IBPS Clerk Prelims 2025 Shift_2

72 questions

6. What should come in place of question mark (?) in the following questions? $150\% \text{ of } 240 + 25\% \text{ of } 160 = ?$

- (a) 380
 - (b) 390
 - (c) 400
 - (d) 410
 - (e) 420 Ans.(c)
-

7. What should come in place of question mark (?) in the following questions? $(?4900 ? ?1728) \times 2 = ?$

- (a) 28
 - (b) 29
 - (c) 30
 - (d) 31
 - (e) 32 Ans.(b)
-

8. What should come in place of question mark (?) in the following questions? $25.678 ? 8.432 ? 7.246 ? 3 = ?$

- (a) 6.5
 - (b) 6.9
 - (c) 7
 - (d) 7.05
 - (e) 7.1 Ans.(c)
-

9. What should come in place of question mark (?) in the following questions? $?(?) \times ?1600 = 2000$

- (a) 2500
 - (b) 2601
 - (c) 2401
 - (d) 2304
 - (e) 2209 Ans.(a)
-

10. What should come in place of question mark (?) in the following questions? $6859 + 1331 ? 3277 = ?$

- (a) 4913
 - (b) 1512
 - (c) 5650
 - (d) 4170
 - (e) 7218 Ans.(a)
-

11. What should come in place of question mark (?) in the following questions? $40\% \text{ of } 150 + 20\% \text{ of } 200 = ?$

- (a) 90
 - (b) 100
 - (c) 114
 - (d) 105
 - (e) 110 Ans.(b)
-

12. What should come in place of question mark (?) in the following questions? $3750 \div 12.5 + 180 = ?$

- (a) 460
 - (b) 480
 - (c) 410
 - (d) 490
 - (e) 500 Ans.(b)
-

13. What should come in place of question mark (?) in the following questions? $?512 + 25\% \text{ of } 16 = ? + 3$

- (a) 8
- (b) 9

- (c) 7
 - (d) 10
 - (e) 6 Ans.(b)
-

14. What should come in place of question mark (?) in the following questions? $(96)^2 + (?) = (140)^2 ? (60)^2 ? 816$

- (a) 5968
 - (b) 5984
 - (c) 6000
 - (d) 6016
 - (e) 6032 Ans.(a)
-

15. What should come in place of question mark (?) in the following questions? $?49 + 3 \times 4 + ? = 35$

- (a) 12
 - (b) 13
 - (c) 14
 - (d) 15
 - (e) 16 Ans.(c)
-

16. What should come in place of question mark (?) in the following questions? $(?)^2 = 64 \times 441 \times 1/49$

- (a) 20
 - (b) 22
 - (c) 14
 - (d) 26
 - (e) 24 Ans.(e)
-

17. What will come in the place of question (?) mark in following the question: $845 + 55 + ? = 1000 + 50$

- (a) 140
 - (b) 150
 - (c) 160
 - (d) 130
 - (e) 120 Ans.(b)
-

23. A & B entered into a business with capitals of Rs 24,000 and Rs 30,000 respectively. After 4 months, B left the business. If at the end of the year the total profit is Rs 3,400, then find the profit share of B.

- (a) Rs 800
 - (b) Rs 900
 - (c) Rs 1000
 - (d) Rs 1100
 - (e) Rs 1200 Ans.(c)
-

24. Ravi saves 18% of his income. If his income is increased by 20% and expenditure increases by $1/12$ th of the original expenditure, then find the increment in his savings is what percent of his initial income.

- (e) Ans.(c)
-

25. The population of a town was 25,000. It increased by 10% in the first year and decreased by 20% in the second year. What is the population at the end of two years?

- (a) 21000
 - (b) 22000
 - (c) 23000
 - (d) 24000
 - (e) 25000 Ans.(b)
-

26. The average of A, B and C is 72. A is 24 more than B. If the ratio of (A + B) to C is 5 : 4, then find the value of B.

- (a) 40
- (b) 48
- (c) 56
- (d) 64

(e) 72 Ans.(b)

27. The present ages of a mother and daughter together are 60 years. Five years ago, the mother's age was three times the daughter's age. Find the present age of the mother (in years).

- (a) 40
 - (b) 42.5
 - (c) 45.5
 - (d) 48
 - (e) 50.5 Ans.(b)
-

28. The marked price of a shirt is Rs. 1050 and P bought it for Rs. 756, after getting two successive discounts. If the first discount is 10%, then find the second discount?

- (a) 15%
 - (b) 20%
 - (c) 22%
 - (d) 24%
 - (e) 12% Ans.(b)
-

29. In 150 liters of pure milk, 50 liters of water is added. Then 20% of the mixture is removed. After that, y liters of water is added such that water becomes 50% of the final mixture. Find the value of y.

- (a) 25
 - (b) 80
 - (c) 35
 - (d) 40
 - (e) 55 Ans.(b)
-

30. A and B invested Rs 450 and Rs 800 on simple interest at rate of 20% p.a. and 10% p.a. for two years respectively. Find the ratio between the interest received by B and A respectively?

- (a) 9 : 8
 - (b) 8 : 9
 - (c) 4 : 5
 - (d) 8 : 11
 - (e) 8 : 7 Ans.(b)
-

31. There average of four negative and two positive numbers is zero and the average of the two positive number is 25. What could be the possible lowest number among the set of negative numbers. (All number are integers)

- (a) 1
 - (b) 2
 - (c) 47
 - (d) 1
 - (e) 47 Ans.(e)
-

32. The ratio of side of two squares X and Y is 5 : 9 respectively. If difference between diagonal of these two squares is $16\sqrt{2}$ cm, then find the difference between area of these two squares (in cm square)?

- (a) 896
 - (b) 256
 - (c) 796
 - (d) 596
 - (e) 696 Ans.(a)
-

33. A class has two sections. The average marks of all the students in the class is 70. The average marks of Section A are 65, and the average marks of Section B are 85. What is the ratio of the number of students in Section A to Section B?

- (a) 2:7
- (b) 17:24
- (c) 3:1
- (d) 1:7

(e) 2:3 Ans.(c)

34. A train crosses a bridge which is 240 meters long in 28 seconds and the same train crosses a static pole in 16 seconds. Find the length and the speed of the train (in meters & km/hr) respectively?

- (a) 240 & 72
 - (b) 360 & 72
 - (c) 480 & 72
 - (d) 320 & 72
 - (e) 400 & 72 Ans.(d)
-

35. The ratio of speed of a boat in upstream to that of in downstream is 3:5 and the speed of stream is 4m/sec, Find the time taken by boat to cover the total distance of 120 meters in both upstream and downstream together?

- (a) 14sec
 - (b) 12sec
 - (c) 15sec
 - (d) 16sec
 - (e) 26sec Ans.(d)
-

Read the following passage and answer the given questions. Behind every handcrafted guitar sold in California lies a supply chain that stretches deep into forests thousands of miles away. For decades, boutique guitar manufacturers in the state have depended on specific tonewoods ? spruce for soundboards, mahogany for necks, rosewood for fingerboards ? prized not merely for their physical properties but for the unique acoustic resonance they impart to an instrument. Yet the very forests that supply these materials are under mounting pressure, forcing the industry to confront an uncomfortable question: can fine guitar making survive without contributing to deforestation? The problem is not simply one of demand. Tonewoods are extraordinarily selective materials. A luthier crafting a high-end acoustic guitar requires wood that is straight-grained, free of knots, aged adequately, and _____ at precisely the right stage of the tree's maturity. This specificity means that even within a sustainably managed forest, only a small fraction of available timber meets the exacting standards that premium guitar production demands. Indiscriminate logging in pursuit of these select pieces causes disproportionate damage to surrounding forest ecosystems. Regulatory pressure has also intensified. Amendments to the United States Lacey Act have made it a federal offence to import wood harvested in violation of the laws of the source country, compelling California guitar companies to trace every piece of timber back to its origin with documented precision. Several manufacturers have responded by building direct partnerships with certified sustainable forestry operations in countries such as Canada, Germany, and responsibly managed regions of South America. Some companies have gone further, investing in alternative materials research. Composite carbon fibre necks, reclaimed urban timber, and plantation-grown alternatives such as Sitka spruce cultivated specifically for acoustic properties are gradually entering production lines. Certain manufacturers have begun seasoning and storing legally sourced wood decades in advance, building strategic timber reserves that insulate them from both supply disruptions and regulatory uncertainty. The finest guitars, it turns out, require not only skilled hands but also an ethical and carefully managed relationship with the forests that make them possible.

36. Which of the following statements is/are correct according to the passage? (I) Tonewoods are prized not only for physical properties but also for the unique acoustic resonance they provide to instruments. (II) The United States Lacey Act amendments made it compulsory for guitar companies to trace timber back to its origin with documented precision. (III) Every piece of timber within a sustainably managed forest meets the exacting standards required for premium guitar production.

- (a) Only (I)
 - (b) Both (I) and (II)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) All (I), (II) and (III) Ans.(b)
-

37. Which of the following statements is/are incorrect according to the passage? (I) Composite carbon fibre necks and reclaimed urban timber are completely replacing traditional tonewoods across all guitar manufacturers. (II) Some California guitar manufacturers have built direct partnerships with certified sustainable forestry operations in Canada and Germany. (III) Certain manufacturers have begun storing legally sourced wood decades in advance to insulate themselves from supply disruptions.

- (a) Only (I)
- (b) Only (II)
- (c) Both (I) and (III)

- (d) Both (II) and (III)
 - (e) All (I), (II) and (III) Ans.(a)
-

38. Which of the following statements is/are TRUE about the characteristics of trees and timber required for premium guitar production? (I) Wood selected for guitar making must be straight-grained, knot-free, adequately aged, and harvested at the right stage of tree maturity. (II) Within any forest, most available trees naturally meet the strict quality standards that boutique guitar manufacturers require. (III) Selective tonewood harvesting causes damage extending beyond targeted trees to surrounding forest ecosystems.

- (a) Only (I)
 - (b) Both (I) and (III)
 - (c) Only (II)
 - (d) Both (II) and (III)
 - (e) All (I), (II) and (III) Ans.(b)
-

39. What does the passage suggest about the role of regulatory pressure in reshaping California's guitar manufacturing industry?

- (a) Regulations have completely shut down guitar manufacturing by making timber imports legally impossible for boutique producers
 - (b) Regulations have primarily benefited large corporations while pushing boutique guitar makers out of the market
 - (c) Regulatory frameworks have encouraged guitar companies to relocate their manufacturing operations outside the United States
 - (d) Government pressure has forced manufacturers to abandon acoustic guitars entirely in favour of electric instruments
 - (e) Federal legislation has compelled manufacturers to establish traceable and documented timber sourcing practices
- Ans.(e)
-

40. According to the passage, why does tonewood harvesting cause disproportionate damage even within sustainably managed forests?

- (a) Sustainable forest management prohibits selective harvesting making it impossible to extract only the finest quality timber
 - (b) Guitar manufacturers deliberately target the oldest trees causing irreversible damage to ancient forest ecosystems
 - (c) Only a small fraction of available timber meets required standards meaning much surrounding forest is disturbed during selection
 - (d) Tonewood extraction requires complete forest clearing since individual tree selection is technically impossible at scale
 - (e) Sustainably managed forests produce inferior tonewoods forcing manufacturers to secretly source from unprotected regions
- Ans.(c)
-

41. Choose the word most similar in meaning to "impart" as used in the passage.

- (a) Remove
 - (b) Withhold
 - (c) Demand
 - (d) Convey
 - (e) Extract Ans.(d)
-

42. Choose the word most similar in meaning to "exacting" as used in the passage.

- (a) Flexible
 - (b) Lenient
 - (c) Relaxed
 - (d) Ordinary
 - (e) Stringent Ans.(e)
-

43. Choose the most appropriate word to fill in the blank:

- (a) planted
 - (b) discarded
 - (c) harvested
 - (d) processed
 - (e) transported Ans.(c)
-

44. What alternative approaches have some guitar manufacturers adopted to reduce dependence on traditional tonewoods?

- (a) Completely abandoning handcrafted production and shifting toward mass manufacturing using synthetic materials
 - (b) Lobbying governments to relax environmental regulations to ensure continued access to traditional forest timber
 - (c) Investing in composite materials, reclaimed urban timber, and plantation-grown alternatives with acoustic properties
 - (d) Importing finished guitar components from countries with less stringent environmental and forestry regulations
 - (e) Replacing all wooden components with carbon fibre making acoustic resonance entirely independent of natural materials
- Ans.(c)
-

45. The passage mentions that certain manufacturers have begun "seasoning and storing legally sourced wood decades in advance." What does this strategy most accurately reveal about the guitar manufacturing industry?

- (a) Manufacturers are stockpiling timber illegally to circumvent the provisions of the amended United States Lacey Act
 - (b) Forward-looking manufacturers treat sustainably sourced timber as a long-term strategic asset rather than a routine raw material
 - (c) Storing wood in advance indicates that guitar manufacturers have abandoned investment in alternative material research entirely
 - (d) This practice suggests manufacturers believe plantation-grown alternatives will permanently fail to meet acoustic quality standards
 - (e) Advance timber storage reflects manufacturers' intention to exit the guitar industry once existing wood reserves are fully exhausted
- Ans.(b)
-

46. (a) are more likely to be hospitalized (B) for heat-related illness (C) research suggests that people taking (D) antipsychotics or cardiovascular drugs In the following question, a sentence is divided into few parts. Rearrange these parts and identify the correct sequence making the sentence grammatically and contextually correct.

- (a) CDAB
 - (b) ADCB
 - (c) CABD
 - (d) BADC
 - (e) No rearrangement required
- Ans.(a)
-

47. (a) manufacturers striving to (B) meet customer demand consistently (C) chain is essential for (D) designing an efficient supply In the following question, a sentence is divided into few parts. Rearrange these parts and identify the correct sequence making the sentence grammatically and contextually correct.

- (a) ACDB
 - (b) CADB
 - (c) BACD
 - (d) DCAB
 - (e) No rearrangement required
- Ans.(d)
-

48. (a) National Statistical Office on Friday. (B) as shown by data released by the (C) a five-quarter low of 6.7 percent (D) India's GDP growth slipped to In the following question, a sentence is divided into few parts. Rearrange these parts and identify the correct sequence making the sentence grammatically and contextually correct.

- (a) DCAB
 - (b) DCBA
 - (c) CDAB
 - (d) CADB
 - (e) No rearrangement required
- Ans.(b)
-

49. (a) cleaner, safer and more sustainable (B) challenge of decarbonizing while (C) the automotive industry faces twin (D) helping to make urban transport In the following question, a sentence is divided into few parts. Rearrange these parts and identify the correct sequence making the sentence grammatically and contextually correct.

- (a) BCDA
 - (b) DCAB
 - (c) CDBA
 - (d) CBDA
 - (e) No rearrangement required
- Ans.(d)
-

50. The warden considered it essential to maintain discipline among the inmates, conducting surprise inspections every alternate week. In the following sentence, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as your answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

- (a) surprise
 - (b) discipline
 - (c) inmates
 - (d) essential
 - (e) All are correct Ans.(d)
-

51. The officer promptly responded to the customer's grievance and assured him of a satisfactory resolution within two working days. In the following sentence, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as your answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

- (a) officer
 - (b) responded
 - (c) grievance
 - (d) satisfactory
 - (e) All are correct Ans.(e)
-

52. The probationer was assigned a routine task of reconciling the daily transactions before the close of business hours. In the following sentence, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as your answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

- (a) probationer
 - (b) assigned
 - (c) routine
 - (d) transactions
 - (e) All are correct Ans.(d)
-

53. The teller carefully counted the cash, matched it against the ledger and reported the balance to the branch manager. In the following sentence, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as your answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

- (a) teller
 - (b) counted
 - (c) ledger
 - (d) balance
 - (e) All are correct Ans.(e)
-

54. The junior prefect diligently supervised the morning assembly, ensuring every participant adhered to the prescribed code of conduct. In the following sentence, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as your answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer.

- (a) junior
 - (b) diligently
 - (c) participant
 - (d) prescribed
 - (e) All are correct Ans.(a)
-

55. BOARD (I) The manager decided to board the proposal before presenting it to the clients. (II) The passengers were asked to board the train at Platform 4 ten minutes before departure. (III) She was invited to join the board of directors because of her extensive experience in finance. A word has been given in the question and used in the sentences below. Identify the statements where the word has been used in a contextually and grammatically correct manner.

- (a) Only (I)
- (b) Both (I) and (II)
- (c) Both (II) and (III)

- (d) Only (III)
 - (e) All of these Ans.(c)
-

In the following passage there are blanks, each of which has been denoted by letters. For each blank, five options are given. Choose the most appropriate word from the options that fits the blank appropriately. Planting trees is one of the most effective ways to improve the environment, but achieving long-term success requires following certain steps. Before beginning any plantation drive, it is important to ____ (A) ____ suitable native species according to the local climate and soil conditions. Experts recommend preparing the land properly, ensuring adequate spacing, and combining tree planting with water conservation measures so that young plants receive the support they need. These practices can be ____ (B) ____ with regular monitoring to increase the survival rate of saplings. Another important aspect is protecting newly planted trees from grazing animals, pests, and extreme weather. Local communities, schools, and volunteers can ____ (C) ____ together to care for the plants during the first few years, when they are most vulnerable. Simple measures such as mulching, watering during dry periods, and replacing damaged saplings will help to ____ (D) ____ healthy growth and improve the overall success of the project. When these guidelines are followed consistently, tree plantation campaigns can create lasting environmental benefits. They improve air quality, reduce soil erosion, support biodiversity, and make surrounding areas more resilient to climate change. Such well-planned efforts can ____ (E) ____ a healthier and greener future for generations to come.

56. Which of the following words will fit in the given blank (A)?

- (a) select
 - (b) borrow
 - (c) collect
 - (d) reject
 - (e) disturb Ans.(a)
-

57. Which of the following words will fit in the given blank (B)?

- (a) separated
 - (b) combined
 - (c) removed
 - (d) exchanged
 - (e) postponed Ans.(b)
-

58. Which of the following words will fit in the given blank (C)?

- (a) compete
 - (b) hesitate
 - (c) work
 - (d) divide
 - (e) disappear Ans.(c)
-

59. Which of the following words will fit in the given blank (D)?

- (a) prevent
 - (b) ignore
 - (c) reduce
 - (d) ensure
 - (e) interrupt Ans.(d)
-

60. Which of the following words will fit in the given blank (E)?

- (a) damage
 - (b) threaten
 - (c) weaken
 - (d) postpone
 - (e) create Ans.(e)
-

The sentence is divided into four segments: (A), (B), (C), and (D). Identify the segment that contains a grammatical error. If the sentence is both grammatically and contextually correct, select ?No error? as the correct answer.

61. The frog (A)/ is capable of (B)/ surviving in (C)/ both land and water. (D)

- (a) A
- (b) B

- (c) C
 - (d) D
 - (e) No error Ans.(c)
-

62. The committee approved (A)/ the proposal (B)/ of implement the (C)/ revised procedure immediately. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error Ans.(c)

63. The athlete had (A)/ broke the previous (B)/ championship record before (C)/ turning professional. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error Ans.(b)

64. The horse was (A)/ in not mood (B)/ to continue the race (C)/ after the long journey. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error Ans.(b)

65. The research (A)/ findings has encouraged (B)/ several institutions to (C)/ revise their policies. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error Ans.(b)

80. If in the given series each number is increased by 1, how many numbers will be odd? Read the given series carefully and answer the questions based on it: 413 876 263 514 891

- (a) None
- (b) One
- (c) Two
- (d) Three
- (e) Four Ans.(c)

81. If the digits of each number are arranged in ascending order, which number becomes the smallest? Read the given series carefully and answer the questions based on it: 413 876 263 514 891

- (a) 413
- (b) 876
- (c) 263
- (d) 514
- (e) 891 Ans.(a)

82. What is the product of the first digit of the third number from the left and the last digit of the second number from the right? Read the given series carefully and answer the questions based on it: 413 876 263 514 891

- (a) 12
- (b) 15
- (c) 8
- (d) 20
- (e) 24 Ans.(c)

83. If the even digits of each number is removed, which number will be the highest? Read the given series carefully and answer the questions based on it: 413 876 263 514 891

- (a) 413
 - (b) 876
 - (c) 263
 - (d) 514
 - (e) 891 Ans.(e)
-

84. What is the sum of the highest digit of third number from left end and second highest digits of fourth number from the right end in the series? Read the given series carefully and answer the questions based on it: 413 876 263 514 891

- (a) 12
- (b) 13
 - (c) 24
 - (d) 15
 - (e) 26 Ans.(b)
-

85. How many females are in the family? Read the given information carefully and answer the related questions: A is unmarried sister of U who is spouse of K. D is son-in-law of K's mother. M is parent of B who is child of D. N is grandfather of B and H. J is spouse of N but their daughter-in-law is not M. J's son has a child. K, H and B are of same gender.

- (a) Three
 - (b) Four
 - (c) Five
 - (d) Six
 - (e) None of the above Ans.(b)
-

86. What is the relation of U's child with respect to B? Read the given information carefully and answer the related questions: A is unmarried sister of U who is spouse of K. D is son-in-law of K's mother. M is parent of B who is child of D. N is grandfather of B and H. J is spouse of N but their daughter-in-law is not M. J's son has a child. K, H and B are of same gender.

- (a) Uncle
 - (b) Brother
 - (c) Sister
 - (d) Cousin
 - (e) None of the above Ans.(d)
-

87. Who among the following is child of K? Read the given information carefully and answer the related questions: A is unmarried sister of U who is spouse of K. D is son-in-law of K's mother. M is parent of B who is child of D. N is grandfather of B and H. J is spouse of N but their daughter-in-law is not M. J's son has a child. K, H and B are of same gender.

- (a) B
 - (b) H
 - (c) M
 - (d) J
 - (e) Cannot be determined Ans.(b)
-

88. How many pairs of letters are there in the word 'BUTTERFLY' in both forward and backward directions each of which has as many letters between them in the word as in the English alphabetical series?

- (a) One
 - (b) Two
 - (c) Three
 - (d) Four
 - (e) More than four Ans.(c)
-

89. Who among the following was born in June? Read the given information carefully and answer the questions that follow. Eight persons ? A, B, C, D, E, F, G, and H were born on the same date but in different months of the same year, namely January, March, April, June, July, August, November and December (not necessarily in the same order). H was born in the month having even number of days after the month of April. Three persons were born between H and D. There was a gap of three months between the birth months of D and C. A was born after C. As many persons were born before A as after F. Two persons were born between F and E. B was born after E.

- (a) A
 - (b) H
 - (c) C
 - (d) E
 - (e) B Ans.(d)
-

90. Four of the following five are alike in a certain manner and hence form a group. Which one does not belong to that group? Read the given information carefully and answer the questions that follow. Eight persons ? A, B, C, D, E, F, G, and H were born on the same date but in different months of the same year, namely January, March, April, June, July, August, November and December (not necessarily in the same order). H was born in the month having even number of days after the month of April. Three persons were born between H and D. There was a gap of three months between the birth months of D and C. A was born after C. As many persons were born before A as after F. Two persons were born between F and E. B was born after E.

- (a) C
 - (b) F
 - (c) A
 - (d) D
 - (e) G Ans.(d)
-

91. G was born in which of the following months? Read the given information carefully and answer the questions that follow. Eight persons ? A, B, C, D, E, F, G, and H were born on the same date but in different months of the same year, namely January, March, April, June, July, August, November and December (not necessarily in the same order). H was born in the month having even number of days after the month of April. Three persons were born between H and D. There was a gap of three months between the birth months of D and C. A was born after C. As many persons were born before A as after F. Two persons were born between F and E. B was born after E.

- (a) May
 - (b) June
 - (c) July
 - (d) August
 - (e) March Ans.(e)
-

92. How many persons were born between F and H? Read the given information carefully and answer the questions that follow. Eight persons ? A, B, C, D, E, F, G, and H were born on the same date but in different months of the same year, namely January, March, April, June, July, August, November and December (not necessarily in the same order). H was born in the month having even number of days after the month of April. Three persons were born between H and D. There was a gap of three months between the birth months of D and C. A was born after C. As many persons were born before A as after F. Two persons were born between F and E. B was born after E.

- (a) None
 - (b) Two
 - (c) Five
 - (d) Four
 - (e) Three Ans.(c)
-

93. If all the persons are arranged in alphabetical order from first month to the last month, then how many persons will remain at the same position? Read the given information carefully and answer the questions that follow. Eight persons ? A, B, C, D, E, F, G, and H were born on the same date but in different months of the same year, namely January, March, April, June, July, August, November and December (not necessarily in the same order). H was born in the month having even number of days after the month of April. Three persons were born between H and D. There was a gap of three months between the birth months of D and C. A was born after C. As many persons were born before A as after F. Two persons were born between F and E. B was born after E.

- (a) None

- (b) One
 - (c) Two
 - (d) Three
 - (e) Four Ans.(a)
-

94. Statements: Only a few magnet is pole All magnet is material Some material is metal Conclusions: I. All material being pole is a possibility II. Some magnet is not pole. In each question below some statements are given followed by two conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically does not follow from the given statements, disregarding commonly known facts. Give answer-

- (a) If only conclusion I follows
 - (b) If only conclusion II follows
 - (c) If either conclusion I or II follows
 - (d) If neither conclusion I nor II follows
 - (e) If both conclusions I and II follow Ans.(a)
-

95. Statements: All doors are tables. Some tables are not wooden. Only wooden is plastic. Conclusions: I. All plastic can never be doors II. Some wooden are not tables In each question below, two statements are given followed by two conclusions numbered I and II. You have to assume all the statements to be true, even if they seem to be at variance from commonly known facts. Then decide which of the given conclusions logically follows from the information given in the statements.

- (a) If only conclusion I follows
 - (b) If only conclusion II follows
 - (c) If either conclusion I or II follows
 - (d) If neither conclusion I nor II follows
 - (e) If both conclusions I and II follow Ans.(e)
-

96. Statements: Only a few Notes are Important All Notes are Papers No Papers are File Conclusions: I. Some notes are not file II. No important are file. In each question below, two statements are given followed by two conclusions numbered I and II. You have to assume all the statements to be true, even if they seem to be at variance from commonly known facts. Then decide which of the given conclusions logically follows from the information given in the statements.

- (a) If only conclusion I follows
 - (b) If only conclusion II follows
 - (c) If either conclusion I or II follows
 - (d) If neither conclusion I nor II follows
 - (e) If both conclusions I and II follow Ans.(a)
-
