

Banking Question Bank - Set 3

457 questions with verified answer keys

1. An article is marked for sale at Rs. 504. The shopkeeper gives a discount of 5% on the sale price and still earns a profit of 20%. What could be the purchase price of the article?
- (a) Rs. 399
 - (b) Rs. 405
 - (c) Rs. 403
 - (d) Rs. 400
 - (e) None of these

Answer (b) Rs. 405

2. A shopkeeper sold an article for Rs. 400 after giving 20% discount on the labelled price and made 30% profit on the cost price. What would have been the percentage profit, had he not given the discount?
- (a) 25%
 - (b) 35%
 - (c) 50%
 - (d) 62.5%
 - (e) None of these

Answer (d) 62.5%

3. Suresh purchased a TV set for Rs. 11250. He spent Rs. 800 on installation and Rs. 150 on transportation. At what price should it be sold so that the profit earned would have been 15%, if no discount was offered?
- (a) Rs. 12938
 - (b) Rs. 14030
 - (c) Rs. 13450
 - (d) Rs. 15467
 - (e) None of these

Answer (c) Rs. 13450

4. Mr A sold a goods, to Mr. B at 10% discounted value of printed rate. The discounted value is Rs. 1242. If 15% profit is earned on purchase rate by selling the goods at printed rate, what is the purchase rate?
- (a) Rs. 1242
 - (b) Rs. 1380
 - (c) Rs. 1280
 - (d) Rs. 1200
 - (e) None of these

Answer (d) Rs. 1200

5. My sister was born 26 yrs after my mother was born and I was born 28 yrs after my father was born. The present average age of my family is 32.5 yrs. After 3 yrs from now my sister will get married and will leave the family, then average age of family will become 41 yrs. What is the present age of my mother?(in yrs)
- (a) 40
 - (b) 50
 - (c) 45
 - (d) 41
 - (e) 42

Answer (b) 50

DIRECTIONS (Q. 6-7)

Answer these questions based on the information given below. @cetexamgroup There are five members A, B, C, D and E in a family. Ratio of ages of A and B five years ago was 3: 4. Sum of ages of D and E five years hence will be 90. If C were born four years later than his actual date of birth, present Age C would be half to that of present age E.

6. What is the age of D four years ago, if the current age of C is 27 years?

- (a) 36 years
- (b) 34 years
- (c) 38 years
- (d) 30 years
- (e) Cannot be determined

Answer (d) 30 years

7. After 3 years, A will be 20 years old. What is the average of current ages of A, B, D and E together?

- (a) 29 years
- (b) 29.5 years
- (c) 30 years
- (d) 30.5 years
- (e) Cannot be determined

Answer (a) 29 years

8. The sum of the ages of father and son is 50 years. Eight years ago, the product of their ages was two time the father's age at that time, then the present ages (in years) of the father and son respectively are

- (a) 39,6
- (b) 35,10
- (c) 36,9
- (d) 40,10
- (e) None of these

Answer (e) None of these

9. Sweta and Neha profess to tell their present ages as 25 and 20 years respectively. (Not original age). Ratio of their original ages 5 year ago is 5: 4. Sum of ages of both 400 5 years hence is 9 % more than the sum of present ages of both professed by them. Find the sum of their present original age

- (a) 25
- (b) 35
- (c) 55
- (d) 40
- (e) 50

Answer (d) 40

10. Ratio of present age of P and Q is 3: 4. Sum of the present age of S and P is 41. R is 5 years younger than Q. Average of present age of Q, R and S is 22 years. Find the difference of S and R's age

- (a) 3
- (b) 2
- (c) 1
- (d) 5
- (e) 4

Answer (a) 3

11. In a company there are 252 employees, in which the ratio of the number of men and women is 2 : 1. Some more women are employed and the ratio of men and women becomes 1 : 1. The average age of all the employees is now 22 years and the average age of the women is 2 years less than the average age of the men. Find the average age (in years) of men and women.
- 22,20
 - 23,21
 - 24,22
 - 21,23
 - none of these
- Answer (c) 24,22**
12. In an exam of Chemistry, three students (X, Y and Z) participated and got an average score 80. In another exam i.e. Maths, two students (X and Y) got 20% more marks than in Chemistry exam while Z got 10% less marks relative to Chemistry exam. Average mark in Maths exam is six more than average marks in Chemistry exam. If difference between score of X and Y in Maths exam is 24 then find the average of all the three students in Biology exam if X and Y got 25% more marks in Biology than Maths exam while Z got only 10% more marks than Maths exam ?
- 101
 - 103
 - 104
 - 105
 - 108
- Answer (b) 103**
13. The average age (in years) of a group of people is twice the number of people in the group. A person, X, leaves the group and the average age is still twice the number of people in the group. Now another person, Y, leaves the group and the average age is still twice the number of people in the group. If the ratio of the ages of X and Y is 19: 17, then find the average age of the group, if one more person, Z, of age 16 years, leaves the group.
- 10
 - 15
 - 16
 - 18
 - None of these
- Answer (b) 15**
14. The average age of a husband and wife, who were married 7 years ago, was 25 years at the time of their marriage, Now, the average age of the family, including husband, wife and a child, born during the interval, is 22 years. What is the present age of the child?
- 4 yrs
 - 2 yrs
 - 3 yrs
 - 5 yrs
 - None of these
- Answer (a) 4 yrs**
15. The average price of 80 computers in an electronic shop is Rs. 30,000. If the highest and lowest price computers are sold out then the average price of the remaining 78 computers is Rs. 29,500. The cost of the highest price computer is Rs. 80,000. The cost of lowest price computer is:
- Rs. 19,000
 - Rs. 20,000
 - Rs. 29,000
 - can't be determined
 - None of these

Answer (c) Rs. 29,000

16. Eleven years earlier the average age of a family of 4 members was 28 years. Now the age of the same family with six members is yet the same, even when 2 children were born in this period. If they belong to the same parents and the age of the first child at the time of the birth of the younger child was same as there were total family members just after the birth of the youngest member of this family, then the present age of the youngest member of the family is :

(a) 3 years
(b) 5 years
(c) 6 years
(d) 4 years
(e) None of these

Answer (a) 3 years

17. Mr. Patel walked 6 km to reach the station from his house, then he boarded a train whose average speed was 60 km/hr and thus he reached his destination. In this way he took total of 3 hours. If the average speed 1. The ratio of ages of A and B 4 years ago was 5 : 3. The sum of present ages of A, B and C is 80 years. If present age of C is equal to sum of present ages of A and B. find the present age of A.

(a) 17 years
(b) 24 years
(c) 20 years
(d) 22 years
(e) 18 years

Answer (a) 17 years

18. The average marks of Sameer decreased by 1, when he replaced the subject in which he has scored 40 marks by the other two subjects in which he has just scored 23 and 25 marks respectively. Later he has also included 57 marks of Computer Science, then the average marks increased by 2. How many subjects were there initially?

(a) 6
(b) 12
(c) 15
(d) can't be determined
(e) None of these

Answer (c) 15

19. The average age of Donald, his wife and their two children is 23 years. His wife is just 4 year younger than Donald himself and his wife was 24 years old when his daughter was born. He was 32 years old when his son was born. The average age of Donald and his daughter is :

(a) 25 years
(b) 22.5 years
(c) 26 years
(d) can't be determined
(e) None of these

Answer (e) None of these

20. There are 6 consecutive odd numbers in increasing order. The difference between the average of the squares of the first 4 numbers and the last four numbers is 64. If the sum of the squares of the first and the last element (i.e., odd numbers) is 178, then the average of all the six numbers is:

(a) 7
(b) 8
(c) 9
(d) 10
(e) None of these

Answer (d) 10

21. The average age of board of directors of a company, having 10 directors was 48 years. Coincidentally when a director aged 53 resigned from the board of directors, another director died on the same day. So a new director joined the board of directors aged 34. Next year in the same month the average age of all the 9 directors was found to be 46 years. The age of the late (i.e., dead) director at the time of his death was :
- (a) 56 years
 - (b) 53 years
 - (c) 57 years
 - (d) 61 years
 - (e) None of these

Answer (e) None of these

22. A is 6 years younger than B and ratio of present age of B to C is 12:5. If ratio of present age of A to C is 2:1 then find present age of B?
- (a) 20 years
 - (b) 30 years
 - (c) 24 years
 - (d) 18 years
 - (e) None of these

Answer (c) 24 years

23. Six years ago, the ratio of age of Kunal to Sagar was 6 : 5 and four years hence ratio of age of Kunal to Sagar will be 11 : 10. Find the present age of Sagar?
- (a) 15 years
 - (b) 16 years
 - (c) 14 years
 - (d) 10 years
 - (e) 12 years

Answer (a) 15 years

24. The ratio of the ages of Ram and Rahim 10 years ago was 1 : 3. The ratio of their ages five years hence will be 2 : 3. Then, the ratio of their present ages is :
- (a) 1 : 2
 - (b) 3 : 5
 - (c) 3 : 4
 - (d) 2 : 5
 - (e) None of these

Answer (c) 3 : 4

25. Four years ago, ratio of age of A and B was 3 :4. Average of present age of A, B and C is 26 years. C is 11 years younger than B. what is the present age of B?
- (a) 25 years
 - (b) 21 years
 - (c) 22 years
 - (d) 32 years
 - (e) 26 years

Answer (d) 32 years

26. The ratio of the present age of A to B is 8: 5 and the average of the present age of B and C is 35 years. If five years ago, the sum of ages of A and B is 55 years, then find the difference between the present age of A and C.
- (a) 12 years
 - (b) 5 years
 - (c) 9 years
 - (d) 8 years
 - (e) 4 years

Answer (c) 9 years

27. Ratio of ages of A and B, 4 years later is 8:9 respectively. If average of present ages of A & B is 47 years, then find difference in present ages of A & B.
- (a) 5 years
 - (b) 6 years
 - (c) 3 years
 - (d) 2 years
 - (e) 4 years

Answer (a) 5 years

28. The average weight of a class of 45 girls is 53 kg. It was later found that weight of two girls was read as 49 kg and 57 kg instead of 45 kg and 52 kg. Find the actual average weight of the class.
- (a) 54 kg
 - (b) 53.40 kg
 - (c) 50.6 kg
 - (d) 52.80 kg
 - (e) 51.5 kg

Answer (a) 54 kg

29. If the difference between the present age of P and Q is three years and the ratio between the age of P and Q after two years will be 5 : 4, then find the age of P after two years (in years)?
- (a) 15
 - (b) 13
 - (c) 18
 - (d) 16
 - (e) 14

Answer (c) 18

30. Average of 10 numbers is 35. If average of first 5 numbers is 40 and average of last 3 numbers is 22, then what is the average of remaining two numbers?
- (a) 36
 - (b) 32
 - (c) 40
 - (d) 42
 - (e) 44 @cetexamgroup

Answer (e) 44 @cetexamgroup

31. Ratio of present age of A to B is 4 : 3. If C is 4 years younger to B and difference between present age of A and B is 4 years, then what is C's age 10 years hence?
- (a) 12 years
 - (b) 22 years
 - (c) 18 years
 - (d) 20 years
 - (e) 24 years

Answer (d) 20 years

32. Four years hence, sum of ages of A and B will be 16 years more than the sum of present age of B and C. Four years ago, sum of age of A and C is 32 years then find the present age of C?
- (a) 24 years
 - (b) 20 years
 - (c) 12 years
 - (d) 16 years
 - (e) 18 years

Answer (e) 18 years

33. 4 years ago, ratio of Shivam's age to Deepak's age was 2: 3 and ratio of Shivam's age 4 years ago to Deepak's age 5 years hence is 8: 15. Find present age of Shivam.
- (a) 32 years
 - (b) 28 years
 - (c) 40 years
 - (d) 24 years
 - (e) 36 years

Answer (d) 24 years

34. Ratio of present age of A to that of B is 2 : 5, ratio of present age of B to that of C is 25 : 18 and ratio of present age of C to that of D is 12 : 13. If D is 11 years younger than B, then find present age of A.
- (a) 24 years
 - (b) 20 years
 - (c) 28 years
 - (d) 30 years
 - (e) 18 years

Answer (b) 20 years

35. The average of 6 numbers is 20. If one number is removed, the average becomes 15. What is the number removed?
- (a) 5
 - (b) 35
 - (c) 112
 - (d) 45
 - (e) None of these

Answer (a) 5

36. After replacing an old member by a new member, it was found that the average age of five members of a club is the same as it was 3 yr ago. The difference between the ages of the replaced and the new member is
- (a) 2 yr
 - (b) 4 yr
 - (c) 8 yr
 - (d) 15 yr
 - (e) None of these

Answer (b) 4 yr

37. The mean of 100 items was 46. Later on, it was discovered that an item 16 was misread as 61 and another item 43 was misread as 34. It was also found that the number of items was 90 and not 100. Then, what is the correct mean?
- (a) 50
 - (b) 50.7
 - (c) 52
 - (d) 52.7
 - (e) None of these

Answer (d) 52.7

38. The average pocket-money of 3 friends A, B, C is Rs. 80 in a particular month. If B spends double and C spends triple of what A spends during that month and if the average of their unspent pocket-money is Rs. 60, then A spends (in Rs.)

(a) 10
(b) 20
(c) 30
(d) 40
(e) None of these

Answer (c) 30

39. The batting average of a cricket player for 64 innings is 62 runs. His highest score exceeds his lowest score by 180 runs. Excluding these two innings, the average of remaining innings becomes 60 runs. His highest score was

(a) 180 runs
(b) 209 runs
(c) 212 runs
(d) 214 runs
(e) None of these

Answer (c) 212 runs

40. The average weight of a group of 20 boys was calculated to be 89.4 kg and it was later discovered that one weight was misread as 78 kg instead of 87 kg. The correct average weight is

(a) 88.95 kg
(b) 89.25 kg
(c) 89.55 kg
(d) 89.85 kg
(e) None of these

Answer (c) 89.55 kg

41. The average of a collection of 20 measurements was calculated to be 56 cm. But later, it was found that a mistake had occurred in one of the measurements which was recorded as 64 cm, but should have been 61 cm. The correct average must be?

(a) 53 cm
(b) 54.5 cm
(c) 55.85 cm
(d) 56.15 cm
(e) None of these

Answer (d) 56.15 cm

DIRECTIONS (Q. 42)

Answer these questions based on the information given below. @cetexamgroup There are five members A, B, C, D and E in a family. Ratio of ages of A and B five years ago was 3: 4. Sum of ages of D and E five years hence will be 90. If C were born four years later than his actual date of birth, present Age C would be half to that of present age E.

42. A and B working together, can do a piece of work in 4 hours. B and C working together can do it in 3 hours. C 1 and A working together can do it in 2 4 hours. If all the three begin the work together. Find how much time they will take to finish the piece of work?

(a) 3 hours
(b) 2 hours
(c) 2.5 hours
(d) 1 hours
(e) 1.5hours

Answer (a) 3 hours

43. Ritesh travels at 1 kmph to reach station 500m far from his house to catch a train. He started but after 4 minutes, he realized that he forgot a document at home so he returned with same speed. What should be his speed (in kmph) so that he catches the train?

(a) 0.36
(b) 0.27
(c) 1.27
(d) 1.36
(e) 1.5

Answer (c) 1.27

44. A train can travel 100% faster than a car. Both start from point A at the same time and reach point B 150 km away from A at the same time on the way however train lost about 30 minutes while stopping at a station. Find the speed of car?

(a) 115 km/hr
(b) 120 km/hr
(c) 125 km/hr
(d) 75 km/hr
(e) 150 km/hr

Answer (b) 120 km/hr

45. A train moves at the speed of 108 km/hr, passes a platform and a bridge in 15 sec and 18 sec respectively. If the length of platform is 50% of length of bridge, then find the length of train.

(a) 280 m
(b) 360 m
(c) 340 m @cetexamgroup
(d) 320 m
(e) 300 m

Answer (d) 320 m

46. A train travelling at 72 km/hr crosses an another train having half its length and travelling in opposite direction at 63 km/hr in 15 seconds. Faster train also passed a railway platform in 50 second. Length of smaller train is what percent of length of platform?

(a) 40%
(b) 35%
(c) 25%
(d) 30%
(e) 45%

Answer (d) 30%

DIRECTIONS (Q. 47-48)

; These questions are based on the information given below. Train P has a length of 300 m and a speed of 72 kmph. Train Q has a length of 600 m and a speed of 90 kmph. Both enter the tunnel from opposite ends simultaneously. The length of the tunnel is 600 m.

47. Which train exits the tunnel first completely? What length of the other train is still in the tunnel at that time? (in m)

(a) P, 75
(b) Q, 75
(c) P, 90
(d) Q, 90
(e) Can't determine

Answer (c) P, 90

48. Find the distance between the point where the rear ends of the trains cross each other and the point of entry of the slower train (in m). 1 2 2
- (a) 398 3
 - (b) 366 3
 - (c) 216 3 1
 - (d) 233 3
 - (e) none of these

Answer (b) 366 3

DIRECTIONS (Q. 49-50)

Amit intended to travel a certain distance at a certain uniform speed. But after one hour, he increased his speed by 25%. As a result, in the remaining part of the time that he originally planned for the journey, A publishing house For More Study Material 14 he could now cover as much distance as he initially thought he would be able to cover.

49. What is the total time taken for the journey?

- (a) 4 hrs
- (b) 5 hrs
- (c) 6 hrs
- (d) Can't be determined
- (e) None of these

Answer (c) 6 hrs

50. After Amit increased his speed, if he decided to terminate his journey after covering the distance he initially intended to cover and not cover the extra distance as given in the data, what is the total time taken for the journey?

- (a) 4 hr 12 min
- (b) 5 hr 24 min
- (c) 3 hr 36 min
- (d) 4 hr 36 min
- (e) None of these

Answer (a) 4 hr 12 min

DIRECTIONS (Q. 51-52)

Two trains start together from a Station A in the same direction. The second train can cover 1.25 times the distance of first train in the same time. Half an hour later, a third train starts from same station and in the same direction. It overtakes the second train exactly 90 minutes after it overtakes the first train.

51. What is the speed of third train, if the speed of the first train is 40 Km/hr?

- (b) 50 Km/hr
- (c) 60 Km/hr
- (a) 20 Km/hr
- (e) none of these
- (d) 80 Km/hr

Answer (b) 50 Km/hr

52. What is the distance covered by third train till the time it overtakes the second train?

- (a) 160 kms
- (b) 150 kms
- (c) 140 kms
- (d) 130 kms
- (e) None of these

Answer (b) 150 kms

DIRECTIONS (Q. 53-55)

Cities M and N are 600 km apart. Bus A starts from city M towards N at 9 AM and bus B starts from city N towards M at the same time. Bus A travels the 1st 3rd of the distance at a speed of 40 km/h, the second 1st 3rd at 60 km/h and the last 3rd at 40 km/h. Bus B travels the 1st 3rd of the total distance at a speed of 50 km/h, the 1st 3rd at 60 km/h and the last 3rd at 30 km/h.

53. When and where will the two buses cross each other after starting from their respective stations?

- (a) 6 hours 10 minutes, 270 km from city N
- (b) 5 hours 10 minutes, 270 km from city M
- (c) 6 hours 10 minutes, 270 km from city M
- (d) 5 hours 10 minutes, 270 km from city N
- (e) None of these

Answer (d) 5 hours 10 minutes, 270 km from city N

54. At what times Bus A and Bus B reach their destinations respectively? (2 Marks)

- (a) 10 PM, 11:20 PM
- (b) 11 PM, 10:20 PM
- (c) 11:20 PM, 10 PM
- (d) 10:20 PM, 11 PM
- (e) None of these

Answer (c) 11:20 PM, 10 PM

55. If Bus A and Bus B will be completing their return journey at constant speeds of 40 km/h and 60 km/h respectively on the next day, then how far from the previous day's meeting point they will meet? (2 Marks)

- (a) 30 km
- (b) 90 km
- (c) 60 km @cetexamgroup
- (d) 120 km
- (e) None of these

Answer (e) None of these

56. A bus starts from city M to city N at a constant speed while another bus starts at the same time from city N to city M at the same speed. After driving for 3 hours, they meet at point P. The buses start their return journey on the next day. First bus starts at a speed 20% less than its previous day's speed while 40 minutes later, second bus starts at a speed 20% more than its previous day's speed. If they meet 21 kilometers far from point P, then what is the distance between the two cities? (2 Marks)

- (a) 600 km
- (b) 150 km
- (c) 300 km
- (d) 450 km
- (e) none of these

Answer (a) 600 km

DIRECTIONS (Q. 57)

Answer these questions based on the information given below. PQ is a tunnel. A dog sits at a distance of $\frac{5}{11}$ of PQ from P. The train's whistle coming from any end of the tunnel would make the dog run. If a train approaches P and the dog runs towards P, the train would hit the dog at P. If the dog runs towards Q instead, it would hit the dog at Q.

57. Find the ratio of the speeds of the train and the speed of dog.

- (a) 5 : 2
- (b) 16 : 5
- (c) 11 : 1
- (d) 34 : 3
- (e) None of these

Answer (c) 11 : 1

58. A train 75 meters long overtake a person who walking at the speed of 6 km/hr in opposite direction and passed him in $7\frac{1}{2}$ sec subsequently, it overtake a second person, walking in same direction as the first person and passed him in $6\frac{3}{4}$ S. then find speed of second person?

- (a) 15 km/hr
- (b) 10 km/hr
- (c) 18 km/hr
- (d) 20 km/hr
- (e) 8 km/hr

Answer (e) 8 km/hr

59. Abhishek and Ayush start travelling in same direction at 8 km/hr and 13 km/hr respectively. After 4 hours, Abhishek doubled his speed and Ayush reduced his speed by 1 km/hr and reached the destination together. How long the entire journey last ?

- (a) 9 hr
- (b) 8 hr
- (c) 4 hr
- (d) 7 hr
- (e) 6 hr

Answer (d) 7 hr

60. A train X departs from station A at 11.00 am for station B, which is 180 km away. Another train Y departs from station B at 11.00 am for station A. Train X travels at an average/speed of 70 kms/hr and does not stop anywhere until it arrives at station B. Train Y travels at an average speed of 50 kms/hr, but has to stop for 15 minutes at station C, which is 60 kms away from station B enroute to station A. Ignoring the lengths of the train, what is the distance, to the nearest km, from station A to the point where the trains cross each other?

- (a) 112
- (b) 118
- (c) 120
- (d) 140
- (e) None of these

Answer (a) 112

61. Ratio of distance covered (in km) by the same type of @cetexamgroup car of three different companies i.e (Quick ride, Rapido and Ola) is 7:8:5 on day1 and ratio of distance covered by that car of Rapido to that of Quick ride on day2 is 2:3. If on day2 total distance covered by the same car of Rapido and that of Quick ride is 250 km and on day1 same car of Rapido covers 'm' km then total distance covered by the car of Quick ride in 2 days becomes 290 km. Find total distance covered by car of Rapido on Day 1.

- (a) 400 km

- (b) 160 km
- (c) 140 km
- (d) 240 km
- (e) 250 km

Answer (a) 400 km

- 62.** Relative speed of two trains A & B is 3 m/s while running in same direction and ratio of speed of A to that of B is 6 : 7. If both train cross each other while 120 running in opposite direction in 13 sec and train A can cross a platform (length of platform is twice of length of train A) in 24 sec, then find length of train B?

- (a) 240 meters
- (b) 210 meters
- (c) 180 meters
- (d) 300 meters
- (e) 150 meters

Answer (b) 210 meters

- 63.** Rohit started running towards the park with the speed of 10 kmph and reached there in 1 hour. One day a dog started to chase him when he had covered half distance due to which he increases his speed and reached park 15 minutes earlier. Find the time taken by him at increased speed to reach the park from home.

- (a) 45 minutes
- (b) 30 minutes
- (c) 50 minutes
- (d) 35 minutes
- (e) 25 minutes

Answer (c) 50 minutes

- 64.** Distance between two cities A & B is 600 km. P starts from A and Q from B at same time. After two hours, P realized he was travelling slow and therefore increased his speed by $\frac{1}{4}$ th and meet Q at a point 216 km from A. Find the increased speed of P, if Q drove at a constant speed of 150 km/hr.

- (a) 125 km/hr
- (b) 120 km/hr
- (c) 80 km/hr
- (d) 100 km/hr
- (e) None of these

Answer (b) 120 km/hr

- 65.** Length and speed of train A is 'L' meters and 108 km/hr. It crosses a platform; whose length is 60% less than the length of train A in 28 sec. If train B crosses the same platform in 24 sec running at the speed of 90 km/hr., then find the time taken by train A to cross train B running in same direction?

- (a) 172 sec
- (b) 198 sec
- (c) 196 sec
- (d) 184 sec
- (e) 192 sec

Answer (c) 196 sec

- 66.** A car can cover a distance in 4 hour at speed 60 kmph then by what percent should the speed of car be increased to cover the same distance in 2.5 hr?

- (a) 60%
- (b) 40%
- (c) 50%
- (d) 100%
- (e) 75%

Answer (c) 50%

67. Two trains of length 140m & 120m are running in same direction on parallel tracks with speeds 132 kmph & 80 kmph respectively. How much time will they take to cross each other?
- (a) 7.09 sec
 - (b) 18 sec
 - (c) 11.7 sec
 - (d) 4.42 sec
 - (e) Cannot be determined

Answer (a) 7.09 sec

68. A is 40% more efficient than B and both together can complete a work in 9 8 days. If A work for first five days alone and remaining work complete by B, then find in how many days total work will be completed? 1 1
- (a) 20 2 days
 - (b) 16 days
 - (c) 15 5 days
 - (d) 20 days
 - (e) 18 5 days

Answer (b) 16 days

69. Train 'A' running at speed of 54 km/hr crosses a platform of length same as that of the train in 36 sec. If train B, which is 230 meters long crosses the same platform in 25 sec, then find speed of train B (in km/hr)?
- (a) 54 km/hr
 - (b) 72 km/hr
 - (c) 84 km/hr
 - (d) 90 km/hr
 - (e) 108 km/hr

Answer (b) 72 km/hr

70. Train A running at a speed of 36 km/hr crosses train B in 20 seconds. Find the speed of train B (in km/hr), if the sum of the length of train A & B is 600 meters and both trains running in the opposite direction.
- (a) 72 km/hr
 - (b) 54 km/hr
 - (c) 48 km/hr
 - (d) 108 km/hr
 - (e) 81 km/hr

Answer (d) 108 km/hr

71. A train running at the speed of 72 kmph crosses a pole in 30 seconds. Find the time taken by the same train to cross the pole with the speed of 54 kmph (in sec)?
- (a) 42
 - (b) 48
 - (c) 54
 - (d) 45
 - (e) 40

Answer (c) 54

72. A train X travelling at 15 m/sec crosses another train Y travelling in opposite direction at 72 kmph in 15 seconds. Find the length of train X which is twice of that of train Y?

- (a) 400 m
- (b) 300 m
- (c) 350 m
- (d) 450 m
- (e) 500 m

Answer (e) 500 m

73. A person travels half of the distance at the speed of x km/h and remaining half of the distance at $4x$ km/h. Find the value of ' x ' if the average speed is 36.8 km/h?

- (a) 21
- (b) 25
- (c) 24
- (d) 23
- (e) 20

Answer (a) 21

74. Train – Y crosses Train – X while running in same direction in 120 seconds and Train – Y crosses Train – 40 X in 3 seconds while running in opposite direction. If Train – X is running at 120 km/hr, then find speed of Train – Y (in km/hr). @cetexamgroup

- (a) 150
- (b) 180
- (c) 200
- (d) 160
- (e) None of the above

Answer (c) 200

75. The speed of a train going from Nagpur to Allahabad is 100 km/h while its speed is 150 km/h when coming back from Allahabad to Nagpur. Then, the average speed during the whole journey is?

- (a) 120 km/h
- (b) 125 km/h
- (c) 140 km/h
- (d) 135 km/h
- (e) None of these

Answer (e) None of these

76. A man travels a distance of 24 km at 6 km/h another distance of 24 km at 8 km/h and a third distance of 24 km at 12 km/h. His average speed for the whole journey (in km/h) is? 2 10

- (a) 8 3
- (b) 8
- (c) 2 13
- (d) 9
- (e) None of these

Answer (d) 9

77. A student goes to school at the rate of 2 2 km/h and reaches 6 min late. If he travels at the speed of 3 km/h, he is 10 min early. The distance (in km) between the school and his house is:

- (a) 5
- (b) 4
- (c) 3
- (d) 1
- (e) None of these

Answer (a) 5

78. A man can reach a certain place in 30 h. If he reduced 1 his speed by 15th, he goes 10 km less in that time. Find his speed per hour? A publishing house For More Study Material 18 1

- (a) 6 km/h
- (b) 5 2km/h
- (c) 4 km/h
- (d) 5 km/h
- (e) None of these

Answer (d) 5 km/h

79. A man takes 6 h 15 min in walking a distance and riding back to the starting place. He could walk both ways in 7h 45 min. The time taken by him to ride both ways, is:

- (a) 4 h
- (b) 4 h 30 min
- (c) 4 h 45 min
- (d) 5 h
- (e) None of these

Answer (a) 4 h

80. A and B run a kilometre and A wins by 25 s. A and C run a kilometre and A wins by 275 m. When B and C run the same distance, B wins by 30 s. The time taken by A to run a kilometre is?

- (a) 2 min 25 s
- (b) 2 min 50 s
- (c) 3 min 20 s
- (d) 3 min 30 s
- (e) None of these

Answer (c) 3 min 20 s

81. A man walks a certain distance and rides back in 4 h 30 min. He could ride both ways in 3 h. The time required by the man to walk both ways is?

- (a) 4 h 30 min
- (b) 4 h 35 min
- (c) 5 h
- (d) 6 h
- (e) None of these

Answer (b) 4 h 35 min

82. A train passes two persons walking in the same direction at a speed of 3 km/h and 5 km/h, respectively in 10s and 11s, respectively. The speed of the train is:

- (a) 28 km/h
- (b) 27 km/h
- (c) 25 km/h
- (d) 24 km/h
- (e) None of these

Answer (c) 25 km/h

83. A train crosses a platform in 30 s travelling with a speed of 60 km/h. If the length of the train be 200 m, then the length of the platform is:

- (a) 420 m
- (b) 500 m
- (c) 300 m
- (d) 250 m
- (e) None of these

Answer (b) 500 m

84. How many seconds will a 500 m long train take to cross a man walking with a speed of 3 km/h in the direction of the moving train, if the speed of the train is 63 km/h?
- 25
 - 30
 - 40
 - 45
 - None of these
- Answer (d) 45**
85. If sum of upstream and downstream speed of boat is 72 km/hr. and if the boat travels 105 km upstream in @cetexamgroup 3 hours 30 min. then find the time taken to travel 126 km downstream
- 3 hours
 - 3 hours 20 min
 - 2 hours
 - 2 hours 32 min
 - None of these
- Answer (a) 3 hours**
86. A boat goes 28 km downstream to a certain point and while on returning from that point it covered only 75% of distance covered in downstream. If boat takes 3 hr more to cover distance in upstream than distance covered in downstream then find the speed of boat in 5 still water (km/hr) if speed of current is 9 m/sec?
- 3 km/hr
 - 4 km/hr
 - 5 km/hr
 - 6 km/hr
 - 7 km/hr
- Answer (c) 5 km/hr**
87. A boat goes 28 km upstream and while in returning downstream it covered 25% more distance than 1 distance covered in upstream. If boat takes 4 2 hr more to cover upstream than downstream. Find the speed of current (in km/hr), if speed of boat in still water is $2\frac{1}{2}$ m/s?
- 6 km/hr
 - 5 km/hr
 - 3 km/hr
 - 2 km/hr
 - 7 km/hr
- Answer (d) 2 km/hr**
88. A man can swim at the rate of 12 km/hr in still water and rate of flow of river is 4 km/hr. A wooden log started to flow with the speed of river and man also started to swim downstream from same place and at same time. Man after covering 100 km downstream, returns and started to swim upstream. Man meet the wooden log at a distance of x from starting point. Find x.
- 50 km
 - 60 km
 - 80 km
 - 85 km
 - 90 km
- Answer (b) 60 km**

89. A motorboat went downstream for 28 km and immediately returned. It took the boat twice as long to make the return trip. If the speed of the river flow were twice, the journey in downstream and back would take 672 minutes. Find the speed of the boat in still water and the speed of the river flow. A publishing house For More Study Material 9

- (a) 9 km/hr, 3 km/hr
- (b) 9 km/hr, 6 km/hr
- (c) 8 km/hr, 2 km/hr
- (d) 12 km/hr, 3 km/hr
- (e) None of these

Answer (b) 9 km/hr, 6 km/hr

DIRECTIONS (Q. 90-91)

The ratio of time taken by Hunny and Bunny to swim a certain distance downstream in a river is 3 : 4 respectively. The time taken by Bunny to cover a certain distance upstream is 50% more than the time taken by him to cover the same distance downstream.

90. What is the ratio of speed of Hunny to that of Bunny?

- (a) 7 : 5
- (b) 7 : 9
- (c) 2 : 5
- (d) 6 : 7
- (e) None of these

Answer (c) 2 : 5

91. Both of them hired a boat that runs with a speed equal to the sum of their individual speeds. If Hunny can cover a straight path in still water of length 14 km in 60 minutes, then find the time taken by both of them to travel a distance of 48 km to and fro by the hired boat? 4 4 4

- (a) 5 143 hr
- (b) 2 143 hr
- (c) 3 143 hr
- (d) 4 143 hr
- (e) none of these

Answer (b) 2 143 hr

92. A motorboat travelling at some speed, can cover 25 km upstream and 39 km downstream in 8 h. At the same speed, it can travel 35 km upstream and 52 km downstream in 11 h. The speed of the stream is:

- (a) 2 km/h
- (b) 3 km/h
- (c) 4 km/h
- (d) 5 km/h
- (e) None of these

Answer (d) 5 km/h

93. A man can row a boat at a speed of 8 kmph in still water. He was rowing the boat downstream from one point to another. After travelling half of the distance the motor of the boat failed and stopped working. He travelled on the boat along the stream and reached his destination taking six hours more than the usual time. The speed of the stream is 2 kmph. What is the distance between the two points?

- (a) 20 km/h
- (b) 30 km/h
- (c) 24 km/h
- (d) 28 km/h
- (e) None of these

Answer (b) 30 km/h

94. A, B and C are situated at the bank of river which is flowing at a constant rate. B is at an equal distance with A and C. A swimmer Avinash takes 10 h to swim from A to B and B to A. Also, he takes 8 h to swim from A to C in downstream. What is the ratio of speed of Avinash in still water and speed of stream?
- (a) 5 : 4
 - (b) 3 : 5
 - (c) 2 : 5
 - (d) 1 : 2
 - (e) None of these

Answer (e) None of these

95. A boat covers 36 km in upstream in 2 hours and 66 km in downstream in 3 hours. Find the speed of boat in still water?
- (a) 21km/h
 - (b) 19 km/h
 - (c) 20.5 km/h km km
 - (d) 20 h
 - (e) 19.5 h

Answer (b) 19 km/h

96. The time take by a boat in upstream is double than the time taken by it in downstream, but distance covered by it in upstream is only 75% of distance covered by it in downstream. Find the ratio of speed of boat in still water to speed of current. @cetexamgroup
- (a) 5 : 11
 - (b) 11 : 7
 - (c) 7 : 11
 - (d) 11 : 3
 - (e) 11: 5

Answer (b) 11 : 7

97. The downstream speed of a boat is 5 km/hr more than its upstream speed and the ratio of the speed of the boat in still water to the speed of the stream is 19: 5. Find the total time taken by boat to travel 42 km downstream and 31.5 km upstream?
- (a) 7 ½ hr
 - (b) 8 hr
 - (c) 9 hr
 - (d) 9 ½ hr
 - (e) 10 hr

Answer (c) 9 hr

98. Speed of boat in still water is six times of speed of stream. If boat covers 210 km in upstream in 7 hours, then find the downstream speed of boat?
- (a) 42 km/hr
 - (b) 36 km/hr
 - (c) 30 km/hr
 - (d) 32 km/hr
 - (e) 24 km/hr

Answer (d) 32 km/hr

99. The upstream speed and downstream speed of a boat is 10 kmph and 14 kmph respectively and boat travelled for T hours & 6 hours in upstream and downstream respectively. If the distance travelled in downstream is 44 km more than upstream, then find the value of 'T'

- (a) 4
- (b) 3
- (c) 6
- (d) 5
- (e) 8

Answer (b) 3

100. Difference between downstream speed and upstream speed is 4 kmph. If speed of boat in still water is 7 times the speed of current, then what is the time taken by the boat to cover 48 km in downstream? A publishing house For More Study Material 11

- (a) 6 hours
- (b) 5 hours
- (c) 4 hours
- (d) 2 hours
- (e) 3 hours

Answer (e) 3 hours

101. Ratio of speed of boat in still water to the speed of current is 10:1. Ratio of time taken by the boat to cover D km in downstream to the time taken by the boat to cover (D-45) km in upstream is 3:2. Then find the value of D?

- (a) 60 km
- (b) 87 km
- (c) 99 km
- (d) 108 km
- (e) 90 km

Answer (d) 108 km

102. Find the total distance covered by boat in each upstream and downstream in 7 hours if the speed of boat in still water and speed of current is 21 km/h and 3 km/h respectively?

- (a) 280 km
- (b) 294 km
- (c) 315 km
- (d) 301 km
- (e) 322 km

Answer (e) 322 km

103. The current of a stream runs at the rate of 4 km in an hour. A boat goes 6 km and comes back to the starting point in 2 h. The speed of the boat in still water is:

- (a) 6km/h
- (b) 8km/h
- (c) 7.5km/h
- (d) 6.8km/h
- (e) None of these

Answer (c) 7.5km/h

104. A man can row 15 km/h downstream and 9 km/h upstream. The speed of the boat in still water is:

- (a) 8km/h
- (b) 10km/h
- (c) 15km/h
- (d) 12km/h
- (e) None of these

Answer (b) 10km/h

105. A boat running downstream covers a distance of 20 km in 2 h while it covers the same distance upstream in 5h. Then, speed of the boat in still water is :

- (a) 7km/h
- (b) 8km/h
- (c) 9km/h
- (d) 10km/h
- (e) None of these

Answer (d) 10km/h

106. In a fixed time, a boy swims double the distance along the current that he swims against the current. If the speed of the current is 3 km/h, then find the rate of swimming in still water ?

- (a) 6km/h
- (b) 9km/h
- (c) 10km/h
- (d) 12km/h
- (e) None of these

Answer (c) 10km/h

107. A boat goes 20 km downstream in 1 h and the same distance upstream in 2h. The speed of the boat in still water is :

- (a) 15km/h
- (b) 10km/h
- (c) 5km/h
- (d) 7.5km/h
- (e) None of these

Answer (b) 10km/h

108. A man can row 30km downstream and return in a total of 8 h. If the speed of the boat in still water is 4 times the speed of the current, then speed of the current is :

- (a) 1km/h
- (b) 2km/h
- (c) 4km/h
- (d) 3km/h
- (e) None of these

Answer (d) 3km/h

109. X liters of milk is taken out and replaced with water from a container having 240 liters milk. Now, 20% of the mixture is taken out and replaced with water. In final mixture, the difference in quantity of milk & water is 128 liters. Find X.

- (a) 12
- (b) 10
- (c) 9
- (d) 11
- (e) 8

Answer (b) 10

110. Four horses are tethered for grazing at four corners of a square plot of side 14 m so that the adjacent horses can just reach one another. There is a small circular pond of area 20m^2 at the centre. Find the ungrazed area.

- (a) 36m^2
- (b) 25m^2
- (c) 18m^2
- (d) 22m^2
- (e) None of these

Answer (b) 25m^2

111. Sum of Area of circle and a rectangle is equal to 622 sq cm. The diameter of the circle is 14 cm, then what is the sum of circumference of the circle and the perimeter of the rectangle if the length of rectangle is 26 cm?

- (a) 142cm
- (b) 132cm
- (c) 152cm
- (d) 140cm
- (e) 134cm

Answer (a) 142cm

DIRECTIONS (Q. 112-113)

There are 500 rooms in a multi-floored hotel. However, due to a change in rule, the hotel has to decrease the number of floors by 5. However, the management is able to put 5 more rooms in each floor. Over all, the number of rooms in the hotel decreases by 10%. A publishing house For More Study Material 14

112. What is the number of floors and the number of rooms/floor in the hotel originally had?

- (a) 10 floors 50 rooms
- (b) 20 floors 20 rooms
- (c) 20 floors 25 rooms
- (d) 50 floors 10 rooms
- (e) 60 floors, 45 rooms

Answer (c) 20 floors 25 rooms

113. If previously before modification the hotel has 20 floors and 25 rooms in each floor now hotel has to increase the total no. of rooms to 600, then what is the additional number of rooms the hotel must put in each floor?

- (a) 20
- (b) 15
- (c) 10
- (d) 25
- (e) None of these

Answer (c) 10

DIRECTIONS (Q. 114-115)

According to a plan, a team of woodcutters decided to harvest 216 m³ of wheat in several days. In the first three days, the team fulfilled the daily assignment, and then it harvested 8 m³ of wheat over and above the plan every day. Therefore, a day before the planned date, they had already harvested 232 m³ of wheat.

114. How many cubic metres of wheat a day did the team have to cut according to the plan?

- (a) 24
- (b) 28
- (c) 26
- (d) Can't be determined
- (e) None of these

Answer (c) 26

115. To harvest 216 m³ of wheat 2 days before the planned date, how many cubic metres of wheat must be harvested by team over and the above the plan every day after first three days ?

- (a) 8 m³
- (b) 12 m³
- (c) 10 m³
- (d) 16 m³
- (e) None of these

Answer (d) 16 m³

116. The dimensions of a field are 20 m by 9 m. A pit 10 m long, 4.5 m wide and 3 m deep is dug in one corner of the field and the earth removed has been evenly spread over the remaining area of the field. What will be the rise in the height of field as a result of this operation?

- (a) 1.5 m
- (b) 2 m
- (c) 3 m
- (d) 4 m
- (e) 1m

Answer (c) 3 m

117. If the curved surface area of a cone is thrice that of another cone and slant height of the second cone is thrice that of the first, find the ratio of the area of their base.

- (a) 81 : 1
- (b) 9 : 1
- (c) 3 : 1
- (d) 27 : 1
- (e) 11 : 1

Answer (a) 81 : 1

118. Find the area of the shaded region if the radius of each of the circles is 1 cm. A B @cetexamgroup
C π π

- (a) $2 - 3$
- (b) $\sqrt{3} - \pi$
- (c) $\sqrt{3} - 2\pi$
- (d) $\sqrt{3} - 4$
- (e) None of these

Answer (a) $2 - 3$

119. Find the perimeter and area of the shaded portion of the adjoining diagram: 28 cm m c 6 2 m c 0 1

- (a) 90.8 cm, 414 cm²
- (b) 181.6 cm, 423.7 cm²
- (c) 90.8 cm, 827.4 cm²
- (d) 181.6 cm, 827.4 cm²
- (e) None of these

Answer (a) 90.8 cm, 414 cm²

120. A cylindrical container whose diameter is 12 cm and height is 15 cm, is filled with ice cream. The whole ice-cream is distributed to 10 children in equal cones having hemispherical tops. If the height of the conical portion is twice the diameter of its base, find the diameter of the ice-cream cone?

- (a) 6 cm
- (b) 12 cm
- (c) 3 cm
- (d) 18 cm
- (e) 15 cm

Answer (d) 18 cm

121. A rectangular tin sheet is 22 m long and 8 m broad. It is rolled along its length to form a cylinder by making the opposite edges just to touch each other. The volume of the cylinder (in m³) is:

- (a) 385
- (b) 204
- (c) 280 p
- (d) 308
- (e) None of these

Answer (c) 280 p

122. What is the area of the shaded portion if each side of the square measures 21 cm? 10.5 cm

- (c) 94.5 cm²
- (a) 86.5 cm²
- (b) 102 cm²
- (d) 81.5 cm²
- (e) None of these

Answer (e) None of these

123. An oblong piece of ground measures 19 meters 2.5 dm by 12 metres 5 dm. From the centre of each side a path 2 meters wide goes across to the centre of the opposite side. Find the cost of paving these paths at the rate of Rs. 12.32. per sq meter.

- (a) Rs. 7430.68
- (b) Rs. 713.04
- (c) Rs. 753.26
- (d) Rs. 733.04
- (e) None of these

Answer (c) Rs. 753.26

124. The circumference of a circular field is 440 m. A circular path of 10 metre width runs around the outside of the field. Find the cost of gravelling the path at the rate of 70 paise per square metre?

- (a) Rs. 2200
- (b) Rs. 3300
- (c) Rs. 264
- (d) Can't to be determined
- (e) None of these

Answer (d) Can't to be determined

DIRECTIONS (Q. 125)

According to a plan, a team of woodcutters decided to harvest 216 cm³ of wheat in several days. In the first three days, the team fulfilled the daily assignment, and then it harvested 8 m³ of wheat over and above the plan every day. Therefore, a day before the planned date, they had already harvested 232 m³ of wheat.

125. If circumference of first circle is 132 cm and circumference of second circle is 110 cm then find the difference between area of both the circle?

- (a) 423.5 cm²
- (b) 412.5 cm²
- (c) 420 cm²
- (d) 422.4 cm²
- (e) 419.8 cm²

Answer (d) 422.4 cm²

126. Diameter of a cylinder is 3 rd of sum of its radius & height, while ratio of curved surface area to volume of cylinder is 1 : 7. If radius and height of a cone is same as that of cylinder, then find slant height of cone?

- (a) $21\sqrt{5}$ cm
- (b) $10\sqrt{5}$ cm
- (c) $7\sqrt{5}$ cm
- (d) $14\sqrt{5}$ cm
- (e) $16\sqrt{5}$ cm

Answer (c) $7\sqrt{5}$ cm

127. Ravi cuts a square field of maximum possible area from his circular field. Find the area of the remaining circular field if the cost of grass cutting of the square field at Rs 4 per m^2 is Rs 882?

- (a) 120 m^2
- (b) 126 m^2
- (c) 121 m^2
- (d) 116 m^2
- (e) 109 m^2

Answer (a) 120 m^2

128. Area of rectangle having length and breadth in the ratio of 4: 3 is 432 cm^2 . A square whose side is equal to diagonal of rectangle then find ratio of numerical value of perimeter to the area of square?

- (a) 7: 55
- (b) 4:35
- (c) None of these
- (d) 1:8
- (e) 2:15

Answer (a) 7: 55

129. Length of a rectangular land is twice the radius of a circle of circumference 132 cm. The land area got increased by 144 sq.cm , when a square land is attached along the breadth of the rectangle. Find area of rectangle in sq.cm .

- (a) 1008
- (b) 257
- (c) 504
- (d) 756
- (e) 1512

Answer (a) 1008

130. If length of a rectangle increases by 40% while keeping breadth constant then area of rectangle increased by 24 m^2 and perimeter of original rectangle is 32 m. find breadth of rectangle.

- (a) 8.4 m
- (b) 10 m
- (c) 6 m
- (d) 14 m
- (e) 8 m

Answer (d) 14 m

131. A sphere is melted and molded into solid cylinder. If radius of both solids is equal, then find the ratio of total surface area of sphere to the total surface area of cylinder

- (a) 2 : 3
- (b) 4 : 3
- (c) 3 : 7
- (d) 6 : 7
- (e) 7 : 6

Answer (c) 3 : 7

132. The sum of the length of a rectangle and the side of a square is 72 meters. If the perimeter of the rectangle is 84 meters and the breadth of the rectangle is 18 meters, then find the measurement of the side of the square (in meters).

- (a) 48
- (b) 36
- (c) 54
- (d) 60
- (e) 30

Answer (e) 30

133. Length of rectangle 'A' is 125% of its breadth and area of rectangle 'A' is 1280 cm^2 . If width of rectangle 'A' is half of the side of a square, then find perimeter of square.

- (a) 72m
- (b) 64m
- (c) 84m
- (d) 96m
- (e) 60m

Answer (c) 84m

134. Perimeter of a rectangle is 2 cm more than circumference of a circle and area of circle is 616 cm^2 . If breadth of rectangle is equal to radius of circle, then find length of rectangle (in cm)?

- (a) 35
- (b) 33
- (c) 31
- (d) 21
- (e) 27

Answer (e) 27

135. Area of a rectangle is 180 cm^2 and difference between length and breadth of rectangle is 3cm. If breadth of rectangle is equal to the side of a square, then find perimeter of square?

- (a) 44 cm
- (b) 52 cm
- (c) 48 cm
- (d) 64 cm
- (e) 40 cm

Answer (d) 64 cm

136. The perimeter of a triangle is equal to perimeter of a rectangle. Length of rectangle is 75% of side of a square and ratio of length to breadth of rectangle is 3 : 2. If difference between perimeter of square and that of rectangle is 36 cm, then find perimeter of triangle?

- (a) 60 cm
- (b) 48 cm
- (c) 72 cm
- (d) 80 cm
- (e) 96 cm

Answer (d) 80 cm

137. If perimeter of the base of a cylinder is 66 cm. Then find volume of cylinder if height of cylinder is 0.04 m

- (a) 1111 cm^3
- (b) 1386 cm^3
- (c) 2046 cm^3
- (d) 1186 cm^3
- (e) 2002 cm^3

Answer (a) 1111 cm^3

138. Ratio of base and perpendicular side of a right-angled triangle is 3:4 and its base is equal to the side of a square having area 81 cm^2 . Find the perimeter of the triangle?

- (a) 30 cm
- (b) 36 cm
- (c) 33 cm
- (d) 42 cm
- (e) 40 cm

Answer (d) 42 cm

- 139.** Perimeter of a right angled triangle is 60m and length of hypotenuse of right angled triangle is 25m.
If base of the right angled triangle is the smallest side, then find length of smallest side.
- (a) 10m
 - (b) 18m
 - (c) 21m
 - (d) 25m
 - (e) 15m
- Answer (b) 18m**
- 140.** In the adjacent figure, find the area of the shaded region. (Use $\pi = \frac{22}{7}$)
- (a) 15.28 cm²
 - (b) 61.14 cm²
 - (c) 30.57 cm²
 - (d) 40.76 cm²
 - (e) None of these
- Answer (c) 30.57 cm²**
- 141.** The length of a rectangular plot is thrice of its breadth. If the area of the rectangular plot is 7803 sq m, what is the breadth of the rectangular plot?
- (a) 51 m
 - (b) 153 m
 - (c) 104 m
 - (d) 88 m
 - (e) None of these
- Answer (d) 88 m**
- 142.** Then find the value of x?
- (a) 5
 - (b) 6
 - (c) 3
 - (d) 2
 - (e) None of these
- Answer (d) 2**
- 143.** If a number of two digits is formed with the digits 2, 3, 5, 7, 9 without repetition of digits, what is the probability that the number formed is 35? $\frac{1}{11}$
- (a) 10
 - (b) 20
 - (c) $\frac{5}{11}$
 - (d) 2
 - (e) None of these
- Answer (b) 20**
- 144.** From 21 tickets numbered 1, 2, 3,.....,21 one ticket is drawn at random. Find the probability that the ticket drawn has a number divisible by 3. $\frac{1}{3}$
- (a) 2
 - (b) 3
 - (c) $\frac{4}{11}$
 - (d) 5
 - (e) None of these
- Answer (b) 3**

- 145.** A bag contains 3 red and 7 black balls. Two balls are taken out at random, without replacement. If the first ball is red, then what is the probability that the second ball is also red? $\frac{1}{3}$
- (a) $\frac{1}{10}$
 - (b) $\frac{1}{15}$
 - (c) $\frac{10}{21}$
 - (d) $\frac{2}{21}$
 - (e) None of these

Answer (b) $\frac{1}{15}$

DIRECTIONS (Q. 146-148)

Find the wrong number in following number series.

- 146.** 8, 12, 24, 60, 180, 640, 2520

- (a) 60
- (b) 180
- (c) 2520
- (d) 640
- (e) 8

Answer (d) 640

- 147.** 3, 4, 12, 41, 103, 228, 444

- (a) 228
- (b) 3
- (c) 41
- (d) 444
- (e) 103

Answer (c) 41

- 148.** 17, 25, 38, 53, 79, 107, 140

- (a) 79
- (b) 140
- (c) 25
- (d) 53
- (e) 107

Answer (d) 53

DIRECTIONS (Q. 149-150)

Find the wrong number in following number series:

- 149.** 8, 10, 20, 70, 320, 1570, 7830

- (a) 7830
- (b) 10
- (c) 8
- (d) 320
- (e) 1570

Answer (a) 7830

- 150.** 36, 80, 166, 340, 690, 1392, 2798

- (a) 690
- (b) 36
- (c) 340
- (d) 1392
- (e) 80

Answer (b) 36

DIRECTIONS (Q. 151)

In each of these questions, two equations I. and II. are given. You have to solve both the equations and give answer.

151. I. $x^2 - 11x + 30 = 0$

II. $56y^2 - 151y + 99 = 0$

- (a) $x > y$
- (b) $x < y$
- (c) $x \geq y$
- (d) $x \leq y$
- (e) $x = y$ or no relation

Answer (a) $x > y$ **DIRECTIONS (Q. 152-153)**

Solve the given quadratic equations and mark the correct option based on your answer—

152. (i) $x^2 + 9x = 25x - 63$ (ii) $4y^2 - 34y + 72 = 0$

- (a) $x = y$ or no relation can be established between x and y
- (b) $x \leq y$
- (c) $x < y$
- (d) $x > y$
- (e) $x \geq y$ 20% of

Answer (d) $x > y$

153. (i) $7x^2 + 5x - 18 = 0$ (ii) $3y^2 + 4y - 20 = 0$

- (a) $x > y$
- (b) $x \leq y$
- (c) $x = y$ or no relation can be established between x and y
- (d) $x \geq y$
- (e) $x < y$

Answer (c) $x = y$ or no relation can be established between x and y **DIRECTIONS (Q. 154)**

In the following questions, two equations I. and II. are given. You have to solve both the equations and mark the appropriate option.

154. I. $12x^2 - 16x + 5 = 0$

II. $30y^2 - 61y + 30 = 0$

- (a) $x < y$
- (b) $x > y$
- (c) $x \leq y$
- (d) $x \geq y$
- (e) $x = y$ or no relation

Answer (a) $x < y$

DIRECTIONS (Q. 155-158)

To answer the following questions, which of the information given in the Statements (A), (B), (C) and (D) or (1), (2), (3) and (4) below is/are necessary/ sufficient? 1. A certain salesman's yearly income is determined by a base salary plus a commission on the sales he makes during the year. Did the salesman's base salary account for more than half of the salesman's yearly income last year? (Base salary is same for both years)

155. The difference between the amount of the salesman's base salary and the amount of the last year commission was equal to 50 percent of the salesman's base salary last year.

- (a) Statement 1 is sufficient
- (b) Statement 2 is sufficient
- (c) Both the statements together are sufficient
- (d) Both the statements together are not sufficient
- (e) Both the statements are sufficient individually

Answer (d) Both the statements together are not sufficient

156. P, Q, R and S are four consecutive even integers. What is the value of the largest integer? A. The average of the four numbers is the first prime number greater than 10. B. The ratio between the largest and the smallest of the numbers is 7 : 4. C. The squares of the sum of the smallest and the largest numbers is equal to the squares of the sum of the remaining two numbers.

- (a) Any of them
- (b) Any two of them
- (c) C and either A or B
- (d) Either A or B
- (e) All statements are required

Answer (d) Either A or B

157. What is the sum of two numbers? A. The bigger of these two numbers is 6 more than the smaller number. B. 40% of the smaller number is equal to 30% of the bigger number. C. The ratio between half of the bigger number and one-third of the smaller number is 2 : 1.

- (a) Only B and C together are required
- (b) Only A and B together are required
- (c) Any two of A, B and C together are required
- (d) All A, B and C together are required
- (e) None of these

Answer (e) None of these

158. How many runs did Ramesh score in his 32nd match? A. For the first 30 matches his average was 36. B. His average run score till 32nd match is 38. C. The average till 31st match is greater than his average for 32nd match he has played.

- (a) A and B together are sufficient
- (b) A and C together are sufficient
- (c) B and C together are sufficient
- (d) All A, B and C together are necessary
- (e) All A, B and C even together are not sufficient

Answer (e) All A, B and C even together are not sufficient

DIRECTIONS (Q. 159)

The following questions are accompanied by three statements (A) or (I), (B) or (II), and (C) or (III). You have to determine which statement(s) is/are sufficient/necessary to answer the questions.

159. To find the temperature on Monday which of the following information is sufficient? A. The average temperature for Monday, Tuesday and Wednesday was 38°C . B. The average temperature for Tuesday, Wednesday and Thursday was 43°C . C. The temperature on Tuesday and Thursday was 45°C each.

- (a) Only A and B are sufficient
- (b) Only B and C are sufficient
- (c) A and either B or C are sufficient
- (d) C and either A or B are sufficient
- (e) All the three together are sufficient

Answer (e) All the three together are sufficient

160. Rinku borrowed an amount of Rs.5000 each from Milan and Rahul. What is the rate of interest? A. Rinku returned the amount of Rs.5400 after due date to Milan. B. Rinku returned Rs.5900 to Rahul after due date. C. Rinku returned the money to Milan by SI, whereas to Rahul by compound interest.

- (a) Only A and B together are sufficient
- (b) Only B and C together are sufficient
- (c) A, B and C together are necessary
- (d) Either A and B together or B and C together are sufficient
- (e) A, B and C even together are not sufficient

Answer (e) A, B and C even together are not sufficient

161. In how many days 3 men, 2 women and 3 children can complete the work while working together? A. 3 men are as efficient as 4 women. B. 2 women and 5 children can do 3rd work in 12 days. C. Ratio of the efficiencies of a man and a child is 2:1.

- (a) All the three together are not sufficient
- (b) All the three together
- (c) Only B and C together
- (d) Only A and B together
- (e) Any two of the three together

Answer (b) All the three together

162. Find out the length of train A. A. Train A crosses another train B moving in the opposite direction in 10 sec. B. Ratio of the speeds of trains A and B is 1 : 2. C. Length of train B is 25% more than that of train A. @cetexamgroup

- (a) All the three together are not sufficient
- (b) Only A and C together
- (c) All the three together
- (d) Only A and B together
- (e) Only B and C together

Answer (a) All the three together are not sufficient

163. Find lateral surface area of a cylinder. A. Volume of a cone with base same as that of the cylinder and height 30 cm is equal to volume of the cylinder. B. Circumference of base of the cylinder is 132 cm. C. Volume of the cylinder is 13860 cm^3 .

- (a) Only A and B together
- (b) Only A and C together
- (c) All the three together
- (d) Any two of the three together
- (e) Either A and B together or A and C together

Answer (d) Any two of the three together

164. What is the 10th term of an arithmetic progression? A. Seventh term of the AP is 32 more than the third term of the AP. B. The average of first five terms of the AP is 20. C. The sum of third and fifth terms of the AP is 56.
- (a) Only A and B together
 - (b) Only A and C together
 - (c) Only B and C together
 - (d) Any two of the three together
 - (e) All the three together

Answer (d) Any two of the three together

165. What is the rate of interest per annum? A. Difference between compound interest and simple interest for 2 years on the same amount at same rate of interest is Rs.60. B. Simple interest for five years on the same amount at the same rate is one-fourth of the principal amount. C. Compound interest for three years on Rs.16000 at the same rate is Rs.2522.
- (a) Only B alone
 - (b) Only C alone
 - (c) Only A alone
 - (d) Any one of the three alone
 - (e) Either B alone or C alone

Answer (e) Either B alone or C alone

DIRECTIONS (Q. 166)

Each of these questions is followed by information in Statements I, II and III. You have to study the questions and statements and decide which of the statements is/are necessary to answer the questions.

166. What is the capacity of the cylindrical tank?
- I. Radius of the base is half of its height.
 - II. Area of the base is 616 sq m. III. Height of the cylinder is 28 m.
- (a) I and II
 - (b) II and III
 - (c) I and III
 - (d) I, II and III
 - (e) Any two of the three

Answer (e) Any two of the three

DIRECTIONS (Q. 167)

In each of these questions, two equations I. and II. are given. You have to solve both the equations and answer the following questions.

167. I. $10x^2 - 29x + 21 = 0$
II. $2y^2 - 19y + 45 = 0$

- (a) $x = y$ or no relation
- (b) $x < y$
- (c) $x \leq y$
- (d) $x > y$
- (e) $x \geq y$

Answer (b) $x < y$

DIRECTIONS (Q. 168)

In each of these questions, two equations I. and II. are given. You have to solve both the equations and give answer.

168. I. $x^2 - 4\sqrt{3}(\sqrt{3} + 1)x + 48\sqrt{3} = 0$

II. $y^2 - 2\sqrt{5}(\sqrt{5} + 2)y + 40\sqrt{5} = 0$

- (a) $x > y$
- (b) $x < y$
- (c) $x \geq y$
- (d) $x \leq y$
- (e) $x = y$ or no relation

Answer (b) $x < y$

DIRECTIONS (Q. 169)

Study the following D. D information carefully and answer the questions E. None of these given below: Ten persons sit in two parallel rows i.e. row 1 18) Who sits immediate right of the one who sits and row 2 with five persons sitting on each row. opposite to S? Five persons face north and rest face south. A. L Each person sitting in row 1 sits exactly opposite B. R to each person in row 2. Row 1 is in south C. D direction of row 2. D. N Z sits third to the right of Q. Z sits opposite to the E. None of these person who sits immediate right of O. O faces north. D sits opposite to the one who sits third to 19) Which of the following statements is not the left of M. Z face the opposite direction to Q. true? Only three persons sit between Q and P who A. S face the same direction as R sits in row 1. L is an immediate neighbour of B. R sits at the end of the row both O and D. S sits second to the right of the C. D sits opposite to P person who sits opposite to D. R sits immediate D. O sits immediate right of L right of N. R faces the same direction as O. S E. All are true and L face the same direction as Q.

169. How many persons sit between L and R?

- (a) Two
- (b) Three
- (c) One
- (d) None
- (e) None of these

Answer (a) Two

DIRECTIONS (Q. 170)

Study the given information

170. What is the position of O with respect to the one, who faces F?

- (a) Immediate right
- (b) Second to the left
- (c) Immediate left
- (d) Third to the right
- (e) None of these

Answer (c) Immediate left

DIRECTIONS (Q. 171-172)

Study the following information

171. Four of the following are alike a certain way with respect to the final arrangement? and hence form a group. Who among the a) R-Bangalore following does not belong to the group? b) Q-Chennai

- (a) Q
- (c) S-Hyderabad
- (b) The one who belongs to Kochi
- (d) P-Jaipur
- (e) U-Kochi

Answer (d) P-Jaipur

172. How many persons are living above P? 27th September. A joins after C but before F.

- (a) As many persons below S The one who joins on 26 th July joined before D
- (b) Two but after B. The one whose experience is
- (c) Three years joined after the one who joined on 12 th
- (d) As many persons between U and T January, which is not the joining date of E. B
- (e) None does not join on 15th January. Based on their working experience a foreign

Answer (c) Three years joined after the one who joined on 12 th

DIRECTIONS (Q. 173-174)

Answer the questions based company XYZ gives the project with certain on the information given below. conditions: Six persons joined the ABC organization in 1. The project is given to those people who have 2017. All are joined on different dates of either a minimum experience of 3 years after joining the same or the different month. Each of them the ABC Organization (Calculate their already has some working experience. One of experience on the following date: 31 st August them joins on 18th July. 2020). Less than two persons joined before E, who has 2. The project is given to the person who joins an experience in an even number. The number the organization at first according to the month. of persons joined before E is the same as after 3. If two persons join in the same month then the one whose experience is 13 years. B, who give priority to the one who joins the does not have an experience in prime number, organization first according to date. joined before the one whose experience is 16 6) Which among the following is the correct years but after the one whose experience is 5 order of the people who get the project? and 9 years. The one whose experience is 5 a) CEABF years joins b

173. If the project is given according to only the b) D date of joining of the people, then how many c) E persons remain unchanged in their positions? d) Either a or b

- (a) None
- (e) Either B or C
- (b) 3
- (c) 2
- (d) 1 information carefully and answer the below Ten persons- Aahana, Tejas, Sophia, Omar

Answer (b) 3

174. How many persons joined after F? numbered steps and if the person's name has

- (a) 1 an even number of letters, then they are
- (b) 2 standing on an odd numbered staircase
- (c) 3 Pravin is standing above the step of the one who
- (d) 4 stands immediately below Fazil. Only one
- (e) None of these person stands between the one who stands immediately above Indhu and

Answer (a) 1 an even number of letters, then they are

175. How many persons are standing above

- (a) Four the following one does not belong to that group?
- (b) Six
- (c) Eight
- (d) Two
- (e) None

Answer (a) Four the following one does not belong to that group?

176. What is the age of U? following does not belong to the group?

- (a) 19
- (b) 27
- (c) 28
- (d) 08
- (e) 38

Answer (a) 19

177. Four of the following five are alike in a one who was born in April 17 and D? certain way based on arrangement 1 and hence A. Three form a group. Find the one who doesn't belong B. As many persons were born between B and E to that group? C. Two
- (a) DH
 - (d) As many persons were born between H and
 - (b) FE F
 - (c) EG
 - (e) None of these Answer With Explanation

Answer (e) None of these Answer With Explanation

DIRECTIONS (Q. 178)

Study the following between the boxes T and F. Box F is kept below information carefully and answer the questions box T. given below: 31) Which of the following box is kept two boxes Eleven boxes are kept one above the other in above box eleven different shelves such that the lowermost P? shelf is numbered as 1, the shelf immediately A. The box which is kept at eighth position above is numbered as 2 and so on till the B. Box N topmost shelf is numbered as 11. C. Box S Only three boxes are kept between the boxes R D. The box which is kept immediately above box and S. Box T is kept immediately above box S. W Only one box is kept between the boxes S and E. None of these G. Box G is kept above box S. Only two boxes are kept between the boxes H and R. Box S is 32) How many boxes are kept between box S kept adjacent to box B. Boxes W and P are kept and box R? above box G. The number of boxes kept A. Three between the boxes W and P is the same as the B. As many boxes between box T and box F number of boxes kept between the boxes S and C. One B. The number of boxes kept above box H is the D. More than three same as the number of boxes kept below box N. E. As many boxes below box N The numb

178. Four of the following five are alike in a years old. B sits second to the left of C. The age certain way and hence form a group. Which of of D is twice the age of the one who sits to the the following one doesn't belong to that group? immediate right of G. The age difference
- (a) HP between E and D is the same as between D and
 - (b) WR
 - (c) FN who sits to the immediate left of G. The age of F
 - (d) JT is one year less than the one who sits to the
 - (e) RG immediate right of H. One of the persons sitting on the table is 22 years old

Answer (c) FN who sits to the immediate left of G. The age of F

DIRECTIONS (Q. 179)

Study the following letter which is second to the right of R in the information carefully and answer the below arrangement 2 to from the second meaningful questions word. P is to the right of O. The remaining letters A Twelve letters word is not necessarily a are arranged in such a way to form the third meaningful word with no repeated letters are meaningful word. I is placed second to the left of used in three different series. The letters used in G. all three arrangements are the same. 41) Which of the following letter is eighth from Arrangement 1 the right end in Arrangement1? R is placed second to the left of the letter which A. The letter which is immediate left of O is fourth to the right of W. W is placed second B.N from the left end. Only two letters are between R C. The letter which is second to the right of W and O. The number of letters to the left of O is D.A 23 Top Expected Puzzle & Seating Questions For Upcoming Bank Mains Exams 2021 E.D 44) What is the position of O from the left end in Arrangemen

179. How many letters are there between T and A. Fourth W in arrangement 3? B. Fifth
- (a) Four
 - (c) Sixth
 - (b) Seven
 - (d) Seventh
 - (e) Third I. PROD

Answer (a) Four

DIRECTIONS (Q. 180)

Study the following information

180. Who among the following person visits Goa? e) None of these

- (a) The one who visits in December 2018
- (b) The one who visits three persons before D
- (c) The one who visits immediately after the one information carefully and answer the below who visits to Ranchi questions
- (d) The one who visits in April 2018 Eight boxes namely – P, Q, R, S, T, U, V, and W
- (e) None of these are kept one above the other in the form of a stack. Each box contains a different number of

Answer (c) The one who visits immediately after the one information carefully and answer the below wh

DIRECTIONS (Q. 181)

Study the following Sand which is not delivered after the truck with information carefully and answer the questions Wood. The truck G delivers three days before below the truck K which is not delivered on the last day Six trucks viz. G, H, I, J, K, and L with some of the week. The truck with Bricks is delivered building materials viz. Bricks, Cement, Clay, immediately before the truck with Clay. Rods, Sand and Wood are delivered on different 88. Which of the following day is planned to be a days starting from Monday to Sunday for holiday for the construction?

181. Which of the following material is delivered while four persons are sitting at the corners of on the last day of the week? the boundary and all of them are face inside.

- (a) Sand Two persons sit between B and the one, who
- (b) Cement faces Q. B faces inside. S sits to the immediate
- (c) Bricks right of the one, who faces B. Three persons sit
- (d) Rods between V and the one, who sits to the
- (e) Clay immediate right of the one, who faces S. E faces D, who sits second to the left of V. E sits at the

Answer (e) Clay immediate right of the one, who faces S. E faces D, who sits second to the left of V.

DIRECTIONS (Q. 182)

Study the given information

182. Which of the following statement is true with Note:- If it is given A sits third to the right/left of respect to the final arrangement? B, then both are sitting at the same table.

- (a) Three persons were sitting between F and W B sits second to the left of E, but neither sits
- (b) R sits immediate left of V adjacent to H nor in the same table along with K
- (c) S faces T K sits second to the right of D and a person
- (d) B sits immediate right of Y sitting immediate left of K sits third to the right of
- (e) None of these the same table along with F. A person sitting

Answer (e) None of these the same table along with F. A person sitting

DIRECTIONS (Q. 183-184)

Study the following interchanges his seat with respect to the person information carefully and answer the below who is second to the right of that person. questions. Persons are throwing the dice in alphabetical Eleven persons namely – B, C, D, E, F, G, H, I, order. J, K, and L are sitting in two concentric tables Outcomes:- as shown in the below figure but not necessarily 54 Top Expected Puzzle & Seating Questions For Upcoming Bank Mains Exams 2021

- 183.** What is the position of H with respect to B in form a group, find the odd one out? the final arrangement? a) KC
(a) Second to the left
(b) HJ
(c) IG
(d) BE
(e) FL
Answer (d) BE
- 184.** How many persons are sitting between F true? and G when counted from the left of G?
I. A person sitting immediate right of G sits
(a) As many as between L and J when counted second to the left of I. to the left of L II. Three persons sitting between F and C when
(b) Two counted to the right of F
(c) As many as between I and F when counted to III. B sits immediate right of the one who sits the left of F second to the left of J
(d) Both A and C
(e) Can't be determined
Answer (d) Both A and C
-
- 185.** Which of the following operating system developed by Apple?
(a) Windows
(b) Android
(c) Windows Vista
(d) macOS
(e) None of these
Answer (a) Windows
- 186.** What is the full form of DBMS?
(a) Database Maintain System
(b) Desktop Marketing System
(c) Database Management System
(d) Durable Management System
(e) None of these
Answer (b) Desktop Marketing System
- 187.** What is the base of Octal Number system?
(a) 8
(b) 16
(c) 10
(d) 2
(e) None of these
Answer (c) 10
- 188.** Which of the following is used in first generation computer?
(a) Integrated Circuit
(b) Vacuum Tube
(c) Transistor
(d) VLSI circuits
(e) None of these
Answer (a) Integrated Circuit

189. How many MB is equal to 1 GB?

- (a) 10MB
- (b) 100000MB
- (c) 20000 MB
- (d) 1024 MB
- (e) None of these

Answer (d) 1024 MB

190. Which of the following is the most common tool used to restrict access to a computer system?

- (a) User logins
- (b) Computer keys
- (c) Access-control Software
- (d) Passwords
- (e) None of these

Answer (d) Passwords

191. Photo-editing, spreadsheet and word processing were the examples of?

- (a) Application software
- (b) System software
- (c) Operating system software
- (d) Platform software
- (e) None of these

Answer (b) System software

192. Which of the following shortcut key is used to close document in MS Word?

- (a) Ctrl+C
- (b) Alt+W
- (c) Shift+C
- (d) Ctrl+W
- (e) None of these

Answer (d) Ctrl+W

193. What is the base of Hexadecimal number system?

- (a) 2
- (b) 16
- (c) 8
- (d) 10
- (e) None of these

Answer (b) 16

194. In second generation, which type of memory was used to store data?

- (a) Paper tapes
- (b) Magnetic drum
- (c) Magnetic core
- (d) Magnetic tape
- (e) None of these

Answer (c) Magnetic core

195. Which among the following key can be used as a shortcut to rename a folder in Microsoft Windows 8 and higher versions?

- (a) F2
- (b) F4
- (c) F6
- (d) F9
- (e) F11

Answer (a) F2

196. In order to move from one worksheet to another in MS- Excel workbook. One should click _____.

- (a) active cell
- (b) scroll bar
- (c) sheet tab
- (d) tab button
- (e) None of these

Answer (c) sheet tab

197. Which shortcut key is used to check spelling and grammar in MS-Word?

- (a) F1
- (b) F2
- (c) F7
- (d) F9
- (e) F10

Answer (c) F7

198. Which is not a storage device?

- (a) Printer
- (b) CD
- (c) Hard disk
- (d) Floppy Disk
- (e) DVD

Answer (a) Printer

199. An image editing software in which we can draw and edit images is?

- (a) PageMaker
- (b) MS-Paint
- (c) Coral Draw
- (d) Photo Image
- (e) Front page

Answer (c) Coral Draw

200. Which of the following can be used to select the entire document?

- (a) Ctrl+A
- (b) Alt+F5
- (c) Shift+A
- (d) Ctrl+K
- (e) Ctrl+H Page | 26

Answer (a) Ctrl+A

201. Which of the following shortcut key is used to minimize all open windows and display the desktop?

- (a) Windows logo+D
- (b) Alt+Shift+C
- (c) Ctrl+fn
- (d) Tab+Shift+C
- (e) None of these

Answer (a) Windows logo+D

- 202.** Which of the following kind of devices allows the user to add components and capabilities to a computer system?
- (a) System boards
 - (b) Storage devices
 - (c) Input devices
 - (d) Output devices
 - (e) Expansion slots
- Answer (e) Expansion slots**
- 203.** Transformation of input into output is performed by:
- (a) Peripherals
 - (b) Memory
 - (c) Storage
 - (d) ALU
 - (e) CPU
- Answer (e) CPU**
- 204.** Which of the following device enabling data transfer between two different networks?
- (a) Plotter
 - (b) Joystick
 - (c) Gateway
 - (d) Path
 - (e) None of these
- Answer (c) Gateway**
- 205.** Among the following which is the popular DOS based spreadsheet package?
- (a) Multiplan
 - (b) Word
 - (c) Smart cell
 - (d) Lotus 1-2-3
 - (e) Excel
- Answer (d) Lotus 1-2-3**
- 206.** Which of the following is a windows utility program that locates and eliminates unnecessary fragments and rearranges filed and unused disk space to optimize operations?
- (a) Backup
 - (b) Disk cleanup
 - (c) Disk defragmenter
 - (d) Restore
 - (e) None of these
- Answer (c) Disk defragmenter**
- 207.** Which among the following key combination can be used to search in Windows Explorer?
- (a) Ctrl+F
 - (b) Ctrl+S
 - (c) Ctrl+G
 - (d) Alt+S
 - (e) Alt+P
- Answer (a) Ctrl+F**

208. What is the technology used to read pencil or pen marks on a multiple-choice answer sheet called?

- (a) OMR
- (b) MICR
- (c) OCR
- (d) CPU
- (e) FTP

Answer (a) OMR

209. Which among the following is a type of error that a compiler can check?

- (a) Syntax Error
- (b) Power Failure
- (c) Network Failure
- (d) All of the above
- (e) None of the above

Answer (a) Syntax Error

210. A special, high-speed storage area within the CPU in which all data must be represented before it can be processed is called _____.

- (a) BIOS
- (b) Cache
- (c) RAM
- (d) Register
- (e) None of these

Answer (d) Register

211. In Power Point, the Header & Footer button can be found on the Insert tab in what group?

- (a) Illustrations group
- (b) Object group
- (c) Text group
- (d) Tables group
- (e) None of these

Answer (c) Text group

212. Which of the following is generally used for selecting or highlighting?

- (a) Icon
- (b) Keyboard
- (c) Mouse REPORT THE ERROR IN CAPSULE at banking@
- (d) Floppy Disk
- (e) None of these

Answer (c) Mouse REPORT THE ERROR IN CAPSULE at banking@

213. _____ ensures secure transfer of data over an unsecured network, such as the Internet.

- (a) Antivirus
- (b) Hacking
- (c) Cracking
- (d) Spoofing
- (e) Cryptography

Answer (e) Cryptography

214. The ability of an operating system to run more than one application at a time is called _____.

- (a) Multi-tasking
- (b) Object-oriented programming
- (c) Multi-user computing
- (d) Real-Time
- (e) None of the above

Answer (b) Object-oriented programming

215. A handheld device that allows you to control your computer without typing instructions from a keyboard is known as_____.

- (a) Tablet
- (b) PDA
- (c) Mouse
- (d) Mike
- (e) None of these

Answer (d) Mike

216. The feature in database language that allows us to access certain records in database is called _____.

- (a) Query
- (b) Forms
- (c) Reports
- (d) Tables
- (e) Node

Answer (a) Query

217. Which of the following topologies has the highest reliability?

- (a) Star topology
- (b) Bus topology
- (c) Ring topology
- (d) Mesh topology
- (e) None of these

Answer (a) Star topology

218. Which among the following term is used for: Unauthorized copying of software to be used for personal gain instead of personal backups?

- (a) program thievery
- (b) data snatching
- (c) software piracy
- (d) program looting
- (e) data looting

Answer (c) software piracy

219. EDBIC code can support how many different representation of characters?

- (a) 256
- (b) 149
- (c) 1024
- (d) 64
- (e) 16

Answer (c) 1024

220. What is a technique used to gain unauthorized access to computers, whereby the intruder sends messages to a computer with an address indicating that the message is coming from a trusted host?

- (a) Identity Theft
- (b) Forging
- (c) IP Spoofing
- (d) Pharming
- (e) Phishing

Answer (a) Identity Theft

221. Portrait and Landscape are:

- (a) Page Orientation
- (b) page layout
- (c) page size
- (d) page view
- (e) none of the above

Answer (a) Page Orientation

222. Internet access by transmitting digital data over the wires of a local telephone network is provided by:

- (a) leased line
- (b) digital
- (c) digital signal line
- (d) MODEM
- (e) None of the above

Answer (d) MODEM

223. What type of web technology creates an online community where people can make statements and others can read and respond to those statements?

- (a) I-Journal
- (b) Podcast
- (c) ASP
- (d) Blog
- (e) None of the above

Answer (d) Blog

224. What is the full form of EDI in computer?

- (a) Electronic Data Image
- (b) E-mail Data Interchange
- (c) Electronic Data Interchange
- (d) Electronic digital Interchange
- (e) None of these

Answer (e) None of these

225. Which of the following shortcut key use to close the current window?

- (a) Alt+F7
- (b) Shift+F4
- (c) CRLT+F6
- (d) Alt+F4
- (e) None of these

Answer (b) Shift+F4

226. What are programs such as Microsoft Edge that serve as navigable windows into the Web called as?

- (a) Hypertext
- (b) Web browsers
- (c) Internet
- (d) Networks
- (e) Windows Navigator

Answer (d) Networks

227. Which among the following is a self-contained step-bystep set of operations to be performed?

- (a) System Software
- (b) Algorithm
- (c) Network topology
- (d) Application software
- (e) Utility software

Answer (a) System Software

228. which of the following is an intersection of a row and column in a spreadsheet?

- (a) Formula
- (b) Worksheet
- (c) Address
- (d) Cell
- (e) None of these

Answer (a) Formula

229. which of the following is a set of rules computers use to talk to each other?

- (a) Syntax
- (b) HTML
- (c) DOS command
- (d) Protocol
- (e) None of these

Answer (b) HTML

230. Which of the following topology have a central controller or hub?

- (a) Star
- (b) Mesh
- (c) Ring
- (d) Bus
- (e) None of these

Answer (c) Ring

231. The first computers were programmed using which of the following language?

- (a) Assembly language
- (b) Machine language
- (c) Source code
- (d) Object code
- (e) None of the above

Answer (c) Source code

232. Which of the following is not example of Utility Software?

- (a) Backup software
- (b) Antivirus software
- (c) Disk tools
- (d) Media Players
- (e) All of the above are examples of Utility Software

Answer (d) Media Players

233. Copying a process from memory to disk to allow space for other processes is called _____.

- (a) Swapping
- (b) Deadlock
- (c) Demand Paging
- (d) Page Fault
- (e) Cloud Computing

Answer (a) Swapping

234. Which of the following is a translator program used for assembly language?

- (a) Compiler
- (b) Interpreter
- (c) Translation
- (d) Translator
- (e) Assembler

Answer (a) Compiler

235. What is the technical term for the devices connected in a network?

- (a) Hubs
- (b) Nodes
- (c) Sections
- (d) Attachment units
- (e) Access points

Answer (a) Hubs

236. Which of the following is the communication protocol that sets the standard used by almost every computer that accesses web based information?

- (a) XML
- (b) DML
- (c) HTTP
- (d) HTML
- (e) RIP

Answer (a) XML

237. What is the attempt to acquire sensitive information such as usernames, passwords, and credit card details (and sometimes, indirectly, money) by masquerading as a trustworthy entity in an electronic communication?

- (a) Phishing
- (b) Spoofing
- (c) Identity theft
- (d) Authentication
- (e) Spamming

Answer (a) Phishing

238. Communication channel is shared by all the machines on the network in:

- (a) broadcast network
- (b) unicast network
- (c) multicast network
- (d) Internet Protocol Address
- (e) none of the above

Answer (c) multicast network

239. A(n) _____ converts all the source code into machine code, creating an executable file.

- (a) linker
- (b) assembler
- (c) compiler
- (d) interpreter
- (e) None of these

Answer (c) compiler

240. In PowerPoint, what is the function of Alt+N in navigating the ribbon with only the keyboard?

- (a) Open the Transitions tab
- (b) Open the Home tab
- (c) Open the Insert tab
- (d) Open the Review tab
- (e) Open the Tell me box

Answer (c) Open the Insert tab

241. Commands at the top of a screen such as File-Edit, Format and Tools to operate and change things are incorporated in _____.

- (a) Menu bar
- (b) Tool bar
- (c) User friendly
- (d) Word processor
- (e) None of these

Answer (b) Tool bar

242. Specialised program(s) designed to allow particular input or output device(s) to communication with the rest of the computer system is called _____.

- (a) Computer
- (b) Device drivers
- (c) Interpreters
- (d) Operating system
- (e) None of these

Answer (a) Computer

243. UDP and TCP are categorized under the ____layer of the OSI model.

- (a) Data link
- (b) Application
- (c) Network
- (d) Transport
- (e) Session

Answer (a) Data link

244. Twisted pair wires are commonly used in?

- (a) Telephones networks
- (b) Cable TV Networks
- (c) Computer networks
- (d) Both
- (e) None of the above

Answer (e) None of the above

245. Timing and control unit is a part of a(n)_____.

- (a) ALU
- (b) Processor
- (c) Memory
- (d) CMOS
- (e) BIOS

Answer (e) BIOS

246. A database that spreads information across different tables while maintaining links between them is referred to as_____.

- (a) Relational database
- (b) Rotational database
- (c) Database connection
- (d) Tabular database
- (e) None of these

Answer (b) Rotational database

247. What does SNMP stand for?

- (a) Simple Network Mail Protocol
- (b) Single Network Mail Protocol
- (c) Single Network Message Protocol
- (d) Simple Network Management Protocol
- (e) None of these

Answer (d) Simple Network Management Protocol

248. What is the common name given to a program written in any one of the high-level languages?

- (a) System program
- (b) Compiler program
- (c) Object program
- (d) Source program
- (e) Data program

Answer (a) System program

249. For predicting the weather which of the following is the best solution?

- (a) thin clients
- (b) servers
- (c) supercomputer
- (d) workstations
- (e) mini computer

Answer (c) supercomputer

250. Microsoft Office is a _____.

- (a) Shareware
- (b) Public-domain software
- (c) Open source software
- (d) An application suit
- (e) Firmware

Answer (a) Shareware

251. Which of the following option may be used to change page-size and margins?

- (a) Page Layout
- (b) View
- (c) Tools
- (d) Data
- (e) None of these

Answer (a) Page Layout

252. To justify the selected text, the shortcut key is _____.

- (a) Ctrl + 1
- (b) Ctrl + J
- (c) Ctrl + U
- (d) Ctrl + Alt + K
- (e) None of these

Answer (d) Ctrl + Alt + K

253. Workbook is a collection of _____ in MS Excel?

- (a) page set-up
- (b) buttons
- (c) diagrams
- (d) charts
- (e) worksheets

Answer (a) page set-up

254. In a spreadsheet, a _____ is a number you will use in a calculation.

- (a) label
- (b) cell
- (c) field
- (d) value
- (e) None of these

Answer (d) value

255. In Power Point, which of the following will not advance the slides in a slide show view?

- (a) Esc key
- (b) The spacebar
- (c) The Enter key
- (d) The mouse button
- (e) None of these

Answer (c) The Enter key

256. Which PowerPoint view displays each slide of the presentation as a thumbnail and is useful for rearranging slides?

- (a) Slide Sorter
- (b) Slide Show
- (c) Slide Master
- (d) Notes Page
- (e) Slide Design

Answer (e) Slide Design

257. Which of the following is not a type of Microsoft access database object?

- (a) Table
- (b) Worksheets
- (c) Modules
- (d) Macros
- (e) None of these

Answer (b) Worksheets

258. Row in an Access table is also known as _____.

- (a) field
- (b) record
- (c) data
- (d) type
- (e) None of these

Answer (d) type

259. Queries in Access can be used as _____.

- (a) View, change and analyse data in different ways
- (b) A source of records for forms and reports
- (c) to access internet
- (d) Both a and b
- (e) None of these

Answer (a) View, change and analyse data in different ways

260. Pressing F8 key for three times selects

- (a) A word
- (b) A sentence
- (c) A paragraph
- (d) Entire document
- (e) None of these

Answer (a) A word

261. What happens if you press Ctrl + Shift + F8?

- (a) It activates extended selection
- (b) It activates the rectangular selection
- (c) It selects the paragraph on which the insertion line is
- (d) Both
- (e) None of these

Answer (b) It activates the rectangular selection

262. How can you disable extended selection mode?

- (a) Press F8 again to disable
- (b) Press Del to disable
- (c) Press Esc to disable
- (d) Press Enter to disable
- (e) It cannot be disabled

Answer (c) Press Esc to disable

263. What does EXT indicator on status bar of MS Word indicate?

- (a) It indicates whether the external text is pasted on document or not
- (b) It indicates whether extended add-ons are installed on MS Word or not
- (c) It indicates whether Extended Selection mode is turned on or off
- (d) Both
- (e) None of these

Answer (b) It indicates whether extended add-ons are installed on MS Word or not

264. What is the maximum number of lines you can set for a drop cap?

- (a) 3
- (b) 10
- (c) 15
- (d) 20
- (e) 50

Answer (c) 15

265. What is the default number of lines to drop for drop cap?

- (a) 3
- (b) 10
- (c) 15
- (d) 20
- (e) 7

Answer (d) 20

266. What is the shortcut key you can press to create a copyright symbol?

- (a) Alt+Ctrl+C
- (b) Alt + C
- (c) Ctrl + C
- (d) Ctrl + Shift + C
- (e) None of these

Answer (a) Alt+Ctrl+C

267. How many columns can you insert in a word document in maximum?

- (a) 35
- (b) 63
- (c) 55
- (d) 65
- (e) 60

Answer (a) 35

268. Select all the text in MS Word document by:

- (a) Ctrl + S
- (b) Ctrl + 1
- (c) Shift + A
- (d) Ctrl + A
- (e) None of these

Answer (a) Ctrl + S

269. The shortcut key for paste selected text/picture in MS Word is _____.

- (a) Ctrl + X
- (b) Ctrl + C
- (c) Ctrl + V
- (d) Ctrl+ Z
- (e) None of these

Answer (c) Ctrl + V

270. To indent the first paragraph of your report, you should use this key.

- (a) Space bar
- (b) Return key
- (c) Tab key
- (d) Shift key
- (e) None of these

Answer (d) Shift key

271. In Excel, the contents of the active cell are displayed in the _____.

- (a) footer bar
- (b) tool bar
- (c) task bar
- (d) menu bar
- (e) formula bar

Answer (c) task bar

272. _____ appear at the bottom of the Excel Window.

- (a) Work sheet tabs
- (b) Name box
- (c) Formula bar
- (d) Title bar
- (e) None of these

Answer (b) Name box

273. What is the default column width of MS Excel?

- (a) 5.5
- (b) 2.98
- (c) 8.43
- (d) 6.49
- (e) None of these

Answer (a) 5.5

274. To insert a new slide go to _____ tab, in the Slides group, click New Slide.

- (a) Home
- (b) View
- (c) Animations
- (d) Slide show
- (e) None of these

Answer (e) None of these

275. Times new Roman, Cambria, Arial are the example of_____.

- (a) Font face
- (b) Themes
- (c) SmartArt
- (d) Clipart
- (e) None of these

Answer (e) None of these

276. In Access a _____ is the collection of data items of all the fields pertaining to one entity.

- (a) field
- (b) record
- (c) form
- (d) report
- (e) None of these

Answer (b) record

277. A table of how many columns can you insert in a word document in maximum.

- (a) 55
- (b) 42
- (c) 32
- (d) 63
- (e) As you wish

Answer (b) 42

278. In MS Access a _____ name must be unique within a database.

- (a) Field
- (b) Record
- (c) Table
- (d) Character
- (e) None of these

Answer (d) Character

279. Why Drop Caps are used in document?

- (a) To drop all the capital letters
- (b) To automatically begin each paragraph with capital letter
- (c) To begin a paragraph with a large dropped initial capital letter
- (d) To drop the numbers
- (e) None of these

Answer (b) To automatically begin each paragraph with capital letter

280. A bookmark is an item or location in document that you identify as a name for future reference.
Which of the following task is accomplished by using bookmarks?

- (a) To add anchors in web page
- (b) To mark the ending of a paragraph of document
- (c) To quickly jump to specific location in document
- (d) To add hyperlinks in webpage
- (e) None of these

Answer (b) To mark the ending of a paragraph of document

281. A word processor would most likely be used to do

- (a) Keep an account of money spent
- (b) Do a computer search in media center
- (c) Maintain an inventory
- (d) Type a biography
- (e) Maintain records of database

Answer (a) Keep an account of money spent

282. Which of the following is not valid version of MS Office?

- (a) Office XP
- (b) Office Vista
- (c) Office 2007
- (d) Office 2010
- (e) None of these

Answer (c) Office 2007

283. What is the short cut key to open the Open dialog box?

- (a) F12
- (b) Shift F12
- (c) Alt + F1
- (d) Ctrl + F12
- (e) None of these

Answer (b) Shift F12

284. Suppose you wanted to create an AutoCorrect entry that would type the words 'We regret to inform you that your submission has been declined' of the following choices, which would be the best name you could assign to this entry? connection from one slide to another slide in the same presentation or to a slide in another presentation, an e-mail address, a Web page, or a file.

- (a) Hyphenation
- (b) Header
- (c) Footer
- (d) Hyperlink
- (e) None of these

Answer (c) Footer

285. Which of the following is the second step in creating a macro?

- (a) Start recording
- (b) Using your mouse or keyboard, perform the task you want to automate
- (c) Assign a keyboard shortcut to the macro
- (d) Give the macro a name
- (e) None of these

Answer (c) Assign a keyboard shortcut to the macro

286. In Word, the mailing list is known as the _____.

- (a) Data sheet
- (b) Source
- (c) Data source
- (d) Sheet
- (e) Hyperlink

Answer (e) Hyperlink

287. To delete 3-D rotation from the shape, point to 3-D Rotation, and then click _____.

- (a) Non Rotation
- (b) Not Rotation
- (c) None Rotation
- (d) No Rotation
- (e) None of these

Answer (d) No Rotation

288. In Microsoft Office Power-Point 2007, a _____ is a connection from one slide to another slide in the same presentation or to a slide in another presentation, an e-mail address, a Web page, or a file.

- (a) Unassigned
- (b) Located on the ten-key pad section of your keyboard
- (c) Assigned to another task
- (d) From the same font family as the symbol
- (e) None of these

Answer (a) Unassigned

- 289.** In PowerPoint, which of the following is the default page setup orientation for notes pages, outlines and handouts?
- (a) Vertical
 - (b) Landscape
 - (c) Portrait
 - (d) All of these
 - (e) None of these
- Answer (a) Vertical**
- 290.** In slide layout panel, how many layouts are available for next layout by default?
- (a) 4
 - (b) 7
 - (c) 12
 - (d) 15
 - (e) None of these
- Answer (a) 4**
- 291.** In Access, this operation copies a backup file from the storage medium back onto the computer :
- (a) Restore
 - (b) Recreate
 - (c) Copy
 - (d) Structure
 - (e) None of these
- Answer (b) Recreate**
- 292.** In the Form Wizard dialog box, the fields from the selected table are displayed in which list box?
- (a) All fields
 - (b) All Records
 - (c) Available Records
 - (d) Available Fields
 - (e) None of these
- Answer (b) All Records**
- 293.** Which control does access use to link data access page components to access data?
- (a) Microsoft Office Data Source Control
 - (b) Microsoft Dynamic Data Control
 - (c) Microsoft Data Connection Control
 - (d) Microsoft Default Connection Control
 - (e) None of the above
- Answer (d) Microsoft Default Connection Control**
- 294.** What is the full form of DTP in Computers?
- (a) Desktop Product
 - (b) Dynamic Technology Product
 - (c) Desktop Publishing
 - (d) Desktop Phishing
 - (e) None of these
- Answer (c) Desktop Publishing**

- 295.** _____ are specially designed computer chips that reside other devices. Such as your car or your car or your electronic thermostat.
- (a) Servers
 - (b) Embedded computers
 - (e) None of these
 - (c) Robotic Computers
 - (d) Mainframe
- Answer (b) Embedded computers**
- 296.** A string of eight 0s and 1s is called a:
- (a) Megabyte
 - (b) Kilobyte
 - (c) Gigabyte
 - (e) None of these
 - (d) Byte
- Answer (d) Byte**
- 297.** There are _____ unique digits available in Hexadecimal number system.
- (a) 16
 - (b) 17
 - (c) 18
 - (e) 20
 - (d) 19
- Answer (a) 16**
- 298.** The process of connecting/ accessing to an account is called as:
- (a) Login
 - (b) Logout
 - (c) Sign In
 - (e) None of these
 - (d) Sign Out
- Answer (a) Login**
- 299.** The first computers were programmed using which of the following language.
- (a) Assembly language
 - (b) Machine language
 - (e) None of the above
 - (c) Source code
 - (d) Object code
- Answer (b) Machine language**
- 300.** Which one of the following is a set of one or more attributes taken collectively to uniquely identify a record?
- (a) Candidate key
 - (b) Sub key
 - (c) Super key
 - (e) None of these
 - (d) Foreign key
- Answer (c) Super key**

301. Which of the following is Open Source Software?

- (a) Windows
- (b) Linux
- (c) IOS
- (d) Adobe Photoshop
- (e) None of these

Answer (b) Linux

302. Which among the following operation relates to a set of computers connected to a LAN?

- (a) They can process faster
- (b) Main purpose is to go on line
- (c) They can now share information and/or share peripheral equipment
- (d) Sole purpose of sending/receiving E-mail
- (e) They can only manage ROM

Answer (c) They can now share information and/or share peripheral equipment

303. Graphical pictures that represent an object like file, folder etc. are?

- (a) Task bar
- (b) Windows
- (c) Desktop
- (e) Control Panel
- (d) Icons

Answer (d) Icons

304. Which of the following programming language is used for creating special programs like applets?

- (a) Java
- (b) Cable
- (c) Domain name
- (e) COBOL
- (d) Net

Answer (a) Java

305. Access control based on a person's fingerprints is an example of _____.

- (a) biometric identification
- (b) characteristic identification
- (c) fingerprint security
- (e) None of these
- (d) logistics

Answer (a) biometric identification

306. Which is commonly used protocol for exchanging files over any network that supports the TCP/IP protocol.

- (a) FTP
- (b) TCP
- (c) SMTP
- (e) None of these
- (d) HTTP

Answer (a) FTP

307. Which of the following option may be used to change page-size and margins?

- (a) Page Layout
- (b) View
- (c) Tools
- (e) None of these
- (d) Data

Answer (a) Page Layout

308. What does P2P stands for?

- (a) Peer to Peer
- (b) Peek to peek
- (c) Past to past
- (e) All of these
- (d) Pair to pair

Answer (a) Peer to Peer

309. Which of the following extension refers to System files?

- (a) COM
- (b) EXE
- (c) SYS
- (e) None of these
- (d) PRG

Answer (c) SYS

310. The insert, cap lock and num lock are all examples of _____ keys.

- (a) Control
- (b) Function
- (c) Toggle
- (e) None of these
- (d) Shortcut

Answer (c) Toggle

311. Speed of line printer is specified in terms of _____.

- (a) Line per minute
- (b) Character per minute
- (e) None of these
- (c) Dot per minute
- (d) All of these

Answer (b) Character per minute

312. EPROM is generally erased by using _____.

- (a) ultraviolet rays
- (b) infrared rays
- (c) 12V electrical pulse
- (d) 24V electrical pulse
- (e) None of these

Answer (a) ultraviolet rays

313. What does RDBMS stands for?

- (a) Relational Database Management System
- (b) Relational Data Management System
- (c) Relational Database Management Software
- (d) Relational Data Management Software
- (e) Real Database Management System

Answer (a) Relational Database Management System

- 314.** Which of the following is a folder that retains copies of messages have started but are not yet send to the recipient?
- (a) Inbox
 - (b) Outbox
 - (c) CC
 - (e) Drafts
 - (d) Sent Items
- Answer (e) Drafts**
- 315.** Which of the following is required to communicate between two computers?
- (a) communications software
 - (b) communications hardware
 - (c) protocol
 - (d) access to transmission medium
 - (e) All of the above
- Answer (e) All of the above**
- 316.** Which of the following would most likely not be a symptom of a virus?
- (a) Existing program files and icons disappear
 - (b) The CD-ROM stops functioning
 - (c) The web browser opens to an unusual home page
 - (d) Odd message or images are displayed on the screen
 - (e) None of these
- Answer (b) The CD-ROM stops functioning**
- 317.** Which among the following can control the look of your entire presentation including font, color, background, effects and everything else?
- (a) Handout Master
 - (b) Slide Master
 - (c) Slide Show
 - (e) Icons
 - (d) Thesaurus
- Answer (b) Slide Master**
- 318.** Which of the following software posts unwanted advertisements on client's computer?
- (a) Virus
 - (b) Malware
 - (c) Worm
 - (e) Logic bombs
 - (d) Adware
- Answer (d) Adware**
- 319.** Which among the following options is the application that combines text, sound, graphics, motion video, and/ or animation?
- (a) Multimedia
 - (b) Minimedias
 - (c) Videoscapes
 - (e) Maxomedia
 - (d) Motionware
- REPORT THE ERROR IN CAPSULE at banking@**
- Answer (a) Multimedia**

320. FORTRAN is a programming language. It is more suitable for _____.

- (a) business applications
- (b) marketing applications
- (c) scientific applications
- (d) statically calculative applications
- (e) None of these

Answer (c) scientific applications

321. If a word is typed that is not in MS Word's dictionary, a wavy underline appears below the word. What is the color of the underline that appears in this situation?

- (a) Blue
- (b) Red
- (c) Green
- (e) Pink
- (d) Black

Answer (b) Red

322. Which of the following is a storage device that uses rigid, permanently installed magnetic disks to store data/information?

- (a) Floppy diskette
- (b) Hard disk
- (c) Permanent disk
- (e) None of the above
- (d) Optical disk

Answer (b) Hard disk

323. The most widely used type of database management system is the:

- (a) Flat database
- (b) Network database
- (c) Relational database
- (d) Hierarchical database
- (e) None of the above

Answer (c) Relational database

324. Which among the following is the reboot where the power to the system is physically turned off and back on again, causing an initial boot of the machine?

- (a) Toggle
- (b) Cold booting
- (c) Warm booting
- (e) None of these
- (d) Logging off

Answer (b) Cold booting

325. To protect your system from computer hackers you must turn on a(n) _____.

- (a) USP
- (b) VLC
- (c) Another system
- (e) Firewall
- (d) Script

Answer (e) Firewall

326. The point at which the flow of text in a document moves to the top of a new page–

- (a) Page insert
- (b) Page break
- (c) Page format
- (d) All of the above
- (e) None of the above

Answer (b) Page break

327. Which program, installed on the user's computer help him to communicate or send request on the network?

- (a) Paint
- (b) File Manager
- (c) Browser
- (e) None of the above
- (d) Word

Answer (c) Browser

328. What does DRAM stands for?

- (a) Digital Random Access Memory
- (b) Dynamic Random Access Memory
- (c) Dividing Random Access Memory
- (d) Dynamic Recording Access Memory
- (e) None of these

Answer (b) Dynamic Random Access Memory

329. Which of the following is true about Assembly language?

- (a) It is an Object-Oriented Programming Language
- (b) It is a High-level programming language
- (c) It is a low-level programming language
- (d) It is a language for assembling computers
- (e) It is latest flash memory language

Answer (c) It is a low-level programming language

330. In an Excel table, what uses a single formula that adjusts for each row?

- (a) Calculated column
- (b) Formula bar
- (c) New column
- (e) None of these
- (d) Array

Answer (a) Calculated column

331. Which of the following is an expansion card which generates a feed of output images to a display?

- (a) Bus
- (b) Motherboard
- (c) Play station
- (e) video card
- (d) Ultra high defecition

Answer (e) video card

- 332.** Which of the function in Computers is the one that control processes and accept data in continuous fashion?
- (a) Data traffic pattern
 - (b) Data highway
 - (e) All of these
 - (c) Highway loop
 - (d) Feedback loop
- Answer (d) Feedback loop**
- 333.** Which among the following is a special visual and audio effect applied in PowerPoint to text or content?
- (a) Animation
 - (b) Flash
 - (c) Wipe
 - (e) None of these
 - (d) Dissolve
- Answer (a) Animation**
- 334.** Which of the following is a software used for Remote Connection?
- (a) TeamViewer
 - (b) Picasa
 - (c) Prisma
 - (e) Intel Connect
 - (d) Safari
- Answer (a) TeamViewer**
- 335.** Which among the following is associated with Internet Mail?
- (a) Inbox
 - (b) Server
 - (c) Cursor
 - (e) One Drive
 - (d) Dropbox
- Answer (a) Inbox**
- 336.** The fourth generation computers use which technology for both CPU and memory that allows millions of transistors on a single chip?
- (a) Vacuum Tubes
 - (b) VLSI Technology
 - (c) Cloud Computing
 - (d) Generic Algorithm
 - (e) None of the above
- Answer (b) VLSI Technology**
- 337.** In PowerPoint, what is the function of Alt+H?
- (a) Open the Transitions tab
 - (b) Open the Home tab
 - (c) Open the Insert tab
 - (d) Open the Review tab
 - (e) Open the Tell me box
- Answer (b) Open the Home tab**

338. When you save a Microsoft Access project, what file format do you use?

- (a) adp
- (b) Xml
- (c) mbd
- (e) None of these
- (d) All of these

Answer (a) adp

339. The software that secretly collects information about the web client's internet habits?

- (a) Detect ware
- (b) Spam
- (c) Spyware
- (e) All of these
- (d) Pharming

Answer (c) Spyware

340. Which type of error in an algorithm that causes incorrect results?

- (a) Logical error
- (b) Syntax error
- (c) Machine Error
- (d) Compiler error
- (e) None of these

Answer (a) Logical error

341. Which of the following groups contains graphical file extensions?

- (a) JPG, GIF, BMP
- (b) GIF, TCF, WMF
- (c) TCP, JPG, BMP
- (e) JPG, CPX, GCM
- (d) ADP, GIF, PPT

Answer (a) JPG, GIF, BMP

342. F12 opens which Dialog Box?

- (a) Font
- (b) New
- (c) Save
- (e) Help
- (d) Save As

Answer (d) Save As

343. Two or more computers connected to each other for sharing information form a _____.

- (a) Router
- (b) Server
- (c) Network
- (e) Pipeline
- (d) Tunnel

Answer (c) Network

344. An online discussion group that allows direct 'live' communication is known as _____.

- (a) Web crawler
- (b) Chat group
- (c) Regional service provider
- (e) E-mail
- (d) Hyperlink

Answer (b) Chat group

- 345.** A communication network which is used by large organizations over regional, national or global area is called _____.
- (a) LAN
 - (b) WAN
 - (c) MAN
 - (e) None of these
 - (d) Internet
- Answer (b) WAN**
- 346.** Encryption/decryption provides as network with _____.
- (a) Privacy
 - (b) Authenticity
 - (c) Integrity
 - (e) Global Access
 - (d) Non-repudiation
- Answer (a) Privacy**
- 347.** Which one of the following is internet Standard Protocol?
- (a) TML
 - (b) COBOL
 - (c) JAVA
 - (e) TCP/IP
 - (d) C++
- Answer (e) TCP/IP**
- 348.** Name the network that is geographically distributed in a small area. For example, it allows connection among computers of two separate departments in a building.
- (a) LAN
 - (b) WAN
 - (c) TCP/IP
 - (e) None of the above
 - (d) OSI Page | 38
- Answer (a) LAN**
- 349.** Operating system that allows only one user to work on a computer at a time is known as
- (a) Single user operating system
 - (b) Multiuser operating system
 - (c) Single tasking operating system
 - (d) Multitasking operating system
 - (e) Real time operating system
- Answer (a) Single user operating system**
- 350.** Which of the following must be contained in a URL?
- (a) A protocol identifier
 - (b) The letters, www
 - (c) The unique registered domain name
 - (d) WWW and the unique registered domain name
 - (e) A protocol identifier, www and the unique registered domain name
- Answer (e) A protocol identifier, www and the unique registered domain name**

351. 'Ctrl +Esc' is the shortcut key combination for?

- (a) Shows the start menu
- (b) shows the format menu
- (c) Shows the tools menu
- (d) shows the insert menu
- (e) None of the above

Answer (a) Shows the start menu

352. A prescribed set of well-defined instructions for solving mathematical problems is called _____.

- (a) a compiler
- (b) a code
- (c) a description
- (e) None of these
- (d) an algorithm

Answer (d) an algorithm

353. _____ is a service that allows organisations to make their own website.

- (a) Web hosting
- (b) Web surfing
- (c) Domain hosting
- (e) Windows hosting
- (d) Linux hosting

Answer (a) Web hosting

354. Which of the following HTML tags is used to create a horizontal line on a Web page?

- (a) <hr>
- (b) <tr>
- (c) <line>
- (e) <line direction = "horizontal">
- (d) <hr1>

Answer (a) <hr>

355. Bluetooth is an example of:

- (a) personal area network
- (b) local area network
- (c) virtual private network
- (d) wide area network
- (e) solid state storage

Answer (a) personal area network

356. In order to move from one worksheet to another in MS- Excel workbook. One should click _____.

- (a) active cell
- (b) scroll bar
- (c) sheet tab
- (e) None of these
- (d) tab button

Answer (c) sheet tab

357. What does the LOOKUP function do?

- (a) Looks up text that contain 'UP'
- (b) Used to look in a single row or column and find a value from the same position in a second row or column
- (c) Finds irrelevant records
- (e) None of the above
- (d) All of above

Answer (b) Used to look in a single row or column and find a value from the same position in a second

358. Which of the following option in MS Word 2010 may be used to change page-size and margins?

- (a) Page Layout
- (b) View
- (c) Home
- (e) Review
- (d) Data REPORT THE ERROR IN CAPSULE at banking@

Answer (a) Page Layout

359. Which of the following devices is mainly used to draw objects in CAD?

- (a) Keyboard
- (b) Printer
- (c) Joystick
- (e) None of these
- (d) Scanner

Answer (c) Joystick

360. CCFL is used in LCD monitors for display. It stands for :

- (a) Cool Cathode Fluorescent Lamps
- (b) Cold Cathode Fluorescent Lights
- (c) Cold Cathode Fluorescent Lamps
- (d) Cool Cathode Fluorescent Lights
- (e) None of these

Answer (c) Cold Cathode Fluorescent Lamps

361. The manual tells you how to use a software program.

- (a) documentation
- (b) programming
- (c) technical
- (e) None of these
- (d) user

Answer (d) user

362. If a new device is attached to a computer, such as a printer or scanner, its..... must be installed before the device can be used.

- (a) buffer
- (b) driver
- (c) pager
- (e) None of these
- (d) server

Answer (b) driver

- 363.** Which of the following storage devices is used to compensate for difference in rates of flow of data from one device to another?
- (a) Floppy
 - (b) Call
 - (c) Channel
 - (e) Chip
 - (d) Buffer
- Answer (d) Buffer**
- 364.** Pathways that support communication among the various electronic components on the computer system board are called _____.
- (a) Wire Lines
 - (b) Bus Lines
 - (c) Logic Paths
 - (e) Network Lines
 - (d) Gateways
- Answer (b) Bus Lines**
- 365.** In which types of network are all the computers considered equal?
- (a) Peer-to-peer
 - (b) Client/server
 - (c) Backbone
 - (e) Hierarchy
 - (d) Hybrid
- Answer (a) Peer-to-peer**
- 366.** Personal computers can be connected together to form a _____.
- (a) Server
 - (b) Super computer
 - (c) Enterprise
 - (e) None of these
 - (d) Network
- Answer (d) Network**
- 367.** correcting errors in a program called:
- (a) Compiling
 - (b) Debugging
 - (c) Grinding
 - (e) None of these
 - (d) Interpreting Page | 39
- Answer (b) Debugging**
- 368.** Which of the following is a small microprocessor-based computer designed to be used by one person at a time?
- (a) Network
 - (b) Supercomputer
 - (c) All-in-one
 - (e) Personal computer
 - (d) Mainframe
- Answer (e) Personal computer**

369. Which among the following term is used for those hardware devices that are not part of the main computer system and are often added later to the system?

- (a) clip art
- (b) highlight
- (c) execute
- (e) None of these
- (d) peripheral

Answer (d) peripheral

370. The largest unit of storage is

- (a) GB
- (b) KB
- (c) MB
- (e) None of these
- (d) TB

Answer (d) TB

371. The intersection of row and column is known as?

- (a) Column
- (b) Cell
- (c) Address
- (e) Tuples
- (d) Attribute

Answer (b) Cell

372. What is the diagnostic testing sequence of a computer called that determines if all input and output devices are properly working?

- (a) rebooting
- (b) POST
- (c) scanning
- (e) BSoD
- (d) defragmentation

Answer (b) POST

373. Which of the following techniques can be used to store a large number of files in a small amount of storage space?

- (a) File adjustment
- (b) File copying
- (c) File compatibility
- (d) File compression
- (e) None of these

Answer (d) File compression

374. _____ ensures secure transfer of data over an unsecured network, such as the Internet.

- (a) Antivirus
 - (b) Hacking
 - (c) Cracking
 - (d) Spoofing
 - (e) Cryptography
- REPORT THE ERROR IN CAPSULE at banking@

Answer (e) Cryptography

375. COBOL is used for which of the following purpose?

- (a) Scientific calculation
- (b) Business and Finance
- (c) Application development
- (d) Network Security
- (e) None of these Page | 25

Answer (a) Scientific calculation

376. Convert Binary number $(111001)_2$ to number_____.

- (a) $(38)_{10}$
- (b) $(57)_{10}$
- (c) $(55)_{10}$
- (d) $(47)_{10}$
- (e) None of these decimal

Answer (c) $(55)_{10}$

377. Which is not a storage device?

- (a) Printer
- (b) CD
- (d) Floppy Disk
- (e) DVD
- (c) Hard disk

Answer (c) Hard disk

378. Which of the following can be used to select the entire document?

- (a) Ctrl+A
- (b) Alt+F5
- (c) Shift+A
- (d) Ctrl+K
- (e) Ctrl+H Page | 26

Answer (a) Ctrl+A

379. Which of the following is generally used for selecting or highlighting?

- (a) Icon
- (b) Keyboard
- (c) Mouse
- (d) Floppy Disk
- (e) None of these

Answer (e) None of these

380. Which of the following network devices is also called a concentrator?

- (a) Switch
- (b) Router
- (c) Brouter
- (d) Repeater
- (e) Hub

Answer (c) Brouter

381. What is the use of "," symbol in Ms EXCEL?

- (a) allows you to make one reference for multiple cells located between 2 cells
- (b) is used to separate arguments in Excel spreadsheet formulas
- (c) it is an intersection operator
- (d) For Sum of two cells
- (e) None of these Page | 29

Answer (d) For Sum of two cells

382. What is the term that refers to an ad hidden inside software that you downloaded from an internet site?

- (a) Spam
- (b) Cookie
- (c) Phish
- (d) Adware
- (e) None of these

Answer (d) Adware

383. A specialized network device that determines the next network point to which it can forward a data packet towards the destination of the packet is commonly known as_____.

- (a) bridge
- (b) router
- (c) switch
- (d) hub
- (e) repeater Solution

Answer (b) router

384. Which term is not related with font?

- (a) Font face
- (b) Font size
- (d) Font grammar
- (e) None of these
- (c) Font color

Answer (b) Font size

385. The valid format of MS Word is _____.

- (a) jpeg
- (b) png
- (d) exe
- (e) None of these
- (c) doc

Answer (c) doc

386. In Microsoft PowerPoint, two kinds of sound effects files that can be added to the presentation are

- (a) wav files and .mid files
- (b) wav files and .gif files
- (c) wav files and .jpg files
- (d) jpg files and .gif files
- (e) None of these Page | 32

Answer (d) jpg files and .gif files

387. MS Word is _____ software.

- (a) System
- (b) Application
- (d) Compiler
- (e) None of these
- (c) Programming

Answer (a) System

388. AutoCorrect was originally designed to replace_____ words as you type.

- (a) Short, repetitive
- (b) Grammatically incorrect
- (c) Misspelled words
- (d) Incorrect Image
- (e) None of the above

Answer (b) Grammatically incorrect

389. What is periodically adding, changing and deleting file records called?

- (a) renewing
- (b) upgrading
- (c) restructuring
- (d) updating
- (e) None of these

Answer (d) updating

390. Which among the following is an important circuitry in a computer system that does the arithmetic and logical processing?

- (a) Memory
- (b) ALU
- (c) Flag Register
- (d) CU
- (e) Calculator

Answer (b) ALU

391. _____ are specially designed computer chips that reside other devices. Such as your car or your car or your electronic thermostat.

- (a) Servers
- (b) Embedded computers
- (c) Robotic Computers
- (d) Mainframe
- (e) None of these

Answer (b) Embedded computers

392. The coding language used to create documents for use on the Internet is _____.

- (a) HTML
- (b) HSMT
- (c) HLTM
- (d) All of these
- (e) None of these

Answer (a) HTML

393. Which of the following is not a type of database?

- (a) Hierarchical
- (b) Relational
- (c) Network
- (d) Transition
- (e) None of the above

Answer (d) Transition

394. If you wish to extend the length of the network without having the signal degrade, you would use a _____.

- (a) Repeater
- (b) Router
- (c) Gateway
- (d) Switch
- (e) None of these

Answer (a) Repeater

395. Java was introduced by which among the following organisation?

- (a) Sun Microsystem
- (b) IBM
- (c) Intel
- (d) Microsoft
- (e) AT & T

Answer (a) Sun Microsystem

396. A string of eight 0s and 1s is called a:

- (a) Megabyte
- (b) Kilobyte
- (c) Gigabyte
- (d) Byte
- (e) None of these

Answer (d) Byte

397. There are _____ unique digits available in Hexadecimal number system.

- (a) 16
- (b) 17
- (c) 18
- (d) 19
- (e) 20

Answer (a) 16

398. The process of connecting/ accessing to an account is called as:

- (a) Login
- (b) Logout
- (c) Sign In
- (d) Sign Out
- (e) None of these

Answer (a) Login

399. Which one of the following is a set of one or more attributes taken collectively to uniquely identify a record?

- (a) Candidate key
- (b) Sub key
- (c) Super key
- (d) Foreign key
- (e) None of these

Answer (c) Super key

400. Which of the following is Open Source Software?

- (a) Windows
- (b) Linux
- (c) IOS
- (d) Adobe Photoshop
- (e) None of these

Answer (b) Linux

401. What type of technology allows you to verbally speak with someone over the Internet?

- (a) Wiki
- (b) Social network
- (c) E-phone
- (d) VoIP
- (e) None of these

Answer (d) VoIP

402. Which of the following describe router functions?

- (a) Packet switching
- (b) Packet filtering
- (c) Internetwork communication
- (d) Path selection
- (e) All of the above Page | 35

Answer (e) All of the above Page | 35

403. Graphical pictures that represent an object like file, folder etc. are?

- (a) Task bar
- (b) Windows
- (c) Desktop
- (d) Icons
- (e) Control Panel

Answer (d) Icons

404. Which of the following programming language is used for creating special programs like applets?

- (a) Java
- (b) Cable
- (c) Domain name
- (d) Net
- (e) COBOL

Answer (a) Java

405. Access control based on a person's fingerprints is an example of _____.

- (a) biometric identification
- (b) characteristic identification
- (c) fingerprint security
- (d) logistics
- (e) None of these

Answer (a) biometric identification

406. Which is commonly used protocol for exchanging files over any network that supports the TCP/IP protocol.

- (a) FTP
- (b) TCP
- (c) SMTP
- (d) HTTP
- (e) None of these

Answer (a) FTP

407. What does P2P stands for?

- (a) Peer to Peer
- (b) Peek to peek
- (d) Pair to pair
- (e) All of these
- (c) Past to past

Answer (a) Peer to Peer

408. The insert, cap lock and num lock are all examples of _____ keys.

- (a) Control
- (b) Function
- (c) Toggle
- (d) Shortcut
- (e) None of these

Answer (c) Toggle

409. Speed of line printer is specified in terms of _____.

- (a) Line per minute
- (b) Character per minute
- (c) Dot per minute
- (d) All of these
- (e) None of these

Answer (b) Character per minute

410. Which of the following is a folder that retains copies of messages have started but are not yet send to the recipient?

- (a) Inbox
- (b) Outbox
- (c) CC
- (d) Sent Items
- (e) Drafts

Answer (e) Drafts

411. Which among the following can control the look of your entire presentation including font, color, background, effects and everything else?

- (a) Handout Master
- (b) Slide Master
- (c) Slide Show
- (d) Thesaurus
- (e) Icons

Answer (b) Slide Master

412. Which of the following extension refers to System files?

- (a) COM
- (b) EXE
- (c) SYS
- (d) PRG
- (e) None of these

Answer (c) SYS

413. Which of the following software posts unwanted advertisements on client's computer?

- (a) Virus
- (b) Malware
- (c) Worm
- (d) Adware
- (e) Logic bombs

Answer (d) Adware

414. Which among the following options is the application that combines text, sound, graphics, motion video, and/ or animation?

- (a) Multimedia
- (b) Minimedias
- (c) Videoscapes
- (d) Motionware
- (e) Maxomedia Page | 36

Answer (a) Multimedia

415. If a word is typed that is not in MS Word's dictionary, a wavy underline appears below the word. What is the color of the underline that appears in this situation?

- (a) Blue
- (b) Red
- (c) Green
- (d) Black
- (e) Pink

Answer (b) Red

416. Which of the following is a storage device that uses rigid, permanently installed magnetic disks to store data/information?

- (a) Floppy diskette
- (b) Hard disk
- (c) Permanent disk
- (d) Optical disk
- (e) None of the above

Answer (b) Hard disk

417. Which among the following is the reboot where the power to the system is physically turned off and back on again, causing an initial boot of the machine?

- (a) Toggle
- (b) Cold booting
- (c) Warm booting
- (d) Logging off
- (e) None of these

Answer (b) Cold booting

418. To protect your system from computer hackers you must turn on a(n) _____.

- (a) USP
- (b) VLC
- (c) Another system
- (d) Script
- (e) Firewall

Answer (e) Firewall

- 419.** Which program, installed on the user's computer help him to communicate or send request on the network?
- (a) Paint
 - (b) File Manager
 - (c) Browser
 - (d) Word
 - (e) None of the above
- Answer (c) Browser**
- 420.** In an Excel table, what uses a single formula that adjusts for each row?
- (a) Calculated column
 - (b) Formula bar
 - (c) New column
 - (d) Array
 - (e) None of these
- Answer (a) Calculated column**
- 421.** Which of the following is an expansion card which generates a feed of output images to a display?
- (a) Bus
 - (b) Motherboard
 - (c) Play station
 - (d) Ultra high defecition
 - (e) video card
- Answer (e) video card**
- 422.** Which of the function in Computers is the one that control processes and accept data in continuous fashion?
- (a) Data traffic pattern
 - (b) Data highway
 - (c) Highway loop
 - (d) Feedback loop
 - (e) All of these
- Answer (d) Feedback loop**
- 423.** Which among the following is a special visual and audio effect applied in PowerPoint to text or content?
- (a) Animation
 - (b) Flash
 - (c) Wipe
 - (d) Dissolve
 - (e) None of these
- Answer (a) Animation**
- 424.** Which of the following is a software used for Remote Connection?
- (a) TeamViewer
 - (b) Picasa
 - (c) Prisma
 - (d) Safari
 - (e) Intel Connect
- Answer (a) TeamViewer**

425. Which among the following is associated with Internet Mail?

- (a) Inbox
- (b) Server
- (c) Cursor
- (d) Dropbox
- (e) One Drive

Answer (a) Inbox

426. The software that secretly collects information about the web client's internet habits?

- (a) Detect ware
- (b) Spam
- (c) Spyware
- (d) Pharming
- (e) All of these

Answer (c) Spyware

427. Which of the following groups contains graphical file extensions?

- (a) JPG, GIF, BMP
- (b) GIF, TCF, WMF
- (c) TCP, JPG, BMP
- (d) ADP, GIF, PPT
- (e) JPG, CPX, GCM

Answer (a) JPG, GIF, BMP

428. F12 opens which Dialog Box?

- (a) Font
- (b) New
- (d) Save As
- (e) Help
- (c) Save

Answer (d) Save As

429. Two or more computers connected to each other for sharing information form a _____.

- (a) Router
- (b) Server
- (c) Network
- (d) Tunnel
- (e) Pipeline

Answer (c) Network

430. An online discussion group that allows direct 'live' communication is known as _____.

- (a) Web crawler
- (b) Chat group
- (c) Regional service provider
- (d) Hyperlink
- (e) E-mail

Answer (b) Chat group

431. A communication network which is used by large organizations over regional, national or global area is called _____.

- (a) LAN
- (b) WAN
- (c) MAN
- (d) Internet
- (e) None of these

Answer (b) WAN

432. Encryption/decryption provides as network with _____.

- (a) Privacy
- (b) Authenticity
- (c) Integrity
- (d) Non-repudiation
- (e) Global Access

Answer (a) Privacy

433. A prescribed set of well-defined instructions for solving mathematical problems is called _____.

- (a) a compiler
- (b) a code
- (c) a description
- (d) an algorithm
- (e) None of these

Answer (d) an algorithm

434. _____ is a service that allows organisations to make their own website.

- (a) Web hosting
- (b) Web surfing
- (c) Domain hosting
- (d) Linux hosting
- (e) Windows hosting

Answer (a) Web hosting

435. Which of the following HTML tags is used to create a horizontal line on a Web page?

- (a) <hr>
- (b) <tr>
- (c) <line>
- (d) <hr1>
- (e) <line direction = "horizontal">

Answer (a) <hr>

436. Bluetooth is an example of:

- (a) personal area network
- (c) virtual private network
- (e) solid state storage
- (b) local area network
- (d) wide area network

Answer (a) personal area network

437. Which one of the following is internet Standard Protocol?

- (a) TML
- (b) COBOL
- (c) JAVA
- (d) C++
- (e) TCP/IP

Answer (e) TCP/IP

438. What does the LOOKUP function do?

- (a) Looks up text that contain 'UP'
- (b) Used to look in a single row or column and find a value from the same position in a second row or column
- (c) Finds irrelevant records
- (d) All of above
- (e) None of the above

Answer (b) Used to look in a single row or column and find a value from the same position in a second

439. Name the network that is geographically distributed in a small area. For example, it allows connection among computers of two separate departments in a building.

- (a) LAN
- (b) WAN
- (c) TCP/IP
- (d) OSI
- (e) None of the above

Answer (a) LAN

440. Which of the following option in MS Word 2010 may be used to change page-size and margins?

- (a) Page Layout
- (b) View
- (c) Home
- (d) Data
- (e) Review Page | 38

Answer (a) Page Layout

441. Which of the following devices is mainly used to draw objects in CAD?

- (a) Keyboard
- (b) Printer
- (c) Joystick
- (d) Scanner
- (e) None of these

Answer (c) Joystick

442. Which of the following is a small microprocessor-based computer designed to be used by one person at a time?

- (a) Network
- (b) Supercomputer
- (c) All-in-one
- (d) Mainframe
- (e) Personal computer

Answer (e) Personal computer

443. Which among the following term is used for those hardware devices that are not part of the main computer system and are often added later to the system?

- (a) clip art
- (b) highlight
- (c) execute
- (d) peripheral
- (e) None of these

Answer (d) peripheral

444. The manual tells you how to use a software program.

- (a) documentation
- (b) programming
- (c) technical
- (d) user
- (e) None of these

Answer (d) user

445. If a new device is attached to a computer, such as a printer or scanner, its..... must be installed before the device can be used.

- (a) buffer
- (b) driver
- (c) pager
- (d) server
- (e) None of these

Answer (b) driver

446. Which of the following storage devices is used to compensate for difference in rates of flow of data from one device to another?

- (a) Floppy
- (b) Call
- (c) Channel
- (d) Buffer
- (e) Chip

Answer (d) Buffer

447. Pathways that support communication among the various electronic components on the computer system board are called _____.

- (a) Wire Lines
- (b) Bus Lines
- (c) Logic Paths
- (d) Gateways
- (e) Network Lines

Answer (b) Bus Lines

448. In which types of network are all the computers considered equal?

- (a) Peer-to-peer
- (b) Client/server
- (c) Backbone
- (d) Hybrid
- (e) Hierarchy

Answer (a) Peer-to-peer

449. Personal computers can be connected together to form a _____.

- (a) Server
- (b) Super computer
- (c) Enterprise
- (d) Network
- (e) None of these

Answer (d) Network

450. correcting errors in a program called:

- (a) Compiling
- (b) Debugging
- (c) Grinding
- (d) Interpreting
- (e) None of these

Answer (b) Debugging

451. The largest unit of storage is

- (a) GB
- (b) KB
- (c) MB
- (d) TB
- (e) None of these

Answer (d) TB

452. The intersection of row and column is known as?

- (a) Column
- (b) Cell
- (c) Address
- (d) Attribute
- (e) Tuples

Answer (b) Cell

453. What is the diagnostic testing sequence of a computer called that determines if all input and output devices are properly working?

- (a) rebooting
- (b) POST
- (c) scanning
- (d) defragmentation
- (e) BSoD

Answer (b) POST

454. Identify the correct sentence from the options given below.

- (a) The scientist, who had spent years researching alternative energy sources, were finally able to develop a highly efficient solar panel
- (b) Neither of the candidates have the required qualifications to be eligible for the managerial position
- (c) If the company would have invested in better marketing strategies, it could attract a larger customer base
- (d) Despite the heavy rainfall, the construction workers continued their tasks, ensuring that the project was completed on time
- (e) None is correct

Answer (d) Despite the heavy rainfall, the construction workers continued their tasks, ensuring that

455. Identify the correct sentence from the options given below.

- (a) The manager, along with his team members, were invited to the annual business conference held in Singapore
- (b) Despite facing numerous challenges, the young entrepreneur managed to establish a successful startup within two years
- (c) The students, who was eagerly waiting for the results, decided to celebrate in advance
- (d) The scientist, after years of research, have finally discovered a new method to generate renewable energy
- (e) None is correct

Answer (b) Despite facing numerous challenges, the young entrepreneur managed to establish a successf

456. Identify the incorrect sentence from the options given below.

- (a) The scientist, who has been researching for years, finally published his findings in a renowned journal
- (b) Neither of the candidates have enough experience to qualify for the senior managerial role
- (c) Each of the players was given a certificate for their outstanding performance in the tournament
- (d) The chef, known for his expertise in Italian cuisine, prepares the most delicious pasta dishes in the city
- (e) None is incorrect

Answer (b) Neither of the candidates have enough experience to qualify for the senior managerial role

457. Identify the incorrect sentence from the options given below.

- (a) The principal, along with the teachers, is responsible for maintaining discipline in the school
- (b) The doctor advised that the patient take complete rest for a few days to recover fully
- (c) If the company would have implemented better strategies, it could have achieved higher growth
- (d) The book, which contains detailed illustrations and explanations, has been recommended by many experts
- (e) None is incorrect

Answer (c) If the company would have implemented better strategies, it could have achieved higher growth
