IBPS RRB Mains 2020

86 questions

In these questions, relationship between different elements is shown in the statements. These statements are followed by three/four conclusions. Read the statements and then decide which of the following conclusions follow from the given statements. Twelve persons are sitting in two parallel rows containing six persons each in a way that there is an equal distance between two adjacent persons. A, B, C, D, E, F sits in row 1 and faces north, P, Q, R, S, T, U sits in row 2 and faces south but not necessarily in the same order. Therefore, in this arrangement each member seated in a row faces another member of the other row.

4. Statements: $P < S$, $S > F$, $M = F < B$, $Q = K = Y < L < B$ Conclusions: I. $Q < B$ II. $B > Q$ III. $P > F$ IV. $M = B$
- (a) Only II and III follow
 - (b) Only III and IV follow
 - (c) Only I, II and III follow
 - (d) Only I and IV follow
 - (e) None of these
- A sits fourth to the left of B and one of them sits at corner. Only one person sits between Q and R. C sits third to the right of D. R faces C. More than two persons sit to the right of Q. Only one person sits between P and T and T does not sit near to Q. Two persons sit between U and S who does not face A.

5. Statement: $N > M > E = F < L < U$, $K > L < Q < R = A$ Conclusions: I. $N < A$ II. $K < E$ III. $M > L$ IV. $M = L$
- (a) Only I follow
 - (b) Only II and IV follow
 - (c) Only III and IV follow
 - (d) Only III follows
 - (e) Only I and III follow

6. Statement: $O > M = T > B > S = F$, $F > W < Q = U > Z$ Conclusions: I. $F < O$ II. $O > B$ III. $S < U$ IV. $O > W$
- (a) Only I follow
 - (b) Only I and IV follow
 - (c) Only III and IV follow
 - (d) Only II follows
 - (e) Only I and III follow

7. Statement: $Q = T > B > S = E$, $E > W > L > U = Z$ Conclusions: I. $Q = B$ II. $Q < B$ III. $B < Z$ IV. $B > U$
- (a) Only I follow
 - (b) Only I and IV follow
 - (c) Only III and IV follow
 - (d) Only Either I or II and IV follows
 - (e) Only I and III follow Visit: adda247.com

Each of the questions below consists of a question and three statements numbered I, II and III given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both the statements and given answer. (a) If the data in statement I and II are sufficient to answer the question. (b) If the data in statement II and III are sufficient to answer the question. (c) If the data in statement I and III are sufficient to answer the question. (d) If the data in all the statement I, II and III together are not sufficient to answer the question. (e) If all the statements I, II and III are necessary to answer the question.

8. Seven Boxes B1, B2, B3, B4, B5, B6, and B7 are kept one above another but not necessarily in the same order. What is the position of Box B7 with respect to Box B3, If Box B3 is not kept at the top? (I) Only two boxes are kept between Box B5 and Box B6, which is kept in top three places. Only one Box is kept between Box B2 and Box B3. (II) The number of boxes kept below Box B5 is same as the number of boxes kept above Box B2. (III) Box B7 is kept one of the places below Box B5. Box B2 is kept above Box B1.

- (a) If the data in statement I and II are sufficient to answer the question.
- (b) If the data in statement II and III are sufficient to answer the question.
- (c) If the data in statement I and III are sufficient to answer the question.
- (d) If the data in all the statements I, II and III together are not sufficient to answer the question.
- (e) If all the statements I, II and III are necessary to answer the question.

9. Seven persons A, B, C, D, E, F, and G are members of a family. How is C related to G? (I) A is married to the mother of D, who is the sister of C. (II) F is married to G, who is the father of E. (III) E is the nephew of the mother of C.
- (a) If the data in statement I and II are sufficient to answer the question.
 - (b) If the data in statement II and III are sufficient to answer the question.
 - (c) If the data in statement I and III are sufficient to answer the question.
 - (d) If the data in all the statements I, II and III together are not sufficient to answer the question.
 - (e) If all the statements I, II and III are necessary to answer the question.
-

10. What will be the code for 'candid'? (I) if 'candid moments are beautiful' is coded as 'br, pa, ur, mo' (II) 'moments are cherished' is coded as 'br, mo, zc' (III) 'enjoy candid moments' is coded as 'pa, br, ti'.
- (a) If the data in statement I and II are sufficient to answer the question.
 - (b) If the data in statement II and III are sufficient to answer the question.
 - (c) If the data in statement I and III are sufficient to answer the question.
 - (d) If the data in all the statements I, II and III together are not sufficient to answer the question.
 - (e) If all the statements I, II and III are necessary to answer the question.
-

11. Eight persons P, Q, R, S, T, U, V and W are sitting around a square table such that four of them sit at the corner and for of them sits in the middle of the sides facing the center, but not necessarily in the same order. How many persons sit between R and T, when counted from left of T? (I) Three persons sit between P and Q, who does not sit at any corner. S does not sit at any corner of the table and also does not sit near to R. (II) W sits third to the left of Q and three persons sit between W and R. (III) V does not sit near to R and P.
- (a) If the data in statement I and II are sufficient to answer the question.
 - (b) If the data in statement II and III are sufficient to answer the question.
 - (c) If the data in statement I and III are sufficient to answer the question.
 - (d) If the data in all the statements I, II and III together are not sufficient to answer the question.
 - (e) If all the statements I, II and III are necessary to answer the question.
-

12. Eight persons P, Q, R, S, T, U, V and W are living in a building of eight floors such that the ground floor is numbered as 1 and the topmost floor is numbered as 8 but not necessarily in the same order. If T lives one of the floors below U, then how many persons live between W and T? (I) Only three persons live between Q and S, who lives above Q. S lives on an even number floor. (II) Only three persons live between P and U, who lives immediately below Q. (III) Only two persons live between S and W.
- (a) If the data in statement I and II are sufficient to answer the question.
 - (b) If the data in statement II and III are sufficient to answer the question.
 - (c) If the data in statement I and III are sufficient to answer the question.
 - (d) If the data in all the statements I, II and III together are not sufficient to answer the question.
 - (e) If all the statements I, II and III are necessary to answer the question. Visit: adda247.com
-

In the following question a statement is given followed by three assumptions numbered as I, II and III. You have to read all the statements and decide which of the assumptions follows the mentioned in statement.

15. Statement: 'If you are intelligent, we are the right people for improving your performance.' An advertisement of a coaching institute. Assumptions: I. Brilliant students prefer to join coaching classes. II. Coaching classes help the students to improve
- (no options)
-

16. Statement: 'Several labour and industrial courts in this State have no proper premises. Vacancies of judges and stenographers are kept pending.' A statement of a retired judge of State X. Assumptions: I. Adequate number of staff and judges helps in the efficiency of its employees.
- (a) Only I and III are implicit
 - (b) Only II is implicit
 - (c) Only II and III are implicit
 - (d) All I, II and III are implicit
 - (e) None of these
-

Read the information carefully and answer the following questions. Seven poles namely A, B, C, D, E, F, and G are installed in a society for electric wires. Pole D is 5m to the east of Pole A. Pole F is 8m to the west of Pole B, which is 15m south of Pole D. Pole E is 3m west of Pole A. Pole C is 15m to the east of Pole G, which is 12 m north of Pole A.

17. What is the shortest distance between Pole A and Pole C? (a) 11m (b) 369m (c) 129 m (d) 17m (e) None of the above their performance. III. No other institute provides such coaching.

- (a) Only I and II are implicit
 - (b) Only II and III are implicit
 - (c) Only I and III are implicit
 - (d) All are implicit
 - (e) None of these
-

18. What is the total distance between Pole F and Pole E?

- (a) 11m
 - (b) 13m
 - (c) 16m
 - (d) 15m
 - (e) None of the above
-

31. Dowry which is illegal in India but it is entertained very pleasantly by the family members and grooms itself. They take it as their birth right. There is a mindset in society that women have to take care of kitchen, babies and home and men have to see their office only. But the bitter truth is that a woman gives many sacrifices in comparison to men in persuasion of society. Which of the following is not in line according to above statement? I. There should be awareness program about dowry which should be regulated in the society on timely basis. II. There should be law of death penalty for rape cases which is a must do step in India. III. It is also believed that women should follow the customs that are made by the society for better civilization.

- (a) Only III
 - (b) Both I and III
 - (c) Both II and III
 - (d) Only II
 - (e) None of these Visit: adda247.com
-

39. Statement: Should all the students graduating in any discipline desirous of pursuing post- graduation of the subjects of their choice be allowed to enroll in the post-graduate courses? Arguments: I. Yes. The students are the best judge of their capabilities and there should not be restrictions for joining post-graduate courses. II. No. The students need to study relevant subjects in graduate courses to enroll in post-graduate courses and the students must fulfill such conditions. Visit: adda247.com III. No. There are not enough institutes offering post- graduate courses which can accommodate all the graduates desirous of seeking post-graduate education of their own choice.

- (a) None is strong
 - (b) Only I and II are strong
 - (c) All are strong
 - (d) Only I and III are strong
 - (e) None of these
-

40. The argument about whether demonetization was good or bad for the economy refuses to die down even a year after the event. While one can endlessly debate, with very little data, on whether the ban on high-value of direct tax with respect to indirect tax.

- (a) Only III
 - (b) Both I and III
 - (c) Both II and III
 - (d) Only II
 - (e) None of these
-

Given below data shows total number of computers (Laptops, Macbook & Desktop) manufactured by four different companies. Read the data carefully and answer the questions.

41. Total number of Macbook manufactured by A & Laptops manufactured by B together are what percent more than total number of Macbook manufactured by D?

- (a) 30 3 %
- (b) 25%
- (c) 30%

- (d) 33 3 %
- (e) 40%

42. Find the ratio of total number of Desktop manufactured by C & D together to total number of Laptops manufactured by A & B together?

- (a) 127 : 100
- (b) 139 : 100
- (c) 109 : 100
- (d) 119 : 100
- (e) 129 : 100

43. Average of Macbook manufactured by B, C & E is 400 and total computers manufactured by E are 1040. If ratio of Macbook to Desktop manufactured by E is 9 : 5, then find total number of Laptops manufactured by E?

- (a) 480
- (b) 440
- (c) 420
- (d) 360
- (e) 520

44. Total number of Desktop manufactured by B are what percent more than total number of Desktop manufactured by D?

- (a) 40 7 %
- (b) 42 7%
- (c) 32 7%
- (d) 37 7 %

(e) 35 7% currency notes dealt a body blow to terrorism, corruption and counterfeiting, one area in which its impact can be quantified with data is tax compliance. In FY18, net collections increased by 17.1%. Which of the following can be postulated from the given statement? I. Counterfeiting of notes was one of the major concern for Government of India. II. Many economists has termed it wrong as it has impact badly on the weaker section of the society. III. There has been revamp in the percentage increase

45. Find average number of Laptops manufactured by B, C & D?

- (a) 232
- (b) 242
- (c) 252
- (d) 272
- (e) 264

The following questions are accompanied by two statements (I) and (II). You have to determine which statements(s) is/are sufficient/necessary to answer the questions. (a) Statement (I) alone is sufficient to answer the question but statement (II) alone is not sufficient to answer the questions. (b) Statement (II) alone is sufficient to answer the question but statement (I) alone is not sufficient to answer the question. (c) Both the statements taken together are necessary to answer the questions, but neither of the statements alone is sufficient to answer the question. (d) Either statement (I) or statement (II) by itself is sufficient to answer the question. (e) Statements (I) and (II) taken together are not sufficient to answer the question.

46. The length of a rectangle is 14 7 % more than that of breadth of Rectangle. find the area of rectangle? I. Perimeter of rectangle is equal to perimeter of an Equilateral Triangle whose area is $25\sqrt{3}$ cm². II. length of rectangle is 2 times the side of a Square whose perimeter is 16 cm.

- (a) Statement (I) alone is sufficient to answer the question but statement (II) alone is not sufficient to answer the questions.
- (b) Statement (II) alone is sufficient to answer the question but statement (I) alone is not sufficient to answer the question.
- (c) Both the statements taken together are necessary to answer the questions, but neither of the statements alone is sufficient to answer the question.
- (d) Either statement (I) or statement (II) by itself is sufficient to answer the question.
- (e) Statements (I) and (II) taken together are not sufficient to answer the question.

47. What is the maximum marks in an exam? I. Veer scored 25% more than the minimum passing marks but he scored only 50% marks in the exam. II. Aayush scored only 60 marks in the exam which is 50% more than the passing marks. Visit: adda247.com

- (a) Statement (I) alone is sufficient to answer the question but statement (II) alone is not sufficient to answer the questions.
 - (b) Statement (II) alone is sufficient to answer the question but statement (I) alone is not sufficient to answer the question.
 - (c) Both the statements taken together are necessary to answer the questions, but neither of the statements alone is sufficient to answer the question.
 - (d) Either statement (I) or statement (II) by itself is sufficient to answer the question.
 - (e) Statements (I) and (II) taken together are not sufficient to answer the question.
-

48. A seller marked up the price of an article 50% above cost price and give two successive discounts. Find the aggregate percentage of discount. I. Seller make the Aggregate profit of 14.75% II. M.R.P. of the Article is Rs. 750 and it sold in Rs. 73.75 more than the cost price.

- (a) Statement (I) alone is sufficient to answer the question but statement (II) alone is not sufficient to answer the questions.
 - (b) Statement (II) alone is sufficient to answer the question but statement (I) alone is not sufficient to answer the question.
 - (c) Both the statements taken together are necessary to answer the questions, but neither of the statements alone is sufficient to answer the question.
 - (d) Either statement (I) or statement (II) by itself is sufficient to answer the question.
 - (e) Statements (I) and (II) taken together are not sufficient to answer the question.
-

49. What is the value of $(2x + 2y)$? I. $x + y = 7$ II. the difference between x and y is 1.

- (a) Statement (I) alone is sufficient to answer the question but statement (II) alone is not sufficient to answer the questions.
 - (b) Statement (II) alone is sufficient to answer the question but statement (I) alone is not sufficient to answer the question.
 - (c) Both the statements taken together are necessary to answer the questions, but neither of the statements alone is sufficient to answer the question.
 - (d) Either statement (I) or statement (II) by itself is sufficient to answer the question.
 - (e) Statements (I) and (II) taken together are not sufficient to answer the question.
-

50. What will be profit share of Ankit? I. Ankit Invest Rs. 1600 for 8 months and Satish joined him after three months from start of the business months with capital of Rs. 1200. II. Satish got Rs. 630 as profit share.

- (a) Statement (I) alone is sufficient to answer the question but statement (II) alone is not sufficient to answer the questions.
 - (b) Statement (II) alone is sufficient to answer the question but statement (I) alone is not sufficient to answer the question.
 - (c) Both the statements taken together are necessary to answer the questions, but neither of the statements alone is sufficient to answer the question.
 - (d) Either statement (I) or statement (II) by itself is sufficient to answer the question.
 - (e) Statements (I) and (II) taken together are not sufficient to answer the question.
-

51. Equal amounts of Rs. _____ are invested in two schemes A and B for 6 years and 8 years respectively. Scheme A offers interest at the rate of 12% per annum and scheme B offers interest at the rate of 8% p.a. The difference between the interests earned (simple interest) is Rs.1280.?

- (a) 16,000
 - (b) 16,500
 - (c) 17,000
 - (d) 18,000
 - (e) 20,500
-

52. A boat covers a distance of 4 km in upstream in 11 minutes. The ratio between speed of current to downstream speed is 1 : 7 and boat covers _____ km distance in downstream in 52 min?

- (a) 16.5
 - (b) 15.6
 - (c) 18.2
 - (d) 17.2 (e) 14.2
-

53. Marked price of an article is 25% more than its selling price and the profit earned on selling the article is also 25%. The difference between, the profit and the difference between cost price & marked price is Rs 200, then find at what price article should be sell to make a profit of 37.5%?

- (a) Rs 500
 - (b) Rs 880
 - (c) Rs 600
 - (d) Rs 700
 - (e) Rs 800
-

54. The investment of A is 48% less than that of B. After four months, A increases his investment by 13 % of the initial investment, B withdraws 50% of the initial investment and C makes an investment. If at the end of the year profit share of C is twice of the difference between profit share of A and B, then find investment of C is what percent of initial investment of B?

- (a) 24.5%
 - (b) 21%
 - (c) 42%
 - (d) 35%
 - (e) 28%
-

55. A bag contains 18 number of balls out of which _____ are plastic balls and rest are leather balls. If the two balls are drawn from the bag at random, then the probability of getting a plastic and leather ball is _____. I. 10, 80/153 II. 8, 40/153 III. 6, 8/17

- (a) All I, II and III
 - (b) Only I and III
 - (c) Only I
 - (d) Only II
 - (e) Only I and
-

61. ?N? men can do a piece of work in 21 days working 8 hours each day. The number of days taken by N men is 70% of number of days taken by (N ? 1) men, working 6 hours a day. Find in how many days (N + 3) men working ten hours in a day can complete the same work.

- (a) 14 days
 - (b) 13 days
 - (c) 15 days
 - (d) 16 days
 - (e) 17 days
-

62. Train A running at speed of 64 km/hr. crosses a pole in 27 second and train B having crosses a man in 36 second. Ratio of speed of train A to B is 8 : 7 and both train running in opposite direction to each other, cross each other in _____ sec?

- (a) 28.2 sec
 - (b) 36.2 sec
 - (c) 31.2 sec
 - (d) 38.2sec
 - (e) 39.2 sec
-

63. There are _____ students in a class and Average weight of class is 20 kg. When two new students include in the class average weight becomes 22 kg. After those four students left the class, whose weight half of the weight of two person included previously, then average weight of class becomes 25 kg.

- (a) 18
 - (b) 20
 - (c) 22
 - (d) 16
 - (e) 14
-

64. Ratio of age of man to his elder son is 20 : 9 and ratio of age of wife and her younger son is 3 : 1. If difference between age of elder and younger son is 6 years (Man

(no options)

65. A mixture contains liquids P and Q in which Q is 125% more than P. If 52 liters of the mixture is taken out and replaced with another liquid R, concentration of liquid P in the final mixture becomes 20%. What is the quantity of liquid Q in the final mixture?

- (a) 72.68 liters
 - (b) 60.68 liters
 - (c) 54.68 liters
 - (d) 48.86 liters
 - (e) 66.86 liters
-

What will come in the place of question (?) mark in the following number series:

66. 12, 7, 8.5, 14.75, ?, 83

- (a) 30
 - (b) 24
 - (c) 32
 - (d) 36
 - (e) 48

Read the data carefully and answer the questions. In a college ?A? there is six streams i.e., Mechanical, CS, IT, Electronic, Electrical and Civil. Total number of students in IT is two times of that of total students in Civil, while ratio of total number of students in Mechanical to total students in IT is 2 : 3. The ratio of total number of students in CS to total number of students in civil is 8 : 9. Total students in Electrical is 120 more than total students in CS and total students in Electrical is 60 more than total students in electronic. Total number of students in Civil and Electronic is 400.

76. Find difference between total students in IT and total students in Electrical stream?

- (a) 64
- (b) 56
- (c) 52

(d) 80

(e) 84

77. In college 'B' there is only three streams i.e., CS, IT, Electronic. If total students in college 'B' is 720 and students in IT & Electronic is 20% and 25% more than that of total students in Mechanical & Civil stream of college 'A' respectively, then find total number of students in CS of college 'B'?

(a) 189

(b) 207

(c) 197

(d) 191

(e) 185

78. Find ratio between total students in CS to total students in electronic?

(a) 8 : 13

(b) 8 : 15

(c) 8 : 11

(d) 8 : 9

(e) 8 : 7

79. Find the average numbers of students in Mechanical, Civil & IT stream?

(a) 260

(b) 280

(c) 240

(d) 250

(e) 290

80. Total numbers of electronic students are what percent less than total Mechanical students?

(a) 6 3 %

(b) 4 3 %

(c) 2 3 %

(d) 1 3 %

(e) 8 3 % ENGLISH LANGUAGE

Read the following passage carefully and answer the questions given below them. India has reached the Moon but it has failed to get its women out of homes. The Economic Survey finds that 60 per cent of women in India in the productive age bracket of 15-59 years are engaged in full-time housework. Inclusive growth and gender equality are important for any country to reach its full potential and achieve faster economic growth. India has been working towards becoming a \$5- trillion economy, but it seems to do that minus its female population. According to the data released by the World Bank in June 2020, India's female labour force participation (FLFP) is the lowest in South Asia. From 30.3% in 1990, India's FLFP dropped to 20.3% percent in 2020, falling behind Pakistan and Afghanistan, which were at 22.2% and 21.8% respectively. In 1990, the FLFP in Pakistan and Afghanistan stood at 14% and 15% respectively. Visit: adda247.com The Economic Survey cites several reasons for the declining women workforce. One is that more women are going for higher education, delaying their entry into the labour market. Another is with rising wages in rural areas, women who were forced to contribute to household income to make ends meet are no longer expected to go out. Lack of job opportunities, gender pay parity, education, access to finance, and pressures from society are the major stumbling blocks for women. To improve female participation in the workforce, the Economic Survey says, several reforms have been introduced such as increase in maternal leave to 26 weeks, compulsory day care centres for children, equal wage policy amongst others. The private sector and business community will be crucial in helping bridge the gap between skills and jobs and enable access to decent work for women. Vocational and technical training, life skills and financial literacy programmes for women to help them develop marketable skills and better decision-making abilities cannot be undertaken in a meaningful way without the involvement of industry. Companies can also invest in women entrepreneurs through microfinance, and bring their goods and services into supply chains. Enhancing women's access to the internet and ICT can create a merging market of connected women who can be linked to business opportunities. In addition, as employers, the private sector can invest in women's security against violence at home and in public spaces, and take steps to ensure their mobility through inclusive transport. Giving women and girls the opportunity to succeed is not only the right thing to do but can also transform societies and economies. "The economic facts speak for themselves: raising women's labour force participation to that of men can boost GDP, for example, by as much as 9 per cent in Japan and 27 per cent in India," as per the paper published by the World Economic Forum (WEF). Reducing gender gaps in employment as well as in education can help economies diversify their exports, while appointing more women onto banking supervision boards can challenge cosy group-think, thereby supporting greater bank stability and financial sector resilience. Yet, policy and legislative reforms can only do much. What is required is a change in mindset and cultural ethos that enable and empower women rather than bind them in the burden of household work.

81. As per the author, why is the Female Participation in Workforce on the Decline?
- Higher percentages of women don't have required degrees & skills which leads to delaying their entry into the labour market.
 - Women get paid less compared to their male counterparts for the same job.
 - Women are not encouraged despite India's rapid urbanization.
 - Increase in crime rate & violence in public spaces forcing women to stay home.
 - Lack of white-collar jobs.
-
82. What can be done to increase women participation?
- Reducing gender gaps in employment & education which in turn help economies diversify the exports.
 - Implementation of various policies and legislative reforms for women empowerment.
 - Facilitating entry of women into leadership roles in banks and supervision agencies.
 - Changing the mindset & cultural practises.
 - All of these.
-
83. Which of the following statements is TRUE as per the context of the passage?
- The Economic Survey finds that 60 per cent of women in India in the productive age bracket of 15-59 years are engaged in office work.
 - According to the data released by the World Bank in June 2020, India's female labour force participation is the lowest in the world.

86. Which of the following words is most similar in meaning as ?ETHOS? highlighted in the given passage?

- (a) Spirit
 - (b) Constitution
 - (c) Character
 - (d) Custom
 - (e) Sentiment
-

87. Which of the following words is most opposite in meaning as ?STUMBLING? highlighted in the given passage?

- (a) Rectify
 - (b) Overlook
 - (c) Uplifting
 - (d) Barriers
 - (e) Discouragement The role of financial institutions in providing financial education, not only to clients but also to their own staff, needs to be better defined and further promoted. More information is needed at both international and national levels on good programmes and practices and on ways to promote access to financial services. Sharing information on successful experiences can be helpful to all. Financial institutions as both beneficiaries of a financial literate society and custodians of various financial products have a role to play in the whole matrix of financial literacy.
-

Read the following passage carefully and answer the questions given below them. India needs to create 10-15 million jobs per year for the next decade to provide gainful employment to its young population. Accelerating entrepreneurship and business creation is crucial for such large-scale employment generation. Governments are clearly aware of the need to improve financial literacy. One key element for the future is persuading consumers that they need financial education and enabling them to access it. Also important is better financial education in schools. Today's school-leavers need to be a lot more financially literate than their parents were if they are to manage their personal finances successfully through life. Students consume lots of their time on searching irrelevant things but they will not read anything regarding how they can get loans, financial assistance for higher education. Moreover, entrepreneurship tends to be innovation-driven and will also help generate solutions to India's myriad social problems including high-quality education, affordable health care, clean energy and waste management, and financial inclusion. Entrepreneurship-led financial growth is also more inclusive and typically, does not involve exploitation of natural resources. Access to finance represents one of the most significant challenges for entrepreneurs and for the creation, survival and growth of small businesses. For the development of entrepreneurship in India more financial institutions apart from the government should come up with low interest rates, flexible loan schemes, and better support. There is the financial institution that helps the new ideology, but the numbers are less. The blue-chip financial institution should encourage the youth to start up their business and provide them with a very good amount of loan at low interest rate. The lack of financial culture carries a lot of risks, students become manipulative and can become a victim of fraud. Thus, there is a need for financial awareness among all. For the success of financial literacy, there is a need to identify the various players in the matrix and understand the roles that they play. The major players in the financial literacy game are the Government, the financial services providers and the customers themselves. Visit: adda247.com

88. As per the author how can financial institutions help in increasing financial literacy?
- By persuading consumers that they need financial education and enabling them to access it.
 - By providing financial education, not only to clients but also to their own staff, which is well defined and further promoted.
 - By stopping exploitation of natural resources.
 - By identifying the various players in the matrix and understanding the roles that they play.
 - All of these.
-
89. Which of the following statements is FALSE as per the context of the passage?
- India needs to create 10-15 million jobs per year for the next decade to provide gainful employment to its young population.
 - The major players in the financial literacy game are the Government, the financial services providers and the customers themselves.
 - Microfinance institutions were focusing on providing credit and credit facilities, thus having positive effects on capital assets and the overall welfare of entrepreneurs.
 - All of these
 - None of these
-
90. How can financial institutions help in supporting entrepreneurship?
- Financial institutions should promote financial education and encourage the young generation.
 - Financial institutions should focus primarily on providing credit and credit facilities, thus having positive effects on capital assets and the overall welfare of entrepreneurs.

Given below are six sentences given in par jumbled form. Arrange the following sentences to form a coherent paragraph and answer the following questions. A. Space junk, or space debris, is any piece of machinery or debris left by humans in space which refers to big objects such as dead satellites that have failed or been left in orbit at the end of their mission. B. All space junk is the result of us launching objects from Earth, and it remains in orbit until it re-enters the atmosphere. C. Space junk is no one countries? responsibility, but the responsibility of every spacefaring country. D. The NASA Orbital Debris Program officially began in 1979 in the Space Sciences Branch at the Johnson Space Centre (JSC) in Houston, Texas to create fewer orbital debris, and designs equipment to track and remove the debris already in space. E. The problem of managing space debris is both an international challenge and an opportunity to preserve the space environment for future space exploration missions. F. What's more, there are around 34,000 pieces of space junk bigger than 10 centimetres in size and millions of smaller pieces that could nonetheless prove disastrous if they hit something else.

101. Which of the following is the SECOND sentence after rearrangement?

- (a) B
 - (b) D
 - (c) A
 - (d) C
 - (e) F
-

102. Which of the following is the FOURTH sentence after rearrangement?

- (a) E
 - (b) D
 - (c) A
 - (d) B
 - (e) F
-

103. Which of the following is the FIRST sentence after rearrangement?

- (a) B
 - (b) D
 - (c) A
 - (d) C
 - (e) E
-

104. Which of the following is the FIFTH sentence after rearrangement?

- (a) F
 - (b) D
 - (c) A
 - (d) B
 - (e) C
-

105. Which of the following is the LAST step after rearrangement?

- (a) E
- (b) D

- (c) A
- (d) B
- (e) C

In the following questions two columns are given containing three sentences/phrases each. In first column, sentences/phrases are A, B and C and in the second column the sentences/phrases are D, E and F. A sentence/phrase from the first column may or may not connect with another sentence/phrase from the second column to make a grammatically and contextually correct sentence. Each question has five options, four of which display the sequence(s) in which the sentences/phrases can be joined to form a grammatically and contextually correct sentence. If none of the given options forms a correct sentence after combining, mark (e), i.e. ?None of these? as your answer.

106. Column (I) (A) We are all taught to love our country which we follow blindly (B) We must educate ourselves, open our mind, but more importantly open our eyes, (C) I think you will find lots of attitude changes Column (II) (D) because without that change won't happen and change isn't going to be overnight. (E) but in that process, we start hating each other. (F) and that stops us from appreciating other cultures, other countries, other people, other races, other religions.

- (a) A-F
- (b) B-D
- (c) A-E
- (d) Both

107. Column (I) (A) The types of ads being produced these days have shown great influence on the minds of people (B) Today the human needs are fulfilled (C) It is widely assumed that dark-skinned Blacks have higher rates of hypertension Column (II) (D) by persuading them through attractive advertising tactics. (E) than their lighter-skinned cohorts because the former experience greater racial discrimination. (F) and highlight the need to assess discrimination in studies of the skin colour?hypertension relationship.

- (a) B-D
- (b) A-D
- (c) C-E
- (d) C-F
- (e) Both

108. Column (I) (A) It might feel overwhelming when your child says (B) I can't promise you will 'make it, (C) Spending initial days of the lockdown was difficult Column (II) (D) would grow up to become a professional violinist.  - (d) Both
-

116. Know the ropes.

- (a) Make sure you know all the details regarding the new company where you are going for an interview.
 - (b) and
 - (c) Ramesh was not aware of his potential, until he met Anu.
 - (d) Both
 - (e) All
-

In each of the questions given below four words are given in bold. These four words may or may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. If the sentence is correct as it is then select option

117. Amit Shah was scheduled (A)to take part via video conferencing in the beneficiaries (B)for the programme (C)of over one lakh houses constructed(D) in Madhya Pradesh under the Pradhan Mantri Awas Yojana.

- (a) A-B
 - (b) B-C
 - (c) A-D
 - (d) Both A-D & B-C
 - (e) The sentence is correct
-

118. The map diverted (A) the total forest area shows (B) for projects (C) and defence development (D) between 1991 and 2021.

- (a) A-B
 - (b) Both A-B & C-D
 - (c) A-D
 - (d) Both A-C & B-D
 - (e) The sentence is correct
-

119. Heavy rise (A) on crude oil combined with a recent (B) uptick in international crude prices is responsible for this significant (C) price taxation (D).

- (a) A-B
 - (b) B-C
 - (c) Both A-D & B-C
 - (d) C-D
 - (e) The sentence is correct
-

120. The iPhone maker (A) suggested users (B) to place their watch on the charger (C) and then wait (D) for at least 30 minutes.

- (a) A-C
 - (b) B-D
 - (c) A-D
 - (d) Both A-C & B-D
 - (e) The sentence is correct
-
