IBPS PO Prelims 2020

74 questions

1. The role played by human rights organisations in documenting (A) and questioning state component (B) and excesses is a necessary functioning(C) of civil society activism In each of the questions given below a sentence is given with three words in bold. Choose the option which gives the correct sequence of these words to make the sentence grammatically and contextually correct.

- (a) BAC
- (b) None of these
- (c) CAB
- (d) BCA
- (e) ACB

2. The C&AG?s observations in its divisible (A) audit report relate to the denial of States? financial (B) in the share(C) taxes pool. In each of the questions given below a sentence is given with three words in bold. Choose the option which gives the correct sequence of these words to make the sentence grammatically and contextually correct.

- (a) CBA
- (b) BAC
- (c) ACB
- (d) None of these
- (e) BCA

3. Many countries have chosen to ignore the connection between biodiversity and well-being, and pursuit (A) ecological capital in prosperity (B) of financial depleted (C). In each of the questions given below a sentence is given with three words in bold. Choose the option which gives the correct sequence of these words to make the sentence grammatically and contextually correct.

- (a) None of these
- (b) CAB
- (c) ABC
- (d) BCA
- (e) CBA

4. Gandhi?s repeated thought (A) on service to all human beings from all traditions of emphasis (B) was the essence (C) of his non-violent democratic theory. In each of the questions given below a sentence is given with three words in bold. Choose the option which gives the correct sequence of these words to make the sentence grammatically and contextually correct.

- (a) ABC
- (b) ACB
- (c) CAB
- (d) BAC
- (e) None of these

5. A truck had assumingly collide with a car. Which of the phrase/ word from the options (A), (B), (C) and (D) given below each sentence should replace the phrase printed in bold letters to make the sentence grammatically correct? If the sentence is correct as it is, mark (E) i.e., ?No replacement required? as the answer.

- (a) evidently collided
- (b) consequently met
- (c) virtually received
- (d) tremendously mishap
- (e) No replacement required

6. The politicians makes vague promise about tax cuts. Which of the phrase/ word from the options (A), (B), (C) and (D) given below each sentence should replace the phrase printed in bold letters to make the sentence grammatically correct? If the sentence is correct as it is, mark (E) i.e., ?No replacement required? as the answer.

- (a) has promises

- (b) would recalled policies
 - (c) made vague promises
 - (d) should conflict promise
 - (e) No replacement required
-

7. Students feel autonomous when they are able to willing engage time and energy to their studies Which of the phrase/ word from the options (A), (B), (C) and (D) given below each sentence should replace the phrase printed in bold letters to make the sentence grammatically correct? If the sentence is correct as it is, mark (E) i.e., ?No replacement required? as the answer.

- (a) Readily devoted
 - (b) full assign
 - (c) willingly devote
 - (d) cooperate willingly
 - (e) None of these
-

8. (A) a health bulletin released by the Delhi government (B) in the Capital in the past 24 hours taking (C) as many as 3,227 new COVID-19 cases were reported (D) the total number of cases (E) to 2,76,325, according to In each of the questions given below, a sentence has been divided into FIVE parts. Rearrange the parts of the sentence to make a grammatically correct and contextually meaningful statement.

- (a) EACDB
 - (b) CBDEA
 - (c) No rearrangement required
 - (d) BDCEA
 - (e) DEABC
-

9. (A) The Delhi High Court allowed (B) the CBI and ED?s appeal (C) former Telecom Minister A. Raja and others (D) for an early hearing on its leave to appeal (E) against the 2G case verdict acquitting In each of the questions given below, a sentence has been divided into FIVE parts. Rearrange the parts of the sentence to make a grammatically correct and contextually meaningful statement.

- (a) ABDEC
 - (b) CBDAE
 - (c) DABEC
 - (d) BDECA
 - (e) No rearrangement required
-

10. (A) intensify their agitation from October 1, (B)which will include an indefinite ?rail roko? (C)protest and the social boycott of political leaders (D)farmer outfits announced (E) that they would In each of the questions given below, a sentence has been divided into FIVE parts. Rearrange the parts of the sentence to make a grammatically correct and contextually meaningful statement.

- (a) No rearrangement required
 - (b) CBDAE
 - (c) DEABC
 - (d) BDECA
 - (e) ACDBE
-

11. (A) Maharashtra Governor issued a notification that (B) will enable tribal and other traditional (C) forest dwelling families to (D) build houses in the (E) neighbourhood forest areas. In each of the questions given below, a sentence has been divided into FIVE parts. Rearrange the parts of the sentence to make a grammatically correct and contextually meaningful statement.

- (a) ACDBE
 - (b) CBDEA
 - (c) DAEBC
 - (d) BEDCA
 - (e) No rearrangement required
-

12. (A) of the failure of due process (B) the controversies surrounding (C) the reality that the (D) movement itself is a result (E) ?Me Too? are complicated by In each of the questions given below, a sentence has been divided into FIVE parts. Rearrange the parts of the sentence to make a grammatically correct and contextually meaningful statement.

- (a) ACDBE
 - (b) CBDEA
 - (c) DAEBC
 - (d) BECDA
 - (e) No rearrangement required
-

13. Why do students need technology in the classroom? (I) It helps students prepare for their future careers (II) Technology helps the students to simultaneously perform many activities. (III) Technological goods help students stay engaged during class. Read the following passage carefully and answer the questions given below it. Certain words have been printed in bold to help you locate them, while answering some of the questions. (RC was based on education and technology-ibps po pre shift 1 2020) Although many people like to rely on traditional methods of teaching, the possibilities that open when technology is brought into the classroom are endless. For one, access to education has been significantly broadened as a result, including a wide range of learning styles and degree options. Even if you are not a student or an education professional, it is crucial to note the importance of technology in education. To really utilize these tools, teachers should ask themselves why students want technology in the classroom, not just why they need it. It can definitely help education professionals in the monitoring of individual development and innovative lesson planning; but the students who learn through technology can create a set of skills that will help them throughout their own future careers. Technology simplifies access to educational resources. Since students already rely on technology in their everyday lives, why not integrate it into the classroom? Children today frequently use their smartphones and tablets outside of school hours, and should be trusted with the responsibility during school as well. Many believe that it actually helps students stay engaged during class by using a familiar tool for academic learning. By incorporating modern technology like artificial intelligence, for instance, teachers can develop more creative and innovative lesson plans to hold the attention of their classes. Not to mention, as new methods of teaching develop, so does the need for specialized professionals both within and outside of the education field. Many believe that technology can enhance individual learning, removing educational boundaries that teachers may face. It enables online education, distance learning, and access to up-to-date information. Because each student interprets this information differently, technology can enable more research into subjects that are more difficult to learn. They can learn at their own pace. Thus, Educational Technology is a systematic approach to the processes and resources of teaching, educational technology, or EdTech, utilizes technology to improve the performance of students. It identifies the needs of individuals, adapting technology to classroom instruction and in the tracking of student development. It requires teachers to accurately reveal the needs of students in order to determine the relevant technology to apply to the curriculum and to track the results to determine the effectiveness of the measures. Educational technology is a fairly new field in the education sector, and not all teachers are ready to start implementing such technologically-driven plans. However, the cost of education has significantly reduced, with options like online degrees and by eliminating the need to buy physical textbooks. By accessing scholarly articles from your university?s database, for example, you can easily choose to continue your studies from another country or without leaving your home. Students don?t even need to enroll in a full degree program to learn from the best universities in the world. Typically, free for students, most academic journals will offer full digital versions of books originally produced in print. Even if you are not currently studying or involved in the education community, various articles, videos, etc., can be downloaded right to your phone, making the learning process both easily accessible as well as mobile. Because of technology, education is becoming more flexible and accessible. We have seen a growing popularity of online degrees and mobile learning,

- (a) Only (i)
 - (b) Both (i) and (ii)
 - (c) Both (i) and (iii)
 - (d) Only (iii)
 - (e) None of these
-

14. How does technology aid specialized professionals? Read the following passage carefully and answer the questions given below it. Certain words have been printed in bold to help you locate them, while answering some of the questions. (RC was based on education and technology-ibps po pre shift 1 2020) Although many people like to rely on traditional methods of teaching, the possibilities that open when technology is brought into the classroom are endless. For one, access to education has been significantly broadened as a result, including a wide range of learning styles and degree options. Even if you are not a student or an education professional, it is crucial to note the importance of technology in education. To really utilize these tools, teachers should ask themselves why students want technology in the classroom, not just why they need it. It can definitely help education professionals in the monitoring of individual development and innovative lesson planning; but the students who learn through technology can create a set of skills that will help them throughout their own future careers. (d) regulating
(e) introducing

21. Gaseous refinery _____ (21) include hydrogen, fuel gas, ethane, propane, and butane. Most of the hydrogen is _____ (22) in refinery desulfurization facilities, which remove hydrogen sulfide from the gas stream and then separate that compound into elemental hydrogen and sulfur; small quantities of the hydrogen may be delivered to the refinery fuel system. Refinery fuel gas varies in composition but usually contains a _____ (23) amount of methane; it has a heating value similar to natural gas and is consumed in plant operations. The drawback is that periodic variability in heating value makes it _____ (24) for delivery to consumer gas systems. Ethane may be _____ (25) from the refinery fuel system for use as a petrochemical feedstock. In many cases, these operations take place in relatively remote regions and affect only those employed by the industry, so that little or no _____ (26) is attempted. Given below is a paragraph that has blank spaces. Corresponding to each blank, five options are given, out of which only one is appropriate. Choose the option that fits most suitably in the given blank making sentence grammatically and contextually correct.

(a) products
(b) services
(c) ideas
(d) form
(e) brand

22. Gaseous refinery _____ (21) include hydrogen, fuel gas, ethane, propane, and butane. Most of the hydrogen is _____ (22) in refinery desulfurization facilities, which remove hydrogen sulfide from the gas stream and then separate that compound into elemental hydrogen and sulfur; small quantities of the hydrogen may be delivered to the refinery fuel system. Refinery fuel gas varies in composition but usually contains a _____ (23) amount of methane; it has a heating value similar to natural gas and is consumed in plant operations. The drawback is that periodic variability in heating value makes it _____ (24) for delivery to consumer gas systems. Ethane may be _____ (25) from the refinery fuel system for use as a petrochemical feedstock. In many cases, these operations take place in relatively remote regions and affect only those employed by the industry, so that little or no _____ (26) is attempted. Given below is a paragraph that has blank spaces. Corresponding to each blank, five options are given, out of which only one is appropriate. Choose the option that fits most suitably in the given blank making sentence grammatically and contextually correct.

- (a) enhanced
- (b) consumed
- (c) manufactured
- (d) presented
- (e) displayed

23. Gaseous refinery _____ (21) include hydrogen, fuel gas, ethane, propane, and butane. Most of the hydrogen is _____ (22) in refinery desulfurization facilities, which remove hydrogen sulfide from the gas stream and then separate that compound into elemental hydrogen and sulfur; small quantities of the hydrogen may be delivered to the refinery fuel system. Refinery fuel gas varies in composition but usually contains a _____ (23) amount of methane; it has a heating value similar to natural gas and is consumed in plant operations. The drawback is that periodic variability in heating value makes it _____ (24) for delivery to consumer gas systems. Ethane may be _____ (25) from the refinery fuel system for use as a petrochemical feedstock. In many cases, these operations take place in relatively remote regions and affect only those employed by the industry, so that little or no _____ (26) is attempted. Given below is a paragraph that has blank spaces. Corresponding to each blank, five options are given, out of which only one is appropriate. Choose the option that fits most suitably in the given blank making sentence grammatically and contextually correct.

- (a) terrible
- (b) versatile
- (c) importance
- (d) significant
- (e) majorly

24. Gaseous refinery _____ (21) include hydrogen, fuel gas, ethane, propane, and butane. Most of the hydrogen is _____ (22) in refinery desulfurization facilities, which remove hydrogen sulfide from the gas stream and then separate that compound into elemental hydrogen and sulfur; small quantities of the hydrogen may be delivered to the refinery fuel system. Refinery fuel gas varies in composition but usually contains a _____ (23) amount of methane; it has a heating value similar to natural gas and is consumed in plant operations. The drawback is that periodic variability in heating value makes it _____ (24) for delivery to consumer gas systems. Ethane may be _____ (25) from the refinery fuel system for use as a petrochemical feedstock. In many cases, these operations take place in relatively remote regions and affect only those employed by the industry, so that little or no _____ (26) is attempted. Given below is a paragraph that has blank spaces. Corresponding to each blank, five options are given, out of which only one is appropriate. Choose the option that fits most suitably in the given blank making sentence grammatically and contextually correct.

- (a) unsuitable
- (b) acceptable
- (c) satisfying
- (d) appropriate
- (e) improperly

25. Gaseous refinery _____ (21) include hydrogen, fuel gas, ethane, propane, and butane. Most of the hydrogen is _____ (22) in refinery desulfurization facilities, which remove hydrogen sulfide from the gas stream and then separate that compound into elemental hydrogen and sulfur; small quantities of the hydrogen may be delivered to the refinery fuel system. Refinery fuel gas varies in composition but usually contains a _____ (23) amount of methane; it has a heating value similar to natural gas and is consumed in plant operations. The drawback is that periodic variability in heating value makes it _____ (24) for delivery to consumer gas systems. Ethane may be _____ (25) from the refinery fuel system for use as a petrochemical feedstock. In many cases, these operations take place in relatively remote regions and affect only those employed by the industry, so that little or no _____ (26) is attempted. Given below is a paragraph that has blank spaces. Corresponding to each blank, five options are given, out of which only one is appropriate. Choose the option that fits most suitably in the given blank making sentence grammatically and contextually correct.

- (a) exhausted
- (b) worn out
- (c) recovered
- (d) consumed
- (e) depleted

26. Gaseous refinery _____ (21) include hydrogen, fuel gas, ethane, propane, and butane. Most of the hydrogen is _____ (22) in refinery desulfurization facilities, which remove hydrogen sulfide from the gas stream and then separate that compound into elemental hydrogen and sulfur; small quantities of the hydrogen may be delivered to the refinery fuel system. Refinery fuel gas varies in composition but usually contains a _____ (23) amount of methane; it has a heating value similar to natural gas and is consumed in plant operations. The drawback is that periodic variability in heating value makes it _____ (24) for delivery to consumer gas systems. Ethane may be _____ (25) from the refinery fuel system for use as a petrochemical feedstock. In many cases, these operations take place in relatively remote regions and affect only those employed by the industry, so that little or no _____ (26) is attempted. Given below is a paragraph that has blank spaces. Corresponding to each blank, five options are given, out of which only one is appropriate. Choose the option that fits most suitably in the given blank making sentence grammatically and contextually correct.

- (a) regulations
- (b) policies
- (c) authorities
- (d) control
- (e) incitement

27. (i) The recent burglary came as a surprise for the raided home is located in a relatively safe area. (ii) Furniture makers often use plain woven burlap as a support of the inside of couches and chairs. (iii) Rescuers were forced to abandon their search. There are three sentences given in each question. Find the sentence(s) which is/are grammatically correct and mark your answer choosing the best possible alternative among the five options given below each question. If all the sentences are correct, choose (E) as your answer.

- (a) Only (i)
- (b) Only (ii)
- (c) Only (iii)
- (d) Both (i) and (ii)
- (e) All are correct

28. (i) His views have excited a lively controversy among fellow scientists. (ii) Either party have the right to terminate the agreement. (iii) I am assuming that the present situation is going to continue. There are three sentences given in each question. Find the sentence(s) which is/are grammatically correct and mark your answer choosing the best possible alternative among the five options given below each question. If all the sentences are correct, choose (E) as your answer.

- (a) Only (i)
- (b) Only (ii)
- (c) Only (iii)
- (d) Both (i) and (iii)
- (e) All are correct

29. (i) Praise always stimulates him to make greater efforts. (ii) The houses were not considered habitable. (iii) They tried to assure him of their willingness to work. There are three sentences given in each question. Find the sentence(s) which is/are grammatically correct and mark your answer choosing the best possible alternative among the five options given below each question. If all the sentences are correct, choose (E) as your answer.

- (a) Only (i)
 - (b) Only (ii)
 - (c) Only (iii)
 - (d) Both (i) and (iii)
 - (e) All are correct
-

30. (i) The issue of animal experimentation is an emotive subject. (ii) The King agreed for dissolve the present commission. (iii) She has endowed with intelligence as well as beauty. There are three sentences given in each question. Find the sentence(s) which is/are grammatically correct and mark your answer choosing the best possible alternative among the five options given below each question. If all the sentences are correct, choose (E) as your answer.

- (a) Only (i)
 - (b) Only (ii)
 - (c) Only (iii)
 - (d) Both (i) and (iii)
 - (e) All are correct
-

36. 9.8, ?, 8.9, 11.6, 8, 12.5 What will come in the place of question mark in following number series:

- (a) 10.7
 - (b) 11.7
 - (c) 10.5
 - (d) 10.9
 - (e) 11.3
-

37. 400, 274, 209, 181, 172, ? What will come in the place of question mark in following number series:

- (a) 169
 - (b) 173
 - (c) 168
 - (d) 171
 - (e) 170
-

38. 1, 1, ?, 15, 105, 945 What will come in the place of question mark in following number series:

- (a) 2
 - (b) 3
 - (c) 4
 - (d) 1.5
 - (e) 2.5
-

39. 12, ?, 6, 9, 18, 45 What will come in the place of question mark in following number series:

- (a) 15
 - (b) 8
 - (c) 6
 - (d) 12
 - (e) 4
-

40. 34, 18, 10, 6, ?, 3 What will come in the place of question mark in following number series:

- (a) 9
 - (b) 4
 - (c) 3
 - (d) 2
 - (e) 6
-

41. A man invested a sum at a certain rate of interest on simple interest and he got 60% more amount after eight year. If he invests Rs. 9600 at the same rate of interest on SI, then find the total interest he would get after four years?

- (a) 3840 Rs.
 - (b) 2880 Rs.
 - (c) 2520 Rs.
 - (d) 2160 Rs.
 - (e) 2260 Rs.
-

42. A is 40% more efficient than B and both together can complete a work in 9 ? days. If A work for first five days alone and remaining work complete by B, then find in how many days total work will be competed?

- (a) 20 $\frac{1}{2}$ days
 - (b) 16 days
 - (c) 15 ? days
 - (d) 20 days
 - (e) 18 ? days
-

43. Train ?A? running at speed of 54 km/hr crosses a platform of length same as that of the train in 36 sec. If train B, which is 230 meters long crosses the same platform in 25 sec, then find speed of train B (in km/hr)?

- (a) 54 km/hr
 - (b) 72 km/hr
 - (c) 84 km/hr
 - (d) 90 km/hr
 - (e) 108 km/hr
-

44. Four years ago, ratio of age of A and B was 3 :4. Average of present age of A, B and C is 26 years. C is 11 years younger than B. what is the present age of B?

- (a) 25 years
 - (b) 21 years
 - (c) 22 years
 - (d) 32 years
 - (e) 26 years
-

45. A man deposit 10% of his salary in PF. He saves 30% of the remaining. The ratio of his expense on medicine and groceries is 3 :4 of the remaining salary after saving. If his expense on the medicine was Rs 2700. Find the monthly salary.

- (a) Rs 10,000
 - (b) Rs 15,000
 - (c) Rs 30,000
 - (d) Rs 20,000
 - (e) None of these
-

46. In a mixture of milk and water, the proportion of milk by weight is 60%. If from the 80 gm mixture, 20 gm of mixture is taken out and 6 gm of pure water is added to the mixture then find the ratio of milk and water in the new mixture.

- (a) 5 : 6
 - (b) 6 : 5
 - (c) 4 : 3
 - (d) 3 : 2
 - (e) 7 : 6
-

47. A sphere is melted and molded into solid cylinder. If radius of both solids is equal, then find the ratio of total surface area of sphere to the total surface area of cylinder

- (a) 2 : 3
 - (b) 4 : 3
 - (c) 3 : 7
 - (d) 6 : 7
 - (e) 7 : 6
-

48. Three partners P, Q and R invested their amounts in ratio of 2 : 5 : 7. At the end of 6 months, P added some more amount such that his investment become equals to half of sum of Q and R initial investment. If at the end of the year, Q's share in profit is Rs 425, then find the total profit

- (a) Rs 1250
 - (b) Rs 1360
 - (c) Rs 1840
 - (d) Rs 1050
 - (e) Rs 1450
-

49. A shopkeeper marks up price of LED 60% above its cost price and gives three successive discounts of 12½%, d% and 25%. If shopkeeper made a loss 16% on LED. Find the second discount allowed by shop?

- (a) 15%
 - (b) 20%
 - (c) 25%
 - (d) 16%
 - (e) 17.5%
-

50. Speed of a boat in still water is 12 kmph and speed of stream is x kmph. If in traveling 270 km upstream boat takes 66% more time than traveling 270 km downstream, then find the value of x.

- (a) 2 kmph
 - (b) 4 kmph
 - (c) 1 kmph
 - (d) 3 kmph
 - (e) 6 kmph
-

51. I. $x^2 - 8x + 15 = 0$ II. $2y^2 - 7y + 5 = 0$ In the following two equations questions numbered (I) and (II) are given. You have to solve both equations and Give answer

- (a) If $x > y$
 - (b) If $x \geq y$
 - (c) If $y > x$
 - (d) If $y \geq x$
 - (e) If $x = y$ or no relation can be established
-

52. I. $2x^2 + x - 28 = 0$ II. $2y^2 - 23y + 56 = 0$ In the following two equations questions numbered (I) and (II) are given. You have to solve both equations and Give answer

- (a) If $x > y$
 - (b) If $x \geq y$
 - (c) If $y > x$
 - (d) If $y \geq x$
 - (e) If $x = y$ or no relation can be established
-

53. I. $2x^2 - 7x - 60 = 0$ II. $3y^2 + 13y + 4 = 0$ In the following two equations questions numbered (I) and (II) are given. You have to solve both equations and Give answer

- (a) If $x > y$
 - (b) If $x \geq y$
 - (c) If $y > x$
 - (d) If $y \geq x$
 - (e) If $x = y$ or no relation can be established
-

54. I. $x^2 - 17x - 84 = 0$ II. $y^2 + 4y - 117 = 0$ In the following two equations questions numbered (I) and (II) are given. You have to solve both equations and Give answer

- (a) If $x > y$
 - (b) If $x \geq y$
 - (c) If $y > x$
 - (d) If $y \geq x$
 - (e) If $x = y$ or no relation can be established
-

55. I. $x^2 = 9^2$ II. $(y \div 8)^2 = 9$ In the following two equations questions numbered (I) and (II) are given. You have to solve both equations and Give answer

- (a) If $x > y$
 - (b) If $x \div y$
 - (c) If $y > x$
 - (d) If $y \div x$
 - (e) If $x = y$ or no relation can be established
-

56. Total items B sold by store on Monday & Friday together are what percent less than total items C sold by store on Wednesday & Thursday together? Given below table shows total three types of items (A, B & C) sold by a store on five days of a week. Table also shows total type A items sold by store and percentage of items B and items C sold by store. Read the data carefully and answer following questions: Note- only three types of items sold by the store.

- (a) 60%
 - (b) 50%
 - (c) 20%
 - (d) 30%
 - (e) 10%
-

57. Find the difference between average number of items B sold by store on Tuesday & Thursday and average number of items A sold by store on Thursday & Friday? Given below table shows total three types of items (A, B & C) sold by a store on five days of a week. Table also shows total type A items sold by store and percentage of items B and items C sold by store. Read the data carefully and answer following questions: Note- only three types of items sold by the store.

- (a) 260
 - (b) 264
 - (c) 262
 - (d) 272
 - (e) 268
-

58. If total items B sold by store on Sunday is 25% more than that sold on Thursday and total items C sold on Sunday is 300% more than that sold on Friday, then find total number of items B & items C sold by store on Sunday ? Given below table shows total three types of items (A, B & C) sold by a store on five days of a week. Table also shows total type A items sold by store and percentage of items B and items C sold by store. Read the data carefully and answer following questions: Note- only three types of items sold by the store.

- (a) 1250
 - (b) 1150
 - (c) 1050
 - (d) 950
 - (e) 1350
-

59. Total items C sold by store on Wednesday is what percent more than total items C sold by store on Monday and Tuesday together? Given below table shows total three types of items (A, B & C) sold by a store on five days of a week. Table also shows total type A items sold by store and percentage of items B and items C sold by store. Read the data carefully and answer following questions: Note- only three types of items sold by the store.

- (d) (e)
-

60. Find the ratio between total items sold by store on Monday to total items sold by store on Thursday? Given below table shows total three types of items (A, B & C) sold by a store on five days of a week. Table also shows total type A items sold by store and percentage of items B and items C sold by store. Read the data carefully and answer following questions: Note- only three types of items sold by the store.

- (a) 1 : 5
 - (b) 1 : 3
 - (c) 1 : 7
 - (d) 1 : 4
 - (e) 1 : 2
-

61. Total employees who represent A is what percent more than total male employee who represent B ? Given data shows total male and female employee in three companies in a seminar. Read data carefully and answer the questions: - In annual seminar of three companies, A, B and C some male and female employees represent their companies. Average number of female employees who represent A and B is 420. Total male employee in A and B is 1620. Number of female employees is $\frac{2}{3}$ rd and $\frac{2}{5}$ th of male employee in A and B respectively. Total female employee who represent C are 25% more than total female employee who represent A and total male employee who represent C are 33% more than total female employee who represent B.

- (a) 33 %
 - (b) 30 %
 - (c) 27 %
 - (d) 29 %
 - (e) 39 %
-

62. 25% of total female employee and 20% of total male employee who represent B & C together have MBA degree, then find total employee who do not have MBA degree? Given data shows total male and female employee in three companies in a seminar. Read data carefully and answer the questions: - In annual seminar of three companies, A, B and C some male and female employees represent their companies. Average number of female employees who represent A and B is 420. Total male employee in A and B is 1620. Number of female employees is $\frac{2}{3}$ rd and $\frac{2}{5}$ th of male employee in A and B respectively. Total female employee who represent C are 25% more than total female employee who represent A and total male employee who represent C are 33% more than total female employee who represent B.

- (a) 1624
 - (b) 1424
 - (c) 1824
 - (d) 1648
 - (e) 1244
-

63. Find the ratio between total male employee who represent B & C together to total female employee who represent A & C together? Given data shows total male and female employee in three companies in a seminar. Read data carefully and answer the questions: - In annual seminar of three companies, A, B and C some male and female employees represent their companies. Average number of female employees who represent A and B is 420. Total male employee in A and B is 1620. Number of female employees is $\frac{2}{3}$ rd and $\frac{2}{5}$ th of male employee in A and B respectively. Total female employee who represent C are 25% more than total female employee who represent A and total male employee who represent C are 33% more than total female employee who represent B.

- (a) 23 : 13
 - (b) 23 : 14
 - (c) 23 : 18
 - (d) 23 : 12
 - (e) 23 : 20
-

64. Find difference between Total male employees who represent C and total female employee who represent B? Given data shows total male and female employee in three companies in a seminar. Read data carefully and answer the questions: - In annual seminar of three companies, A, B and C some male and female employees represent their companies. Average number of female employees who represent A and B is 420. Total male employee in A and B is 1620. Number of female employees is $\frac{2}{3}$ rd and $\frac{2}{5}$ th of male employee in A and B respectively. Total female employee who represent C are 25% more than total female employee who represent A and total male employee who represent C are 33% more than total female employee who represent B.

- (a) 120
 - (b) 140
 - (c) 100
 - (d) 160
 - (e) 180
-

65. Find average number female in B & C ? Given data shows total male and female employee in three companies in a seminar. Read data carefully and answer the questions: - In annual seminar of three companies, A, B and C some male and female employees represent their companies. Average number of female employees who represent A and B is 420. Total male employee in A and B is 1620. Number of female employees is $\frac{2}{3}$ rd and $\frac{2}{5}$ th of male employee in A and B respectively. Total female employee who represent C are 25% more than total female employee who represent A and total male employee who represent C are 33% more than total female employee who represent B.

- (a) 480
 - (b) 420
 - (c) 520
 - (d) 540
 - (e) 600
-

81. Statements: Some circles are not triangle. Only a few squares are triangle. No rhombus is squares. Conclusions: I. All rhombus being triangle is a possibility. II. Some squares can never be circles. In each of the questions below are given some statements followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

82. Statements: Only summer is hot. Only a few summer is rainy. Some winter is rainy. Conclusions: I. All hot can be winter. II. Some rainy is not summer. In each of the questions below are given some statements followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

83. Statements: All bus is train. Only a few bikes are train. Some bikes is not car. Conclusions: I. All bus being car is a possibility. II. No bus is bikes. In each of the questions below are given some statements followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

84. Statements: No chocolates are biscuits. Only a few biscuits are chips. Some chips are juices. Conclusions: I. Some biscuits are juices. II. No biscuits are juices. In each of the questions below are given some statements followed by two conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

85. Who among the following goes on 16th March? Study the information carefully and answer the questions given below. Six persons are going to the six different cities on two different dates i.e. 7th and 16th of three different months i.e. March, April and May of the same year. B goes in the month which has an odd number of days and on odd number date. Two persons go in between B and the one who goes to Pune. Only two persons go after the one who goes to Varanasi. A goes to Delhi on an odd- numbered date. Only one person goes between A and F. As many people who go before F, as many people go after C. More than two persons go in between D and the E who goes to Indore. F does not go to Chennai. One of the persons visits Jaipur.

- (a) The one who goes to Jaipur
 - (b) A
 - (c) F
 - (d) The one who goes to Pune
 - (e) None of these
-

86. The one who goes on 7th May, goes to which city? Study the information carefully and answer the questions given below. Six persons are going to the six different cities on two different dates i.e. 7th and 16th of three different months i.e. March, April and May of the same year. B goes in the month which has an odd number of days and on odd number date. Two persons go in between B and the one who goes to Pune. Only two persons go after the one who goes to Varanasi. A goes to Delhi on an odd- numbered date. Only one person goes between A and F. As many people who go before F, as many people go after C. More than two persons go in between D and the E who goes to Indore. F does not go to Chennai. One of the persons visits Jaipur.

- (a) Jaipur
 - (b) Chennai
 - (c) Indore
 - (d) Pune
 - (e) None of these
-

87. Which of the following statement is not true about E? Study the information carefully and answer the questions given below. Six persons are going to the six different cities on two different dates i.e. 7th and 16th of three different months i.e. March, April and May of the same year. B goes in the month which has an odd number of days and on odd number date. Two persons go in between B and the one who goes to Pune. Only two persons go after the one who goes to Varanasi. A goes to Delhi on an odd- numbered date. Only one person goes between A and F. As many people who go before F, as many people go after C. More than two persons go in between D and the E who goes to Indore. F does not go to Chennai. One of the persons visits Jaipur.

- (a) B goes just before E
 - (b) E goes to Pune
 - (c) Only two persons go between E and F
 - (d) More than one person goes between E and D
 - (e) Both (B) and (D)
-

88. Which of the combination is true? Study the information carefully and answer the questions given below. Six persons are going to the six different cities on two different dates i.e. 7th and 16th of three different months i.e. March, April and May of the same year. B goes in the month which has an odd number of days and on odd number date. Two persons go in between B and the one who goes to Pune. Only two persons go after the one who goes to Varanasi. A goes to Delhi on an odd- numbered date. Only one person goes between A and F. As many people who go before F, as many people go after C. More than two persons go in between D and the E who goes to Indore. F does not go to Chennai. One of the persons visits Jaipur.

- (a) D-7th March
 - (b) B- Jaipur
 - (c) C- 16th April
 - (d) D- Varanasi
 - (e) None of these
-

90. Statement: $D > G ? H = J$; $J > F ? L$; $K = L$ Conclusions: I. $H > F$ II. $K > G$ In these questions, relationships between different elements are shown in the statements. These statements are followed by two conclusions. Give answer

- (a) if only conclusion I is true
- (b) if only conclusion II is true
- (c) if either conclusion I or conclusion II is true

- (d) if neither conclusion I nor conclusion II is true
 - (e) if both conclusions I and II are true
-

91. Statement: $V < Q < R$; $W = R > M$; $W > P < X$ Conclusions: I. $P > Q$ II. $Q < X$ In these questions, relationships between different elements are shown in the statements. These statements are followed by two conclusions. Give answer

- (a) if only conclusion I is true
 - (b) if only conclusion II is true
 - (c) if either conclusion I or conclusion II is true
 - (d) if neither conclusion I nor conclusion II is true
 - (e) if both conclusions I and II are true
-

92. Statement: $W > S = Q$; $S < N = O < Y$ Conclusions: I. $Q < N$ II. $W < O$ In these questions, relationships between different elements are shown in the statements. These statements are followed by two conclusions. Give answer

- (a) if only conclusion I is true
 - (b) if only conclusion II is true
 - (c) if either conclusion I or conclusion II is true
 - (d) if neither conclusion I nor conclusion II is true
 - (e) if both conclusions I and II are true
-

93. How many such pairs of digits are there in the given number ? 73951286? each of which has as many digits between them in the number as in the Number series (From both backward and forward)?

- (a) Two
 - (b) One
 - (c) Four
 - (d) Three
 - (e) More than four
-

94. If vowels are arranged in alphabetical increasing order from left to right and then consonants are arranged in alphabetical increasing order from left to right in the given word ? ALONGSIDE?. Then which letter is 4th from the left side in the new word?

- (a) A
 - (b) I
 - (c) S
 - (d) O
 - (e) None of these
-

100. In a family of three generations there are six family members i.e. P, Q, R, S, T, and U. U is the Son in law of P. Q is the brother in law of S who has no siblings. S is the only child of R. R is married to P. T is niece of Q. How P is related to T?

- (a) Maternal Grandfather
 - (b) Maternal Grandmother
 - (c) Father
 - (d) Mother
 - (e) Cannot be determined
-
