

Banking Question Bank - Set 2

399 questions with verified answer keys

1. I. $x^2 - x + 1 = 0$ 45 1

II. $y^2 + y = 2$

- (a) No relation can be established between x and y
- (b) $x \leq y$
- (c) $x < y$
- (d) $x > y$
- (e) $x \geq y$

Answer (a) No relation can be established between x and y

2. P, Q and S invested in a business together, investment of P is 75% of investment of S and all three invested for same time. If Q and S gets extra 12% and 15% of total profit respectively and remaining profit is distributed according to their share, then find the total profit.

- (a) 270000 Rs
- (b) 370000 Rs
- (c) 375000 Rs
- (d) 275000 Rs
- (e) 325000 Rs

Answer (b) 370000 Rs

3. Person Q and R invested in the ratio of 4 : 3 and ratio between time period of Investment Q to R is 5 : 3. If both person agree that 65% of the total profit should be divided equally and remaining profit is to be divided into ratio of their capital. If Q gets 10010 Rs. more to R. then find the total profit share of R ?

- (a) 27765 Rs
- (b) 28190 Rs
- (c) 42497 Rs
- (d) 34307 Rs
- (e) 32695 Rs

Answer (e) 32695 Rs

4. If T received Rs. 24300 as profit out of the total profit of Rs. 40500 which T and R earned at the end of one year. If T invested Rs. 81000 for 9 months, whereas R invested his amount for the whole year, what was the amount invested by R ?

- (a) 30500 Rs
- (b) 40500 Rs
- (c) 35500 Rs
- (d) 32500 Rs
- (e) 40050 Rs

Answer (b) 40500 Rs

5. If Q and R invested into the ratio of 8 : 9 and R and S Invested into the ratio of 3 : 2. At the end of the year if they all got a total profit of 37030 Rs. then find the share of profit of Q, R and S individually ?

- (a) 14490 Rs, 9660 Rs, 12880 Rs
- (b) 9660 Rs, 17710 Rs, 11005 Rs
- (c) 12880 Rs, 14490 Rs, 9660 Rs
- (d) 12434 Rs, 13594 Rs, 11006 Rs
- (e) None of these

Answer (c) 12880 Rs, 14490 Rs, 9660 Rs

DIRECTIONS (Q. 6-9)

Data about investments of different persons is given below. Study the data and solve the questions carefully. → Investment of Neeraj is 50% more than investment of Aman while investment of Neeraj is 25% less than that of Sandeep. Total Investment = 40,000 Rakesh, 30% Saurabh, 40% Sandeep, 30%

6. Neeraj and Saurabh started a business together. After 8 months of business they invested Rs 1000 per month for every month. If annual profit is Rs 8000 then find Saurabh's profit out of total profit?
- (a) Rs 2950
 - (b) Rs 4000
 - (c) Rs 5050
 - (d) Rs 4450
 - (e) Rs 4850

Answer (c) Rs 5050

7. Aman and Rakesh started a business together. Rakesh left the business 'x' months before the completion of year while Aman increased his investment by Rs 2000 after 8 months and then after 2 months more he increased his investment by Rs 2000 again. If ratio between profit share of Aman and Rakesh is 7 : 8 then Rakesh worked for how many months?
- (a) 8 months
 - (b) 4 months
 - (c) 6 months
 - (d) 2 months
 - (e) 10 months

Answer (a) 8 months

8. Sandeep and Neeraj started a business together. After 8 months, Neeraj is replaced by another partner, Satish whose investment is Rs 4000 more than investment of Saurabh. If Satish worked for 3 months, then find the profit share of Sandeep if annual profit is Rs 11,500.
- (a) Rs 2500
 - (b) Rs 3000
 - (c) Rs 4500
 - (d) Rs 5000
 - (e) Rs 6000

Answer (e) Rs 6000

9. Aman invested his amount in a scheme which after 20% p.a. at C.I. for 2 years while Saurabh invested his amount in a car whose value will depreciate at 20% p.a. every year. Find the total value of amount Aman and Saurabh will have after 2 years.
- (a) Rs. 31,680
 - (b) Rs. 18,880
 - (c) Rs. 26,880
 - (d) Rs. 16,320
 - (e) Rs. 22,880

Answer (b) Rs. 18,880

DIRECTIONS (Q. 10-14)

Given below in each question there two statements (I) and (II). You have to determine, which statement is sufficient to give the answer of question. Also there are five alternatives given, you have choose one alternative as your answer of the questions:

10. What will perimeter of smaller rectangle?

I. Ratio between length of smaller and larger rectangle is 4 : 5 and breadth of both rectangle is equal. Difference between Perimeter of both rectangle is 8 cm.

II. Breadth of both rectangle is equal to side of square, whose area is 196 cm².

- (a) Only statement I is sufficient
- (b) Only statement II is sufficient
- (c) Statement I and II both together sufficient
- (d) Either statement I or Statement II alone sufficient
- (e) Neither statement I or statement II sufficient

Answer (c) Statement I and II both together sufficient

11. How many Students in college?

I. Ratio between girls to boy is 9 : 11.

II. Out of total girls in the college 20% are belongs to below eighteen years age group. Total girls belongs to below eighteen years age group are 9% of total students in college

- (a) Only statement I is sufficient
- (b) Only statement II is sufficient
- (c) Statement I and II both together sufficient
- (d) Either statement I or Statement II alone sufficient
- (e) Neither statement I or statement II sufficient

Answer (e) Neither statement I or statement II sufficient

12. What was profit shopkeeper made on article?

I. Shopkeeper sold article on 5% discount in the Rs. of 3800.

II. If shopkeeper sold article on marked price, he would made a profit of 25%. 6 A publishing house

- (a) Only statement I is sufficient
- (b) Only statement II is sufficient
- (c) Statement I and II both together sufficient
- (d) Either statement I or Statement II alone sufficient
- (e) either statement I or statement II sufficient

Answer (c) Statement I and II both together sufficient

13. What is speed of boat?

I. Speed of boat in still water is two times more that speed of current.

II. Boat takes equal time to cover a distance downstream to 50% of that distance upstream.

- (a) Only statement I is sufficient
- (b) Only statement II is sufficient
- (c) Statement I and II both
- (d) Either statement I or Statement II alone sufficient
- (e) Neither statement I or statement II sufficient

Answer (e) Neither statement I or statement II sufficient

14. Find the amount invested at the rate of 10%?

I. Total amount of Rs. 4500 invested in two different parts at the rate of 20% p.a. and 10% p.a. for two years. Simple Interest obtained from both parts are equal.

II. A man invested an amount in two schemes A and B in the ratio of 2 : 1 respectively. Scheme A offered simple interest at the rate of 10% p.a. and Scheme B offered compound interest at the rate of 20% p.a. and man got a total interest of Rs. 1260 after two years from both scheme. Amount invested on SI is same as amount invested at the rate of 10% in statement I?

- (a) Only statement I is sufficient
- (b) Only statement II is sufficient
- (c) Statement I and II both
- (d) Either statement I or Statement II alone sufficient
- (e) Neither statement I or statement II sufficient

Answer (d) Either statement I or Statement II alone sufficient

DIRECTIONS (Q. 15-18)

The following questions are accompanied by three statements (A) or (I) and (B) or (II), You have to determine which statement(s) is/are sufficient/necessary to answer the questions.

15. What is the minimum passing percentage in a test?

- I. Raman scored 25% marks in the test and Sunil scored 288 marks which is 128 more than that of Raman.
- II. Raman scored 64 marks less than the minimum passing marks.

- (a) Both I and II together are not sufficient
- (b) Both I and II together are needed
- (c) Only I alone is sufficient
- (d) Only II alone is sufficient
- (e) Either I or II alone is sufficient

Answer (b) Both I and II together are needed

16. Whose body weight is second highest among the five boys Arun, Vinay, Suraj, Raju and Pratap?

- I. Average weight of Arun, Suraj and Vinay is 68 kg and average weight of Raju and Pratap is 72 kg. Also Suraj is 78 kg. Raju is 68 kg and Vinay is 46 kg.
- II. Average weight of Arun, Suraj, Vinay and Raju is 68 kg and also Suraj is 78 kg. Raju is 68 kg and Vinay is 46 kg. All of them have different weights.

- (a) Both I and II together are not sufficient
- (b) Both I and II together are needed
- (c) Only I alone is sufficient
- (d) Only II alone is sufficient
- (e) Either I or II alone is sufficient

Answer (c) Only I alone is sufficient

17. What is the population of the city A?

- I. The ratio of the population of males and females in city A is 27 : 23 and the difference between their population is 100000.
- II. The population of city A is 80% of that of city B. The difference between populations of city A and city B is 312500.

- (a) Both I and II together are not sufficient
- (b) Both I and II together are needed
- (c) Only I alone is sufficient
- (d) Only II alone is sufficient
- (e) Either I or II alone is sufficient

Answer (e) Either I or II alone is sufficient

18. How many students did participate in Singing?

- I. The students who participated in dancing were 150% more than that who participated in Singing.
- II. 150 students participated in dancing.

- (a) Both I and II together are not sufficient
- (b) Both I and II together are needed
- (c) Only I alone is sufficient
- (d) Only II alone is sufficient
- (e) Either I or II alone is sufficient

Answer (b) Both I and II together are needed

DIRECTIONS (Q. 19-23)

The following questions are accompanied by two statements (A) and (B). You have to determine which statements(s) is/are sufficient/necessary to answer the questions. 11 A publishing house

19. O is center, find area of shaded region A. Length of AO is given. B. AC is given in multiple of radius of semicircle.

- (a) Only A
- (b) Only B
- (c) Either Only A or Only B
- (d) A and B together
- (e) A and B together are not sufficient

Answer (d) A and B together

20. In a box three type of balls are there, Black, Red and White. If no. of white balls is given then find out the probability of getting one white ball. A. Probability of getting one Red ball is given. B. Probability of getting one black ball is given.

- (a) Only A
- (b) Only B
- (c) Either Only A or Only B
- (d) A and B together
- (e) A and B together are not sufficient

Answer (d) A and B together

21. What is the volume of the sphere? A. Surface area of hemisphere is equal to the total surface area of the cylinder having radius and height in ratio 3 : 4. B. When we cut sphere into two hemi-sphere then total surface area is equal to the area of a circle whose radius is 21 cm.

- (a) Only A
- (b) Only B
- (c) Either Only A or Only B
- (d) A and B together
- (e) A and B together are not sufficient

Answer (b) Only B

22. PR is diameter of circle. Find, $\angle QPO - \angle SRO = ?$ A. $\angle SPO = 40^\circ$ B. $\angle PQR + \angle QRO = 120^\circ$

- (a) Only A
- (b) Only B
- (c) Either Only A or Only B
- (d) A and B together
- (e) A and B together are not sufficient

Answer (d) A and B together

23. A shopkeeper gets a loss of 70 Rs. when he sold an article at 20% discount on M.P. Find cost price of Article. A. % of mark up above cost price is equal to % discount given on M.P. B. When no discount is given, article sold at profit of 350 Rs.

- (a) Only A
- (b) Only B
- (c) Either Only A or Only B
- (d) A and B together
- (e) A and B together are not sufficient

Answer (c) Either Only A or Only B

DIRECTIONS (Q. 24-28)

The following questions are accompanied by three statements (I), (II), and (III). You have to determine which statement(s) is/are sufficient /necessary to answer the questions

24. What is distance between A and B ?

I. Two persons Amit and Abhi started simultaneously from A to B with their speed in ratio 4 : 5. 13 A publishing house

- (a) Only I and II
- (b) Only II and III
- (c) All I, II and III
- (d) Cannot be answered even including all three statement
- (e) None of these

Answer (c) All I, II and III

25. What is the area of rectangle ?

I. If ratio of length and breadth of the rectangle is 3 : 2.

II. Circumference of a circle is 440 m and breadth of rectangle is $\frac{1}{7}$ th of diameter of circle. III. If length is 50% more than breadth.

- (a) Only III
- (b) Only I and II or II and III
- (c) Only II
- (d) All I, II and III
- (e) None of these

Answer (b) Only I and II or II and III

26. How many students failed in class 11th ?

I. 400 Students passed in class 11th.

II. No. of students failed in class 11th is 20% of those failed in class 12th. III. Ratio of student appeared to that of failed in class 11th is 5 : 3.

- (a) Only I and III
- (b) Only II
- (c) Only I and II
- (d) All I, II and III
- (e) Cannot be answered even including all three statement

Answer (a) Only I and III

27. What is the rate of interest on some amount?

I. S.I. accrued in two years on same amount at same rate of interest is Rs. 44000.

II. The amount after some years on S.I. is Rs. 154000. III. Difference between the C.I. and S.I. earned in two years on the same amount invested is Rs. 120. 14 A publishing house

- (a) Only I and III
- (b) Only III
- (c) Only II and III
- (d) Cannot be answered even including all statement
- (e) None of these

Answer (a) Only I and III

28. What is the sum of two number?

I. The bigger no. is 6 more than the smaller no.

II. 40% of smaller no. is equal to 30% of bigger no. III. The ratio b/w half of the bigger no. & one-third of smaller no. is 2 : 1.

- (a) Only II & III
- (b) Only I & II
- (c) Any two of the three statement

- (d) All statement is required
- (e) I and II or I and III

Answer (e) I and II or I and III

DIRECTIONS (Q. 29-32)

In the following questions three statements either A, B and C or I, II and III are given. You have to use your knowledge of mathematics to answer which statement(s) is/are sufficient to answer the question.

- 29.** What is the cost price of wrist watch? A. Shopkeeper gives 20% discount on a speaker. B. The marked price of wrist watch is 25% more than that of speaker. C. The shopkeeper earns a profit of 10% after selling the speaker.
- (a) Any two of them are sufficient
 - (b) All the three statements are required
 - (c) Only C is sufficient
 - (d) Even using all statements, answer cannot be found
 - (e) Only A is sufficient

Answer (d) Even using all statements, answer cannot be found

- 30.** What is the total quantity of milk in final mixture of milk and water after adding some milk ? A. 68 liters of initial mixture has ratio of milk and water as 11:6. B. A certain amount of milk is added to this mixture to make the ratio of water to milk as 6:13. C. Selling the mixture at a certain rate, 35 % profit is obtained. 15 A publishing house
- (a) Any two of them is sufficient
 - (b) A and B together are sufficient
 - (c) All the three statements are required
 - (d) Answer cannot be found even using all the three statements
 - (e) Only B and C are required

Answer (b) A and B together are sufficient

- 31.** The speed of a train A and time taken by it to cross a tunnel is known. Find length of tunnel. A. Another train B is running in opposite direction to A with a speed 40% more than A. B. Train B crosses a platform X and a pole in 24 sec and 8 sec respectively before crossing the train A and tunnel. C. The ratio of length of train A and platform X is 3 : 5.
- (a) Only A and B are sufficient
 - (b) Only B and C are sufficient
 - (c) Even using all the three statements answer cannot be found
 - (d) All the three statements are required
 - (e) Only B is sufficient

Answer (d) All the three statements are required

- 32.** In how many ways 2 green balls can be chosen from box 'A' which contains red, green and black balls? A. Ratio of total number of balls in boxes A and B is 2 : 3 and box A contains 5 green balls. B. Total balls in box B is 18 while ratio of red and black balls in box A is 3:4. C. Box 'B' contains 5 red 7 black and 6 green balls only while ratio of red and green balls in box 'A' is 3:5.
- (a) Statement A and either B or C are sufficient
 - (b) Any two statements are sufficient
 - (c) All the three statements are required
 - (d) Statement B and either A or C are sufficient
 - (e) None of these

Answer (e) None of these

33. What is their average age after 4 years.
- I. Age difference of Nikhil and Aashish is 18 years.
 - II. Ratio of 12 years ago age of Aashish & Nikhil is 2 : 5 and Kullu & Yash is 1 : 2. III. 12 years later Aashish will be 150% of his present age.
- (a) Any two of I, II and III are required
 - (b) Only I and II are required
 - (c) Only II and III are required
 - (d) All I, II and III together are required
 - (e) II alone or from I and III together are required
- Answer (d) All I, II and III together are required**

34. Also, the number of green balls he has is odd and number of red balls he has is even. 3 1
- II. Probability of drawing red ball is $\frac{8}{16}$ which is 16 lesser than that of green balls. III. If a man lost one ball, probability of drawing a blue ball is $\frac{1}{3}$.
- (a) Only I and III or only II and III
 - (b) All I, II and III together
 - (c) Any one of them is sufficient
 - (d) Only I and III together sufficient
 - (e) None of the above
- Answer (a) Only I and III or only II and III**

DIRECTIONS (Q. 35)

The following questions are accompanied by three statements (I), (II), and (III). You have to determine which statements(s) is/are sufficient/necessary to answer the questions. 16 A publishing house

35. A man bought two bats and 6 identical balls, he sold all of them in a day, calculate his overall profit %.
- I. He sold one bat at a price of Rs. 600 and other at Rs. 420 and profit is 20% on both bats. Each ball is sold at 12% profit.
 - II. Profit earned from 6 balls is Rs. 36 and profit earned from both bats is Rs. 170. III. Profit earned on each bat is 20% while cost price of each ball is Rs. 50.
- (a) Any one of them
 - (b) Only I and II together are sufficient
 - (c) Any two of the three together are sufficient
 - (d) None of the above
 - (e) All three together are sufficient
- Answer (c) Any two of the three together are sufficient**

DIRECTIONS (Q. 36-38)

The following questions are accompanied by three statements A, B and C. You have to determine which statement(s) is/are necessary/sufficient to answer the question. 18 A publishing house

36. Find the area of the shaded region? A. Radius of bigger circle is given. B. Diagonal of square ABCD is given. C. Difference between area of bigger circle and area of smaller circle is given.
- (a) Either A or B alone is sufficient to answer the question
 - (b) Either B or C alone is sufficient to answer the question
 - (c) Either A or C alone is sufficient to answer the question
 - (d) Any of A, B or C alone is sufficient to answer the question
 - (e) Either only A or B and C together is sufficient to answer the question
- Answer (d) Any of A, B or C alone is sufficient to answer the question**

37. Find the surface area of cone? A. Ratio between height and radius of cone is 8 : 7. B. Radius of cone is half of the radius of hemisphere, which volume is 19404 cm^3 . C. Radius of cone is 75% of radius of cylinder, which total surface area of 2640 cm^2 and ratio between height and radius of cylinder is 8 : 7.

- (a) Either A and B or B and C are sufficient to answer the question
- (b) Either A and B or A and C are sufficient to answer the question
- (c) Either A and C or B and C are sufficient to answer the question
- (d) A, B and C together are sufficient to answer the question
- (e) Either only A or B and C together are sufficient to answer the question

Answer (b) Either A and B or A and C are sufficient to answer the question

38. What will be 26th term of Arithmetic progression (AP)? A. If eight times of the 8th term of that A.P. is equal to 18th times the 18th term of that A.P. 19 A publishing house

- (a) Only statement 'A' alone is sufficient to answer the question
- (b) Only statement 'B' alone is sufficient to answer the question
- (c) Only statement 'C' alone is sufficient to answer the question
- (d) Any of two statements are sufficient to answer the question
- (e) All three together are sufficient to answer the question

Answer (a) Only statement 'A' alone is sufficient to answer the question

39. Is $(bc - ab)$ even integer or odd integer if a, b and c are integers? A. a, b and c are in arithmetic progression. B. Set $\{a, b, c\}$ is co-prime and a, b and c are consecutive integers. C. a, b and c all three are prime numbers.

- (a) Either statement 'A' or 'B' alone is sufficient to answer the question
- (b) Either statement 'B' or 'C' alone is sufficient to answer the question
- (c) Either statement 'C' or 'A' alone is sufficient to answer the question
- (d) Any of two statements are sufficient to answer the question
- (e) Any one of them is sufficient to answer the question

Answer (a) Either statement 'A' or 'B' alone is sufficient to answer the question

40. Find the area of a rhombus? A. The ratio of the diagonals of the rhombus is 3 : 4. B. The perimeter of the rhombus is equal to that of a square whose diagonal length is $20\sqrt{2}\text{m}$. C. The difference between the squares of the diagonals of rhombus is 448 m^2 .

- (a) Statement 'A' and 'B' together are sufficient to answer the question
- (b) Statement 'B' and 'C' together are sufficient to answer the question
- (c) Statement 'C' and 'A' together are sufficient to answer the question
- (d) Any of two statements are sufficient to answer the question
- (e) Any one of them is sufficient to answer the question

Answer (d) Any of two statements are sufficient to answer the question

41. What will be the sum of the ages of father and the son after five years? A. Father's present age is twice son's present age B. After ten years the ratio of father's age to the son's age will become 12 : 7. C. Five years ago the difference between the father's age and son's age was equal to the son's present age.

- (a) Statement 'A' and 'B' together are sufficient to answer the question
- (b) Statement 'B' and 'C' together are sufficient to answer the question
- (c) Statement 'C' and 'A' together are sufficient to answer the question
- (d) Any of two statements are sufficient to answer the question
- (e) Either 'A' and 'B' together or 'B' and 'C' together

Answer (e) Either 'A' and 'B' together or 'B' and 'C' together

42. A, B and C together can complete work 'X' in 5 days. Find in how many day 'C' alone can complete work 'X'? A. A and B together can complete work 'X' in 15 days if both worked with half of their efficiencies. B. B, who is 25% more efficient than 'C', takes 8 days more than 'A' to complete work alone C. 'A' is 25% less efficient than 'B'.

- (a) Either statement 'A' alone or 'B' alone is sufficient to answer the question
- (b) Either statement 'B' alone or 'C' alone is sufficient to answer the question
- (c) Either statement 'C' alone or 'A' alone is sufficient to answer the question
- (d) Any of two statements are sufficient to answer the question
- (e) Any one of them is sufficient to answer the question

Answer (a) Either statement 'A' alone or 'B' alone is sufficient to answer the question

43. Find the sum of 'x' and 'y' ? A. H.C.F and L.C.M of 'x' and 'y' is 21 and 3003 respectively. B. Difference between x and y is 42 C. Both 'x' and 'y' are multiple of 21.

- (a) Either statement 'A' and 'B' together or 'B' and 'C' together are sufficient
- (b) Either statement 'A' and 'C' together or 'B' and 'C' together are sufficient
- (c) Either statement 'A' and 'B' together or 'A' and 'C' together are sufficient
- (d) Any of two statements are sufficient to answer the question
- (e) All three are required to solve the question

Answer (c) Either statement 'A' and 'B' together or 'A' and 'C' together are sufficient

44. Find the area of shaded region if radius of each circle is same? A. Area of circle is given. B. Perimeter of triangle is given. C. Area of triangle is approximately 310% more than area of a circle.

- (a) Either statement 'A' or 'B' alone is sufficient to answer the question
- (b) Either statement 'B' or 'C' alone is sufficient to answer the question
- (c) Either statement 'C' or 'A' alone is sufficient to answer the question
- (d) Any of two statements are sufficient to answer the question
- (e) Any one of them is sufficient to answer the question

Answer (a) Either statement 'A' or 'B' alone is sufficient to answer the question

DIRECTIONS (Q. 45-49)

Study the given passage carefully and answer the questions. Rahul, Sandy and Sati invested in ratio 2 : 3 : 4. After 4 months Sandy added Rs. 1500 more in his investment and Rahul withdrew Rs. 800 from his investment. After six months more Sati invested half of the investment done by Rahul in first four months and Sandy invested 50% more than the investment done by Sati in first 10 months. Rahul invested same as investment done by Sandy in first four months. Ratio of profit of Sati to total profit at the end of year is given as 125 : 376.

45. Profit of Sandy is approximately what percent of total profit?

- (a) 64%
- (b) 48%
- (d) 68%
- (e) 42%
- (c) 72% Publications@

Answer (a) 64%

46. What is the difference between profit share of Rahul and Sandy if total profit is Rs.37,600?

- (a) 12,000
- (b) 16,400
- (c) 18,500
- (d) 22,900
- (e) 20,000

Answer (d) 22,900

47. Veer have 250% more than initial investment of Sati for a year. Find total interest earned by him if he invested his amount in a scheme which offers 20% p.a. for 2 years?

- (a) Rs. 1400
- (b) Rs. 1500
- (c) Rs. 1540
- (d) Rs.1600
- (e) Rs.1640

Answer (c) Rs. 1540

48. What is the average of profit share of Sandy and Sati out of total profit of Rs. 37,600?

- (a) 18,220
- (b) 18,250
- (c) 16,420
- (d) None of these
- (e) 12,490

Answer (b) 18,250

49. If initial investment of Bhavya is one-third of initial investment of Rahul, Sandy and Sati together then find the difference between initial investment of Bhavya and Rahul.

- (a) Rs.1000
- (b) None of these
- (c) Rs.750
- (d) Rs.500
- (e) Rs.250

Answer (e) Rs.250

DIRECTIONS (Q. 50-54)

There are 2000 people live in a village. Out of 2000 people some people are watching '3 idiots' 'Ravan' and 'PK' on Sunday and some are not watching any movie. Number of people did not watch any movie is equal to number people watching 'PK' only. Number of people who are watching 'Ravan' is 720. Ratio between number of people watching '3 Idiots' and 'Ravan' only to number of people watching 'Ravan' and 'PK' only is 2 : 3. Number of people watching '3 Idiots' and 'PK' both is half of number of people watching only 'PK'. Number of people watching '3 idiots' only is 50% more than number of people watching 'Ravan' only. Number of people watching all the three movies is 4% of the total number of people in the village. Number of people watching 'Ravan' only is same as number of people watching 'Ravan' and 'PK' only. 4 A publishing house

50. Number of people who did not watch any movie are what percent less than number of people who watching only Ravan, only PK and only 3 Idiots together? (approx.)

- (a) 55%
- (b) 50%
- (c) 65%
- (d) 62%
- (e) 70%

Answer (d) 62%

51. Find the ratio between people who watching only Ravan and only PK together to people who watching only Ravan & 3 idiots and only PK & 3 idiots together ?

- (a) 16 : 5
- (b) 16 : 7
- (c) 16 : 13
- (d) 16 : 11
- (e) 76 : 43

Answer (e) 76 : 43

52. Out of total people watching 3 idiots only, ratio between male to female is 4 : 1 and that of people watching Ravan only is 5 : 3. Find total number of males , who watching 3 idiots and Ravan only ?
- (a) 436
 - (b) 428
 - (c) 440
 - (d) 438
 - (e) 442

Answer (d) 438

53. People watching only Ravan & PK are what percent more than people watching only Raven & 3 idiots?
- (a) 50 %
 - (b) 45%
 - (c) 55%
 - (d) 40%
 - (e) 60%

Answer (a) 50 %

54. People who are watching only 3 Idiots, only PK and only 3 Idiots and PK both is how much more than people who are watching Ravan?
- (a) 252
 - (b) 192
 - (c) 672
 - (d) 488
 - (e) 272

Answer (b) 192

DIRECTIONS (Q. 55-58)

There are 1000 students in a college. Out of 1000 students some appeared in exams 'X', 'Y' and 'Z' while some not. Number of student not appeared in any exam is equal to number of students appeared in exam 'Z' only. Number of students appeared in exam 'Y' is 360. Ratio of number of students appeared in exam 'X' and 'Y' only to number of students appeared in exam 'Y' and 'Z' only is 2 : 3. Number of student appeared in exam 'X' and 'Z' both is half of number of students appeared in only exam 'Z'. Number of students appeared in exam 'X' only is 50% more than number of students appeared in 'Y' only. Number of students appeared in all the three exam is 4% of the total number of students in the college. Number of students appeared in 'Y' exam only is same as number of students appeared in 'Y' and 'Z' only.

55. How many students appeared in two exams only?
- (a) 280
 - (b) 220
 - (c) 340
 - (d) 300
 - (e) 260

Answer (e) 260

56. How many students appeared in at most two exams?
- (a) 240
 - (b) 260
 - (c) 300
 - (d) 500
 - (e) 960

Answer (e) 960

57. How many students not appeared in exam Y?

- (a) 440
- (b) 360
- (c) 540
- (d) 640
- (e) None of these

Answer (d) 640

58. How many students appeared in exam X or in exam Z?

- (a) 240
- (b) 360
- (c) 500
- (d) 680
- (e) 760

Answer (d) 680

DIRECTIONS (Q. 59-62)

Number of songs recorded by Sonu Nigam in 2008 is 300. And number of songs recorded by Sandeep and Arijit Singh in 2010 are in ratio 5 : 4. Total number of songs recorded in 2009 is 250% more than songs recorded by Arijit Singh in 2009. Total songs recorded by Sandeep in 7 A publishing house

59. What is the difference of average of total number of songs recorded by Sandeep in 2008 and 2009 and average number of songs recorded by Sonu Nigam and Arijit Singh in 2010?

- (a) 155
- (b) 165
- (c) None of these
- (d) 150
- (e) 145

Answer (a) 155

60. What is the ratio of total number of songs recorded in 2010 to total number songs recorded in 2011, if total number of songs recorded in 2011 is 50% more than total number of songs recorded in 2009 ?

- (a) 32 : 17
- (b) None of these
- (c) 21 : 19
- (d) 33 : 19
- (e) 32 : 21

Answer (e) 32 : 21

61. Average number of songs recorded by Sonu Nigam is approximately what percent more/less than average number of songs recorded in 2009?

- (a) 104%
- (b) None of these
- (c) 124%
- (d) 114%
- (e) 110%

Answer (a) 104%

62. Average number of songs recorded by all in all three years and is how much more than average number of songs recorded by Sandeep and Arijit Singh in 2009?
- (a) None of these
 - (b) 525
 - (c) 650
 - (d) 550
 - (e) 450 8

Answer (d) 550

DIRECTIONS (Q. 63-67)

Study the following passage & answer the questions that follows. There are three schools in a town named A, B & C. In each school students know only Hindi, Only English and both language. Total number of student in school A is 1600. The no. of student who know only Hindi in school C is 40% of the total students in school A. And total students who know only single language in school A are equal to student who knows both language in same School and ratio of student who know only Hindi to only English in school A is 2 : 3. Student who know both language in all three schools is 50% more than student who knows only English in school B. Student who knows only Hindi in all schools is equal to the total students in school A except student who knows only English. Ratio of students who know only English in school B to C is 1 : 4 and average of student who know only English in all the school is 460. Student who know both language in school C is half of student who know only Hindi in school 3 A. Total student in school B is 4th of total student from all the school who knows only Hindi.

63. Total student in school A who know only one language is what percent more/less than total student in school B who knows both language?
- (a) 50%
 - (b) 60%
 - (c) 70%
 - (d) None of these
 - (e) 45%

Answer (b) 60%

64. What is ratio of total student who knows only English in school B and C together to total student in school B ?
- (a) 3 : 2
 - (b) 7 : 5
 - (c) None of these
 - (d) 5 : 3
 - (e) 15 : 14

Answer (e) 15 : 14

65. What is sum of average of student who knows only English in all the 3 school and th of student who knows only single language in school B 4 and C together.
- (a) 1735
 - (b) 1335
 - (c) 1220
 - (d) 1525
 - (e) 1785 9

Answer (a) 1735

66. 40% of total student in school B is what percent more/less than half of student who know only Hindi in school A ?
- (a) 140%
 - (b) 110%
 - (c) 90%
 - (d) None of these
 - (e) 130%

Answer (b) 110%

67. What is difference of average of total student in all three schools and average of student who knows both language in school B and C ?
- (a) 920
 - (b) 840
 - (c) 890
 - (d) 990
 - (e) None of theses

Answer (d) 990

DIRECTIONS (Q. 68-72)

Data regarding investment of three different persons in three different schemes is given below. Study the data carefully and answer the following questions. → Out of total amount invested by 'Rahul' in all the three schemes, 25% is invested in scheme 'X'. Remaining amount is invested in scheme 'Y' and 'Z' equally. → 'Veer's' investment in scheme 'X' is 37.5% less than that of 'Anurag's' in same scheme. Total amount invested by 'Rahul', 'Veer' and 'Anurag' in all the three schemes is in the ratio of 4 : 5 : 6. Ratio between amount invested by 'Veer' in scheme 'Y' to in 'Z' is 3 : 2. Amount invested by 'Veer' in scheme 'Y' is 80% more than that in scheme 'X'. → Amount invested by Anurag in scheme 'Y' and 'Z' together is Rs. 20,000 more than the amount invested by 'Rahul' in both the same schemes together. Amount invested by Anurag in scheme 'Y' is 200% more than that in scheme 'Z'.

68. Rate of interest on scheme 'X', 'Y' and 'Z' is 10%, 20% and 30% p.a. at Simple interest. Find total interest earned by Rahul after 2 years.
- (a) Rs. 44,000
 - (b) Rs. 41,000
 - (c) Rs. 34,000
 - (d) Rs. 30,000
 - (e) Rs. 24,000 10
69. Veer and Anurag both invested in scheme 'X'. After 8 months Veer withdraw his total amount while Anurag withdraw his total amount after 12 months. If total profit of both is Rs. 7,650 then find the profit share of Veer.
- (a) Rs. 2,250
 - (b) Rs. 3,150
 - (c) Rs. 4050
 - (d) Rs. 4950
 - (e) Rs. 6750

Answer (a) Rs. 2,250

70. Total amount invested in scheme 'Y' by all three together is what percent more than total amount invested by all three in scheme 'Z' all together?
- (a) 50.25%
 - (b) 56.75%
 - (c) 62.75%
 - (d) 68.75%
 - (e) 72.25%

Answer (d) 68.75%

71. Find the ratio between amount invested by Veer on scheme 'X' to amount invested by Rahul in scheme 'Z'?
- (a) 4 : 3
 - (b) 1 : 1
 - (c) 2 : 3
 - (d) 5 : 8
 - (e) 5 : 6

Answer (e) 5 : 6

72. Scheme 'Z' offers 20% p.a. at Compound interest. Find interest earned by Veer is what percent more than interest earned by Anurag in that scheme?
- (a) 75%
 - (b) 50%
 - (c) 100%
 - (d) 150%
 - (e) 200%

Answer (b) 50%

DIRECTIONS (Q. 73-75)

Data given below about five vessels M, N, O, P & Q contains mixture of different liquid read the data carefully and answer the questions. Vessel M contains mixture of milk and water, vessel N contains mixture of water and orange juice, vessel O contains mixture of orange juice and Vodka, vessel P contains mixture of Vodka and apple juice and vessel Q contains mixture of apple juice and Scotch. Mixture of milk and water in vessel M in the ratio of 7 : 2 and quantity of water in vessel N equal to quantity of milk in vessel M. Mixture of orange juice and vodka into the vessel O in the ratio of 5 : 3 and total quantity of mixture in vessel O is 30 liter more than total quantity of mixture in vessel N. 11 A publishing house

73. If 72 l of mixture from vessel M and 36 mixture taken out from vessel N and mixed in another vessel G, then what will be ratio of milk, water and orange juice in vessel G?
- (a) 15 : 5 : 8
 - (b) 14 : 10 : 3
 - (c) 14 : 7 : 3
 - (d) 15 : 8 : 3
 - (e) 14 : 10 : 7

Answer (b) 14 : 10 : 3

74. If vessel N and O mixed together in a big vessel Z and 22.5 liter of mixture taken out from vessel Z, find quantity of Vodka in 22.5 liter of mixture?
- (a) 4.5 liter
 - (b) 9 liter
 - (c) 2.25 liter
 - (d) 1.5 liter
 - (e) 3.6 liter

Answer (a) 4.5 liter

75. If 64 liter of mixture from vessel O, 48 liter of mixture from P and 60 liter of mixture from vessel Q taken out and mixed together in vessel A, find the ratio of orange juice, vodka, apple juice and scotch in vessel A?
- (a) 40 : 42 : 75 : 25
 - (b) 40 : 25 : 75 : 52
 - (c) 40 : 52 : 75 : 15
 - (d) 30 : 52 : 75 : 15
 - (e) 40 : 42 : 75 : 15 12

Answer (e) 40 : 42 : 75 : 15 12

DIRECTIONS (Q. 76-80)

Neeraj have some toys which are in the form of different structures. These are cylindrical, conical, spherical. Other than solid conical structure, all two are of both types i.e., hollow as well as solid. → Volume of a conical toy is three times of the volume of a solid cylindrical toy while radius of a solid spherical toy is half than that the radius of a conical toy. Outer radius of hollow cylindrical toys is same as radius of solid spherical toy while average of outer radius and inner radius of hollow cylindrical toys is equal to radius of solid cylindrical toy. Height of cylindrical, conical and hollow cylindrical toys is same i.e, 14cm → Number of solid spherical toys is 20% of total number of toys Neeraj have. Number of hollow spherical toys is 150% more than number of conical toys. Ratio between number of solid cylindrical toys to number of conical toys is 3 : 2. Total number of hollow cylindrical toys is 40% of total number of toys Neeraj have and also '20' more than the total number of solid spherical toys Neeraj have. → Volume of a hollow spherical toy is $33,957 \text{ cm}^3$ whose inner radius is half of its outer radius.

76. Find the total space taken by all solid spherical toys? (in cm^3)

- (a) 97020
- (b) 48510
- (c) 72765
- (d) 14553
- (e) 24255

Answer (a) 97020

77. Find the number of conical toys Neeraj have?

- (a) 40
- (b) 20
- (c) 15
- (d) 12
- (e) 8 17

Answer (e) 8 17

78. Find the curved surface area of one hollow cylindrical toy? (in cm^2)

- (a) 616
- (b) 1232
- (c) 924
- (d) 462
- (e) 1386

Answer (b) 1232

79. Find the ratio between outer radius of hollow spherical toy to radius of solid cylindrical toy?

- (a) 4 : 1
- (b) 3 : 2
- (c) 3 : 1
- (d) 4 : 3
- (e) 2 : 1

Answer (c) 3 : 1

80. Volume of one hollow cylindrical toy is how much more then volume of one cylindrical toy?(in cm^3)

- (a) 4312
- (b) 3234
- (c) 2696
- (d) 2156
- (e) 1078

Answer (d) 2156

DIRECTIONS (Q. 81-84)

- Data about speed and length of six different trains is given below. Study the data carefully and answer the following question. Speed of six trains A, B, C, D, E and F are a, b, c, d, e and f respectively while time taken by six trains to cross a pole is PA, Pb, Pc, Pd, Pe and Pf respectively. Length of six trains A, B, C, D, E and F are la, lb, lc, ld, le and lf respectively → Train C can cross a pole in double time in which train E can cross a pole. Time taken by train D to cross a platform of 180 m length is twice than that time taken by same train to cross a pole. Train F can cross a platform double of its length in 36 seconds. Speed of train 'E' is 20% more than speed of train 'C'. Train 'A' can cross a platform of 100 m length in same time in which train 'F' can cross a pole. → Train 'B' can cross two poles 60 m apart from each other in 24 seconds. Train 'B' can cross train 'C' in 10 seconds if they move towards each other. Time taken by train 'D' to cross a platform of 300 m length is same time in which train 'C' can cross a pole. Given that $a : b \rightarrow 5 : 3 \Rightarrow d : f \rightarrow 4 : 3$ $PA: Pb \rightarrow 2 : 5 \Rightarrow ld: le \rightarrow 1 : 2$ 18 A publishing house

81. Train 'C' and Train 'D' enter in a tunnel from opposite sides at same time. Find the length of tunnel if both trains completely take exit from the tunnel at same time?

- (a) 900 m
- (b) 1200 m
- (c) 1500 m
- (d) 1800 m
- (e) 2100 m

Answer (c) 1500 m

82. Find the time in which train 'B' can cross a platform of same as length as of train 'F'?

- (a) 50 seconds
- (b) 52 seconds
- (c) 54 seconds
- (d) 56 seconds
- (e) 58 seconds

Answer (d) 56 seconds

83. Train 'A' starts from station Rewari and move towards Gurgaon. After 4 hours Train 'F' starts from station Rewari and move towards Gurgaon. After how much time Train 'F' will overtake train 'A' if length of both trains is taken as negligible?

- (a) 5 hours after start of Train 'F'
- (b) 5 hours after start of train 'A'
- (c) 9 hours after start of train 'F'
- (d) 9 hours after start of train 'A'
- (e) Both

Answer (e) Both

84. Train 'C' starts from Gurgaon station while train 'D' starts from Delhi station at same time. Both starts to move towards each other. After how much time trains will completely cross each other if distance between Delhi and Gurgaon is 30km?

- (a) 208 seconds
- (b) 218 seconds
- (c) 223 seconds
- (d) 228 seconds
- (e) 238 seconds

Answer (d) 228 seconds

DIRECTIONS (Q. 85-88)

Satish, Abhi and Bhavya are three persons who each invested some amount in three different schemes (P, Q and R). Data tells about amount invested and time of investment by them. Study the data carefully & answer the following questions. → Amount invested by Satish in scheme 'P' is half than that amount invested by Bhavya in same scheme. Abhi invested Rs 80,000 in scheme 'P' and time for which he invested in scheme 'P' is 5 months more than time for which Satish invested in same scheme. Ratio of amount invested by Satish and Bhavya in Scheme 'R' is same as ratio of amount invested by Satish and Bhavya in scheme 'P'. Abhi invested 20,000 less in scheme 'R' than that of amount invested by Bhavya in scheme 'R'. → Time of investment of Abhi and Bhavya is same in scheme 'Q'. Amount invested by Abhi in scheme 'Q' is 96% of amount invested by Satish in scheme 'Q'. Bhavya invested Rs 1,00,000 more than Abhi in scheme 'Q'. Ratio of amount invested by Satish in scheme 'P' to scheme 'Q' is 3 : 5. Ratio of amount invested by Bhavya in scheme 'P' to scheme 'Q' is 15 : 22. → Out of total profit earned from scheme 'Q' Bhavya got 50%. Ratio of profit share of Satish and Abhi is 3 : 4 in scheme 'R'

- 85.** Abhi and Bhavya both invested same amount they invested in scheme 'Q' in two different schemes i.e, S1 and S2 respectively. S1 and S2 offers 20% p.a at C.I and 25% p.a at S.I respectively. Find the difference between interest earned by both after 2 years?

- (a) 36,800
- (b) 41,900
- (c) 47,000
- (d) 52,100
- (e) 57,200 20

Answer (e) 57,200 20

- 86.** If Bhavya earned Rs. 28,980 profits from scheme 'R' which is 125% more than profit earned by him from scheme 'P', then find total profit earned by Satish from scheme 'P' and 'R' together?

- (a) 33,948
- (b) 26,588
- (c) 30,268
- (d) 22,908
- (e) 37,628

Answer (b) 26,588

- 87.** Find interest earned by Satish if scheme 'Q' offers S.I. at the rate of 15% p.a?

- (a) Rs26500
- (b) Rs29000
- (c) Rs28000
- (d) Rs25000
- (e) Rs27500

Answer (d) Rs25000

- 88.** Amount invested by Bhavya in scheme 'R' is what percent more than amount invested by Satish in scheme 'P'?

- (a) 140%
- (b) 100%
- (c) 144%
- (d) 50%
- (e) 20%

Answer (a) 140%

DIRECTIONS (Q. 89-93)

Study the following information carefully and answer the questions given below: Eight persons A to H were born (but not necessarily in the same order) on two different dates i.e., 5 or 20 in four different months viz. April, May, July and September. F was born just before H on odd date in the month having odd days. The numbers of persons were born after F is same as the numbers of persons were born before D. E was born just after G who was born two persons after A. C was born before B.

89. The numbers of persons were born between G and H is same as the numbers of persons were before _____.

- (a) A
- (b) B
- (c) F
- (d) D
- (e) None of these

Answer (c) F

90. In which month was E born?

- (a) April
- (b) May
- (c) July
- (d) September
- (e) Cannot be determined

Answer (d) September

91. How many persons were born after A?

- (a) One
- (b) Three
- (c) Two
- (d) Four
- (e) Cannot be determined

Answer (b) Three

92. Who was born in the month of May?

- (a) A
- (b) C
- (c) D
- (d) G
- (e) H

Answer (e) H

93. Which of the following statement is true?

- (a) A was born on the 20th
- (b) D was born after B
- (c) G was born in July
- (d) H was born after D
- (e) E was born on an odd date

Answer (b) D was born after B

DIRECTIONS (Q. 94-95)

In each question below some statements are given followed by two conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements, disregarding commonly known facts. Give answer-

94. Statements: All animal are birds Only a few birds are mammal No mammal is carnival **Conclusions:**

- I. All birds can never be mammal
- II. Some birds are not carnival
- (a) If only conclusion I follows
- (b) If only conclusion II follows
- (c) If either conclusion I or II follows
- (d) If neither conclusion I nor II follows
- (e) If both conclusions I and II follow

Answer (e) If both conclusions I and II follow

95. Statements: Only a few numbers are letter All symbols are letter No letter is ruin **Conclusions:**

- I. All symbols being ruin is a possibility
- II. Some numbers are not ruin
- (a) If only conclusion I follows
- (b) If only conclusion II follows
- (c) If either conclusion I or II follows
- (d) If neither conclusion I nor II follows
- (e) If both conclusions I and II follow

Answer (b) If only conclusion II follows

DIRECTIONS (Q. 96-100)

Study the following information carefully and answer the questions given below: Eight persons – A, B, C, D, E, F, G and H sit around a circular table and all of them face towards the centre of the table but not necessarily in the same order. E sits second to the right of F. Only two persons sit between A and E. B faces G and sits second to the right of C. H doesn't sit adjacent to A.

96. How many persons sit between H and G when counts from the left of H?

- (a) Four
- (b) Two
- (c) One
- (d) Three
- (e) Five

Answer (b) Two

97. Which among the following statement is true?

- (a) H faces the one who sits immediate left of A
- (b) C sits adjacent to D
- (c) Three persons sit between B and G
- (d) H sits two persons away from A
- (e) None is true

Answer (c) Three persons sit between B and G

98. If all the persons sit in alphabetical order starts from A in clockwise direction, then the position of how many persons remains unchanged (excluding A)?

- (a) One
- (b) Two
- (c) None
- (d) Three
- (e) More than three

Answer (a) One

99. What is the position of D with respect to F?

- (a) Fifth to the right
- (b) Sixth to the left
- (c) Third to the right
- (d) Second to the left
- (e) Immediate left

Answer (d) Second to the left

100. Four of the following five are alike in certain way and thus forms a group, then who among the following doesn't belong to that group?

- (a) A-C
- (b) B-G
- (c) D-E
- (d) H-F
- (e) B-A

Answer (e) B-A

DIRECTIONS (Q. 101-102)

Study the following information carefully and answer the questions given below: A is the mother of D and B. G's daughter is married with D. F is the brother-in-law of H. H and M are not siblings. M is the sister-in-law of B and vice versa. F is the only brother of G who is grandmother of K.

101. Who is the grandfather of K?

- (a) A
- (b) B
- (c) H
- (d) M
- (e) D

Answer (c) H

102. If C is the wife of K, then how D is related to C?

- (a) Father-in-law
- (b) Uncle
- (c) Grandfather
- (d) Brother-in-law
- (e) None of the above

Answer (a) Father-in-law

DIRECTIONS (Q. 103-107)

Study the following alphabet and symbol series carefully and answer the questions given below:

103. Which among the following element is 6th to the right of the 11th element from the right end of the given series?

- (a) D
- (b) F
- (c) ϕ
- (d) L
- (e) α

Answer (c) ϕ

104. If all the symbols are eliminated from the given series, then which among the following is the 8th letter from the left end?

- (a) U
- (b) T
- (c) O
- (d) I
- (e) P

Answer (d) I

105. How many vowels are immediately preceded by a letter and immediately followed by a symbol in the given series?

- (a) Four
- (b) Two
- (c) One
- (d) Three
- (e) Five

Answer (d) Three

106. Four of the following five are alike in certain way in the given series and thus forms a group, then which among the following doesn't belong to that group?

- (a) WE!
- (b) %&R
- (c) H βO
- (d) ∞®L
- (e) ASF

Answer (c) H βO

107. How many symbols are to the right of 8th letter from the right end in the given series?

- (a) Five
- (b) Four
- (c) Three
- (d) Six
- (e) Seven

Answer (b) Four

108. How many such pairs of digits are there in the number '38172946', each of which has as many digits between them in the number as they have in the number series (both forward and backward direction)?

- (a) One
- (b) Three
- (c) More than four
- (d) Two
- (e) Four

Answer (c) More than four

DIRECTIONS (Q. 109-113)

Study the following information carefully and answer the questions given below: Seven persons go to watch movie on different days from Monday to Sunday of the same week. At most one person goes before C. As many persons go before C as after E. Only two persons go between E and D. G goes two persons after A. More than two persons go between F and B. A doesn't go after B.

109. Who among the following person goes to watch movie on Thursday?

- (a) E
- (b) A
- (c) C
- (d) F
- (e) D

Answer (e) D

110. How many persons go to watch movie between C and B?

- (a) Two
- (b) Five
- (c) Three
- (d) Four
- (e) Six

Answer (d) Four

111. On which among the following days does B go to watch movie?

- (a) Sunday
- (b) Tuesday
- (c) Saturday
- (d) Wednesday
- (e) Monday

Answer (c) Saturday

112. Which among the following statement is not true?

- (a) C goes to watch movie at least before three persons
- (b) Even number of persons go to watch movie between A and B
- (c) B goes to watch movie after F
- (d) F goes to watch movie on Monday
- (e) All are true

Answer (d) F goes to watch movie on Monday

113. If all the persons go to watch movie in alphabetical order from Monday to Sunday, then the position of how many persons changed?

- (a) One
- (b) Six
- (c) Three
- (d) Four
- (e) Five

Answer (b) Six

114. If we form a four-letter meaningful word by using the first, second, fourth and sixth letter from the left end of the word 'FRANCHISE', then which of the following will be the fourth letter of the meaningful word thus formed. If more than one meaningful word is formed mark Z as your answer. If no meaningful word is formed, mark X as your answer?

- (a) F
- (b) R
- (c) H

- (d) X
- (e) Z

Answer (d) X

DIRECTIONS (Q. 115-117)

Study the following information carefully and answer the questions given below: Six persons are arranged according to their height in descending order. Q and P are taller than U. Only one person is shorter than T. R is taller than U but shorter than Q. Height of R is 154cm. Difference between height of R and P is 8cm. As many persons taller than P as shorter than U. S is shorter than U.

115. Who among the following is the second shortest person?

- (a) Q
- (b) P
- (c) T
- (d) U
- (e) R

Answer (c) T

116. How many persons are taller than U?

- (a) Three
- (b) Two
- (c) One
- (d) Four
- (e) None of these

Answer (a) Three

117. What may be the height of Q?

- (a) 146cm
- (b) 158cm
- (c) 150cm
- (d) 152cm
- (e) 151cm

Answer (b) 158cm

DIRECTIONS (Q. 118-122)

Study the following information carefully and answer the questions given below: In a certain code language: "Dream your special wish" is coded as "mr kt wc sg" "Your willing is dream" is coded as "lg ut wc kt" "Special dream is aim" is coded as "wc qk mr lg" "Think wise special willing" is coded as "yl ut mr pt"

118. What is the code of "Wish"?

- (a) mr
- (b) sg
- (c) wc
- (d) kt
- (e) Either kt or wc

Answer (b) sg

119. The code "pt" is coded for?

- (a) Wise
- (b) Think
- (c) Special
- (d) Either think or wise
- (e) Either Wise or Special

Answer (d) Either think or wise

120. If “think twice” is coded as “dw yl” then how is “wise towards” coded?

- (a) pt lg
- (b) qk pt
- (c) pt vx
- (d) lg ut
- (e) Can't be determined

Answer (c) pt vx

121. What is the code of “Dream wise”?

- (a) wc sg
- (b) pt wc
- (c) wc yl
- (d) Either pt wc or wc yl
- (e) None of these

Answer (d) Either pt wc or wc yl

122. The code “mr qk” is coded for?

- (a) aim wise
- (b) think dream
- (c) willing is
- (d) wish dream
- (e) None of these

Answer (e) None of these

DIRECTIONS (Q. 123-127)

In each of these questions a number series is given. In each series only one number is wrong. Find out the wrong number.

123. 91, 164, 134, 207, 177, 245, 220

- (a) 164
- (b) 245
- (c) 207
- (d) 91
- (e) 220

Answer (b) 245

124. 1.5, 9, 51, 205, 616, 1233, 1234

- (a) 616
- (b) 51
- (c) 1.5
- (d) 1233
- (e) 9 8

Answer (e) 9 8

125. 1180, 600, 316, 172, 100, 64, 46

- (a) 316
- (b) 64
- (c) 172
- (d) 600
- (e) 46

Answer (d) 600

126. 15.5, 19, 23.5, 29, 35.5, 40, 51.5

- (a) 40
- (b) 15.5
- (c) 19
- (d) 23.5
- (e) 51.5

Answer (a) 40

127. 23, 347, 603, 799, 940, 1043, 1107

- (a) 23
- (b) 940
- (c) 347
- (d) 603
- (e) 1043

Answer (b) 940

DIRECTIONS (Q. 128-132)

The table given below shows total number of bikes manufactured by four (A, B, C and D) different companies in two different (2021 and 2022) years. Read the table carefully and answer the questions.

Companies	Total bikes manufactured in 2021	Total bikes manufactured in 2022
A	120	280
B	180	320
C	240	300
D	260	240

128. Find the ratio of total bikes manufactured by A in 2021 to total bikes manufactured by B and C together in 2022.

- (a) 5 : 21
- (b) 6 : 31
- (c) 6 : 29
- (d) 6 : 41
- (e) 6 : 35

Answer (b) 6 : 31

129. If 30% of total bikes manufactured by D in 2021 are brand X bikes and remaining are brand Y bikes, then find the difference between brand X and brand Y bikes manufactured by D in 2021.

- (a) 52
- (b) 65
- (c) 130
- (d) 78
- (e) 104 9

Answer (e) 104 9

130. If C sold each bike at Rs. 8000 in 2021 and at Rs. 9000 in 2022, then find total revenue (in Rs.) generated by C in both the given years.

- (a) 3990000 Rs
- (b) 2160000 Rs
- (c) 4620000 Rs
- (d) 2210000 Rs
- (e) 3290000 Rs

Answer (c) 4620000 Rs

131. Total bike manufactured by C in 2021 and D in 2022 together is what percent of total bike manufactured by A and B together in 2021.

- (a) 200%
- (b) 260%
- (c) 140%
- (d) 160%
- (e) 120%

Answer (d) 160%

132. If average number of bikes manufactured by C, D and E in 2021 is 290, then find total number of bikes manufactured by E in 2021.

- (a) 370
- (b) 270
- (c) 470
- (d) 310
- (e) 350

Answer (a) 370

133. The length of a rectangle is 12 cm and the side of a square is 14 cm less than the sum of the length and breadth of the rectangle. If the perimeter of the rectangle is 16 cm more than the perimeter of the square, then find the breadth of the rectangle.

- (a) 6 cm
- (b) 10 cm
- (c) 8 cm
- (d) 4 cm
- (e) 5 cm

Answer (c) 8 cm

134. The average weight of a group of five people is 85 kg. If a new person joined the group and the average weight decreased by 5 kg, then find the weight of the new person.

- (a) 45 kg
- (b) 58 kg
- (c) 61 kg
- (d) 42 kg
- (e) 55 kg

Answer (e) 55 kg

135. A alone can complete a work in 40 days. A and B together can complete one-fourth of the work in 3 days. If A started the work alone and, after 8 days, B joined, then find the number of days taken by A and B together to complete the remaining work.

- (a) 5.4 days
- (b) 4.8 days
- (c) 9.6 days
- (d) 8.1 days
- (e) 7.2 days

Answer (c) 9.6 days

136. 'A' started a business with an investment of Rs.8000 and after six months, 'B' joined with an investment of Rs. X. If at the end of the year, the profit share of 'B' is Rs.21000 out of a total profit of Rs.49000, then find the value of X.

- (a) 12000
- (b) 10000
- (c) 14000
- (d) 8000

(e) 16000

Answer (a) 12000

137. A shopkeeper marked an article 40% above its cost price and allowed a discount of 20%. Had he marked the article 50% above its cost price and allowed a discount of 12%, the selling price would have been Rs. 90 more than the earlier selling price. Find 130% of the cost price.

(a) 495

(b) 585

(c) 675

(d) 885

(e) 395

Answer (b) 585

138. A boat covers 54 km distance in upstream in nine hours and the same boat covers 60 km distance in downstream in five hours. Find the ratio of speed of boat in still water to speed of stream.

(a) 4 : 1

(b) 3 : 2

(c) 3 : 1

(d) 1 : 3

(e) 5 : 1

Answer (c) 3 : 1

139. 'x' years hence, the ratio of age of A to that of B will be 7 : 5. 'x+4' years hence the ratio of age of A to that of B will be 4 : 3. If present age of A is 26 years, then find the present age of B.

(a) 21 years

(b) 12 years

(c) 15 years

(d) 18 years

(e) 19 years

Answer (d) 18 years

140. A man invested Rs. 4000 at rate of R% p.a. for three years on simple interest and he received Rs. 1800 as interest. If the man invested Rs. 5000 at rate of (R-5) % p.a. on compound interest for two years, then find the interest received by the man.

(a) 750 Rs

(b) 2200 Rs

(c) 1612.5 Rs

(d) 1050 Rs

(e) 512.5 Rs

Answer (d) 1050 Rs

141. The ratio of the speeds of a train and a man is 6 : 1 respectively. The length of the train is 780 m and crosses a pole in 1 minute 5 seconds. In how much time will the man cross the 240 m long platform?

(a) 120 seconds

(b) 60 seconds

(c) 90 seconds

(d) 180 seconds

(e) 150 seconds

Answer (a) 120 seconds

142. In a vessel water is 40% of the milk. When 28 litres of mixture are taken out from the vessel and 10 litres of water is added in the remaining mixture, then quantity of water becomes 60% of the milk. Find the initial quantity of milk?
- (a) 70 litres
 - (b) 21 litres
 - (c) 14 litres
 - (d) 35 litres
 - (e) 49 litres

Answer (a) 70 litres

DIRECTIONS (Q. 143-151)

Read the given passage and answer the following questions. Some parts have been highlighted to aid in answering the questions. Ato was a young man who lived in a small village in the mountains. The village had been suffering from an ancient salt deficiency for generations. The soil was so poor that it couldn't produce crops, and the people were forced to eat tasteless food. They were also weak and sickly, and many of them died young. The man was determined to find a way to help his people. He travelled far and wide, seeking out knowledge about salt and how to produce it. He met with wise men and scholars, and he studied ancient texts. He even travelled to distant lands, where he learned about the salt mines of other cultures. After many years, Ato finally returned to his village with the knowledge he had sought. He told the people of his village about salt and how it could help them. He also told them about the salt mines he had seen in other lands. The people were sceptical at first. They had never heard of salt before, and they didn't believe that it could help them. But the man was patient and persistent. He taught the people how to grow crops that required salt, and he showed t

143. What was the main problem faced by the village in the mountains?
- (a) Lack of water for irrigation, which led to poor crop yields and food scarcity
 - (b) Soil with excessive nutrients, causing imbalances in plant growth and quality
 - (c) Ancient salt deficiency that had plagued the village for generations, affecting both crops and health
 - (d) Overpopulation, putting a strain on available resources and causing malnutrition
 - (e) Excessive rainfall, leading to soil erosion and difficulty in cultivation

Answer (c) Ancient salt deficiency that had plagued the village for generations, affecting both crops

144. How did Ato attempt to solve the village's problem?
- (a) By building a dam for water supply to enhance agricultural productivity
 - (b) By importing crops from other villages to address food shortages
 - (c) By teaching the villagers to mine for gold as an alternative source of wealth
 - (d) By seeking knowledge about salt and its production to combat the salt deficiency issue
 - (e) By introducing advanced medical treatments to improve the villagers' health

Answer (d) By seeking knowledge about salt and its production to combat the salt deficiency issue

145. How did the villagers initially react to Ato's knowledge about salt?
- (a) They were excited and immediately started implementing his ideas to alleviate their struggles
 - (b) They were sceptical and didn't believe salt could be a solution to their long-standing problem
 - (c) They welcomed him as a hero without any doubts, grateful for his efforts
 - (d) They ignored his advice and continued with their traditional practices, resistant to change
 - (e) They thought he was a magician and feared the potential consequences of his knowledge

Answer (b) They were sceptical and didn't believe salt could be a solution to their long-standing pro

146. What did Ato teach the villagers to do in order to improve their situation?
- (a) How to build better houses using local materials and techniques
 - (b) How to mine for precious stones to bring in additional income for the village
 - (c) How to grow crops that required salt, thus addressing the salt deficiency issue
 - (d) How to perform ancient rituals for good luck and improved agricultural outcomes
 - (e) How to raise livestock in the mountains to diversify their food sources

Answer (c) How to grow crops that required salt, thus addressing the salt deficiency issue

147. How did the village change after implementing Ato's knowledge?

- (a) The people became weaker and sicker due to the increased salt consumption
- (b) The villagers started fighting over the salt resources, causing conflicts
- (c) The village experienced a shortage of water, hampering agricultural activities
- (d) The soil became more fertile, and crops grew well, leading to better health and food security
- (e) The villagers decided to move to a different location to escape their salt-related issues

Answer (d) The soil became more fertile, and crops grew well, leading to better health and food security

148. Why is Ato remembered in his village?

- (a) For introducing new religious practices that brought unity to the villagers
- (b) For discovering a hidden treasure that greatly enriched the village
- (c) For teaching them advanced medical treatments that improved their well-being
- (d) For finding a way to address their salt deficiency, leading to improved living conditions
- (e) For leading the village's defence against invaders and ensuring their safety

Answer (d) For finding a way to address their salt deficiency, leading to improved living conditions

149. Choose the most appropriate synonym for the word “persistent” as is highlighted in the passage.

- (a) Temporary
- (b) Fleeting
- (c) Resolute
- (d) Uncertain
- (e) Random

Answer (c) Resolute

150. Which of the following words is most similar to the word “overcome” as it is used in the passage?

- (a) Surrender
- (b) Complicate
- (c) Maintain
- (d) Retreat
- (e) Conquer

Answer (e) Conquer

151. Choose the most appropriate antonym for the word “sceptical” as is highlighted in the passage.

- (a) Cautious
- (b) Trusting
- (c) Doubtful
- (d) Hesitant
- (e) Apprehensive

Answer (b) Trusting

DIRECTIONS (Q. 152-156)

Rearrange the following sentences in the proper sequence to form a meaningful paragraph; then answer the questions given below them. (A) Embracing these goals is essential to build a more equitable, resilient, and harmonious world for current and future generations. (B) These goals, established by the United Nations, encompass a range of interconnected targets, from ending hunger and promoting health and education to fostering gender equality and clean energy access. (C) The 17 Sustainable Development Goals (SDGs) serve as a comprehensive blueprint for global prosperity, focusing on eradicating poverty, protecting the planet, and ensuring a better future for all. (D) The SDGs strive to tackle pressing challenges such as climate change, inequality, and social injustice, aiming to create inclusive and sustainable societies by 2030. (E) By uniting nations, organizations, and individuals in a collective effort, the SDGs envision a world where economic growth is balanced with environmental conservation, social equity, and responsible consumption.

152. Which of the following should be the third sentence after rearrangement?

- (a) D
- (b) A
- (c) B
- (d) E
- (e) C

Answer (a) D

153. Which of the following should be the fourth sentence after rearrangement?

- (a) A
- (b) D
- (c) B
- (d) E
- (e) C

Answer (d) E

154. Which of the following should be the second sentence after rearrangement?

- (a) C
- (b) E
- (c) D
- (d) A
- (e) B

Answer (e) B

155. Which of the following should be the fifth sentence after rearrangement?

- (a) B
- (b) E
- (c) D
- (d) C
- (e) A

Answer (e) A

156. Which of the following should be the first sentence after rearrangement?

- (a) C
- (b) A
- (c) E
- (d) B
- (e) D

Answer (a) C

DIRECTIONS (Q. 157-161)

In each of the questions given below four words are given in bold. These four words may or may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. If the sentence is correct as it is then select option (e) as your choice.

157. A large house (A) of wire will be needed to run (B) the cable (C) line from one end of the spool (D) to the other.

- (a) A-D
- (b) A-D & B-C
- (c) B-C
- (d) A-C & B-D
- (e) No interchange required

Answer (a) A-D

158. The GST Council needs (A) to meet (B) more often (C) and turn (D) its to-do list into a must-do list expeditiously.

- (a) A-C
- (b) C-D
- (c) A-D
- (d) B-D
- (e) No interchange required

Answer (e) No interchange required

159. A grand (A) procession streets (B) through the rolled (C) of the festive (D) city.

- (a) A-C & B-D
- (b) B-C
- (c) A-D & B-C
- (d) A-D
- (e) No interchange required

Answer (b) B-C

160. As the boy walked (A) into his favorite teacher's classroom, he realized (B) that it was a class (C) to have his best friend in the same perk (D) with him.

- (a) A-C & B-D
- (b) B-C
- (c) A-B & C-D
- (d) C-D
- (e) no replacement required

Answer (d) C-D

161. Unravelling (A) the fishing (B) line wrapped (C) tightly around the spool, the fisherman prepared

- (d) to cast his pole
- (a) A-D
- (b) C-B
- (c) B-D
- (e) No interchange required

Answer (e) No interchange required

DIRECTIONS (Q. 162)

Each of the following questions give a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. You must choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence or the correct sequence doesn't match with any of the given sequence, mark option (e). i.e., " No rearrangement required " as your answer.

162. the leaves, plants release the (A)/ moved from the roots to (B)/ once water is (C)/ excess liquid in the form of vapor (D).

- (a) ADCB
- (b) CBAD
- (c) DBCA
- (d) BADC
- (e) No arrangement required

Answer (b) CBAD

DIRECTIONS (Q. 163-167)

In each question a part is omitted which is then replaced by a blank. Choose the word from the given options that will fit into the blank most appropriately.

163. I was going out when the telephone_____.

- (a) was ringing
- (b) rang
- (c) ringing
- (d) rings
- (e) had rang

Answer (b) rang

164. She used to _____ after him wherever he went.

- (a) following
- (b) follow through
- (c) follow up
- (d) follow
- (e) followed

Answer (d) follow

165. The artist's unique style and creative vision _____ a sense of wonder and awe among viewers.

- (a) evoked
- (b) suppressed
- (c) restricted
- (d) defied
- (e) weakened

Answer (a) evoked

166. The musician's soulful performance and heartfelt lyrics _____ a deep emotional connection with the audience.

- (a) severed
- (b) forged
- (c) ramify
- (d) disrupted
- (e) disenchanted

Answer (b) forged

167. The sudden economic downturn _____ a wave of uncertainty among investors and business owners.

- (a) ignited
- (b) alleviated
- (c) fortified
- (d) depleted
- (e) fostered

Answer (a) ignited

DIRECTIONS (Q. 168-172)

Read each sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of that part is the answer. If there is 'No error', the answer is (e). (Ignore errors of punctuation, if any).

168. In the pond, the (A)/ small guppy flapped (B)/ his tailfin back and forth (C)/ to swim next to the bigger fish.(D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error

Answer (c) C

169. Since the police has not (A)/ given a statement yet, the (B)/ reporter can only make a (C)/ conjecture about the crisis (D).

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error

Answer (a) A

170. An oculist is a (A)/ medical professional who (B)/ specializes in diseases associated (C)/ for the eyes (D).

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error

Answer (d) D

171. The investor sold all (A)/ of his stocks after having (B)/ a premonition about (C)/ the market crashes (D).

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error

Answer (d) D

172. If logical minds do not (A)/ prevail, a major war will (B)/ break out between the two (C)/ largest gangs in the city (D).

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error

Answer (e) No Error

DIRECTIONS (Q. 173)

Study the following information carefully and answer the questions given below: Eight persons A to H were born (but not necessarily in the same order) on two different dates i.e., 5 or 20 in four different months viz. April, May, July and September. F was born just before H on odd date in the month having odd days. The numbers of persons were born after F is same as the numbers of persons were born before D. E was born just after G who was born two persons after A. C was born before B.

173. Who was born in the month of May?

- (a) A
- (b) C
- (c) D
- (d) G
- (e) H

Answer (e) H

DIRECTIONS (Q. 174)

Study the following information carefully and answer the questions given below: Eight persons – A, B, C, D, E, F, G and H sit around a circular table and all of them face towards the centre of the table but not necessarily in the same order. E sits second to the right of F. Only two persons sit between A and E. B faces G and sits second to the right of C. H doesn't sit adjacent to A.

174. Four of the following five are alike in certain way and thus forms a group, then who among the following doesn't belong to that group?

- (a) A-C
- (b) B-G
- (c) D-E
- (d) H-F
- (e) B-A

Answer (e) B-A

DIRECTIONS (Q. 175)

Study the following alphabet and symbol series carefully and answer the questions given below:

175. If all the symbols are eliminated from the given series, then which among the following is the 8th letter from the left end?

- (a) U
- (b) T
- (c) O
- (d) I
- (e) P

Answer (d) I

DIRECTIONS (Q. 176)

Study the following information carefully and answer the questions given below: Seven persons go to watch movie on different days from Monday to Sunday of the same week. At most one person goes before C. As many persons go before C as after E. Only two persons go between E and D. G goes two persons after A. More than two persons go between F and B. A doesn't go after B.

176. Who among the following person goes to watch movie on Thursday?

- (a) E
- (b) A
- (c) C
- (d) F
- (e) D

Answer (e) D

177. The average weight of a group of five people is 85 kg. If a new person joined the group and the average weight decreased by 5 kg, then find the weight of the new person.

- (a) 45 kg
- (b) 58 kg
- (c) 61 kg
- (d) 42 kg
- (e) 55 kg

Answer (e) 55 kg

DIRECTIONS (Q. 178)

Read the given passage and answer the following questions. Some parts have been highlighted to aid in answering the questions. Ato was a young man who lived in a small village in the mountains. The village had been suffering from an ancient salt deficiency for generations. The soil was so poor that it couldn't produce crops, and the people were forced to eat tasteless food. They were also weak and sickly, and many of them died young. The man was determined to find a way to help his people. He travelled far and wide, seeking out knowledge about salt and how to produce it. He met with wise men and scholars, and he studied ancient texts. He even travelled to distant lands, where he learned about the salt mines of other cultures. After many years, Ato finally returned to his village with the knowledge he had sought. He told the people of his village about salt and how it could help them. He also told them about the salt mines he had seen in other lands. The people were sceptical at first. They had never heard of salt before, and they didn't believe that it could help them. But the man was patient and persistent. He taught the people how to grow crops that required salt, and he showed t

178. Choose the most appropriate antonym for the word "sceptical" as is highlighted in the passage.

- (a) Cautious
- (b) Trusting
- (c) Doubtful
- (d) Hesitant
- (e) Apprehensive

Answer (b) Trusting

DIRECTIONS (Q. 179)

In each of the questions given below four words are given in bold. These four words may or may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. If the sentence is correct as it is then select option (e) as your choice.

179. As the boy walked (A) into his favorite teacher's classroom, he realized (B) that it was a class (C) to have his best friend in the same perk (D) with him.

- (a) A-C & B-D
- (b) B-C
- (c) A-B & C-D
- (d) C-D
- (e) no replacement required

Answer (d) C-D

DIRECTIONS (Q. 180)

In each question a part is omitted which is then replaced by a blank. Choose the word from the given options that will fit into the blank most appropriately.

180. The artist's unique style and creative vision _____ a sense of wonder and awe among viewers.

- (a) evoked
- (b) suppressed
- (c) restricted
- (d) defied
- (e) weakened

Answer (a) evoked

DIRECTIONS (Q. 181-182)

Read each sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of that part is the answer. If there is 'No error', the answer is (e). (Ignore errors of punctuation, if any).

181. An oculist is a (A)/ medical professional who (B)/ specializes in diseases associated (C)/ for the eyes (D).

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error

Answer (d) D

182. If logical minds do not (A)/ prevail, a major war will (B)/ break out between the two (C)/ largest gangs in the city (D).

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No Error Solutions S1. Ans.(c) Sol. S2. Ans.(d) Sol. S3. Ans.(b) Sol

Answer (e) No Error Solutions S1. Ans.(c) Sol. S2. Ans.(d) Sol. S3. Ans.(b) Sol

DIRECTIONS (Q. 183-187)

In each of the following questions, a sentence is given in which a word/phrase has been given in bold; three words/phrases are provided which may or may not replace the part to form a grammatically and contextually correct sentence. Choose the correct option from the five options that could replace the word given in bold. 2

- 183.** The fear that should another crisis break out, resulting in contagion, policymakers and central banks have no new tools left to contain after-effects is added to the concern. i) Have added to dread ii) Has added to unease iii) Has added to anxiety

- (a) i) and ii)
- (b) Only iii)
- (c) ii) and iii)
- (d) i) and iii)
- (e) No correction required

Answer (c) ii) and iii)

- 184.** Negative entities are more catching than positive ones, and bad impressions are quicker to form and more resistant to disconfirmation. i) Endemic ii) Contagious iii) Innocuous

- (a) i) and ii)
- (b) ii) and iii)
- (c) i) and iii)
- (d) Only ii)
- (e) No correction required

Answer (d) Only ii)

- 185.** The Agenda underlines fintech's potential for awakening businesses as well but that is complicated in an economy like India's which is dominated by micro, small and medium enterprises i) Instigating ii) Spurring iii) Deprecating

- (a) i) and ii)
- (b) ii) and iii)
- (c) i) and iii)
- (d) Only i)
- (e) No correction required

Answer (a) i) and ii)

- 186.** Going digital for payments can be complicated, this is especially so when modes of digital payment had multiplied in the past few years. i) Would burgeoned ii) Have proliferated iii) Had escalated

- (a) i) and iii)
- (b) Only ii)
- (c) i) and ii)
- (d) ii) and iii)
- (e) No correction required

Answer (b) Only ii)

- 187.** An/A undevelop nervousness that has undergirded market behaviour over past six months, spilled out into the open after the International Monetary Fund's edition explicitly mentioned that emerging markets could bear the brunt of the next crisis. i) Nubile ii) Pompous iii) Inchoate

- (a) ii) and iii)
- (b) i) and iii)
- (c) i) and ii)
- (d) Only iii)
- (e) No correction required

Answer (d) Only iii)

188. Find the final step of the given input from the following?

- (a) 100
 - (b) 90
 - (c) 120
 - (d) 00
 - (e) None of these
- REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM

Answer (d) 00

189. Which of the following fits the blank (1) in the given coded language?

- (a) M3\$
- (b) O5\$
- (c) M5\$
- (d) O3\$
- (e) None of these

Answer (b) O5\$

190. Which of the following fits the blank (2) in the given coded language?

- (a) Homeopathic
- (b) Electronic
- (c) Magnetic
- (d) Telephonic
- (e) None of these

Answer (d) Telephonic

191. Which of the following fits the blank (3) in the given coded language?

- (a) Q6#
 - (b) O4#
 - (c) O4\$
 - (d) Q4\$
 - (e) None of these
- REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM

Answer (c) O4\$

192. Which of the following fits the blank (4) in the given coded language?

- (a) Genital
- (b) Technical
- (c) Electrical
- (d) Microbial
- (e) None of these

Answer (a) Genital

193. Which of the following fits the blank (5) in the given coded language?

- (a) D9@
 - (b) F9@
 - (c) D8#
 - (d) F8#
 - (e) None of these
- REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
ANSWER INPUT-OUTPUT

Answer (b) F9@

DIRECTIONS (Q. 194-195)

In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and give answer.

194. I. $78x^2 - 29\sqrt{13} + 34 = 0$

II. $18y^2 + 17y + 4 = 0$

- (a) if $x \geq y$
- (b) if $x \leq y$
- (c) if $x < y$
- (d) if $x > y$
- (e) if $x = y$ or relationship between x and y can't be established

Answer (d) if $x > y$

195. I. $21x^2 - 37x + 12 = 0$

II. $15y^2 - 8y - 12 = 0$

- (a) if $x \geq y$
- (b) if $x \leq y$
- (c) if $x < y$
- (d) if $x > y$
- (e) if $x = y$ or relationship between x and y can't be established

Answer (c) if $x < y$

DIRECTIONS (Q. 196)

In each of these questions two equations numbered I and II are given. You have to solve both the equations and give answer.

196. I. $42x^2 - 162x - 24 = 0$

II. $12y^2 + 24y - 288 = 0$

- (a) $x < y$
- (b) $x \leq y$
- (c) If either $x = y$ or the relationship can't be established
- (d) $x > y$
- (e) $x \geq y$

Answer (a) $x < y$

DIRECTIONS (Q. 197-202)

Read the given passage to answer the following questions The hydrological cycle is expected to _____ with global warming, which likely increases the intensity of extreme precipitation events and the risk of flooding. The changes, however, often differ from the theorized expectation of increases in water-holding capacity of the atmosphere in the warmer conditions, especially when water availability is limited. Results show an intensification of extreme precipitation and flood events over all climate regions which increases as water availability increases from dry to wet regions. Similarly, there is an increase in the intensification of extreme precipitation and flood with the seasonal cycle of water availability. The connection between extreme precipitation and flood intensity changes and spatial and seasonal water availability becomes stronger as events become less extreme. Extreme precipitation is expected to intensify with global warming over large parts of the globe as the concentration of atmospheric water vapor which supplies the water for precipitation increases in proportion to the saturation concentrations at a rate of about 6–7% per degree rise in temperature accor

197. What does the Clausius-Clapeyron relationship explain?

- (a) It demonstrates how higher temperatures increase atmospheric pressure
- (b) It demonstrates how higher temperatures increase the amount of atmospheric water vapor for precipitation
- (c) It demonstrates how changes in ocean currents lead to changes in atmospheric moisture content
- (d) It demonstrates how changes in solar radiation lead to changes in atmospheric moisture content
- (e) None of these

Answer (b) It demonstrates how higher temperatures increase the amount of atmospheric water vapor for

198. How does global warming affect the hydrological cycle, and what is the expected result of this effect?

- (a) It decreases the intensity of extreme precipitation events and the risk of flooding
- (b) It increases the water-holding capacity of the atmosphere, leading to more frequent and intense precipitation events
- (c) It intensifies the hydrological cycle, leading to more intense extreme precipitation events and accelerate the risk of flooding
- (d) It has no effect on the hydrological cycle or extreme precipitation events
- (e) None of these

Answer (c) It intensifies the hydrological cycle, leading to more intense extreme precipitation event

199. How have recent studies examined daily extreme precipitation changes in relation to water availability, and what have they found regarding 30-year averaged annual precipitation?

- (a) They have found that the precipitation maxima in dry regions will decrease, while those in wet regions will increase
- (b) They have found that the precipitation maxima in both dry and wet regions will increase
- (c) They have found that the precipitation maxima in both dry and wet regions will decrease
- (d) They have found no relationship between water availability and precipitation maxima in either dry or wet regions
- (e) None of these

Answer (b) They have found that the precipitation maxima in both dry and wet regions will increase

200. How do changes in atmospheric dynamics affect extreme precipitation amplification?

- (a) Atmospheric dynamics can altercate the amplification of extreme precipitation
- (b) Changes in atmospheric dynamics have no effect on extreme precipitation amplification
- (c) Changes in atmospheric dynamics primarily amplify extreme precipitation globally
- (d) Changes in atmospheric dynamics primarily weaken extreme precipitation globally
- (e) None of these

Answer (a) Atmospheric dynamics can altercate the amplification of extreme precipitation

201. Which of the following is the antonym of 'uniform' as mentioned in the passage?

- (a) reform
- (b) tremble
- (c) rigid
- (d) diverse
- (e) terminate

Answer (d) diverse

202. Which of the following words can fit into the given blank of the passage?

- (a) pacify
- (b) intensify
- (c) palliate
- (d) assuage
- (e) none of these

Answer (b) intensify

DIRECTIONS (Q. 203-207)

Six sentences are given in the passage, in which the third sentence is fixed and given in bold. Rearrange these sentences in a correct order to answer the following questions. (P) In many circumstances, social connection is actually more helpful to your daily life than understanding the truth of a particular fact or idea. (Q) If your model of reality is wildly different from the actual world, then you struggle to take effective actions each day. (R) However, truth and accuracy are not the only things that matter to the human mind, they also seem to have a deep desire to belong. (S) When we have to choose between the two, people often select friends and family over facts (T) Humans need a reasonably accurate view of the world in order to survive (U) False beliefs can be useful in a social sense even if they are not useful in a factual sense.

203. Which of the following sentence should be the fifth sentence after the rearrangement?

- (a) P
- (b) U
- (c) T
- (d) Q
- (e) S

Answer (b) U

204. Which of the following sentence should be the first sentence after the rearrangement?

- (a) P
- (b) U
- (c) T
- (d) Q
- (e) S

Answer (c) T

205. Which of the following sentence should be the fourth sentence after the rearrangement?

- (a) P
- (b) U
- (c) T
- (d) Q
- (e) S

Answer (a) P

206. Which of the following sentence should be the sixth sentence after the rearrangement?

- (a) P
- (b) U
- (c) T
- (d) Q
- (e) S

Answer (e) S

207. Which of the following sentence should be the second sentence after the rearrangement?

- (a) P
- (b) U
- (c) T
- (d) Q
- (e) S

Answer (d) Q

DIRECTIONS (Q. 208-212)

In each sentence three blanks are given and with respect to that five words are given. Choose the rearrangement from the given options that will fit the blanks perfectly (in the same order).

- 208.** Despite the _____ terrain and inclement weather, the _____ explorer persisted in his _____ to reach the summit of the mountain. (i) timid (ii)intrepid (iii)precarious (iv)restrained (v) quest

- (a) iv, ii, iii
- (b) i, iii, iv
- (c) iii, ii, v
- (d) iv, iii, v
- (e) ii, i, iv

Answer (c) iii, ii, v

- 209.** The _____ speaker captivated the audience with her powerful _____ and cogent arguments, leaving them feeling both inspired and _____. (i) rhetoric (ii) plunging (iii)intimidated (iv) enlightened (v) eloquent

- (a) v, i, iv
- (b) i, ii, v
- (c) ii, iii, iv
- (d) iv, iii, v
- (e) iii, i, iv

Answer (a) v, i, iv

- 210.** As we confront the _____ challenges facing our planet, from climate change to political instability, it is _____ that we work together across national and ideological divides to find common solutions and _____ a path toward a more sustainable future. (i) trivial (ii)forge (iii)sparce (iv)myriad (v) essential 4

- (a) v, i, iv
- (b) i, iv, iii
- (c) ii, iii, iv
- (d) iv, v, ii
- (e) iii, i, iv

Answer (d) iv, v, ii

- 211.** Despite the _____ nature of the current global economic landscape, it is imperative that we remain _____ in our commitment to sustainable development and strive to create a more _____ world for all. (i) Delirium (ii) equitable (iii)impetuous (iv) tumultuous (v) steadfast

- (a) iv, v, ii
- (b) i, iii, v
- (c) ii, iii, iv
- (d) v, i, ii
- (e) iii, i, iv

Answer (a) iv, v, ii

- 212.** While it is true that the march of progress has brought many benefits to humanity, it is also important that we remain _____ of the potential unintended _____ of our actions and work to address them before they _____ of control. (i) spiral out (ii)consequences (iii)cross out (iv)cognizant (v) acute

- (a) iv, ii, i
- (b) i, iii, v
- (c) i, ii, v
- (d) v, i, ii

(e) iii, i, iv

Answer (a) iv, ii, i

DIRECTIONS (Q. 213-215)

In each of the question a paragraph is given and based on the paragraph a blank is provided. Choose the best word from the given options that will fit into the blank.

- 213.** Sitting in the sun, away from everyone who had done him harm in the past, he quietly listened to those who roamed by. He felt at peace in the moment, hoping it would last, but knowing the reprieve would soon come to an end. He closed his eyes, the sun beating down on face and he smiled. He smiled for the first time in as long as he could remember. The protagonist experiences _____ emotion.

- (a) resentful
- (b) content
- (c) anxious
- (d) despairing
- (e) exasperated

Answer (b) content

- 214.** The words hadn't flowed from his fingers for the past few weeks. He never imagined he'd find himself with writer's block, but here he sat with a blank screen in front of him. That blank screen taunting him day after day had started to play with his mind. He didn't understand why he couldn't even type a single word, just one to begin the process and build from there. And yet, he already knew that the eight hours he was prepared to sit in front of his computer today would end with the screen remaining blank. What might be a possible reason for the writer's ongoing struggle with writer's block?

- (a) Perfectionism
- (b) Inspiration
- (c) Procrastination
- (d) Overconfidence
- (e) Exhaustion

Answer (a) Perfectionism

- 215.** If you can imagine a furry humanoid seven feet tall, with the face of an intelligent gorilla and the braincase of a man, you'll have a rough idea of what they looked like -- except for their teeth. The canines would have fitted better in the face of a tiger, and showed at the corners of their wide, thin-lipped mouths. The description gives the expression of _____.

- (a) indignant
- (b) jingoism
- (c) apoplectic
- (d) feeble
- (e) ferocity

Answer (e) ferocity

DIRECTIONS (Q. 216-219)

Read the given passage to answer the following questions A long-held view of the history of the English colonies that became the United States has been that England's policy toward these colonies before 1763 was dictated by commercial interests and that a change to a more imperial policy, dominated by expansionist militarist objectives, generated the tensions that ultimately led to the American Revolution. In a recent study, Stephen Saunders Webb has presented a formidable challenge to this view. According to Webb, England already had a military imperial policy for more than a century before the American Revolution. He sees Charles II, the English monarch between 1660 and 1685, as the proper successor of the Tudor monarchs of the sixteenth century and of Oliver Cromwell, all of whom were bent on extending centralized executive power over England's possessions through the use of what Webb calls "garrison government." Garrison government allowed the colonists a legislative assembly, but real authority, in Webb's view, belonged to the colonial governor, who was appointed by the king and supported by the "garrison," that is, by the local contingent of English troops under the colonial

216. How did the colonial governors, backed by the military presence of the garrison, seek to prevent the colonial assemblies from transforming colonial America into a capitalistic oligarchy, according to Webb's argument?

- (a) The governors used military force to suppress the colonial assemblies and maintain control over legislative affairs in the colonies
- (b) The governors imposed heavy taxes in order to weaken the power and prevent the establishment of a capitalistic oligarchy
- (c) The governors opposed the plantation system and break up large holdings of land by taxation to reduce the power of the colonial Americans
- (d) The governors distributed lands of capitalistic oligarchs among the common people
- (e) None of these

Answer (c) The governors opposed the plantation system and break up large holdings of land by taxation

217. How does Webb view the role of colonial legislative assemblies in the American colonies?

- (a) As a means of promoting self-rule among the common people
- (b) As a way for the upper classes to elevate legislative authority over the executive
- (c) As a tool of the plantation system to maintain control over land holdings
- (d) As a way for the colonial governors to limit the power of the garrison
- (e) None of these

Answer (b) As a way for the upper classes to elevate legislative authority over the executive

218. What role did taxation play in the conflict between colonial governors and the colonial upper classes, according to Webb?

- (a) Taxation was a means of supporting the plantation system in the colonies
- (b) Taxation was a way for the colonial governors to maintain control over the colonial assemblies
- (c) Taxation was a means of breaking up large land holdings and supporting small farmers
- (d) Taxation played no role in the conflict between colonial governors and the colonial upper classes
- (e) None of these

Answer (c) Taxation was a means of breaking up large land holdings and supporting small farmers

219. Which of the following words is the synonym of 'formidable' as highlighted in the given passage?

- (a) dreadful
- (b) daunting
- (c) petrifying
- (d) ominous
- (e) All of these

Answer (e) All of these

DIRECTIONS (Q. 220-222)

In each question, four words are given in bold which may be wrongly placed also one of the highlighted words need to be changed. Choose the rearrangement from the given options which needed between these words and also the replacement required, if any.

220. Despite the cognizance (A) posed by cultural differences, achieved (B) communication in the workplace can be effective (C) through cultural challenges (D) training, active listening, and open-mindedness.

- (a) BDCA, no replacement needed
- (b) No rearrangement needed, B- withheld
- (c) DCBA, A-competence
- (d) ACDB, B-trained
- (e) CADB, A- prioritized

Answer (c) DCBA, A-competence

221. The ubiquitous nature of technology has impact (A)the way we distraction (B) learning, but concerns over screen time and digital approach (C) continue to raise questions about the long-term terminated (D) on education and intellectual development.

- (a) ACDB, A- publish
- (b) BCAD, A-stirred
- (c) No rearrangement needed, A-penetrable
- (d) DCBA, D-revolutionized
- (e) ADCB, B- incinerated

Answer (d) DCBA, D-revolutionized

222. Healthcare professionals face complex ethical (A)dilemmas, such as balancing patient autonomy

- (b) with the obligation
- (c) to act in the patient's best interest, deliberating
- (d) cultural differences in medical decision-making, and managing conflicts of interest
- (a) CDAB, C- penetration
- (e) ACBD, B- righteous

Answer (c) to act in the patient's best interest, deliberating

DIRECTIONS (Q. 223-227)

In the following questions, a paragraph is divided into five parts with one of the parts been omitted. You must choose the most suitable alternative among the five options that should fill the omitted part making the paragraph grammatically correct and contextually meaningful. If none of the given alternatives is appropriate to fill the blank, choose option (E) i.e. "none of these" as your answer choice.

223. The rise of social media has transformed the way people interact (A)/ and share information with one another (B)/. It has also given rise to new forms of online harassment and bullying

- (c) / _____
- (d) /. Some experts are calling for greater regulation of social media platforms (E)
- (a) that have the potential to shape public opinion
- (b) despite the benefits of increased connectivity
- (e) None of these

Answer (c) / _____

224. The recent discovery of a new species of fish in a remote river (A)/ has sparked excitement among biologists and conservationists (B)/. It is estimated that fewer than 1,000 individuals of this species exist (C)/ _____ (D)/. Efforts are underway to protect their habitat and prevent their extinction (E).

- (a) making it one of the rarest fish in the world
- (b) which could have important implications for medical research

- (c) despite the challenges posed by the region's rugged terrain
- (d) with the hope of creating a new ecotourism destination
- (e) None of these

Answer (a) making it one of the rarest fish in the world

225. The recent surge in demand for electric vehicles (EVs) (A)/ has prompted many carmakers to shift their focus towards EV production (B)/. However, concerns remain about the availability of the rare earth metals (C)/_____ (D)/. Efforts are underway to develop alternative sources of these critical minerals (E).

- (a) which are essential components in EV batteries
- (b) despite the higher costs associated with EVs
- (c) with some experts warning of a potential shortage
- (d) while others predict a rapid increase in production capacity
- (e) None of these

Answer (a) which are essential components in EV batteries

226. The school board is considering a proposal to (A)/ implement a new grading system (B)/ that takes into account students' effort and participation (C)/_____ (D)/. This would provide a more comprehensive evaluation of student performance (E).

- (a) in order to address concerns about grade inflation
- (b) which could motivate students to engage more actively in class
- (c) despite opposition from some teachers and parents
- (d) with the aim of increasing transparency and fairness
- (e) None of these

Answer (b) which could motivate students to engage more actively in class

227. The government has announced plans to build a new highway connecting (A)/ the capital city to several major ports (B)/. The project is expected to create thousands of jobs

- (c) / _____
- (d) /. However, environmentalists are concerned about the impact on local ecosystems (E)
- (a) and boost economic growth in the region
- (b) which will reduce traffic congestion
- (e) None of these

Answer (a) and boost economic growth in the region

DIRECTIONS (Q. 228-229)

Study the following information carefully and answer the questions given below: S \$ T means S is the wife of T S # T means S is the son of T S * T means S is the brother of T S + T means S is the daughter of T S ? T means S is the sister of T

228. If G * B + D \$ E # C \$ F then how is G related to F?

- (a) Son
- (b) Niece
- (c) Granddaughter
- (d) Grandson
- (e) None of these

Answer (d) Grandson

229. If R is the grandmother of V, then which of the following is true?

- (a) $V + U * S \$ R \# T * Q$
- (b) $S + Q \$ U * V + R \$ T$
- (c) $V + Q \$ U * S + R \$ T$
- (d) $U * V \$ Q \# R \$ T$
- (e) None of these

Answer (c) $V + Q \$ U * S + R \$ T$

DIRECTIONS (Q. 230-234)

A number arrangement machine when given an input line of numbers, rearranges them following a particular rule in each step. The following is an example of input and its rearrangement. Input: 8953 6954 5327 7785 4736 3952 Step I: 3952 4736 5327 6954 7785 8953 Step II: 2359 3467 2357 4569 5778 3589 Step III: 645 1242 635 2054 3556 1572 Step IV: 120 16 90 0 450 70 Step V: 0 16 70 90 120 450 Step V is the last step of the above rearrangement. Based on this, rearrange the given input and answer the questions based on it: Input: 6385 9557 5738 3476 2454 8843 12

230. How many numbers are multiple of 3 in step III?

- (a) One
- (b) Five
- (c) Four
- (d) Three
- (e) Two

Answer (e) Two

231. What is the difference between 3rd smallest number in step II and 2nd number from left end in step I?

- (a) 12
- (b) 9
- (c) 102
- (d) 21
- (e) None of these

Answer (a) 12

232. Which of the following will be step IV?

- (a) 16 16 150 160 48 180
- (b) 0 16 48 150 160 180
- (c) 0 16 150 160 48 180
- (d) None of these
- (e) 16 32 160 72 110 90

Answer (c) 0 16 150 160 48 180

233. How many steps are required to complete the rearrangement?

- (a) Seven
- (b) Six
- (c) Four
- (d) Five
- (e) None of these

Answer (d) Five

234. Which is the 4th number from right end in last step?

- (a) 160
- (b) 150
- (c) 48
- (d) 16
- (e) None of these

Answer (c) 48

DIRECTIONS (Q. 235-238)

Read the given information carefully and answer the questions related to it: Eight persons A, B, D, K, L, S, T and N live (not necessarily in the same order as given) in two flats P and Q in a building of four floors where floors are numbered as 1 to 4 from bottom to top. Each person lives in one flat also they play different sports. Flat P is in west of flat Q. K lives two floors above T and both live in different flats. The one who likes hockey does not live just above and just below of K's floor. The one who likes baseball live just north-east of the one who likes hockey. The one who likes cricket lives east of N whose floor is above K's floor. L and D live on same floor but below S's floor who does not like cricket. The one who likes archery lives north of the one who likes boxing. More than one floor gap between the floors of the one who likes snooker and the one who likes archery. D and B live in same flat. B lives just above the flat of the one who likes judo. A and the one who likes tennis lives on adjacent floors but not in different flats. 13

235. Which of the following statement(s) is/are true?

- (a) A and N live in same flat
- (b) S lives on 3rd floor
- (c) The one who likes snooker lives in flat Q
- (d) All are true
- (e) One floor gap between D and the one who likes cricket

Answer (d) All are true

236. Who among the following lives on the same floor of S?

- (a) The one who lives south-east of L
- (b) The one who lives in flat P on floor
- (c) The one who likes tennis
- (d) The one who lives on topmost floor
- (e) The one who does not live in the same flat of A

Answer (b) The one who lives in flat P on floor

237. Four of the following five are similar in a certain way and forms a group, who among the following is dissimilar to the group?

- (a) B
- (b) S
- (c) D
- (d) T
- (e) K

Answer (e) K

238. Which of the following is/are correct combination?

- (a) Floor 1 – A - Snooker
- (b) Flat Q – L - Baseball
- (c) Floor 3 – S – Judo
- (d) Flat P – B - Cricket
- (e) Both

Answer (c) Floor 3 – S – Judo

DIRECTIONS (Q. 239-241)

Study the following information carefully and answer the questions given below. “P@Q” means “P is greater than Q”. “P%Q” means “P is not greater than Q”. “P&Q” means “P is not less than Q”. “P\$Q” means “P is neither greater nor less than Q”. “P#Q” means “P is less than Q”.

239. Statement: M@T\$U%G#Z\$N#X&Y\$O Conclusions:

- I. M@N
- II. Z@O III. T%N
- (a) Only III is true
- (b) Both II and III are true
- (c) Only I is true
- (d) Either I or III is true
- (e) None is true

Answer (e) None is true

240. Statements: Z@I\$M#G%X, G#U\$R&C, T@H\$X Conclusions:

- I. M@C
- II. H@I III. C&G
- (a) Only II is true
- (b) Both II and III are true
- (c) Only I is true
- (d) Either I or III is true
- (e) None is true

Answer (a) Only II is true

241. Statement: D@I\$U#N\$R&G@E\$H#O Conclusions:

- I. R#D
- II. N@H III. E#O
- (a) Only II is true
- (b) Both II and III are true
- (c) Only I is true
- (d) Either I or III is true
- (e) None is true

Answer (b) Both II and III are true

DIRECTIONS (Q. 242-246)

Study the following information carefully and answer the questions given below. Eleven persons A, E, G, H, J, M, O, R, S, U and X sit around a hexagonal table but not necessarily in the same order. Six persons sit at the corners and face outside of the table while six persons sit at the middle of the sides and face inside of the table. One of the seats is vacant. One person sits between M and X who sits in the middle of the table. M sits fifth to the left of R and sits adjacent to the vacant seat. U neither sits adjacent to X nor R. E sits third to the right of U. Only one person sits between U and H who neither sits opposite to X nor sits adjacent to X. The number of persons sitting between H and R is one more than the number of persons sitting between A and J when counted from the right of H and the left of A. Only two persons sit between S and A who sits adjacent to R. Only two persons sit between J and G.

242. Who among the following person sits second to the right of O?

- (a) The one who sits second to the left of vacant seat
- (b) E
- (c) The one who sits immediate left of S
- (d) A
- (e) None of these

Answer (d) A

243. Who among the following pair of persons are immediate neighbours?

- I. RG
- II. OE III. AU
- (a) Only I
- (b) Only I and III
- (c) Only III
- (d) Only I and II
- (e) All I, II, and III

Answer (b) Only I and III

244. Which of the following statement(s) is/are true with respect to the final arrangement?

- I. Three persons sit between E and G when counted from the left of G.
- II. A sits third to the right of X. III. O sits to the immediate right of U.
- (a) Only I
- (b) Only I and III
- (c) Only III
- (d) Only I and II
- (e) All I, II, and III

Answer (c) Only III

245. Who among the following person sits second to the right of the vacant seat?

- (a) The one who sits immediate left of E
- (b) O
- (c) The one who sits opposite to U
- (d) H
- (e) The one who sits third to the right of O

Answer (c) The one who sits opposite to U

246. Four of the following five are alike in a certain way as per the given arrangement and hence form a group, Find the one who doesn't belong to that group?

- (a) O
- (b) The one who sits immediate right of R
- (c) E
- (d) The one who sits third to the left of R
- (e) H

Answer (e) H

DIRECTIONS (Q. 247-251)

Each question given below, consists of a question and two statements. You have to decide whether the data provided in the statements are sufficient to answer the question. Read the given statements and given answer.

247. In which direction is G with respect to C?

- I. A is west of B. B is north of C. C is west of D. D is south of F. G is west of F and north of B.
- II. B is north of A. C is east of A. D is south of C. F is west of D. G is north of F and west of A.
- (a) If data in statement I alone is sufficient to answer
- (b) If data in statement II alone is sufficient to answer
- (c) If data either in statement I alone or in statement II alone is sufficient to answer
- (d) If data neither in statement I alone nor in statement II alone is sufficient to answer
- (e) If data in both statement I and II together are sufficient to answer

Answer (c) If data either in statement I alone or in statement II alone is sufficient to answer

248. How many children are sitting in the row?

I. Five persons are sitting between A and B. G is sitting second to the left of B. N is sitting exactly in the middle of A and G.

II. Even number of persons are sitting in the row.

- (a) If data in statement I alone is sufficient to answer
- (b) If data in statement II alone is sufficient to answer
- (c) If data either in statement I alone or in statement II alone is sufficient to answer
- (d) If data neither in statement I alone nor in statement II alone is sufficient to answer
- (e) If data in both statement I and II together are sufficient to answer

Answer (d) If data neither in statement I alone nor in statement II alone is sufficient to answer

249. What is the relation of S with respect to K?

I. K is child of B's only sibling. T is brother of H's mother who is not P.

II. D is son-in-law of P whose son is B. H is mother-in-law of K's wife. S is elder to C.

- (a) If data in statement I alone is sufficient to answer
- (b) If data in statement II alone is sufficient to answer
- (c) If data either in statement I alone or in statement II alone is sufficient to answer
- (d) If data neither in statement I alone nor in statement II alone is sufficient to answer
- (e) If data in both statement I and II together are sufficient to answer

Answer (e) If data in both statement I and II together are sufficient to answer

250. Some boxes are placed one above another, find how many boxes are placed above G?

I. One box is placed between A and B which is placed adjacent to C. Number of boxes between A and F is same as below A. G is placed below H and above F.

II. H is placed two boxes above C and just below D. F is placed five boxes below D.

- (a) If data in statement I alone is sufficient to answer
- (b) If data in statement II alone is sufficient to answer
- (c) If data either in statement I alone or in statement II alone is sufficient to answer
- (d) If data neither in statement I alone nor in statement II alone is sufficient to answer
- (e) If data in both statement I and II together are sufficient to answer

Answer (d) If data neither in statement I alone nor in statement II alone is sufficient to answer

251. Eight persons sit around a circular table facing outside. How many persons sit between B and V?

I. Three persons sit between V and T. K is not the neighbor of T and V. R sits fifth to the left of K.

II. B sits third to the right of K. T sits opposite to K. one person sits between T and R. V sits immediate right of R.

- (a) If data in statement I alone is sufficient to answer
- (b) If data in statement II alone is sufficient to answer
- (c) If data either in statement I alone or in statement II alone is sufficient to answer
- (d) If data neither in statement I alone nor in statement II alone is sufficient to answer
- (e) If data in both statement I and II together are sufficient to answer

Answer (b) If data in statement II alone is sufficient to answer

DIRECTIONS (Q. 252-256)

Study the following information carefully and answer the below questions. Seven persons – H, I, J, K, L, M and N attend the exam one by one starting from 9.30 AM to 2.15 PM. Each shift of the exam was scheduled for either 30 min or 45 min. There were two breaks of 15min each. Exam duration of the persons who attend the exam immediate before of after the break is not same. Also, both the breaks are not adjacent to each other. Each person likes different sports viz. – Football, Cricket, Hockey, Basketball, Softball, Rugby and Soccer. All the information is not necessary in the same order. Only three persons attend the exam before the one who likes Soccer. J attends the exam immediately after the one who likes Soccer and J's exam ended at 12.45 PM. N attends the exam 90 minutes after the starting time of J's exam. The one who likes Cricket attends the exam two persons after L. The one who likes Cricket attends the exam before both breaks. Either L or the one who likes Softball attends the exam of 45 minutes. Neither J nor K likes Cricket. Two persons attend the exam between K and the one who likes Basketball.

252. Who among the following person likes Basketball?

- (a) J
- (b) N
- (c) H
- (d) K
- (e) None of these

Answer (a) J

253. How many persons attend the exam before the one who likes Hockey?

- (a) Three
- (b) Four
- (c) Two
- (d) One
- (e) Either one or two

Answer (d) One

254. Who among the following person attends at 11.30AM-12:15PM?

- (a) The one who likes Basketball
- (b) None of these
- (c) K
- (d) The one who likes Rugby
- (e) M

Answer (e) M

255. Who among the following person attend the exam just after 2nd break?

- (a) I
- (b) M
- (c) J
- (d) H
- (e) The one who likes football

Answer (d) H

256. Four of the following five are similar in a certain pattern and related to a group, who among the following does not belong to the group?

- (a) L
- (b) I
- (c) J
- (d) N
- (e) H

Answer (e) H

DIRECTIONS (Q. 257-259)

Study the following information carefully and answer the questions given below. Mr. A started walking towards west for 8m from point B and reached point C. Then he takes two consecutive right turns and walks for 5m and 4m to reach point D and E respectively. From point E he walks 10m towards north to reach point F and then he turns to his right and walks for 4m to reach point G. Mr. B started walking towards south from point H for 10m and reached point I. Then he turns left and walks for 5m to reach point J. Then he turns left and walks for 15m to reach point K. Then, he turns towards west and walks for 15m to reach point L. Then finally he turns to his right and walks for 10m to reach point G.

257. What is the total distance covered by Mr. B?

- (a) 50m
- (b) 55m
- (c) 45m
- (d) 40m
- (e) Can't be determined

Answer (b) 55m

258. If point Z is 4m east of point C, then the distance between point Z and point F is same as between point ___ and point ___.

- (a) HI
- (b) FG
- (c) LK
- (d) BZ
- (e) None of these

Answer (c) LK

259. If point A is the mid-point of point J and point K, then what is the direction of point C with respect to point A?

- (a) South-west
- (b) North-west
- (c) North-east
- (d) North
- (e) West

Answer (b) North-west

DIRECTIONS (Q. 260-262)

In each of the questions below, some statements are given followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

260. Statements: Some pen is pencil All pencil is register No register is book Some book is paper
Conclusions:

- I. Some pencil is book
- II. All pen being paper is a possibility III. Some pencil is paper

- (a) If only conclusion I follows
- (b) If only conclusion II follows
- (c) If only conclusion III follows
- (d) If either conclusion I or II follows
- (e) If conclusions I and either conclusion II or III follows

Answer (b) If only conclusion II follows

- 261.** Statements: Only a few fan is train Some train is metro Only a few metro is bus All bus is tempo
Conclusions:
I. Some fan being Tempo is a possibility
II. All metro is bus III. Some train is bus
- (a) If only conclusion I follows
(b) If only conclusion II follows
(c) If only conclusion III follows
(d) If either conclusion I or II follows
(e) If conclusions I and either conclusion II or III follows
- Answer (a) If only conclusion I follows**

- 262.** Statements: All dell is lenovo Some lenovo is HP No HP is sony Only a few sony is LG
Conclusions:
I. Some HP is LG
II. All Dell is sony III. Some lenovo being LG is a possibility
- (a) If only conclusion I follows
(b) If only conclusion II follows
(c) If only conclusion III follows
(d) If either conclusion I or II follows
(e) If conclusions I and either conclusion II or III follows
- Answer (c) If only conclusion III follows**

DIRECTIONS (Q. 263-267)

Read the given information carefully and answer the questions based on it: Sixteen cubes named A to H are placed in the form of a 4x4 matrix. The cubes placed at four corners are of different colors i.e., green, blue, white and red. The information is not necessarily used in the same sequence as given. Condition: Consecutive alphabetical named cubes are neither placed in same row nor in same column. Ex – A and C are not placed in the row and column of B. * A is placed in north of F which is placed in the row of white cube. * P is placed in immediate east of F and both are not painted with any color. * Number of cubes placed above A is same as below K in same column. * Green cube is placed in north-west of red cube. * B is neither placed in the column of green cube nor in the row of K. * B and N are placed in adjacent rows. * N is not placed in the row of A. * Number of cubes placed west of N is same as east of O which is placed immediate left of G. * I is placed just south-west of O. * H and B are placed in same column. * M is placed below C in same column but not in adjacent rows. * G is not placed in column of D. 21

- 263.** Four of the following five are similar in a certain pattern and forms a group, which of the following is dissimilar to the group?
- (a) L
(b) B
(c) M
(d) J
(e) C
- Answer (a) L**

- 264.** Which of the following cube is placed just below of blue cube?
- (a) Cube which is placed east of L
(b) Cube which is placed south of E
(c) Cube which is placed 3rd to the right of C
(d) Cube which is placed in the row of M
(e) Cube which is placed south-west of H
- Answer (a) Cube which is placed east of L**

265. Which of the following statement(s) is/are true?

- (a) H is placed below B
- (b) L and O are in same row
- (c) M and blue cube are in same column
- (d) B is painted with red color
- (e) All are true

Answer (d) B is painted with red color

266. If C is related to E, D is related to B, in the same manner, __ is related to ____.

- (a) O-M
- (b) J-P
- (c) A-F
- (d) G-L
- (e) N-P

Answer (c) A-F

267. Which cube is placed south-west of J?

- (a) L
- (b) E
- (c) M
- (d) N
- (e) All of the given

Answer (e) All of the given

DIRECTIONS (Q. 268-270)

Study the following information carefully and answer the questions given below. Seven persons are of different ages. U is older than W but younger than V and Q who is younger than V. T is older than R but younger than U and S who is younger than U. As many persons older than Q as younger than W. The age of the fourth oldest person is 60 years.

268. How many persons are younger than Q?

- (a) Three
- (b) Four
- (c) More than Five
- (d) Five
- (e) Two

Answer (d) Five

269. If the age of V is 80 years, then what may be the age of U?

- (a) 50 years
- (b) 65 years
- (c) 81 years
- (d) 45 years
- (e) 49 years

Answer (b) 65 years

270. What will be the age of T, if the age of T is twice that of R who is $\frac{1}{4}$ th of the age of S?

- (a) 30 years
- (b) 36 years
- (c) 40 years
- (d) 24 years
- (e) 32 years

Answer (a) 30 years

271. In which of the following series value of X is not satisfied properly? Value of X is 24.

- (a) only I and III
- (b) only III
- (c) only I
- (d) only II
- (e) None of these

Answer (d) only II

DIRECTIONS (Q. 272)

Solve the given series and answer the question given below. 18 10 12 27 X P

272. If ' $Z + 4 = X - 27$ ', then which of the following is true about value of 'Z'? I: Z is a perfect square II: Z is an odd number III: Z is an even number

- (a) only I and II
- (b) only III
- (c) only I
- (d) only II
- (e) None of these

Answer (a) only I and II

273. Quantity I: Value of A Quantity II: Value of B

- (a) Quantity I > Quantity II
- (b) Quantity I < Quantity II
- (c) Quantity I $\geq$ Quantity II
- (d) Quantity I $\leq$ Quantity II
- (e) Quantity I = Quantity II or no relation

Answer (c) Quantity I $\geq$ Quantity II

DIRECTIONS (Q. 274-278)

The pie chart given below shows the percentage distribution of students present in different sections of 5th class of a school on Monday (No section has full attendance). Read the pie chart carefully and answer the questions. Note: 1. Difference between the number of students present in A and B is 4. 2. In each of sections A, B, C, D and E the total number of students (Present + absent) is less than 51. 25

274. The ratio of absent to present student in section C is 1:3. The ratio of absent boy to girl student was 2:3. Find the absent girl students in section C is what percent of the total present students in section A?

- (a) 11%
- (b) 18%
- (c) 15%
- (d) 19%
- (e) 21%

Answer (c) 15%

275. If five students who were present in section A were shifted to section E, then find is the sum of maximum and minimum possible total (present+ absent) students in section E?

- (a) 96
- (b) 98
- (c) 91
- (d) 99
- (e) 81

Answer (a) 96

276. Find the ratio of maximum possible value of absent student in section B to minimum possible value of absent students in section C?

- (a) 1:5
- (b) 1:8
- (c) 1:1
- (d) 6:1
- (e) 2:1

Answer (d) 6:1

277. What is the difference between the maximum possible value of absent student in section D and maximum possible value of students (present + absent) in section E?

- (a) 50
- (b) 25
- (c) 40
- (d) 45
- (e) 46

Answer (e) 46

278. If the value of absent students in Section C is greater than 7 and the total students (Present + absent) in school C is a square number, then find the absent students in section C.

- (a) 15
- (b) 18
- (c) 11
- (d) 19
- (e) 21 26

Answer (d) 19

DIRECTIONS (Q. 279-283)

The line graph shows the total number of people (Males + females) in four fitness gyms in the year 2001 and 2005. Read the line graph carefully and answer the questions.

279. In gym B, percentage increase of people from 2001 to 2003 is X%, from 2003 to 2004 is 20% and from 2004 to 2005 is 25%, then find the (approximate) value of X.

- (a) 47.5%
- (b) 65.5%
- (c) 79.5%
- (d) 35.5%
- (e) 70%

Answer (c) 79.5%

280. In gym B, equal number of people joined in 2002, 2003 and 2004 and from 2001 to 2005 only 5 people left the gym, then find the number of people who joined in 2002. No other people left or join in any year other than the given data.

- (a) 15
- (b) 18
- (c) 11
- (d) 31
- (e) 21

Answer (d) 31

281. In 2005, total number of males in gym A and D together is 130 and the total number of males in gym A is $\frac{3}{4}$ of the total people in gym B. Find the total number of males in gym D in 2005 is what percentage of total number of people in gym C in 2005?

- (a) 37.5%
- (b) 35.5%
- (c) 31.25%
- (d) 33.7%
- (e) 30%

Answer (c) 31.25%

282. In 2001, the ratio of number of females to males is 3:1 in gym D. In the year 2002, 25% and 75% of females and males were left respectively. Find the ratio of total people left from gym D in 2002 to total people in gym C in 2005.

- (a) 5:3
- (b) 7:4
- (c) 7:2
- (d) 3:5
- (e) 7:6

Answer (d) 3:5

283. In 2003, number of people joined gym A is 33.33% more than the previous year and total number of people in gym A in 2003 is 230. Find the number of people joined in 2002 in gym A is what percentage of the difference between number of people in gym C in 2001 to 2005?

- (a) 50%
- (b) 85%
- (c) 80%
- (d) 70%
- (e) 75%

Answer (e) 75%

DIRECTIONS (Q. 284-288)

The table given below shows the data of total funds of four different companies and percentage of funds donated by each company to three different NGOs.

Companies	Total fund (Rs.)	% donated to NGO A	% donated to NGO B	% donated to NGO C
P	12000	32%		24%
Q		64%	16%	
R		33%		27%
S	13500		52%	

Note: 1. Sum of Percentage distribution in each company is 100%

2. Ratio between total funds of company P and R is 4:5.

3. Fund donated to NGO C by Q is Rs.2000

284. If the fund donated to NGO B by R distributed to orphan child and elder people in 1:2, then find the difference between the fund donated to elder people of NGO B and the total fund donated by Q.

- (a) Rs.6000
- (b) Rs.6100
- (c) Rs.4000
- (d) Rs.4800
- (e) Rs.4500

Answer (a) Rs.6000

285. The total fund of company Q is increased by X% and the sum of fund donated to all NGO's is increased to Rs.2000. Find the value of X.

- (a) 25
- (b) 15
- (c) 20
- (d) 10
- (e) 16 28

Answer (c) 20

286. If 20% of the fund donated to NGO B by company R is used for women development and rest were for child development, then find the ratio between fund used for child development from NGO B by company R to fund donated by company Q to NGO C.

- (a) 12:5
- (b) 17:4
- (c) 17:2
- (d) 5:17
- (e) 7:6

Answer (a) 12:5

287. If the fund donated by company S in NGO A and NGO C is in the ratio of 4:5, then find the fund donated to NGO C by company S was what percentage of total fund of company S?

- (a) 37.5%
- (b) 35.5%
- (c) 26.66%
- (d) 36.66%
- (e) 20.66%

Answer (c) 26.66%

288. Company T has denoted 30% more fund than company R and company T donated 30% and 25% in NGO A and B respectively. Find the difference between fund donated to NGO C by company T and the fund donated by company Q to NGO A.

- (a) Rs.2450
- (b) Rs.2875
- (c) Rs.2775
- (d) Rs.2375
- (e) Rs.2870

Answer (d) Rs.2375

289. There are six consecutive odd numbers. Product of first and second numbers is 483. Find the average of all the numbers?

- (a) 22
- (b) 24
- (c) 26
- (d) 28
- (e) 30

Answer (c) 26

290. Four years ago, the ratio of age of A to B were 6:1. Six years hence, the ratio of age of A to B will be 8:3. Find the sum of age of A two years hence and present age of B?

- (a) 45 years
- (b) 48 years
- (c) 46 years
- (d) 38 years
- (e) 40 years

Answer (a) 45 years

291. The length of train B is half of the length of train A. They cross each other while running in opposite direction in 18 seconds. Speed of A is 54 km/hr. while speed of train B is 48 km/hr. If train A can crosses a platform in 39 sec, then find the length of the platform (in meter)?

- (a) 222
- (b) 224
- (c) 226
- (d) 245
- (e) 230

Answer (d) 245

292. A spend 25 % of her monthly salary on house rent. From the remaining, he spends 30% on food, 10% on grocery, 40% on miscellaneous. If the amount he saves is Rs.9150, then find the monthly salary of A (in Rs.).

- (a) Rs.60000
- (b) Rs.61000
- (c) Rs.51000
- (d) Rs.40000
- (e) Rs.45000

Answer (b) Rs.61000

293. The ratio of number of boys to girls in a class is 8:5 and the average age of the class is A years and the average age of girls is (A – 2) years. Find the average age of boys in the class (in years)?

- (a) $A+1.25$
- (b) $A - 1.25$
- (c) $A+2$
- (d) $A-0.5$
- (e) $A+0.5$

Answer (a) $A+1.25$

294. Profit earned on an article when it is sold for Rs.672 is 25% more than the loss when it is sold for Rs.470.4. If a shopkeeper marked up the article by 50% above the cost price and sold it after allowing two successive discounts of 20% each, then find the selling price of the article?

- (a) Rs.840
- (b) Rs.537.6
- (c) Rs.560
- (d) Rs.401.6
- (e) Rs.450.6 30

Answer (b) Rs.537.6

295. A person can cover a distance between A to B at a speed 45 km/hr. While returning, he covers 180 km distance with a speed of 30 km/hr. and after that he takes a different route which increases his total distance by 15 km. Speed of car on extended route is 60 km/hr. It took him 90 minutes more while returning from the normal path. Find the distance between A and B?

- (a) 322 km
- (b) 354 km
- (c) 324 km
- (d) 356 km
- (e) 315 km

Answer (e) 315 km

DIRECTIONS (Q. 296-300)

Read the information given below and answer the following questions. There are four persons A, B, C and D who manufactured and sold toys. The total number of toys manufactured by A is 120. Only M% of the total manufactured toys were sold by A. The total number of toys manufactured by C is 150 and the difference between total sold and unsold toys of C is 90. The toys sold by B is 75% of total number of toys manufactured by him. D sold 35% more toys than the toys sold by C and unsold number of toys of D is 2 less than that of B. Total number of toys manufactured by B and D together is 260. Note: Manufactured toys are either sold or unsold.

296. If the number of unsold toys of A is 25% more than the number of sold toys by B, then find the value of M.

- (a) 37.5%
- (b) 35.5%
- (c) 30%
- (d) 35.7%
- (e) 30.25%

Answer (a) 37.5%

297. Find the difference between the total number of toys sold by C and D together and the total unsold toys of B and D together?

- (a) 222
- (b) 224
- (c) 226
- (d) 254
- (e) 244

Answer (e) 244

298. If B sold a toy for Rs.20 each and C sold a toy for Rs.30 each, then find the total revenue generated by B and C together?

- (a) Rs.6000
- (b) Rs.4400
- (c) Rs.4000
- (d) Rs.4800
- (e) Rs.5000

Answer (d) Rs.4800

299. The total number of unsold toys of C and D together are approximately what percentage of the total manufactured toys by them?

- (a) 15%
- (b) 5%
- (c) 10%
- (d) 25%
- (e) 20%

Answer (a) 15%

300. The average number of unsold toys of A, B, C and D is 29. Find the number of toys were sold by A.

- (a) 77
- (b) 74
- (c) 72
- (d) 70
- (e) 76

Answer (c) 72

301. Tap A can fill a tank in 24 minutes and tap B can fill the same tank in 30 minutes, another tap C can empty the tank in 20 minutes. If tap A and tap B are opened together & after six minutes tap C is also opened, then find the total time taken to fill the remaining tank?

- (a) 18 minutes
- (b) 14 minutes
- (c) 22 minutes
- (d) 12 minutes
- (e) 16 minutes

Answer (c) 22 minutes

302. A 40 liters mixture, contains milk & water. 10 liters mixture is taken out and replaced with water due to which the ratio of milk to water becomes 9 : 7. Now, 'X' liters of mixture is withdrawn and replaced with water. In final mixture, milk is 37.5% of its initial quantity. Find X. (in liters)

- (a) 12
- (b) 10
- (c) 20
- (d) 18
- (e) 16

Answer (c) 20

303. A, B and C invested Rs. 5500, Rs. 4500 and Rs. 6000 in a business respectively. After one year, A decreased his investment by Rs 1000 and B increased his investment by Rs. 500. At the end of three years, the total profit of is Rs 9400, then find the profit share of C.

- (a) Rs 4200
- (b) Rs 3600
- (c) Rs 3800
- (d) Rs 4000
- (e) Rs 3000

Answer (b) Rs 3600

304. The ratio of investment of A to B and B to C are 5:6 and 3:7 respectively. Time for which A, B and C invested are in the ratio of 6:5:5 respectively. The profit share of A is Rs.1812. Find the profit share of C?

- (a) Rs.4002
- (b) Rs.4812
- (c) Rs.4182
- (d) Rs.4228
- (e) Rs.4882

Answer (d) Rs.4228

305. A bag contains 8 red balls and 6 green balls. If two balls picked out randomly without replacement then find the probability of none of the balls being green?

- (a) 4/11
- (b) 5/13
- (c) 2/11
- (d) 4/13
- (e) 3/26

Answer (d) 4/13

- 306.** The difference between compound interest and simple interest after two years at the rate of 20% per annum on a sum of Rs. P is Rs.112. Find the value of P?
- (a) Rs.2400
 - (b) Rs.4800
 - (c) Rs.700
 - (d) Rs.1400
 - (e) Rs.2800

Answer (e) Rs.2800

- 307.** If a boat travels P km upstream in 44 minutes and 2P km downstream in 1 hour 6 minutes. Find speed of boat in still water is what percentage of the speed of stream?
- (a) 700%
 - (b) 350%
 - (c) 70%
 - (d) 35%
 - (e) 200%

Answer (a) 700%

DIRECTIONS (Q. 308)

Read the given passage to answer the following questions The hydrological cycle is expected to _____ with global warming, which likely increases the intensity of extreme precipitation events and the risk of flooding. The changes, however, often differ from the theorized expectation of increases in water-holding capacity of the atmosphere in the warmer conditions, especially when water availability is limited. Results show an intensification of extreme precipitation and flood events over all climate regions which increases as water availability increases from dry to wet regions. Similarly, there is an increase in the intensification of extreme precipitation and flood with the seasonal cycle of water availability. The connection between extreme precipitation and flood intensity changes and spatial and seasonal water availability becomes stronger as events become less extreme. Extreme precipitation is expected to intensify with global warming over large parts of the globe as the concentration of atmospheric water vapor which supplies the water for precipitation increases in proportion to the saturation concentrations at a rate of about 6–7% per degree rise in temperature

- 308.** Which of the following is the antonym of 'uniform' as mentioned in the passage?
- (a) reform
 - (b) tremble
 - (c) rigid
 - (d) diverse
 - (e) terminate

Answer (d) diverse

DIRECTIONS (Q. 309)

Six sentences are given in the passage, in which the third sentence is fixed and given in bold. Rearrange these sentences in a correct order to answer the following questions. (P) In many circumstances, social connection is actually more helpful to your daily life than understanding the truth of a particular fact or idea. (Q) If your model of reality is wildly different from the actual world, then you struggle to take effective actions each day. (R) However, truth and accuracy are not the only things that matter to the human mind, they also seem to have a deep desire to belong. (S) When we have to choose between the two, people often select friends and family over facts (T) Humans need a reasonably accurate view of the world in order to survive (U) False beliefs can be useful in a social sense even if they are not useful in a factual sense.

309. Which of the following sentence should be the sixth sentence after the rearrangement?

- (a) P
- (b) U
- (c) T
- (d) Q
- (e) S

Answer (e) S

DIRECTIONS (Q. 310)

Read the given passage to answer the following questions A long-held view of the history of the English colonies that became the United States has been that England's policy toward these colonies before 1763 was dictated by commercial interests and that a change to a more imperial policy, dominated by expansionist militarist objectives, generated the tensions that ultimately led to the American Revolution. In a recent study, Stephen Saunders Webb has presented a formidable challenge to this view. According to Webb, England already had a military imperial policy for more than a century before the American Revolution. He sees Charles II, the English monarch between 1660 and 1685, as the proper successor of the Tudor monarchs of the sixteenth century and of Oliver Cromwell, all of whom were bent on extending centralized executive power over England's possessions through the use of what Webb calls "garrison government." Garrison government allowed the colonists a legislative assembly, but real authority, in Webb's view, belonged to the colonial governor, who was appointed by the king and supported by the "garrison," that is, by the local contingent of English troops under the colonial

310. Which of the following words is the synonym of 'formidable' as highlighted in the given passage?

- (a) dreadful
- (b) daunting
- (c) petrifying
- (d) ominous
- (e) All of these

Answer (e) All of these

DIRECTIONS (Q. 311)

Study the following information carefully and answer the questions given below. "P@Q" means "P is greater than Q". "P%Q" means "P is not greater than Q". "P&Q" means "P is not less than Q". "P\$Q" means "P is neither greater nor less than Q". "P#Q" means "P is less than Q".

311. Statements: Z@I\$M#G%X, G#U\$R&C, T@H\$X Conclusions:

- I. M@C
- II. H@I III. C&G

- (a) Only II is true
- (b) Both II and III are true
- (c) Only I is true
- (d) Either I or III is true
- (e) None is true

Answer (a) Only II is true

DIRECTIONS (Q. 312)

Study the following information carefully and answer the below questions. Seven persons – H, I, J, K, L, M and N attend the exam one by one starting from 9.30 AM to 2.15 PM. Each shift of the exam was scheduled for either 30 min or 45 min. There were two breaks of 15min each. Exam duration of the persons who attend the exam immediate before of after the break is not same. Also, both the breaks are not adjacent to each other. Each person likes different sports viz. – Football, Cricket, Hockey, Basketball, Softball, Rugby and Soccer. All the information is not necessary in the same order. Only three persons attend the exam before the one who likes Soccer. J attends the exam immediately after the one who likes Soccer and J's exam ended at 12.45 PM. N attends the exam 90 minutes after the starting time of J's exam. The one who likes Cricket attends the exam two persons after L. The one who likes Cricket attends the exam before both breaks. Either L or the one who likes Softball attends the exam of 45 minutes. Neither J nor K likes Cricket. Two persons attend the exam between K and the one who likes Basketball.

312. Who among the following person likes Basketball?

- (a) J
- (b) N
- (c) H
- (d) K
- (e) None of these

Answer (a) J

DIRECTIONS (Q. 313)

Study the following information carefully and answer the questions given below. Mr. A started walking towards west for 8m from point B and reached point C. Then he takes two consecutive right turns and walks for 5m and 4m to reach point D and E respectively. From point E he walks 10m towards north to reach point F and then he turns to his right and walks for 4m to reach point G. Mr. B started walking towards south from point H for 10m and reached point I. Then he turns left and walks for 5m to reach point J. Then he turns left and walks for 15m to reach point K. Then, he turns towards west and walks for 15m to reach point L. Then finally he turns to his right and walks for 10m to reach point G.

313. What is the total distance covered by Mr. B?

- (a) 50m
- (b) 55m
- (c) 45m
- (d) 40m
- (e) Can't be determined

Answer (b) 55m

314. In which of the following series value of X is not satisfied properly? Value of X is 24.

- (a) only I and III
- (b) only III
- (c) only I
- (d) only II
- (e) None of these

Answer (d) only II

315. There are six consecutive odd numbers. Product of first and second numbers is

- (a) 22
- (b) 24
- (c) 26
- (d) 28
- (e) 30

Answer (c) 26

DIRECTIONS (Q. 316-317)

Read the information given below and answer the following questions. There are four persons A, B, C and D who manufactured and sold toys. The total number of toys manufactured by A is 120. Only M% of the total manufactured toys were sold by A. The total number of toys manufactured by C is 150 and the difference between total sold and unsold toys of C is 90. The toys sold by B is 75% of total number of toys manufactured by him. D sold 35% more toys than the toys sold by C and unsold number of toys of D is 2 less than that of B. Total number of toys manufactured by B and D together is 260. Note: Manufactured toys are either sold or unsold.

316. If B sold a toy for Rs.20 each and C sold a toy for Rs.30 each, then find the total revenue generated by B and C together?

- (a) Rs.6000
- (b) Rs.4400
- (c) Rs.4000
- (d) Rs.4800
- (e) Rs.5000 31

Answer (d) Rs.4800

317. The average number of unsold toys of A, B, C and D is

- (a) 77
- (b) 74
- (c) 72
- (d) 70
- (e) 76

Answer (c) 72

318. A, B and C invested Rs. 5500, Rs. 4500 and Rs. 6000 in a business respectively. After one year, A decreased his investment by Rs 1000 and B increased his investment by Rs.

- (a) Rs 4200
- (b) Rs 3600
- (c) Rs 3800
- (d) Rs 4000
- (e) Rs 3000

Answer (b) Rs 3600

319. The difference between compound interest and simple interest after two years at the rate of 20% per annum on a sum of Rs. P is Rs.112. Find the value of P?

- (a) Rs.2400
- (b) Rs.4800
- (c) Rs.700
- (d) Rs.1400
- (e) Rs.2800 34

Answer (e) Rs.2800 34

320. If PQR&Y; Q&E#W; E%T=Y@U%P then, how is P related to W?

- (a) Grandson
- (b) Son's grandson
- (c) Son-in-law
- (d) Daughter's grandson
- (e) Grand-daughter's son

Answer (d) Daughter's grandson

321. If $A\%S^{\wedge}D@F$; $G!D\%H$; $S!J\&F$ then, how is H related to S?

- (a) Niece
- (b) Granddaughter REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
- (c) Nephew
- (d) Grandson
- (e) Cannot be determined

Answer (e) Cannot be determined

322. If $Z\sim X=B\#N$; $A\%B\$K\#C+X$; $K\%V\Omega N$, then how is N related to K?

- (a) $N!K$
- (b) $N^{\wedge}K$
- (c) $N\sim K$
- (d) $N@K$
- (e) $N\%K$

Answer (c) $N\sim K$

323. What is the shortest distance and direction of point B with respect to point D?

- (a) 3m @%
- (b) 4m @\$
- (c) 15m #
- (d) 13m @%
- (e) 16m#%

Answer (c) 15m #

324. If point Y is to the west of point H and to the north of point C, then what is the shortest distance between point A and point Y?

- (a) 10m
- (b) 16m
- (c) 12m
- (d) 13m
- (e) 8m

Answer (a) 10m

325. If $P+N\&Q@E$; $L\&M+E\%G$; $F=G\#Q$, then how is F related to M?

- (a) Grandson
- (b) Son's daughter-in-law
- (c) Granddaughter
- (d) Daughter's son
- (e) Nephew

Answer (a) Grandson

326. Which of the following three points make a straight line?

- (a) ABE
- (b) EFH
- (c) DEI
- (d) HGF
- (e) JBC REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM ANSWER BLOOD RELATION

Answer (b) EFH

327. If point U is 4m south of point A, then what is the shortest distance between points U and F (approximately)?

- (a) 11m
- (b) 13m
- (c) 14m
- (d) 17m

(e) 18m REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM

Answer (e) 18m REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM

328. If Person X want to reach Person Y's starting point from point C, then which among the following option will be the shortest distance?

- I. Go to point B and go to point K and then go to point I via shortest distance, then reach point H.
- II. Go to point A via shortest distance and then go to point I via shortest distance and then reach point H.
- III. Go to point J through point K and then reach point H via shortest distance.

- (a) Both I and II
- (b) Only II
- (c) Both II and III
- (d) Only III
- (e) Both I and III

Answer (b) Only II

329. Which of the following code is wrongly represented in the bolded sentence?

- (a) %[^]_∞
- (b) ®[^]_∞
- (c) ®β_α
- (d) Ωβ_∞
- (e) All are true

Answer (c) ®β_α

330. Which among the following code comes in the place of _ (?) _.

- (a) +[^]_∞
- (b) Ωβ[^]
- (c) +β_α REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
- (d) %[^]_∞
- (e) Ωβ_∞

Answer (e) Ωβ_∞

331. What does the code “+[^]_α ®β_∞” represent in the given coded language?

- (a) Chipotle Thunder
- (b) Distance Trouble
- (c) Umbrella Snowman
- (d) Presence Habitue
- (e) Both a and c

Answer (d) Presence Habitue

332. What is the code for “Import Share Loss”?

- (a) Ωβ_∞ Σβ_∞ +[^]_α
- (b) %β\$ +[^]_α Σ[^]_{\$}
- (c) +β_α Ωβ_∞ %β\$
- (d) Σβ_∞ Ω[^]_∞ %β\$
- (e) Ω[^]_∞ ®β_∞ Σβ_α REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM

ANSWER DIRECTION & DISTANCE

**Answer (e) Ω[^]_∞ ®β_∞ Σβ_α REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM

DIRECTIONS (Q. 333-335)

What approximate value should come in the place of question mark in following question.

333. $(89.99\% \text{ of } 7000.02 + (24.01)^2) \div ? = 1719.01$ @cetexamgroup

- (a) 4
- (b) 3
- (c) 2
- (d) 6
- (e) 5

Answer (a) 4

334. $32.01 \times 4.99 + ? = 64.03\% \text{ of } 349.97$

- (a) 48
- (b) 96
- (c) 72
- (d) 64
- (e) $32 \frac{312.07}{3} + (12.99)^2 = 20.01\% \text{ of } 909.99 \div 3$

Answer (c) 72

335. $199.99 + 12.01\% \text{ of } 499.99 - \sqrt{63.99} = ?^2$

- (a) 12
- (b) 16
- (c) 14
- (d) 18
- (e) $8 \frac{84.01}{4} \div 5. ? + 26.03\% \text{ of } 799.97 + \sqrt{16.03} = (5.99)^3$

Answer (b) 16

DIRECTIONS (Q. 336-337)

Find the value of (?) in following approximation questions:

336. $2? = 32.01 \div 128.01 \times 1023.99 \div 7.99$

- (a) 7
- (b) 3
- (c) 4
- (d) 5
- (e) $8 \frac{339.99}{7} = \sqrt{143.99} + \sqrt{64.01} \div 8. \frac{34.02\% \text{ of } 550.09}{\div ?} = 297.07 \div \sqrt{728.95}$

Answer (e) $8 \frac{339.99}{7} = \sqrt{143.99} + \sqrt{64.01} \div 8. \frac{34.02\% \text{ of } 550.09}{\div ?} = 297.07 \div \sqrt{728.95}$

337. $? \% \text{ of } 179.99 = \sqrt{(24.02)^2 + (17.98)^2} + 60.01\% \text{ of } 659.98$

- (a) 80
- (b) 60
- (c) 40
- (d) 20
- (e) 10

Answer (d) 20

DIRECTIONS (Q. 338-340)

What approximate value should come in place of the question mark (?) in the following questions? Note: (You are not expected to calculate the exact value.)

338. $10.11 \times 36.93 + \sqrt{48.875} \times 19.99 = 17.231 \times \sqrt{?}$

- (a) 25
- (b) 144
- (c) 225
- (d) 625
- (e) 900

Answer (d) 625

339. $1898.88 \div 189.921 + 9.99 + (?)^2 = 83.89$

- (a) 3
- (b) 4
- (c) 5
- (d) 8
- (e) 7

Answer (d) 8

340. $39.7\% \text{ of } 801 - 250.17 = ? - 63\% \text{ of } 801$

- (a) 800
- (b) 500
- (c) 574
- (d) 760
- (e) 550

Answer (c) 574

341. $\sqrt{225} + \sqrt{81} + 122 = ?$ @cetexamgroup

- (a) 168
- (b) 164
- (c) 162
- (d) 172
- (e) $182 \ 510 \ 28. \ ? = \sqrt{324} + 3.25$

Answer (c) 162

342. $80\% \text{ of } ? = \sqrt{250} \times 44 + 40\% \text{ of } 8500$

- (a) 80
- (b) 120
- (c) 150
- (d) 180
- (e) 240

Answer (d) 180

343. $? + 13 \times 50 = 420 + 45\% \text{ of } 800 + 220$

- (a) 300
- (b) 350
- (c) 400
- (d) 450
- (e) 250

Answer (c) 400

344. 12% of ? + 12.5% of 960 = 16×12

- (a) 840
- (b) 960
- (c) 800
- (d) 600
- (e) 400

Answer (a) 840

345. 40% of 400 + ? % of 300 = 250

- (a) 40
- (b) 36
- (c) 25
- (d) 30
- (e) 20 53

Answer (c) 25

346. A & B entered into a business by investing total capital of Rs 17000. B withdraws Rs 1500 after 6 months and gets Rs 8100 as profit out of total profit of Rs 19500 at the end of year. Find capital of B after 6 months from starting.

- (a) Rs 7000
- (b) Rs 9500
- (c) Rs 7500
- (d) Rs 6000
- (e) Rs 6500

Answer (a) Rs 7000

347. Three partners P, Q and R invested their amounts in ratio of 2 : 5 : 7. At the end of 6 months, 'P' added some more amount such that his investment become equals to half of sum of 'Q' and 'R' initial investment. If at the end of the year, Q's share in profit is Rs 425, then find the total profit

- (a) Rs 1250
- (b) Rs 1360
- (c) Rs 1840
- (d) Rs 1050
- (e) Rs 1450

Answer (c) Rs 1840

348. Raman and Nakul invested in a business. Raman invested Rs 3000 and withdraw Rs 1500 at the end of 8th month. Nakul invested Rs 1000 and Rs 3500 more at the end of 4th month but withdraw Rs 1500 at the end of 7th month. At the year's end, they earned Rs 1800. What should be Raman's share?

- (b) 920
- (c) 864
- (a) 936
- (e) 795
- (d) 850

Answer (a) 936

DIRECTIONS (Q. 349-350)

A, B and C invested in the ratio 4 : 6 : 9 respectively in a business venture at the start of a year. At the end of four months, they invested an additional amount in the ratio of 2 : 3 : 1. Then at the end of eight months, they again invested an additional amount in the ratio of 3 : 2 : 5. They invested the whole amount for one year and the profit earned in the business is proportional to the investment and the period of investment.

349. 'A' invested Rs.4000 and 'B' invested Rs.1000 more than A. After eight months 'C' invested Rs.3000. If at the end of the year 'C' gets profit of Rs.700, then find the total profit.

- (a) Rs.7000
- (b) Rs.8400
- (c) Rs.5600
- (d) Rs.8800
- (e) Rs.6400

Answer (d) Rs.8800

350. A & B invested Rs. X and Rs. (X + 800) for same period of time in a business. If A gets Rs. 3200 as profit share out of total profit of Rs. 6800, then find 'X'?

- (a) 7800
- (b) 6000
- (c) 8400
- (d) 7200
- (e) 6400

Answer (c) 8400

351. Ratio of income of A to that of B is 5:9. If expenditure of A is $\frac{3}{4}$ th of his income and expenditure of B is $\frac{4}{9}$ th of his income and sum of their saving is Rs 1950 then find the difference between their income?

- (a) Rs 900
- (b) Rs 1000
- (c) Rs 880
- (d) Rs 960
- (e) Rs 920

Answer (b) Rs 1000

352. A, B & C entered into a partnership business. Amount invested by B is 3 times of amount invested by A and ratio of amount invested by C to that of B is 1 : 2. After 11 months, all 3 withdrew Rs.Y. If ratio of C's profit share to total profit at the end of the year is 35 : 129, then find profit sharing ratio of A to that of B at the end of the year.

- (a) 19 : 75
- (b) 41 : 53
- (c) 67 : 27
- (d) 23 : 71
- (e) 31 : 63

Answer (b) 41 : 53

353. Two friends Pinki and Rinki entered into a partnership by investing an amount of Rs 6000 and Rs 9000 respectively and ratio of their period of investment is 2: 3. Find the profit share of Pinki if profit share of Rinki is Rs 45,000.

- (a) Rs 24,000
- (b) Rs 20,000
- (c) Rs 18,000
- (d) Rs 28,000
- (e) Rs 25,000

Answer (c) Rs 18,000

354. The prices of a refrigerator and a television set are in the ratio 5 : 3. If the refrigerator costs Rs. 5500 more than the television set. Then, the price of the refrigerator is :

- (a) Rs. 27500
- (b) Rs. 82500
- (c) Rs. 13750
- (d) Rs. 16500
- (e) None of these

Answer (a) Rs. 27500

355. A milkman makes 20% profit by selling milk mixed with water at Rs. 9 per litre. If the cost price of 1 L pure milk is Rs. 10, then the ratio of milk and water in the given mixture is :

- (a) 3 : 1
- (b) 4 : 1
- (c) 3 : 2
- (d) 4 : 3
- (e) None of these

Answer (c) 3 : 2

356. 94 is divided into two parts in such a way that the fifth part of the first and the eight part of the second are in the ratio 3 : 4. The first part is :

- (a) 30
- (b) 36
- (c) 40
- (d) 28
- (e) None of these

Answer (d) 28

357. Annual incomes of Amit and Varun are in the ratio 3 : 2, while the ratio of their expenditures is 5 : 3. If at the end of the year each saves Rs. 1000, the annual income of Amit is :

- (a) Rs. 9000
- (b) Rs. 8000
- (c) Rs. 7000
- (d) Rs. 6000
- (e) None of these

Answer (b) Rs. 8000

358. The monthly salaries of A, B and C are in the ratio 2 : 3 : 5. If C's monthly salary is Rs. 12000 more than that of A, then B's annual salary is

- (a) Rs. 120000
- (b) Rs. 144000
- (c) Rs. 180000
- (d) Rs. 240000
- (e) None of these

Answer (e) None of these

359. The income of A, B and C are in the ratio 7 : 9 : 12 and 1 their spendings are in the ratio 8 : 9 : 15. If A saves 4 th of his income, then the savings of A, B and C are in the ratio of :

- (a) 69 : 56 : 48
- (b) 47 : 74 : 99
- (c) 37 : 72 : 49
- (d) 56 : 99 : 69
- (e) None of these

Answer (d) 56 : 99 : 69

- 360.** A sum of Rs. 86700 is to be divided among A, B and C in such a manner that for every rupee that A gets, B gets 90 paise and for every rupee that B gets, C gets 110 paise. B's share will be :
- (a) Rs. 26100
 - (b) Rs. 27000
 - (c) Rs. 28100
 - (d) Rs. 28090
 - (e) None of these

Answer (d) Rs. 28090

- 361.** A man divides his property, so that his son's share to his wife's and wife's share to his daughter's are both as in the ratio 3 : 1. If the daughter gets Rs. 10000 less than son, then the value (in rupees) of the whole property is:
- (a) Rs. 16250
 - (b) Rs. 16000
 - (c) Rs. 18250
 - (d) Rs. 17000
 - (e) None of these

Answer (c) Rs. 18250

DIRECTIONS (Q. 362)

A, B and C invested in the ratio 4 : 6 : 9 respectively in a business venture at the start of a year. At the end of four months, they invested an additional amount in the ratio of 2 : 3 : 1. Then at the end of eight months, they again invested an additional amount in the ratio of 3 : 2 : 5. They invested the whole amount for one year and the profit earned in the business is proportional to the investment and the period of investment.

- 362.** In a village-X, a total of 6000 registered voters (male + female) had cast their votes in which 70% of total registered male voters and 45% of total registered female voters had voted. If total registered male voters are 2000 more than total registered female voters, then find the total number of registered voters in village-X.
- (a) 20000
 - (b) 15000
 - (c) 10000
 - (d) 5000
 - (e) 25000

Answer (d) 5000

- 363.** Manoj gave 60% of his salary to his wife and invested rest amount in mutual funds. His wife spends 30% amount on grocery and 20% on rent. From remaining amount, she purchased gold worth Rs. 18000. Find salary of Manoj.
- (a) Rs 60000
 - (b) Rs 54000
 - (c) Rs 64000
 - (d) Rs 58000
 - (e) Rs 66000

Answer (c) Rs 64000

- 364.** In year 2016, ratio of boys to girls in a school is 36:19. And in year 2017, number of boys is increased by 1440 and number of girls is increased by 15%. If in 2017, there were total increase in the number of students is 1725 then find the increased number of boys in the school.
- (a) 7240
 - (b) 5440
 - (c) 6040
 - (d) 4440
 - (e) 5040

Answer (d) 4440

365. If ratio of salary of A to that of B is 1:3 and each spends 15% of his salary on house rent. Find the house rent paid by A if remaining amount with A and B together is Rs 42500.

- (a) Rs 1800
- (b) Rs 1845
- (c) Rs 1785
- (d) Rs 1760
- (e) Rs 1875

Answer (e) Rs 1875

366. When digits of the two digits number are reversed, number obtained is 9 less than twice of the original number. Also, the new number obtained is 175% of the original number. Find the sum of the digits of the number?

- (a) 13
- (b) 10
- (c) 9
- (d) 12
- (e) 15

Answer (d) 12

367. The population of a village is decreased by 10% in the first year and then increased by 20% in the second year. Find the population of the village at the end of the second year if two years ago it was 15,000?

- (a) 16180
- (b) 16200
- (c) 16320
- (d) 16360
- (e) 16480

Answer (c) 16320

368. There are 75% boys out of total students (boys + girls) in a school and 39% of the total students of the school went on a picnic. If 32% of the total boys went on a picnic, then find what percent of total girls went on a picnic?

- (a) 60%
- (b) 90%
- (c) 75%
- (d) 80%
- (e) 50%

Answer (c) 75%

369. A and B both spend 30% of their income together which is equal to Rs. 26400. If income of A is 20% more than that of B, then find the income of B (in Rs.)?

- (a) 52000
- (b) 48000
- (c) 40000
- (d) 36000
- (e) 30000

Answer (a) 52000

370. A spend 30% of his monthly salary on house rent, 40% of the remaining salary on clothing and he distributes his remaining monthly salary among his two daughters and a son in the ratio 5 : 5 : 4. If difference of A's monthly expenditure on Clothing and monthly amount given by A to his son is Rs.24000, then find A's annual expenditure on house rent.

- (a) Rs.500000
- (b) Rs.540000
- (c) Rs.550000
- (d) Rs.560000
- (e) Rs.600000

Answer (d) Rs.560000

371. Sonal spent Rs. 45760 on the interior decoration for her home, Rs. 27896 on buying air conditioner and the remaining 28% of the total amount she had as cash with her. What was the total amount?

- (a) Rs. 98540
- (b) Rs. 102300
- (c) Rs. 134560
- (d) Cannot be determined
- (e) None of these

Answer (d) Cannot be determined

372. Rajesh spent Rs. 44620 on Deepawali shopping, Rs. 32764 on buying computer and the remaining 32% of the total amount he had as cash with him. What was the total amount?

- (a) Rs. 36416
- (b) Rs. 113800
- (c) Rs. 77384
- (d) Cannot be determined
- (e) None of these

Answer (e) None of these

373. Harjeet spends 50% of his monthly income on household items, 20% of his monthly income on buying clothes, 5% of his monthly income on medicines and the remaining amount of Rs. 11250 he saves. What is Harjeet's monthly income? @cetexamgroup

- (a) Rs. 38200
- (b) Rs. 34000
- (c) Rs. 41600
- (d) Rs. 45000
- (e) None of these

Answer (b) Rs. 34000

374. Mr. Giridhar spends 50% of his monthly income on household items and out of the remaining he spends 50% on transport, 25% on entertainment, 10% on sports and remaining amount of Rs. 900 is saved. What is Mr. Giridhar's monthly income?

- (a) Rs. 6000
- (b) Rs. 12000
- (c) Rs. 9000
- (d) Cannot be determined
- (e) None of these

Answer (e) None of these

375. Shruti decided to donate 12% of her salary to an orphanage. On the day of donation, she changed her mind and donated Rs. 3150 which was 75% of what she had decided earlier. How much is Shruti's salary?

- (a) Rs. 35000
- (b) Rs. 42500
- (c) Rs. 39100
- (d) Cannot be determined
- (e) None of these

Answer (b) Rs. 42500

376. Asha's monthly income is 60% of Deepak's monthly income, 120% of Maya's monthly income. What is Maya's monthly income, if Deepak's monthly income is Rs. 78000?

- (a) Rs. 39000
- (b) Rs. 42000
- (c) Rs. 36000
- (d) Cannot be determined
- (e) None of these

Answer (b) Rs. 42000

377. A sum of Rs. 2236 is divided among A, B and C such that A receives 25% more than C and C receives 25% less than B. What is A's share in the amount?

- (a) Rs. 460
- (b) Rs. 890
- (c) Rs. 780
- (d) Rs. 1280
- (e) None of these

Answer (d) Rs. 1280

378. Pooja invests 13% of her monthly salary, i.e., Rs. 8554 in Mediclaim Policies. Later she invest 23% of her monthly salary on Child Education Policies, she also invests another 8% of her monthly salary on Mutual Funds. What is the total annual amount invested by Pooja?

- (a) Rs. 28952
- (b) Rs. 43428
- (c) Rs. 347424
- (d) Rs. 173712
- (e) None of these

Answer (a) Rs. 28952

379. Mr. Sarang invests 6% of his monthly salary, i.e., Rs. 2,100 on insurance policies. He also invests 8% of his monthly salary on Family Mediclaim Policies and another 9% of his salary on NSCs. What is the total annual amount invested by Mr. Sarang? A publishing house For More Study Material 12

- (a) Rs. 11400
- (b) Rs. 96600
- (c) Rs. 8050
- (d) Rs. 9500
- (e) None of these

Answer (d) Rs. 9500

380. Mrs. Jain invests 14% of her monthly salary, i.e., Rs. 7014 in Insurance Policies. Later she invests 21% of her monthly salary on Family Mediclaim Policies; also she invests another 6.5% of her salary on Mutual Funds. What is the total annual amount invested by Mrs. Jain?

- (a) Rs. 25050
- (b) Rs. 50100
- (c) Rs. 242550
- (d) Rs. 249498
- (e) None of these

Answer (d) Rs. 249498

381. In an examination, it is required to get 256 of the total maximum aggregate marks to pass. A student gets 192 marks and is declared failed. The difference of marks obtained by the student and that required to pass is 10%. What are the maximum aggregate marks a student can get?

- (a) 690
- (b) 670
- (c) 640
- (d) 680
- (e) None of these

Answer (b) 670

382. In an election between two candidates, 60% of the voters cast their vote out of which 4% of the votes were declared invalid. A candidate got 7344 votes which were 75% of the total valid votes. Find the total no. of votes enrolled in the election?

- (a) 1700
- (b) 17659
- (c) 17000
- (d) 15000
- (e) None of these

Answer (b) 17659

383. Samar spends 52% of his monthly salary on household expenditure and 23% on miscellaneous expenditure. If he is left with Rs. 4500, what is his monthly salary?

- (a) Rs. 16000
- (b) Rs. 17500
- (c) Rs. 17000
- (d) Rs. 18500
- (e) None of these

Answer (b) Rs. 17500

384. In a class of 60 students, 40% can speak only Hindi, 25% can speak only English and rest of the students can speak both the languages. How many students can speak English?

- (a) 32
- (b) 28
- (c) 36
- (d) 15
- (e) None of these

Answer (c) 36

385. A, B and C invested in a business in the ratio of 3 : 2 : 5 respectively. If A earns 100% more profit than B and C earns 40% more profit than B, then what is the share of B in the profit?

- (a) Rs. 2420
- (b) Rs. 1560
- (c) Rs. 1135
- (d) Cannot be determined
- (e) None of these

Answer (d) Cannot be determined

386. Sudeep marked up the price at a price higher than cost price & gave 10% discount on every purchase and a complimentary chocolate box worth Rs. 300 on minimum purchase of Rs. 2000. This way he gained 20%. If a customer purchased for Rs. 3000. Find the cost price for Sudeep for the articles sold.

- (a) Rs. 2500
- (b) Rs. 2250
- (c) Rs. 2750
- (d) Rs. 2000
- (e) None of these

Answer (d) Rs. 2000

387. A person sold a book at 20% profit. If he had bought it at 10% less cost and sold for Rs 90 more then he would have gained 40% profit. Find cost price of book.

- (a) Rs 800
- (b) Rs 1600
- (c) Rs 1500
- (d) None of these
- (e) Rs 1200

Answer (b) Rs 1600

388. Selling price of an article becomes Rs.2160 after giving two successive discounts of $x\%$ and 25% and marked price of article is Rs.3600. Find the cost price of article if there is a profit of $x\%$ on selling the article after giving two successive discounts.

- (a) Rs. 1720
- (b) Rs.1500
- (c) Rs.1600
- (d) Rs.1800
- (e) Rs.1900

Answer (b) Rs.1500

389. An article was marked up by 50% above cost price and allowed Rs 50 discount on marked price. If shopkeeper still made a profit of Rs. 50, then find the selling price of the article (in Rs.)?

- (a) 350 Rs
- (b) 300 Rs
- (c) 250 Rs
- (d) 200 Rs
- (e) 150 Rs

Answer (c) 250 Rs

390. A shopkeeper marked the price of an article by 40% above cost price and gave discount of Rs. 224. On the final amount, he charged 10% tax. In the whole transaction, he earned Rs. 158.6. Find cost price of the article.

- (a) Rs 750
- (b) Rs 760
- (c) Rs 744
- (d) Rs 757
- (e) Rs 748

Answer (d) Rs 757

- 391.** A shopkeeper sets MRP of a product such that after giving 10% discount, he earns 12.5% profit. What will be his profit/loss percent if he allows a discount of 25%?
- (a) 5%
 (b) 10.45%
 (c) 8.33%
 (d) 6.25%
 (e) 9.09%
- Answer (e) 9.09%**
- 392.** When a person sold an article, his profit percent is 60% of the selling price. If the cost price is increased by 75% and the selling price remains the same, then find decrement in the profit is what percent of the selling price of the article?
- (a) 25%
 (b) 30%
 (c) 40%
 (d) 27.5%
 (e) None of these
- Answer (a) 25%**
- 393.** Shopkeeper sells two articles – M & N. He marks article – M 20% above its cost price and he gave 5% discount on it. Cost price of article – N is 20% more than cost price of article – M. If shopkeeper sold article – M at Rs.285 and article – N at 15% profit, then find selling price of article – N.
- (a) Rs.345
 (b) Rs.230
 (c) Rs.460
 (d) Rs.414
