

IBPS PO Prelims 2025

92 questions

Read the given information carefully and answer the related questions: Seven persons A, B, C, D, E, F and G were born on same date and same month of different year – 1947, 1962, 1974, 1981, 1987, 1998, 2009. They also like different activities – swimming, climbing, reading, running, hiking, drawing, dancing. The given information is not used in the same order as given. Their age is calculated with respect to base year 2025. Age of the one who likes dancing is a multiple of 3. Age difference between B and the one who likes dancing is an odd number, B is older here. Four persons were born between B and the one who likes swimming. F's age is not an odd number. Total age of F and A is a multiple of 5. The one who likes hiking is two persons younger to A. D likes drawing but he is not the youngest person. C was born in even number year and he is older to the one who likes climbing. Three persons were born between G and the one who likes reading.

1. How many persons are younger to the one who likes running?

- (a) None
- (b) Four
- (c) Two
- (d) Three
- (e) One

2. What is the total age of E and A?

- (a) 67 years
- (b) 78 years
- (c) 90 years
- (d) 54 years
- (e) None of these

3. Which activity is liked by the one who was born in 1974?

- (a) Drawing
- (b) Dancing
- (c) Reading
- (d) Running
- (e) Climbing

4. Who among the following likes hiking?

- (a) E
- (b) A
- (c) F
- (d) B
- (e) G

5. Four of the following five are similar in a certain manner and related to a group, who among the following is not related to the group?

- (a) B
- (b) F
- (c) G
- (d) E
- (e) D

Read the information carefully and

6. Who among the following lives in Flat-Q on the 3rd floor?

- (a) D
 - (b) E
 - (c) N
 - (d) K
 - (e) L
-

7. Which of the following pairs live on the same floor?

- (a) L and E
 - (b) M and K
 - (c) D and K
 - (d) N and O
 - (e) K and L
-

8. Who among the following persons lives to the east of M?

- (a) K
 - (b) F
 - (c) O
 - (d) N
 - (e) D
-

9. Which of the following statements is/are definitely true? I. D lives below M. II. Only one floor is there below E's floor. III. N lives two floors above O.

- (a) Only I
 - (b) Both I and II
 - (c) Both II and III
 - (d) Only III
 - (e) Both I and III
-

10. Who among the following lives to the north west of K?

- (a) L
 - (b) M
 - (c) D
 - (d) F
 - (e) None of these
-

In these questions, the relationship between different elements is shown in the statements. The statements are followed by two conclusions. Study the conclusions based on the given statements and select the appropriate answer:

11. Statements: $G = H > K = I \geq L > M = N \geq O < P$ Conclusions: I. $G \geq P$ II. $L > O$

- (a) If only conclusion I is true
 - (b) If only conclusion II is true
 - (c) If either conclusion I or II is true
 - (d) If both conclusions I and II are true
 - (e) If neither conclusion I nor II is true
-

12. Statements: $A = B > C \geq D < E > O < L \leq F > G$ Conclusions: I. $A > F$ II. $D < G$

- (a) If only conclusion I is true
 - (b) If only conclusion II is true
 - (c) If either conclusion I or II is true
 - (d) If both conclusions I and II are true
 - (e) If neither conclusion I nor II is true
-

13. Statements: $W < U \leq V = K \leq X < Y > Z \leq T = H$ Conclusions: I. $X > W$ II. $U < Z$

- (a) If either conclusion I or II is true
 - (b) If both conclusions I and II are true
 - (c) If neither conclusion I nor II is true
 - (d) If only conclusion I is true
 - (e) If only conclusion II is true
-

Study the following information carefully and answer the question given below: An uncertain number of people are sitting in a row facing north. Four persons sit between L and D. H sits second to the left of L. As many persons sit between S and D as between D and H. S sits third from one of the extreme ends of the row. Four persons sit between W and S. P sits immediate right of W. The number of persons sit between P and S is two more than the number of persons sit to the left of H.

14. Who among the following person sits eight to the left of P?

- (a) H
 - (b) D
 - (c) W
 - (d) P
 - (e) L
-

15. What is the position of D in the row?

- (a) Ninth from the left end of the row
 - (b) Seventh from the right end of the row.
 - (c) Ninth from the right end of the row
 - (d) Eighth from the left end of the row
 - (e) Eighth from the right end of the row
-

16. How many persons sit in the row?

- (a) 13
 - (b) 14
 - (c) 18
 - (d) 16
 - (e) 19
-

17. Find the odd-one out.

- (a) DFUC
 - (b) LNMK
 - (c) OQJN
 - (d) XZAV
 - (e) CEVB
-

Study the information carefully and

18. Which of the following combination is true?

- (a) U- England
 - (b) T- Singapore
 - (c) S- Finland
 - (d) Both [a] and [b]
 - (e) P- Vietnam
-

19. Who among the following is designated as HRM?

- (a) U
 - (b) P
 - (c) The one who lives Philippines
 - (d) S
 - (e) None of these
-

20. Who among the following person lives in Canada?

- (a) U
 - (b) P
 - (c) R
 - (d) S
 - (e) T
-

21. How many persons are junior to the one who lives Philippines?

- (a) Two
 - (b) Four
 - (c) Five
 - (d) One
 - (e) Three
-

22. Which of the following statement (s) is/ are not true?

- (a) Three persons are junior to the one who lives in Finland
 - (b) R is junior to U
 - (c) T is designated GM
 - (d) S lives in Vietnam
 - (e) U is designated as CEO
-

answer the questions: Six persons – P, Q, R, S, T, and U lives different countries– Singapore, Philippines, England, Vietnam, Finland, Canada. They hold different positions – HRM (Human Resource Manager), CEO (Chief Executive Officer), GM (General Manager), LSP (Lead Specialist), PH (Project Head) and CTO (Chief Technology Officer). HRM is the junior most and the CTO is the senior most designations. U lives in England and is just senior to S. R is senior to T who doesn't live in Philippines. No one designated between the persons who lives in England and Vietnam. P does not live in Singapore. R is just senior to the person who lives in Finland. Only three persons are designated junior to P. Person who lives in Canada is immediately senior to P. There is more than two designations gap between the persons who lives in Canada and Vietnam.

23. How many pair of digits are in the number '758231265', each of which have as many digits between them as in number series (both forward and backward direction)?

- (a) Two
- (b) More than four
- (c) Four

- (d) One
- (e) Three

Study the following information carefully and answer the questions given below: Point E is 17m east of point D. Point M is 47m north of the point D. Point M is 3m west of point A. Point A is 37m north of Point S. Point X is 23m north of Point E. Point Y is 2m west of Point X. Point W is 5m south of Point Y. Point F is 3m to the west of Point W.

24. In which direction is point A with respect to point X?

- (a) South-east
- (b) North-east
- (c) South-west
- (d) North-west
- (e) East

25. Four of the following five are similar in a certain manner and related to a group, who among the following is not related to the group?

- (a) AE
- (b) MS
- (c) FW
- (d) YE
- (e) MX

26. In which direction is point D with respect to point Y?

- (a) South
- (b) North-east
- (c) South-west
- (d) North-west
- (e) North

27. How many meaningful words can be formed from the first, second, eighth and ninth letter from the left end of the word "REFRIGERATOR". If no word is formed, then mark the answer as @ and if more than three words are formed, then mark the answer as #, else choose the correct answer from given options?

- (a) 1
- (b) 2
- (c) 3
- (d) #
- (e) @

Study the information carefully and

28. Who among the following sits opposite to L?

- (a) R
- (b) The one who sits immediate right of X
- (c) U
- (d) Both [a] and [b]
- (e) S

29. Four of the following five are alike in a certain way so form a group, which of the following does not belong to that group?

- (a) P
 - (b) M
 - (c) X
 - (d) S
 - (e) W
-

30. Which of the following statement is true?

- (a) P sits second to the left of N
 - (b) Three persons sit between X and W
 - (c) N sits opposite to U
 - (d) P sits opposite to the one who sits immediate left of S
 - (e) None of these
-

31. How many persons sit between P and the one who sits opposite to X?

- (a) Two
 - (b) Three
 - (c) Four
 - (d) One
 - (e) More than four
-

32. Which of the following pair of persons sit at extreme ends?

- (a) W, M
 - (b) J, U
 - (c) L, P
 - (d) J, R
 - (e) None of these
-

In each question below some statements are given followed by two conclusions numbered I and II. You have to take the given statements to be true even if they seem to be at variance with commonly known facts. Read all the conclusions and then decide which of the given conclusions logically follows from the given statements, disregarding commonly known facts. Give answer

33. Statements: Only a few retro is power Some power is fight No fight is risky Conclusions: I. Some retro being fight is a possibility II. No power is risky

- (a) If only conclusion I follows
 - (b) If only conclusion II follows
 - (c) If either conclusion I or II follows
 - (d) If neither conclusion I nor II follows
 - (e) If both conclusions I and II follow
-

34. Statements: Only a few grey is work All work is good No good is food Conclusions: I. All work being food is a possibility II. No grey is food

- (a) If only conclusion I follows
 - (b) If only conclusion II follows
 - (c) If either conclusion I or II follows
 - (d) If neither conclusion I nor II follows
 - (e) If both conclusions I and II follow
-

35. Statements: Some regulate is order All order is declare Some declare is segment Conclusions: I. Some regulate is declare II. No order is segment pmarks: 0.9, nmarks: 0.225

- (a) If only conclusion I follows
- (b) If only conclusion II follows
- (c) If either conclusion I or II follows
- (d) If neither conclusion I nor II follows
- (e) If both conclusions I and II follow

Rearrange the following sentences to form a meaningful paragraph. (A) Despite the rumours, Aragon is still widely used in crypto and DeFi circles. (B) Many suspected FBI control because the app's design matched known surveillance tools. (C) Moreover, a leaked report tied Aragon's code to a government project in America. (D) Aragon was promoted as a secure, independent platform for encrypted chats. (E) Developers denied all claims of FBI involvement or links to any U.S. project. (F) The chatting app Aragon became a hit in cryptocurrency communities for its privacy features.

36. Which of the following is the FIRST sentence after the rearrangement?

- (a) A
- (b) F
- (c) C
- (d) D
- (e) E

37. Which of the following is the SECOND sentence after the rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

38. Which of the following is the THIRD sentence after the rearrangement?

- (a) A
- (b) B
- (c) C
- (d) D
- (e) E

39. Which of the following is the FOURTH sentence after the rearrangement?

- (a) F
- (b) B
- (c) C
- (d) D
- (e) E

40. Which of the following is the FIFTH sentence after the rearrangement?

- (a) A
- (b) B
- (c) F
- (d) D
- (e) E

41. Identify the sentence that is grammatically incorrect.

- (a) She has already finished the assignment ahead of schedule.
 - (b) Neither the manager nor the employees were at the meeting.
 - (c) I have lived in this neighborhood since five years.
 - (d) We are planning a surprise party for her birthday tonight.
 - (e) All are correct
-

42. Identify the sentence that is grammatically incorrect.

- (a) Each of the players have signed the registration form.
 - (b) He enjoys listening to classical music in the evenings.
 - (c) We have been waiting for the bus for over an hour.
 - (d) My sister and I are going hiking this weekend.
 - (e) All are incorrect
-

In the following question, a sentence with a blank is given.

43. Choose the most appropriate word to fill the given blank to make the sentence grammatically correct and meaningful. The witness gave a/an _____ account of the events during the trial which led to the verdict.

- (a) cleared
 - (b) fictional
 - (c) vivid
 - (d) deceptive
 - (e) honestly
-

44. Choose the most appropriate word to fill the given blank to make the sentence grammatically correct and meaningful. The teacher was impressed by the student's _____ to improve.

- (a) resistance
 - (b) determination
 - (c) refusal
 - (d) wise
 - (e) responsive
-

45. In the question below four words are given in bold. These four words are may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. The committee postpone (A) to decided (B) the annual meeting because several key members (C) were unable (D) to attend on time.

- (a) B-C & A-D
 - (b) A-B
 - (c) C-D
 - (d) A-C & B-D
 - (e) No interchange required
-

46. In the question below four words are given in bold. These four words are may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. Despite facing multiple obstacles (A), the young entrepreneur expanding (B) her determination (C) and eventually succeeded in maintained (D) her small business.

- (a) B-C & A-D

- (b) A-C
 - (c) B-D
 - (d) A-C & B-D
 - (e) No interchange required
-

47. Match the parts of sentences given in Column I and Column II to form meaningful and grammatically correct complete sentences. Choose the option that contains all the correct combinations. COLUMN I COLUMN II A. Social media platforms must implement stricter policies to curb D. farmers adopting sustainable agricultural practices B. The education system needs reforms E. to reduce dependence on fossil fuels and cut emissions C. The government announced new subsidies to support F. problem-solving in industries like healthcare and finance

- (a) None of these
 - (b) B-F
 - (c) C-D
 - (d) A-E, B-F
 - (e) A-F, C-D, B-E
-

48. Match the parts of sentences given in Column I and Column II to form meaningful and grammatically correct complete sentences. Choose the option that contains all the correct combinations. COLUMN I COLUMN II A. Advances in artificial intelligence are enabling machines D. controlling inflation and stabilize the economy. B. Several countries are investing heavily in renewable energy E. forced farmers to migrate to nearby cities in search of work C. The government launched a new digital literacy campaign F. to learn and adapt without explicit programming

- (a) None of these
 - (b) A-F
 - (c) B-D
 - (d) A-E, B-F
 - (e) A-F, B-D, C-E
-

49. Identify the sentence that is grammatically correct.

- (a) She don't like walking in the rain every morning.
 - (b) They has been working on the project since last week.
 - (c) He go to the gym before work on weekdays.
 - (d) I was late because the bus arrived very slowly.
 - (e) All are incorrect
-

50. Identify the sentence that is grammatically correct.

- (a) I seen him at the store just yesterday afternoon.
 - (b) He don't have enough experience for this senior role.
 - (c) The cat sleeps peacefully in the sun every afternoon.
 - (d) Everyone in the team are excited for the trip.
 - (e) All are incorrect
-

51. A sentence is given below with a highlighted word that may be incorrect. From the given options, choose the word that can best replace the highlighted word to make the sentence correct. After months of practice and dedication, the athlete finally achieved his dream of winning the national championship.

- (a) gain
- (b) procured
- (c) shifted
- (d) moved
- (e) No replacement required

52. Choose the most appropriate word to fill the given blank to make the sentence grammatically correct and meaningful. The manager's _____ response to the complaint irritated the already angry customer.

- (a) indifferent
 - (b) strong
 - (c) prompt
 - (d) detailed
 - (e) emotional
-

53. In the question below four words are given in bold. These four words are may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. The teacher participate (A) the students to encouraged (B) actively in the discussion (C), ensuring everyone had an equal opportunity (D) to speak.

- (a) B-C & A-D
 - (b) A-B
 - (c) C-D
 - (d) A-C & B-D
 - (e) No interchange required
-

54. In the question below four words are given in bold. These four words are may not be in their correct position. The sentence is then followed by options with the correct combination of words that should replace each other in order to make the sentence grammatically and contextually correct. Find the correct combination of the words that replace each other. The project required (A) a detailed (B) analysis of financial data, followed by a clear presentation (C) of strategies to improve profitability (D).

- (a) B-C & A-D
 - (b) B-C
 - (c) C-D
 - (d) A-B
 - (e) No interchange required
-

55. A sentence is given below with a highlighted word that may be incorrect. From the given options, choose the word that can best replace the highlighted word to make the sentence correct. The fragile storm forced travelers to take shelter in nearby lodges until the weather conditions improved significantly.

- (a) mild
 - (b) forecast
 - (c) conditioned
 - (d) unexpected
 - (e) No replacement required
-

56. A sentence is given below with a highlighted word that may be incorrect. From the given options, choose the word that can best replace the highlighted word to make the sentence correct. The farmer worked tirelessly from dawn to dusk, ensuring the crops received adequate care from the growing season.

- (a) throughout
 - (b) under
 - (c) through
 - (d) of
 - (e) No replacement required
-

57. Match the parts of sentences given in Column I and Column II to form meaningful and grammatically correct complete sentences. Choose the option that contains all the correct combinations. COLUMN I COLUMN II A. The company invested in D. regulate the functioning of digital payment systems B. The discovery of new exoplanets has encouraged astronomers E. to explore the possibility of life beyond Earth F. to monitor deforestation and climate changes

- (a) None of these
- (b) A-F
- (c) C-D
- (d) B-E
- (e) A-F, B-D, C-E

Read the following passage and answer the given questions. Certain words are highlighted to answer some of the questions. Language is more than just a tool for communication; it is also a gateway to sharper thinking and wider opportunities. Over the years, researchers have highlighted the benefits of bilingualism as compared to monolingualism. While a monolingual person relies on a single language, a bilingual or multilingual individual manages two or more languages with ease, which significantly boosts cognitive abilities. In 2019, a study was conducted that revealed remarkable findings. It was discovered that individuals who were bilingual demonstrated better calculation speed and higher intelligence levels than their monolingual counterparts. This research confirmed what many educators had long believed: bilingualism provides mental agility that monolingualism simply cannot. The ability to switch between languages seems _____ with the additional skill of switching between tasks more efficiently. Later, further investigations reinforced this conclusion, pointing out that bilinguals are exceptional in solving problems and making quicker decisions. The advantages of bilingualism also extend to the professional world. In regions where poverty and limited resources prevail, bilingual workers show greater adaptability. They can handle diverse work areas where communication across cultures is essential. In such settings, monolinguals often face a decline in effectiveness, while bilinguals continue to thrive by bridging language barriers and creating smoother interactions. C. The finance ministry introduced stricter Children provide another fascinating example. Kids who grow up in foreign countries, especially those under the age of six, are more likely to develop bilingualism naturally. For instance, children of diplomats often pick up more than one language early in life. These children not only master new languages with surprising ease but also perform outstandingly in academic and social spheres. Their bilingual upbringing grants them a mental flexibility that gives them an edge over monolingual peers. Thus, the benefits of bilingualism are far-reaching. From improved intelligence and quicker problem-solving skills to broader job opportunities and cultural adaptability, bilinguals enjoy advantages that monolinguals do not. In a globalized world where cross-cultural understanding is vital, being bilingual or multilingual is not just an added skill—it is a necessity for success.

58. According to the passage, what is the main advantage of being bilingual in low-resource professional settings?

- (a) Bilinguals demand lower salaries, making them easier to hire in poor regions.
- (b) Bilinguals can work longer hours without facing language-related fatigue.
- (c) Bilinguals improve communication and adapt better in cross-cultural work environments.
- (d) Bilinguals receive more government support in multilingual workplaces.
- (e) Bilinguals avoid jobs that require technical or specialized training.

59. Which of the following statement(s) is/are incorrect as per the passage? (I) Bilingualism restricts mental flexibility and slows task-switching. (II) Bilingual professionals struggle more in cross-cultural work environments. (III) Diplomatic children show poor fluency in new languages due to relocation stress.

- (a) Only I
- (b) Both I and III
- (c) Only II
- (d) II and III
- (e) All I, II, and III

60. Which of the following statement(s) is/are correct according to the passage? (I) Bilingual individuals switch tasks more efficiently due to enhanced mental control. (II) Diplomatic children easily acquire multiple languages through early exposure. (III) Bilingualism leads to increased emotional sensitivity and empathetic behavior.

- (a) Only I
 - (b) Both I and II
 - (c) Only III
 - (d) II and III
 - (e) All I, II, and III
-

61. What does the 2019 study mentioned in the passage show?

- (a) Bilinguals read faster but calculate more slowly.
 - (b) Monolinguals perform better in creative tasks.
 - (c) Bilinguals have better calculation speed and intelligence.
 - (d) Bilingualism has no measurable cognitive effect.
 - (e) Bilingualism reduces attention span in adults.
-

62. Choose the best word/phrase to fill the given blank.

- (a) to function
 - (b) to come
 - (c) to results
 - (d) happens
 - (e) including
-

63. Choose the word that is most opposite in meaning to “later” as used in the passage.

- (a) When
 - (b) Eventually
 - (c) Prior
 - (d) Upcoming
 - (e) Gradually
-

64. Choose the word that is closest in meaning to “decline” as used in the passage:

- (a) Deteriorate
 - (b) Rejection
 - (c) Downsizing
 - (d) Support
 - (e) Progress
-

65. Choose the word that is closest in meaning to “benefits” as used in the passage:

- (a) Advantages
 - (b) Drawbacks
 - (c) Gains
 - (d) More
 - (e) Conflicts
-

Read the following bar graph carefully and answer the questions given below. The bar graph shows the total candidates registered and the total candidates who participated in an activity from four different cities.

66. Find the ratio of the total candidates registered from C and the total candidates who did not participate from A.

- (a) 11:4
- (b) 19:5
- (c) 13:4

(d) 12:7

(e) 14:9

67. Find the average number of candidates who did not participate from C and D.

(a) 300

(b) 345

(c) 250

(d) 280

(e) 310

68. If the total number of candidates who registered from E is 25% more than that of D and the number of candidates who participated from E is 60% that of C, then find the difference between the number of candidates who did not participate from E and D.

(a) 510

(b) 535

(c) 550

(d) 570

(e) 520

69. If 40% of the candidates who participated from B qualify for semifinals and only 25% of the candidates who qualify for finals, then find the number of candidates who did not qualify for finals from B.

(a) 112

(b) 110

(c) 108

(d) 104

(e) 106

70. The total number of candidates who registered from A is what percentage more or less than the number of candidates who did not participate from C and D together?

(a) 5%

(b) 10%

(c) 20%

(d) 30%

(e) 15%

71. A man invested Rs 12500 in scheme A that offers simple interest at $r\%$ p.a. for two years, and the interest received from scheme A is invested in scheme B that offers compound interest at 10% p.a. for two years. If the amount received from scheme B is Rs 3630, then find r .

(a) 12

(b) 14

(c) 18

(d) 10

(e) 15

72. Pipe A can fill 25% of a tank in 6 hours, and pipe B can fill 50% of the tank in 12 hours. Pipe C is an outlet pipe and empties the filled tank in 20 hours. If the tank is already 60% filled, then find the time taken by all the pipes together to fill the remaining tank.

(a) 11 hours

- (b) 12 hours
- (c) 10 hours
- (d) 8 hours
- (e) 13 hours

73. Two cars A and B start simultaneously from cities P and Q toward each other. The distance between P and Q is 480 km. Car A covers the distance in 4 hours, and car B covers the same distance in 6 hours. After how much time from the start will they meet?

- (a) 2.1 hours
- (b) 2.2 hours
- (c) 2.5 hours
- (d) 2.6 hours
- (e) 2.4 hours

Read the following table carefully and answer the questions given below. The table shows the number of males out of total employees (males + females) in four different companies. The table also shows the number of female managers out of the total number of females in these companies. Female managers out of total females A 260 60 B 340 90 C 220 70 D 390 140 Note: (I) Total employees in only companies B and D is more than 510. (II) The difference between the number of males and the number of females in each company is 130 (males > females).

74. Find the average number of non-manager female employees in B and A.

- (a) 95
- (b) 100
- (c) 105
- (d) 80
- (e) 85

75. If the ratio of male manager employees to non- manager male employees in C is 7:3, respectively, then the total non-manager male employees in C is how many more or less than the total female employees in A?

- (a) 64
- (b) 60
- (c) 58
- (d) 61
- (e) 70

76. The total number of female employees in B is what percentage of the total number of employees in B and D together?

- (a) 10%
- (b) 12.5%
- (c) 17.5%
- (d) 16.67%
- (e) 8.33%

77. The average number of male managers and female managers in D is 195. Find the difference between the number of non-manager male employees in D and the sum of the female managers in A and B.

- (a) 15
- (b) 20
- (c) 10
- (d) 5

(e) 25

78. The total number of employees in E is $\frac{3}{5}$ th that of B, and the total number of male employees in E is 60% that of A. Find the total number of female employees in E, C, and D together.

- (a) 387
- (b) 330
- (c) 345
- (d) 404
- (e) 524

79. Sita spends 30% of her monthly salary on regular expenses and 50% on personal expenses. From the remaining amount, she gives a portion of her money to her mother and father in the ratio 3:1. If the difference between the amounts given to her mother and father is Rs 4,000, what is Sita's monthly salary?

- (a) Rs 32000
- (b) Rs 35500
- (c) Rs 40500
- (d) Rs 44000
- (e) Rs 40000

Read the following information carefully and answer the questions given below. The information about total students who like two activities (art and music) in two schools. The number of students who like only music in school B is 45. The number of students who like only art in school A and school B is in the ratio of 5:3, respectively. The number of students who like both art and music in school A is 40% of the total students who like only art in school A. The number of students who like both art and music together in school B is 15 more than that of school A. The number of students who like art in school B is 65. The number of students who like music in school A is 15 more than the number of students who like only music in school B.

80. Find the difference between the number of students who like art in school A and the number of students who like both art and music together in school B.

- (a) 35
- (b) 40
- (c) 45
- (d) 50
- (e) 30

81. The number of students who like only music in school A is what percentage of the number of students who like only art in school B?

- (a) 122.25%
- (b) 133.3%
- (c) 166.67%
- (d) 108.33%
- (e) 132.5%

82. Find the ratio of the number of students who like both art and music together in school A to the number of students who like only music in school B.

- (a) 5:9
- (b) 3:7
- (c) 4:5
- (d) 4:9

(e) 2:7

83. Find the number of students who like at least two activities in both schools together.

- (a) 55
 - (b) 45
 - (c) 65
 - (d) 75
 - (e) 35
-

84. The number of students who like at most one activity in school B is how many more or less than the number of students who like art in school A?

- (a) 3
 - (b) 5
 - (c) 6
 - (d) 4
 - (e) 2
-

What approximate value will come in the place of question (?) marks:

90. $31.93\% \text{ of } 750.03 + ?^2 = 48.03\% \text{ of } 1699.98$

- (a) 24
 - (b) 22
 - (c) 18
 - (d) 26
 - (e) 28
-

92. $125.07\% \text{ of } 419.93 + 50.99 = (80\% \text{ of } ?)^2$

- (a) 30
 - (b) 45
 - (c) 20
 - (d) 25
 - (e) 50
-

95. A milkman mixed $(y + 30)$ liters of water in 150 liters of milk and then again replaced 35 liters of the mixture with milk. If quantity of milk in the final mixture is 160 liters, then find 'y'?

- (a) 45 liters
 - (b) 40 liters
 - (c) 35 liters
 - (d) 30 liters
 - (e) 25 liters
-

96. Neeraj and Vivan invested amount in a business which are in the ratio 4 : 7 respectively. Vivan invested for 2 months less than the time that Neeraj invested. If at the end of the year Profit obtained by Neeraj is $28\frac{4}{7}\%$ less than Profit obtained by Vivan, then find the time for which Vivan invested.

- (a) 14 Months
- (b) 12 Months
- (c) 6 Months
- (d) 8 Months
- (e) 10 Months

97. A boat covers 105 km in downstream in 't' hours and 90 km upstream in (t + 6) hours. If ratio of speed of boat in still water to the downstream speed of river is 6 : 7 ,then find out the time taken by boat to cover 35 km to and fro in the river ?

- (a) 20h
 - (b) 24h
 - (c) 18h
 - (d) 12h
 - (e) 28h
-

98. Shivam bought a table at Rs. X and sold it at Rs Y by earning a profit of 30%. If Shivam would had bought the table at 10% less and sold it at Rs. Rs 44 less, then he would had made a profit of 20%. Then find value of (Y – X) ?

- (a) Rs. 60
 - (b) Rs. 40
 - (c) Rs. 20
 - (d) Rs. 80
 - (e) Rs. 120
-

99. A train 'P' running at the speed of 72 km/hr crosses a platform which is half of its length in one minute. Find the time in which train 'P' crosses another train 'Q' whose length is two times of train 'P' and running at the speed of 108 km/hr in opposite direction?

- (a) 48 sec.
 - (b) 54 sec.
 - (c) 60 sec.
 - (d) 64 sec.
 - (e) 40 sec.
-

100. The sum of the length of a rectangle and the side of a square is 36 meters. If the perimeter of the rectangle is 42 meters and the breadth of the rectangle is 9 meters, then find the measurement of the side of the square (in meters).

- (a) 24
 - (b) 18
 - (c) 27
 - (d) 30
 - (e) 15
-
