IBPS PO Prelims 2019

67 questions

---

9. In the given word 'POLYTECH' if all the letters are arranged in alphabetical order from left to right and then vowel is replaced with its previous letter and consonant is replaced with its next letter then which of the following letter is third from the right end?

- (a) M
  - (b) I
  - (c) Q
  - (d) N
  - (e) D
- 

10. How many pairs of numbers are there in the given number '163847297', each of which have as many numbers between them when counting from both side i.e. backward and forward ?

- (a) One
  - (b) Two
  - (c) Three
  - (d) Four
  - (e) More than Four
- 

26. Statements: Only a few A is B. Only a few C is A. No C is D. Conclusions: I. All C can be A II. Some B can be D In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

- (a) If only conclusion I follows.
  - (b) If only conclusion II follows.
  - (c) If either conclusion I or II follows.
  - (d) If neither conclusion I nor II follows.
  - (e) If both conclusions I and II follow.
- 

27. Statements: Only a few A is B. Only a few C is A. No C is D. Conclusions: I. Some A is not B II. All B can be A In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

- (a) If only conclusion I follows.
  - (b) If only conclusion II follows.
  - (c) If either conclusion I or II follows.
  - (d) If neither conclusion I nor II follows.
  - (e) If both conclusions I and II follow.
- 

28. Statements: Only a few Mango is Apple. Some Banana is Apple. Only Mango is Fruit. Conclusions: I. Some Fruit is Apple II. Some Fruit can be Banana In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

- (a) If only conclusion I follows.
  - (b) If only conclusion II follows.
  - (c) If either conclusion I or II follows.
  - (d) If neither conclusion I nor II follows.
  - (e) If both conclusions I and II follow.
-

29. Statements: Only a few Mango is Apple. Some Banana is Apple. Only Mango is Fruit. Conclusions: I. All Apple can be Mango II. All Banana can be Apple In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

- (a) If only conclusion I follows.
  - (b) If only conclusion II follows.
  - (c) If either conclusion I or II follows.
  - (d) If neither conclusion I nor II follows.
  - (e) If both conclusions I and II follow.
- 

30. Statements: Only a few Country is City. Some City is District. All District is Village Conclusions: I. Some City can be Village II. Some Country is not City In each of the questions below. Some statements are given followed by conclusions/group of conclusions. You have to assume all the statements to be true even if they seem to be at variance from the commonly known facts and then decide which of the given conclusions logically follow from the information given in the statements:

- (a) If only conclusion I follows.
  - (b) If only conclusion II follows.
  - (c) If either conclusion I or II follows.
  - (d) If neither conclusion I nor II follows.
  - (e) If both conclusions I and II follow.
- 

41. 100, 97, 92, 83, 68, ? What will come in place of (?) in the following questions?

- (a) 54
  - (b) 45
  - (c) 49
  - (d) 57
  - (e) 60
- 

42. 12, 129, 233, 324, ?, 467 What will come in place of (?) in the following questions?

- (a) 400
  - (b) 405
  - (c) 412
  - (d) 409
  - (e) 402
- 

43. 0.75, ?, 3, 6, 12, 24 What will come in place of (?) in the following questions?

- (a) 1.5
  - (b) 2
  - (c) 1
  - (d) 1.25
  - (e) 1.75
- 

44. 8, ?, 4, 6, 12, 30 What will come in place of (?) in the following questions?

- (a) 5.5
  - (b) 4.5
  - (c) 5
  - (d) 4
  - (e) 6
- 

45. 1, 2, 5, 16, 65, ? What will come in place of (?) in the following questions?

- (a) 330
  - (b) 315
  - (c) 326
  - (d) 320
  - (e) 316
-

46. A and B invested an amount of Rs. 5000 & Rs. 4000 respectively in two schemes offering simple interest at the rate of 10% p.a. & 12% p.a. respectively. if A invested for 2 years while B for 3 years, then find the difference between interest received by A and B.

- (a) Rs 425
  - (b) Rs 430
  - (c) Rs 420
  - (d) Rs 440
  - (e) Rs 435
- 

47. A boat covers a distance of 50 kms in 2 hours in downstream. If speed of stream is 5 kmph, then find time taken by boat to cover 45 km in upstream and 50 km in downstream.

- (a) 5 hours
  - (b) 4 hours
  - (c) 4.5 hours
  - (d) 5.5 hours
  - (e) None of these
- 

48. In a firm, 60% of total employees are males and 40% of total female employees earn more than Rs. 35000. If 60% of total employees earn more than Rs. 35000, then what percent of male employees earn more than Rs 35000?

- (a) 66.67%
  - (b) 56%
  - (c) 44%
  - (d) 75%
  - (e) 73.33%
- 

49. The diagonal of a square is equal to height of cylinder of volume  $500\pi \text{ cm}^3$ . If radius of cylinder is 10 cm, then find perimeter of square.

- (d) (e)
- 

50. A and B are inlet pipes which take 5 hours and 9 hours respectively alone to fill the tank. C is outlet pipe which alone can empty the tank in 15 hours. If all three pipes are opened simultaneously, then in what time the tank will be filled completely?

- (d) (e)
- 

51. Viewed questions of B in Finance and Accounts together are what percent of unseen questions of A in Finance and Economics together? Study the line chart given below and answer the following questions. Line chart shows the total questions viewed by 2 students (A & B) in 3 different subjects (Finance, Economics & Accounts). Total questions in each subject are 150.

- (a) 52%
  - (b) 56%
  - (c) 60%
  - (d) 48%
  - (e) 44%
- 

52. Unseen questions of B in Economics and Accounts together are how much more or less than average viewed questions of A in Finance and Accounts? Study the line chart given below and answer the following questions. Line chart shows the total questions viewed by 2 students (A & B) in 3 different subjects (Finance, Economics & Accounts). Total questions in each subject are 150.

- (a) 80
  - (b) 94
  - (c) 88
  - (d) 82
  - (e) 96
- 

53. Find average number of unseen questions of B in Finance, Economics and Accounts. Study the line chart given below and answer the following questions. Line chart shows the total questions viewed by 2 students (A & B) in 3 different subjects (Finance, Economics & Accounts). Total questions in each subject are 150.

- (a) 80
  - (b) 85
  - (c) 95
  - (d) 90
  - (e) 75
- 

54. Unseen questions of A in Accounts are approximately what percent more or less than viewed questions of A & B together in Economics? Study the line chart given below and answer the following questions. Line chart shows the total questions viewed by 2 students (A & B) in 3 different subjects (Finance, Economics & Accounts). Total questions in each subject are 150.

- (a) 22%
  - (b) 42%
  - (c) 52%
  - (d) 12%
  - (e) 32%
- 

55. Unseen questions of A in Finance, Economics and Accounts together are how much more or less than unseen questions of B in Finance, Economics and Accounts together? Study the line chart given below and answer the following questions. Line chart shows the total questions viewed by 2 students (A & B) in 3 different subjects (Finance, Economics & Accounts). Total questions in each subject are 150.

- (a) 46
  - (b) 26
  - (c) 16
  - (d) 56
  - (e) 36
- 

56. Vessel A contains milk & water in ratio 3 : 2 while vessel B contains milk & water in ratio 5 : 4. If these two mixtures are mixed in ratio 3 : 4. Find ratio of milk to water in final mixture.

- (a) 181 : 134
  - (b) 181 : 135
  - (c) 171 : 134
  - (d) None of these
  - (e) 29 : 22
- 

57. A work can be completed by A alone and B alone in 10 days and 12 days respectively. With the help of C, they complete the work in 5 days. In how many days can C alone complete the work?

- (a) 56 days
  - (b) 66 days
  - (c) 60 days
  - (d) 72 days
  - (e) 50 days
- 

58. A shopkeeper gives a discount of 25% on marked price of article A and CP of article B is 20% more than SP of article A. if shopkeeper sold article B at 15% profit and SP of article B is Rs 1140 more than SP of article A, then find MP of article A.

- (a) Rs 4000
  - (b) Rs 3000
  - (c) Rs 3600
  - (d) Rs 4140
  - (e) Rs 3200
- 

59. A bag contains 5 red, 4 green and 6 yellow balls. If 3 balls are drawn at random then find the probability of obtaining no yellow ball.

- (a) 33/91
- (b) 12/65
- (c) 4/91
- (d) 24/119

(e) None of the above.

---

60. Manoj invested for 2 more months than Saroj and Saroj invested Rs 8000 for 9 months. Find amount invested by Manoj, if profit sharing ratio of Manoj to Saroj is 11 : 8.

- (a) Rs 9500
  - (b) Rs 11000
  - (c) Rs 10000
  - (d) Rs 7000
  - (e) Rs 9000
- 

61. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
  - (b)  $x<y$
  - (c)  $x?y$
  - (d)  $x>y$
  - (e)  $x?y$
- 

62. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
  - (b)  $x<y$
  - (c)  $x?y$
  - (d)  $x>y$
  - (e)  $x?y$
- 

63. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
  - (b)  $x<y$
  - (c)  $x?y$
  - (d)  $x>y$
  - (e)  $x?y$
- 

64. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
  - (b)  $x<y$
  - (c)  $x?y$
  - (d)  $x>y$
  - (e)  $x?y$
- 

65. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
  - (b)  $x<y$
  - (c)  $x?y$
  - (d)  $x>y$
  - (e)  $x?y$
- 

66. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
- (b)  $x<y$
- (c)  $x?y$
- (d)  $x>y$
- (e)  $x?y$

67. In each of these questions, two equations (I) and (II) are given. You have to solve both the equations and answer the following questions.

- (a)  $x=y$  or no relation.
  - (b)  $x<y$
  - (c)  $x\geq y$
  - (d)  $x>y$
  - (e)  $x\leq y$
- 

68. Ratio of speed of a bus to a car is 6 : 7. They start from the same point and move towards the same direction. After four hours distance between them is 28 km. Find the time in which car will cover 196 km.

- (a) 6 hours
  - (b) 4 hours
  - (c) 4.5 hours
  - (d) 2 hours
  - (e) 8 hours
- 

69. The average weight of a class of 45 girls is 53 kg. It was later found that weight of two girls was read as 49 kg and 57 kg instead of 45 kg and 52 kg. Find the actual average weight of the class.

- (a) 54 kg
  - (b) 53.40 kg
  - (c) 50.6 kg
  - (d) 52.80 kg
  - (e) 51.5 kg
- 

70. A rectangular field was fenced at 4 Rs./meter and ratio of breadth to length of field is 9 : 4. If total cost of fencing was Rs. 208, then find area of the rectangular field?

- (a)  $144\text{m}^2$
  - (b)  $72\text{m}^2$
  - (c)  $180\text{m}^2$
  - (d)  $108\text{m}^2$
  - (e)  $36\text{m}^2$
- 

71. Both leaders agreed to work together (1)/ to ensure that 'radicalisation and terrorism' did not (2)/ affect the fabric of the 'multi-cultural, multi-ethnic and (3)/ multi-religious societies' of these countries (4) Read each sentence to find out if there is any grammatical error or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of part is the answer. If there is no error, the answer is (e).

- (a) 1
  - (b) 2
  - (c) 3
  - (d) 4
  - (e) No Error
- 

72. He moved up the (1)/corporate ladder in (2)/ the early days of his career and (3)/ become president in 1982. (4) Read each sentence to find out if there is any grammatical error or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of part is the answer. If there is no error, the answer is (e).

- (a) 1
  - (b) 2
  - (c) 3
  - (d) 4
  - (e) No Error
- 

73. The chargesheet has (1)/ been filed before (2)/a Lucknow court, against all (3)/ those named in the FIR (4) Read each sentence to find out if there is any grammatical error or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of part is the answer. If there is no error, the answer is (e).

- (a) 1
- (b) 2
- (c) 3

- (d) 4
- (e) No Error

74. Delhi could get its first (1)/ stretch of metrolite, a cheaper, (2)/ smaller and slow urban rail (3)/ transit system compared to metro rail (4) Read each sentence to find out if there is any grammatical error or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of part is the answer. If there is no error, the answer is (e).

- (a) 1
- (b) 2
- (c) 3
- (d) 4
- (e) No Error

75. These sales (1)/ led us to think that (2)/ there is not much of a market (3)/ for this kind of product (4) Read each sentence to find out if there is any grammatical error or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of part is the answer. If there is no error, the answer is (e).

- (a) 2
- (b) 1
- (c) 3
- (d) 4
- (e) No Error

76. The two words 'growth' and 'development' were often used (76) in economic discussion. As soon as 'development economics' emerged as a distinct field of study after the World War II, it 'had the appearance of being a child of growth economics' and, in fact, this child did not differ from what could be expected from a genuine 'son of growth economics'. But, technically speaking, they are not the same. To a layman, these two terms appear to be (77). However, in the 1950s and 1960s, economists drew a line of demarcation between economic growth and economic development. True enough, the concept of economic development is broader than economic growth. Development is taken to mean 'growth plus change', whereas economic growth means growth only quantitative expansion of an economy. Economic growth is, thus, a quantitative concept, while economic development is a (78) concept. C. P. Kindleberger says that growth involves focusing on height or weight while development focuses on the change in functional capacity. Economic growth is defined in positive terms. It is measured by the sustained increase in real, national or per capita income of a nation over time. Economic growth is usually measured in terms of an increase in real GNP or GDP over time or an increase in income per head over time. Growth is (79) as it enables a society to consume more goods and services. That is why growth is considered to be the basis of advancing real living standards or human welfare. At the same time, it is also true that growth does not necessarily lead to an increase in human welfare. Economic development is more (80) than economic growth.

- (a) Contrasting
- (b) A synonym
- (c) Regular
- (d) Interchangeably
- (e) None of these.

77. The two words 'growth' and 'development' were often used (76) in economic discussion. As soon as 'development economics' emerged as a distinct field of study after the World War II, it 'had the appearance of being a child of growth economics' and, in fact, this child did not differ from what could be expected from a genuine 'son of growth economics'. But, technically speaking, they are not the same. To a layman, these two terms appear to be (77). However, in the 1950s and 1960s, economists drew a line of demarcation between economic growth and economic development. At the same time, it is also true that growth does not necessarily lead to an increase in human welfare. Economic development is more (80) than economic growth.

- (a) Superior
- (b) Fundamental
- (c) Significantly
- (d) fundamental
- (e) None of these.

81. Which of the following statement(s) is/are true in context of the given passage? Read the following passage and answer the following questions. Some words are highlighted to help you answer some of the questions. In terms of setting goals in your organization, if you know where you want your organization to go, you'll be in a strong position to know whether or not you've arrived at that goal. Goal setting is an important tool not only for clarifying direction but also for assessing organizational progress. Set clear goals, as those enable you to be more effective toward guiding your performance and \_\_\_\_\_ your results . Useful goals should be challenging and achievable. Setting a sales target that you'll almost certainly reach may make you and your coworkers feel good about yourselves, but it won't spur you to work harder and achieve your potential. Setting a sales target that is nearly impossible to reach won't make your staff work harder, because they'll know the outcome will inevitably fall short. To be truly useful, goals should also be clear and 'whenever possible' quantifiable. It is more effective to say that you want your company to expand into two new markets during the next two years than to say that you want it to grow considerably. The former provides clear criteria that drive you to achieve, and indicators that tell you when you've succeeded. The latter is so vague that you won't really know what you're working toward or if you've achieved it. To make your goal-setting meaningful and important, the members of your staff must have a clear idea of what they're working toward, and they must have the tools and resources to achieve the goals you've created. Communicate your goals clearly in meetings and in memos. Be available to answer questions, give feedback and offer support. Celebrate successes and reflect when your efforts fall short. Coordinate efforts among team members to work in a shared direction with the objective of achieving the goals you've set. Create a series of goals to be achieved over time, such as opening one store a year for five years. Align short-term goals, such as improving quarterly cash flow with longer term goals, such as opening new stores. In some ways, the process of setting and working toward goals is even more important than whether or not you actually achieve them. Circumstances unfold over time, such as changes in market conditions or unforeseen opportunities that make previously set goals obsolete. Failure to reach a goal doesn't necessarily mean that your work has been unsuccessful. If your goals turn out to be unrealistic, take a step back and set new goals that will guide your plans and processes in a more relevant direction.

- (a) Goal setting should be failure proof as the steps taken cannot be reverted
- (b) Long term goal can be divided into short term goals.
- (c) Both (A) and (D)
- (d) Success of goal setting is based on the final result.
- (e) None of these.

82. As per the passage, which of the following are the prerequisite for the team members to achieve the desired goal?  
 (i) Skills (ii) Tools (iii) Clear objectives

Read the following passage and answer the following questions. Some words are highlighted to help you answer some of the questions. In terms of setting goals in your organization, if you know where you want your organization to go, you'll be in a strong position to know whether or not you've arrived at that goal. Goal setting is an important tool not only for clarifying direction but also for assessing organizational progress. Set clear goals, as those enable you to be more effective toward guiding your performance and \_\_\_\_\_ your results. Useful goals should be challenging and achievable. Setting a sales target that you'll almost certainly reach may make you and your coworkers feel good about yourselves, but it won't spur you to work harder and achieve your potential. Setting a sales target that is nearly impossible to reach won't make your staff work harder, because they'll know the outcome will inevitably fall short. To be truly useful, goals should also be clear and ? whenever possible ? quantifiable. It is more effective to say that you want your company to expand into two new markets during the next two years than to say that you want it to grow considerably. The former provides clear criteria that drive you to achieve, and indicators that tell you when you've succeeded. The latter is so vague that you won't really know what you're working toward or if you've achieved it. To make your goal-setting meaningful and important, the members of your staff must have a clear idea of what they're working toward, and they must have the tools and resources to achieve the goals you've created. Communicate your goals clearly in meetings and in memos. Be available to answer questions, give feedback and offer support. Celebrate successes and reflect when your efforts fall short. Coordinate efforts among team members to work in a shared direction with the objective of achieving the goals you've set. Create a series of goals to be achieved over time, such as opening one store a year for five years. Align short-term goals, such as improving quarterly cash flow with longer term goals, such as opening new stores. In some ways, the process of setting and working toward goals is even more important than whether or not you actually achieve them. Circumstances unfold over time, such as changes in market conditions or unforeseen opportunities that make previously set goals obsolete. Failure to reach a goal doesn't necessarily mean that your work has been unsuccessful. If your goals turn out to be unrealistic, take a step back and set new goals that will guide your plans and processes in a more relevant direction.

(a) Only (i)  
 (b) Only (ii)  
 (c) Both (ii) and (i)  
 (d) Both (ii) and (iii)  
 (e) All of these.

83. Which of the following could be the appropriate filler for the blank given in the passage? Read the following passage and answer the following questions. Some words are highlighted to help you answer some of the questions. In terms of setting goals in your organization, if you know where you want your organization to go, you'll be in a strong position to know whether or not you've arrived at that goal. Goal setting is an important tool not only for clarifying direction but also for assessing organizational progress. Set clear goals, as those enable you to be more effective toward guiding your performance and \_\_\_\_\_ your results. Useful goals should be challenging and achievable.
