IBPS RRB Mains 2019

87 questions

Study the following information to answer the questions given below: Seven persons were born in seven different years. Their ages are calculated with respect to 2019. None of them was born before 1965. They belong to different professions such as Manager, HR, Artist, Doctor, Teacher, Engineer, and Pilot but not necessarily in the same order. **Note:** All the persons were born on the same date and same month. Nisha was 38 years old. No one was born between Nisha and the one who is Pilot. Three persons were born between the one who is Pilot and Aditi, who is the oldest among all and born before 1970 but in the even-numbered year. No one was born between Aditi and the one who is a Manager. More than one person was born between the ones who are Manager and Pilot. Dheeraj was born before Nisha but not just before. There is 4 years difference between Aditi and Dheeraj. The difference between the ages of Dheeraj and Kamal is the same as between Nisha and Swati. Pranav who was born before Pooja but after Swati. Swati was 11 years older than Pranav. Pranav was born in 1998. The difference between the ages of Kamal and Pranav was not more than 20 years. The one who is a Teacher was born just before HR. Pooja does not an HR. There are 7 years of difference between the ones who are Doctor and Engineer. No one was born between Pilot and Doctor.

1. How many persons were born between the ones who were Artist and Doctor?
 - (a) One
 - (b) None
 - (c) Two
 - (d) Five
 - (e) None of these
2. In which year Kamal was born?
 - (a) 1976
 - (b) 1978
 - (c) 1981
 - (d) 1987
 - (e) None of these
3. Which of the following combination is true?
 - (a) Nisha-41-HR
 - (b) Dheeraj-41-Manager
 - (c) Aditi-51-Doctor
 - (d) Swati-32-Piolt
 - (e) None id true
4. Four of the following five are alike in a certain way and hence they form a group. Which one of the following does not belong to that group?
 - (a) Aditi-Artist
 - (b) Kamal-Manager
 - (c) Nisha-HR
 - (d) Swati-Pilot
 - (e) Pooja-Engineer REASONING ABILITY
5. The number of persons were born between Kamal and Pranav is same as the number of persons were born between Swati and ____?
 - (a) Pooja
 - (b) Dheeraj
 - (c) Aditi
 - (d) Nisha
 - (e) None of these

6. Statement I- The Indian Army plans to recruit women in combat roles, especially with regard to the operations in Jammu & Kashmir, Army Chief General Bipin Rawat said at the Passing Out Parade at the Indian Military Academy (IMA). Statement II- Many a time jawans in Kashmir feel hesitant about dealing with women when they are in the front lines. Statement III- The situation in Kashmir has been volatile for decades, flaring up for worse since last summer. In the last four days alone, the army has killed 13 suspected militants. Which of the following may be cause/effect among the above statements?

- (a) Statement II will be cause and Statement I and III will be it's effects.
- (b) Statement II and III will be cause and I will be it's effect.
- (c) Statement III is cause and Statement I is it's effect and Statement II is effect of independent cause.
- (d) Statement II is cause and Statement I is it's effect and Statement III is effect of independent cause.
- (e) Statement III is cause and Statement II is it's effect and Statement I is effect of independent cause.

7. Statement: No one in the Royal Family wants to be king or queen by their choice, Prince Harry has told a US magazine, adding that "we will carry out our duties at the right time". "Is there any one of the Royal Family who wants to be king or queen? I don't think so," he told Newsweek. Which of the following is not in line with the above statement? (I) He said the royals were doing their duties "for the greater good of the people". (II) Harry, who recently said he had received counselling to cope with the death of his mother in a car crash in Paris, said: "My mother had just died, and I had to walk a long way behind her coffin, surrounded by thousands of people watching me while millions more did on television. (III) He also paid tribute to his "remarkable"

(no options)

Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and give answer. (a) if the data in statement I alone are sufficient to answer grandmother for letting the younger royals do things their own way.

16. Five members i.e. P, Q, R, S and T are in a family, then who is the husband of R? Statement I: R is sister in law of S who is the child of P. Statement II: R is the daughter in law of Q who is the mother of S.

- (a) Only (I)
- (b) Only (II)
- (c) Only (III)
- (d) Both (II) and (III)
- (e) None of these

17. What is the code for 'cow'? Statement I: 'big cow rat' is coded as 'mn vg dc' and 'rat dew grass' is coded as 'vg bh sx'. Statement II: 'big same use' is coded as 'mn we qs' and 'rat cow use' is coded as 'we vg dc'.

- (a) Only (I)
- (b) Only (II)
- (c) Only (III)
- (d) Both (II) and (III)
- (e) None of these

18. Six persons are of different heights. Who is 2nd shortest person? Statement I: Anshul is taller than Ankita and shorter than Anamika. Only one person is taller than Akash. Statement II: Ankita is shorter than Akash and taller than Aditya. Ankit is not shortest person.

- (a) Only (I)
- (b) Only (II)
- (c) Only (III)
- (d) Both (II) and (III)
- (e) None of these

19. Five persons i.e. F, P, R, S and T are living in different floors of five floored building. Who is living in topmost floor? Statement I: There are two floor gaps between P and F who is immediate above R. S is in bottommost floor. Statement II: Only one person is above R who is just above S. There are three floors gap between P and F who is not in topmost floor.

- (a) Only (I)
- (b) Only (II)
- (c) Only (III)

- (d) Both (II) and (III)
 - (e) None of these
-

20. Five persons i.e. A, B, C, D and G are sitting in a row facing North. Who sits in the middle of the row? Statement I: D sits 3rd to the right of G who is at an extreme end. Two persons sit between A and B who is an immediate neighbor of D. Statement II: B sits immediate right of D who sits 3rd to the left of A. C sits immediate right of B.

- (a) Only (I)
 - (b) Only (II)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) None of these
-

In each of the questions, relationships between some elements are shown in the statements. These statements are followed by conclusions numbered I and II. Read the statements and give the answer. (a) If only conclusion I follows. (b) If only conclusion II follows. (c) If either conclusion I or II follows. (d) If neither conclusion I nor II follows. (e) If both conclusions I and II follow.

21. Statements: $A > B > D = C$, $C > E > F$ Conclusion: I. $A > C$ II. $E < B$

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

22. Statements: $P > Q > R = S$, $S > T > U > V$ Conclusions: I. $Q > T$ II. $S > V$

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

23. Statements: $B > C > D < E = F$, $H > E > G = N$ Conclusions: I. $F < N$ II. $N > D$

- (a) If only conclusion I follows.
 - (b) If only conclusion II follows.
 - (c) If either conclusion I or II follows.
 - (d) If neither conclusion I nor II follows.
 - (e) If both conclusions I and II follow.
-

Study the information carefully and answer the questions given below. A certain number of persons are sitting in a row facing north. M sits fourth to the left of O. Only two persons sit between M and Q. R sits second to the left of Q. S sits fourth to the right of O. Not more than five persons sit between P and Q. P sits to the right of S. Only three persons sit to the left of R.

24. Which of the following statement is true?

- (a) M sits at an extreme end
 - (b) Only one person sits between M and R
 - (c) All are true
 - (d) Ten persons sits between M and S
 - (e) None is true
-

25. How many persons are sitting between O and Q?

- (a) One
 - (b) Two
 - (c) None
 - (d) Three
 - (e) More than three
-

26. If P sits at an extreme end of the row, then how many persons are sitting in the row?

- (a) Ten
 - (b) Twelve
 - (c) Thirteen
 - (d) Eleven
 - (e) More than thirteen
-

27. What is the position of S in the row?

- (a) Immediate right of P
 - (b) Sixth to the right of Q
 - (c) Eighth to the left of M
 - (d) None of these
 - (e) Seventh to the right of R
-

28. If L sits exactly between S and O, then how many persons sits to the left of L?

- (a) Ten
 - (b) Nine
 - (c) Eight
 - (d) Cannot be determined
 - (e) More than ten
-

29. India and the UAE have discussed measures to deepen cooperation in a range of areas including defence, security, terrorism and trade as the two countries held the second round of their strategic dialogue in Abu Dhabi. Which among the following is not-in-line with given statement? (I) The Indian delegation at the talks held yesterday was led by Minister of State for External Affairs M J Akbar while the UAE side was headed by its Minister of State for Foreign Affairs Anwar Gargash. (II) India ships wheat to Afghanistan via Chabahar. India on Sunday began shipment of wheat to Afghanistan through the Iranian port of Chabahar.

(no options)

30. Modi government to reframe social welfare schemes for OBCs. In the run-up to the high stakes elections in Gujarat and Himachal Pradesh, the Narendra Modi- led government has moved to reframe social welfare schemes for other backward classes (OBCs). Which among the following can be hypothesized from the given statement? (I) The targeted schemes promise quality residential accommodation and scholarships to OBC students. (II) This reframe of social welfare schemes for OBCs by the Modi government is a political move to target high stakes elections in Gujarat and Himachal Pradesh. (III) The ministry has laid down guidelines for construction of hostels, which would be energy efficient, economical yet good quality.

- (a) Only (I)
 - (b) Both (III) and (I)
 - (c) Only (II)
 - (d) Both (II) and (III)
 - (e) None of these
-

46. A basket contains 8 Blue, 5 Red and 6 Green balls. 3 Balls are drawn from the basket, then find the probability of getting all 3 balls drawn are of different colors?

- (d) (e)
-

47. Suresh was married 14 yrs ago and his present age is 2 times of the age at the time of his marriage. If his rd of his present age, then find the age of his son.

- (a) 16 yrs
 - (b) 18 yrs
 - (c) 14 yrs
 - (d) 12 yrs
 - (e) 20 yrs son?s age is
-

48. A Square and an equilateral triangle have the same area. If the perimeter of the square is 88 cm , then find the area of the equilateral triangle is?

- (a) 441 cm²
- (b) 400 cm²

- (c) 484 cm^2
 - (d) 324 cm^2
 - (e) 576 cm^2
-

49. A, B and C together can complete a work in 8 days and A alone can complete the same work in 24 days. If A and B started the work and after 2 days C also joined them, then remaining work was completed by A, B and C together in 6 5 days. Find in how many days B alone can complete the whole work?

- (a) 28 days
 - (b) 36 days
 - (c) 24 days
 - (d) 32 days
 - (e) 30 days
-

50. In a mixture of milk and water, the proportion of milk by weight is 60%. If from the 80 gm mixture, 20 gm of mixture is taken out and 6 gm of pure water is added to the mixture then find the ratio of milk and water in the new mixture.

- (a) 5 : 6
 - (b) 6 : 5
 - (c) 4 : 3
 - (d) 3 : 2
 - (e) 7 : 6
-

51. Three persons A, B and C started a business by investing in the ratio of 3 : 2 : 2 ?

(no options)

Given questions are based on a missing series pattern and following that pattern find the relation between P, Q and R.

57. 300, 324, 384, 504, P, 1050 450, 474, Q, 654, 864, 1200 200, 224, 284, 404, R, 850

- (a) $P > Q < R$
 - (b) $P < Q < R$
 - (c) $P = Q > R$
 - (d) $P < Q = R$
 - (e) $P < Q > R$
-

58. 2700, 5400, P, 7200, 1440, 8640 2100, Q, 1400, 5600, 1120, 6720 1500, 3000, 1000, R, 800, 4800

- (a) $P > Q > R$
 - (b) $P < Q = R$
 - (c) $P < Q > R$
 - (d) $P = Q > R$
 - (e) $P < Q < R$
-

59. 35, 70, 210, P, 4200, 25200 140, 280, Q, 3360, 16800, 100800 40, 80, 240, R, 4800, 28800

- (a) $P > Q < R$
 - (b) $P < Q > R$
 - (c) $P < Q < R$
 - (d) $P = Q < R$
 - (e) $P > Q > R$
-

60. 7, 15, 47, 191, Q, 5754 9, 19, 59, P, 1199, 7199 11, 23, 71, 287, R, 8639

- (a) $P > Q < R$
 - (b) $P < Q > R$
 - (c) $P < Q < R$
 - (d) $P = Q < R$
 - (e) $P > Q > R$
-

In each of the following questions, two equations (I) and (II) are given. Solve the equations and mark the correct option:

61. I. $2x^2 + 11x + 12 = 0$ II. $8y^2 - 22y + 21 = 0$

- (a) if $x > y$
 - (b) if $x < y$
 - (c) if $x < y$
 - (d) if $x > y$
 - (e) if $x = y$ or no relation can be established between x and y .
-

62. I. $x^2 - 17x - 60 = 0$ II. $y^2 + 42y + 185 = 0$

- (a) if $x > y$
 - (b) if $x < y$
 - (c) if $x < y$
 - (d) if $x > y$
 - (e) if $x = y$ or no relation can be established between x and y .
-

63. I. $x^2 + 41x + 420 = 0$ II. $6y^2 - 11y - 10 = 0$

- (a) if $x > y$
 - (b) if $x < y$
 - (c) if $x < y$
 - (d) if $x > y$
 - (e) if $x = y$ or no relation can be established between x and y .
-

64. I. $x^2 - 8x - 273 = 0$ II. $y^2 + 6y - 432 = 0$

- (a) if $x > y$
 - (b) if $x < y$
 - (c) if $x < y$
 - (d) if $x > y$
 - (e) if $x = y$ or no relation can be established between x and y .
-

Study the given passage carefully and answer the following questions A train is travelling from station A to E. At station A, 80 person board in the ratio of male to female of 9 : 7. At station B, 15 men got down and 5 women boarded the train. At station C, half of the women got down and the same number of men boarded the train At station D, x number of male got down and now the ratio of male to female in train is 7 : 4

70. If 50% of male who were travelling from B to C do not have a valid ticket and 60% of the female travelling from B to C do not have a valid ticket, then find the number of passengers who are travelling from B to C with invalid ticket ?

- (a) 43
 - (b) 39
 - (c) 47
 - (d) 49
 - (e) 51
-

71. The number of females travelling from station B to C is approximately how much percent more than the number of males travelling from station D to E?

- (a) 10%
 - (b) 21%
 - (c) 18%
 - (d) 14%
 - (e) 24%
-

72. Find the difference between the passengers travelling from starting point to destination point?

- (a) 25
 - (b) 30
 - (c) 34
 - (d) 38
 - (e) none of these
-

73. Which of the following is true? (A) The number of females travelling from station A to B is equal to the no. of males travelling from station D to E (B) The total number of passengers travelling from Station C to D is 45% of the no. of males who boarded from the starting point (C) The difference between the no. of male and female travelling from station D to E is half of the difference between the no. of males and females travelling from station C to D

- (a) Only A
 - (b) Only C
 - (c) Only A & C
 - (d) Only B & C
 - (e) All A, B and C
-

74. Find the ratio of total no. of passengers travelling from station D to E and B to C?

- (a) 17 : 13
 - (b) 11 : 14
 - (c) 13 : 17
 - (d) 14 : 11
 - (e) 17 : 19
-

75. Total distance between A and B is 792 km and Car P starts from station A at 8 a.m with speed 64 km/hr towards B and Car Q starts from station B at 11 a.m with speed 86 km/hr towards A. Find the distance from station B when both cars will meet each other ?

- (a) 430 km
 - (b) 258 km
 - (c) 344 km
 - (d) 312 km
 - (e) 384 km
-

76. A, B and C invested Rs 5500, Rs 4500 and Rs 6000 for three years in a partnership. After 1 year, A decreased his investment by Rs 1000, B increased his investment by Rs.500 and C's investment remains the same for the whole period of time. If the total profit at the end of 3 years is Rs 9400, then find the profit share of C?

- (a) Rs 4200
 - (b) Rs 3600
 - (c) Rs 3800
 - (d) Rs 4000
 - (e) Rs 3000
-

Each of the following question is followed by two quantities I, and II. You have to determine the value of the quantities using the information provided and compare the quantities to answer as per the instruction set provided below.

77. Quantity I: By selling 15 apples, a seller gains the selling price of 2 apples. Calculate his gain percentage. Quantity II: 25% profit is gained when an article is sold for 625 rupees. Calculate the loss % when the same article is sold for 435 rupees.

- (a) Quantity I > Quantity II
 - (b) Quantity I ? Quantity II
 - (c) Quantity I < Quantity II
 - (d) Quantity I ? Quantity II
 - (e) Quantity I = Quantity II or no relation
-

78. A train travelling at 54 kmph crosses a platform in 25 seconds and a man standing on the same platform in 12 seconds Quantity I: Length of the train. Quantity II: Length of the platform.

- (a) Quantity I > Quantity II
 - (b) Quantity I ? Quantity II
 - (c) Quantity I < Quantity II
 - (d) Quantity I ? Quantity II
 - (e) Quantity I = Quantity II or no relation
-

79. P works twice as fast as Q, whereas P and Q together can work 3 times as fast as R. P, Q and R together can do the same work in 2 days
Quantity I: Time taken by P and Q together to complete the work.
Quantity II: Time taken by Q and R together to complete the work.

- (a) Quantity I > Quantity II
 - (b) Quantity I ? Quantity II
 - (c) Quantity I < Quantity II
 - (d) Quantity I ? Quantity II
 - (e) Quantity I = Quantity II or no relation
-

80. The age of Manan is 50% more than that of Shikhar. The age of Rohit is 20% less than the age of Manan. The age of Krunal is 10% less than the age of Rohit.
Quantity I: By what percent the age of Rohit is more than the age of Shikhar.
Quantity II: By what percent the age of Krunal is more than the age of Shikhar.

- (a) Quantity I > Quantity II
 - (b) Quantity I ? Quantity II
 - (c) Quantity I < Quantity II
 - (d) Quantity I ? Quantity II
 - (e) Quantity I = Quantity II or no relation
-

In each of the questions given below, a sentence is given with one blank. Below each sentence, FOUR words are given. Five options are provided with various combinations of these words. You have to choose the combination with the correct set of words which can coherently fit into the given sentence.

81. When Margot lost all her money gambling, her family was forced to live in _____. (I) penury (II) mansion (III) grandeur (IV) poverty

- (a) Only (I)
 - (b) Only (I), (III) and (IV)
 - (c) Both (I) and (IV)
 - (d) Both (II) and (III)
 - (e) All (I), (II), (III), (IV)
-

82. Scared of heights all her life, nothing would _____ Ruth's fear of flying. (I) alleviate (II) reduce (III) aggravate (IV) understand

- (a) Only (III)
 - (b) Only (I), (III) and (IV)
 - (c) Both (I) and (III)
 - (d) Both (I) and (II)
 - (e) All (I), (II), (III), (IV)
-

83. Sometimes it seems as though we live in a/an _____ world filled with uncaring people. (I) apathetic (II) benevolent (III) passive (IV) indifferent

- (a) Only (III)
 - (b) Only (I), (III) and (IV)
 - (c) Both (I) and (III)
 - (d) Both (I) and (II)
 - (e) All (I), (II), (III), (IV)
-

84. Taking the yoga class has helped me release my stress so I can become more _____. (I) abundant (II) pernicious (III) placid (IV) injurious

- (a) Only (III)
 - (b) Only (I), (III) and (IV)
 - (c) Both (I) and (III)
 - (d) Both (I) and (II)
 - (e) All (I), (II), (III), (IV)
-

85. The committee met for several hours, but _____ nothing because they argued the whole time. (I) achieved (II) accomplished (III) gained (IV) attained

- (a) Only (III)

- (b) Only (I), (III) and (IV)
- (c) Both (I) and (III)
- (d) Both (I) and (II)
- (e) All (I), (II), (III), (IV)

In the following questions two columns are given containing three sentences/phrases each. In first column, sentences/phrases are A, B and C and in the second column the sentences/phrases are D, E and F. A sentence/phrase from the first column may or may not connect with another sentence/phrase from the second column to make a grammatically and contextually correct sentence. Each question has five options, four of which display the sequence(s) in which the sentences/phrases can be joined to form a grammatically and contextually correct sentence. If none of the options given forms a correct sentence after combination, mark (e), i.e. ?None of these?

86. Column (1) (A) The company along with its (B) Including ongoing initiatives (C) IL&FS has appointed Column (2) (D) Aligned with the broader objective (E) Advisers to prepare a resolution plan (F) Subsidiaries is facing a liquidity crisis

- (a) C-E and B-F
- (b) and
- (c) C-E
- (d) Both
- (e) None of these

87. Column (1) (A) The increase in MSP for rabi crops comes (B) There are notified crops (C) For big companies, there are instances Column (2) (D) The government said in a release. (E) Just ahead of the RBI monetary policy announcement. (F) Of even the infrastructure getting damaged.

- (a) C-F
- (b) C-E and B-F
- (c) A-E
- (d) Both

88. Column (1) (A) India will be the third largest aviation (B) The biggest contribution in (C) Firstly, we are seeing an Column (2) (D) market globally a year sooner. (E) as the world?s largest aviation (F) restrictive protectionist measures

- (a) C-F
- (b) B-F
- (c) A-D
- (d) C-E
- (e) None of these

89. Column (1) (A) Also, the broader NSE Nifty (B) All the sectoral indices closed in the red (C) Maruti Suzuki, India?s largest carmaker Column (2) (D) in their late morning deals . (E) Foreign Portfolio Investors (FPIs) sold shares . (F) with 22 of the 30 Sensex stocks finishing lower.

- (a) C-F
- (b) B-F
- (c) A-D
- (d) C-E
- (e) None of these

90. Column (1) (A) A writer needs (B) the garden itself being (C) All this is fine Column (2) (D) houseboat on the silent river (E) somehow find the necessary bubble (F) quiet and peaceful environment around him in order to write.

- (a) C-F
- (b) B-F
- (c) A-F
- (d) C-E
- (e) None of these

Read the following passage carefully and answer the questions given below them. Certain words/phrases have been printed in bold to help you locate them while answering some of the questions. Indian roads are usually characterized by poor infrastructure and congestion which affect travel time and road safety. This is a big hindrance in economic development and leads to inefficiency in the transportation of goods and services across the country. To address this, the government has embarked upon a massive overhaul of the country's road network through Bharatmala Pariyojana—an umbrella highway development programme involving 34,800 km of road network at an investment of Rs5.35 trillion, to be completed by 2022. The programme focuses on optimizing the efficiency of road traffic movement across the country by bridging critical infrastructure gaps through shorter routes. The end goal is to create economic corridors (ECs) along the path—new industries, more employment and new markets. The programme, however, will have a negative bearing on the existing road network because it will compete directly with some of the existing build-operate-transfer (BOT) toll road projects. Out of the 44 ECs, about 21 would partially or fully affect the existing alignments, while the remaining 23 that involve upgradation of existing alignment will not result in any deviation. Among the 21 corridors affected, eight have a totally different route (which is shorter) while the remaining 13 have some deviations from the existing alignment. Overall, there are 24 BOT projects and one operate-maintain-transfer (OMT) project whose traffic could be affected by the proposed ECs. The Bharatmala programme may result in traffic diversion from the existing road network to new roads, thereby affecting the toll collection and, consequently, the debt servicing ability of some of the BOT and OMT projects. This has raised the risk of default on 25 national highway toll projects which involve Rs19,435 crore of debt. The risk of such loan defaults will add to banks' and financial lenders' stressed assets and non-performing assets. In terms of risk, 12% of the projects have a high risk of leakage in traffic, if a completely alternative route is available, 16% of the projects have moderate risks, and 72%, low risks. To arrive at the debt at risk, the debt outstanding for each of these special purpose vehicles (SPVs), their repayment tenure, concession end date, credit profile of the SPV and its sponsor credit risk profile, are considered. Out of the total debt at risk for the 25 affected projects about Rs6,536 crore, which accounts for about 34% of the total debt at risk, is high-risk. Projects with debt at a moderate risk have an aggregate debt of Rs3,483 crore, while about Rs9,416 crore of debt is considered to be low-risk. To ensure that the existing BOT projects that are at risk of default did not turn bad for the financial institutions, swift and adequate measures are needed. The Kelkar committee had observed that since infrastructure projects span over 20-30 years, a private developer may lose bargaining power owing to abrupt changes in the economic or policy environment. It has thus recommended that the private sector must be protected against such loss. This could be ensured by allowing renegotiation of the terms of the concession agreement. Financial institutions are already reluctant to finance the infrastructure sector, given the rise in non-performing assets (NPAs). Add to this the probable difficulties that would arise in the case of 25 BOT projects, which would put additional stress on the road infrastructure exposure. The need of the hour is to realign the terms and conditions of the model concession agreement to ensure that banks do not end up accumulating NPAs. Having an appropriate remedial mechanism for BOT operators will help retain interest for investments in new projects; for the lenders, it will help curtail the number of stressed assets from the risk of default.

- (a) Only (I)
 (b) Only (II) and (III)
 (c) Only (III)
 (d) Only (I) and (II)
 (e) All are correct
-
92. According to the passage, what worries BOT operators?
 (a) The risk of loan default.
 (b) Disruptions in integrated Infrastructure network.
 (c) Inability to maintain the overall structure of
-
93. The total debt at risk is
 (a) Rs10,456 crore
 (b) Rs3,483 crore
 (c) Rs19,435 crore
 (d) Rs9,416 crore
 (e) Rs18,544 crore
-
94. The appropriate title of the passage is
 (a) Renegotiating the concession agreement.
 (b) Bharatmala and the rising debt issues

- (c) Creating economic corridors
 - (d) the rising issue of stressed assets
 - (e) The Kelkar Committee
-

95. Remedial measure(s) available to BOT operators is/are (I) provide them the necessary resources for accomplishment of the project. (II) realigning the terms and conditions of the model concession agreement to ensure that banks do not end up accumulating NPAs. (III) Allowing renegotiation of the terms of concession agreement to private sector.

- (a) Only (I)
 - (b) Both (II) and (III)
 - (c) Only (III)
 - (d) Both (I) and (II)
 - (e) All are correct
-

96. A phrase 'did not turn' is given in the passage is highlighted which may or may not contain grammatical error. There are five alternatives given below, one of which may replace the existing highlighted part to make the sentence grammatically correct and contextually meaningful. Choose the most appropriate alternative as your answer. If the phrase is grammatically correct, as given, and doesn't require any correction, choose option (e) i.e., 'No correction required' as your answer.

- (a) does not turn
 - (b) will not turn
 - (c) do not turn
 - (d) could not turn
 - (e) No correction required
-

Which of the following alternatives among the five options provides the MOST SIMILAR meaning(s) of the word given in BOLD as used in the passage?

97. Curtail (I) reduce (II) curb (III) retrench (IV) trunk

- (a) Only (III)
 - (b) Only (II) and (IV)
 - (c) Only (I), (II) and (III)
 - (d) Only (II), (III) and (IV)
 - (e) All are correct highway network in India.
-

98. Embarked (I) commence (II) initiate (III) rot (IV) undertake

- (a) Only (III)
 - (b) Only (II) and (IV)
 - (c) Only (I), (III) and (IV)
 - (d) Only (I), (II) and (IV)
 - (e) All are correct
-

Which of the following alternatives among the five options provides the MOST OPPOSITE meaning(s) of the word given in BOLD as used in the passage?

99. Hindrance (I) contrite (II) impetus (III) plausible (IV) Check

- (a) Only (II)
 - (b) Only (II) and (IV)
 - (c) Only (I), (II) and (III)
 - (d) Only (II), (III) and (IV)
 - (e) All are correct
-

100. Reluctant (I) vaunt (II) willing (III) splendid (IV) eager

- (a) Only (III)
 - (b) Only (II) and (IV)
 - (c) Only (I), (II) and (III)
 - (d) Only (II), (III) and (IV)
 - (e) All are correct
-

Read each sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The number of that part is the answer. If there is 'No error?', the answer is (e). (Ignore errors of punctuation, if any.)

101. Why we do not (a)/ meet to discuss (b)/ this matter in detail (c)/ on next Friday? (d)/ No error. (e)

(no options)

102. Had the opportunity (a)/ been given to him (b)/ he will have (c)/ proved successful (d). / No Error. (e)

(no options)

103. Jamuna takes delight (a)/with music and (b)/hopes to become (c)/a successful musician. (d)/No error. (e)

(no options)

104. In spite of toiling (a)/ very hardly he (b)/ realized that he had (c)/ not earned anything substantial. (d)/ No error. (e)

(no options)

105. You should inform (a)/ your superiors about (b)/ all those events which are (c)/ directly related to your work. (d)/ No error. (e)

(no options)

Answer the following questions after rearranging the following sentences into a coherent paragraph and identify the sentence that doesn't fit into the context of the paragraph. Statement (A) is the first sentence of the paragraph after the rearrangement. (A) Former RBI Governor Raghuram Rajan's note of caution on the next financial crisis that could be building up needs to be taken in all seriousness. (B) Clearly, bankers were overconfident and probably did too little due diligence for some of these loans. (C) The disbursement under Mudra loans alone is Rs.6.37 lakh crore, which is over 7% of the total outstanding bank credit. (D) It is debatable whether banks have the resources and manpower to do this when they are chasing the bigger borrowers for business and, increasingly these days, recoveries. (E) In his note to Parliament's Estimates Committee on bank non-performing assets (NPAs), Mr. Rajan has flagged three major sources of potential trouble. (F) These loans have been sanctioned under the Pradhan Mantri Mudra Yojana, which aims to 'fund the unfunded', and is a signature scheme of the NDA government. (G) They are Mudra credit, which is basically small-ticket loans granted to micro and small enterprises; lending to farmers through Kisan Credit Cards; and contingent liabilities under the Credit Guarantee Scheme for MSMEs, run by the Small Industries Development Bank of India. (H) Given that these are small loans up to Rs.10 lakh each, with the borrowers mostly from the informal sector, banks have to monitor them very closely.

106. Considering statement (A) 'Former RBI Governor Raghuram Rajan's note of caution on the next financial crisis that could be building up needs to be taken in all seriousness.' as the first sentence of the rearranged paragraph, then which among the following fails to become the part of the coherent paragraph?

- (a) C
- (b) F
- (c) B
- (d) H
- (e) G

107. Considering statement (A) 'Former RBI Governor Raghuram Rajan's note of caution on the next financial crisis that could be building up needs to be taken in all seriousness.' as the first sentence of the rearranged paragraph, then which one among the following can consecutively follow the last statement after the rearrangement (excluding the incoherent one)?

- (a) Not only could they play one lender off against another by threatening to divert payments to the favored bank, they could also refuse to pay unless the lender brought in more money, especially if the lender feared the loan becoming an NPA. The risk is that these small-ticket loans will drop under the radar and build into a large credit issue in course of time. The same logic holds true for crop loans made through Kisan Credit Cards.
- (c) Yet, unless we can determine the unaccounted wealth of bankers, I hesitate to say a significant element was corruption.
- (d) Frauds are different from normal NPAs in that the loss is because of a patently illegal action, by either the borrower or the banker.
- (e) None of these

108. Among the following pairs which one of them is formed with two consecutive statements after the rearrangement?

- (a) A - G

- (b) B - E
- (c) A - F
- (d) D - C
- (e) E ? G

109. Considering statement (A) 'Former RBI Governor Raghuram Rajan's note of caution on the next financial crisis that could be building up needs to be taken in all seriousness.' as the first sentence of the rearranged paragraph, identify the correct sequence of the sentences to form a coherent paragraph (excluding the incoherent one).

- (a) AEGCFHD
- (b) ADECBHF
- (c) AGHBCDE
- (d) ABCDGHF
- (e) AEGFCBD

110. Considering statement (A) 'Former RBI Governor Raghuram Rajan's note of caution on the next financial crisis that could be building up needs to be taken in all seriousness.' as the first sentence of the rearranged paragraph, which of the following statement should be FOURTH sentence after the rearrangement? (Excluding the incoherent sentence)

- (a) D
- (b) C
- (c) G
- (d) H
- (e) B

In the following passage, some of the words have been left out, each of which is indicated by a number. Find the suitable word from the options given against each number and fill up the blanks with appropriate words to make the paragraph meaningfully complete. In the ___(111)___ of stakeholders at the local body level, recoverable resources ___(112)___ in discarded materials are lost due to dumping. Organic refuse, which ___(113)___ about 50% of all garbage, readily lends itself to the ___(114)___ of compost or production of methane for household use or power generation. But it is a major opportunity ___(115)___. Organic waste that could help green cities and ___(116)___ small and affordable household biogas plants is simply being thrown away. It is also ironic that while some countries such as Rwanda and Kenya have introduced stiff penalties for the ___(117)___ of flimsy plastic bags, India is doing little to ___(118)___ them from drifting into suburban garbage mountains, rivers, lakes and the sea, and being ___(119)___ by cattle feeding on dumped ___(120)___.

111. Select the word that fits blank (111).

- (a) demolition
- (b) revive
- (c) restrict
- (d) absence
- (e) permission

112. Select the word that fits blank (112).

- (a) settled
- (b) equipped
- (c) surrounded
- (d) confined
- (e) embedded

113. Select the word that fits blank (113).

- (a) supplies
- (b) forms
- (c) classifies
- (d) demands
- (e) extends

114. Select the word that fits blank (114).

- (a) manufacture
- (b) accumulation

- (c) generation
 - (d) foundation
 - (e) conception
-

115. Select the word that fits blank (115).

- (a) awed
 - (b) misled
 - (c) lost
 - (d) absorbed
 - (e) rapt
-

116. Select the word that fits blank (116).

- (a) feed
 - (b) deliver
 - (c) nurtures
 - (d) provide
 - (e) produce
-

117. Select the word that fits blank (117).

- (a) interest
 - (b) favor
 - (c) gain
 - (d) selection
 - (e) use
-

118. Select the word that fits blank (118).

- (a) reduce
 - (b) discourage
 - (c) prevent
 - (d) facilitate
 - (e) reject
-

119. Select the word that fits blank (119).

- (a) absorbed
 - (b) grazed
 - (c) ravaged
 - (d) ingested
 - (e) grasped
-

120. Select the word that fits blank (120).

- (a) limit
 - (b) refuse
 - (c) exclude
 - (d) evade
 - (e) cease
-
