only (iii)
- (c) Both (ii) and (iii)
- (d) Both (i) and (ii)
- (e) All of these

Answer (e) All of these

212. What is/are the impact(s) of personal interaction with employees sometimes?

- (a) It inspire the employee to get higher productivity in lesser time
- (b) it maintains harmony among the employees of the organization
- (c) personal interactions decrease the depression of employee
- (d) Only
- (e) All of these

Answer (d) Only

213. What are the factors of healthy and positive culture in companies? (i) job security which secures employees' future too, motivates employees to work hard (ii) working environment where people can interact freely to know about each other (iii) a working culture with no disputes or hardly any conflicts and fights

- (a) All of these
- (b) only (iii)
- (c) Both (ii) and (iii)
- (d) Both (i) and (ii)
- (e) None of these

Answer (c) Both (ii) and (iii)

214. How is it beneficial for managers to know their employees?

- (a) Overlapping of work can be avoided by allocating every employee their tasks
- (b) manager can take work from employees efficiently to full of their capacity
- (c) Manager can easily analyze the suitable position for every employee by knowing them
- (d) Both
- (e) All of these

Answer (e) All of these

DIRECTIONS (Q. 215-221)

Read the following passage carefully and answer the questions given below them. The major issue of Environment & Urbanization focusing on rural-urban linkages. The first, which came out in 1998, described the reliance of many low-income households on both rural-based and urban-based resources in constructing their livelihoods. But the majority of the papers also underlined the fact that this straddling of the rural-urban divide is usually ignored by policy makers, and that the rigid division between "rural" and "urban" on the part of sectoral strategies actually makes life more difficult for low-income groups. The papers in this issue show many reasons why it has become even less realistic for development specialists to separate into rural and urban camps. The notion of a "divide" has become a misleading metaphor, one that oversimplifies and even distorts the realities. As these papers demonstrate, the linkages and interactions have become an ever more intensive and important component of livelihoods and production systems in many areas – forming not so much a bridge over a divide as a complex web of connections in a landscape where much is neither "urban" nor "rural", but has features

215. As per the passage, what aggravates the problems of low-income group people?

- (a) Uniformity in policies which can't be applied on urban and rural together due to different conditions
- (b) Policymakers pursue only rural areas for forming policies which make urban people suffer
- (c) the sectoral strategies division between urban and rural which is usually overlooked by policymakers
- (d) the urban-rural division which confines them to their particular area for employment
- (e) None of these

Answer (c) the sectoral strategies division between urban and rural which is usually overlooked by po

216. Which of the following is true about the peri-urban interface?

- (a) rural areas can be considered as peri-urban areas if they can provide full employment to inhabitants
- (b) the peri-urban interface constitutes the habitat of a diversity of populations from both urban and rural
- (c) areas dominated by a single habitat especially by the urban population where rural can't survive
- (d) peri-urban has biotic communities at larger spatial scales which is a wealthier community
- (e) None of these

Answer (b) the peri-urban interface constitutes the habitat of a diversity of populations from both u

217. Which factor is responsible for linkage between rural and urban?

- (a) Developing urban areas provide assistance to rural who have suffered loss in agriculture
- (b) All of these
- (c) FMCG growth in the urban market has driven the rural market to urban sector
- (d) being unable to switch over to higher value crop, the small-scale farmers move to non-farming activities in urban areas from rural areas
- (e) None of these

Answer (d) being unable to switch over to higher value crop, the small-scale farmers move to non-farm

218. What is/are the benefits to farmers of access to the urban markets?

- (a) farmers having direct access to the market can have the opportunity to increase their income
- (b) All of these
- (c) Farmers with higher income from the market can be able to switch higher value crops
- (d) Government provides warehouse storage for crops to farmers for avoiding spoil of crops
- (e) Both

Answer (e) Both

219. What is/are the reason(s) for decreasing agriculture trend in urban areas?

- (a) Nowadays agriculture activity is looking down upon by the current young generations
- (b) people nowadays opt for secure jobs rather than agriculture which depends on climate
- (c) mutation of agricultural land of urban into commercial use and households
- (d) both
- (e) None of these

Answer (c) mutation of agricultural land of urban into commercial use and households

220. Which of the following is true as per the information given in the passage? (i) Due to government policies, farmers' incomes are independent of access to market (ii) There is a conflict between urban population needs and urban interest (iii) Low-income groups depend on the urban and rural-based source of income

- (a) Both (ii) and (iii)
- (b) Only (iii)
- (c) Both (ii) and (i)
- (d) Only (i)
- (e) All of these

Answer (a) Both (ii) and (iii)

221. Which of the following is opposite in meaning to 'Intensive' as used in the passage?

- (a) anew
- (b) retard
- (c) caveat
- (d) superficial
- (e) None of these

Answer (d) superficial

DIRECTIONS (Q. 222-226)

In the following questions seven sentences are given. Further, these sentences may or may not form a contextually meaningful sequence. You have to rearrange these sentences to make a contextually meaningful paragraph. The sentence (C), which has already been highlighted, would be the third sentence after rearrangement. Later, answer the follow-up questions. (A) Here, using national mobility data, we estimate global emission reductions for ten species during the period February to June 2020. (B) As a result, we estimate that the direct effect of the pandemic-driven response will be negligible, with a cooling of around 0.01 ± 0.005 °C by 2030 compared to a baseline scenario (C) We also estimate that global NO_x emissions declined by as much as 30% in April, contributing a short-term cooling since the start of the year. (D) This cooling trend is offset by ~20% reduction in global SO₂ emissions that weakens the aerosol cooling effect, causing short-term warming. (E) In contrast, with an economic recovery tilted towards green stimulus and reductions in fossil fuel investments, it is possible to avoid future warming of 0.3 °C by 2050. (F) The global response to the COVID-19 pandemic has I

222. Which of the following would be the correct order of sentences after rearrangement?

- (a) DECFBA
- (b) BECDFA
- (c) ABCFED
- (d) BACFED
- (e) FACDBE

Answer (e) FACDBE

223. Which of the following would be the THIRD sentence after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) F

Answer (c) C

224. Which of the following would be the FIRST sentence after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) F

Answer (e) F

225. Which of the following would be the FIFTH sentence after rearrangement?

- (a) A
- (b) B
- (c) E
- (d) D
- (e) F

Answer (b) B

226. Which of the following would be the FOURTH sentence after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) F

Answer (d) D

DIRECTIONS (Q. 227-229)

In the following questions, there are five words given for each question. These words have been numbered as (i), (ii), (iii), (iv) and (v). Find the correct combination of the words that form the synonyms of each other from the given options.

227. (i) Scourge (ii) hinge (iii) menace (iv) salient (v) lash the publishing house | No. 1 APP for Banking & SSC Preparation 6 Website: | Email:

- (a) only (i)- (iii)
- (b) Only (v)- (iii)- (i)
- (c) All of these
- (d) Only (iii)- (ii)-(v)
- (e) Only (i)- (v)

Answer (b) Only (v)- (iii)- (i)

228. (i) alleviation (ii) Mammoth (iii)enormous (iv)colossal (v)skirmish

- (a) only (i)- (iii)
- (b) Only (v)- (iii)- (i)
- (c) All of these
- (d) Only (iii)- (ii)-(iv)
- (e) Only (i)- (v)

Answer (d) Only (iii)- (ii)-(iv)

229. (i) perilous (ii) reclusive (iii) Irrefutable (iv)resilient (v) solitary

- (a) only (i)- (iii)
- (b) Only (v)- (iii)- (i)
- (c) All of these
- (d) Only (iii)- (ii)-(iv)
- (e) Only (ii)- (v)

Answer (e) Only (ii)- (v)

DIRECTIONS (Q. 230-233)

Read the given directions and answer the following questions.

230. The given sentence is divided in five parts in which sentence (C) is fixed as a third sentence. Rearrange the remaining four parts in correct sequence to make sentence grammatically correct and contextually meaningful.

- (a) at present and predicting it's future
- (b) The Bain report is a data-based prediction
- (c) anchored to the agricultural set-up
- (d) trajectories in another 20 years
- (e) on agri-business scenarios

Answer (d) trajectories in another 20 years

231. Which of the following parts does contain an error?

- (a) at present and predicting it's future
- (b) The Bain report is a data-based prediction
- (c) anchored to the agricultural set-up
- (d) trajectories in another 20 years
- (e) on agri-business scenarios

Answer (c) anchored to the agricultural set-up

232. The given sentence is divided in five parts in which sentence (A) is fixed as a first sentence. Rearrange the remaining four parts in correct sequence to make sentence grammatically correct and contextually meaningful.

- (a) Banks are the core of the
- (b) it to go down
- (c) credit pipe and allowing
- (d) would be a problem
- (e) settlements system and the

Answer (a) Banks are the core of the

233. Which of the following parts does contain an error?

- (a) Banks are the core of the
- (b) it to go down
- (c) credit pipe and allowing
- (d) would be a problem
- (e) settlements system and the

Answer (b) it to go down

DIRECTIONS (Q. 234-236)

In each of the following questions, two sentences are given. Five connectors are given in to connect two sentences. Find the correct option to connect these two sentences without changing the intended meaning.

- 234.** (i) The farmers are also willing to continue the protest indefinitely (ii) Methods have come to the unfavorable notice of Supreme Court judges

- (a) thereafter it
- (b) since they
- (c) even as their
- (d) even after it
- (e) because it is

Answer (c) even as their

- 235.** (i) Covering nearly 30% land surface of the earth, forests around the globe provide a wide variety of ecosystem services (ii) Stabilize the climate, sequester carbon and regulate the water regime.

- (a) therefore it also
- (b) but it also
- (c) for them they
- (d) as long as
- (e) and they also

Answer (e) and they also

- 236.** (i) The government's focus on cash transfer and other welfare schemes continues to draw the support of the electorate, (ii) Issues of violence and corruption raised by the opposition did not strike a chord with them.

- (a) despite the
- (b) while the
- (c) in like matter
- (d) otherwise the
- (e) in this case

Answer (b) while the

-
- 237.** In the following question there are four statements in each question. Each sentence has one given word in bold. Find the word which is grammatically and contextually incorrect in any of four sentences. Mark (E) i.e. 'all are correct' if all the given words are grammatically and contextually correct.

- (a) Many have identified how inadequate political will at city scales constrain developing sustainable cities
- (b) The government's affidavit covers three different aspects of the caste census issue
- (c) The usual means of disposal of plastic waste involves incarnation, land-filling and recycling
- (d) Pfizer trial showed the vaccine was safe and generated a robust antibody response
- (e) All are correct

Answer (c) The usual means of disposal of plastic waste involves incarnation, land-filling and recycl

DIRECTIONS (Q. 238-241)

Read the following passage carefully and answer the questions given below them. In this country, there are more than 40 million subscribers who rely on their cellular phones to conduct their business or just talk to friends and family. With the increase of mobile phone users, dangers to safety, while talking while one is driving have also increased. Everyday, there are accidents when a person using mobile while he is driving have also increased. Every day, there are accidents when a person while talking on cell phone could not pay attention to road in front of him and was injured himself or injured others or both. The rise in phone related accidents is very serious, thought provoking and a danger to all concerned. When one is driving and talking on his cell phone, his or her attention is naturally diverted. Talking on mobile phones affect a person in several ways. For example, the emotional stress involved in a conversation can lead to lessened awareness of what is happening on the road. Having to dial phone numbers and answering calls takes one's attention from the road. There are so many good uses of mobile phones.

238. Which of the following is the reason for the diversion of attention while driving and talking?

- (a) a sudden stop by traffic police on road causes disbalance of the vehicle which results in an accident
- (b) Some common causes of distractions are dialing numbers and getting involvement in emotional stress
- (c) Drink and drive is the most common cause of the accident because a person lose consciousness
- (d) All of these
- (e) None of these

Answer (b) Some common causes of distractions are dialing numbers and getting involvement in emotional stress

239. As per the passage, what is the importance of cell phones in our lives? (i) During pandemics more than half of the population of students relied on cell phones their studies (ii) People can connect instantly to emergency services such as ambulance or police cell (iii) Mobile phones have become essential for professional purposes and to connect with next of kin

- (a) Only (i)
- (b) Only (ii) and (i)
- (c) Only (ii)
- (d) All of these
- (e) Only (iii)

Answer (e) Only (iii)

240. Which of the following could be the reason for the failure of government rules and regulations?

- (a) loopholes in rules and regulation cause chaos among people and infringement of rules
- (b) Negligence of awareness by the citizens which can endanger lives of them as well as others
- (c) potholes on roads and highways are the main reason for the increasing number of accidents
- (d) Implementation of policies is also governmental responsibility which is never fulfilled
- (e) None of these

Answer (b) Negligence of awareness by the citizens which can endanger lives of them as well as others

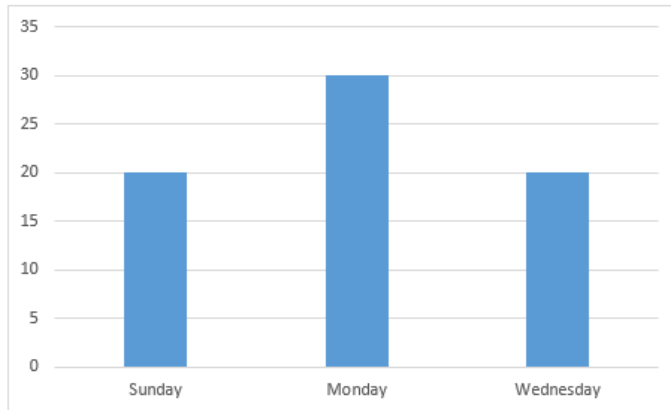

241. What does mean by phrase “no use crying over the spilt milk”?

- (a) no use in being upset over the situation which already happened and now can be improved
- (b) no use in being upset over situations that have already happened and cannot be changed
- (c) no use in being upset over the situation which was not in our control and cannot be tackled by you
- (d) no use in being happy for the fruitful situation without your contribution and involvement
- (e) None of these

Answer (b) no use in being upset over situations that have already happened and cannot be changed

DIRECTIONS (Q. 242-245)

Total population (male + female) going to a mall in four different days, i.e., Sunday, Monday, Tuesday and Wednesday are 320. Out of the total population, 145 are male. On each day, some people out of total people who going to mall are getting some discount coupons. The bar graph given below shows the total number of populations getting the discount on Sunday, Monday and Wednesday. The table given below shows the ratio of male and female visiting on the given days. Note: On every particular day, the total population who got discount coupon is 25% of the total population on that day. the publishing house | No. 1 APP for Banking & SSC Preparation 11 Website: | Email:

Day	Male: Female
Sunday	3 : P
Monday	7 : 5
Tuesday	3 : 5
Wednesday	3 : P

242. On Tuesday, how many people got discount coupon.

- (a) 20
- (b) 40
- (c) 25
- (d) 10
- (e) 30

Answer (d) 10

243. On Monday, if 4 person got Rs.50 discount and rest got Rs.100 discount, then calculate the total discounted amount on Monday.

- (a) Rs.1800
- (b) Rs.2800
- (c) Rs.1700
- (d) Rs.1200
- (e) Rs.3200

Answer (b) Rs.2800

244. Out of the total population, getting discount on Wednesday, one fifth redeemed the coupon on that day, which is half of the number of total females getting discount coupons on that day. Find the number of males who got discount coupon on that day.

- (a) 8
- (b) 10
- (c) 12
- (d) 6
- (e) 14

Answer (c) 12

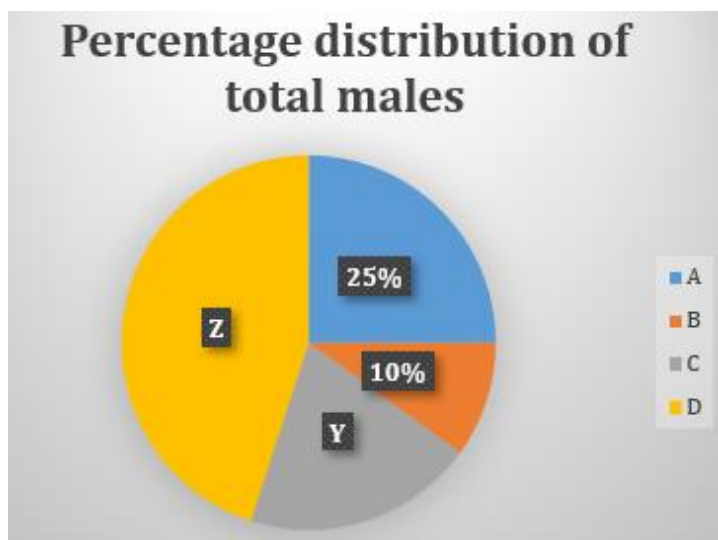

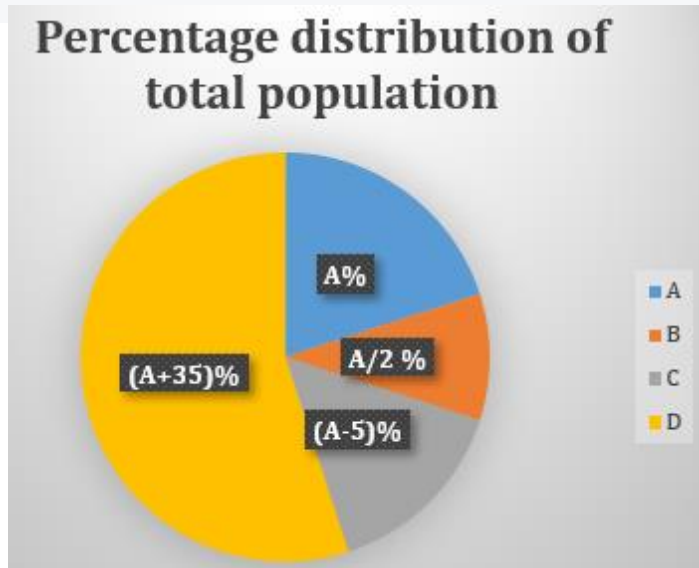

245. Total population who got discount coupon on Thursday are 15% more than that on Wednesday and total population who did not get discount coupon on Thursday are 20% less than that on Monday. Find total population who went to Mall on Thursday.

- (a) 83
- (b) 91
- (c) 107
- (d) 95
- (e) 125

Answer (d) 95

DIRECTIONS (Q. 246-250)

Pie chart (I) given below shows the percentage distribution of total population of four cities A, B, C and D. The pie chart (II) shows the percentage distribution of male in these cities. Note: 1. Difference between male populations of D and C is 25% of the total male population. (Male population of D > C) 2. Male population of A is 80. 3. Ratio of male to female population of C is 8: 7.

246. Find the ratio of male population of C to the female population of D?

- (a) 8: 7
- (b) 8: 37
- (c) 9: 26
- (d) 11: 8
- (e) None of these

Answer (b) 8: 37

247. Out of total female population of A, 25% are Doctors and out of total male population, 20% are doctors. Rest population of city A are Engineers. Find the total number of Engineers in city A?

- (a) 112
- (b) 124
- (c) 136
- (d) 128
- (e) 144

Answer (b) 124

248. If from city C, $\frac{1}{8}$ th male population migrated to city B due to Covid, then find the new male population of city B?

- (a) 40
- (b) 48
- (c) 24
- (d) 44
- (e) 36

Answer (a) 40

249. Find the central angle corresponding to male population of D.

- (a) 144°
- (b) 172°
- (c) 112°
- (d) 162°
- (e) 156°

Answer (d) 162°

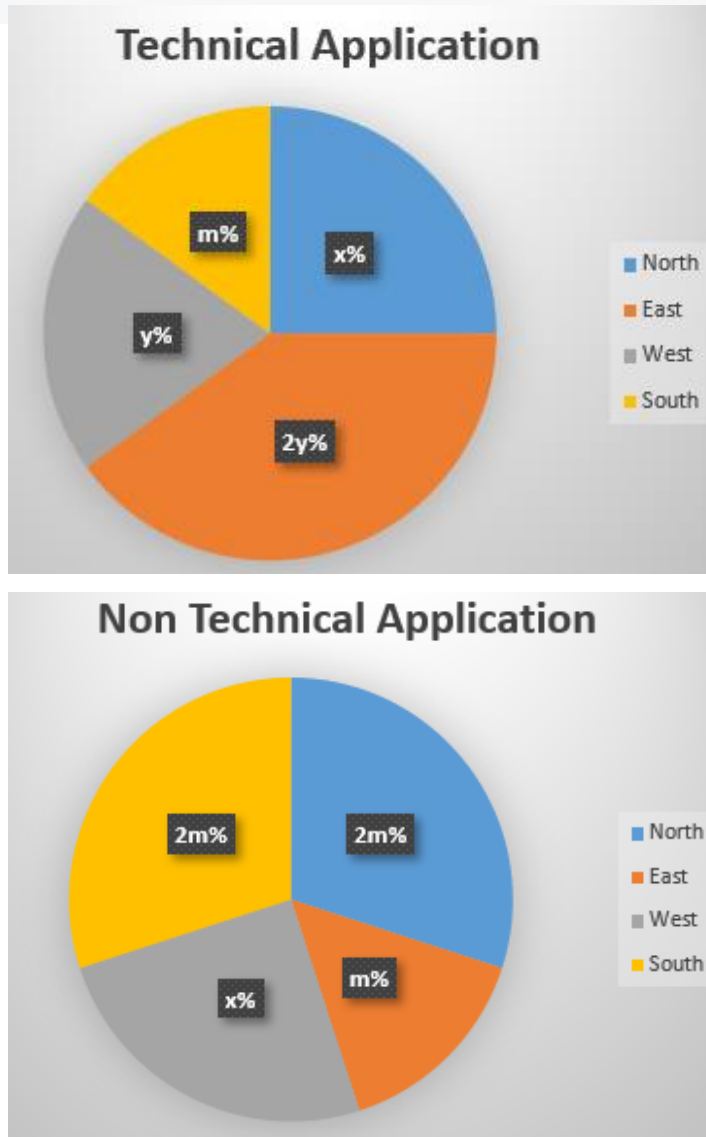

250. Male population of city B is what percentage more/less than female population of city A.

- (a) 60%
- (b) 40%
- (c) 50%
- (d) 75%
- (e) 25%

Answer (a) 60%

DIRECTIONS (Q. 251-255)

The pie chart (I) shows the percentage distribution of technical applications received from four zones, i.e., east, west, north and south zones and the pie chart (II) shows the percentage distribution of non-technical application received from those four zones. Number of applications received for non-technical from all zones is 50% more than the number of applications received for technical from all zones. Sum of number of applications received under technical north zone and non-technical north zone is 280. Note: $x = 90^\circ$ the publishing house | No. 1 APP for Banking & SSC Preparation 14 Website: | Email:

251. The female candidates who applied for technical from east zone are what percentage of the total applicants applied for non-technical, if the respective ratio of male and female who applied for technical from east zone is 5: 3?
- (a) 20%
 - (b) 25%
 - (c) 10%
 - (d) 15%
 - (e) 12.5%
- Answer (c) 10%**

252. If application fee for technical is Rs.500 and for non-technical is Rs.300 then find the total fee collection from west zone.

- (a) Rs.85000
- (b) Rs.75000
- (c) Rs.65000
- (d) Rs.60000
- (e) Rs.80000

Answer (a) Rs.85000

253. If 250 new students join technical and 360 new students join non-technical through in interim exam, then find the new ratio of students in technical and non-technical.

- (a) 63: 73
- (b) 65: 96
- (c) 67: 84
- (d) 65: 92
- (e) 66: 83

Answer (b) 65: 96

254. If $m+x-?=y$, then find the value of question marks (?). (All the value are in percentage)

- (a) 10
- (b) 20
- (c) 30
- (d) 25
- (e) 5

Answer (b) 20

255. Total male candidates who applied in north zone are 120 and number of female candidates who applied for non-technical in north zone are 75, then find the number of male candidates who applied for non-technical in north zone is how much more/less than number of female candidates who applied for technical in north zone.

- (a) 20
- (b) 15
- (c) 25
- (d) 30
- (e) 45

Answer (a) 20

DIRECTIONS (Q. 256-259)

The table shows the data about five companies and their manufacturing and imported spare parts. Only some manufacturing spare parts are coming for refurbishing. Some values are missing and you have to calculate according to the question. Note: Total spare parts = Manufactured parts + Refurbished parts + Imported parts

256. If company A imports 3000 spare parts from overseas, then find the number of spare parts of company A which came for refurbishing.

- (a) 6250
- (b) 7000
- (c) 13000
- (d) 5950
- (e) None of these

Answer (d) 5950

257. If manufactured spare parts of company C is $\frac{2}{3}$ rd of its total spare parts, then find refurbished spare parts of C is what percentage more or less than the imported spare parts of C?

- (a) 50%
- (b) 100%
- (c) 150%
- (d) 125%
- (e) 200%

Answer (e) 200%

258. If refurbished spare parts of D are 4500 and D imports spare parts from Russia and Japan in the ratio of 7: 2, then find the number of spare parts imported by D from Russia is what approximate percentage of its total spare parts.

- (a) 31%
- (b) 46%
- (c) 53%
- (d) 26%
- (e) 38%

Answer (a) 31%

259. Total imported spare parts of company C is 3100 and ratio of refurbished parts of company B and that of company C is 24: 19. Find the total manufactured spare parts (excluding refurbished) of company B.

- (a) 12725
- (b) 13235
- (c) 14675
- (d) 15165
- (e) 11425

Answer (c) 14675

DIRECTIONS (Q. 260-263)

Read the data given carefully and answer the following questions based on it. There are two buses V1 and V2. V1 is 8-seater bus excluding driver and V2 is 7-seater bus excluding driver. Both took three rounds in a day i.e., Round 1, Round 2 and Round 3. V1: Total number of passengers travel in V1 in all 3 rounds are 19. Only in round 2, all seats are full. V2: Number of passengers travel in 7-seater bus in two rounds out of three rounds are same i.e., 6. No seats are full in all 3 rounds. Sum of number of passengers travel in round 1 in both is equal to number of passengers travel in round 2 in both. Respective ratio of number of passengers in round 3 in V1 and V2 is 2: 3.

260. If fare in round 1 for passengers is Rs.120, in round 2 for passengers is Rs.175 and in round 3 for passengers is Rs.225. In return trip fare reduced by 20%. If all passengers took same vehicle in return trip. Find the total fare collection by V1 in all three rounds in return trip.

- (a) Rs.2627
- (b) Rs.3194
- (c) Rs.2512
- (d) Rs.2196
- (e) None of these

Answer (c) Rs.2512

261. In V2, $\frac{2}{3}$ rd of number of passengers in round 1, $\frac{1}{5}$ th of number of passengers in round 2 and 50% of number of passengers in round 3 pay the fare by online mode. Find the difference between the number of passengers in V2 who made payment through online and offline mode.

- (a) 1
- (b) 0
- (c) 2
- (d) 3

(e) 4

Answer (a) 1

262. Find the sum of number of passengers in round 3 in V1 and round 1 in V2.

- (a) 8
- (b) 9
- (c) 10
- (d) 11
- (e) 12

Answer (c) 10

263. Find the sum of number of empty seats in both buses in all the three rounds.

- (a) 12
- (b) 9
- (c) 8
- (d) 10
- (e) 13

Answer (b) 9

DIRECTIONS (Q. 264-265)

Read the given below information carefully and answer the following questions based on it. There are two friends Trisha and Amrita. They spend their income on grocery, rent and electricity bills and remaining they save. Trisha spends 20% of her income on grocery. From the remaining, she spends 10% and 15% on electricity bill and rent respectively. Amrita spends 20% of her income on grocery and saves 52% of income. Amount spent on grocery by Amrita is Rs.3000 less than the amount spent on grocery by Trisha. Amrita saves Rs.11160 less than savings of Trisha.

264. Find the difference between the income of Trisha and Amrita.

- (a) Rs.12000
- (b) Rs.18000
- (c) Rs.9000
- (d) Rs.6000
- (e) Rs.15000

Answer (e) Rs.15000

265. What is the ratio between the amount spent on rent by Trisha and amount spent on electricity bill by Amrita, if she spent the rest expenditure amount on rent and electricity bill in the ratio of 3: 4?

- (a) 7: 6
- (b) 9: 8
- (c) 3: 4
- (d) 6: 5
- (e) 5: 4

Answer (a) 7: 6

266. A sum of Rs. P is invested for five years at the interest rate of R% in simple interest and the interest become five times of itself. If Rs. (P+150) is invested for five years at (R-48) % rate of interest, the interest received is Rs.3640, then find the value of P?

- (a) 1400
- (b) 1550
- (c) 1250
- (d) 1350
- (e) 1200

Answer (c) 1250

267. 8 males and 22 females can complete a work in 16 days. 49 males and 20 females can complete a work in 4 days. 1 female is half as efficient as child. In how many days does 6 children can do the same work.

- (a) 72 days
- (b) 36 days
- (c) 54 days
- (d) 90 days
- (e) 44 days

Answer (a) 72 days

268. 15 men can do a work in X days. 20 women can do the same work in 2X days. 57 women can do the work in 20 days. In how many days 9 men can do the same work.

- (a) 47.5 days
- (b) 42.5 days
- (c) 52.5 days
- (d) 45 days
- (e) 49.5 days

Answer (a) 47.5 days

269. X spheres of diameter 6 cm put into a right angled- cylindrical vessel of diameter 8 cm. The height of water rose to 36 cm and all the sphere are completely submerged in water. What is the value of X?

- (a) 12
- (b) 9
- (c) 16
- (d) 18
- (e) 10

Answer (c) 16

270. P invested Rs.2000 and Q invested Rs.2500 in a business. After 4 months Q left and R joined with Y% of Q's capital. Total profit at the end of year was Rs.7500 and P's profit share was Rs.2400. Find the value of Y.

- (a) 110%
- (b) 220%
- (c) 175%
- (d) 205%
- (e) 125%

Answer (d) 205%

271. Time taken by boat to cover an upstream distance of 'D+40' km is double of the time taken by boat to cover a downstream distance of 'D' km. If the ratio of speed of boat in still water to speed of current is 5: 1, then find the speed of boat in still water.

- (a) 20 kmph
- (b) 16 kmph
- (c) 12 kmph
- (d) 24 kmph
- (e) CND

Answer (e) CND

272. Cost price of article A is Rs. $X+150$ and cost price of article B is Rs. $X-150$. Article A sold at loss of 20% and article B sold at profit of 25%. If the selling price of article B is Rs.750 more than that of article A. Find the cost price of B.

- (a) Rs.2500
- (b) Rs.2200
- (c) Rs.1850
- (d) Rs.2750
- (e) None of these

Answer (b) Rs.2200

273. A mixture contains 165 liters milk and X liters water. When X liter milk and 120-liter water added to mixture the respective ratio becomes 5: 4. What will the ratio of $(X+30)$ liter milk and $(X- 15)$ liter water.

- (a) 3: 2
- (b) 5: 3
- (c) 2: 1
- (d) 4: 3
- (e) None of these

Answer (c) 2: 1

274. A container contains 180-liter milk and X liter water. When 10-liter water added to mixture then water will become 14.001%. Find the approximate resultant quantity of water in mixture?

- (a) 29.3 liter
- (b) 32.6 liter
- (c) 24.8 liter
- (d) 36.2 liter
- (e) 39.5 liter

Answer (a) 29.3 liter

275. Total population of town A is 25% less than that of town B. Female in town A are 40% of total population. Male of town B is 1320 more than that of town A. Female in town B are 46.01% of total population of town A. Find the total population (approx.) of both towns together?

- (a) 86000
- (b) 96000
- (c) 14400
- (d) 11200
- (e) 74000

Answer (d) 11200

276. The present ages of Father & Mother is in ratio 8:7 while that of Father & Son is 5:1. 4 years ago, the ratio of Father age to Daughter age was 12:1. The sum of present age of Son & Daughter is 20% of sum of ages of Father & Mother. Find ratio of present age of Mother to that of his daughter?

- (a) 5:2
- (b) 8:1
- (c) 4:1
- (d) 5:1
- (e) 5:3

Answer (d) 5:1

DIRECTIONS (Q. 277-280)

In the following questions, the symbols %, #, @, and \$ are used with the following meanings as illustrated below. Study the following information and answer the given questions: 'A\$5B' means A is 15m east of B. 'A#12B' means A is 5m north of B. 'A%6B' means A is 16m west of B. 'A@14B' means A is 7m south of B. B@35F, L\$11B, M\$12D, X%17Y, C#35Y, K@14Y, P#21L, P%3X, M@27X

277. If the statement 'O%(-8)P' is true then, what is the shortest distance between point O and point M?

- (a) 35m
- (b) 43m
- (c) 25m
- (d) 28m
- (e) Can't be determined

Answer (c) 25m

278. If the statement 'A%51C' is true then how far and in which direction is point A with respect to point F?

- (a) #21
- (b) #28
- (c) %21
- (d) @14
- (e) None of these

Answer (a) #21

279. Four of the following five are alike in a certain way and so form a group. Find the one which does not belong to that group?

- (a) F-L
- (b) P-M
- (c) X-K
- (d) C-D
- (e) B-M

Answer (d) C-D

280. Find the difference between the total distance from point F to point X and the total distance from point Y to point L?

- (a) 6m
- (b) 28m
- (c) 18m
- (d) 10m
- (e) 22m

Answer (e) 22m

281. Statement: Election commission of India is going to announce the result of five states. Mass gathering and celebration of political leaders and workers may result increase in corona cases.
Course of Action:

- I. Election commission should issue the guidelines to close all the political party office on the result day.
- II. Section 144 should be imposed in whole states whose results are to be announced.

- (a) Only II follows
- (b) Only I follows
- (c) Both I and II follow
- (d) Either I or II follows
- (e) None follows

Answer (c) Both I and II follow

DIRECTIONS (Q. 282-286)

Study the following information carefully and answer the questions given below: Eight persons R, S, T, U, V, W, X, Y shifted to different cities in two different years 2009 and 2010 of four given months viz. January, April, July and October but not necessarily in the same order. No one shifted between T and the one who shifted to Jaipur and both of them shifted in different years. More than two persons shifted between the one who shifted to Shimla and Jaipur. V does not shift to Manali. The one who shifted to Gurugram is shifted just before V and just after S. Three persons shifted between S and R who shifted in the month which has even numbers of days. X is shifted to Chandigarh just before the one who shifted to Delhi. The one who shifted to Goa is shifted just before Y and just after W. U neither shifted Manali nor Raipur.

282. Who among the following is shifted in October 2009?

- (a) The one who shifted to Jaipur
- (b) The one who shifted to Delhi
- (c) S
- (d) The one who shifted to Goa
- (e) None of these

Answer (b) The one who shifted to Delhi

283. Four of the following five are alike in a certain way and so form a group. Find the one who does not belong to that group?

- (a) U-Delhi
- (b) V-Gurugram
- (c) W-Jaipur
- (d) S-Manali
- (e) T-Raipur

Answer (c) W-Jaipur

284. Which of the following statements is not true?

- I. S shifted just after the one who shifted to Jaipur
- II. The number of persons shifted before X is half than the number of persons shifted after T
- III. No one shifted before the one who shifted to Raipur

- (a) Only III
- (b) Both I and II
- (c) All I, II and III
- (d) Both II and III
- (e) Only II

Answer (a) Only III

285. Which of the following pair/group of persons shifted in the month which has odd numbers of days in the same year?

- (a) X, W, Y
- (b) R, T
- (c) S, V, Y
- (d) Y, W
- (e) None of these

Answer (d) Y, W

286. How many persons shifted between R and the one who shifted just after S?

- (a) Three
- (b) None
- (c) More than three
- (d) One
- (e) Two

Answer (c) More than three

DIRECTIONS (Q. 287-289)

Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statements and answer the following questions.

- 287.** Seven persons live in a seven-storey building, such that ground floor is numbered as 1 and so on till the topmost floor is numbered as 7. Who among the following lives just above U's floor?
Statements

I. R lives just below U's floor. Two persons live between Q and R. More than three persons live below Q. There are as many persons live below T as live above Y. B lives three floors below T.

Statements

II. One floor gap between B and R. U lives between B and R but not live on even numbered floor. No one lives between Q and B.

- (a) If the data in statement I alone are sufficient
- (b) If the data in statement II alone are sufficient
- (c) If the data either in statement I alone or statement II alone are sufficient to answer
- (d) If the data given in both I and II together are not sufficient
- (e) If the data in both the statements I and II together are necessary to answer

Answer (e) If the data in both the statements I and II together are necessary to answer

- 288.** Six persons L, M, N, O, P and Q going to attend a meeting one by one in different months- January, March, June, July, October and November but not necessarily in the same order. Who among the following goes just after L? Statements

I. P attend meeting just before month of M. O attend meeting after 5 months of N. Q attend meeting before L. Statements

II. More than three persons attend meeting between N and M. One person attends a meeting between O and P. Q attend a meeting before P but not just before.

- (a) If the data in statement I alone are sufficient
- (b) If the data in statement II alone are sufficient
- (c) If the data either in statement I alone or statement II alone are sufficient to answer
- (d) If the data given in both I and II together are not sufficient
- (e) If the data in both the statements I and II together are necessary to answer

Answer (c) If the data either in statement I alone or statement II alone are sufficient to answer

- 289.** Seven persons P, Q, R, S, T, U and V are arranged in descending order according to their heights from left to right but not necessarily in the same order. How many persons are taller than V? Statements

I. Only R and U are smaller than T. Three persons in between S and R. V is just taller than Q. P is not the tallest among all. Statements

II. Only S is taller than U. At least three persons in between Q and T. P is taller than R but shorter than V.

- (a) If the data in statement I alone are sufficient
- (b) If the data in statement II alone are sufficient
- (c) If the data either in statement I alone or statement II alone are sufficient to answer
- (d) If the data given in both I and II together are not sufficient
- (e) If the data in both the statements I and II together are necessary to answer

Answer (c) If the data either in statement I alone or statement II alone are sufficient to answer

DIRECTIONS (Q. 290-294)

A number arrangement machine when given an input line of numbers rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement. Input: 35 47 59 39 68 Step I: 332 443 554 336 662 Step II: 331 441 551 333 664 Step III: 331 333 441 551 664 Step IV: 7 9 9 11 16 Step V: 14 18 18 22 48 And step V is the last step of the arrangement. As per the above rule followed in the above steps, find out in each of the following questions the appropriate step for the given input: Input: 19 27 78 48 57

290. What is the sum of the numbers which is 3rd from the left in Step III and 4th from the right in the final step?

- (a) 447
- (b) 454
- (c) 443
- (d) 466
- (e) None of these

Answer (b) 454

291. Which of the following element is 3rd from the left in Step IV?

- (a) 9
- (b) 13
- (c) 7
- (d) 8
- (e) 20

Answer (d) 8

292. How many steps required to complete the arrangement?

- (a) Four
- (b) Six
- (c) Five
- (d) Seven
- (e) None of these

Answer (c) Five

293. Which of the following step found “776 440 553” in the same manner?

- (a) Step III
- (b) Step II
- (c) Step V
- (d) Step IV
- (e) Step VI

Answer (b) Step II

294. Which of the following is the penultimate step?

- (a) 9 8 7 13 20
- (b) 18 14 24 26 60
- (c) 8 7 9 13 20
- (d) 9 7 8 20 13
- (e) None of these

Answer (e) None of these

DIRECTIONS (Q. 295-299)

In each question below some statements are given followed by three conclusions numbered I, II and III. You have to take the given statements to be true even if they seem to be at variance with commonly known facts and then decide which of the given conclusions logically follows from the given statements, disregarding commonly known facts. Give answer

295. Statements: Only a few Desk are Furniture. All Furniture are Wood. Only few Cupboard are Wood. Only Cupboard is Table. No Desk is Cupboard. Conclusion:

I. All Cupboard being Wood is a possibility.

II. Some Desk can never be Furniture. III. Some Wood which are Cupboard are not Desk.

- (a) If only conclusion I follows
- (b) If both conclusion I and II follows
- (c) If all conclusion I, II and III follows
- (d) None follows
- (e) If both conclusions II and III follow

Answer (e) If both conclusions II and III follow

296. Statements: All Peony are Orchid. All Orchid are Aster. No Tulips are Orchid. Only a few Orchid are Daisy. Conclusion:

I. Some Peony are not Tulips.

II. All Daisy being Orchid is a possibility. III. All Tulips being Aster is a possibility.

- (a) If only conclusion II follows
- (b) If both conclusion I and II follows
- (c) If all conclusion I, II and III follows
- (d) None follows
- (e) If both conclusions II and III follow

Answer (c) If all conclusion I, II and III follows

297. Statements: Only a few Pen are Mouse. All Pen are Paper. Only a few Drawer are Paper. No Silicon is Drawer. Conclusion:

I. Some Mouse are not Drawer.

II. Some Paper are not Silicon. III. All Drawer are not Paper is a possibility.

- (a) If only conclusion II follows
- (b) If both conclusion I and II follows
- (c) If all conclusion I, II and III follows
- (d) If only conclusion I follows
- (e) If both conclusions II and III follow

Answer (a) If only conclusion II follows

298. Statements: All Online are Zip. Only a few Folder are Zip. No Folder is Flash. No Flash is Pen drive. Conclusion:

I. Some Zip are not Flash.

II. All Flash being Online is a possibility. III. Some Zip are not Pen drive.

- (a) If only conclusion I follows
- (b) If only conclusion III follows
- (c) If both conclusion I and II follows
- (d) If both conclusions II and III follow
- (e) None of these

Answer (c) If both conclusion I and II follows

- 299.** Statements: All Cherry are Kiwi. Only a few Plum are Cherry. Some Plum are not Lychee. Only a few Peach are Lychee. No Cherry is Lychee. Conclusion:
- I. Some Peach neither Cherry nor Plum.
 II. Some Plum are not Lychee. III. All Lychee being Peach is a possibility.

- (a) If only conclusion II follows
 (b) If both conclusion I and II follows
 (c) If all conclusion I, II and III follows
 (d) None of these
 (e) If both conclusions II and III follow

Answer (d) None of these

DIRECTIONS (Q. 300-303)

In the following questions, the symbols @, #, %, \$ and © are used with the following meaning as illustrated below- 'P#Q' means 'Q is neither greater than nor equal to P' 'P©Q' means 'Q is neither equal to nor smaller than P' 'P%Q' means 'Q is neither smaller than nor greater than P' 'P\$Q' means 'Q is not smaller than P' 'P@Q' means 'Q is not greater than P' Now in each of the following questions assuming the given statement to be true, find which of the three conclusions I, II and III given below them is/are definitely true and give your answer accordingly.

- 300.** Statements: D@E#M%L©O; C#M\$Q; T#Y%E Conclusions:

- I. Y#L
 II. Q@M III. Q©M

- (a) None is true
 (b) Both I and II is true
 (c) Only III is true
 (d) Both I and III is true
 (e) Only I and either II or III is true

Answer (b) Both I and II is true

- 301.** Statements: P\$Q%R\$T%S#G; H@I#J%Q Conclusions:

- I. I#T
 II. S#Q III. I\$T

- (a) Only I and III are true
 (b) Only II and III are true
 (c) Only I and II are true
 (d) All are true
 (e) Either I or III is true

Answer (e) Either I or III is true

- 302.** Statements: W%X©Y\$B@C; M\$N©O%R©B Conclusions:

- I. R©Y
 II. W©C III. X#B

- (a) None is true
 (b) Only II is true
 (c) Only I and II are true
 (d) Only II and III are true
 (e) Only I and III are true

Answer (a) None is true

303. Statements: $G\%L\$T\odot Q\R ; $M\#P\#L$; $R\odot S\%A$ Conclusions:

I. $A\#G$

II. $P\#Q$ III. $M\%G$

- (a) None follows
- (b) Only I is true
- (c) Only III is true
- (d) Either I or II is true
- (e) All are true

Answer (b) Only I is true

DIRECTIONS (Q. 304-308)

Study the information carefully and answer the questions given below. Six persons stay at different step of a stair of 40 steps facing to the 40th step. P stay at step which is a multiple of 9 but above the 20th step. The number of steps ahead P is same as the number of steps behind S. There are seven steps gap between S and Q which is not stay at even numbered position. The number of steps between Q and S is half the number of steps between T and R. The number of steps between R and U is one more than the number of steps behind S. U stay below the step 25. Both T and U stay in somewhere between P and Q. T stay at step which is a multiple of 7 but above 15th step. Now, all the persons play a Ludo game and move according to the given conditions- 1. If the dice throw and get the number more than 5 then the person move 13 positions behind with his actual position if not possible than move 4 steps ahead. 2. If the dice throw and get the number 3 then the person move to the step which is a multiple of 19 but above the one who throw a dice first. 3. If the dice throw and get the number less than 3 then the person move to 7 positions ahead of his actual position 4. If the dice throw and g

304. The number of steps gap between U and S?

- (a) 9
- (b) 8
- (c) 12
- (d) 17
- (e) 13

Answer (b) 8

305. How many steps are behind T after the rearrangement?

- (a) 21
- (b) 24
- (c) 34
- (d) 27
- (e) 26

Answer (a) 21

306. What is the sum of the number of steps of R and T after the rearrangement?

- (a) 34
- (b) 47
- (c) 41
- (d) 48
- (e) None of these

Answer (e) None of these

307. Who among the following is behind to all in the re arrangement?

- (a) U
- (b) R
- (c) Q
- (d) T
- (e) None of these

Answer (d) T

308. How many persons stay in between Q and R in the initial arrangement?

- (a) One
- (b) None
- (c) Two
- (d) Three
- (e) None of these

Answer (a) One

309. If we form a meaningful word by the first, second, fourth and ninth letter of the word 'MANIPULATED', then which of the following will be the first letter of the word thus formed? If more than one word is formed mark Y as your answer. If no meaningful word is formed, mark X as your answer.

- (a) Y
- (b) X
- (c) A
- (d) T
- (e) M

Answer (b) X

DIRECTIONS (Q. 310-313)

Study the information carefully and answer the questions given below. Ten persons A, B, C, D, E, F, G, H, I and J sit around a circular table facing the center but not necessarily in the same order. No immediate neighbour sits according to the alphabetical order like- A does not sit near B and B does not sit near A and C and so on. D sits 3rd to the right of H. One person sits between E and D. Two persons sit between C and E. One person sits between G and F. Both E and G are not an immediate neighbour to each other. Both I and C are immediate neighbours. F sits 2nd to the right of A. J does not sit 4th to the left of B. the publishing house | No. 1 APP for Banking & SSC Preparation 33 Website: | Email:

310. If A and G interchanged their positions then, who among the following sits 3rd to the left of G?

- (a) H
- (b) J
- (c) D
- (d) F
- (e) None of these

Answer (b) J

311. How many persons sits between C and H when counted to the left of C?

- (a) More than five
- (b) As many persons sit between F and C
- (c) Three
- (d) As many persons sit between D and E, when counted to the left of E
- (e) Both

Answer (e) Both

312. Which of the following statement is true?

- (a) I sits 5th right of A
- (b) J sits 2nd to the right of E
- (c) A is not an immediate neighbour of D
- (d) B sits 3rd to the right of C
- (e) All are true

Answer (a) I sits 5th right of A

- 313.** If all the persons sit according to the alphabetical order in clockwise direction from A then, how many persons remain the same position (excluding A)?
- (a) One
 - (b) More than three
 - (c) Two
 - (d) None
 - (e) Three

Answer (a) One

DIRECTIONS (Q. 314-315)

Amid mounting pressure over the Centre to postpone the CBSE Board exams scheduled for next month, Prime Minister will hold a meeting with Education Minister and other important officials at 12 pm to discuss the issue. The government is likely to consider postponing the exams as Covid-19 cases continue to rise across states. Several state governments and Opposition leaders such as Arvind Kejriwal and Rahul Gandhi have been appealing to the Centre to postpone board exams.

- 314.** Which of the following substantiates the demand raised by Opposition leaders? (I) Several crowded markets in many states have been closed after Covid-19 guidelines. (II) Many state governments have postponed the state board exams for X and XII classes as cases of Covid- 19 continue to rise. (III) Cases has been rising but elections in many states are conducted.
- (a) Only II and III
 - (b) Only III
 - (c) Only I and II
 - (d) Only I and III
 - (e) All of three

Answer (c) Only I and II

- 315.** What may be the repercussions if board exam will be conducted? (I) Many students may get infected and this will be tough situation for government to handle. (II) Every student will get good marks and they will move ahead in academic. (III) There may be sudden rise in number of cases of Covid-19.
- (a) Only II and III
 - (b) Only I and III
 - (c) Only II
 - (d) Only I and II
 - (e) All of three

Answer (b) Only I and III

DIRECTIONS (Q. 316-320)

Study the information carefully and answer the questions given below. Eight boxes A, B, C, D, E, F, G and H are arranged one above the other but not necessarily in the same order. Each of the box has same height of 2 inch. Different number of books are in each box- 12, 13, 14, 15, 17, 18, 21 and 28 but not necessarily in the same order. Two boxes gap between D and E and in both boxes the difference of number of books are 4. Box A is placed two places below the box which has 21 books. Box A is placed just above the box D. Box B is placed just above the box which has 13 books. Box B contains 17 books. The box which has 15 books is placed just below box H and just above the box which has 14 books. Box F is placed two places above the box which has 12 books. Box C contain the number of books which is a multiple of 7 but not placed at the topmost position.

316. How many boxes are placed between box B and the box which is placed just above box H?

- (a) Three
- (b) More than three
- (c) Two
- (d) One
- (e) None

Answer (a) Three

317. What is the average number of books in box A, B and G?

- (a) 15
- (b) 12
- (c) 14
- (d) 13
- (e) None of these

Answer (a) 15

318. Four of the following five are alike in a certain way and so form a group. Find the one which does not belong to that group?

- (a) F-21
- (b) H-15
- (c) B-17
- (d) G-18
- (e) D-17

Answer (c) B-17

319. The number of boxes placed between A and G is same as the number of boxes placed between _____ and _____

- (a) H, B
- (b) D, H
- (c) F, H
- (d) G, E
- (e) None of these

Answer (a) H, B

320. What is the sum of the number of books in box G and H?

- (a) 30
- (b) 49
- (c) 25
- (d) 27
- (e) 33

Answer (c) 25

DIRECTIONS (Q. 321-323)

Study the information carefully and answer the questions given below. Seven members M, P, Q, R, S, T and U are living in the family in which two married couples are arranged in descending order from left according to their age but not necessarily in the same order. The one who is 36 years old is married with P who is the son of T's father's wife M. R is 54 years old and younger to only M. U is sister of Q who is not elder to U. S is sister-in-law of U's uncle. The number of males in the family is more than the number of females. T is just older to U who is 20 years younger to S. Q's father is just younger to the one who is 54 years old.

321. How many persons are older to the one who is daughter in law of R?

- (a) One
- (b) None
- (c) Three
- (d) More than four
- (e) Two

Answer (c) Three

322. Find the average age of R and the one who is just younger to P?

- (a) 45 years
- (b) 26 years
- (c) 35 years
- (d) Can't be determined
- (e) None of these

Answer (a) 45 years

323. How many persons are older and younger to T's brother respectively?

- (a) 3, 3
- (b) 1, 5
- (c) 2, 4
- (d) 5, 1
- (e) None of these

Answer (c) 2, 4

DIRECTIONS (Q. 324)

In the following questions, there are five words given for each question. These words have been numbered as (i), (ii), (iii), (iv) and (v). Find the correct combination of the words that form the synonyms of each other from the given options.

324. (i) Scourge (ii) hinge (iii) menace (iv) salient (v) lash 6 the publishing house | No. 1 APP for Banking & SSC Preparation Website: | Email:

- (a) only (i)- (iii)
- (b) Only (v)- (iii)- (i)
- (c) All of these
- (d) Only (iii)- (ii)-(v)
- (e) Only (i)- (v)

Answer (b) Only (v)- (iii)- (i)

DIRECTIONS (Q. 325)

In each of the following questions, two sentences are given. Five connectors are given in to connect two sentences. Find the correct option to connect these two sentences without changing the intended meaning.

325. (i) The farmers are also willing to continue the protest indefinitely (ii) Methods have come to the unfavorable notice of Supreme Court judges

- (a) thereafter it
- (b) since they
- (c) even as their
- (d) even after it
- (e) because it is

Answer (c) even as their

DIRECTIONS (Q. 326)

The table shows the data about five companies and their manufacturing and imported spare parts. Only some manufacturing spare parts are coming for refurbishing. Some values are missing and you have to calculate according to the question. Note: Total spare parts = Manufactured parts + Refurbished parts + Imported parts

326. If manufactured spare parts of company C is $\frac{2}{3}$ rd of its total spare parts, then find refurbished spare parts of C is what percentage more or less than the imported spare parts of C?

- (a) 50%
- (b) 100%
- (c) 150%
- (d) 125%
- (e) 200%

Answer (e) 200%

327. X spheres of diameter 6 cm put into a right angled- cylindrical vessel of diameter 8 cm. The height of water rose to 36 cm and all the sphere are completely submerged in water. What is the value of X?

- (a) 12
- (b) 9
- (c) 16
- (d) 18
- (e) 10 20

Answer (c) 16

328. A container contains 180-liter milk and X liter water. When 10-liter water added to mixture then water will become 14.001%. Find the approximate resultant quantity of water in mixture?

- (a) 29.3 liter
- (b) 32.6 liter
- (c) 24.8 liter
- (d) 36.2 liter
- (e) 39.5 liter

Answer (a) 29.3 liter

DIRECTIONS (Q. 329)

In the following questions, the symbols %, #, @, and \$ are used with the following meanings as illustrated below. Study the following information and answer the given questions: 'A\$5B' means A is 15m east of B. 'A#12B' means A is 5m north of B. 'A%6B' means A is 16m west of B. 'A@14B' means A is 7m south of B. B@35F, L\$11B, M\$12D, X%17Y, C#35Y, K@14Y, P#21L, P%3X, M@27X

329. Find the difference between the total distance from point F to point X and the total distance from point Y to point L?

- (a) 6m
- (b) 28m
- (c) 18m
- (d) 10m
- (e) 22m

Answer (e) 22m

DIRECTIONS (Q. 330)

Study the following information carefully and answer the questions given below: Eight persons R, S, T, U, V, W, X, Y shifted to different cities in two different years 2009 and 2010 of four given months viz. January, April, July and October but not necessarily in the same order. No one shifted between T and the one who shifted to Jaipur and both of them shifted in different years. More than two persons shifted between the one who shifted to Shimla and Jaipur. V does not shift to Manali. The one who shifted to Gurugram is shifted just before V and just after S. Three persons shifted between S and R who shifted in the month which has even numbers of days. X is shifted to Chandigarh just before the one who shifted to Delhi. The one who shifted to Goa is shifted just before Y and just after W. U neither shifted Manali nor Raipur.

330. Who among the following is shifted in October 2009?

- (a) The one who shifted to Jaipur
- (b) The one who shifted to Delhi
- (c) S
- (d) The one who shifted to Goa
- (e) None of these

Answer (b) The one who shifted to Delhi

DIRECTIONS (Q. 331)

Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read all the statements and answer the following questions.

331. Seven persons live in a seven-storey building, such that ground floor is numbered as 1 and so on till the topmost floor is numbered as

- (a) If the data in statement I alone are sufficient
- (b) If the data in statement II alone are sufficient
- (c) If the data either in statement I alone or statement II alone are sufficient to answer
- (d) If the data given in both I and II together are not sufficient
- (e) If the data in both the statements I and II together are necessary to answer

Answer (e) If the data in both the statements I and II together are necessary to answer

DIRECTIONS (Q. 332)

A number arrangement machine when given an input line of numbers rearranges them following a particular rule in each step. The following is an illustration of input and rearrangement. Input: 35 47 59 39 68 Step I: 332 443 554 336 662 Step II: 331 441 551 333 664 Step III: 331 333 441 551 664 Step IV: 7 9 9 11 16 Step V: 14 18 18 22 48 And step V is the last step of the arrangement. As per the above rule followed in the above steps, find out in each of the following questions the appropriate step for the given input: Input: 19 27 78 48 57

332. What is the sum of the numbers which is 3rd from the left in Step III and 4th from the right in the final step?

- (a) 447
- (b) 454
- (c) 443
- (d) 466
- (e) None of these

Answer (b) 454

DIRECTIONS (Q. 333)

In the following questions, the symbols @, #, %, \$ and © are used with the following meaning as illustrated below- 'P#Q' means 'Q is neither greater than nor equal to P' 'P©Q' means 'Q is neither equal to nor smaller than P' 'P%Q' means 'Q is neither smaller than nor greater than P' 'P\$Q' means 'Q is not smaller than P' 'P@Q' means 'Q is not greater than P' Now in each of the following questions assuming the given statement to be true, find which of the three conclusions I, II and III given below them is/are definitely true and give your answer accordingly.

333. Statements: W%X©Y\$B@C; M\$N©O%R©B Conclusions:

- I. R©Y
 II. W©C III. X#B
- (a) None is true
 (b) Only II is true
 (c) Only I and II are true
 (d) Only II and III are true
 (e) Only I and III are true

Answer (a) None is true

DIRECTIONS (Q. 334)

Study the information carefully and answer the questions given below. Six persons stay at different step of a stair of 40 steps facing to the 40 th step. P stay at step which is a multiple of 9 but above the 20th step. The number of steps ahead P is same as the number of steps behind S. There are seven steps gap between S and Q which is not stay at even numbered position. The number of steps between Q and S is half the number of steps between T and R. The number of steps between R and U is one more than the number of steps behind S. U stay below the step 25. Both T and U stay in somewhere between P and Q. T stay at step which is a multiple of 7 but above 15 th step. Now, all the persons play a Ludo game and move according to the given conditions- 1. If the dice throw and get the number more than 5 then the person move 13 positions behind with his actual position if not possible than move 4 steps ahead. 2. If the dice throw and get the number 3 then the person move to the step which is a multiple of 19 but above the one who throw a dice first. 3. If the dice throw and get the number less than 3 then the person move to 7 positions ahead of his actual position 4.

334. The number of steps gap between U and S?

- (a) 9
 (b) 8
 (c) 12
 (d) 17
 (e) 13 32

Answer (b) 8

DIRECTIONS (Q. 335)

Study the information carefully and answer the questions given below. Seven members M, P, Q, R, S, T and U are living in the family in which two married couples and arranged in descending order from left according to their age but not necessarily in the same order. The one who is 36 years old is married with P who is the son of T's father's wife M. R is 54 years old and younger to only M. U is sister of Q who is not elder to U. S is sister-in-law of U's uncle. The number of males in the family is more than the number of females. T is just older to U who is 20 years younger to S. Q's father is just younger to the one who is 54 years old.

335. How many persons are older and younger to T's brother respectively?

- (a) 3, 3
 (b) 1, 5
 (c) 2, 4
 (d) 5, 1
 (e) None of these

Answer (c) 2, 4
