

Flagged for repair - Set 8

109 questions held back from set 8

DIRECTIONS (Q. 1)

What approximate value should come in the place of question (?) mark: 4

1. 56.08% of $149.92 + \sqrt{28.02} \times 6.98 - 119\%$ of $998.9 = ?$

- (a) 17
- (b) 13
- (c) 8
- (d) 16
- (e) 22 16

FLAGGED - a stacked fraction collapsed into loose digits

DIRECTIONS (Q. 2-3)

Read the following table and answer the following question. Table shows the total number of student in 5 different schools and percentage of students scoring 60% or more than 60% in each school. Schools Total Students Percentage of students scoring 60% or above marks A 600 30% B 725 24% C 440 55% D 625 48% E 450 40%

2. Find the average number of students from school B, C, and D together who score less than 60% marks?

- (a) 407
- (b) 358
- (c) 267
- (d) 372
- (e) 385 40

FLAGGED - a stacked fraction collapsed into loose digits; asks about a graph/table that has no usable image

3. Find the ratio of student who scored less than 60% from school A and B together to students who scored 60% or above from school C and E together?

- (a) 973 : 423
- (b) 422 : 971
- (c) 19 : 17
- (d) 11 : 12
- (e) 971 : 422 41

FLAGGED - a stacked fraction collapsed into loose digits; asks about a graph/table that has no usable image

DIRECTIONS (Q. 4)

Given Pie chart shows the degree wise distribution of students of six classes who attended a public seminar. Note: - These students are from 3 different schools. Total schools => D.A.V. schools + J.N.V. School + D.P.S. School

4. Ratio between Girls in class X to boys in class XII who attended seminar is 4 : 5 and girls in class XII is 66 3 % of total strength of class, then find the number of Boys in class X is what percent of total strength of class X? 1

- (a) 63 6 %
- (b) 69 6 %
- (c) 67 3 %
- (d) 65 3 %
- (e) 64 6 %

FLAGGED - a stacked fraction collapsed into loose digits; asks about a graph/table that has no usable image

DIRECTIONS (Q. 5)

In the table, the total number of eligible voters of 5 villages with % valid votes out of total casted votes are given . Answer the question based on following data. Note: In each village, 10% eligible voters did not cast their votes and only two person stand in the election Village Total voters Valid votes A 10000 60% B 15000 55% C 8000 80% D 12000 90% E 13500 80%

5. Find ratio b/w number of invalid votes casted in village C to the number of valid votes casted in village B.
- (a) 7 : 33
 - (b) 32 : 165
 - (c) 31 : 163
 - (d) 17 : 154
 - (e) None of these

FLAGGED - a stacked fraction collapsed into loose digits

DIRECTIONS (Q. 6-7)

Study the pie-chart carefully and answer the questions. Pie-chart given below shows the percentage distribution of students in different class of school 'RPM' Note → Ratio of total student of school RPM to school SVM is 2 : 3 and both school has 5 class only i.e. class 6 to class 10 Number of students in 10th class of RPM school is 360 9th, 10th, 15% 24% 8th, 25% 6th, 16% 7th, 20% 48 the publishing house | No. 1 APP for Banking & SSC Preparation Website: | Email:

6. If boys in school RPM in 8th class is 125 then girls in 8th class are what percent of total student in same school? 2
- (a) 16 3 %
 - (b) 14 7 %
 - (c) 12 2 %
 - (d) 16 3 %
 - (e) 12%
7. If total girls in school RPM is 600 then total boys in school RPM is what percent of total student in SVM?
- (a) 40%
 - (b) 30%
 - (c) 35%
 - (d) None of these
 - (e) 50%

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 8)

The given bar graph shows the total number of students in five different schools in two different years. Read the data carefully and answer the questions. Total Students =Number of Boys +Number of Girls 450 400 350 300 250 200 A B C D E 2014 2016

8. What is the ratio of average number of shirts sold by A and B together in year 2014 to average number of shirts sold by same stores together year 2016.
- (a) 73 : 75
 - (b) 71 : 75
 - (c) 71 : 73
 - (d) 69 : 73
 - (e) 75 : 73 50

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 9-10)

Study the bar-graph carefully & answer the following questions. Bar-graph given below shows the percentage of total defective cars sold out of total cars sold by four different shops. Total cars sold by four shops = 1200. Ratio between cars sold by X : Y : Z : K = 1 : 3 : 2 : 4 50 % of defective cars sold → 45 40 35 30 25 20 15 X Y Z K Shops→ 51 the publishing house | No. 1 APP for Banking & SSC Preparation Website: | Email:

9. Find the ratio between 3rd of cars sold by shop X & K together to total non-defective cars sold by shop Y & Z together?
- None of these
 - 60 : 61
 - 55 : 56
 - 50 : 51
 - 20 : 21

FLAGGED - a stacked fraction collapsed into loose digits; asks about a graph/table that has no usable image

10. If 25% of defective cars sold by shop Y are returned back to the same shop, then find total cars which are sold (defective and non-defective) by shop Y?
- 388
 - None of these
 - 288
 - 324
 - 333 52

FLAGGED - a stacked fraction collapsed into loose digits; asks about a graph/table that has no usable image

DIRECTIONS (Q. 11)

Given below bar graph shows total number of calls (in hundred) received by five mobile network companies and percentage of calls received by female. Read the data carefully and answer the questions. Total calls Percentage of calls received by female 85 80 75 70 65 60 55 50 45 40 A B C D E

11. Find ratio between total calls received by female in company A to total calls received by male in company B?
- 2 : 1
 - 3 : 1
 - 4 : 1
 - 5 : 1
 - 1 : 1 53

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 12)

Given bar graph shows the ratio of marked price to selling price of five articles sold by a shopkeeper. Read the information carefully and answer the following questions. 3 2.5 2 1.5 1 0.5 0 A B C D E Articles

12. What is the discount% on article B.
- 205
 - 16 $\frac{2}{3}$ %
 - 40%
 - 8 $\frac{1}{3}$ %
 - 50%

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 13-14)

Pie-chart given below shows number of persons come to watch movies in five different theaters. Study the data carefully and answer the following questions. Total person = 4400 Live 14% Cinema 24% PVR 28% DT 18% Inox 16% 58 the publishing house | No. 1 APP for Banking & SSC Preparation Website: | Email:

13. 'Cinema' theatre shows three movies. 25% of person watch Padmavat, 3 % of person watch padman and remaining watch 'College Diaries'. Find the average number of person who watch Padmavat and College Diaries.

- (a) 340
- (b) 352
- (c) 368
- (d) 374
- (e) 382 50

FLAGGED - asks about a graph/table that has no usable image

14. Person come to DT theatre is what percent of the person who come to Cinema theatre?

- (a) 50%
- (b) 3 %
- (c) 75%
- (d) 3 %
- (e) % 3 56

FLAGGED - two or more options are identical after cleaning; asks about a graph/table that has no usable image

DIRECTIONS (Q. 15)

Given below line graph shows number of food packets (in hundred) distributed by Kerala government in 5 cities which are flood affected and graph also shows percentage of packets consumed by people in these five cities. Read the data carefully and answer the questions. Note- Total packet in any city= Consumed packets + Unconsumed packets Food packets Percentage of consumed packets 65 60 55 50 45 40 35 30 25 20 A B C D E 1

15. Find the ratio of difference between consumed food packets in city A & E to the difference between consumed food packets in the city B & D?

- (a) 144 : 115
- (b) 144 : 125
- (c) 144 : 119
- (d) 144 : 109
- (e) 144 : 135 57

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 16)

Given line graph shows the interest offered by 6 banks on Home loans 10 9 8 7 6 5 SBI ICICI HDFC YES AXIS PNB Note: All loans on S.I. unless mentioned in the question. 58 the publishing house | No. 1 APP for Banking & SSC Preparation Website: | Email:

16. What is the difference of the Interest paid by a borrower when he borrowed Rs 80000 from ICICI and Axis both to that from SBI and HDFC after 2 years ?

- (a) Rs. 6080
- (b) Rs. 7650
- (c) Rs. 6400
- (d) Rs. 5040
- (e) None of these

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 17-18)

Study the following line graph carefully and answer the following questions. The line graph shows the no. of questions asked from different topics of quantitative aptitude in two shifts of SBI clerk prelims exam. Shift 1 Shift 2
 90 85 80 75 No. of question 70 65 60 55 50 45 40 Percentage Profit & Loss SI & CI Time & Work DI

17. What is the ratio of no. of questions asked from profit & loss and percentage together in shift 1 to the questions asked from profit & loss and time & work together in shift-2?

(a) 6 : 5
 (b) 5 : 7
 (c) 7 : 5
 (d) 5 : 6
 (e) 8 : 7 60

FLAGGED - asks about a graph/table that has no usable image

18. Total no. of questions asked from DI in shift 2 are what percent less than that of DI in shift 1? 2

(a) 5 3 %
 (b) 6 3 %
 (c) 4 3 %
 (d) 8%
 (e) 3 %

FLAGGED - a stacked fraction collapsed into loose digits; asks about a graph/table that has no usable image

DIRECTIONS (Q. 19)

Bar chart given below shows number of males in four different departments in a company. Table given below shows percentage of females out of total employees in these departments. Study the data carefully and answer the following questions
 60 50 40 30 20 10 0 HR Marketing Finance Accounts
 Department Percentage of females out of total employees
 HR 76% Marketing 30% Finance 37.5% Account 40% 61 the publishing house | No. 1 APP for Banking & SSC Preparation Website: | Email:

19. There is one typist per five employees in a department. Find total number of typist in all four departments together?

(a) 240
 (b) 48
 (c) 220
 (d) 44
 (e) 46 62

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 20)

The given line graphs show the total number of applicants who have applied for IBPS PO examination from four different cities and the table shows the ratio between number of male and female applicants. Read the data carefully and answer the following questions.
 2500 Number of applicants 2300 2100 1900 1700 1500 P Q R S
 Cities Male : Female P 6:5 Q 5:4 R 3:5 S 3:2

20. The difference of the number of male applications from city P and female applications from city R is what percent more or less than the difference of the number of male and female applicants of city S.

1
 (a) 3 3 %
 (b) 6 2 %
 (c) 4%
 (d) 6 4 %
 (e) 5%

FLAGGED - a stacked fraction collapsed into loose digits

21. A shopkeeper sells every item at the profit of Rs.

- (a) 40%
- (b) 15%
- (c) 21 11%
- (d) 35%
- (e) None of these

FLAGGED - a stacked fraction collapsed into loose digits

22. Anurag buys an old laptop for Rs. 17500 and spends Rs. 2,500 for its repair. He is not satisfied from his laptop and sells the laptop at Rs. 22,500. Find his profit percent?

- (a) 20%
- (b) 12.5%
- (c) 15%
- (d) 14 7 %
- (e) 25%

FLAGGED - a stacked fraction collapsed into loose digits

23. The selling price of 8 articles is equal to cost price of 12 article. Find the profit percent on selling one article?

- (a) 67%
- (b) 25%
- (c) 50%
- (d) 42 7%
- (e) 55%

FLAGGED - a stacked fraction collapsed into loose digits

24. A and B together can complete a piece of work in 36 days but the efficiency of B is 33 3% less than efficiency of A. Find in how many days 'B' alone can complete the whole work?

- (a) 80 days
- (b) 108 days
- (c) 54 days
- (d) 90 days
- (e) 72 days

FLAGGED - a stacked fraction collapsed into loose digits

25. Sri invested Rs 650 more than Rimi in scheme A for the same time period and Sri got 62 2 % more profit than Rimi from that scheme. Then find the sum of amount invested by both in that scheme?

- (a) Rs. 2910
- (b) Rs. 2850
- (c) Rs. 2570
- (d) Rs. 3000
- (e) Rs. 2730 1

FLAGGED - a stacked fraction collapsed into loose digits

26. A invested 22 2% more than Z and B invested 20% less than Z. If the time period of investment is same for all and the difference of profit shares of A and B is Rs.

- (a) Rs. 405
- (b) Rs. 385
- (c) Rs. 418
- (d) Rs. 425
- (e) Rs. 400

FLAGGED - a stacked fraction collapsed into loose digits

DIRECTIONS (Q. 27-31)

Study the following information carefully and answer the given questions. The following line graph shows the ratio of import to export of a company in 6 different years. IBPS Clerk 2018 Quality Mocks Ratio of import to export of a company 2.2 1.5 1.75 1.6 1.25 0.8 2011 2012 2013 2014 2015 2016

27. If the import of a company in the year 2013 is 3.6 lakhs and the export of the company in the year 2015 is 2.4 lakhs, then find the ratio of export of the company in the year 2013 to that of import of the company in the year 2015?

(a) 15: 28
(b) 19: 33
(c) 23: 34
(d) 52: 67
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

28. If the import of a company in the year 2012 and the export of the company in the year 2014 is same, which is equal to 4.5 lakhs, then the export of the company in the year 2012 is what percentage of import of the company in the year 2014?

(a) 79.85 %
(b) 72.67 %
(c) 85.45 %
(d) 83.33 %
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

29. Find the export of the company in the year 2016, if the import of the company in the year 2016 is 6.6 lakhs?

(a) 3.8 lakhs
(b) 4.4 lakhs
(c) 3 lakhs
(d) 2.6 lakhs
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

30. The export of the company in the year 2011 is 2.6 lakhs and the sum of the import of the company in the year 2011 and 2015 is 7.45 lakhs. Find the export of the company in the year 2015?

(a) 2.4 lakhs
(b) 3 lakhs
(c) 3.6 lakhs
(d) 2.8 lakhs
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

31. If in the year 2014, the import of the company is increased by 20 % but the export of the company is decreased by 25 %, then find the new ratio between the import to export in the year 2014?

(a) 45: 19
(b) 32: 25
(c) 38: 17
(d) 54: 23
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 32-36)

Study the following information carefully and answer the given questions. The following line graph shows the total number of voter id holders (In thousands) from Mumbai and Chennai in 6 different years. IBPS Clerk 2018 Quality Mocks 200 180 160 Mumbai Chennai 140 120 100 2012 2013 2014 2015 2016 2017

32. Find the difference between the total number of voter id holders from Mumbai in the year 2013 and 2015 together to that of total number of voter id holders from Chennai in the year 2012 and 2016 together?

(a) 15000
(b) 18000
(c) 12000
(d) 10000
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

33. Find the ratio between the total number of voter id holders in the year 2015 to that of 2017 in both the cities together?

(a) 67: 78
(b) 53: 59
(c) 32: 17
(d) 119: 123
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

34. The total number of voter id holders in the year 2013 in both the cities together is approximately what percentage of total number of voter id holders in the year 2016 in both the cities together?

(a) 120 %
(b) 60 %
(c) 75 %
(d) 90 %
(e) 105 %

FLAGGED - asks about a graph/table that has no usable image

35. Find the average number of voter id holders in the year 2012, 2013, 2014 and 2015 together in Mumbai?

(a) 132000
(b) 116000
(c) 128000
(d) 139000
(e) None of these

FLAGGED - asks about a graph/table that has no usable image

36. The total number of voter id holders in Chennai in the year 2012 and 2017 together is approximately what percentage more/less than the total number of voter id holders in the year 2014 in both the cities together?

(a) 6 % more
(b) 15 % less
(c) 6 % less
(d) 20 % more
(e) 15 % more Directions :(31 –

FLAGGED - asks about a graph/table that has no usable image

37. Total students in college A is approximately what percentage more/less than the total students in college C in all the given departments together?
- 15 % less
 - 4 % more
 - 15 % more
 - 22 % less
 - 4 % less
- Directions : (41 –45) Study the following information carefully and answer the given questions. The following bar graph shows the sales of cars of 2 different companies in 5 different years

FLAGGED - option text still carries the next question

DIRECTIONS (Q. 38-42)

Study the following information carefully and answer the given questions The following table shows the total number of employees working in 6 different companies in 5 different years. IBPS Clerk 2018 Quality Mocks P Q R S T U 2012 1200 1450 1050 950 1100 1250 2013 1350 1300 1100 1150 900 1300 2014 1100 1250 1200 1300 1050 1600 2015 1150 1500 1400 1350 1200 1500 2016 1500 1650 1200 1550 1450 1750

38. Find the difference between the total number of employees working in all the given companies in the year 2012 to that in the year 2016?
- 2800
 - 3200
 - 2100
 - 2550
 - None of these
39. Find the ratio between the total number of employees of company P to that of company R in all the given years together?
- 126: 119
 - 75: 62
 - 33: 17
 - 254: 219
 - None of these

FLAGGED - asks about a graph/table that has no usable image

40. Total number of employees in company Q and S together in the year 2012 is approximately what percentage of total number of employees in company R and U together in the year 2015?
- 56 %
 - 83 %
 - 67 %
 - 74 %
 - 95 %

FLAGGED - asks about a graph/table that has no usable image

41. Find the average number of employees in the year 2014 in all the given companies together?
- 1300
 - 1050
 - 1150
 - 1250
 - None of these

FLAGGED - asks about a graph/table that has no usable image

42. Total number of employees of company Q in all the given years together is approximately what percentage less than the total number of employees of company U in all the given years together?
- (a) 3 % less
 - (b) 15 % less
 - (c) 22 % more
 - (d) 8 % less
 - (e) 30 % more

Most of the General Awareness Questions in
FLAGGED - asks about a graph/table that has no usable image

DIRECTIONS (Q. 43)

In each of the following questions, a sentence is divided into five parts. Out of the five parts, four parts are named as (A), (B), (C) and (D) and one of the fifth part is bolded. The bolded part is grammatically correct while there could be an error in any of the named-parts. Choose among the parts (A), (B), (C) and (D) which has an error and mark the correct answer. In case, all the parts are grammatically correct, then choose the option (e) 'no error' as your answer.

43. She was very much engaged (A)/ in her office-work (B)/ when the thieves/ entered into her house and (C)/ took away a lot of things including expensive jewellery (D).
- (a) She was very much engaged
 - (b) in her office-work
 - (c) entered into her house and
 - (d) took away a lot of things including expensive jewellery
 - (e) no error
- Iran's support (A) /to the terrorists of Israel (B)/should be /universally condemned (C) /by all (D). exploitation as well as (124)_____ of women. Even though about 50% of the world's population consists of women, but unfortunately most of them are denied basic rights education, freedom of speech, voting power and even independent identity. (125)_____ directed specifically against women are reported from all over the world. There still remain (126)_____ about acceptance of women empowerment in the most advanced of countries, while developing nations and nations under pol

DIRECTIONS (Q. 44-45)

Read the following passage carefully and answer the questions given below it. Certain words are given in bold to help you locate them while answering some of the questions. adapted their skills and themes to changing times. As a part of this effort, a group of innovative patuas established a patachitra village at Naya. Slowly, their efforts to revive their artistic heritage started paying off. The Patuas are an artisan community found in the state of West Bengal, Bihar, Jharkhand and Odisha in India and parts of Bangladesh. Some Patuas are Hindus, while others are Muslims. Hindu Patuas are active in the Kalighat and Kumartuli regions of Calcutta, along with some other parts of West Bengal, where they are reduced in number. It is believed that most Patuas are actually converts from Hinduism to Islam. Today, they practice customs that are both Hindu and Islamic in nature. They may have also been Buddhist at various points in time. Today, however, the majority of them are impoverished Muslims who rely on patronage from mainly Hindus, but also increasingly from tourists who buy their painted scrolls, as Frank J. Korom has described and analyses in his book Village of Painters: Narrativ

44. According to the passage how the Pata art in now a days is different from the earlier days?
- (a) Earlier Plant-based colors were to be used as a binder now days the sap of the bel tree acts as a binder
 - (b) Opposite to present scenario earlier after finishing, a thin cotton cloth was to be glued to the back of the painting to provide longevity
 - (c) In earlier days, jute fiber canvas was used for painting but now days a Pata is created by painting on a canvas made by stitching together multiple sheets of commercial poster paper
 - (d) Both
 - (e) None of these

FLAGGED - option text still carries the next question

45. As per the passage what is the traditional occupation of the Patua community?

- (a) A unique community of folk artistes where most of them are painters, lyricists and singers
- (b) Though many of the people from the Patua community are Muslims, yet their traditional occupation is painting and modelling of Hindu idols
- (c) These traditional painter singers are specialized in the ancient folk art of pata chitra, a traditional and mythological heritage of West Bengal
- (d) Both
- (e) None of these

FLAGGED - option text still carries the next question

DIRECTIONS (Q. 46)

Read the following passage carefully and answer the questions given below it. Some words are given in bold to help you locate them while answering some of the questions. The Patuas are an artisan community found in the state of West Bengal, Bihar, Jharkhand and Odisha in India and parts of Bangladesh. Some Patuas are Hindus, while others are Muslims. Hindu Patuas are active in the Kalighat and Kumartuli regions of Calcutta, along with some other parts of West Bengal, where they are reduced in number. It is believed that most Patuas are actually converts from Hinduism to Islam. Today, they practice customs that are both Hindu and Islamic in nature. They may have also been Buddhist at various points in time. Today, however, the majority of them are impoverished Muslims who rely on patronage from mainly Hindus, but also increasingly from tourists who buy their painted scrolls, as Frank J. Korom has described and analyses in his book *Village of Painters: Narrative Scrolls from West Bengal* (2006. Santa Fe: Museum of New Mexico Press). Scholars argue that the Patuas, originally Hindus, 59

46. According to the passage, how is the Pata art nowadays different from that of earlier days?

- (a) Earlier Plant-based colors were to be used as a binder now days the sap of the bel tree acts as a binder
- (b) Opposite to present scenario earlier after finishing, a thin cotton cloth was to be glued to the back of the painting to provide longevity

DIRECTIONS (Q. 47)

Read the following passage carefully and answer the questions given below it. Certain words have been printed in bold to help you locate them, while answering some of the questions. Youth represents the most dynamic segment of the population and are the future of the Nation. India is one of the youngest nations in the world. About 65% of India's population is under 35 years of age. The focus of the Government is on youth-led development. The Youth should be "active drivers" and not merely the "passive recipients" of development. The vision of our country lies in the hands of our youths. They are filled with tremendous and towering ambitions. It will be a great wastage of human resources if these youths are not given an opportunity to exercise their talent. This beautiful land needs these youths in order for our soil to become a brighter one. The primary role of young people is to get a good education in order to become better citizens of tomorrow. They need to learn skills to do the job that their country's economy needs.

47. How does the youth have the ability to bring about a change in their country?

- (a) Youths can convince their fellow man to live in peace and love
- (b) Youths have the power to unite individuals in the six ethnic groups
- (c) They have a positive influence on fellow young people
- (d) They are strong forces in social movements
- (e) All of these. What is the reason that individuals of different ethnic groups are fighting against each? have championed the supremacy of their own race. world hair

DIRECTIONS (Q. 48)

Read the following passage carefully and answer the questions given below it. Certain words are given in bold to help you locate them while answering some of the questions. The Olympic Games are an international sports festival that began in ancient Greece. The original Greek games were staged every fourth year for several hundred years, until they were abolished in the early Christian era. The revival of the Olympic Games took place in 1896, and since then they have been staged every fourth year, except during World War I and World War II (1916, 1940, 1944). Perhaps the basic difference between the ancient and modern Olympics is that the former was the ancient Greeks' way of saluting their gods, whereas the modern Games are a manner of saluting the athletic talents of citizens of all nations. The origin of the Olympics is shrouded in mystery and legend; one of the most popular myths identifies Heracles and his father Zeus as the progenitors of the Games. According to legend, it was Heracles who first called the Games "Olympic" and established the custom of holding them every four years. The myth continues that after Heracles completed his twelve labours, he built the Olympic Stadium.

48. According to the passage how the ancient Olympic Games differ from the modern ones?

- (a) The ancient Greek games were staged every fourth year whereas the modern one takes place at every 5th year
- (b) The ancient Greek games as compared to the modern ones had large number of participants
- (c) The former was the ancient Greeks' way of saluting their gods, whereas the modern Games are a manner of saluting the athletic talents of all nations
- (d) The ancient Greek games as compared to the modern ones had participants from only western countries
- (e) None of these. Which of the following options is false according to the passage? began in ancient Greece. he built the Olympic Stadium as an honour to Zeus. would cease during the contests. Olympics to propagandize its cause

DIRECTIONS (Q. 50-51)

Read the following passage and answer the following questions. Some words are highlighted to help you answer some of the questions. Safe and rewarding — small savings schemes offered by the post office, and by some banks can make for a neat fit in your fixed income portfolio. With government backing, these schemes are as safe as they get. Given their no-risk profile, the interest rates offered by many of these schemes are very attractive — higher than what most banks offer on fixed deposits. Besides, many of these schemes enjoy tax breaks which increase the effective returns. While you can invest in small savings schemes any time of the year, now seems a particularly opportune time to do so. That's because interest rates on these schemes are ruling high and could possibly decline in the coming quarters. From April 2016, interest rates on small savings schemes are being reset on a quarterly basis. The idea is to align the rates on these schemes with those on government securities (G-Secs). So, as G-Sec rates move up or down, the rates on small savings schemes are also supposed to move up and down every quarter.

50. Why did the author state that it was the favourable time to invest in Small Savings Scheme?

- (a) These deposits will qualify for tax rebate
- (b) Interest rates on these schemes were high and could possibly decline in coming quarters
- (c) The government will not be offering premature closure facility for these accounts from next quarter
- (d) A depositor will not be able to operate more than one account in individual capacity or jointly with spouse
- (e) None of the above According to the information given in the passage above, why is it beneficial to invest in fixed rate schemes like NSC, SCSS, KVP, etc.? economic background of the account holder

DIRECTIONS (Q. 67)

Read the following passage carefully and answer the questions given below it. Certain words are given in bold to help you locate them while answering some of the questions. Walking into S Saravanan's ongoing exhibition at Artworld: Sarala's Art Centre, is like entering a sandstorm; shades of yellow ochre engulf you. In what he considers his 'Tryst With Forms', the show is his first one-man exhibit that largely consists of paintings and metal reliefs put together over the last year. At first glance — and even more so on close inspection — his abstract sensibility confounds the viewer. Only by standing afar can one really see the figures — all angular and Picasso-esque — that comprise his works. Dream for instance, is one of the larger works in this show, depicting the full frontal face of a figure, the long eyelashes and circular patterns near the earlobes hinting at a feminine disposition. The figure however, is more of an outline, a contour — skeletal in its inclination and not possessing the weight that is commonly accorded to skin. Be it the kaleidoscopic patterns that permeate the piece or the rendering of the figure in itself, there is a Cubist inclination to break the form —

67. 53 According to the passage, which of the following statements supports the 'Tactile beauty' term for the work done by S Saravanan?

- (a) The piece's tactility is further enhanced by the decorative patterns that crowd the background of the otherwise softly contoured figure
- (b) The piece helps compose a movement, a back and forth, between two sensibilities; that of sight and touch. This pushes the viewer to physically engage with the works
- (c) An overpowering urge to touch the surface, like an old wound that demands to be caressed in order to aid memories
- (d) All
- (e) None of these According to the passage how S Saravanan's abstract sensibility confounds the viewer? paintings and metal reliefs put together over the last year. patterns near the earlobes hinting at a feminine disposition, one can dream of for instance, is one of the larger works in this show. consideration all form part of the artist's pantheon of tribal deities, in line with the general theme of the show. angular and Picasso-esque — that comprise his works What are the characteristic features of the S Saravanan's portraits? consideration: Radha, Krishna, Ganesha and Buddha all form part of t

DIRECTIONS (Q. 72)

Read the following passage carefully and answer the questions given below it. Certain words have been printed in bold to help you locate them, while answering some of the questions. While Indian foreign policy has evolved over the decades, what has not changed is the concept of strategic autonomy, which is that India would not join any military alliance, would always keep its choices open and would choose what is good for it depending on the situation at a particular moment. Some commentators have ridiculed strategic autonomy as a rigid ideological position that has prevented India from achieving more in the international arena. Some have said that India should have become an ally of the U.S. several decades ago, and by not doing so, it had limited its potential. Strategic autonomy has recently been at the forefront of discussions largely due to India's ever-tightening embrace with the U.S. As the two countries inch closer to one another, will India be able to maintain its autonomy of choice and independence? Undoubtedly, the U.S. is crucial to India's progress as a key source of technology and capital and as the foremost destination for its students and jobseekers in various sectors.

72. In what way has strategic autonomy been ridiculed by some of the commentators?

- (a) They say that it is continuing expansion for India and is overproductive
- (b) They commented that due to it India has been offered a special gesture
- (c) They said that it prevented India from achieving more in the international arena
- (d) They commented that due to it drastic changes can be seen in U.S.'s position
- (e) None of these. Which option best explains the essence of strategic autonomy of India as described in the passage? it based on the situation. the sway of another, as in a military occupation. What benefit could India avail by signing up as a closest military ally with U.S.? only with its closest allies. South America

DIRECTIONS (Q. 78)

Read the following passage carefully and answer the questions given below it. Certain words are given in bold to help you locate them while answering some of the questions. The Olympic Games are an international sports festival that began in ancient Greece. The original Greek games were staged every fourth year for several hundred years, until they were abolished in the early Christian era. The revival of the Olympic Games took place in 1896, and since then they have been staged every fourth year, except during World War I and World War II (1916, 1940, 1944). Perhaps the basic difference between the ancient and modern Olympics is that the former was the ancient Greeks' way of saluting their gods, whereas the modern Games are a manner of saluting the athletic talents of citizens of all nations. The origin of the Olympics is shrouded in mystery and legend; one of the most popular myths identifies Heracles and his father Zeus as the progenitors of the Games. According to legend, it was Heracles who first called the Games "Olympic" and established the custom of holding them every four years. The myth continues that after Heracles completed his twelve labours, he built the Olympic Stadium.

78. Which of the following options is true according to the passage?

- (a) The Germans built a powerful team through nationalized training and scientific advances and dominated the Games in terms of number of participants
- (b) The growth of the Games fostered "nationalism" among the competitors
- (c) In the 73rd Olympiad (632 B.C.) the format was extended to five days of competition
- (d) The first few Olympics had only local appeal and were limited to one race on one day; only men were allowed to compete or attend
- (e) None of these

DIRECTIONS (Q. 101-106)

Each of the following questions has a paragraph from which one sentence has been deleted. From the given options, choose the one that completes the paragraph in the most appropriate/coherent way. 1. NASA's Hubble Space Telescope has discovered the farthest individual star ever seen — an enormous blue stellar body nicknamed Icarus located over halfway across the universe. The star, harboured in a very distant spiral galaxy, is so far away that its light has taken nine billion years to reach Earth. It appears to us as it did when the universe was about 30% of its current age. Normally, the star would be too faint to view, even with the world's largest telescopes.

- 101.** The government raised social expenditure through its employment guarantee scheme, which, together with a construction boom, raised wages in the informal sector. (_____). The result: the growth in average wages for rural workers in 2013-14 was a huge 28% year-on-year. It refused to curtail subsidies, because it was scared of a backlash from the middle classes.

- (a) Globalization proved to be the final nail in the coffin for the western working class
- (b) The contending classes are different, because organized labor forms a minuscule proportion of the working class in India
- (c) In terms of the conflict theory, the competing claims of various sections of the population were all accommodated by the government in a please-all policy
- (d) It increased minimum support prices for farmers
- (e) None of these

FLAGGED - option text still carries the next question

- 102.** (_____). The Great Depression discredited the idea that economies were basically self-correcting, and the following decades saw the development of Keynesian theory and the use of fiscal stimulus. The stagflation of the 1970s led to the development of real business cycle models, which saw recessions as the efficient working of the economy, and central bank meddling as likely only to cause inflation.

- (a) The notion that economic booms cause busts, instead of being random unrelated events seems to have much more currency beyond the ivory tower than within it
- (b) There was immediately a flurry of activity, as economists hastened to shoehorn finance into their standard models
- (c) Macroeconomics tends to advance—or, at least, to change—one crisis at a time
- (d) When extrapolative expectations are combined with an inherently fragile financial system, a predictable cycle of booms and busts is the result
- (e) none of these

FLAGGED - option text still carries the next question

- 103.** The People's Democratic Party, _____ when it won 32 of the 47 seats. At his party's first rally on August 4, Mr. Tobgay touted the 8% GDP growth in favour of his party, which has been fuelled by a construction and tourist boom in Bhutan.

- (a) this election comes after the 73-day India-China stand-off in 2017 in the Bhutan-claimed area of Doklam
- (b) religious figure in eastern Bhutan, has a similarly worded campaign manifesto title: "For a self-reliant Bhutan: our concern, our responsibility"
- (c) led by incumbent Prime Minister Tshering Tobgay, enters the elections with a visible edge, even if it may not be able to better its landslide victory in 2013
- (d) led to the country's burgeoning national debt. Although the government agreed to raise tariffs for the original hydropower plant in Chukha in February this year, other tariffs will need to be renegotiated too
- (e) can also take credit for stabilising the rupee-ngultrum crisis that he had inherited, as well as for economic reforms including lifting the import ban on cars

106. A Delhi court has acquitted two members of the erstwhile Dal Khalsa in a case of hijacking of a Delhi-Srinagar Indian Airlines flight to Lahore in 1981. Five persons were accused in the case; three have been declared absconders. _____. Additional Sessions Judge Ajay Pandey acquitted Tejinder Pal Singh and Satnam Singh as the prosecution failed to prove the allegations of waging war against the Government of India against them.

- (a) According to statements by four of the six crew members which became the basis for initiating prosecution, while hijacking the plane with 111 passengers on board, the accused raised pro- Khalistan slogans, such as “Khalistan Zindabad; Bhindranwale Amar Rahe; Khalistan Lekar Rahenge”
- (b) Orders have been issued to initiate disciplinary action
- (c) The Army ordered a Col and earlier this month its report reached the Srinagar-based 15 Corps headquarters
- (d) Now the summary of evidence will be recorded after which the framing of charges will be undertaken
- (e) None of the above

FLAGGED - option text still carries the next question

DIRECTIONS (Q. 107-109)

Rearrange the following sentences to form a meaningful paragraph and then answer the questions that follow.

107. (A) The nature of threats is such that they continue to evolve all the time.
- (b) Both the 2001 terror attack in New York and the November 2008 attack in Mumbai were one of a kind with few parallels at the time
 - (c) Anticipating an attack of this nature remains in the area of an “intelligence gap” rather than an “intelligence failure”
 - (d) The real problem is that when dealing with terrorism and terror networks, no two situations in the actual world are identical
 - (e) Most experts explain an intelligence gap as one denoting an absence of intelligence output while an intelligence failure is one where, based on available evidence, no warning was issued. (F) Even while the IS has gained a great deal of prominence due to its brand of violence, other terror networks have continued to be no less active. If the sentence (D), “The real problem is that when dealing with terrorism and terror networks, no two situations in the actual world are identical.” is the first sentence of the paragraph, then which of the following sentences does not fit into the paragraph form
- (a) A

FLAGGED - option text still carries the next question

108. (A) A number of viruses, malware and cryptoworms are also being developed in the JavaScript, which gives the attackers cross- platform options.
- (b) The attacks aren't limited to mobile phones and e-Pads
 - (c) While Windows operating systems were the most vulnerable to cyberattacks, a number of Android threats have been reported in the last couple of years, including potent crypto-ransomware attacks on Android devices
 - (d) In 2016, the first known Ransomware, named KeRanger, targeting Mac users was also reported
 - (e) All devices, including televisions that use Android, are also potentially vulnerable. (F) The Mirai botnet malware affected 2.5 million home router users and other Internet of Things devices. If the sentence (C), “While Windows operating systems were the most vulnerable to cyberattacks, a number of Android threats have been reported in the last couple of years, including potent crypto- ransomware attacks on Android devices.” is the first sentence of the paragraph, then what is the sequence of other sentences after rearrangement?
- (a) DEFAB

109. (A) Funding varies with the political climate: there will be money to buy equipment but no certainty that resources will flow for all the years needed to ensure significant results.
- (b) But, Mr. Bhattacharjee says, “Working with hands is not encouraged among scientists. The words used in Indian labs are: one needs hands to do experiments, not brains.”
 - (c) To succeed, experiments require at least two conditions: guarantees of long-term funding and scientists' collaboration with each other
 - (d) Lab assistants are the hands, while scientists avoid what they regard as mere manual labour
 - (e) Experimental science “is very poor in India”. (F) And collaboration is a social process, not an intellectual one. (G) It involves, among other things, physical labour together with others. If the sentence (F), “And collaboration is a social process, not an intellectual one.” is the fourth sentence of the paragraph, then which of the following options indicates the follow-up sentence i.e the FIFTH sentence of the coherent paragraph so formed?
- (a) A Direction (25): The sentences given in each of the following questions, when properly sequenced, form a coherent paragraph. Each sentence is labeled with a letter. From among the five choices given below each question, choose the most logical order of sentences that construct a coherent paragraph
