1. Which of the following is the FIRST sentence after rearrangement?

- (a) A
- (b) B
- (c) F
- (d) D
- (e) E

Answer (c) F

2. Which of the following is the SECOND sentence after rearrangement?

- (a) A
- (b) F
- (c) C
- (d) D
- (e) E

Answer (a) A

3. Which of the following is the FIFTH sentence after rearrangement?

- (a) A
- (b) C
- (c) F
- (d) D
- (e) E

Answer (b) C

4. Which of the following is the LAST sentence after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Answer (e) E

5. Which of the following is the THIRD sentence after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Answer (b) B

DIRECTIONS (Q. 6-14)

Read the following passage and answer the given questions. The latest retail inflation data once again highlights the continuous volatility in food prices, which continues to impact overall inflation and economic growth, particularly personal consumption. In February, the Consumer Price Index (CPI) remained almost unchanged from the previous month at 5.09%. However, food inflation, measured by the Consumer Food Price Index, rose by 36 basis points to 8.66%. Among food items, vegetable prices remained the most concerning, with inflation in this category surging to 30.3% year-on-year—an increase of 315 basis points from January. Cereal inflation, the most significant component in the food index, remained high at 7.6%, only slightly lower than January's 7.83%. The widely consumed potato-onion-tomato group _____ vegetable inflation. Potato prices, which had declined by nearly 2% in January, shot up to 12.4% inflation. Onion prices surged by 22.1%, while tomato inflation rose by nearly 400 basis points to reach a six-month high of 42%. Data from the Department of Consumer Affairs' daily monitoring dashboard indicates no relief, with average retail prices of potatoes, o

6. Which of the following statement/s is/are true based on the information given in the passage? (I) The Consumer Price Index (CPI) in February increased significantly compared to the previous month. (II) The Ministry of Agriculture's First Advance Estimates suggest that onion production in the 2023- 24 horticulture year is expected to decline by over 15.6%. (III) Water storage levels in 150 reservoirs as of March 14 were above both the 10-year average and last year's levels.

- (a) Only (I)
- (b) Both (I) and (II)
- (c) Only (III)
- (d) Both (I) and (III)
- (e) Only (II)

Answer (e) Only (II)

7. Which of the following words is the best synonym for "continuous" as used in the passage?

- (a) Intermittent
- (b) Persistent
- (c) Temporary
- (d) Sporadic
- (e) Occasional

Answer (b) Persistent

8. Which of the following statements correctly summarizes the government's response to food inflation?

- (a) The government has imposed price controls on essential food items
- (b) A ban on onion exports was introduced to control rising onion prices
- (c) The government has increased subsidies for farmers to boost food production
- (d) Direct cash transfers have been provided to consumers to offset rising food prices
- (e) The government has significantly reduced import duties on vegetables

Answer (b) A ban on onion exports was introduced to control rising onion prices

9. Based on the passage, which factor is most likely to pose a long-term risk to food inflation?

- (a) The immediate rise in onion and tomato prices
- (b) The decline in water storage levels in reservoirs
- (c) The increase in the Consumer Price Index (CPI) in February
- (d) The marginal drop in cereal inflation from January
- (e) The upcoming elections and policy uncertainty

Answer (b) The decline in water storage levels in reservoirs

10. Which of the following statement/s is/are false based on the information given in the passage? (I) The potato-onion-tomato group significantly influenced the rise in vegetable inflation. (II) Water storage levels are particularly low in the northern region of India. (III) Private consumption accounts for 57% of GDP, and high food inflation is negatively affecting it, especially in rural areas.

- (a) Only (I)
- (b) Both (I) and (II)

- (c) Only (II)
- (d) Both (I) and (III)
- (e) Only (III)

Answer (c) Only (II)

11. Which of the following words can best replace "handle" in the given passage?

- (a) Process
- (b) Increase
- (c) Reduction
- (d) Disturbance
- (e) Fluctuation

Answer (a) Process

12. Based on the passage, which of the following can be inferred about food inflation and its impact on the economy?

- (a) High food inflation is primarily driven by supply-side constraints rather than demand-side factors
- (b) The decline in water storage levels could contribute to prolonged inflationary pressure in food prices
- (c) The government's intervention in controlling onion prices has been highly effective in stabilizing inflation
- (d) Both A and b
- (e) All A, B, C

Answer (d) Both A and b

13. Which of the following is most suitable to fill the given blank?

- (a) played a key role to drive
- (b) playing an essential part
- (c) played a key role in driving
- (d) in a crucial role
- (e) regulated in

Answer (c) played a key role in driving

14. Which of the following words is the best synonym for "balance" as used in the passage?

- (a) Stability
- (b) Equality
- (c) Increment
- (d) Fluctuation
- (e) Growth

Answer (a) Stability

DIRECTIONS (Q. 15-16)

In each question two columns are given, each containing three phrases/sentences. Choose the option that will connect the phrases to form meaningful and correct sentences.

15. Match the phrases in Column I with Column II to create a meaningful and correct sentence. Column I A. Through innovation and strategy, the company's B. The abrupt collapse of negotiations C. Defying the threats of tyranny, Column II D. led to a prolonged deadlock E. efforts to expand globally have been successful F. the people united to reclaim their freedom

- (a) A-D
- (b) B-D
- (c) C-F
- (d) A-E
- (e) B-D, A-E, C-F

Answer (e) B-D, A-E, C-F

16. Column I A. Torn between duty and conscience, B. The commander's tactical miscalculation C. Struggling to conceal his apprehension, Column II D. caused irreversible damage to the mission. E. he was determined F. was met with widespread dissent.
- (a) A-F
 - (b) B-D
 - (c) C-E
 - (d) A-E
 - (e) Both A-F and C-E

Answer (b) B-D

DIRECTIONS (Q. 17-21)

In the following passage there are blanks, each of which has been denoted by letters. For each blank, five options are given. Choose the most appropriate word from the options that fits the blank appropriately. Over the past decade, the global market for superfoods _____(A) rapidly, driven by increasing health awareness. It has gone from 7 value in 2009 to 70 value now. Many of these superfoods are also known for their low glycemic index, making them beneficial for blood sugar control. While superfoods _____(B) as niche products, they are now widely available. This shift _____(C) how consumer preferences have evolved, favoring natural and organic options. Companies are making these ingredients more _____(D), though some argue the term "superfood" is often _____(E) as a marketing strategy rather than a scientific classification. Foods like quinoa, chia seeds, and acai berries have gained immense popularity, while staples such as turmeric, olive oil, cinnamon, and garlic are already found in household kitchens.

17. Select the most appropriate option to fill in the blank (A).

- (a) has increase
- (b) has increasing
- (c) has been growing
- (d) had grown
- (e) will grow

Answer (c) has been growing

18. Select the most appropriate option to fill in the blank (B).

- (a) had emerged
- (b) were emerging
- (c) had seen
- (d) have been recognized
- (e) have surfaced

Answer (a) had emerged

19. Select the most appropriate option to fill in the blank (C).

- (a) highlights
- (b) has highlighted
- (c) was highlighting
- (d) had highlighted
- (e) will highlight

Answer (b) has highlighted

20. Select the most appropriate option to fill in the blank (D).

- (a) adaptable
- (b) accessible
- (c) widespread
- (d) convenient
- (e) practical

Answer (b) accessible

21. Select the most appropriate option to fill in the blank (E).

- (a) enhanced
- (b) manipulated
- (c) exaggerated
- (d) substituted
- (e) distorted

Answer (c) exaggerated

DIRECTIONS (Q. 22-25)

Which of the following phrases given below the sentence should replace the phrase printed in bold letters to make the sentence grammatically correct? Choose the best option among the five given alternatives that reflect the correct use of phrase in the context of the grammatically correct sentence. If the sentence is correct as it is, mark "No correction required" as the answer.

22. The success of the company's project depended in the ability of the team to collaborate effectively under pressure.

- (a) on the ability of the team to collaborate effectively
- (b) at the ability of the team to collaborate effectively
- (c) over the ability of the team to collaborate effectively
- (d) for the ability of the team to collaborate effectively
- (e) No correction required

Answer (a) on the ability of the team to collaborate effectively

23. Every year the organization honor the achievements of inspiring woman from various fields.

- (a) honors the achievements of inspiring women
- (b) honor's the achievements of inspiring woman
- (c) honoring the achievements of inspiring women
- (d) has honor the achievements of inspiring woman
- (e) No correction required

Answer (a) honors the achievements of inspiring women

24. The manager was determined to carry on the policy despite strong opposition from employees.

- (a) stick up the policy
- (b) carry out the policy
- (c) hold off the policy
- (d) bring up the policy
- (e) No correction required

Answer (b) carry out the policy

25. As soon as the announcement was made, the crowd was disappeared into the alley before the security arrived.

- (a) had disappeared into the alley
- (b) was disappearing into the alley
- (c) got disappeared into the alley
- (d) disappeared into the alley
- (e) No correction required

Answer (d) disappeared into the alley

DIRECTIONS (Q. 26-29)

In each of the questions given below a sentence is given with three words in bold. Choose the option which gives the correct sequence of these words to make the sentence grammatically and contextually correct.

26. Terrain (A) through the rugged (B) trails, battling exhaustion and unpredictable trekking (C) the hikers climb higher into the mountains.

(a) ACB
(b) CAB
(c) BAC
(d) CBA
(e) No rearrangement required

Answer (d) CBA

27. The chef skillfully whipped (A) a rich and flavors (B) sauce, adding just the right amount of herbs to enhance the creamy (C) of the dish.

(a) ACB
(b) CAB
(c) BAC
(d) CBA
(e) No rearrangement required

Answer (a) ACB

28. The students engaged (A) in a heated discussion (B) about the latest trends (C) in social media and its impact on mental health.

(a) BCA
(b) CAB
(c) BAC
(d) ACB
(e) No rearrangement required

Answer (e) No rearrangement required

29. As the storm grew control (A), the sailors struggled to maintain fiercer (B) of their boat against the relentless waves (C) crashing against them.

(a) BCA
(b) CAB
(c) BAC
(d) ACB
(e) No rearrangement required

Answer (c) BAC

-
30. In the given question, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank at the same order so to make a grammatically and logically correct statement. The elderly journalist, now in her 70s, fondly recalled how she once _____ individuals decades ago when people had limited ambitions, whereas now, the youth are brimming with _____.

(a) questioned, dream
(b) interviewed, aspirations

Answer (d) ineffectual, exacerbate

37. In the given question, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank at the same order so to make a grammatically and logically correct statement. The athlete's return to the field after a year-long injury was both _____ and _____, as fans wondered if he could regain his former strength.
- (a) unexpected, reassuring
 - (b) anticipated, uncertain
 - (c) disappointing, celebrated
 - (d) inevitable, dismissed
 - (e) predictable, unnoticed

Answer (b) anticipated, uncertain

38. In the given question, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank at the same order so to make a grammatically and logically correct statement. The whistleblower's testimony was so _____ that it left lawmakers scrambling to _____ the allegations before they could gain further traction.
- (a) uninformative, dismiss
 - (b) baseless, ignore
 - (c) damning, counter
 - (d) neutral, endorse
 - (e) unfounded, deny

Answer (c) damning, counter

39. In the given question, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank at the same order so to make a grammatically and logically correct statement. The new scientific discovery was hailed as _____ but also met with skepticism, as researchers sought to _____ the results through further experiments.
- (a) revolutionary, replicate
 - (b) trivial, ignore
 - (c) debatable, obscure
 - (d) conclusive, pacify
 - (e) marginal, amplify

Answer (a) revolutionary, replicate

DIRECTIONS (Q. 40-45)

Read each sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The corresponding letter of that part is the answer. If the given sentence is correct as it is, then choose option 'No error' as your answer response. (Ignore errors of punctuation, if any).

40. The pack of wolves (A)/ were seen roaming (B)/ near the deserted village (C)/ at dawn. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Answer (b) B

41. She narrowly escaped (A)/ to fall into the (B)/ deep trench (C)/ near the cliff's edge. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Answer (b) B

42. Despite being warned (A)/ about the storm, he insisted (B)/ to go for a (C)/ late-night drive. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Answer (c) C

43. Not only he (A)/ ignore the warnings, (B)/ but he also (C)/ mocked the elders. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Answer (a) A

44. She found (A)/ an unique solution (B)/ to the complex (C)/ logistical problem. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Answer (b) B

45. The rebels planned (A)/ to blow out (B)/ the bridge before (C)/ reinforcements arrived. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Answer (b) B

DIRECTIONS (Q. 46-53)

Read the following passage and answer the given questions. With the United States recently lifting its ban on online betting, the digital gambling landscape has experienced a significant paradigm shift, redefining the intersection between technology and wagering. Once constrained by stringent regulations, platforms facilitating poker, online casinos, and sports betting are now flourishing, attracting an influx of new participants, particularly among the youth. This legislative reversal has catalyzed a global ripple effect, influencing betting dynamics in Europe and beyond. In response to this shift, several companies are launching innovative gambling platforms to capitalize on the growing demand. Unlike traditional casinos, which rely on physical establishments, online betting platforms leverage advanced digital algorithms, artificial intelligence, and blockchain technology to ensure seamless transactions and enhanced security. The immediacy of placing wagers from mobile applications, coupled with the gamification of betting interfaces, has rendered the experience far more engaging than conventional casino gambling. Furthermore, the integration of live-streaming services within spo

- 46.** Which of the following statements is/are correct according to the passage? (I) The legalization of online betting in the United States has influenced global betting trends, including in Europe. (II) Traditional casinos are becoming obsolete due to the growing popularity of online gambling platforms. (III) The integration of technology, such as AI and blockchain, has improved security in online gambling.

- (a) Only (II)
- (b) Both (I) and (II)
- (c) Only (III)
- (d) Both (I) and (III)
- (e) All (I), (II), and (III)

Answer (d) Both (I) and (III)

- 47.** Which of the following is a concern regarding online betting, based on the passage?

- (a) Traditional casinos will completely disappear in the near future
- (b) Online gambling companies may manipulate algorithms to increase losses
- (c) The increased engagement in sports may create biased betting outcomes
- (d) A lack of proper financial education may lead to severe monetary losses for new bettors
- (e) Governments will completely ban online betting again due to its risks

Answer (d) A lack of proper financial education may lead to severe monetary losses for new bettors

- 48.** Identify the INCORRECT statement based on the passage.

- (a) The U.S. legalization of online betting has influenced global gambling trends, impacting regulations and betting dynamics in other countries
- (b) Online gambling companies have successfully eliminated gambling addiction through AI-driven detection and prevention systems
- (c) The passage highlights that gamification in digital betting can make gambling more addictive by obscuring its long-term consequences
- (d) Both A and B
- (e) All are incorrect

Answer (b) Online gambling companies have successfully eliminated gambling addiction through AI-drive

- 49.** Identify the correct synonym for "engage" based on its usage in the passage.

- (a) Capture
- (b) Captivate
- (c) Emerge
- (d) Replace
- (e) Evolve

Answer (b) Captivate

50. What potential risk associated with online betting does the passage emphasize the most?
- (a) The complete lack of gambling regulations worldwide, which has allowed fraudulent activities to flourish
 - (b) The psychological and financial dangers of unchecked digital gambling, particularly among young and inexperienced users
 - (c) The negative impact of online betting on professional sports, leading to a decline in revenue and viewership
 - (d) The erosion of traditional casino culture due to the increasing preference for digital betting platforms
 - (e) The long-term economic instability of online gambling companies due to increasing competition and market saturation

Answer (b) The psychological and financial dangers of unchecked digital gambling, particularly among

51. Which of the following words is the closest in meaning to the opposite of "vice" as used in the passage?
- (a) Corruption
 - (b) Virtue
 - (c) Immorality
 - (d) Sin
 - (e) Depravity

Answer (b) Virtue

52. Which of the following statements is/are correct according to the passage? (I) The reversal of online betting laws in the U.S. has only influenced gambling trends in the country itself. (II) The integration of live-streaming within sports betting platforms has transformed how users engage with betting. (III) Online betting platforms integrate live-streaming services to enhance real-time engagement.
- (a) Only (II)
 - (b) Both (I) and (III)
 - (c) Both (II) and (III)
 - (d) All (I), (II), and (III)
 - (e) Only (I)

Answer (c) Both (II) and (III)

53. Which of the following words is the closest in meaning to "launching" as used in the passage?
- (a) Terminating
 - (b) Initiating
 - (c) Encouraging
 - (d) Preponing
 - (e) Withdrawing

Answer (b) Initiating

DIRECTIONS (Q. 54-57)

In each of the questions given below a sentence is given with three words in bold. Choose the option which gives the correct sequence of these words to make the sentence grammatically and contextually correct.

54. The ancient temple torrential (A) under the relentless force of the majestic (B) rain, leaving only fragments of its once crumbled (C) structure scattered across the valley.
- (a) ACB
 - (b) CAB
 - (c) BAC
 - (d) BCA
 - (e) No rearrangement required

Answer (b) CAB

55. The commander's pivotal (A) to launch the offensive (B) at dawn cost the army a reluctance (C) strategic advantage in the battle.

- (a) CBA
- (b) ACB
- (c) BAC
- (d) CAB
- (e) No rearrangement required

Answer (a) CBA

56. The detective's astute (A) observations led to a crucial (B) clue that unraveled (C) the mystery.

- (a) CAB
- (b) ACB
- (c) BAC
- (d) BCA
- (e) No rearrangement required

Answer (e) No rearrangement required

57. The leader's resilient (A) attitude in adversity (B) motivated his team to face challenges with fearless (C) determination.

- (a) BCA
- (b) CAB
- (c) ACB
- (d) BAC
- (e) No rearrangement required

Answer (b) CAB

DIRECTIONS (Q. 58-62)

Rearrange the following statements to form a coherent paragraph and the answer the given questions. (A) Their persistent efforts led to a remarkable transformation, ensuring a steady water supply and revitalizing local farming. (B) In the 1990s, the crisis deepened, prompting a group of determined women to take matters into their own hands by developing innovative irrigation techniques. (C) Additionally, policymakers announced the formulation of new programs aimed at furthering women's empowerment in rural areas. (D) Recognizing their contribution, the government not only praised their work but also introduced incentives to support their initiatives. (E) This inspiring movement has set a precedent for sustainable development and gender-inclusive progress in the region. (F) For decades, a village struggled with severe water shortages, impacting agriculture and daily life.

58. Which of the following is the correct sequence after rearrangement?

- (a) FABCED
- (b) FBADCE
- (c) BAECDF
- (d) FADCEB
- (e) BCDEAF

Answer (b) FBADCE

59. Which of the following is the FIRST statement after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) F
- (e) E

Answer (d) F

60. Which of the following is the FIFTH statement after rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

Answer (c) C

61. Which of the following is the THIRD statement after rearrangement?

- (a) A
- (b) F
- (c) C
- (d) D
- (e) E

Answer (a) A

62. Which of the following is the LAST statement after rearrangement?

- (a) F
- (b) B
- (c) C
- (d) D
- (e) E

Answer (e) E

DIRECTIONS (Q. 63-64)

In each question two columns are given, each containing three phrases/sentences. Choose the option that will connect the phrases to form meaningful and correct sentences.

63. Column I A. Struggling to navigate the stormy seas, B. The unexpected turn of events C. Enduring the relentless hardships, Column II D. they refused to abandon hope. E. left the entire nation in shock. F. he emerged stronger than before.

- (a) A-D
- (b) B-D
- (c) C-F
- (d) A-E
- (e) Both A-D and C-F

Answer (e) Both A-D and C-F

64. Column I A. Concealing his growing frustration, B. The sudden betrayal of his closest ally C. Fiercely resisting the oppressive rule, Column II D. was an act of defiance E. shattered his faith in loyalty F. was rolling hills in a warm glow

- (a) A-D
- (b) A-E
- (c) C-F
- (d) B-E
- (e) Both A-D and B-E

Answer (d) B-E

DIRECTIONS (Q. 65-70)

In the following passage there are blanks, each of which has been denoted by letters. For each blank, five options are given. Choose the most appropriate word from the options that fits the blank appropriately. Black pepper, often referred to as the "king of spices," _____ (A) an essential component of cuisines worldwide and has been used for centuries in both culinary and medicinal practices. It _____ (B) originally cultivated in South Asia, particularly in India, where it thrives in humid, tropical climates. 65. Select the most appropriate option to fill in the blank A.

- (a) remains
- (b) signifies
- (c) denotes
- (d) embodies
- (e) constitutes

Answer (a) remains

66. Select the most appropriate option to fill in the blank B.

- (a) is
- (b) has
- (c) had been
- (d) was being
- (e) was

Answer (e) was

67. Select the most appropriate option to fill in the blank C.

- (a) emerge
- (b) derives
- (c) originates
- (d) stems
- (e) exudes

Answer (c) originates

68. Select the most appropriate option to fill in the blank D.

- (a) is
- (b) was
- (c) has been
- (d) had been
- (e) will be

Answer (a) is

69. Select the most appropriate option to fill in the blank E.

- (a) has
- (b) was
- (c) had
- (d) is
- (e) are

Answer (b) was

70. Select the most appropriate option to fill in the blank F.

- (a) causes
- (b) had caused
- (c) has caused
- (d) cause
- (e) will cause

Answer (a) causes

DIRECTIONS (Q. 71-72)

Which of the following phrases given below the sentence should replace the phrase printed in bold letters to make the sentence grammatically correct? Choose the best option among the five given alternatives that reflect the correct use of phrase in the context of the grammatically correct sentence. If the sentence is correct as it is, mark "No correction required" as the answer.

71. Despite of the heavy storm, the fishermen decided to set sail early in the morning.

- (a) Despite the heavy storm
- (b) In spite the heavy storm
- (c) Even despite the heavy storm
- (d) Although of the heavy storm
- (e) No correction required

Answer (a) Despite the heavy storm

72. Had he known about the crisis, he would help his colleagues before leaving.

- (a) he would had helped
- (b) he would helped
- (c) he will help
- (d) he would have helped
- (e) No correction required

Answer (d) he would have helped

DIRECTIONS (Q. 73-77)

The table shows the flats occupied by public sector employees in four different buildings, ratio of flats occupied public sector and private sector employees and percentage of vacant flats. Read the table and answer the following questions. Note – 1. Occupied flats in A is 300. 2. Total flats in the building = occupied flats + vacant flats.

73. In A, the ratio of flat occupied by female working in public sector is 120 which is 20% more than flat occupied by male and Private sector. Find the sum of flat occupied by male in public sector and female in private sector.

- (a) 80
- (b) 90
- (c) 100
- (d) 150
- (e) 120

Answer (a) 80

74. In building F, the ratio occupied to vacant flat is same as building B and flats occupied by public sector employees is the average of flats occupied by private sector employees in A and B. If the vacant flats in F is $\frac{2}{5}$ th of flats occupied by public sector employees. Find the total flats occupied by private sector employees in F.

- (a) 25
- (b) 39
- (c) 24
- (d) 50

(e) 20

Answer (a) 25

75. Find the ratio of vacant flats in C and occupied flats in B together to flats occupied by private employees in C and flats occupied by public sector employees in D.

(a) 5:6

(b) 17:11

(c) 10:11

(d) 1:1

(e) 12:11

Answer (b) 17:11

76. In D, 20% of the public sector employees have car and remaining have bike and 40% of the private sector employees have bikes and remaining have cars. Find the difference between public sector employees have bike and private sector employees have car.

(a) 50

(b) 75

(c) 100

(d) 125

(e) 120

Answer (b) 75

77. If the number of flats in a floor is $2.5x$ and number of flats in each floor is same. Find the sum of number of floor in C and D.

(a) 5

(b) 9

(c) 10

(d) 11

(e) 12

Answer (d) 11

DIRECTIONS (Q. 78-82)

Read the following pie chart and bar graph carefully and answer the questions given below. The bar graph shows total number of magazines and newspapers published by five different publishers. The pie chart shows the percentage distribution of the newspapers published by these publishers. Note: The total number of magazines published by A is 50.

78. The total number of newspapers published by F is 25% more than that of by C and the total number of magazines published by B and F in the ratio of 7:4 respectively. Find the difference between the total number of magazines and newspapers published by F.

- (a) 40
- (b) 45
- (c) 35
- (d) 30
- (e) 20

Answer (b) 45

79. 40% of the number of magazines published by A are sold and 20% of the number of newspapers published by A are unsold, then find the ratio of the total number of magazines and newspapers sold by A.

- (a) 7:12
- (b) 5:11
- (c) 3:13
- (d) 4:19

(e) 5:16

Answer (e) 5:16

80. The ratio of sports to fashion magazines published by D is in the ratio of 5:4 respectively. The number of sports magazines published by D is what percentage of the total number of newspapers published by A?

(a) 125%
(b) 80%
(c) 65%
(d) 75%
(e) 100%

Answer (a) 125%

81. The total number of newspapers published by G is 4X more than that of E and the total number of magazines published by G is X less than that of A, then find the total number of newspapers and magazines together published by G.

(a) 250
(b) 150
(c) 190
(d) 180
(e) 215

Answer (e) 215

82. The total number of magazines published by B and F together 12X. Find the average number of magazines published by F and D.

(a) 110
(b) 120
(c) 90
(d) 130
(e) 125

Answer (a) 110

-
83. A and B started a business, and their investment was in the ratio of 4:5, respectively. At the end of a year the 30% of the dividend is equally distributed, and the remaining dividend is distributed in their profit share. If the difference between the dividend share of A and B is Rs 280, then find the total profit (in Rs)?

(a) 3200
(b) 3600
(c) 3800
(d) 4000
(e) 4400

Answer (b) 3600

84. The average age of (X+14) students in a class is X years. When the ages of two teachers are included, the average age increases by one year. If the sum of their age is 64 years, then find X?

(a) 12
(b) 24
(c) 20
(d) 14
(e) 16

Answer (e) 16

85. A person invests some amount on simple interest and at the end of the year the amount becomes 13 times of the amount invested by the man. If the numeric value of rate of interest per annum is thrice of time, find rate of interest.

- (a) 20
- (b) 50
- (c) 40
- (d) 60
- (e) 90

Answer (d) 60

86. Two vessels X and Y contains mixture of milk and water. Vessel X contains milk and water in the ratio of 5 : 3 respectively, while vessel Y contains mixture of milk and water in the ratio of 7 : 5 respectively. The difference between milk and water in vessel Y is equal to water in vessel X. If water in vessel Y is 5 liters more than milk in vessel X, then find the total mixture in vessel X?

- (a) 156
- (b) 126
- (c) 120
- (d) 16
- (e) 88

Answer (d) 16

87. The sum of age of X, Y and Z is 190 years. The difference between age of X & Y is twice the difference between age of Y & Z. If the ratio of age of Y to that of Z is 7 : 9, then find minimum the possible age of X (in years) Given, age of X < age of Y and all age in integer?

- (a) 30
- (b) 40
- (c) 36
- (d) 25
- (e) Can't determined

Answer (a) 30

88. The cost price of an article is Rs. X and it marked up 40% above cost price, while discount allowed on the marked price is 20%. If the cost price is Rs 100 less and the selling price is Rs. 80 more, then profit received on the article is 60%. Find the original selling price of the article (in Rs.)?

- (a) 540
- (b) 720
- (c) 840
- (d) 560
- (e) 600

Answer (d) 560

89. A man invested Rs. (X-2500) on simple interest for five years 3 days at rate of 8.006% in scheme A and he invested Rs X on compound interest for 2 years 2 days at rate of 10% p.a. in scheme B. If the approximate difference between interest received from the both schemes is Rs. 900, then find amount invested in scheme A (in Rs.)?

- (a) 5000
- (b) 5500
- (c) 7840
- (d) 7500
- (e) 5600

Answer (d) 7500

DIRECTIONS (Q. 90)

Find the wrong number in the following number series.

90. 8, 21, 41, 72, 116, 175, 257

- (a) 257
- (b) 116
- (c) 21
- (d) 175
- (e) 41

Answer (d) 175

DIRECTIONS (Q. 91-94)

Read the information and answer the following questions. The information is about the total people who like three different games i.e. volleyball, chess and cricket. The people who like only volleyball is $(x+10)$ and people who like only chess is 15 less than that of Volleyball. People who like only cricket is 28. Average number of people who like only one game is 21. People who like all the games together is 50. The ratio of people who like volleyball and chess together and chess and cricket together is 1:2. Total people who like chess is 96.

91. Find the ratio of people who like only cricket and chess together to people who like only volleyball.

- (a) 24:25
- (b) 25:24
- (c) 15:16
- (d) 10:9
- (e) 5:4

Answer (a) 24:25

92. Find the difference between people who like only one game to people like all the games together.

- (a) 20
- (b) 13
- (c) 15
- (d) 12
- (e) 14

Answer (b) 13

93. The number of people who like only volleyball and cricket together is double the people who like only cricket. Find the people who like volleyball.

- (a) 120
- (b) 125
- (c) 143
- (d) 110
- (e) 115

Answer (c) 143

94. The ratio of male and female who like chess is 7:5, then females who like chess is what percentage more/less than the people who like all the games together.

- (a) 20%
- (b) 10%
- (c) 90%
- (d) 80%
- (e) 25%

Answer (a) 20%

95. A is five consecutive even numbers series and B is five consecutive odd numbers series. The third term of series A is 3 more than third term of series B. If sum of first term of both series is 397, then find the sum of third term of series A and B?

- (a) 403
- (b) 407
- (c) 405
- (d) 401
- (e) 409

Answer (c) 405

96. The area of a rectangle is 528 cm² more than the area of a circle. And the ratio of length to breadth of the rectangle is 26 : 11. If radius of the circle is 11th of the breadth of the rectangle, then find the radius of circle (in cm)?

- (a) 14
- (b) 10.5
- (c) 28
- (d) 21
- (e) 7

Answer (c) 28

97. Ten years ago, the average age of A and B was 30 years. Eight years hence, the ratio of age of A to that of B will be 5 : 7. If the age of C five years ago was 9th of the age of B three years ago, then find the present age of C (in years):?

- (a) 40
- (b) 35
- (c) 45
- (d) 48
- (e) 32

Answer (a) 40

DIRECTIONS (Q. 98-99)

Following are the questions based on two statements and answer the following based on the given statements.

98. What will be respective ratio of saving of V & D. 3

- I. Income of V is 4% less than that of S and the ratio of expenditure of V to that of S is 7 : 8. D spends 5 of his income.
- II. S save Rs. 14000 and V saves Rs. 14800. Income of D is Rs. 2000 more than that of S.

- (a) Only statement I is sufficient
- (b) Only statement II is sufficient
- (c) Statement I and II both together is sufficient
- (d) Either statement I or Statement II alone is sufficient
- (e) Neither statement I nor statement II is sufficient

Answer (c) Statement I and II both together is sufficient

99. What is age of R after two years.

- I. Average age of A and N is 24 years and ratio of age of R to A is 2 : 3.
- II. N is 4 years elder than S and ratio of age of S to R is 1 : 2

- (a) only statement I
- (b) Only statement II
- (c) Both I and II together
- (d) Both statements together are not sufficient
- (e) Either I or II alone

Answer (c) Both I and II together

DIRECTIONS (Q. 100-102)

In each question below, some statements are given followed by some conclusions. You have to assume everything in the statements to be true even if they seem to be at variance with commonly known facts. Now, decide which of the two given conclusions logically follow from the statements, disregarding commonly known facts.

100. Statements: All apple are orange. Only a few orange are fruit. Some apple is not red. Conclusions:

- I. All fruit being apple is a possibility.
- II. Some red are orange.

- (a) Only I follows
- (b) Only II follows
- (c) Either I or II follows
- (d) Both I and II follow
- (e) None follows

Answer (a) Only I follows

101. Statements: Only trains are planes. Some cars are trains. All cars are ships. Conclusions:

- I. Some planes being ships is a possibility.
- II. All trains can never be cars.

- (a) Only I follows
- (b) Only II follows
- (c) Either I or II follows
- (d) Both I and II follow
- (e) None follows

Answer (b) Only II follows

102. Statements: No cups are mugs. Only a few cups are plates. All mugs are spoons. Conclusions:

- I. No plates being spoons is a possibility.
- II. All cups can never be plates.

- (a) Only I follows
- (b) Only II follows
- (c) Either I or II follows
- (d) Both I and II follow
- (e) None follows

Answer (d) Both I and II follow

103. How many pairs of digits are in the number '83573971, each of which have as many digits between them (both forward and backward direction) as they have between them according to English Numeric Series?

- (a) One
- (b) Four
- (c) Three
- (d) Two
- (e) More than four

Answer (c) Three

DIRECTIONS (Q. 104-108)

Read the given information carefully and answer the related questions: Nine persons A, B, C, D, E, F, G, H, I are designated on different posts in a company but not in given order. The designations are CEO (Chief Executive Officer), CFO (Chief Financial Officer), CTO (Chief Technical Officer), CMO (Chief Marketing Officer), VP (Vice President), GM (General Manager), AGM (Assistant General Manager), DGM (Deputy General Manager), Manager. These designations are given in the decreasing order of seniority from CEO to Manager respectively. Odd number of persons are senior to B. Four persons are in between B and H. C is two designations senior to H. The number of persons designated between B and C is two less than the number of persons senior to E. A is four designations junior to G. The number of persons junior to G is four more than the number of persons senior to F. D is not Assistant General Manager.

104. The number of persons junior to I is same as the number of persons senior to ____.

- (a) G
- (b) H
- (c) C
- (d) A
- (e) F

Answer (b) H

105. Which of the following statement is correct?

- (a) F is designated as Chief Technical Officer
- (b) Less than four persons are in between G and B
- (c) A is immediate junior to D
- (d) Equal number of persons are senior and junior to E
- (e) A is senior to General Manager

Answer (c) A is immediate junior to D

106. Which of the following pair of designation and person is/are correct?

- (a) Assistant General Manager - I
- (b) Vice President - D
- (c) Chief Marketing Officer - F
- (d) Manager - E
- (e) All are correct

Answer (e) All are correct

107. Among which pair of persons, first person is three designations senior to second person?

- (a) G-A
- (b) C-I
- (c) H-F
- (d) D-B
- (e) B-E

Answer (d) D-B

108. Who among the following is two designations junior to I?

- (a) H
- (b) E
- (c) A
- (d) C
- (e) G

Answer (b) E

DIRECTIONS (Q. 109-113)

Read the given information carefully and answer the related questions: 14 persons sit in two parallel rows in such a way that 7 persons sit in each row. B, C, D, E, F, G, H – sit in row 1 and face north while P, Q, R, S, T, U, V – sit in row 2 and face south. The persons do not sit in the given order. The persons of both rows face each other. T faces the one who sits third to the left of G. Number of persons to the left of G is one more than the number of persons to the right of P. The one who faces P sits immediate right of B. F neither sits at the extreme ends nor adjacent to G. More than two persons sit between F and the one who faces V. Number of persons sit between T and V is same as the number of persons sit between D and E. S sits third to the right of Q. Two persons sit between C and D who sits opposite to R.

109. Four of the following five are similar in a certain manner and related to a group, who among the following is not related to the group?

- (a) U
- (b) V
- (c) H
- (d) D
- (e) R

Answer (a) U

110. How many persons sit between U and the one who faces F?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) Five

Answer (b) Two

111. What is the position of H with respect to the one who sits opposite to S?

- (a) Second to the right
- (b) Immediate left
- (c) Fourth to the right
- (d) Fourth to the left
- (e) Third to the right

Answer (c) Fourth to the right

112. Which of the following statement is true?

- I. Four persons sit to the right of U
- II. E sits immediate right of G
- III. F is the only neighbor of H

- (a) Only II
- (b) Only II and III
- (c) Only III
- (d) Only I
- (e) Only I and II

Answer (e) Only I and II

113. If V is related to E, P is related to B, in the similar way, Q is related to whom?

- (a) G
- (b) D
- (c) F
- (d) H
- (e) C

Answer (a) G

DIRECTIONS (Q. 114-118)

Study the following information carefully and answer the questions given below: Nine boxes A, B, C, D, E, F, G, H, I - are placed one above the other but not necessarily in the same order. At most two boxes are placed above the box A. Two boxes are placed between box A and box H. Box E is placed adjacent to box H. The number of boxes placed between box A and box E is two less than the number of boxes placed between box E and box G. Box B is placed just above box D which is two places above the box C. Box F is placed two places above box I.

114. How many boxes are placed between Box G and Box A?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) Five

Answer (e) Five

115. Which of the following boxes is placed at the topmost position?

- (a) A
- (b) G
- (c) B
- (d) F
- (e) H

Answer (d) F

116. Which box is placed exactly between Box F and Box C?

- (a) B
- (b) G
- (c) H
- (d) D
- (e) E

Answer (c) H

117. What is the correct position of Box E from the topmost position?

- (a) Fourth
- (b) Fifth
- (c) Sixth
- (d) Seventh
- (e) Eighth

Answer (a) Fourth

118. If box E is related to box B and box H is related to box D then in the same way which box is related to box I?

- (a) Box A
- (b) Box F
- (c) Box C
- (d) Box H
- (e) Box G

Answer (b) Box F

DIRECTIONS (Q. 119-123)

Study the following information carefully and answer the questions given below: Seven persons study in three different universities viz. Oxford, Cambridge and Texas. Minimum two but not more than three persons study in the same university. Each of them like different colour. P likes brown but does not study in Texas. T study only with Q but they do not study in Texas. S and the one who likes white study in the same university. V and the one who likes maroon study in the same university. The ones who like grey and green study neither in the same university nor in Texas. T does not study in Oxford. The one who likes silver and grey study in the same university. V study with more than one person. Q does not like silver. R does not study in Oxford. R does not like Gold and Maroon. S and U do not like gold.

119. Which of the following persons study in Oxford?

- (a) P, R
- (b) S, V
- (c) P, S, V
- (d) P, Q, T
- (e) None of these

Answer (e) None of these

120. Who likes the white color?

- (a) Q
- (b) S
- (c) R
- (d) V
- (e) None of these

Answer (c) R

121. Which of the following colors does T like?

- (a) Green
- (b) Gold
- (c) Maroon
- (d) Silver
- (e) None of these

Answer (d) Silver

122. Which of the following statements is true?

- (a) P and S study in the same university
- (b) T likes grey color
- (c) R studies in Texas
- (d) The one who likes silver studies in Cambridge
- (e) Both

Answer (e) Both

123. Who among the following studies in Texas?

- (a) R and the one who likes grey
- (b) S and the one who likes white
- (c) V and the one who likes green
- (d) Q and the one who likes silver
- (e) None of these

Answer (b) S and the one who likes white

DIRECTIONS (Q. 124-128)

Study the following information carefully and answer the questions given below: Seven persons i.e., A, B, C, D, E, F and G but not necessarily in the same order are living in a seven-floor building such that the ground floor is numbered as 1, just above it is floor 2, then the topmost floor is numbered as 7. Each person likes different colors i.e., Green, Red, Violet, Purple, Black, Pink and White but not necessarily in the same order. G lives on even number floor but three floors above the one who likes Black. There are as many persons live above the one who likes Purple as below the one who likes Black. C lives two floors above the one who likes white who lives on odd numbered floor. C does not like Black. B lives two floors above the one who likes Violet. The one who likes green lives just above the one who likes Pink. More than three persons live between E and F who lives just above D.

124. Who lives on the second topmost floor?

- (a) A
- (b) G
- (c) C
- (d) B
- (e) E

Answer (d) B

125. How many floors are between the persons who like Red and Black?

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) None

Answer (e) None

126. The numbers of persons live above C is one less than the numbers of persons live below _____?

- (a) The one who likes White
- (b) The one who likes Pink
- (c) The one who likes Violet
- (d) The one who likes Purple
- (e) The one who likes Black

Answer (c) The one who likes Violet

127. Who among the following lives just above the one who likes Green?

- (a) The one who likes Violet
- (b) The one who likes Red
- (c) The one who likes White
- (d) The one who likes Purple
- (e) The one who likes Black

Answer (d) The one who likes Purple

128. Which of the following statements is true?

- I. G does not live on prime numbered floor
- II. A lives above the one who likes red
- III. At least two floors gap between G and F

- (a) Only III
- (b) Both I and II
- (c) Only I
- (d) Both II and III
- (e) None is true

Answer (b) Both I and II

129. A person invests some amount on simple interest and at the end of the year the amount becomes 13 times of the amount invested by the man. If the numeric value of rate of interest per annum is thrice of time, find rate of interest.
- (a) 20
 - (b) 50
 - (c) 40
 - (d) 60
 - (e) 90 2

Answer (d) 60

130. The speed of stream is 163% of downstream speed of the boat and the boat covers 120 km upstream in five hours. If the boat covers D-3 km downstream and D+30 (at speed of boat in still water) in 5.5 hours, then find the value of D?
- (a) 55
 - (b) 75
 - (c) 80
 - (d) 60
 - (e) 45

Answer (b) 75

DIRECTIONS (Q. 131-134)

Read the passage given below and answer the following questions. Dr. Johnson walked into the break room and saw Dr. Smith sitting at the table, reading a medical journal. She grabbed a cup of coffee and joined him. "Hey there, how's your day going?" she asked. Dr. Smith looked up from his journal and sighed. "It's been pretty hectic. I've had a lot of patients today with serious medical conditions. It's always tough to deliver bad news to them." "I know what you mean," Dr. Johnson said. "I had a patient today who was recently diagnosed with cancer. It's hard to see them going through such a difficult time." Dr. Smith nodded in agreement. "But that's why we do what we do. We have to be strong for our patients and help them through their challenges. It's a tough job, but it's also incredibly rewarding." The two doctors finished their coffee and headed back to their patients, ready to face whatever challenges the day might bring. As they walked down the hall, Dr. Johnson continued the conversation. "You know, I was thinking about the new treatment option for cancer that was discussed in that journal you were reading. Have you tried it with any of your patients?" Dr. Smith nodded. "Yes

131. How did Dr. Smith respond when Dr. Johnson mentioned a new treatment option for cancer?
- (a) Dr. Smith replied that he had no interest in trying out new treatment options and preferred sticking to his usual methods
 - (b) Dr. Smith said that he had already tried the treatment option with many patients, but it didn't seem to work for them
 - (c) Dr. Smith nodded and said that he had a few eligible patients who had positive responses to the new treatment
 - (d) Dr. Smith replied that he was skeptical about trying out new treatments as they could have adverse effects on the patient's health
 - (e) None of these

Answer (c) Dr. Smith nodded and said that he had a few eligible patients who had positive responses t

132. What did the two doctors agree on regarding medical research? (i) Both doctors agreed that medical research is not important for treating patients and that they can rely solely on their own experience to provide care. (ii) Both doctors agreed that medical research is essential for providing the best possible care for their patients and that staying up-to-date with the latest advancements is critical. (iii) Dr. Johnson believed that medical research is important, but Dr. Smith disagreed and felt that it is a waste of time and resources.
- (a) Both (i) and (ii)
 - (b) Only (iii)
 - (c) None of these
 - (d) Both (ii) and (iii)

(e) Only (ii)

Answer (e) Only (ii)

133. How did Dr. Johnson respond to the news about the patient's positive response to treatment?

- (a) Dr. Johnson expressed disappointment
- (b) Dr. Johnson was surprised
- (c) Dr. Johnson expressed gratitude
- (d) Dr. Johnson was indifferent
- (e) Both

Answer (c) Dr. Johnson expressed gratitude

134. Which of the following words is most similar in meaning to the highlighted word "PROMISING," which, if replaced, will not change the intended meaning of the given sentence?

- (a) portentous
- (b) propitious
- (c) caliginous
- (d) minacious
- (e) ominous

Answer (b) propitious

DIRECTIONS (Q. 135-140)

Read the passage given below and answer the following questions. As an economist, I believe that there are several ways to tackle an economic downturn. The first and most important step is for the government to implement fiscal policies that stimulate economic activity. By injecting money into the economy, we can boost consumer spending and create new jobs, which in turn helps to jumpstart economic growth. This can be done through tax cuts, increased government spending on infrastructure projects, and targeted subsidies for industries that are struggling. Another effective strategy is for the government to work closely with central banks to implement monetary policies that support economic growth. This can include lowering interest rates, which encourages borrowing and investment and increasing the money supply, which can help to stimulate inflation and boost consumer spending. By coordinating fiscal and monetary policies, we can create a more robust economic environment that is conducive to growth and prosperity. Finally, it is important to address structural issues within the economy that may be contributing to the downturn. This can include investing in education and training pr

135. What is the first and most important step to tackle an economic downturn, according to the economist in the passage?

- (a) Implementing trade tariffs to protect domestic industries
- (b) Increasing government bureaucracy to monitor businesses
- (c) Implementing fiscal policies that stimulate economic activity
- (d) Limiting consumer spending to control inflation
- (e) None of the above

Answer (c) Implementing fiscal policies that stimulate economic activity

136. How can the government inject money into the economy to boost consumer spending and create new jobs?

- (a) By implementing strict measures to reduce government spending
- (b) By increasing taxes to fund social welfare programs
- (c) By increasing government spending on infrastructure projects
- (d) Both
- (e) All of these

Answer (c) By increasing government spending on infrastructure projects

137. Why is it important to address structural issues within the economy that may be contributing to the downturn? (i) To hamper the stability within the economy (ii) To restrict competition among businesses (iii) To create a more inclusive economic system
- (a) Only (i) and (ii)
 - (b) All of these
 - (c) Both (i) and (iii)
 - (d) Only (iii)
 - (e) None of these

Answer (d) Only (iii)

138. Why is it difficult to accurately predict economic shifts and respond to them in a timely manner?
- (a) Due to a lack of available data and resources on economic indicators
 - (b) Because economic shifts are dependent on unpredictable global events
 - (c) Because economic shifts are slow and gradual, making them hard to detect
 - (d) Because policymakers are not equipped with the tools to predict economic shifts
 - (e) Both

Answer (b) Because economic shifts are dependent on unpredictable global events

139. What are some potential ways to address income and social inequalities within the economy?
- (a) By reducing government spending on welfare programs
 - (b) By investing in education and training programs
 - (c) By increasing tax rates on the wealthy citizens
 - (d) Both
 - (e) All of these

Answer (b) By investing in education and training programs

140. What is one of the biggest challenges that may arise when trying to tackle an economic downturn?
- (a) Interference by international organizations in the domestic economy
 - (b) Lack of effective coordination between fiscal and monetary policies
 - (c) Low consumer confidence in the economic stability of the country
 - (d) Insufficient government funding for education and training programs
 - (e) Government economic meddling is challenged by political opponents

Answer (e) Government economic meddling is challenged by political opponents

DIRECTIONS (Q. 141-145)

Below are given six sentences in jumbled form. However, sentence (B) is fixed to be in fourth place after rearrangement. You have to rearrange the remaining sentences to make a contextually meaningful paragraph and answer the following questions: (A) It is _____ to conserve biodiversity because it provides _____ ecosystem services such as air and water purification, nutrient cycling, and climate regulation. (B) their ecological footprint, such as (1)/ buying local and organic produce (2)/ one such way is by reducing (3)/ by using public transportation or (4) (C) Efforts to conserve biodiversity can be made by individuals in many ways. (D) Biodiversity refers to the variety of living organisms on earth and their interactions with each other and their environment. (E) In addition, it is of paramount (1) importance to spread cognizance (2) pertaining to the significance (3) of biodiversity and exhort (4) others to understate (5) measures of preservation. (F) Individuals can also take action to reduce habitat destruction and fragmentation by supporting sustainable land use practices, such as agroforestry or conservation agriculture. 4

141. Which of the following would be the FIRST sentence after rearrangement?
- (a) C
 - (b) D
 - (c) A
 - (d) F
 - (e) E

Answer (b) D

142. Which of the following would be the LAST sentence after rearrangement?

- (a) D
- (b) C
- (c) F
- (d) E
- (e) A

Answer (d) E

143. Which of the following would be the correct rearrangement of the phrases given in sentence (B)?

- (a) 3421
- (b) 4312
- (c) 3142
- (d) 2314
- (e) 1324

Answer (c) 3142

144. In sentence (E), there are five highlighted words. Choose the word which is incoherent with reference to the context of the given sentence.

- (a) paramount
- (b) cognizance
- (c) significance
- (d) exhort
- (e) understate

Answer (e) understate

145. There are two blanks given in sentence (A). You must select the most appropriate word from the following options to fill in both blanks in the sentence.

- (a) perilous
- (b) didactic
- (c) critical
- (d) pedantic
- (e) peracute

Answer (c) critical

DIRECTIONS (Q. 146-150)

Each question below has one blank, which indicates that something has been omitted. Find out which option can be used to fill in the blank in the sentence to make it grammatically and contextually correct.

146. Encouraging community engagement and volunteerism can help to build more _____ and connected communities.

- (a) dolorous
- (b) stagnant
- (c) indented
- (d) ebullient
- (e) sluggish

Answer (d) ebullient

147. Educational inequality is a systemic social issue that _____ opportunities for marginalized communities and requires innovative solutions to bridge the achievement gap.

- (a) precipitates
- (b) strangles
- (c) converges
- (d) dispatches
- (e) expedites

Answer (b) strangles

148. Pursuing your passions and interests can help to _____ new opportunities for growth and success.

- (a) rein
- (b) bridle
- (c) delve
- (d) impart
- (e) deter

Answer (c) delve

149. Embracing a positive attitude and mindset can help to _____ challenges and achieve success.

- (a) exculpate
- (b) vanquish
- (c) extricate
- (d) disdain
- (e) ransom

Answer (b) vanquish

150. Corruption is a pervasive social issue that undermines democracy, human rights, and economic growth and requires _____ and accountable governance.

- (a) bland
- (b) bleak
- (c) ornery
- (d) lucid
- (e) dreary

Answer (d) lucid

151. Each question below consists of five sentences. Each sentence contains a highlighted word, but only one of these sentences shows the correct usage of the word. You have to choose the sentence that uses the highlighted word correctly, both in grammatical and contextual aspects.

- (a) Access to education capacitates individuals and communities to realize their full potential and contribute to society
- (b) Promoting cultural understanding and tolerance is crucial in creating a more truculent global community
- (c) Racism and discrimination are two of the most significant social issues that need to be conceded through education and legislation
- (d) Non-violent activism and civil disobedience can be abortive means of promoting peace and social change
- (e) Gender inequality remains a trifling problem that hinders progress and deprives individuals of their fundamental rights

Answer (a) Access to education capacitates individuals and communities to realize their full potentia

152. In the following questions, a few sentences are given. Choose and mark the sentence which contains no grammatical or contextual error in it. If all the sentences are grammatically and contextually incorrect, mark the "All are incorrect" option as the answer choice.

- (a) The company is trying to bring of fresh talent to inject new ideas into the organization
- (b) The CEO is hoping to rally on the team members and inspire them to achieve their goals
- (c) The teacher had to call through their parents to address their behavior issues
- (d) The project team had to flesh out the details of the proposal before submitting it
- (e) All are incorrect

Answer (d) The project team had to flesh out the details of the proposal before submitting it

DIRECTIONS (Q. 153-156)

A few sentences are provided in the following questions, each with a phrase highlighted in bold. There may or may not be an error in the highlighted phrase. The erroneous phrase can be replaced with one of the given alternatives. Choose "No replacement required" as your response if the highlighted phrase is correct.

153. The company is looking to spin off its non-core businesses to focus on its core competencies.

- (a) to spin from its non-core businesses
- (b) to spin on its non-core businesses
- (c) to spin into its non-core businesses
- (d) to spin for its non-core businesses
- (e) No replacement required

Answer (e) No replacement required

154. The firm is looking to divest of its underperforming assets to improve its revenue structure.

- (a) The firm is looking to divest in its
- (b) The firm is looking to divest for its
- (c) The firm is looking to divest its
- (d) The firm is looking to divest by its
- (e) No replacement required

Answer (c) The firm is looking to divest its

155. I have to keep up with the fast-paced conversation to understand what was being said.

- (a) I was to keep up with the
- (b) I had to keep up with the
- (c) I am to keep up with the
- (d) I look to keep up with the
- (e) No replacement required

Answer (b) I had to keep up with the

156. The employee had to clock in and out on time to avoid getting in trouble with the HR department.

- (a) for avoiding get in trouble with
- (b) to avoid getting to trouble with
- (c) in avoid getting of trouble with
- (d) of avoiding get for trouble with
- (e) No replacement required

Answer (e) No replacement required

DIRECTIONS (Q. 157-162)

The pie chart given below shows the percentage distribution of number of people (Male+ Female) visited a zoo on five different days of a week. Note: (i) portion occupied on Friday = 90° . (ii) Total number of people visited the zoo on five different days is 1000.

- 157.** On Monday, the ratio of males to females visited the zoo is 3:2. If 40% of the total males and $\frac{1}{4}$ of total females visited zoo in the morning and rest visited in afternoon, then find the number of females visited zoo in afternoon is how much more/less than males visited zoo in the same time?

- (a) 18
- (b) 20
- (c) 30
- (d) 36
- (e) 24

Answer (a) 18

- 158.** On Thursday, total number of females visited are 30% of the people visited on Wednesday. If 30% of the males visited on Thursday are under 50 years, then find the number of males visited to zoo whose age is above or equal to 50 years is what percent of total number of people visited in the week.

- (a) 8.1%
- (b) 12%
- (c) 3%
- (d) 8.4%
- (e) 2.4%

Answer (d) 8.4%

- 159.** On Friday, total number of males visited in zoo is the average of number of people visited on Saturday and Thursday. Total number of females visited zoo on Friday is of total number of people visited on Monday. Find the total number of people visited zoo on Saturday.

- (a) 180
- (b) 200
- (c) 300
- (d) 150
- (e) 240

Answer (d) 150

160. The total number of people visited zoo on Saturday and Sunday are in the ratio of 1:2 respectively. The total number of females visited zoo on Saturday is 75% of total number of people visited zoo on Tuesday. If 70% of the people visited zoo on Saturday are males, then find the total number of people visited zoo on Sunday.

- (a) 1800
- (b) 1200
- (c) 3000
- (d) 1500
- (e) 1000

Answer (e) 1000

161. Find the average number of people visited zoo on Monday and Wednesday is what percentage of total number of people visited zoo on Friday.

- (a) 85%
- (b) 90%
- (c) 70%
- (d) 66%
- (e) 80%

Answer (e) 80%

162. The ratio of males who visited zoo on Monday to the females who visited on Sunday is 7:9 respectively. The sum of males visited zoo on Monday and females visited zoo on Sunday is 128. Find the total number of people visited zoo on Sunday.

- (a) Cannot be determined
- (b) None of these
- (c) 300
- (d) 150
- (e) 240 12

Answer (a) Cannot be determined

163. P invested Rs. X in Scheme A which offers R% simple interest for eight years after eight years the interest becomes 2.8 times of the amount he invested. If he invested Rs. (X+280) in scheme B which offers simple interest for three years at the same rate of interest, the interest received is Rs.1995, then find the value of X/2?

- (a) 940
- (b) 1050
- (c) 780
- (d) 540
- (e) 810

Answer (e) 810

164. 5 men and 8 women can complete a work in 12 days. 16 men and 6 women can complete the work in 8 days. If ratio of efficiency of a man to a child is 2:1, then find the number of days taken by 24 children to complete the same work. 1

- (a) 12 2 days
- (b) 16 3 days
- (c) 8 3 days
- (d) 15 days
- (e) 10 days

Answer (b) 16 3 days

165. A train of a length $(X+250)$ meters crosses a pole in 32.5 seconds and speed of train is 72 km/h. If length of a bridge is $(X-60)$ meters and train increased its speed by 25%, then find the time taken by the train to cross the bridge.

- (a) 24.5 seconds
- (b) 39.6 seconds
- (c) 22.4 seconds
- (d) 35.6 seconds
- (e) 40.5 seconds

Answer (b) 39.6 seconds

166. The total time taken by a boat to cover ' $D+25$ ' km downstream and same distance in upstream is 20 hours. If speed of boat is 15 km/hr in still water and speed of stream is 40% less than speed of boat, then find the value of D .

- (a) 66
- (b) 71
- (c) 78
- (d) 62
- (e) 59 13

Answer (b) 71

167. A and B entered into a business and money invested by A is 20% less than B. After four months, C joined the business with an investment of $a\%$ more than the investment of A, while B left business after two more months. The difference between profit of C and B after one year is _____ times of the difference between profit of A and C. Find which option is correct for ' a ' and fill in the blanks.

- (a) 25, $\frac{5}{4}$
- (b) 20, $\frac{4}{5}$
- (c) 10, $\frac{4}{5}$
- (d) 50, $\frac{4}{5}$
- (e) 25, $\frac{2}{5}$

Answer (a) 25, $\frac{5}{4}$

168. A mixture contains Y liter wine and 280-liter water. When 150-liter wine added and 80-liter water drawn from the mixture the ratio of wine to water becomes 3: 1. Find the ratio of $(Y-130)$ liter of wine to sum of $0.5Y$ and initial quantity of water.

- (a) 88 : 101
- (b) 72: 107
- (c) 52: 109
- (d) 64: 101
- (e) None of these

Answer (d) 64: 101

DIRECTIONS (Q. 169-173)

The table given below shows the total number of students in two (X and Y) different streams, percentage of number of students in X and number of students in Y in four different colleges (P, Q, R and S). Some values are missing in the tables, which you have to calculate if required. Read the table carefully and answer the questions.

Colleges	Total number of students	Percentage of students in X	Number of students in Y
P	968	50%	
Q		65%	
R		44%	504
S	900		

- 169.** In college S, the percentage range of number of students in X stream lies within $8 < X < 30$ and X is an odd place multiple of 8. Find the number of students in stream Y in college S.

- (a) 684
- (b) 620
- (c) 630
- (d) 636
- (e) 624

Answer (a) 684

- 170.** If the total number of students in college Z is thrice the number of students in stream X of college P and the number of students in Stream Y in college Z is 75% of the total number of students in that college, then find the average of total number of students in stream X of college Z and R together.

- (a) 318.5
- (b) 320.5
- (c) 300.5
- (d) 379.5
- (e) 334.5

Answer (d) 379.5

- 171.** The number of students in stream Y in college Q is 146 more than three times the difference between total number of students in college P and S. Find the sum of total number of students in college R and the number of students in stream X in college Q.

- (a) 1518
- (b) 1520
- (c) 1530
- (d) 1536
- (e) 1550

Answer (e) 1550

- 172.** The total number of students in stream X of college Q is 414 less than average of total number of students in P and S. Find the students in stream Y of college Q.

- (a) 180
- (b) 200
- (c) 300
- (d) 280
- (e) 240

Answer (d) 280

- 173.** If the average of total number of students in all the colleges is 822, then find the number of students in stream Y of college Q.

- (a) 186
- (b) 180
- (c) 188
- (d) 196
- (e) 182

DIRECTIONS (Q. 174-175)

In the given questions, two quantities are given, one as 'Quantity I' and another as 'Quantity II'. You have to determine relationship between two quantities and choose the appropriate option.

- 174.** A bag contains four yellow toffees, Z black toffees and five grey toffees. If one toffee drawn at random probability of being grey is $\frac{1}{3}$. Quantity
- I. $\frac{7}{29}$ Quantity
- II. If two toffees taken out from the bag at random, then what will be the probability of that two toffees are black toffees.
- (a) Quantity I > Quantity II
 (b) Quantity I < Quantity II
 (c) Quantity I $\geq$ Quantity II
 (d) Quantity I $\leq$ Quantity II
 (e) Quantity I = Quantity II or no relation

Answer (a) Quantity I > Quantity II

- 175.** Quantity
- I. When the two-digits of a natural number are reversed, the new number is 36 more than the original number. If sum of digits of the number is 10, then find the original number. Quantity
- II. A shopkeeper marked an article 40% above its cost price and allows two successive discount 10% and X% respectively. If cost price of the article is Rs.250 and he earned 0.8% profit, then find the value of 4X.
- (a) Quantity I > Quantity II
 (b) Quantity I < Quantity II
 (c) Quantity I $\geq$ Quantity II
 (d) Quantity I $\leq$ Quantity II
 (e) Quantity I = Quantity II or no relation

Answer (b) Quantity I < Quantity II

DIRECTIONS (Q. 176-179)

The line chart given below shows the number of people (males + females) visited five different Pubs in 2010 and in 2015. 1

- 176.** In 2013, total number of females visited pub B is 20% more than that in previous year and the total number of females visited pub B in 2012 is 30 more than number of people visited same pub in 2015. Find the total number of females visited pub B in 2013.
- (a) 81
 (b) 92
 (c) 96
 (d) 84

(e) 94 16

Answer (c) 96

177. In 2012, total number of people visited in pub C is the average of total number of people visited pub E in both the given years. Find number of people visited pub C in 2012 is how much more/less than people visited pub D in 2015.

- (a) 18
- (b) 20
- (c) 30
- (d) 45
- (e) 40

Answer (e) 40

178. In 2016, the total number of people visited pub D is 50% less than previous year and number of people visited same pub in 2011 is 20% more than previous year. Find the ratio of people visited pub D in 2011 to 2016.

- (a) 18:19
- (b) 12:11
- (c) 13:15
- (d) 18:5
- (e) 5:18

Answer (d) 18:5

179. Find the average number of people visited pub A and pub B in 2010 are what percent of total number of people visited pub D in 2015.

- (a) 125%
- (b) 120%
- (c) 170%
- (d) 110%
- (e) 180%

Answer (d) 110%

180. A spend 25% of his monthly salary on household and 20% of the remaining salary spend on rent. A spend remaining salary on travelling and food in the ratio of 2:3 respectively. Difference between amounts spend on food and household is Rs.1540, then find the monthly expenditure of A.

- (a) Rs.18000
- (b) Rs.15600
- (c) Rs.12100
- (d) Rs.14000
- (e) Rs.9050

Answer (d) Rs.14000

181. The radius and height of a cylinder is 16 cm and 21 cm respectively. If volume of a cone is 132 cm less than half of the volume of the cylinder and height of the cone is 12.5% more than radius of the cylinder, then find the radius of the cone.

- (a) 10 cm
- (b) 16.5 cm
- (c) 14 cm
- (d) 28.5 cm
- (e) 21 cm

Answer (e) 21 cm

182. The cost price of an article is Rs.550 and marked up by X% above its cost price. The shopkeeper also allows a discount of 30% on marked price and earned a profit of 12%. If cost price of another article is Rs. (X+450) and shopkeeper suffered a loss of 20% on it, then find the selling price of new article.

- (a) Rs.420
- (b) Rs.408
- (c) Rs.492
- (d) Rs.422
- (e) Rs.465

Answer (b) Rs.408

183. The ratio of present ages of P to that of Q is 5:7 and six years ago, the age of R was equal to the age of Q four years hence. If difference between age of P after nine years and present age of Q is seven years, then find the average of present ages of P, Q and R.

- (a) 19 years
- (b) $29/3$ years
- (c) $25/3$ years
- (d) 12 years
- (e) $11/3$ years

Answer (b) $29/3$ years

DIRECTIONS (Q. 184-188)

Read the information carefully and answer the following question. The information shows manufacturing of bags by three companies X, Y and Z from Monday to Friday. Company X – On Monday and Tuesday, it manufactures bags in the ratio of 1:2 respectively. On Thursday, it manufactures 60 less bags than on Monday. On Friday, it manufactures 60 more bags than Monday. The total manufacturing of bags on all days except Wednesday is 1000. Company Y – The manufacturing of bags on Friday and Thursday is same i.e. 15% out the total manufacturing of bags in all days. Company Z – The manufacturing of bags on Tuesday and Wednesday is same i.e. 12% out the total manufacturing of bags in all days. Total bags manufactured by Z are 1200 in all days. The sum of total manufacturing of bags on Wednesday and Tuesday by all the companies are 744 and 1194 respectively. Ratio of manufacturing of bags by X, Y and Z is 14:15:12 respectively. Total number of bags manufactured on Monday by all the companies is 100 more than that on Thursday and 162 less than that on Friday.

184. Find the difference between total bags manufactured by Z on Thursday and total bag manufactured by Y on Wednesday.

- (a) 15
- (b) 25
- (c) 45
- (d) 35
- (e) 55

Answer (d) 35

185. Find the ratio of total bags manufactured on Monday to that on Thursday by all the companies.

- (a) 6:7
- (b) 2:1
- (c) 3:5
- (d) 8:5
- (e) 7:6 19

Answer (e) 7:6 19

186. The number of bags manufactured on Monday by Y is what percent of total bag manufactured by Y on Friday.

- (a) 125%
- (b) 77%
- (c) 70%
- (d) 88.88%
- (e) 80%

Answer (d) 88.88%

187. The bags manufactured by Z on Fridays is what percent more/less than bags manufactured by Z on Monday.

- (a) 44%
- (b) 33%
- (c) 55%
- (d) 66%
- (e) 25.66%

Answer (e) 25.66%

188. If company A manufactured 20% more bags than total bags manufactured by all the companies on Thursday, then find the total number of bags manufactured by company A in all days is approximately what percent of total bags manufactured by company X in all days.

- (a) 65%
- (b) 51%
- (c) 70%
- (d) 110%
- (e) 80%

Answer (b) 51%

DIRECTIONS (Q. 189-192)

The data given below is about number of articles sold by X, Y and Z in three different years from 2020 to 2022. Total number of articles sold by X, Y and Z in 2022 is 347. Total number of articles sold in all three years by Y and Z is 400 and 227 respectively. Articles sold by Z in 2021 and 2022 are in the ratio of 8:7. The ratio of articles sold by X and Z in 2020 is 1:2. The number of articles sold by Z in 2020 is 20 more than the articles sold by it in 2021. The number of articles sold by Y in 2022 is four times the number of articles sold by X in 2020. The number of articles sold by Y and Z in 2020 is 25:23. In 2021, X sold thrice the number of articles sold by it previous year.

189. Find the ratio of total articles sold by X to Y in all the given years.

- (a) 33:35
- (b) 21:23
- (c) 100:71
- (d) 71:100
- (e) 71:73

Answer (d) 71:100

190. Total article sold by Y in 2020 is what percent more/less than that of total article sold by X in 2022?

- (a) 60%
- (b) 75%
- (c) 50%
- (d) 100%
- (e) 0%

Answer (e) 0%

191. Find the total article sold in year 2021.

- (a) 315
- (b) 325
- (c) 345
- (d) 326
- (e) 355

Answer (d) 326

192. In 2023, that article sold by X is 45% more than the previous year. In 2020, the article sold by Y is decreased by 75% from previous year. Find the sum of article sold by X in 2023 and Y in 2019.

- (a) 545
- (b) 525
- (c) 565
- (d) 535
- (e) 555

Answer (a) 545

DIRECTIONS (Q. 193-197)

Study the following information carefully and answer the below questions. Eight persons – O, P, Q, R, S, T, U and V sit in a row in such a way that some face north whereas some face south. Each person is of different ages viz.- 18, 23, 24, 25, 26, 33, 35 and 38. All the information is not necessary in the same order. Note: Not more than two persons facing in the same direction sit together. The consecutive alphabetically named persons do not sit together. S sits third from one of the extreme ends and sits fourth to the left of the one who is 35 years. The one who is 35 years sits second to the left of O and faces north. Only two persons sit between O and the one who is 38 years. T sits third to the left of V both face in the same direction. V who is 26 years sits immediate left of S. T's age is seven more than the age of R. S's age is nine more than the age of Q. U sits immediate right of Q. P and the one who is 24 years face in the same direction. At least one person sits between the one who is 18 years and O.

193. What is the difference between the age of O and T?

- (a) 5 years
- (b) 2 years
- (c) 8 years
- (d) 11 years
- (e) None of these

Answer (b) 2 years

194. How many persons sit to the left of the one who is 23 years?

- (a) Six
- (b) Four
- (c) Three
- (d) One
- (e) None of these

Answer (c) Three

195. What is the position of S with respect to the one who is 25 years?

- (a) Fifth to the right
- (b) Immediate left
- (c) Second to the right
- (d) Third to the left
- (e) None of these

Answer (c) Second to the right

196. Which of the following statement(s) is/are not true?

- (a) Three persons sit to the left of the one who is 23 years
- (b) P is 38 years
- (c) More than two persons sit to the right of Q
- (d) More than two persons sit to the left of U
- (e) All the above statements are true

Answer (c) More than two persons sit to the right of Q

197. Who among the following persons sit between the one who is 23 years and T?

- I. The one who is 38 years
 - II. U III. The one who is 26 years
- (a) Both I and III
 - (b) Only III
 - (c) Both I and II
 - (d) Only I
 - (e) None of these

Answer (a) Both I and III

198. In one of the historical reforms of the economy of India, Rs 500 and Rs 1,000 notes were banned. This was one of the boldest movements by the Government of India announced over a 40- minute speech. Most of the industry and commoners alike reacted to this decision to curb corruption with overwhelming support. Whereas some sections are of the opinion that it is a draconian scheme causing hardships to people. A recent study had pegged India's black-market economy at over Rs 30 lakh crore or about 20 percent of total GDP. This is even bigger than the GDP of countries like Thailand and Argentina. Rather getting support from most of the industry, what would have been the reason that some of them declared it as a draconian scheme? (I) It was declared without giving time to people to withdraw ample cash for their use. (II) It had caused certain hardships in daily activities. (III) It stopped the earning of black money for majority of the people.

- (a) Only II and III
- (b) Only III
- (c) Only I and II
- (d) Only I and III
- (e) All of three

Answer (e) All of three

DIRECTIONS (Q. 199-202)

Read the given information carefully to answer the related questions: 'Humanity total awesome summer' is coded as '@β& %!& #%! @!&' 'Olive science escape juridical' is coded as '%β# %!& @!?' '@!&' 'Some paper Select activity' is coded as '@β? %!& @!& @!&' 'Pattern real box effort' is coded as '%!& @ β? % β& @!&'

199. What will be the code for 'Vacuum'?

- (a) ?%!&
- (b) ?@β
- (c) ?@!&
- (d) &?!&
- (e) None of these

Answer (c) ?@!&

200. Which of the following combination is correct?

- (a) Official - ?%!
- (b) Usual - &%!
- (c) Education - #!@
- (d) Scoreboard - &@!
- (e) Orange - β#@ 24

Answer (d) Scoreboard - &@!

201. Which of the following word will be coded as '&%! '?

- (a) Reference
- (b) Intensified
- (c) Aqueducts
- (d) Urbanization
- (e) About

Answer (b) Intensified

202. What will be the code for 'Ethical automobile'?

- (a) &%! !#@
- (b) &%β #@!
- (c) None of these
- (d) #!@ %?β
- (e) ?#@ %&!

Answer (b) &%β #@!

DIRECTIONS (Q. 203-207)

Read the given information carefully and answer the questions based on it: Nine persons go to different cities in four months i.e., March, January, September and December. They go in four dates viz, 3, 6, 15 and 21 of each month. One person goes on one date. Each person necessarily goes on prime numbered date. Maximum two persons can go on even numbered date. B does not go in any odd numbered date. Number of days between B and the one who go to Rohtak is a multiple of 5. Only D and the one who goes to Rohtak go on same date. D goes just before T who goes after B. Number of persons go between R and T is same as between T and E. E goes last but not in odd numbered date. K goes adjacent to the one who goes to Rohtak but only before the person who goes to Hisar. No other person goes on the date on which the person who goes to Ajmer goes. Three persons go between the one who goes to Ajmer and Agra. G neither goes in the month of 30 days nor before R. H goes before S in the same month. One month gap between the persons who go to Surat and Noida and both go on same date. The one who goes to Raipur goes one day before the one who goes to Noida. The one who goes to Kochi goes before the one

203. Which of the following statement is true?

- (a) Only one person goes in the month of January
- (b) More than one person goes between S and E
- (c) No one goes after the one who goes to Alwar
- (d) H goes on 3rd of any month
- (e) S goes to Ajmer

Answer (a) Only one person goes in the month of January

204. Who among the following goes three persons after the one who goes to Raipur?

- (a) The one who goes to Hisar
- (b) The one who goes in the month of E
- (c) The one who goes before T
- (d) The one who goes on 21 September
- (e) None of these

Answer (d) The one who goes on 21 September

- 205.** Four of the following five are same in a certain manner and belong to a group, who among the following does not belong to the group?
- (a) The one who goes to Surat
 - (b) The one who goes two persons before D
 - (c) The one who goes 2nd last
 - (d) The one who goes three days before S
 - (e) The one who goes just before the one who goes to Rohtak

Answer (e) The one who goes just before the one who goes to Rohtak

- 206.** Two persons go in which of the following month?

- (a) January
- (b) September
- (c) December
- (d) March
- (e) Both January and December

Answer (c) December

- 207.** The one who goes to Kochi goes on which date?

- (a) 21 March
- (b) 15 September
- (c) 3 January
- (d) 21 January
- (e) 6 March

Answer (e) 6 March

DIRECTIONS (Q. 208-209)

Restrictions and curfews have been enforced once again in several parts of the country owing to the unprecedented surge of Covid-19 cases, especially in urban hot spots of the viral illness. The curbs have triggered fear among migrant workers in metropolises, many of whom have begun leaving cities to go back to their hometown over concerns that they could be stranded in the middle of another full-fledged lockdown if the trend continues.

- 208.** Which of the following is not in line of the above statement? (I) Australian Government has put a ban on the flights coming from India due to rapid increase in number of corona cases in India. (II) At New Delhi railway station, there is large gathering of workers to travel Patna & Gorakhpur. (III) IPL is conducting in India this year despite of increasing in number of cases and it will boost the Indian economy.
- (a) Only I and III
 - (b) Only II and III
 - (c) Only III
 - (d) Only I and II
 - (e) None of them

Answer (c) Only III

- 209.** What course of action Central and State government of metropolitan cities should take to solve the issue of migrant workers? (I) All the restriction which has been taken to control corona should be withdrawal immediately. (II) Compensation should be provided to migrant workers monthly which get affected due to these restrictions. (III) Government should not impose a complete lockdown, keeping in mind of the bread and butter for migrant workers.

- (a) Only I and III
- (b) Only II
- (c) Only II and III
- (d) Only III
- (e) Only I and II

DIRECTIONS (Q. 210-214)

An alphanumeric machine when given an input, rearranges it by following a particular rule in each step. The following is an illustration of the input and steps rearrangement: Input: Trauma 36 Dynamic 65 Portrayed 44 Minute 55 Permanent 67 Step I: 67 36 Dynamic 65 Portrayed 44 Minute 55 Permanent Trauma Step II: 67 Dynamic 36 Portrayed 44 Minute 55 Permanent Trauma 65 Step III: 67 Dynamic 55 36 44 Minute Permanent Trauma 65 Portrayed Step IV: 67 Dynamic 55 Minute 44 Permanent Trauma 65 Portrayed 36 Step V: 67 Dynamic 55 Minute 44 Trauma 65 Portrayed 36 Permanent Step V is the last and final step of the rearrangement. With the same rules followed in the above arrangement determine the steps for the following input. Input: Parrots 75 Nancy 64 Potato 56 Rest 62 Lose 27

210. What is the sum of the numbers between the elements “Nancy” and “Lose” in step II of the given input?

- (a) 194
- (b) 133
- (c) 153
- (d) 139
- (e) 102

Answer (c) 153

211. In which of the following step, the elements “Potato 64 Rest Nancy 62” obtained in the same order?

- (a) Step III
- (b) Step I
- (c) Step II
- (d) Step IV
- (e) There is no such step

Answer (d) Step IV

212. How many numbers are in between the elements “Lose” and “Nancy” in step V of the given input?

- (a) Two
- (b) One
- (c) Five
- (d) Four
- (e) Three

Answer (a) Two

213. Which of the following element is fifth from the left in step IV of the given input?

- (a) Potato
- (b) Parrots
- (c) 62
- (d) Nancy
- (e) 64

Answer (d) Nancy

214. Which of the following element is second to the right of “Potato” in step III of the given input?

- (a) 64
- (b) Nancy
- (c) Potato
- (d) 27
- (e) None of the above

Answer (b) Nancy

DIRECTIONS (Q. 215-218)

Read the following information carefully to answer the given questions: In a certain code language, If R*T (31) means R is 27m east of T R/T (12) means R is 9m west of T R=T (45) means R is 36m south of T RθT (24) means R is 18m north of T Statement: A/B (52), C=B (37), DθA (69), A*F (29), G=F (48), H/C (63), J*G (42), K*B (41), LθK (57)

215. What is the total distance between L to C?

- (a) 108m
- (b) 130m
- (c) 126m
- (d) 102m
- (e) None of these

Answer (a) 108m

216. Four of the following five are same in a certain pattern and related to a group, which among the following does not belong to the group?

- (a) F-H
- (b) D-L
- (c) A-C
- (d) G-B
- (e) F-C

Answer (d) G-B

217. In which direction is H with respect to A?

- (a) North-east
- (b) South
- (c) South-west
- (d) East
- (e) None of these

Answer (c) South-west

218. Which of the following point(s) is/are not in the south-east of D?

- I. K
- II. F III. J IV. B V. H
- (a) Only II and III
- (b) Only V
- (c) Only II and V
- (d) Only I, III and V
- (e) Only IV

Answer (c) Only II and V

DIRECTIONS (Q. 219-223)

Read the given information carefully and answer the questions based on it: Seven persons like different colors and they go to three cities viz, Pune, Gurugram and Chandigarh. At least one and not more than three persons go to a city. G neither goes to Pune nor with the one who likes white. B neither goes with G nor goes to Pune. A goes with the one who likes white but not with B. R goes only with the one who likes blue but both of them neither goes to Chandigarh nor with A. The one who likes red and grey go together but not to Chandigarh. M and S go together but none of them likes grey. K likes yellow but does not go with the one who likes green. B does not like pink and M does not like white. 28

219. Which of the given statement is not correct?

- (a) The one who likes grey go to Gurugram
- (b) B goes only with one person
- (c) More than one person goes to Chandigarh
- (d) G likes pink
- (e) Three persons go to Pune

Answer (a) The one who likes grey go to Gurugram

220. ___ likes ___ and goes to ____.

- (a) R, green, Pune
- (b) M, red, Chandigarh
- (c) B, blue, Gurugram
- (d) G, blue, Gurugram
- (e) A, white, Pune

Answer (c) B, blue, Gurugram

221. Who among the following likes pink?

- (a) G
- (b) M
- (c) R
- (d) A
- (e) S

Answer (a) G

222. Four of the following five are similar in a certain way and related to a group, who among the following does not belong to the group?

- (a) M-Pune
- (b) Yellow-Chandigarh
- (c) B-blue
- (d) Pune-pink
- (e) S-white

Answer (d) Pune-pink

223. One of the persons who goes to Pune likes which color?

- (a) Blue
- (b) Yellow
- (c) Green
- (d) Red
- (e) Pink

Answer (d) Red

DIRECTIONS (Q. 224-225)

In one of the historical reforms of the economy of India, Rs 500 and Rs 1,000 notes were banned. This was one of the boldest movements by the Government of India announced over a 40-minute speech. Most of the industry and commoners alike reacted to this decision to curb corruption with overwhelming support. Whereas some sections are of the opinion that it is a draconian scheme causing hardships to people. A recent study had pegged India's black-market economy at over Rs 30 lakh crore or about 20 percent of total GDP. This is even bigger than the GDP of countries like Thailand and Argentina.

224. Which of the following can be assumed from the above statement? (I) After this historical decision, corruption rate would have been go down in India. (II) India is ranked among top 5 big economic country. (III) Many of the countrymen wanted to corruption and black marketing should be reduced.

- 29
- (a) Only I and III
 - (b) Only II
 - (c) All of three
 - (d) Only II and III
 - (e) None

Answer (a) Only I and III

225. Which of the following negates the motive behind the decision taken by Government of India? (I) In recent survey, India falls with 25 rank in terms of corruption among world. (II) Mr X, the former CEO of a reputed company has been arrested in corruption charge of Rs. 15 thousand crores. (III) CBI has raided the house of top businessmen of different states and has seized a total of 2 lakh crores of black money.

- (a) Only I
- (b) Only I and III
- (c) Only II
- (d) Only II and III
- (e) All of three

Answer (d) Only II and III

DIRECTIONS (Q. 226-227)

In the following questions, the symbol +, %, # and @ are used with the following meaning as indicated below. Study the following information and answer the given questions. Given statements are followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements. A+B – No A is B A%B – Some A are B A#B – Some A are not B A@B – All A are B

226. Statement: Air % Black, Button # Round, Black @ Button, Black + Word Conclusions:

- I. Air # Round
 - II. Word @ Air III. Word + Air
- (a) Either II or III follow
 - (b) Only II follows
 - (c) None follows
 - (d) Both I and III follow
 - (e) None of these

Answer (c) None follows

227. Statement: Cool + Tissue, Cool @ Plane, Grey @ Cool, Soft % Plane Conclusions:

- I. Grey + Tissue
 - II. Soft % Grey III. Plane # Tissue 30
- (a) All follow
 - (b) Only I follows
 - (c) Only II follows
 - (d) None of these
 - (e) Both I and III follow

Answer (e) Both I and III follow

DIRECTIONS (Q. 228-230)

Each of the questions below consists of a question and two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question.

- 228.** Seven persons- Q, R, S, T, U, V and W sit around a circular table facing outside the table but not necessarily in the same order. Who among the person sits second to the right of U? Statement I: T sits second to the right of Q. V is an immediate neighbour of Q. S sits third to the right of V. U does not sit adjacent to S. Statement II: R sits immediate right of T. Two persons sit between T and W. Q sits second to the left of W. Three persons sit between Q and V.
- (a) If the data given in statement I alone is sufficient to answer the question
 - (b) If the data given in statement II alone is sufficient to answer the question
 - (c) If the data given in either statement I alone or statement II alone is sufficient to answer the question
 - (d) If the data given in both statements I and II together are sufficient to answer the question
 - (e) If the data given in both statements I and II together are not sufficient to answer the question

Answer (a) If the data given in statement I alone is sufficient to answer the question

- 229.** Seven persons- P, Q, R, S, T, U and V live on seven different floors of a building but not necessarily in the same order. The lower- most floor is numbered as 1 and the floor immediately above it is numbered as 2 and so on till the topmost floor is numbered as 7. Who among the person lives three floors below P? Statements I: T lives three floors above U. Only two persons live between U and Q. Only one person lives between Q and V. P lives above V but does not live on an even numbered floor. Statement II: Four persons live between S and T. S lives on a prime numbered floor. Three persons live between S and R. U lives two floors below R.
- (a) If the data given in statement I alone is sufficient to answer the question
 - (b) If the data given in statement II alone is sufficient to answer the question
 - (c) If the data given in either statement I alone or statement II alone is sufficient to answer the question
 - (d) If the data given in both statements I and II together are sufficient to answer the question
 - (e) If the data given in both statements I and II together are not sufficient to answer the question

Answer (d) If the data given in both statements I and II together are sufficient to answer the question

- 230.** Seven persons- A, B, C, D, E, F and G sit at some distance from each other. What will be the shortest distance between D and A? Statement I: B sits 6m north of E. A sits 10m west of B and 16m south of F. D sits towards the east of F. Statement II: C sits 12m east of D who sits 16m north of E. E sits exactly between A and B. B is sitting towards the south of C.
- (a) If the data given in statement I alone is sufficient to answer the question
 - (b) If the data given in statement II alone is sufficient to answer the question
 - (c) If the data given in either statement I alone or statement II alone is sufficient to answer the question
 - (d) If the data given in both statements I and II together are sufficient to answer the question
 - (e) If the data given in both statements I and II together are not sufficient to answer the question

Answer (b) If the data given in statement II alone is sufficient to answer the question

DIRECTIONS (Q. 231-233)

Study the following information carefully and answer the questions given below. J \$ K means J is the wife of K J @ K means J is the father of K J & K means J is the brother of K J % K means J is the mother of K J # K means J is the sister of K

- 231.** Which of the following is true if the expression 'C @ A # G \$ F & P % L' is definitely true?
- (a) L is the father of A
 - (b) F is the mother of L
 - (c) A is the brother of P
 - (d) P is the daughter of C
 - (e) A is the sister-in-law of F

Answer (e) A is the sister-in-law of F

232. How is F related to I in 'J # I @ H & G \$ F'?

- (a) Son-in-law
- (b) Daughter-in-law
- (c) Mother
- (d) Son
- (e) Brother

Answer (a) Son-in-law

233. How is Q related to N's child in 'N @ P \$ O @ Z # Y \$ Q'?

- (a) Mother-in-law
- (b) Daughter-in-law
- (c) Son-in-law
- (d) Sister-in-law
- (e) None of These

Answer (c) Son-in-law

234. In the word 'LEXICOGRAPHY', if first five letters are replaced with its immediate previous letters and last five letters are replaced with its immediate next letter (remaining letter will remain same), then in the new word formed, remove all the vowels and repeated letters from the words. Now, find how many letters are in between the letter which is 3rd from left end and 5th from right end after the rearrangement in the word?

- (a) 15
- (b) 14
- (c) 16
- (d) 13
- (e) None of these

Answer (b) 14

235. If 2nd letter from left of each word in each option is picked, then how many four-letter meaningful words can be formed by using the letters (each at once) which come after L (in alphabetical series) among those letters which are picked from each word?

- I. Model, Park, Desk
II. Event, Skin, Action III. Vacuum, Agency, Human IV. Object, Speed, Within V. Teacher, Engine, Owner 32

- (a) Two
- (b) Three
- (c) None
- (d) One
- (e) None of these

Answer (d) One

236. In the words 'EMANCIPATE' and 'HERPETOLOGY', if the repeated letters are removed within each word, after then the remaining letter are rearranged in dictionary order from left to right. Now, in the new combined word, if first six letters are replaced with its opposite letters and last six letters are replaced with its immediate next letter (as per alphabetical series) and the middle letter with remain same. Now, find how many pair of letters are in this new word (formed after 2nd rearrangement), each of which have as many letters between them as they have between then in English alphabet (only in forward direction)?

- (a) Six
- (b) None of these
- (c) Four
- (d) Seven
- (e) Eight

Answer (b) None of these

DIRECTIONS (Q. 237-241)

Study the following information carefully and answer the below questions. Fourteen persons sit in two parallel rows in such a way that H, I, J, K, L, M and N sit in row 1 whereas T, U, V, W, X, Y and Z sit in row 2. Row 1 is north of row 2. Persons in row 1 sit exactly opposite to persons in row 2. Some face north whereas some face south. The consecutive alphabetically named persons do not sit together. Not more than two persons facing in the same direction sit together. H sits third to the left of N and none of them sits at the end. The one who sits opposite to N sits second to the right of X who faces south. Y sits immediate right of T and both face in the same direction. M sits fourth to the right of I and opposite to Y. T sits second to the right of W. The number of persons sit to the left of W is the same as the number of persons sit between J and L. Both Z and K face in the same direction. As many persons sit between K and M as to the left of Z. The persons sitting adjacent to H face in opposite directions. Both L and U are facing in the same direction but face opposite to H who faces south.

237. How many persons sit to the right of V?

- (a) Four
- (b) Six
- (c) Two
- (d) One
- (e) None of these

Answer (c) Two

238. Which of the following statement(s) is/are not true?

- (a) J sits opposite to the one who sits third to the right of X
- (b) X doesn't sit opposite to I
- (c) H sits immediate left of K
- (d) More than two persons are sitting to the left of Y
- (e) All the above statements are true

Answer (b) X doesn't sit opposite to I

239. Four of the following five are alike in a certain way as per the given arrangement and thus form a group. Find the one which does not belong to that group?

- (a) HY
- (b) IV
- (c) JW
- (d) MU
- (e) NX

Answer (a) HY

240. What is the position of H with respect to J?

- (a) Immediate right
- (b) Third to the left
- (c) Second to the right
- (d) Fourth to the left
- (e) None of these

Answer (c) Second to the right

241. Who among the following persons sit between Y and Z?

- I. The one who sits opposite to J
- II. V
- III. The one who sits third to the left of W

- (a) Only II
- (b) Both I and III
- (c) Only III
- (d) Both II and III
- (e) None of these

Answer (e) None of these

- 242.** If it is possible to make a five-letter meaningful word with the second, fourth, sixth, ninth and eleventh letters of the word “ORIGINATIVE”, then how many meaningful words can be formed?
- (a) One
 - (b) Two
 - (c) Three
 - (d) Four
 - (e) None

Answer (a) One

DIRECTIONS (Q. 243)

Each question below has one blank, which indicates that something has been omitted. Find out which option can be used to fill in the blank in the sentence to make it grammatically and contextually correct.

- 243.** Encouraging community engagement and volunteerism can help to build more _____ and connected communities.
- (a) dolorous
 - (b) stagnant
 - (c) indented
 - (d) ebullient
 - (e) sluggish

Answer (d) ebullient

DIRECTIONS (Q. 244)

Read the information carefully and answer the following question. The information shows manufacturing of bags by three companies X, Y and Z from Monday to Friday. Company X – On Monday and Tuesday, it manufactures bags in the ratio of 1:2 respectively. On Thursday, it manufactures 60 less bags than on Monday. On Friday, it manufactures 60 more bags than Monday. The total manufacturing of bags on all days except Wednesday is 1000. Company Y – The manufacturing of bags on Friday and Thursday is same i.e. 15% out the total manufacturing of bags in all days. Company Z – The manufacturing of bags on Tuesday and Wednesday is same i.e. 12% out the total manufacturing of bags in all days. Total bags manufactured by Z are 1200 in all days. The sum of total manufacturing of bags on Wednesday and Tuesday by all the companies are 744 and 1194 respectively. Ratio of manufacturing of bags by X, Y and Z is 14:15:12 respectively. Total number of bags manufactured on Monday by all the companies is 100 more than that on Thursday and 162 less than that on Friday.

- 244.** Find the ratio of total bags manufactured on Monday to that on Thursday by all the companies.
- (a) 6:7
 - (b) 2:1
 - (c) 3:5
 - (d) 8:5
 - (e) 7:6 19

Answer (e) 7:6 19

DIRECTIONS (Q. 245)

The data given below is about number of articles sold by X, Y and Z in three different years from 2020 to 2022. Total number of articles sold by X, Y and Z in 2022 is 347. Total number of articles sold in all three years by Y and Z is 400 and 227 respectively. Articles sold by Z in 2021 and 2022 are in the ratio of 8:7. The ratio of articles sold by X and Z in 2020 is 1:2. The number of articles sold by Z in 2020 is 20 more than the articles sold by it in 2021. The number of articles sold by Y in 2022 is four times the number of articles sold by X in 2020. The number of articles sold by Y and Z in 2020 is 25:23. In 2021, X sold thrice the number of articles sold by it previous year.

245. Total article sold by Y in 2020 is what percent more/less than that of total article sold by X in 2022?

- (a) 60%
- (b) 75%
- (c) 50%
- (d) 100%
- (e) 0%

Answer (e) 0%

DIRECTIONS (Q. 246)

An alphanumeric machine when given an input, rearranges it by following a particular rule in each step. The following is an illustration of the input and steps rearrangement: Input: Trauma 36 Dynamic 65 Portrayed 44 Minute 55 Permanent 67 Step I: 67 36 Dynamic 65 Portrayed 44 Minute 55 Permanent Trauma Step II: 67 Dynamic 36 Portrayed 44 Minute 55 Permanent Trauma 65 Step III: 67 Dynamic 55 36 44 Minute Permanent Trauma 65 Portrayed Step IV: 67 Dynamic 55 Minute 44 Permanent Trauma 65 Portrayed 36 Step V: 67 Dynamic 55 Minute 44 Trauma 65 Portrayed 36 Permanent Step V is the last and final step of the rearrangement. With the same rules followed in the above arrangement determine the steps for the following input. Input: Parrots 75 Nancy 64 Potato 56 Rest 62 Lose 27

246. Which of the following element is second to the right of "Potato" in step III of the given input?

- (a) 64
- (b) Nancy
- (c) Potato
- (d) 27
- (e) None of the above

Answer (b) Nancy

DIRECTIONS (Q. 247)

In the following questions, the symbol +, %, # and @ are used with the following meaning as indicated below. Study the following information and answer the given questions. Given statements are followed by some conclusions. You have to take the given statements to be true even if they seem to be at variance from commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements. A+B – No A is B A%B – Some A are B A#B – Some A are not B A@B – All A are B

247. Statement: Cool + Tissue, Cool @ Plane, Grey @ Cool, Soft % Plane Conclusions:

- I. Grey + Tissue
- II. Soft % Grey III. Plane # Tissue 30

- (a) All follow
- (b) Only I follows
- (c) Only II follows
- (d) None of these
- (e) Both I and III follow

Answer (e) Both I and III follow

248. What is the direction of point Y with respect to point W? Statement I: Point U is 9m north of point W and point I is 18m south of point U. Point A is 5m west of point L, which is 3m east of point O. Point O is 4m west of point I, which is the midpoint of points A and Y. Statement II: Point B is 8m north of point Y. Point T is 5m east of point Y. The distance between points Y and T is half of the distance between points V and W, which is south-west of point B.

- (a) If the data given in statement I alone is sufficient to answer the question
- (b) If the data given in statement II alone is sufficient to answer the question
- (c) If the data given in either statement I alone or statement II alone is sufficient to answer the question
- (d) If the data given in both statement I and statement II together are necessary to answer the question
- (e) If the data given in both statements I and II together are not sufficient to answer the question

Answer (a) If the data given in statement I alone is sufficient to answer the question

249. Statements: Only a few abacuses are calculator Some boxes are tins No Calculator is an engine
Only a few engines are tins Conclusions:

- (a) All boxes can never be calculators
- (b) All abacuses can be engines
- (c) Some calculators being tin is a possibility
- (d) Some engines are definitely not boxes
- (e) Both b and d

Answer (a) All boxes can never be calculators

250. Statements: Only a few beats are music At least some music is melody All Melodies are tune No tune is a theme Only a few themes are colour Conclusions:

- (a) No theme is Melody REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
- (b) Some melodies are definitely not beats
- (c) Some music can be colour
- (d) All music being theme is not a possibility
- (e) Some melodies are not themes is a possibility

Answer (e) Some melodies are not themes is a possibility

251. Statements: All seats are chair Only a few chairs are table No table is a den Only a few dens are cave Conclusions:

- (a) Some seats are table
- (b) Some caves are table is a possibility
- (c) All seats can never be cave
- (d) All chairs are den is a possibility
- (e) No den is Chair

Answer (b) Some caves are table is a possibility

252. Statements: Only rat is a rabbit No rat is a bee Only a few bees are hen At least some hens are Peacocks All peacocks are parrots Conclusions:

- (a) All bees can never be parrot
- (b) All rabbits are hen is not a possibility REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
- (c) Some rabbits can be bee
- (d) All peacocks are bee
- (e) Some hens are definitely not rat

Answer (d) All peacocks are bee

253. Statements: Only a few nails are hammer All knives are hammer No knife is a blade Only a few blades are cutter Conclusions:

- (a) Some nails are not knife
 - (b) All hammers can be cutters
 - (c) No blade is nail is a possibility
 - (d) Some hammers are not cutters is a possibility
 - (e) All cutters can be knife
- REASONING MAINS GENIUS FOR ALL BANK & INSURANCE MAINS EXAM
ANSWER DATA SUFFICIENCY

Answer (b) All hammers can be cutters

254. Statement: Start to think of travelling by train for a holiday. A train journey can give one a better view of places on the way which an air journey cannot give. You can walk around whenever you want, meet other travelers and locals, relax and watch the landscape go peacefully by. Train travel is both a beautiful and affordable way to see the country, and no trip is more scenic than the trip by trains. Conclusions:

- I. While going for a holiday, people want to enjoy the view of the places on the way.
- II. People should not travel by air when they are going for a holiday. Which of the following can be concluded from the given statement?

- (a) Only I follows
- (b) Only II follows
- (c) Both I and II follow
- (d) Neither I nor II follows
- (e) None of these

Answer (d) Neither I nor II follows

255. Which Indian Institute of Technology has recently commissioned Asia's largest indigenously developed shallow wave basin research facility to support advanced marine and coastal engineering research? (January 2025)

- (a) IIT Bombay
- (b) IIT Kharagpur
- (c) IIT Madras
- (d) IIT Delhi
- (e) IIT Kanpur

Answer (c) IIT Madras

256. Odisha has recently announced a landmark three-year sponsorship deal for the Indian National Kho Kho team. What is the total amount committed by the state government to sponsor the team over the three-year period? (January 2025)

- (a) Rs.5 crore
- (b) Rs.10 crore
- (c) Rs.12 crore
- (d) Rs.15 crore
- (e) Rs.20 crore

Answer (d) Rs.15 crore

257. In which Indian state is the Pachmarhi Biosphere Reserve located, which is known for its rich biodiversity, UNESCO recognition, and cultural heritage?

- (a) Chhattisgarh
- (b) Madhya Pradesh
- (c) Maharashtra
- (d) Jharkhand
- (e) Odisha

Answer (b) Madhya Pradesh

258. As per the Network Readiness Index 2024 released by the Portulans Institute and the Saïd Business School at the University of Oxford, which of the following countries is not ranked among the top five economies globally?

- (a) United States
- (b) Singapore
- (c) Sweden
- (d) Switzerland
- (e) Republic of Korea (South Korea)

Answer (d) Switzerland

259. What is the total value of defence exports recorded by India in the Financial Year 2024–25, marking the highest-ever figure to date?

- (a) Rs.21,083 crore
- (b) Rs.15,233 crore
- (c) Rs.8,389 crore
- (d) Rs.23,622 crore
- (e) Rs.25,000 crore

Answer (d) Rs.23,622 crore

260. The joint military exercise 'SURYA KIRAN', whose 18th edition recently concluded, was conducted between the Indian Army and the army of which country?

- (a) Bhutan
- (b) Myanmar
- (c) Sri Lanka
- (d) Nepal
- (e) Bangladesh

Answer (d) Nepal

261. Which team won the 2024 edition of the Santosh Trophy, securing a record-extending 33rd title by defeating Kerala in the final?

- (a) Punjab
- (b) Services
- (c) West Bengal
- (d) Karnataka
- (e) Manipur

Answer (c) West Bengal

262. The 2025 World Economic Forum (WEF) Annual Meeting was held in Davos, Switzerland. What was the official theme of this global gathering? (January 2025) 2025

- (a) Building a Sustainable Future Together
- (b) Innovation for Inclusive Growth
- (c) Resilience in a Fragmented World
- (d) Collaboration for the Intelligent Age
- (e) Shaping the Global Agenda

Answer (d) Collaboration for the Intelligent Age

263. The intricate Kasuti embroidery, honoured with a Geographical Indication (GI) tag and known for reflecting the traditions and customs of women through delicate handwork using cotton thread, originates from which Indian state?

- (a) Andhra Pradesh
- (b) Tamil Nadu
- (c) Maharashtra
- (d) Karnataka
- (e) Kerala

Answer (d) Karnataka

- 264.** Which country most recently joined the BRICS group as its 10th member, with membership becoming effective from January 2025?
- (a) Saudi Arabia
 - (b) Ethiopia
 - (c) Egypt
 - (d) Iran
 - (e) Indonesia
- Answer (e) Indonesia**
- 265.** Which Indian cricket legend was recently awarded honorary membership of the prestigious Melbourne Cricket Club (MCC) during the India-Australia Boxing Day Test in 2024?
- (a) Virat Kohli
 - (b) Rahul Dravid
 - (c) M.S. Dhoni
 - (d) Sachin Tendulkar
 - (e) Rohit Sharma
- Answer (d) Sachin Tendulkar**
- 266.** As part of its effort to boost space infrastructure for future human spaceflight missions and Next Generation Launch Vehicles (NGLVs), what is the total financial outlay approved by the Union Cabinet for setting up ISRO's Third Launch Pad (TLP) at the Satish Dhawan Space Centre in Sriharikota, Andhra Pradesh? (January 2025)
- (a) Rs.2,536 crore
 - (b) Rs.3,291 crore
 - (c) Rs.3,985 crore
 - (d) Rs.4,500 crore
 - (e) Rs.5,174 crore
- Answer (c) Rs.3,985 crore**
- 267.** The Drafting Committee of the Indian Constituent Assembly, set up on 29th August 1947, had seven members including B.R. Ambedkar as Chairman. Which of the following was not a member of this committee? 29
- (a) K.M. Munshi
 - (b) Alladi Krishnaswami Ayyar
 - (c) Rajendra Prasad
 - (d) Mohammad Saadulla
 - (e) D.P. Khaitan
- Answer (c) Rajendra Prasad**
- 268.** Which country announced its withdrawal from the World Health Organization (WHO) in January 2025?
- (a) Brazil
 - (b) United Kingdom
 - (c) Germany
 - (d) France
 - (e) United States
- Answer (e) United States**
- 269.** LIC Bima Sakhi Yojana was launched in December 2024 to train rural women as insurance agents with monthly stipends and commission-based income. What is the eligible age range for women to apply under this scheme?
- (a) 18 to 55 years
 - (b) 21 to 60 years
 - (c) 18 to 65 years
 - (d) 18 to 70 years

(e) 25 to 60 years

Answer (d) 18 to 70 years

270. According to the 2024 Smart City Index released by the International Institute for Management Development (IMD), which of the following cities ranked among the top 10 smartest cities in the world?

- (a) New York
- (b) Zurich
- (c) Tokyo
- (d) Paris
- (e) Beijing

Answer (b) Zurich

271. On which date was the first Foundation Day of the Lokpal of India celebrated, marking the establishment of the institution to combat corruption in public offices?

- (a) March 1, 2025
- (b) January 26, 2025
- (c) December 27, 2024
- (d) January 16, 2025
- (e) February 10, 2025

Answer (d) January 16, 2025

272. The Cabinet Committee on Economic Affairs (CCEA), chaired by Prime Minister Shri Narendra Modi, has approved an infusion of equity for the Food Corporation of India (FCI) in the financial year 2024-25 to strengthen the agricultural sector. What is the amount of capital infusion approved for FCI in the year 2024-25?

- (a) Rs.9,157 Crores
- (b) Rs.10,700 Crores
- (c) Rs.12,496 Crores
- (d) Rs.21,388 Crores
- (e) Rs.25,000 Crores

Answer (b) Rs.10,700 Crores

273. The Reserve Bank of India (RBI) has introduced the SORR as a new benchmark for overnight rupee transactions, aiming to improve transparency and better reflect market dynamics. What does the "S" in SORR stand for?

- (a) Secured
- (b) System
- (c) Standard
- (d) Special
- (e) Service

Answer (a) Secured

274. Where is the headquarters of the International Olympic Committee (IOC) situated?

- (a) Geneva, Switzerland
- (b) Berlin, Germany
- (c) Zurich, Switzerland
- (d) Paris, France
- (e) Lausanne, Switzerland

Answer (e) Lausanne, Switzerland

275. In which year did the International Astronomical Union (IAU) reclassify Pluto from a planet to a dwarf planet, marking the end of its status as the ninth planet in our solar system?

- (a) 2005
- (b) 2006
- (c) 2007
- (d) 2008
- (e) 2009

Answer (b) 2006

276. ISRO recently signed an agreement with which international space agency to cooperate on astronaut training, mission implementation, and research experiments, including collaboration on the upcoming Axiom-4 mission? ISRO

- (a) NASA
- (b) JAXA
- (c) Roscosmos
- (d) ESA
- (e) CNES

Answer (d) ESA

277. The National Payments Corporation of India (NPCI) had initially set a deadline of December 31, 2024, for third-party UPI apps to comply with a 30% market share cap. This deadline has now been extended. What is the new deadline for compliance?

- (a) December 31, 2025
- (b) December 31, 2026
- (c) December 31, 2027
- (d) December 31, 2028
- (e) December 31, 2029

Answer (b) December 31, 2026

278. Which Indian men's hockey player was recently conferred with the prestigious Major Dhyan Chand Khel Ratna Award for his leadership and performance, including guiding the team to a historic Olympic bronze medal?

- (a) Manpreet Singh
- (b) P.R. Sreejesh
- (c) Harmanpreet Singh
- (d) Rupinder Pal Singh
- (e) Mandeep Singh

Answer (c) Harmanpreet Singh

279. Which film won the Best Motion Picture – Drama award at the 2025 Golden Globe Awards? 2025

- (a) Dune: Part Two
- (b) The Brutalist
- (c) Conclave
- (d) A Complete Unknown
- (e) Nickel Boys

Answer (b) The Brutalist

280. The Reserve Bank of India (RBI) has constituted an eight-member committee named 'FREE- AI' to develop a framework for responsible and ethical use of artificial intelligence in the financial sector. Who is appointed as the head of this committee?

- (a) Rajiv Kumar
- (b) Abhijeet Banerjee
- (c) Pushpak Bhattacharyya
- (d) Subhash Chandra Garg
- (e) K. VijayRaghavan

Answer (c) Pushpak Bhattacharyya

281. As per the latest data from FY 2023–24 and early 2025, which country has emerged as the largest importer of Indian coffee, primarily sourcing unroasted Arabica and Robusta beans?

- (a) Belgium
- (b) Russia
- (c) Germany
- (d) Italy
- (e) United States

Answer (d) Italy

282. The National Income Committee, which was formed to prepare authoritative estimates of India's national income after independence, was established in which year?

- (a) 1947
- (b) 1948
- (c) 1949
- (d) 1950
- (e) 1951

Answer (c) 1949

283. Who is the author of the novel The Safekeep, which was shortlisted for the 2024 Booker Prize?

- (a) Rajni George
- (b) Yael van der Wouden
- (c) Elif Shafak
- (d) Meg Mason
- (e) Leïla Slimani

Answer (b) Yael van der Wouden

284. The "Glory of Allapalli," designated as a Biodiversity Heritage Site and known for its preserved forest ecosystem, is located in which Indian state? "

- (a) Kerala
- (b) Karnataka
- (c) Maharashtra
- (d) Madhya Pradesh
- (e) Chhattisgarh

Answer (c) Maharashtra

285. As per the ongoing India-Australia Comprehensive Economic Cooperation Agreement (CECA) discussions, both countries aim to reach a bilateral trade target of AUD 100 billion by which year?

- (a) 2027
- (b) 2028
- (c) 2030
- (d) 2032
- (e) 2035

Answer (c) 2030

286. What is the total indicative financial outlay approved by the Government of India as the Central share for the implementation of the Watershed Development Component of Pradhan Mantri Krishi Sinchayee Yojana (WDC-PMKSY) 2.0 from 2021–22 to 2025–26? 2021-22

- (a) Rs.6,598 crore
- (b) Rs.7,021 crore
- (c) Rs.8,134 crore
- (d) Rs.9,517 crore
- (e) Rs.10,236 crore

Answer (c) Rs.8,134 crore

287. The Financial Sector Assessment Program (FSAP), which provides comprehensive evaluations of a country's financial system, is jointly conducted by which two international organisations?

- (a) World Bank and WTO
- (b) IMF and WTO
- (c) IMF and BIS
- (d) OECD and World Bank
- (e) IMF and World Bank

Answer (e) IMF and World Bank

288. According to NABARD's All India Rural Financial Inclusion Survey (NAFIS) 2021–22, by what percentage did the average monthly income of rural households increase over the five-year period from 2016–17 to 2021–22?

- (a) 45.3%
- (b) 50.2%
- (c) 57.6%
- (d) 60.8%
- (e) 65.1%

Answer (c) 57.6%

289. As per the Cabinet's latest approval for the ethanol supply year 2024–25, what is the revised ex-mill price of ethanol derived from C-heavy molasses?

- (a) Rs.56.28/litre
- (b) Rs.58.50/litre
- (c) Rs.60.73/litre
- (d) Rs.57.97/litre
- (e) Rs.65.61/litre

Answer (d) Rs.57.97/litre

290. According to NITI Aayog's Sustainable Development Goal (SDG) India Index 2023–24, which of the following states emerged as the top performers with the highest score?

- (a) Maharashtra and Gujarat
- (b) Tamil Nadu and Karnataka
- (c) Kerala and Uttarakhand
- (d) Haryana and Punjab
- (e) Delhi and Telangana

Answer (c) Kerala and Uttarakhand

291. Which of the following products were granted the Geographical Indication (GI) tag in India during the year 2023-2024?

- (a) Lakadong Turmeric (Meghalaya)
- (b) Badlapur Jamun (Maharashtra)
- (c) Koraput Kalajeera Rice (Odisha)
- (d) Andaman Karen Musley Rice (Andaman & Nicobar Islands)
- (e) All of the above

Answer (e) All of the above

292. What is the full form of ROC in the context of global financial market regulation involving over 65 regulators and authorities from more than 50 countries? 50

- (a) Reserve Oversight Council
- (b) Regulatory Organization Committee
- (c) Regulatory Operations Commission
- (d) Risk Operations Council
- (e) Regulatory Oversight Committee

Answer (e) Regulatory Oversight Committee

293. The Union Minister for Fisheries recently inaugurated 50 key projects worth Rs.50 crores under the Pradhan Mantri Matsya Sampada Yojana (PMMSY), covering all North Eastern Region (NER) states except Arunachal Pradesh and _____.

- (a) Sikkim
- (b) Manipur
- (c) Tripura
- (d) Mizoram
- (e) Assam

Answer (d) Mizoram

294. What was the total value of wheat exported from India in the fiscal year 2024, following restrictions imposed in May 2022 to prioritize domestic consumption?

- (a) USD 32 billion
- (b) USD 45 billion
- (c) USD 56 billion
- (d) USD 63 billion
- (e) USD 71 billion

Answer (c) USD 56 billion

295. According to the Department of Investment and Public Asset Management (DIPAM), what return percentage did the NSE CPSE Index register as of November 2024 since the launch of the New PSE Policy in January 2021?

- (a) 120.45%
- (b) 146.92%
- (c) 182.36%
- (d) 165.78%
- (e) 134.60%

Answer (c) 182.36%

296. Who has been elected as the Chairman of the Global System for Mobile Communications Association (GSMA), making him the second Indian to hold this position after Sunil Mittal?

- (a) Rajan Anandan
- (b) Mukesh Ambani
- (c) Jose Maria A Ivaes-Pallete
- (d) Gopal Vittal
- (e) Nandan Nilekani

Answer (d) Gopal Vittal

297. Which of the following Marine Protected Areas (MPAs) are located in Peninsular India and play a vital role in conserving marine biodiversity and supporting coastal livelihoods?

- (a) Gulf of Mannar Marine National Park
- (b) Sundarbans National Park
- (c) Gulf of Kachchh Marine National Park
- (d) All of the above
- (e) None of the above

Answer (d) All of the above

298. Match the following ICC Men's T20 World Cup years with their respective winning teams. 11

- (a) A-3, B-2, C-4, D-1, E-5
- (b) A-2, B-3, C-5, D-1, E-4
- (c) A-3, B-1, C-2, D-4, E-5
- (d) A-4, B-2, C-1, D-3, E-5
- (e) A-1, B-4, C-3, D-2, E-5

Answer (a) A-3, B-2, C-4, D-1, E-5

- 299.** Who was appointed as the Director General of the Directorate General of Civil Aviation (DGCA) in January 2025?
- (a) Vikram Dev Dutt
 - (b) Dinesh Chand Sharma
 - (c) Faiz Ahmed Kidwai
 - (d) Narendra Modi
 - (e) Shubman Gill
- Answer (c) Faiz Ahmed Kidwai**
- 300.** What is the minimum Net Owned Fund (NOF) requirement for an Infrastructure Finance Company (IFC)?
- (a) Rs. 100 crore
 - (b) Rs. 200 crore
 - (c) Rs. 300 crore
 - (d) Rs. 500 crore
 - (e) Rs. 1000 crore
- Answer (c) Rs. 300 crore**
- 301.** What is the maximum contribution limit under the NPS Vatsalya Scheme introduced by the Government of India?
- (a) Rs.50,000 per year
 - (b) Rs.1,00,000 per year
 - (c) Rs.1,50,000 per year
 - (d) Rs.2,00,000 per year
 - (e) No limit
- Answer (e) No limit**
- 302.** In January 2025, which organization received a Rs.500 crore capital infusion from the Government of India through a preferential issue of equity shares?
- (a) SIDBI
 - (b) IFCI
 - (c) NABARD
 - (d) REC
 - (e) IRFC
- Answer (b) IFCI**
- 303.** As per the First Advance Estimates of Kharif 2024–25 released by the Ministry of Agriculture and Farmers' Welfare, which of the following states had 100% of their districts covered under the Digital Crop Survey (DCS)?
- (a) Uttar Pradesh
 - (b) Madhya Pradesh
 - (c) Odisha
 - (d) Gujarat
 - (e) All of the above
- Answer (e) All of the above**
- 304.** Under the revised Open Market Sale Scheme (Domestic) [OMSS(D)] Policy for 2024–25, what is the fixed reserve price of rice (Pan-India) for sale to State Governments, State Corporations, Community Kitchens, and ethanol distilleries? 2024-25
- (a) Rs.2,250 per quintal
 - (b) Rs.2,725 per quintal
 - (c) Rs.3,290 per quintal
 - (d) Rs.3,775 per quintal
 - (e) Rs.4,300 per quintal
- Answer (a) Rs.2,250 per quintal**

DIRECTIONS (Q. 305-310)

In the following passage, several blanks have been provided, each followed by a set of options. Choose the word that is not suitable to fill the given blank. Hate is not an _____(A) emotion—it is cultivated through adverse experiences. Often, a single painful incident can ignite a feeling of betrayal, injustice, or humiliation, which, if left unresolved, transforms into _____(B) and eventually, hatred. For instance, a person who faces public ridicule or emotional abandonment may begin to foster deep hostility not only toward the offender but also toward similar individuals or situations. This emotion, although reactive, is _____(C). Hatred distorts perception, clouds judgment, and disrupts emotional stability. It narrows our capacity to trust, to empathize, and even to hope. Over time, it can evolve into a _____(D) state of negativity, affecting relationships, productivity, and mental well-being. 13 | Test Prime However, it is essential to recognize that hate often masks _____(E) pain. Rather than suppressing it or allowing it to fester, individuals must confront its origin.

305. Which of the following words is not suitable for filling the blank (A)?

- (a) inherent
- (b) pandemic
- (c) immanent
- (d) essential
- (e) all are suitable

Answer (b) pandemic

306. Which of the following words is not suitable for filling the blank (B)?

- (a) all are suitable
- (b) grievance
- (c) resentment
- (d) endeavor
- (e) ire

Answer (d) endeavor

307. Which of the following words is not suitable for filling the blank (C)?

- (a) destructive
- (b) all are suitable
- (c) corrosive
- (d) incisive
- (e) perceptive

Answer (e) perceptive

308. Which of the following words is not suitable for filling the blank (D)?

- (a) longing
- (b) all are suitable
- (c) resolute
- (d) persistent
- (e) obstinate

Answer (a) longing

309. Which of the following words is not suitable for filling the blank (E)?

- (a) deferred
- (b) unaddressed
- (c) deliberate
- (d) untreated
- (e) all are suitable

Answer (c) deliberate

310. Which of the following words is not suitable for filling the blank (F)?

- (a) detrimental
- (b) noxious
- (c) all are suitable
- (d) altruistic
- (e) obstructive

Answer (d) altruistic

311. In the question below, few sentences have been given. Find out which of the following sentence is error-free. A. Not only did the manager approve the changes hastily, but he also neglected to inform the board, causing unrest among stakeholders. B. Were she to arrive earlier, she would had seen the presentation from the beginning. C. No sooner had the news of the policy leaked than investors began pulling out their capital in haste.

- (a) both B and C
- (b) Both C and A
- (c) Both A and B
- (d) only C
- (e) None is correct

Answer (b) Both C and A

312. In the question below, few sentences have been given. Find out which of the following sentence is error-free. A. The committee insisted that he leaves immediately, citing breaches of confidentiality and decorum. B. Each of the dancers and singers was given an opportunity for showcasing their unique talent during the gala. C. It was neither her qualifications nor her connections that were questioned during the rigorous interview process.

- (a) both B and C
- (b) Both C and A
- (c) Both A and B
- (d) only C
- (e) None is correct

Answer (d) only C

DIRECTIONS (Q. 313-317)

Rearrange the following sentences to form a logically coherent and meaningful paragraph. Note: Sentence (G) is fixed in its position. A. Sucrose, the last among the three, possesses the most complex chemical structure and is slightly harder to digest, although it remains relatively easy to process. B. These three types of sugars can be distinguished based on their content and chemical composition. Glucose, which has the simplest structure, can be directly extracted from corn and is rapidly digested by the human body. C. Honey contains varying amounts of fructose and sucrose depending on its botanical source; however, it also includes unique elements that set it apart from other sugars. 15 | Test Prime D. The enzymes present in honey originate either from the plants it is derived from or are secreted by bees during the production process. E. Fructose, the second type, features a slightly more complex chemical structure than glucose and occurs naturally in fruits. F. Glucose, fructose, and sucrose are three primary types of sugars, all of which offer nearly the same caloric value per gram. G.

313. Which of the following is the first sentence in the sequence after the rearrangement?

- (a) A
- (b) H
- (c) E
- (d) F
- (e) D

Answer (d) F

314. Which of the following is the second sentence in the sequence after the rearrangement?

- (a) B
- (b) H
- (c) E
- (d) F
- (e) D

Answer (a) B

315. Which of the following is the third sentence in the sequence after the rearrangement?

- (a) A
- (b) H
- (c) E
- (d) F
- (e) D

Answer (c) E

316. Which of the following is the sixth sentence in the sequence after the rearrangement?

- (a) B
- (b) H
- (c) E
- (d) F
- (e) D

Answer (e) D

317. Which of the following is the fifth sentence in the sequence after the rearrangement?

- (a) A
- (b) H
- (c) E
- (d) F
- (e) C

Answer (e) C

DIRECTIONS (Q. 318)

In the question below, few sentences have been given. Find out which of the following sentence is grammatically and contextually correct.

318. A. Light-headedness can sometimes indicative an underlying medical condition, which can lead to a higher chance of experiencing a fall. B. The tickets for the movie will be available three weeks prior to its release. C. People were demanding an independent probe and the suspense of several high-level officials.

- (a) Only A
- (b) Only A and B
- (c) Only B
- (d) Only B and C
- (e) Only A and C

Answer (c) Only B

DIRECTIONS (Q. 319-321)

Complete the sentence meaningfully using the best possible starter. Choose the option that most effectively conveys the sequence and impact described in the original passage.

- 319.** (I) The president issued a statement yesterday. (II) Almost immediately following his announcement, the office was filled with a flurry of activity. (III) The statement highlighted that the pressures of the job were beginning to significantly affect the employees' mental well-being.

- (a) As soon as
- (b) Not much time has passed
- (c) Reading the statements regarding
- (d) Both A and B
- (e) All A, B and C

Answer (a) As soon as

- 320.** (I) The business deal was finalised quite late, bringing in looming deadlines. (II) The office atmosphere was tense due to the looming deadlines. (III) The stress of the deadlines was causing employees to become irritable and exhausted. A. As looming deadlines... B. The stressed atmosphere of the deadlines... C. The atmosphere among employees...

- (a) Only A
- (b) Both A and C
- (c) Only C
- (d) Both A and B
- (e) All A, B and C

Answer (b) Both A and C

- 321.** (I) The team received critical feedback during the quarterly performance review. (II) The feedback pointed out inefficiencies in workflow and communication gaps. (III) As a result, the team initiated several internal reforms to improve coordination and productivity.

- (a) Despite the feedback clearly...
- (b) The internal reforms implemented...
- (c) After receiving strong feedback...
- (d) Both A and B
- (e) All A, B and C

Answer (c) After receiving strong feedback...

DIRECTIONS (Q. 322)

In the questions below, a sentence is divided into several parts. Select the most appropriate sequence to rearrange the parts into a grammatically correct and contextually coherent sentence.

- 322.** (A) detox become the new luxury
(b) unhurried mornings, and digital
(c) the art of rest lies in choosing
(d) holidays that truly rejuvenate the
(e) sleep-deprived—where quiet landscapes
(a) CDEBA

Answer (a) CDEBA

- 323.** In the question below, few sentences have been given. Find out which of the following sentence is error-free. A. The government website provide accurate information about policies and regulations. B. All attendees were mandated to adhere to the official dress code. C. It is important to analyse market trends before making any decisions. 18 | Test Prime

- (a) Only C
- (b) Both C and A

- (c) Both A and B
- (d) Both B and C
- (e) Only A

Answer (d) Both B and C

324. In the question below, few sentences have been given. Find out which of the following sentence is grammatically and contextually incorrect. A. The implementation of this application has simplified multiple work processes, thus save us a significant amount of time. B. Neither the team leader not his colleagues managed to complete the project within the deadline. C. Drinking warm water after waking up in the morning helps strengthen your immune system.

- (a) both B and C
- (b) both A and B
- (c) only C
- (d) only A
- (e) None is incorrect

Answer (b) both A and B

325. In the question below, few sentences have been given. Find out which of the following sentence is incorrect. A. A day after experiencing moderate rainfall, the city encountered intense downpours that lasted to the weekend. B. Several universities strive to ensure that scientists are rewarded based on the quality of their work and the number of new insights they generation. C. Many people are experimenting with chatbots in the hope let artificial intelligence (AI) can enhance their daily lives.

- (a) both B and C
- (b) only C
- (c) both A and B
- (d) only A
- (e) All are incorrect

Answer (e) All are incorrect

326. In each of the questions, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank in the same order so to make a grammatically and logically correct statement. The recent economic survey reveals a worrying trend in which rising urban consumption has failed to _____ corresponding gains in rural productivity, thereby risking a policy vacuum that could eventually _____ into a chronic structural imbalance in the national economy.

- (a) catalyse, escalates
- (b) justify, collapse
- (c) translate, ossify
- (d) induce, fade
- (e) inflect, evolve

Answer (c) translate, ossify

327. In each of the questions, two words are omitted, which are replaced by blanks. Choose the best combination of the words that can fit into the given blank in the same order so to make a grammatically and logically correct statement. The opposition leader's fiery rhetoric, though electrifying to the base, failed to _____ the broader electorate that the party could govern effectively and, according to analysts, may have even begun to _____ the party's appeal among centrist voters seeking stability.

- (a) persuade, erode
- (b) distract, amplify
- (c) mitigate, dismantle
- (d) dissuade, bolster
- (e) impress, enshrine

Answer (a) persuade, erode

- 328.** In the following question, a sentence with a highlighted phrase is given which may or may not be correct. Choose the correct option to replace the highlighted phrase. No Sooner have employees, burdened by unrealistic expectations and deprived of support, thrived in environments where empathy is neither practiced nor prioritized. (I) Rarely have employees (II) Employees have rarely (III) Employees have been scarcely
- (a) Only (I)
 - (b) Both (I) and (III)
 - (c) Only (II)
 - (d) Both (I) and (II)
 - (e) No replacement required

Answer (d) Both (I) and (II)

- 329.** Read the following sentences carefully and identify which of them use the word "sprig" correctly in context. A. She tucked a sprig of rosemary behind her ear before stepping into the kitchen to prepare the festive roast. B. The officer handed over a sprig of medals to the soldier during the ceremonial parade. C. As the first rays of sunlight touched the soil, a delicate sprig emerged from the ground, promising the arrival of spring.
- (a) Only A
 - (b) Both A & B
 - (c) Both A & C
 - (d) All A, B & C
 - (e) None are correct

Answer (c) Both A & C

- 330.** In the following question, a sentence with a highlighted phrase is given which may or may not be correct. Choose the correct option to replace the highlighted phrase. If the team would have submitted the proposal on time, they could have secured the funding for the project. (I) If the team had submitted (II) Had the team submitted (III) If the team have submitted 23 | Test Prime
- (a) Only (I)
 - (b) Both (I) and (II)
 - (c) Only (III)
 - (d) Both (II) and (III)
 - (e) No replacement required

Answer (b) Both (I) and (II)

DIRECTIONS (Q. 331-332)

Read the following passage and answer the given questions. The traditional interview process often relies on the candidate's ability to describe their prior experiences, qualifications, past work duties, and skillsets — an approach that creates a larger barrier to recruitment and selection for most non-native speakers. Managers should consider whether candidates should be tested on their ability to talk or write about their skills, or on their ability to demonstrate these skills in practice. To this end, rather than testing oral or written communication aptitude, companies can adopt innovative ways to test practical and technical on-the-job skills, in which candidates are asked to perform a task and are _____ on their proficiency in execution rather than language fluency. For example, specific skills assessments such as coding tasks in IT, computational challenges in finance, or portfolio reviews in creative professions or construction would allow candidates to demonstrate their potential contribution to the role. Additionally, some employers work with bilingual managers and assigned mentors who can support refugees in their work transition when needed. Others rely on tec

331. According to the passage, which of the above statements is/are correct? (I) The traditional interview process disadvantages non-native speakers by emphasizing language proficiency over job-related capabilities. (II) Companies that invest in developing the language skills of non-native employees may be better equipped to serve a diverse clientele in the future. (III) Replacing traditional interviews with standardized language tests is the most effective method to promote inclusivity in hiring.

- (a) Only (I) is correct
- (b) Only (II) is correct
- (c) Both (I) and (III) are correct
- (d) Both (I) and (II) are correct
- (e) All (I), (II), and (III) are correct

Answer (d) Both (I) and (II) are correct

332. Choose the appropriate word to fill the given blank.

- (a) commanded
- (b) regulated
- (c) fostered
- (d) declined
- (e) evaluated

Answer (e) evaluated

DIRECTIONS (Q. 333-336)

The table given below show total number of fruits (Apples & Mangoes) sold by three shops and the ratio of apples to mangoes sold by these three shops. Read the data carefully and answer the questions given below. Note: The difference between mangoes and apples sold by shops A is 16.

Shops	Total fruits (Apples & Mangoes) sold	Ratio of apples to mangoes sold (Apples : Mangoes)
A	80	$p : p+1$
B	50	3 : 7
C	120	0.5 : 2

दुकान	बेचे गए कुल फल (सेब और आम)	बेचे गए सेब और आम का अनुपात (सेब : आम)
A	80	$p : p+1$
B	50	3 : 7
C	120	0.5 : 2

333. Find the difference between total number of mangoes sold by shops A & C together and total number of apples sold by shops A & B together?

- (a) 56
- (b) 89
- (c) 68
- (d) 87
- (e) 97

Answer (e) 97

334. The average number of apples sold by A, C and D is 32. If the ratio of total number of apples to mangoes sold by D is $p : q$ and total mangoes sold by D are of total mangoes sold by C, then find the value of 'q'? A, C

- (a) 0.5
- (b) 3
- (c) 1.5
- (d) 2
- (e) 1

Answer (b) 3

335. Shop C sold 40% of total available fruits (Apples & Mangoes) and the ratio of total unsold mangoes to sold mangoes by shop C is $5 : p+2$, then find the total unsold apples by shop C is what percent of more than total sold mangoes by shop A?

- (a) 40%
- (b) 30%
- (c) 20%
- (d) 15%
- (e) 25%

Answer (e) 25%

336. Shops C purchased each apple and mango at Rs 10 & Rs. 15, and he sold all fruits at profit of 40%. Find the total profit of received by C (C sold all purchased fruits)?

- (a) 612 Rs
- (b) 556 Rs
- (c) 672 Rs
- (d) 652 Rs
- (e) 692 Rs

Answer (c) 672 Rs

DIRECTIONS (Q. 337-341)

Read the following pie chart carefully and answer the questions given below. The pie chart shows the percentage distribution of total students (boys and girls) in five different schools.

337. The total number of students in schools B and D together is what percentage more or less than the total number of students in school E?

- (a) 12.5%
- (b) 66.67%
- (c) 33.33%
- (d) 25%
- (e) 50%

Answer (e) 50%

338. The difference between the total number of boys and girls in school C is 170 (boys < girls). If the total number of boys in school B is 230 more than that of school C, then find the ratio of boys to girls in school B.

- (a) 7:8
- (b) 4:7
- (c) 7:9
- (d) 9:7
- (e) 8:3

Answer (d) 9:7

339. The total number of students in school F is 25% more than that in C. The ratio of the number of boys to the number of girls in school F is 19:12. If the number of girls in schools F and E together is 1935, then find the difference between the number of boys in schools E and F.

- (a) 285
- (b) 305
- (c) 325
- (d) 270
- (e) 245

Answer (a) 285

340. 25% of the total number of students in school A who participated in dance, and the rest participated in chess. The number of students who participated in chess in school E is 40 more than half of the students who participated in chess in school A. Find the average number of students who participated in dance.

- (a) 1200
- (b) 920
- (c) 510
- (d) 540
- (e) 870

Answer (e) 870

341. Find the central angle corresponding to the total number of students in B and D together (in degree)? B

- (a) 90
- (b) 108
- (c) 120
- (d) 135
- (e) 160 28

Answer (d) 135

342. A bag contains x black marbles, $x+10$ white marbles and $x+20$ yellow marbles. The probability of drawing one white marble randomly is $\frac{1}{6}$ more than probability of drawing one black marble randomly. Quantity I: Total number of yellow marbles in the bag. Quantity II: 40

- (a) Quantity I > Quantity II
- (b) Quantity I < Quantity II
- (c) Quantity I $\geq$ Quantity II
- (d) Quantity I $\leq$ Quantity II
- (e) Quantity I = Quantity II or no relation

Answer (b) Quantity I < Quantity II

DIRECTIONS (Q. 343-344)

There are two series I and II given below, and both series follows the same pattern. Find the missing terms of series II and answer the following questions.

343. I: 386, 194, 98, 50, 26, 14, 8 II: 834, 418, P, Q, R, S, 15 Which of the following statement

- (a) Only I and II
- (b) Only I
- (c) Only II
- (d) All I, II and III
- (e) Only I and III

Answer (e) Only I and III

344. Which of the following statement/s is or are definitely true?

- I. Sum of P and R is odd number
 - II. Sum of P and R is completely divisible by 4
 - III. Sum of R and S is less than 4th term of series I
- (a) Only II and III
(b) Only I
(c) Only II
(d) All I, II and III
(e) Only I and III

Answer (c) Only II

DIRECTIONS (Q. 345-347)

There are two series I and II given below, and both the series follow different patterns. A and B are missing terms of I & II respectively. Find the value of A and B, and answer the questions given below.

345. Which of the following statement/s is or are correct? (i) A is a perfect square (ii) $B = 10A$ (iii) $B \div (A+1) = 10$

- (a) Only (ii) and (iii)
(b) Only (i) and (ii)
(c) Only (i)
(d) All (i), (ii) and (iii)
(e) Only (i) and (iii)

Answer (e) Only (i) and (iii)

346. Find the value of $4A+2B$? $4A+2B$

- (a) 218
(b) 418
(c) 236
(d) 136
(e) 256

Answer (c) 236

347. Which of the following statement/s is or are true? (i) When 69 added in B, then the resultant becomes perfect square (ii) Value of A is a prime number (iii) 25 is a factor of $(B+25)$

- (a) Only (ii) and (iii)
(b) Only (i) and (iii)
(c) Only (i)
(d) All (i), (ii) and (iii)
(e) Only (i) and (ii)

Answer (b) Only (i) and (iii)

DIRECTIONS (Q. 348-351)

The bar graph given below shows percentage distribution of total students (boys + girls) appeared in three exams A, B and C. The bar graph also shows percentage of students (boys + girls) passed in these three exams out of total students (boys + girls) appeared in particular exam. Read the data carefully and answer the questions given below. Note: Total number of students appeared in three exams A, B and C = 900 Total number of students appeared in any exam = students passed + students did not pass. 31

348. Find the average number of students who did not pass all three exams?

- (a) 136
- (b) 156
- (c) 168
- (d) 148
- (e) 126

Answer (b) 156

349. Which of the following statement/s is or are correct?

- I. Total number of students who did not pass the exam B are multiple of 9.
- II. Total students who passed the exam A & B together > Total students who passed the exam B & C together
- III. 50% of students who did not pass the exam A are equal to of number of students who did not pass the exam B

- (a) Only III
- (b) Only II
- (c) Only I and III
- (d) Only I and II
- (e) All I, II and III

Answer (c) Only I and III

350. The average number of students passed in exam A, B and D is 150, and 70% of total students appeared in exam D are not pass the exam. If boys and girls who did not pass the exam D are equal and girls who passed the exam D are 40% of students who passed exam B, then find the total boys who appeared in exam D?

- (a) 282
- (b) 308
- (c) 316
- (d) 318
- (e) None of these

Answer (d) 318

351. 40% of total students who appeared in exam B are girls and 80 girls did not pass the exams out of total girls appeared in exam B. Find the difference between number of girls who passed the exam B and number of boys who did not passed the exam B?

- (a) 100
- (b) 90
- (c) 80
- (d) 60
- (e) 110

Answer (b) 90

352. Four years ago, the ratio of ages of Sonam and Niharika was 5:7. 12 years hence, the ratio between the ratio of ages of Sonam and Niharika will be 9:11. The present age of Sonam and Niharika are X years and Y years respectively. Quantity I: Quantity II: $0.2Y + 1.5X$

- (a) Quantity I > Quantity II
- (b) Quantity I < Quantity II
- (c) Quantity I $\geq$ Quantity II
- (d) Quantity I $\leq$ Quantity II
- (e) Quantity I = Quantity II or no relation

Answer (b) Quantity I < Quantity II

353. Given, 'a' and b are two distinct positive integers such that $4b + 2a = 24$ and Quantity I: value of $2a$
Quantity II: value of b

- (a) Quantity I > Quantity II
- (b) Quantity I < Quantity II
- (c) Quantity I $\geq$ Quantity II
- (d) Quantity I $\leq$ Quantity II
- (e) Quantity I = Quantity II or no relation

Answer (b) Quantity I < Quantity II

354. The average of three numbers P, Q, and R is 16, and another number S is 9 more than the average of Q and R. Find the value of $2S + P$.

- (a) 58
- (b) 48
- (c) 66
- (d) 56
- (e) Can not be determined

Answer (c) 66

355. I: $3x^2 - 16x + 5 = 0$ II: $2y^2 - 7y + 3 = 0$

- (a) $x < y$
- (b) $x > y$
- (c) $x \leq y$
- (d) $x \geq y$
- (e) $x = y$ or relation cannot be determined

Answer (e) $x = y$ or relation cannot be determined

356. 50% of the solid sphere is melted to form cubes of sides $(64/336)^{\text{th}}$ of the radius of the sphere. If the curved surface area of the sphere is 5544 sq. cm. Find the maximum number of cubes that can be formed.

- (a) 321
- (b) 278
- (c) 289
- (d) 309
- (e) 303 34

Answer (e) 303 34

357. I: $3x^2 - 5x - 2 = 0$ II: $2y^2 - 3y + 1 = 0$

- (a) $x < y$
- (b) $x > y$
- (c) $x \leq y$
- (d) $x \geq y$
- (e) $x = y$ or relation cannot be determined

Answer (e) $x = y$ or relation cannot be determined

358. Vessel P contains 56 liters of a mixture of milk and water in the ratio of 3:1, and vessel Q contains 40% water and the rest milk. 25% of mixture Q and 60% of mixture P are taken out and poured into empty vessel R. If the ratio of water to milk in vessel R is 52:141, respectively, then find how much milk was taken out from vessel Q (in liters).

- (a) 3
- (b) 2
- (c) 1
- (d) 4
- (e) 5

Answer (a) 3

359. is a mixed fraction and the whole number P is prime number. The denominator is Q, which is a multiple of 2. The product of the whole number and the denominator is 18. If the product of the denominator and numerator is 24, then find the value of b.

- (a) 3
- (b) 4
- (c) 2
- (d) 1
- (e) 5 35

Answer (b) 4

360. P and Q can complete $3/2$ times the work in 9 days. R (working twice of efficiency) and P together can complete the work in 5 days. Find the time (in days) taken by P, Q, and R (working twice of efficiency) together to complete 20% more of the work. P

- (a) 12
- (b) 14
- (c) 18
- (d) 8
- (e) Can't be determined

Answer (e) Can't be determined

361. Quantity I: Find the value of y. Quantity II: Find the value of x.

- (a) Quantity I > Quantity II
- (b) Quantity I < Quantity II
- (c) Quantity I $\geq$ Quantity II
- (d) Quantity I $\leq$ Quantity II
- (e) Quantity I = Quantity II or no relation

Answer (a) Quantity I > Quantity II

362. A train can cross half of a platform with 0.4 of its initial speed in 30 seconds. If the length of the platform had been three times the length of the train, then the train could cross the whole platform with its initial speed in 24 seconds. Find the ratio of the original length of the platform (in meters) and the initial speed of the train (in m

- (a) 11:2
- (b) 12:1
- (c) 4:5
- (d) 5:9
- (e) 1:9 36

Answer (b) 12:1

DIRECTIONS (Q. 363-367)

Read the following table carefully and answer the questions given below. The table shows the percentage or number of visas granted by country A out of the total number of visa applications received from P, Q, and R. The table also shows the percentage of visas granted to males out of the total number of visas granted. Note: Total number of applications received = Number of applications granted + Number of applications rejected.

Country	Percentage or number of visas granted	Percentage of visas granted to males
P	60%	40%
Q	4000	75%
R	6000	80%

देश	दिए गए वीज़ा का प्रतिशत या संख्या	पुरुषों को दिए गए वीज़ा का प्रतिशत
P	60%	40%
Q	4000	75%
R	6000	80%

363. In Q, the total number of females rejected for visas is 66.67% more than that of males. If the difference between the males and females rejected visas from Q is 16.67% of the total number of visas granted from R, then find the applications received from Q. Q

- (a) 12500
- (b) 8000
- (c) 10000
- (d) 11000
- (e) 14500

Answer (b) 8000

364. In P, the total number of visas granted to females is 7200. Find the difference between the total number of visas rejected from P and the total number of visas granted to males from Q. P

- (a) 6000
- (b) 3000
- (c) 5000
- (d) 7000
- (e) 4000 37

Answer (c) 5000

365. There are two types of visas granted from R, i.e., X and Y. The ratio of X to Y types of visas granted to males is 7:5, and the Y types of visas granted to females is one-fifth that of males. Find the ratio of the total X types to total Y types of visas granted from R. R

- (a) 1:4
- (b) 2:1
- (c) 1:2
- (d) 2:3
- (e) 3:2

Answer (e) 3:2

366. The total number of visas granted from S is 500 more than the average number of visas granted from Q and R. The number of visas granted to males from S is twice the difference between the number of visas granted to males and females from Q. Find the number of visas granted to females from S. S

- (a) 1800
- (b) 1200
- (c) 1500
- (d) 2000
- (e) 1400

Answer (c) 1500

367. The total number of visas granted from all three countries is 3.5 times the total number of visas granted to males from R. The total number of visas granted to females in P is how many more or less than Q?

- (a) 3080
- (b) 2450
- (c) 3120
- (d) 2990
- (e) 2840

Answer (a) 3080

DIRECTIONS (Q. 368-372)

Read the following information carefully and answer the questions given below. The total number of boys who played hockey and the total number of girls who played football are in the ratio of 5:3, and the total number of boys who played volleyball is twice the number of girls who played football. The number of girls who played volleyball is 30 less than that of boys. The total number of boys and girls who played hockey together is 160, and the total number of boys who played football is 25% more than the total number of girls who played hockey. The total number of boys who played all three sports is 295. 38

368. The number of girls who played volleyball is what percentage more or less than the total number of boys played football?

- (a) 20%
- (b) 12.5%
- (c) 16.67%
- (d) 18%
- (e) 10%

Answer (a) 20%

369. Find the ratio of the total number of boys and girls together who played volleyball to the total number of boys who played hockey and football together.

- (a) 5:7
- (b) 6:5
- (c) 7:4
- (d) 4:3
- (e) 4:9

Answer (b) 6:5

370. Find the difference between the total number of girls who played all three sport and the total number of boys and girls together who played football.

- (a) 50
- (b) 80
- (c) 75
- (d) 60
- (e) 100

Answer (c) 75

371. The total number of boys who played chess is 20% more than the total number of girls who played hockey. If the total number of girls who played chess is twice the number of boys who played football, then find the difference between the total number of boys and girls who played chess.

- (a) 92
- (b) 88
- (c) 78
- (d) 110
- (e) 75 39

Answer (c) 78

372. The ratio of the total number of girls who played cricket to the total number of boys who played football is 11:15. If the total number of boys and girls together who played cricket is 60% of those who played volleyball, then find the number of boys who played cricket.

- (a) 72
- (b) 79
- (c) 74
- (d) 71
- (e) 77

Answer (d) 71

DIRECTIONS (Q. 373)

What comes at the place of question (?) mark. You are not required to calculate the exact value.

373. $\sqrt{?} + 24.987\%$ of $96.10 \times 14.98 = 19.022 \sqrt{?} + 96.10$

- (a) 81
- (b) 1
- (c) 9
- (d) 25
- (e) 49

Answer (b) 1

DIRECTIONS (Q. 374-375)

The following questions are accompanied by two statements (A) and (B). You have to determine which statement(s) is/are sufficient

374. What is the value of a two-digit number? A. The sum of its digits is 21 and product of its digits is 110. B. The sum of its digits is 5 and on reversing the digits of the original number, new number obtained is 27 less than the original value.

- (a) Statement A alone is sufficient to answer the question but statement B alone is not sufficient to answer the questions
- (b) Statement B alone is sufficient to answer the question but statement A alone is not sufficient to answer the question
- (c) Both the statements taken together are necessary to answer the questions
- (d) Either statement A or statement B by itself is sufficient to answer the question
- (e) Statements A and B taken together are not sufficient to answer the question

Answer (b) Statement B alone is sufficient to answer the question but statement A alone is not sufficient

375. What is the ratio of father's age to his son's age after 5 years. A. The ratio of present age of father to his son is 8:5 and 12 years before it was 5: 2. B. Father is 24 years older than his son and the product of their ages is 256. 5

- (a) Statement A alone is sufficient to answer the question but statement B alone is not sufficient to answer the questions
- (b) Statement B alone is sufficient to answer the question but statement A alone is not sufficient to answer the question
- (c) Both the statements taken together are necessary to answer the questions
- (d) Either statement A or statement B by itself is sufficient to answer the question
- (e) Statements A and B taken together are not sufficient to answer the question

Answer (d) Either statement A or statement B by itself is sufficient to answer the question

376. The National Digital Strategy 2025 includes major investments in AI research and its ethical use. It supports transparent algorithms and AI applications in sectors like healthcare and education. Civil rights groups, however, worry about weak regulations against AI misuse. Which of the following statements can be inferred?

- (a) AI integration has already led to widespread improvements in all public sectors across the country. AI
- (b) The strategy includes clear and strict regulations to address AI-related ethical concerns
- (c) The public has fully accepted AI, and there are no major concerns about its misuse
- (d) The government is expanding AI use, while concerns over regulations reflect awareness of risks
- (e) The strategy promotes AI in services, ensures strong regulations, and reflects stakeholder concern

Answer (d) The government is expanding AI use, while concerns over regulations reflect awareness of r

DIRECTIONS (Q. 377-379)

Here, a question is followed by two statements numbered I and II given below it. You have to decide whether the data provided in the statements are sufficient to answer the question. Read both statements carefully and give

- 377.** Six persons F, K, M, N, O, P - sit in a row facing north. What is the position of F with respect to O?
Statement I: Three persons sit between N and M. P sits second to the right of O. K sits immediate left of P. Statement II: M sits second from an extreme end. One person sits between M and N. P sits adjacent to M but to the right of O. F sits third to the right of K.

- (a) Data given in both statements I and II together are not sufficient to answer
- (b) Data given in statement I alone is sufficient to answer
- (c) Data given in both statements I and II together are sufficient to answer
- (d) Data given in statement II alone is sufficient to answer
- (e) Data given in either statement I or statement II alone is sufficient to answer the question

Answer (d) Data given in statement II alone is sufficient to answer

- 378.** Six persons A, B, C, D, E, F – sit around a circular table facing inside. Who sits immediate right of F? Statement I: C sits second to the right of B. D sits immediate left of B. E and F are immediate neighbors. Statement II: A sits immediate left of C. D sits second to the left of A. One person sits between B and F.

- (a) Data given in both statements I and II together are not sufficient to answer
- (b) Data given in statement I alone is sufficient to answer
- (c) Data given in both statements I and II together are sufficient to answer
- (d) Data given in statement II alone is sufficient to answer
- (e) Data given in either statement I or statement II alone is sufficient to answer the question

Answer (c) Data given in both statements I and II together are sufficient to answer

- 379.** Six persons K, L, M, N, O, P – live on different floors of a six-floor building where lowermost floor is numbered as 1, above it is 2 and so on. Who lives on 4th floor? Statement I: P lives just below M. L lives above M and O. M lives on odd numbered floor. Two persons live between K and L. N lives just below O. Statement II: M lives three floors above L. Number of persons above M and below P are same. Two persons live between K and N.

- (a) Data given in both statements I and II together are not sufficient to answer
- (b) Data given in statement I alone is sufficient to answer
- (c) Data given in both statements I and II together are sufficient to answer
- (d) Data given in statement II alone is sufficient to answer
- (e) Data given in either statement I or statement II alone is sufficient to answer the question

Answer (b) Data given in statement I alone is sufficient to answer

DIRECTIONS (Q. 380-384)

Read the given information carefully and answer the related questions:

- 380.** Four of the following five are similar in a certain a certain way and belong to a group, which of the following is dissimilar to others?

- (a) P – Shimla
- (b) L – Patna
- (c) S – Delhi
- (d) K – Lucknow
- (e) Q – Pune

Answer (c) S – Delhi

381. Which of the following is true about L? L

- (a) 7th April
- (b) 28th January
- (c) 28th April
- (d) 14th January
- (e) 7th October

Answer (a) 7th April

382. O goes to which of the following city? O

- (a) Ambala
- (b) Patna
- (c) Agra
- (d) Surat
- (e) Shimla

Answer (e) Shimla

383. Which of the following is correct?

- I. K goes to Pune
- II. M goes before N III. S goes on 14th October

- (a) Only I
- (b) Only II
- (c) Only III
- (d) Only I and II
- (e) Only I and III

Answer (e) Only I and III

384. How many persons go between N and R? N

- (a) Three
- (b) Four
- (c) Five
- (d) Six
- (e) None of the above

Answer (d) Six

DIRECTIONS (Q. 385-389)

Study the given information carefully and answer the related questions: In a certain code language "Are Base Boost Plant" is coded as "\$5T #6U \$7U \$6P" "Light on Ease Stops" is coded as "\$6J #3Q #7U \$6R" "Wisdom players shine high" is coded as "#8Q \$9T \$7P #5I" "Time Think Learn Tech" is coded as "#6O \$6P \$7T #5E"

385. What is the code of the word "Energetic"?

- (a) \$7K
- (b) \$13R
- (c) #13K
- (d) #7K
- (e) \$13K

Answer (e) \$13K

386. What is the code for word pair "Brave Knight"?

- (a) #7X #7J
- (b) \$8Y #8J
- (c) \$6X #7J
- (d) \$7X #7J
- (e) None of these

Answer (d) \$7X #7J

387. Which among the following word can be coded as "\$6T"?

- (a) Games
- (b) Grand
- (c) Glory
- (d) Gloves
- (e) None of these

Answer (c) Glory

388. What is the code of the word "Guests"?

- (a) #8V
- (b) \$7V
- (c) #8S
- (d) \$7X
- (e) None of these

Answer (a) #8V

389. Which among the following statement is/are correct?

- I. Playful is coded as "\$9W"
- II. "On place" is coded as "#3Q \$8E" III. "#8G" is the code of "Manner"

- (a) Only I
- (b) Both I and II
- (c) Both I and III
- (d) Only III
- (e) Only II

Answer (c) Both I and III

390. If we pick the third letter from left end from each word of an option, and this is done for all options, then from which of the following options, a four-letter meaningful word can be formed?

- (a) PLANT, BRAVE, STONE, QUICK
- (b) LIGHT, SHINE, SWEET, SPICE
- (c) CRANE, FRAME, GIANT, FLAME
- (d) SPINE, PAPER, EVERY, PARTY
- (e) TRACK, SPEAR, GLASS, WATER

Answer (d) SPINE, PAPER, EVERY, PARTY

391. Statement: A recent survey by the State Education Board revealed that students in rural areas showed a noticeable improvement in academic performance after the introduction of mobile learning vans equipped with digital content. These vans provided interactive lessons, subject-wise quizzes, and career guidance sessions in regions where schools lacked basic infrastructure. What could be the possible reason for the improvement in students' performance?

- (a) Students in rural areas were already performing better than urban students
- (b) The mobile vans offered personalized coaching by reputed private tutors
- (c) Interactive digital content made learning more accessible and engaging
- (d) The State Board introduced new textbooks for the academic year
- (e) None of these

Answer (c) Interactive digital content made learning more accessible and engaging

392. In the question below, two statements are provided. Examine these statements carefully and determine whether there is a cause-and-effect relationship between them. Choose your answer from the options provided. Statements:

- I. Global temperatures have risen sharply over the past few decades.
- II. Melting of polar ice caps and rising sea levels have been observed across the globe.

- (a) Statement I is the cause, and Statement II is its effect
- (b) Statement II is the cause, and Statement I is its effect

- (c) Both statements are independent causes
- (d) Both statements are effects of a common cause
- (e) None of these

Answer (a) Statement I is the cause, and Statement II is its effect

DIRECTIONS (Q. 393-397)

Read the given information carefully and answer the given questions:

393. Who among the following is sister-in-law of G?

- I. The one who sits second to the left of F
- II. The one who sits opposite to E III. H's sister

- (a) Only III
- (b) Only I and II
- (c) Only I
- (d) Only II and III
- (e) None of the given

Answer (e) None of the given

394. Who among the following is daughter-in-law of F?

- (a) B
- (b) A
- (c) H
- (d) E
- (e) D

Answer (d) E

395. Four of the following five are similar in a certain group and related to a group, which of the following is not related to the group?

- (a) F-C
- (b) B-A
- (c) E-D
- (d) G-H
- (e) C-A

Answer (e) C-A

396. What is the relation of F with respect to the one who sits second to the right of B? B

- (a) Son-in-law
- (b) Brother-in-law
- (c) Sister
- (d) Daughter
- (e) Wife

Answer (b) Brother-in-law

397. How many persons sit between D and B's sister (from either side)? B

- (a) One
- (b) Two
- (c) Three
- (d) Four
- (e) None

Answer (c) Three

DIRECTIONS (Q. 398-399)

In the following questions, the symbols @, #, \$, %, & are used with the following meaning as illustrated below:
A@B means A is not greater than B A#B means A is not smaller than B A\$B means A is neither greater nor smaller than B A%B means A is neither greater nor equal to B A&B means A is neither smaller nor equal to B
Now, assuming the given statements to be true, find which of the three conclusions I, II, and III is/are definitely true, and give your answer accordingly. 50

398. Statements: P @ Q % M % R \$ G; T % R @ V % E @ S; V \$ C # B & N Conclusions:

- I. S & Q
- II. E # B III. P % C
- (a) Only I and II
- (b) Only II and III
- (c) Only I
- (d) Only I and III
- (e) All I, II, III

Answer (d) Only I and III

399. Statements: A \$ O # W # H & B; B & Y # T \$ K # L; F % N @ C \$ L Conclusions:

- I. F @ O
- II. C & H III. N @ L
- (a) Only I
- (b) Only II
- (c) Only III
- (d) Only I and II
- (e) Only II and III

Answer (c) Only III

400. In the numbers '865499' and '761829', if even digits are decreased by 2 and odd digits are decreased by 1, then find the sum of non-repeated digits across the two numbers.

- (a) 2
- (b) 4
- (c) 6
- (d) 0
- (e) 8

Answer (a) 2

DIRECTIONS (Q. 401-405)

Study the following information and answer the questions given below:

401. How many slots are held between the both banking classes?

- (a) Four
- (b) None
- (c) One
- (d) Three
- (e) Two

Answer (a) Four

402. Which of the following class is scheduled from 10am to 11am?

- (a) Banking
- (b) SSC
- (c) UPSC
- (d) Either Banking or SSC
- (e) Either SSC or UPSC

Answer (c) UPSC

403. Which of the following class is scheduled just before Lunch?

- (a) Either Banking or SSC
- (b) Banking
- (c) UPSC
- (d) SSC
- (e) Either SSC or UPSC

Answer (b) Banking

404. Four of the following five are alike in a certain way and hence form a group. Which of the following does not belong to that group?

- (a) 9am-10am – Banking
- (b) 11am-12pm – UPSC
- (c) 3pm-4pm – Tea
- (d) 12pm-1pm – Lunch
- (e) 3pm-5pm – Celebration

Answer (d) 12pm-1pm – Lunch

405. How many hours gap between SSC class and UPSC class (from their starting time)? SSC

- (a) 2 hours
- (b) 3 hours
- (c) 4 hours
- (d) 5 hours
- (e) None of the above

Answer (c) 4 hours

DIRECTIONS (Q. 406-410)

A word arrangement machine when given an input line of Words, rearranges them following a particular rule in each step. The example of input and its rearrangement, is given below: Input: AIR PIN HAT FAN GUN NET Step I: AIR PIN HAT GUN NET FAN Step II: HAT AIR PIN NET GUN FAN Step III: PIN HAT AIR NET GUN FAN 53 | Test Prime Step IV: PINHAT AIRNET GUNFAN Step V: AHINPT AEINRT AFGNNU Step VI: BGJMQS BDJMSS BEHMOT Step VI is the last step of the given example. Illustrate the above input arrangement and obtain the steps for the asked input given below: Input: LEN DEN BAT CER JAM TIL

406. Which of the following is fifth word from right end in step III?

- (a) LEN
- (b) TIL
- (c) JAM
- (d) CAR
- (e) DEN

Answer (e) DEN

407. Which of the following is fourth word from left end in step II?

- (a) JAM
- (b) CAR
- (c) DEN
- (d) TIL
- (e) None of these

Answer (d) TIL

408. In which of the following step, “EDFKOM BAJKUS” is found exactly in this order?

- (a) Step III
- (b) Step II
- (c) Step VI
- (d) Step V
- (e) Step IV

Answer (c) Step VI

409. Which of the following is the penultimate step?

- (a) DEELNN BCILTT ACEJMR
- (b) DEELNN ABILTT ACEJMR
- (c) CEDLNN ABILTT ACEJMR
- (d) DEELMN BBILTT ACEJMR
- (e) DEELNN NBILTT BCEJMR

Answer (b) DEELNN ABILTT ACEJMR

410. Which of the following element is second to the left of the word which is fifth from left end in first step?

- (a) BAT
- (b) CER
- (c) LEN
- (d) DEN
- (e) TIL

Answer (d) DEN

DIRECTIONS (Q. 411-414)

There are two/three rows given, and to find out the resultant of a particular row, follow the conditions mentioned: I. If an even number is followed by another even number (not prime), the resultant will be the difference of both the numbers. II. If an even number is followed by an odd number (not prime), the resultant will be the difference of the both the numbers multiplied by 2. III. If an even number is followed by a prime number, the resultant will be the sum of both the numbers. IV. If an odd number is followed by another odd number (not a perfect square), the resultant will be the difference of both the numbers added by the greater number. V. If an odd number is followed by another even number (not a perfect square), the resultant will be the sum of both the numbers. VI. If an odd number is followed by perfect square number, the resultant will be the sum of both the numbers divided by 2.

411. What will be the value of X, if the sum of resultant of both the rows is 53? R1: 4 3 25 R2: 8 7 X

- (a) 32
- (b) 24
- (c) 23
- (d) 22
- (e) 29

Answer (d) 22

412. What will be the value if the difference between the resultants of Row I and Row II, will be added by resultant of Row III? R1: 15 17 12 R2: 12 11 25 R3: 13 10 9

- (a) 12
- (b) 10
- (c) 23
- (d) 13
- (e) 14

Answer (c) 23

413. What will be the value of the sum of the resultants of all rows? R1: 21 49 15 R2: 14 9 4 R3: 11 5 8

- (a) 87
- (b) 84
- (c) 80
- (d) 82
- (e) 86 56

Answer (e) 86 56

414. What will be the value, if the difference between the resultant of Row I and Row II is multiplied by the resultant of Row III? R1: 8 2 25 R2: 13 5 12 R3: 21 9 24

- (a) 107
- (b) 106
- (c) 117
- (d) 112
- (e) 125

Answer (c) 117

DIRECTIONS (Q. 415-417)

Read the given information carefully and answer the questions based on it:

415. On which of the following day, the third highest amount of money is deposited?

- (a) Tuesday
- (b) Thursday
- (c) Monday
- (d) Wednesday
- (e) None of these

Answer (d) Wednesday

416. Which of the following persons deposited money just before H?

- (a) T
- (b) G
- (c) The one who deposits four days before L
- (d) None of these
- (e) The one who deposited money on Thursday

Answer (a) T

417. Four of the following five are similar in a certain manner and related to a group, which among the following does not belong to the group?

- (a) K-H
- (b) Y-G
- (c) L-D
- (d) T-Y
- (e) K-Y

Answer (e) K-Y
