SBI Clerk Prelims 2022

62 questions

In each of the questions below some statements are given followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements disregarding commonly known facts.

6. Statements: No tree is neem. No neem is root. All neem is fruit. Conclusion I: No root is fruit. II: Some tree are not fruit.

- (a) If only conclusion I follows.
- (b) If only conclusion II follows.
- (c) If either conclusion I or II follows.
- (d) If neither conclusion I nor II follows.
- (e) If both conclusions I and II follow.

7. Statements: Only hp is dell. Only a few core is hp. Only a few intel is core. Conclusion I: No dell is core. II: Some intel can be hp.

- (a) If only conclusion I follows.
- (b) If only conclusion II follows.
- (c) If either conclusion I or II follows.
- (d) If neither conclusion I nor II follows.
- (e) If both conclusions I and II follow.

8. Statements: Only a few A are B. All B are C. No B is D. Conclusion I: Some C is not A. II: Some A is not B.

- (a) If only conclusion I follows.
- (b) If only conclusion II follows.
- (c) If either conclusion I or II follows.
- (d) If neither conclusion I nor II follows.
- (e) If both conclusions I and II follow.

Read the following information and answer the question given below: Seven boxes are placed one above the other in a shelf. Either two or five boxes are placed above box T. Three boxes are placed between box T and box S. Box R is placed just above box S. The number of boxes placed above box R is same as the number of boxes placed below box D. Box C is placed adjacent to box D. Box B is placed above box M.

9. How many boxes are placed below box M?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) Five

10. How many boxes are placed between box C and box B?

- (a) Two
- (b) One
- (c) Three
- (d) Four
- (e) None of these

11. If all the boxes are arranged in alphabetical order from bottom to top, then how many boxes will remain same on their previous positions?

- (a) Four
- (b) Three
- (c) Two
- (d) One

(e) None

12. Which among the following box is placed at the bottommost position in the shelf?

- (a) Box C
 - (b) Box D
 - (c) None of these
 - (d) Box S
 - (e) Box M
-

13. In a class, Roma is 21st from the top and Sona is 17th from bottom. If three students are there between them, then find the total number of students in the class?

- (a) 40
 - (b) 38
 - (c) None of these
 - (d) Can't be determined
 - (e) 41
-

Read the following information and answer the given questions: In a family of seven members with two generations, all males are married. The members are X, P, Q, Y, Z, A and B. X is brother-in-law of A. A has only two children and both are of different gender. Mother-in-law of Q is sister of X. Mother of P is sister-in-law of Y. P and B are of same gender.

14. According to the given information, B is the spouse of _____.

- (a) Q
 - (b) X
 - (c) A
 - (d) Either Q or X
 - (e) None of these
-

15. What is the relation of P with respect to B?

- (a) Daughter
 - (b) Sister-in-law
 - (c) Mother
 - (d) Daughter-in-law
 - (e) None of these
-

Read the following number series carefully to answer the given questions:

19. If all the numbers are arranged in reverse order, then which of the following number will become 2nd from right end?

- (a) 457
 - (b) 523
 - (c) 264
 - (d) 945
 - (e) 748
-

20. What will be sum of all the digits of 3rd lowest number in the series?

- (a) 10
 - (b) 19
 - (c) 9
 - (d) 12
 - (e) None of these
-

21. If 1st digit is interchanged with 3rd digit within the numbers, then which among the following number will become the highest number?

- (a) 457
- (b) 945
- (c) 523

- (d) 264
 - (e) 748
-

22. If all the digits (within the number) are arranged in ascending order from left, then how many numbers will become even numbers?

- (a) Three
 - (b) Four
 - (c) Two
 - (d) One
 - (e) None of these
-

23. What will be the resultant if we add 2nd digit of each number?

- (a) 22
 - (b) 21
 - (c) 20
 - (d) 31
 - (e) None of these
-

Study the given information and answer the questions accordingly: Reem went 8m towards east from her house, then she took a right turn and walked 6m. Now, she went 14m towards her left. From here, she took two consecutive left turns of 17m and 10m respectively and reached her office.

24. Reem's house is in which direction from Reem's office?

- (a) South-west
 - (b) North-east
 - (c) South
 - (d) West
 - (e) None of these
-

25. What is the total distance between Reem's office and Reem's house?

- (a) 54m
 - (b) 56m
 - (c) 35m
 - (d) 55m
 - (e) None of these
-

26. If a cafe is 11m south from Reem's office, then what will be the shortest distance between Reem's house and cafe?

- (a) 18m
 - (b) 12m
 - (c) 16m
 - (d) 22m
 - (e) None of these
-

Study the following information and answer the questions given below. Eight persons from A to H have joined different offices in different months i.e., June, July, August and September in the same year. They have joined on either 9th or 15th of the month. Only one person has joined the office on the given date. At most three and at least one person joined after C. A joined on 9th July. Three persons joined between H and D. B joined just before H but both joined in different months. E is the 2nd person to join after G.

27. Who joined just after C?

- (a) F
 - (b) E
 - (c) B
 - (d) D
 - (e) None of these
-

28. If all the persons are arranged in alphabetical order from June to September, then the position of how many persons will remain same?

- (a) None
 - (b) One
 - (c) Three
 - (d) Two
 - (e) Four
-

29. Four of the following five are alike in a certain way and hence form a group. Who among the one that doesn't belong to that group?

- (a) H
 - (b) A
 - (c) F
 - (d) D
 - (e) C
-

31. Number of persons joined between D and G is same as the number of persons joined between ____ and ____.

- (a) F, E
 - (b) B, C
 - (c) A, C
 - (d) F, C
 - (e) B, E
-

61. A garden is in the form a rectangle having its side (length and breadth) in the ratio 7:5 respectively and the area of the garden is 3500m². Then find the perimeter of the garden.

- (a) 240 m
 - (b) 140 m
 - (c) 180 m
 - (d) 290 m
 - (e) 320 m
-

62. Average of eight numbers is 40 and average of first two numbers is 25. If the average of last four number is 40, then find the sum of third and fourth number?

- (a) 120
 - (b) 110
 - (c) 100
 - (d) 90
 - (e) 130
-

63. 8 men and 5 women together can complete the work in 5 days and 4 men and 4 women can complete the work in 8 days. In how many days 2 men and 2 women can complete the work?

- (a) 18 days
 - (b) 8 days
 - (c) 12 days
 - (d) 16 days
 - (e) 17 days
-

64. P, Q, and R started the business with the investment Rs.20,000, Rs. 25,000 and Rs.30,000 respectively. After 4 months P invested Rs.4,000 more and Q invested Rs. 3,000 more. At the end of the year profit earned by Q is Rs. 3,240. Then find the amount earned by R.

- (a) Rs 3,500
 - (b) Rs 2,700
 - (c) Rs 3,600
 - (d) Rs 2,200
 - (e) Rs 4,500
-

65. A boy is walking at a speed of 10 km/h along a railway track. If he is 800 m ahead of the train which is 400 m long and runs at a speed of 160 km/h in the same direction, then what is the time required to pass a boy?

- (a) 15.2 sec

- (b) 18.3 sec
 - (c) 12.5 sec
 - (d) 28.8 sec
 - (e) 8.6 sec
-

66. Three pipes A, B and C are opened to fill a tank such that B and C can fill the tank alone 18 hours and 12 hours respectively and pipe A can empty it 15 hours. If after 5 hours pipe A is closed, then in how many hours the remaining tank will be filled?

- (a) None of these
 - (b) 2 hours 50 min.
 - (c) 1 hours 45 min.
 - (d) 1 hours 15 min.
 - (e) 4 hours 36 min.
-

67. Neeraj buys an article for Rs. 3,000. He sold it at profit 20% & get some money and from that money he buys an article and got 25% loss. What was the profit / loss he got from the transaction?

- (a) Rs. 500 profits
 - (b) Rs. 300 losses
 - (c) Rs.300 profit
 - (d) Rs. 500 losses
 - (e) Neither profit nor loss
-

68. In an election between 2 candidates. If 10% of voter didn't vote and 15% vote are declared invalid out of total voters and the winner get 60% of the valid votes and gets 180 votes, then find the no. of voters in the voting list.

- (a) 400
 - (b) 410
 - (c) 435
 - (d) 475
 - (e) 480
-

69. A boat can travel with 60 km along the flow of a river in 6 hours. If it takes 10 hours to return the same distance, then what is the speed of the flow of the river?

- (a) 3.5 km/h
 - (b) 2 km/h
 - (c) 4 km/h
 - (d) 1 km/h
 - (e) 0.5 km/h
-

70. A mixture of milk and water containing 40 liters of water and y liters of milk. If 50 liters milk is added to the mixture. Then the ratio of milk and water in the resultant mixture become 3:2. Then find the value of y?

- (a) 5 liters
 - (b) 15 liters
 - (c) 25 liters
 - (d) 10 liters
 - (e) 20 liters
-

Read the given passage carefully and answer the following questions. Certain parts have been highlighted to help answer the questions. The era of 21st century is often regarded as an era of technology. Technology, today, plays a very important role in our life. It is seen as a basis of growth of an economy. An economy which is poor in technology can never grow in today's _____. This is because technology makes our work much easier and less time consuming. The impact of technology can be felt in every possible field one such field is Education. According to the latest insights as to how exactly modern students of today prefer to use technology and how does their learning get an impact if they use technology, it was revealed that the use of modern equipment technology and tools, the learning and interactivity of students increases. They also find it much more interactive, as well as full of interesting areas, when aided by technology. The transfer of knowledge becomes very easy and convenient, as well as effective. What this means is, that our minds now tend to work faster when assisted with the use of modern technology, be it any part of life, here we talk about education. The reliance and dependence of such an innovation, that simply makes life an easy, smooth journey is completely unavoidable these days even in schools, universities and colleges. Students today can make use of technology in the following ways: Internet connection and round the clock connectivity. The internet has grown in importance by many folds, over the process of decade. Its importance in the education world can now never be undermined. Despite the chances of fraud and drawbacks, the use of the internet is like a blessing for students. Today, the internet is something that is present in almost everything we use. From television to gaming consoles, and our phones, the internet is literally everywhere. The use of the internet allows students to find amazing convenience, they can find various kinds of help, tutorials and other kinds of assisting material which could be used to academically improve and enhance their learning. Visual images always have a strong appeal compared to words. Using projectors and visuals to aid in learning is another form of great technological use. Top institutions around the world, now rely on the use of amazing PowerPoint presentations and projections in order to keep the learning interactive and interesting. Technological use such as projectors within the schools and colleges can take the interaction and interest levels right up and also improve motivation. Students like to see appealing visuals and something that entices them to think rather than just reading words. This way learning part also becomes easy and efficient.

71. How does technology play an important role in an economy?

- (a) Technology makes all economic transactions cost-efficient by including fewer resources
- (b) Work can be done in a simple way and within less time using technology
- (c) Technology helps to keep all necessary economic data and information for long term thus making operation hassle free
- (d) Technology opens up new horizons in all fields of knowledge in economics
- (e) None of these

72. What is/are the impression(s) of technology in the education field?

- (a) Providing education becomes facile as well as effective using technology
- (b) Technology impels our minds to work faster
- (c) Technology makes students inclined to many interesting areas
- (d) Students' learning and interactivity increase when they use technology
- (e) All of these

73. In what way(s) internet helps students in their activities?

- (a) Visualization of images helps students in better learning and understanding
- (b) Internet is a means for students to get study notes which increase their learning
- (c) Through the online study materials internet brings convenience in students' life.
- (d) Only

74. Why many institutions are preferring PPT for learning?

- (a) PowerPoint presentation is economical because it can be used many times unlike books
- (b) Elite institutions are making learning engrossing and interactive for students
- (c) They are trying to make learning accessible in rural and outskirts areas through PPT
- (d) Because PowerPoint presentation is a great way to save trees throughout the world
- (e) None of these

75. Why does the author mention that technology is making the learning part also efficient?

- (a) For the reason that students can approach many teachers and institutions simultaneously using technology
- (b) Since lockdown restricted students to their homes, technology emerged as a new medium of learning
- (c) Because students can use search engines using technology for further information on the subject-matter
- (d) Because students are looking forward to the way which persuades them to ponder instead of just reading

(e) None of these

76. Which of the following statements is/are NOT TRUE as per the passage? (i) With the assistance of modern technology, human brains work faster (ii) The emergence of the era of technology was witnessed in the 19th century (iii) Students can avail of internet connection 24*7 whenever they want

- (a) Both (i) & (iii)
 - (b) Only (ii)
 - (c) Both (ii) & (iii)
 - (d) Only (iii)
 - (e) Only (i)
-

77. Which of the following words is the most suitable word for the given blank in the paragraph?

- (a) vindication
 - (b) scenario
 - (c) copious
 - (d) repulsive
 - (e) None of these
-

78. Which of the following words is an antonym of 'Innovation' given in the passage?

- (a) forge
 - (b) tradition
 - (c) rebuke
 - (d) sullen
 - (e) None of these
-

79. A phrase is given in bold in the passage. Find out which of the following words can be used as a one-word substitution of the given phrase?

- (a) pansophist
 - (b) omnipresent
 - (c) omnipotent
 - (d) omniscient
 - (e) None of these
-

Read each sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If there is no error, then choose option 'No error' as your answer choice. (Ignore errors of punctuation, if any.)

80. If a theft has been committed (A)/ in a nationalised bank, (B)/ the local police station (C)/ will first investigate the crime (D)/ No Error (E) (a)A (b)B (c)C (d)D (e)No Error

(no options)

81. State is already able (A)/ to provide mostly health services (B)/ in the public sector (C)/ with good effect (D)/ No Error (E) (a)A (b)B (c)C (d)D (e)No Error

(no options)

82. The merger of services provide (A)/ an opportunity to redesign the training (B)/ for newly recruited (C)/ officers to make them future ready (D)/ No Error (E) (a)A (b)B (c)C (d)D (e)No Error

(no options)

83. The pandemic has impacted (A)/ many young children across India (B)/due to the sporadic closure (C)/ of Anganwadi centers and private schools (D)/ No Error (E) (a)A (b)B (c)C (d)D (e)No Error

(no options)

84. There are different (A)/ kind of software (B)/ licenses that allow (C)/ free use of software (D)/ No Error (E) (a)A (b)B (c)C (d)D (e)No Error

(no options)

In the following passage, there are some highlighted words, each of which has been numbered. The highlighted words may or may not be used correctly in the given passage. Against each number, four options are given. Find the most appropriate word from the given options which could replace the highlighted word. If the highlighted word has been used correctly then ?No replacement required? will be your right answer choice.

85. City life is very modern life. There are many luxuries and comfortable intensities (85) in the city?s life. The city is the most charming place that beat (86) people from rural areas. In the city, many people live comfortably because of cultural, economic, and commercial facilities. Lifestyle in the town attracts people to mitigate (87) from rural to urban life. This is because when you live in the city, you have easy excess (88) to social amenities, entertainment facilities, and excellent infrastructure. The charm of city life is the major reason for the top level of migration from rural areas. However, expelling (89) to what people believe, living in the city has its pros and cons. Undoubtedly, life in a large city is lovely to see, but the negative side behind it is much more terrifying. The noise and bustle, smoke and dust, the air of haste and anxiety aids (90) the city life. A man living in the city life the most unpleasant. Accustomed to all his days, to quickly take his own life, he feels a stranger. He loses his hearing in constant noise and senses high voltage.
(c) amenities (d) ruinous (e) No replacement required
(a) revival (b) seizure

86. City life is very modern life. There are many luxuries and comfortable intensities (85) in the city?s life. The city is the most charming place that beat (86) people from rural areas. In the city, many people live comfortably because of cultural, economic, and commercial facilities. Lifestyle in the town attracts people to mitigate (87) from rural to urban life. This is because when you live in the city, you have easy excess (88) to social amenities, entertainment facilities, and excellent infrastructure. The charm of city life is the major reason for the top level of migration from rural areas. However, expelling (89) to what people believe, living in the city has its pros and cons. Undoubtedly, life in a large city is lovely to see, but the negative side behind it is much more terrifying. The noise and bustle, smoke and dust, the air of haste and anxiety aids (90) the city life. A man living in the city life the most unpleasant. Accustomed to all his days, to quickly take his own life, he feels a stranger. He loses his hearing in constant noise and senses high voltage.
(a) attracts (b) appalls (c) invasions (d) dissipates (e) No replacement required

87. City life is very modern life. There are many luxuries and comfortable intensities (85) in the city?s life. The city is the most charming place that beat (86) people from rural areas. In the city, many people live comfortably because of cultural, economic, and commercial facilities. Lifestyle in the town attracts people to mitigate (87) from rural to urban life. This is because when you live in the city, you have easy excess (88) to social amenities, entertainment facilities, and excellent infrastructure. The charm of city life is the major reason for the top level of migration from rural areas. However, expelling (89) to what people believe, living in the city has its pros and cons. Undoubtedly, life in a large city is lovely to see, but the negative side behind it is much more terrifying. The noise and bustle, smoke and dust, the air of haste and anxiety aids (90) the city life. A man living in the city life the most unpleasant. Accustomed to all his days, to quickly take his own life, he feels a stranger. He loses his hearing in constant noise and senses high voltage.
(b) migrate (c) imperils (d) conveys (e) No replacement required
(a) assent

88. City life is very modern life. There are many luxuries and comfortable intensities (85) in the city?s life. The city is the most charming place that beat (86) people from rural areas. In the city, many people live comfortably because of cultural, economic, and commercial facilities. Lifestyle in the town attracts people to mitigate (87) from rural to urban life. This is because when you live in the city, you have easy excess (88) to social amenities, entertainment facilities, and excellent infrastructure. The charm of city life is the major reason for the top level of migration from rural areas. However, expelling (89) to what people believe, living in the city has its pros and cons. Undoubtedly, life in a large city is lovely to see, but the negative side behind it is much more terrifying. The noise and bustle, smoke and dust, the air of haste and anxiety aids (90) the city life. A man living in the city life the most unpleasant. Accustomed to all his days, to quickly take his own life, he feels a stranger. He loses his hearing in constant noise and senses high voltage.
(c) access
(a) resolute (b) perturb
(d) outrage (e) No replacement required

89. City life is very modern life. There are many luxuries and comfortable intensities (85) in the city's life. The city is the most charming place that beat (86) people from rural areas. In the city, many people live comfortably because of cultural, economic, and commercial facilities. Lifestyle in the town attracts people to mitigate (87) from rural to urban life. This is because when you live in the city, you have easy excess (88) to social amenities, entertainment facilities, and excellent infrastructure. Accustomed to all his days, to quickly take his own life, he feels a stranger. He loses his hearing in constant noise and senses high voltage.
(a) stung (b) esteem (c) convalesce (d) jolt (e) No replacement required

Which of the phrase/ word from the options (A), (B), (C) and (D) given below in each sentence should replace the phrase printed in bold letters to make the sentence grammatically correct? If the sentence is correct as it is, then mark option ?No replacement required? as the answer.

91. The nutrition labelling system for food packets will enables consumers to make healthy choices. (a) will enable consumers to make (b) will enable consumers to made (c) will enable consumers to making (d) will enabling consumers to make (e) No replacement required
(no options)

92. The growing concern over climate change has led to globally efforts to electrify the transportation sector. (a) have led to global efforts to electrify (b) has lead to global efforts to electrify (c) has led to global efforts to electrify (d) having led to global efforts to electrify (e) No replacement required
(no options)

93. The novel coronavirus is still lurking and it could triggers a fresh wave of infections (a) it could triggered a (b) they could trigger a (c) it could trigger a (d) it could trigger many (e) No replacement required
(no options)

94. RBI had decided to increase the policy interest rates in a bid to curb accelerating inflation. (a) in a bid to curb accelerate (b) in a bids to curb accelerating (c) in a bid to curbing accelerating (d) in a bid to curbs accelerating (e) No replacement required
(no options)

95. April services growth is at a five-month high despite of inflation (a) high in spite inflation (b) high despite inflation (c) high since inflation (d) high in spite by inflation (e) No replacement required
(no options)

In each of the questions given below four words are given in bold. These words may or may not be in their correct position. Following each sentence four sequences are provided. Select the sequence of the words which will make the given sentence contextually meaningful. If the words are correct at their current position, then choose option (No rearrangement required) as your answer.

96. Mr. Naidu overhaul (A) the National Education Policy as a far-sighted blueprint that will praised (B) the country's educational imparting (C) by stressing the importance of landscape (D) education in one's mother tongue.
(a) ACBD
(b) BADC
(c) CBAD

- (d) DACB
 - (e) No rearrangement required
-

97. The year-long participation (A) festivities of Delhi University began with a rise (B) of its founders' day, which highlighted the university's celebration (C) from three colleges in 1922 to 90 institutions today, as well as its centennial (D) in the war for independence.

- (a) CBAD
 - (b) ABDC
 - (c) BCAD
 - (d) DCBA
 - (e) No rearrangement required
-

98. In line with the transit (A) for rehabilitating the dwellers (B), the authorities directed residents to move to a policy (C) camp at Anand Parbat till the completion (D) of redevelopment work.

- (a) CBAD
 - (b) ACDB
 - (c) ADCB
 - (d) DCBA
 - (e) No rearrangement required
-

99. In India, the National Ayush Mission (NAM) was launched (A) in 2014 by the Department of Ayush, Ministry of Health and Family Welfare, to promote (B) Ayush systems and address (C) the needs of the sector in a comprehensive (D) way.

- (a) ACBD
 - (b) CADB
 - (c) DCAB
 - (d) BACD
 - (e) No rearrangement required
-

100. In experimented (A) search of his second victory(B) of the year, David Cone has adjustment (C) with every kind of desperate (D), from tempo to grip to stance.

- (a) ACBD
 - (b) BADC
 - (c) BDAC
 - (d) DBAC
 - (e) No rearrangement required
-
