In the following passage, several blanks have been provided, each followed by a set of options. Choose the word that is not suitable to fill the given blank. Hate is not an _____ (A) emotion?it is cultivated through adverse experiences. Often, a single painful incident can ignite a feeling of betrayal, injustice, or humiliation, which, if left unresolved, transforms into _____ (B) and eventually, hatred. For instance, a person who faces public ridicule or emotional abandonment may begin to foster deep hostility not only toward the offender but also toward similar individuals or situations. This emotion, although reactive, is _____ (C). Hatred distorts perception, clouds judgment, and disrupts emotional stability. It narrows our capacity to trust, to empathize, and even to hope. Over time, it can evolve into a _____ (D) state of negativity, affecting relationships, productivity, and mental well-being. However, it is essential to recognize that hate often masks _____ (E) pain. Rather than suppressing it or allowing it to fester, individuals must confront its origin. Reflection, honest self-inquiry, and emotional articulation are necessary steps toward healing. Forgiveness?though often misunderstood?is not about excusing the wrong, but about releasing the emotional grip it holds over us. Understanding hate requires emotional maturity. It is a signal, not a solution. While it may arise naturally, choosing to live with it is _____ (F). The real strength lies in transforming that pain into insight, and using it to cultivate resilience and compassion. Hate may expose our wounds, but it is through acceptance and understanding that we begin to heal and reclaim our emotional freedom.

 - (c) Both A and B
 - (d) only C
 - (e) None is correct
-

Rearrange the following sentences to form a logically coherent and meaningful paragraph. Note: Sentence (G) is fixed in its position. A. Sucrose, the last among the three, possesses the most complex chemical structure and is slightly harder to digest, although it remains relatively easy to process. B. These three types of sugars can be distinguished based on their content and chemical composition. Glucose, which has the simplest structure, can be directly extracted from corn and is rapidly digested by the human body. C. Honey contains varying amounts of fructose and sucrose depending on its botanical source; however, it also includes unique elements that set it apart from other sugars. D. The enzymes present in honey originate either from the plants it is derived from or are secreted by bees during the production process. E. Fructose, the second type, features a slightly more complex chemical structure than glucose and occurs naturally in fruits. F. Glucose, fructose, and sucrose are three primary types of sugars, all of which offer nearly the same caloric value per gram. G. What sets it apart are the beneficial enzymes it contains, which aid in breaking down the two sugars into glucose.

59. Which of the following is the first sentence in the sequence after the rearrangement?

- (a) A
 - (b) H
 - (c) E
 - (d) F
 - (e) D
-

60. Which of the following is the second sentence in the sequence after the rearrangement?

- (a) B
 - (b) H
 - (c) E
 - (d) F
 - (e) D
-

61. Which of the following is the third sentence in the sequence after the rearrangement?

- (a) A
 - (b) H
 - (c) E
 - (d) F
 - (e) D
-

62. Which of the following is the sixth sentence in the sequence after the rearrangement?

- (a) B
 - (b) H
 - (c) E
 - (d) F
 - (e) D
-

63. Which of the following is the fifth sentence in the sequence after the rearrangement?

- (a) A
 - (b) H
 - (c) E
 - (d) F
 - (e) C
-

In the question below, few sentences have been given. Find out which of the following sentence is grammatically and contextually correct.

64. A. Light-headedness can sometimes indicative an underlying medical condition, which can lead to a higher chance of experiencing a fall. B. The tickets for the movie will be available three weeks prior to its release. C. People were demanding an independent probe and the suspense of several high-level officials.

- (a) Only A
 - (b) Only A and B
 - (c) Only B
 - (d) Only B and C
 - (e) Only A and C
-

Complete the sentence meaningfully using the best possible starter. Choose the option that most effectively conveys the sequence and impact described in the original passage.

- (c) BCEDA
- (d) CBDEA
- (e) No rearrangement required

70. In the question below, few sentences have been given. Find out which of the following sentence is error-free. A. The government website provide accurate information about policies and regulations. B. All attendees were mandated to adhere to the official dress code. C. It is important to analyse market trends before making any decisions.

- (a) Only C
- (b) Both C and A
- (c) Both A and B
- (d) Both B and C

(e) Only A

71. In the question below, few sentences have been given. Find out which of the following sentence is grammatically and contextually incorrect. A. The implementation of this application has simplified multiple work processes, thus save us a significant amount of time. B. Neither the team leader not his colleagues managed to complete the project within the deadline. C. Drinking warm water after waking up in the morning helps strengthen your immune system.

- (a) both B and C
- (b) both A and B
- (c) only C
- (d) only A
- (e) None is incorrect

72. In the question below, few sentences have been given. Find out which of the following sentence is incorrect. A. A day after experiencing moderate rainfall, the city encountered intense downpours that lasted to the weekend. B. Several universities strive to ensure that scientists are rewarded based on the quality of their work and the number of new insights they generation. C. Many people are experimenting with chatbots in the hope let artificial intelligence (AI) can enhance their daily lives.

- (a) both B and C
- (b) only C
- (c) both A and B
- (d) only A
- (e) All are incorrect

Read the following passage and answer the given questions. India's electric vehicle (EV) industry is undergoing a profound transformation. Once marred by scepticism, financial constraints, and infrastructural shortcomings, the sector is now accelerating toward a cleaner, technology-driven future. The most notable momentum is observed in the electric two-wheeler (E2W) segment, where sales have reached a significant 18 million units. This surge is fuelled by a combination of factors: evolving consumer preferences, cost-efficiency, and concerted policy interventions aimed at mainstreaming e-mobility. The industry's initial journey was fraught with economic setbacks. High battery costs, limited product availability, and nascent infrastructure impeded early adoption. Traditional automotive giants exercised caution, while start-ups and new entrants struggled with scalability and profitability. However, technological breakthroughs, particularly in battery design, have ushered in a phase of renewed optimism. Enhanced energy density, reduction in dependency on expensive raw materials such as cobalt, and advances in battery recycling have significantly curtailed production costs. Parallely, the incorporation of artificial intelligence (AI) and machine learning (ML) is revolutionising vehicle intelligence. Features like adaptive cruise control, predictive maintenance, and advanced driver assistance systems (ADAS) are redefining user experience, especially among Gen Z consumers who demand innovation, sustainability, and digital integration in mobility solutions. Government initiatives like FAME-II, EMPS 2024, and Battery-as-a-Service (BaaS) are playing a pivotal role in ecosystem development. With the rollout of over 74,000 EV chargers, including 48,400 fast chargers, India is rapidly addressing range anxiety and enhancing user confidence. These developments are not only catalysing EV adoption but also compelling legacy automakers to pivot, innovate, and invest in electrification. The _____ are unmistakable. The traditional internal combustion engine (ICE) sector is being redefined as manufacturers embrace hybrid models, enter EV joint ventures, and realign long-term strategies. The discourse has shifted from 'if and why?' to 'how and when,' reflecting an irreversible momentum. While challenges persist—especially in rural connectivity, component dependency, and grid readiness—the trajectory is promising.

73. Which of the following statements are logically inferred from the passage? (i) The central government has to 75% of infrastructure and fiscal policies to not only supporting existing EV manufacturers but are also influencing traditional automobile companies to shift strategies. (II) Technological innovations have not only made EVs cheaper to produce but have also contributed to features that align with changing consumer demands. (III) The growth of electric vehicles in India has primarily been driven by rural demand and local manufacturing incentives.

- (a) Only (I)
- (b) Both (I) and (II)
- (c) Only (III)
- (d) Both (I) and (III)
- (e) All (I), (II), and (III)

74. Identify the statement(s) that is/are factually and contextually CORRECT based on the passage. (I) The EV industry in India initially faced setbacks due to cautious investment by established companies and the high cost of batteries. (II) Artificial intelligence in EVs has been used primarily to enhance battery lifespan and reduce energy consumption during idle periods. (III) Government policies like FAME-II and EMPS 2024 have been instrumental in overcoming consumer hesitation about switching to electric mobility.

- (a) Only (I)
 - (b) Both (I) and (III)
 - (c) Only (II)
 - (d) Both (II) and (III)
 - (e) All (I), (II), and (III)
-

75. Which of the following statement(s) present an incorrect interpretation of the ideas conveyed in the passage? (I) The integration of artificial intelligence in electric vehicles caters primarily to the operational needs of logistics and fleet companies rather than individual consumers. (II) The decline in dependency on materials like cobalt has completely eliminated supply chain issues in EV manufacturing. (III) The Indian EV market's rapid growth is largely a result of rural consumers adopting two- and three- wheelers for agricultural use.

- (a) Only (I)
 - (b) Both (I) and (III)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) Only (II)
-

76. Identify the statement(s) that correctly infer the nature of challenges faced by India's EV sector according to the passage. (I) The EV industry continues to be hindered primarily by a lack of technological advancement in vehicle software and battery chemistry. (II) Although much of the ecosystem has matured, rural infrastructure gaps and grid limitations remain significant barriers to full-scale adoption. (III) High initial costs of EVs and lack of market competition remain the biggest reasons for low consumer interest in electric vehicles.

- (a) Only (I)
 - (b) Both (I) and (III)
 - (c) Only (II)
 - (d) Both (II) and (III)
 - (e) Only (III)
-

77. Which of the following statement(s) reflect an incorrect or skewed interpretation of the role of government policies in India's EV transition, based on the passage? (I) The Indian government's initiatives are mainly focused on subsidising vehicle buyers and offer minimal support for infrastructure development or battery recycling. (II) Policies like EMPS 2024 are aimed at shifting consumer behaviour through digital education and awareness campaigns rather than providing any material infrastructure. (III) FAME-II and Battery-as-a-Service are part of an integrated policy framework aimed at increasing EV adoption through financial, infrastructural, and operational support.

- (a) Only (I)
 - (b) Both (I) and (II)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) Only (II)
-

78. Which of the following phrases is most suitable to fill the given blank?

- (a) technological criticisms
 - (b) ripple effects
 - (c) infrastructure failures
 - (d) operational loopholes
 - (e) manufacturing oversights
-

79. Which of the following words is most similar in meaning to 'fraught' as used in the passage?

- (a) equipped
- (b) composed
- (c) neutral
- (d) aligned

(e) burdened

80. Which of the following words is most similar in meaning to 'ushered' as used in the passage?

- (a) obstructed
 - (b) eliminated
 - (c) initiated
 - (d) delayed
 - (e) dissolved
-

81. In each of the questions, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank in the same order so to make a grammatically and logically correct statement.

Although the diplomatic overtures appeared conciliatory on the surface, they barely managed to _____ the deep-seated mistrust between the two nations, making the entire engagement seem more like a performative gesture than a genuine attempt to _____ longstanding hostilities.

- (a) mask, perpetuate
 - (b) address, rekindle
 - (c) mitigate, dismantle
 - (d) conceal, ignite
 - (e) fabricate, intensify
-

82. In each of the questions, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank in the same order so to make a grammatically and logically correct statement.

The recent economic survey reveals a worrying trend in which rising urban consumption has failed to _____ corresponding gains in rural productivity, thereby risking a policy vacuum that could eventually _____ into a chronic structural imbalance in the national economy.

- (a) catalyse, escalates
 - (b) justify, collapse
 - (c) translate, ossify
 - (d) induce, fade
 - (e) inflect, evolve
-

83. In each of the questions, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank in the same order so to make a grammatically and logically correct statement.

The opposition leader's fiery rhetoric, though electrifying to the base, failed to _____ the broader electorate that the party could govern effectively and, according to analysts, may have even begun to _____ the party's appeal among centrist voters seeking stability.

- (a) persuade, erode
 - (b) distract, amplify
 - (c) mitigate, dismantle
 - (d) dissuade, bolster
 - (e) impress, enshrine
-

84. In the following question, a sentence with a highlighted phrase is given which may or may not be correct. Choose the correct option to replace the highlighted phrase. No Sooner have employees, burdened by unrealistic expectations and deprived of support, thrived in environments where empathy is neither practiced nor prioritized. (I) Rarely have employees (II) Employees have rarely (III) Employees have been scarcely

- (a) Only (I)
 - (b) Both (I) and (III)
 - (c) Only (II)
 - (d) Both (I) and (II)
 - (e) No replacement required
-

85. Read the following sentences carefully and identify which of them use the word "sprig" correctly in context. A. She tucked a sprig of rosemary behind her ear before stepping into the kitchen to prepare the festive roast. B. The officer handed over a sprig of medals to the soldier during the ceremonial parade. C. As the first rays of sunlight touched the soil, a delicate sprig emerged from the ground, promising the arrival of spring.

- (a) Only A

- (b) Both A & B
 - (c) Both A & C
 - (d) All A, B & C
 - (e) None are correct
-

86. In the following question, a sentence with a highlighted phrase is given which may or may not be correct. Choose the correct option to replace the highlighted phrase. If the team would have submitted the proposal on time, they could have secured the funding for the project. (I) If the team had submitted (II) Had the team submitted (III) If the team have submitted

- (a) Only (I)
 - (b) Both (I) and (II)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) No replacement required
-

Read the following passage and answer the given questions. The traditional interview process often relies on the candidate's ability to describe their prior experiences, qualifications, past work duties, and skillsets ? an approach that creates a larger barrier to recruitment and selection for most non-native speakers. Managers should consider whether candidates should be tested on their ability to talk or write about their skills, or on their ability to demonstrate these skills in practice. To this end, rather than testing oral or written communication aptitude, companies can adopt innovative ways to test practical and technical on-the-job skills, in which candidates are asked to perform a task and are _____ on their proficiency in execution rather than language fluency. For example, specific skills assessments such as coding tasks in IT, computational challenges in finance, or portfolio reviews in creative professions or construction would allow candidates to demonstrate their potential contribution to the role. Additionally, some employers work with bilingual managers and assigned mentors who can support refugees in their work transition when needed. Others rely on technology, using language apps designed specifically to teach workers the technical vocabulary required for a given job. In the long term, the investment in language development could allow companies to capitalize on the skills of their multicultural and multilingual workforce, who can better serve their increasingly diverse customer base.

87. Which of the following best summarizes the central argument presented in the passage?

- (a) Traditional interviews are universally effective in assessing a candidate's communication and job performance skills, especially for native speakers.
 - (b) The interview process should continue to prioritize oral and written communication to maintain professional standards across industries.
 - (c) Recruitment strategies must evolve to emphasize candidates' practical demonstration of skills over their verbal articulation, especially to support non-native speakers and promote inclusivity.
 - (d) All organizations must adopt a single standardized skill assessment model that eliminates interviews altogether to ensure fairness in selection.
 - (e) Language proficiency tests should be made more rigorous in interviews to ensure only well-spoken professionals are recruited.
-

88. What assumption does the author make about the relationship between language skills and job performance?

- (a) High language proficiency always results in high job productivity, particularly in technical roles.
 - (b) Language skills are irrelevant in all professional fields and should not be a consideration in recruitment.
 - (c) Fluency in communication may not accurately reflect a candidate's job capabilities, and overemphasis on it can limit access for capable non-native speakers.
 - (d) Multilingual individuals automatically outperform monolingual individuals due to broader vocabulary and cultural awareness.
 - (e) Employees with poor communication skills will struggle regardless of their technical competency.
-

89. According to the passage, which of the above statements is/are correct? (I) The traditional interview process disadvantages non-native speakers by emphasizing language proficiency over job-related capabilities. (II) Companies that invest in developing the language skills of non-native employees may be better equipped to serve a diverse clientele in the future. (III) Replacing traditional interviews with standardized language tests is the most effective method to promote inclusivity in hiring.

- (a) Only (I) is correct
- (b) Only (II) is correct
- (c) Both (I) and (III) are correct

- (d) Both (I) and (II) are correct
(e) All (I), (II), and (III) are correct

90. Choose the appropriate word to fill the given blank.

- (a) commanded
(b) regulated
(c) fostered
(d) declined
(e) evaluated

The table given below show total number of fruits (Apples & Mangoes) sold by three shops and the ratio of apples to mangoes sold by these three shops. Read the data carefully and answer the questions given below. Note: The difference between mangoes and apples sold by shops A is 16.

91. Find the difference between total number of mangoes sold by shops A & C together and total number of apples sold by shops A & B together?

- (a) 50
(b) 89
(c) 68
(d) 87
(e) 97

92. The average number of apples sold by A, C and D is 32. If the ratio of total number of apples to mangoes sold by D is $p : q$ and total mangoes sold by D are of total mangoes sold by C, then find the value of q ?

- (a) 0.5
(b) 3
(c) 1.5
(d) 2
(e) 1

93. Shop C sold 40% of total available fruits (Apples & Mangoes) and the ratio of total unsold mangoes to sold mangoes by shop C is $5 : p+2$, then find the total unsold apples by shop C is what percent of more than total sold mangoes by shop A?

- (a) 40%
(b) 30%
(c) 20%
(d) 15%
(e) 25%

94. Shops C purchased each apple and mango at Rs 10 & Rs. 15, and he sold all fruits at profit of 40%. Find the total profit of received by C (C sold all purchased fruits)?

- (a) 612 Rs.
(b) 556 Rs.
(c) 672 Rs. / 672
(d) 652 Rs. / 652
(e) 692 Rs. / 692

100. Two roots of equation $x^2 + Px + 84 = 0$ is a and b , and $a-b = 5$. Quantity I: Value of $2P$ Quantity II: Value of $b^2 + a + 1$

- (a) $I > II$ / Quantity I > Quantity II
(b) $I < II$ / Quantity I < Quantity II
(c) $I = II$ / Quantity I = Quantity II
(d) $I \neq II$ / Quantity I $\neq$ Quantity II
(e) $I = II$ or no relation

101. A bag contains x black marbles, $x+10$ white marbles and $x+20$ yellow marbles. The probability of drawing one white marble randomly is $\frac{1}{6}$ more than probability of drawing one black marble randomly. Quantity I: Total number of yellow marbles in the bag. Quantity II: $40 \times \frac{x}{x+10} + \frac{x+20}{x+10}$. Which of the following is true?
- (a) Quantity I > Quantity II
(b) Quantity I < Quantity II
(c) Quantity I = Quantity II
(d) Quantity I > Quantity II or no relation
(e) Quantity I = Quantity II or no relation

There are two series I and II given below, and both series follow the same pattern. Find the missing terms of series II and answer the following questions. I: 386, 194, 98, 50, 26, 14, 8. II: 834, 418, P, Q, R, S, 15. Which of the following statement/s is or are definitely true?

- (a) Only I and II / I > II
(b) Only I / I > II
(c) Only II / I < II
(d) All I, II and III / I, II > III
(e) Only I and III / I > III

103. Find the 50% of $Q + R$? $Q = 50\% + R$

- (a) 80
(b) 75
(c) 60
(d) 107
(e) 100

104. Which of the following statement/s is or are definitely true? I. Sum of P and R is odd number II. Sum of P and R is completely divisible by 4 III. Sum of R and S is less than 4th term of series I. P = 2R, R = 4S. Which of the following is true?

- (a) Only I and II / I > II
(b) Only I / I > II
(c) Only II / I < II
(d) All I, II and III / I, II > III
(e) Only I and III / I > III

There are two series I and II given below, and both the series follow different patterns. A and B are missing terms of I & II respectively. Find the value of A and B, and answer the questions given below. I: 16, A, 10, 21, 85, 681. II: 44, 52, 64, 80, B, 124

105. Which of the following statement/s is or are correct? (i) A is a perfect square (ii) $B = 10A$ (iii) $B = (A+1)^2$

- (a) Only (ii) and (iii) / (ii) > (iii)
(b) Only (i) and (ii) / (i) > (ii)
(c) Only (i) / (i) > (ii)
(d) All (i), (ii) and (iii) / (i), (ii) > (iii)
(e) Only (i) and (iii) / (i) > (iii)

106. Find the value of $4A+2B$? $4A+2B = \frac{1}{2}(A+B)$

- (a) 218
(b) 418
(c) 236
(d) 136
(e) 256

119. Vessel P contains 56 liters of a mixture of milk and water in the ratio of 3:1, and vessel Q contains 40% water and the rest milk. 25% of mixture Q and 60% of mixture P are taken out and poured into empty vessel R. If the ratio of water to milk in vessel R is 52:141, respectively, then find how much milk was taken out from vessel Q (in liters). $\frac{52}{141}$ P 3 : 1 Q 40% R 52 : 141 Q ?

- (a) 3
- (b) 52
- (c) 1
- (d) 4
- (e) 5

120. is a mixed fraction and the whole number P is prime number. The denominator is Q, which is a multiple of 2. The product of the whole number and the denominator is 18. If the product of the denominator and numerator is 24, then find the value of b. $\frac{b}{Q}$ P Q 2 18 24 b

- (a) 3
- (b) 4
- (c) 2
- (d) 1
- (e) 5

121. P and Q can complete $\frac{3}{2}$ times the work in 9 days. R (working twice of efficiency) and P together can complete the work in 5 days. Find the time (in days) taken by P, Q, and R (working twice of efficiency) together to complete 20% more of the work. P Q 9 $\frac{3}{2}$ R (2P) (2Q) (2R) 20%

- (a) 12
- (b) 14
- (c) 18
- (d) 8
- (e) Can't be determined / insufficient data

122. Quantity I: Find the value of y. Quantity II: Find the value of x. I: $y = \frac{1}{x}$ II: $x = \frac{1}{y}$

- (a) Quantity I > Quantity II / $y > x$ / $x > y$
- (b) Quantity I < Quantity II / $y < x$ / $x < y$
- (c) Quantity I = Quantity II / $y = x$ / $x = y$
- (d) Quantity I ? Quantity II / $y ? x$ / $x ? y$
- (e) Quantity I = Quantity II or no relation / $y = x$ or no relation

123. A train can cross half of a platform with 0.4 of its initial speed in 30 seconds. If the length of the platform had been three times the length of the train, then the train could cross the whole platform with its initial speed in 24 seconds. Find the ratio of the original length of the platform (in meters) and the initial speed of the train (in m/sec). $\frac{L}{S}$ 0.4 30 24

- (a) 1:2
- (b) 2:1
- (c) 4:5
- (d) 5:9
- (e) 1:9

What comes at the place of question (?) mark. You are not required to calculate the exact value. $\frac{1}{2} \times \frac{2}{3} = \frac{1}{3}$

138. $?? + 24.987\% \text{ of } 96.10 \times 14.98 = 19.022$ $?? + 96.10 \times 24.987\% \times 14.98 = 19.022$

- (a) 81
- (b) 1
- (c) 9
- (d) 25
- (e) 49

The following questions are accompanied by two statements (A) and (B). You have to determine which statements(s) is/are sufficient/necessary to answer the questions. (A) (B)

139. What is the value of a two-digit number? A. The sum of its digits is 21 and product of its digits is 110. B. The sum of its digits is 5 and on reversing the digits of the original number, new number obtained is 27 less than the original value.

(a) Statement A alone is sufficient to answer the question but statement B alone is not sufficient to answer the questions. /

(b) Statement B alone is sufficient to answer the question but statement A alone is not sufficient to answer the question. /

(c) Both the statements taken together are necessary to answer the questions. /

(d) Either statement A or statement B by itself is sufficient to answer the question. /

(e) Statements A and B taken together are not sufficient to answer the question. /

140. What is the ratio of father's age to his son's age after 5 years. A. The ratio of present age of father to his son is 8:5 and 12 years before it was 5: 2. B. Father is 24 years older than his son and the product of their ages is 256.

(a) Statement A alone is sufficient to answer the question but statement B alone is not sufficient to answer the questions. /

(b) Statement B alone is sufficient to answer the question but statement A alone is not sufficient to answer the question. /

(c) Both the statements taken together are necessary to answer the questions. /

(d) Either statement A or statement B by itself is sufficient to answer the question. /

(e) Statements A and B taken together are not sufficient to answer the question. /

141. Statement: In a recent national policy announcement, the government mandated that all private companies with over 100 employees must ensure at least 30% female representation in their leadership roles by 2027. This move is expected to reduce the gender gap in corporate governance. However, some critics argue that without structural support like affordable childcare and safe transportation, achieving this target may be difficult. Based on the above statement, which of the following can be inferred? I. The government is taking measures to promote gender equality in corporate leadership. II. Private companies are not currently required to ensure any female representation. III. Supporting infrastructure is crucial for the success of gender-related policy goals.

(a) Only I is correct /

(b) Only III is correct /

(c) Both I and III are correct /

(d) Both II and III are correct /

(e) All I, II, and III are correct /

142. The National Digital Strategy 2025 includes major investments in AI research and its ethical use. It supports transparent algorithms and AI applications in sectors like healthcare and education. Civil rights groups, however, worry about weak regulations against AI misuse. Which of the following statements can be inferred?

(a) AI integration has already led to widespread improvements in all public sectors across the country. /

(b) The strategy includes clear and strict regulations to address AI-related ethical concerns. /

(c) The public has fully accepted AI, and there are no major concerns about its misuse. /

(d) The government is expanding AI use, while concerns over regulations reflect awareness of risks. /

(e) The strategy promotes AI in services, ensures strong regulations, and reflects stakeholder concern. /

Here, a question is followed by two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both statements carefully and give answer: (A) (B)

143. Six persons F, K, M, N, O, P - sit in a row facing north. What is the position of F with respect to O? Statement I: Three persons sit between N and M. P sits second to the right of O. K sits immediate left of P. Statement II: M sits second from an extreme end. One person sits between M and N. P sits adjacent to M but to the right of O. F sits third to the right of K. ?? ????? F, K, M, N, O, P ????? ?? ?? ??? ????? ?? ??????? ?? ??????? ?? O ?? ????? ??? F ?? ??????? ?? ?? I: N ?? M ?? ??? ?????? ?????? P, O ?? ????? ?? ?????? ?????? ?? ????? ??? K, P ?? (a) Data given in both statements I and II together are not sufficient to answer. (b) Data given in statement I alone is sufficient to answer. (c) Data given in both statements I and II together are sufficient to answer. (d) Data given in statement II alone is sufficient to answer. (e) Data given in either statement I or statement II alone is sufficient to answer the question.
144. Six persons A, B, C, D, E, F ? sit around a circular table facing inside. Who sits immediate right of F? Statement I: C sits second to the right of B. D sits immediate left of B. E and F are immediate neighbors. Statement II: A sits immediate left of C. D sits second to the left of A. One person sits between B and F. ?? ????? A, B, C, D, E, F ?? (a) Data given in both statements I and II together are not sufficient to answer. (b) Data given in statement I alone is sufficient to answer. (c) Data given in both statements I and II together are sufficient to answer. (d) Data given in statement II alone is sufficient to answer. (e) Data given in either statement I or statement II alone is sufficient to answer the question.
145. Six persons K, L, M, N, O, P ? live on different floors of a six-floor building where lowermost floor is numbered as 1, above it is 2 and so on. Who lives on 4th floor? Statement I: P lives just below M. L lives above M and O. M lives on odd numbered floor. Two persons live between K and L. N lives just below O. Statement II: M lives three floors above L. Number of persons above M and below P are same. Two persons live between K and N. ?? ????? K, L, M, N, O, P ?? ?? (a) Data given in both statements I and II together are not sufficient to answer. (b) Data given in statement I alone is sufficient to answer. (c) Data given in both statements I and II together are sufficient to answer. (d) Data given in statement II alone is sufficient to answer. (e) Data given in either statement I or statement II alone is sufficient to answer the question.

Read the given information carefully and answer the related questions: ?? ? ? ?????? ? ? ?????????? ???? ? ?
???????? ? ? ? ? ? ? ? ? : Nine persons K, L, M, N, O, P, Q, R, S go to different cities on three different dates - 7, 14, 28 of three different months ? January, April and October. The cities are ? Delhi, Pune, Surat, Ambala, Patna, Shimla, Jaipur, Lucknow, Agra. M goes on an even date in April. Three persons go between M and the one who goes to Jaipur. P goes just before the one who goes to Jaipur. Five persons go between P and K. Number of persons go before K is same as the number of persons go after the one who goes to Shimla. Four persons go between S and the one who goes to Shimla. K and R go in the same month. Q goes just after the one who goes to Surat. P does not go to Surat. Three persons go between Q and the one who goes to Lucknow. One person goes between O and the one who goes to Delhi. One person goes between the persons who go to Lucknow and Pune. The one who goes to Ambala goes just before the one who goes to Patna. L goes after O. ?? ????? (a) Both I and II / ??????I ?????? ???? ???? ??
(c) Both I and III/ I ?? III ??????
(d) Only III/ ???? III
(e) Only II/ ???? II

156. If we pick the third letter from left end from each word of an option, and this is done for all options, then from which of the following options, a four-letter meaningful word can be formed? ??? ?? ???? ?????? ?? ????????? ????
 ?? (a) PLANT, BRAVE, STONE, QUICK ??? ??? ????????? ?? ??? ???? ???, ?? ???????????? ??? ?? ??? ?????? ??
 ??? (b) LIGHT, SHINE, SWEET, SPIKE ? ???? ???
 (c) CRANE, FRAME, GIANT, FLAME
 (d) SPINE, PAPER, EVERY, PARTY
 (e) TRACK, SPEAR, GLASS, WATER

157. Statement: A recent survey by the State Education Board revealed that students in rural areas showed a noticeable improvement in academic performance after the introduction of mobile learning vans equipped with digital content. These vans provided interactive lessons, subject-wise quizzes, and career guidance sessions in regions where schools lacked basic infrastructure. What could be the possible reason for the improvement in students' performance? ??? : ????? ???? ???? ????? ??? ?? ??? ??? ?? ????? ?? ??? ??? ?? ???? ??? ????? ?? ???

?? (a) Students in rural areas were already performing better than urban students. ?????? ?????? ?? ???? ???? ???? ??

?? (b) The mobile vans offered personalized learning by utilizing private tutors. ?????? ???? ???? ???? ???? ???? ??

?? (c) The vans provided interactive content, making learning more accessible and engaging. ?????? ???? ???? ???? ???? ???? ??

?? (d) The State Education Board introduced new textbooks for the academic year. ????? ???? ?? ?????? ???? ?? ??? ??

?? (e) None of these. ?????? ???? ???? ???? ??

158. In the question below, two statements are provided. Examine these statements carefully and determine whether there is a cause-and-effect relationship between them. Choose your answer from the options provided. Statements: I. Global temperatures have risen sharply over the past few decades. II. Melting of polar ice caps and rising sea levels have been observed across the globe.

(a) Statement I is the cause and Statement II is its effect.

(b) Statement II is the cause and Statement I is its effect.

(c) Both statements are independent causes.

(d) Both statements are effects of a common cause.

(e) None of these.

Read the given information carefully and answer the given questions: ?? ?? ??????? ?? ?????????? ??? ? ? ? ?
 ?? ??????? ? ? ???? ?????: Eight persons A, B, C, D, E, F, G and H sit around a square table in a such a way that
 four persons sit at the corners of the table and four sit at the middle of each side of the table. The persons sit at the
 corners face inside and the persons sit at the sides face outside. They all related to each other as a family. B's
 spouse sits third to the right of B. B faces inside. One person sits between B's spouse and C (from either side). A's
 only daughter sits immediate left of C. Three persons sit between A's only daughter and A's sister (from either
 side). G's father sits third to the left of A. A does not face inside. Both the immediate neighbors of G are married to
 each other. Two persons sit between G and E(from either side). G's brother sits third to the right of E. H is not
 father of G. D sits third to the left of G's sibling. ?? ??????? A, B, C, D, E, F, G ?? H ?? ??????? ???? ? ? ???? ? ?

There are two/three rows given, and to find out the resultant of a particular row, follow the conditions mentioned: I. If an even number is followed by another even number (not prime), the resultant will be the difference of both the numbers. II. If an even number is followed by an odd number (not prime), the resultant will be the difference of the both the numbers multiplied by 2. III. If an even number is followed by a prime number, the resultant will be the sum of both the numbers. IV. If an odd number is followed by another odd number (not a perfect square), the resultant will be the difference of both the numbers added by the greater number. V. If an odd number is followed by another even number (not a perfect square), the resultant will be the sum of both the numbers. VI. If an odd number is followed by perfect square number, the resultant will be the sum of both the numbers divided by 2. ??/???

177. What will be the value of X, if the sum of resultant of both the rows is 52? R1: 4 3 25 R2: 8 7 X
 (a) 32 (b) 24 (c) 23 (d) 22 (e) 29

178. What will be the value if the difference between the resultants of Row I and Row II, will be added by resultant of Row III? R1: 15 17 12 R2: 12 11 25 R3: 13 10 9
 (a) 12 (b) 10 (c) 23 (d) 13 (e) 14

179. What will be the value of the sum of the resultants of all rows? R1: 21 49 15 R2: 14 9 4 R3: 11 5 8
 (a) 87 (b) 84 (c) 80 (d) 82 (e) 86

180. What will be the value, if the difference between the resultant of Row I and Row II is multiplied by the resultant of Row III? R1: 8 2 25 R2: 13 5 12 R3: 21 9 24
 (a) 107 (b) 106 (c) 117 (d) 112 (e) 125

Read the given information carefully and answer the questions based on it: Seven persons named T, G, H, Y, D, K and L deposit some amount of money (in rupees; integer value) (but not in the same order as given) on different days of the week from Monday to Sunday to their bank accounts. No person deposit same amount of money. More than three persons deposit between K and D and one of them deposits the lowest money. Average of the highest and lowest sum of money is rupees 1625 which is rupees 25 more than the money deposited by T who deposits just after K. Equal number of persons deposited the money before and after T and G respectively and ratio between the money of T and G is 10:7. The money deposited on Friday is highest but not deposited by Y and H. Money deposited on Monday is thrice the difference between the money deposited on Wednesday and Saturday. The number of persons deposit money before H is less than the number of persons deposit money after H and his money is rupees 20 less than the money deposited on Tuesday. One of the persons deposits rupees 1050. Ratio between the money deposited on Thursday and Sunday is 6:5 respectively. T, G, H, Y, D, K ?? L ??? ?? ???

181. What is the difference between the money deposited by Y and K?
- (a) Rupees 480/480
- (b) Rupees 220/220
- (c) Rupees 120/120
- (d) Rupees 210/210
- (e) None of these
182. On which of the following day, the third highest amount of money is deposited?
- (a) Tuesday
- (b) Thursday
- (c) Monday
- (d) Wednesday
- (e) None of these

183. Which of the following persons deposited money just before H?
- (a) T
- (b) G
- (c) The one who deposits four days before L
- (d) None of these
- (e) The one who deposited money on Thursday

184. Four of the following five are similar in a certain manner and related to a group, which among the following does not belong to the group?
- (a) K-H
- (b) Y-G
- (c) L-D
- (d) T-Y
- (e) K-Y

185. Who among the following deposit the second highest money?
- (a) T
- (b) H
- (c) G
- (d) L
- (e) D

186. In the question below, two statements are provided. Examine these statements carefully and determine whether there is a cause-and-effect relationship between them. Choose your answer from the options provided. Statements: I. Several government schools across rural India have adopted smart classrooms and digital learning tools. II. The government launched a national program to enhance digital infrastructure in education.
- (a) Statement I is the cause, and Statement II is its effect.
- (b) Statement II is the cause, and Statement I is its effect.
- (c) Both statements are independent causes.
