

SBI Clerk Prelims 2024

95 questions

1. In the sentence below, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as the answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer. The bank's new mention (A) in the city center is designed to accommodate (B) more customers and improve efficiency (C), making banking more convenient (D).

- (a) mention
 - (b) accommodate
 - (c) efficiency
 - (d) convenient
 - (e) All are correct
-

2. In the sentence below, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as the answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer. The manager was asked to represent (A) the bank at the annual conference (B) to discuss new financial (C) policies and investment (D) strategies.

- (a) represent
 - (b) conference
 - (c) financial
 - (d) investment
 - (e) All are correct
-

3. In the sentence below, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as the answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer. The quickly (A) processing of loan applications ensures that customers receive their funds securely (B) and without any unnecessary (C) delays (D).

- (a) quickly
 - (b) securely
 - (c) unnecessary
 - (d) delays
 - (e) All are correct
-

4. In the sentence below, four words have been highlighted which may be misspelt or inappropriate in their usage. Mark the erroneous word as the answer and if all the words are correct in their spellings and usage, choose 'All are correct' as the answer. The bank staff provided an efficiently (A) solution to the customer, ensuring that the issue was resolved (B) in a timely (C) and professional manner (D).

- (a) efficiently
 - (b) resolved
 - (c) timely
 - (d) manner
 - (e) All are correct
-

In the following passage there are blanks, each of which has been denoted by a letter. For each blank, five options are given. Choose the most appropriate word from the options that fits the blank appropriately. Polyester is a popular _____ (A) fabric known for its durability and affordability. It is widely used in clothing, home furnishings, and even industrial applications. One reason polyester is trending now is its _____ (B) production process, which allows for mass manufacturing at a low cost. Additionally, advancements in recycling technology have made it possible to create _____ (C) polyester from used plastic bottles and old garments, reducing waste and promoting sustainability. Many brands are now focusing on eco-friendly fashion, and polyester plays a key role in this movement. Unlike natural fibers, polyester is _____ (D) to wrinkles, making it a favorite for easy-care clothing. It is also _____ (E) to moisture, which makes it ideal for sportswear and outdoor gear. With its _____ (F) nature and modern improvements, polyester continues to be a top choice for consumers and manufacturers alike.

5. Select the most appropriate option to fill in the blank A.

- (a) organic
 - (b) synthetic
 - (c) natural
 - (d) biodegradable
 - (e) nutritious
-

6. Select the most appropriate option to fill in the blank B.

- (a) expensive
 - (b) efficient
 - (c) limited
 - (d) complicated
 - (e) transparent
-

7. Select the most appropriate option to fill in the blank C.

- (a) disposable
 - (b) luxury
 - (c) recycled
 - (d) harmful
 - (e) ancient
-

8. Select the most appropriate option to fill in the blank D.

- (a) resistant
 - (b) vulnerable
 - (c) sensitive
 - (d) weak
 - (e) colorful
-

9. Select the most appropriate option to fill in the blank E.

- (a) resistant
 - (b) absorbent
 - (c) heavy
 - (d) soft
 - (e) frozen
-

10. Select the most appropriate option to fill in the blank F.

- (a) fragile

- (b) delicate
 - (c) versatile
 - (d) rigid
 - (e) musical
-

11. Read the sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If the given sentence is grammatically and contextually correct, then choose option "No error" as your answer response. (Ignore errors of punctuation, if any). The new manager is quite experienced (A)/ and he is capable (B)/ to handling complex projects (C) / with efficiency. (D)

- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error
-

12. Read the sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If the given sentence is grammatically and contextually correct, then choose option "No error" as your answer response. (Ignore errors of punctuation, if any). The teacher was pleased (A) / with the students (B)/ because they succeeded (C)/ in clearing the exam by ease. (D)

- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error
-

13. Read the sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If the given sentence is grammatically and contextually correct, then choose option "No error" as your answer response. (Ignore errors of punctuation, if any). Neither of the candidates (A)/ have submitted (B)/ their application form (C)/ before the deadline. (D)

- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error
-

14. Read the sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If the given sentence is grammatically and contextually correct, then choose option "No error" as your answer response. (Ignore errors of punctuation, if any). If she will practice regularly, (A)/ she will definitely (B)/ improve her performance (C)/ in the competition. (D)

- (a) A
 - (b) B
 - (c) C
 - (d) D
 - (e) No error
-

15. Read the sentence to find out whether there is any grammatical or idiomatic error in it. The error, if any, will be in one part of the sentence. The letter of that part is the answer. If the given sentence is grammatically and contextually correct, then choose option "No error" as your answer response. (Ignore errors of punctuation, if any). The lawyer asked the witness (A) / to stick at (B)/ his original statement (C)/ during the trial. (D)

- (a) A
- (b) B
- (c) C
- (d) D
- (e) No error

Read the following passage and answer the given questions. Amy Carter, a marketing professor at New York University, has always been fascinated by how people manage time. Her interest deepened when she observed the stark differences between her two sons. Despite growing up in the same environment, they follow completely different approaches to time management. One son follows Eventual Time (ET), while the other relies on Scheduling Time (ST). Daniel, her older son, follows ET, believing that tasks should be completed when the right moment arrives. He enjoys flexibility and trusts that everything will get done eventually. He dislikes strict schedules, as he feels they limit creativity and add unnecessary pressure. On the other hand, Ben, her younger son, follows ST. He believes that structuring his day with a fixed schedule ensures efficiency and prevents delays. He plans his work carefully, ensuring that each task is completed within a set deadline. Both approaches have their benefits and challenges. ET allows for creative freedom and reduces stress, but it can lead to procrastination. Some tasks may be left unfinished for too long, causing last-minute rushes. ST, however, promotes discipline and productivity but can become exhausting. Ben often feels drawn into a rigid routine, leaving little room for unexpected changes. At times, his packed schedule makes it difficult to relax. Amy, being a researcher, decided to explore these differences further. She conducted several studies and published papers on time management, analyzing which method works best in different scenarios. She found that neither ET nor ST is universally superior. Instead, the effectiveness of each approach depends on personality, work demands, and lifestyle. Some individuals thirst for structure, while others thrive in flexibility. Through her research, Amy suggests that blending both methods might be the ideal approach. A balance between structure and adaptability can help individuals manage their time more effectively. By understanding their own preferences, people can optimize their routines while maintaining creativity and reducing stress. Amy continues to explore these ideas, hoping to offer valuable insights into how people interact with time.

16. Identify the correct statement based on the passage.

- (a) Ben enjoys flexibility in his daily schedule and dislikes strict planning, similar to his brother.
- (b) Daniel follows ST because he prefers structured time management and defined deadlines.
- (c) Amy Carter's research proves that ET is less effective than ST in all situations.
- (d) Ben's structured approach to time management sometimes makes it difficult for him to relax.
- (e) Both (a) and (c)

17. Which of the following statements about Amy Carter is correct?

- (a) She became interested in time management after noticing differences in her sons' approaches.
- (b) She held a position as a marketing professor at Paris University.
- (c) She has conducted studies to analyze the effectiveness of different time management approaches.
- (d) None of the above
- (e) Both (a) and (c)

18. Choose the correct synonym for "drawn" as used in the passage.

- (a) Attracted
- (b) Pushed
- (c) Ignored
- (d) Avoided
- (e) Removed

19. Choose the correct synonym for "thirst" as used in the passage.

- (a) Satisfaction
 - (b) Desire
 - (c) Indifference
 - (d) Laziness
 - (e) Weakness
-

20. Choose the correct synonym for "time" as used in the passage.

- (a) Duration
 - (b) Energy
 - (c) Distance
 - (d) Effort
 - (e) Position
-

21. What does Amy Carter suggest as the best approach to time management?

- (a) Relying solely on ST because it ensures discipline and productivity.
 - (b) Following ET strictly to maintain creativity and reduce pressure.
 - (c) Adopting a balanced approach that incorporates both ST and ET.
 - (d) Using ST for professional tasks and ET for personal tasks without any overlap.
 - (e) Completely rejecting time management structures as they limit efficiency.
-

22. What inspired Amy Carter's interest in time management?

- (a) Her research on workplace productivity.
 - (b) Observing the different time management approaches of her two sons.
 - (c) A book she read about scheduling techniques.
 - (d) Her personal struggle with managing time.
 - (e) A study she conducted on university students.
-

23. Which of the following is a potential downside of Eventual Time (ET)?

- (a) It can lead to procrastination and last-minute rushes.
 - (b) It forces individuals into a strict routine, causing stress.
 - (c) It eliminates flexibility and creativity in task completion.
 - (d) It does not allow individuals to work at their own pace.
 - (e) It ensures all tasks are completed within a strict deadline.
-

24. How does Ben ensure efficiency in his daily routine?

- (a) He follows a flexible approach where he works only when he feels ready.
 - (b) He plans his day with a fixed schedule and follows strict deadlines.
 - (c) He avoids strict scheduling to allow room for unexpected events.
 - (d) He does not follow any particular method and works randomly.
 - (e) He only completes tasks when he is pressured by deadlines.
-

25. The following question contains a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. Choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence, then mark option " No rearrangement required " as the answer. P: the invention of the steam engine Q: played a major role in R: the Industrial Revolution S: in the 18th century

- (a) PRQS
 - (b) SQPR
 - (c) SPQR
 - (d) PSRQ
 - (e) RSPQ
-

26. The following question contains a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. Choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence, then mark option " No rearrangement required " as the answer. P: one of the biggest Q: global warming has become R: environmental concerns S: in recent years

- (a) QPRS
 - (b) PRSQ
 - (c) PSRQ
 - (d) QSPR
 - (e) PQRS
-

27. The following question contains a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. Choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence, then mark option " No rearrangement required " as the answer. P: faster and more efficient Q: making communication R: our daily lives S: technology is transforming

- (a) PRQS
 - (b) PQRS
 - (c) SRQP
 - (d) RQPS
 - (e) SPRQ
-

28. The following question contains a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. Choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence, then mark option " No rearrangement required " as the answer. P: a famous tourist destination Q: the Eiffel Tower is R: located in Paris S: and attracts millions of visitors

- (a) PSQR
 - (b) QPRS
 - (c) PRSQ
 - (d) QSPR
 - (e) SRPQ
-

29. The following question contains a sentence which has been divided into four parts which might not be in their correct order of narrative. The sentence is then followed by five options, one of which gives the sequence of the rearranged parts to make the sentence meaningful. Choose the option which gives the correct sequence of the parts. If the sentence is already arranged in the correct sequence, then mark option " No rearrangement required " as the answer. P: he wandered through the dense Q: searching for a way back home R: after getting lost during his hike S: forest as the sun began to set

- (a) SRQP
- (b) PQSR
- (c) RSQP
- (d) RPQS

(e) QSPR

30. In the question, one word is given in bold and correspondence to that, three sentences are given each containing that word. Choose the option depicting the sentence(s) that have/ has the correct usage of the word. **ARREST** (A) The goalkeeper arrested the ball during the match. (B) The quick action of firefighters arrested the spread of the fire. (C) The police arrested the suspect for robbery.

- (a) Both A and B
 - (b) Only B
 - (c) Only C
 - (d) Both B and C
 - (e) All A, B, C
-

Read the following table carefully and answer the questions given below. The table shows total number of shoes sold by five different sellers on three different days.

31. Find the difference between the number of shoes sold by A and B together on Sunday and the number of shoes sold by C on Monday and Tuesday together.

- (a) 10
 - (b) 20
 - (c) 15
 - (d) 25
 - (e) 30
-

32. Find the ratio of the total number of shoes sold by E on Tuesday to the number of shoes sold by D on Sunday.

- (a) 1:5
 - (b) 6:7
 - (c) 5:4
 - (d) 4:5
 - (e) 9:4
-

33. The total number of shoes sold by B on Monday is what percentage more or less than the total number of shoes sold by E on Tuesday?

- (a) 0%
 - (b) 2.5%
 - (c) 5%
 - (d) 10%
 - (e) 4%
-

34. Find the average number of shoes sold by B on Sunday and C on Tuesday.

- (a) 25
 - (b) 50
 - (c) 45
 - (d) 60
 - (e) 100
-

35. If the total number of shoes sold by B on Wednesday is sum of the total number of shoes sold by C and D together on Monday, then find the total number of shoes sold by B on Wednesday.

- (a) 110

- (b) 90
 - (c) 80
 - (d) 75
 - (e) 60
-

Read the following line graph carefully and answer the questions given below. The line graph shows total number of articles sold by five different shops.

36. The total number of articles sold by B is how many more or less than that of D.

- (a) 32
 - (b) 8
 - (c) 24
 - (d) 16
 - (e) 4
-

37. The total number of articles sold by X is average of the number of articles sold by B, A and D, then find the number of articles sold by X.

- (a) 12
 - (b) 32
 - (c) 28
 - (d) 16
 - (e) 20
-

38. The price of each article sold by B and C is Rs 20 and Rs 18 respectively, then find the total amount received by B and D together (in Rs).

- (a) 954
 - (b) 1008
 - (c) 879
 - (d) 788
 - (e) 909
-

39. The number of articles sold by E is what percentage more or less than the number of articles sold by A?

- (a) 16.67%
 - (b) 33.33%
 - (c) 50%
 - (d) 34.5%
 - (e) 37.5%
-

40. Find the ratio of the number of articles sold by C to that of D.

- (a) 14:13
 - (b) 11:14
 - (c) 9:5
 - (d) 5:7
 - (e) 8:5
-

What will come in place of question mark (?) in the given questions?

41. $55\% \text{ of } (120 + 200) - ? = 145\% \text{ of } 300$

- (a) 259

- (b) 223
 - (c) 252
 - (d) 200
 - (e) 211
-

45. $47\% \text{ of } ? + 53\% \text{ of } ? = 235$

- (a) 200
 - (b) 235
 - (c) 205
 - (d) 135
 - (e) 250
-

48. $1471 + 567 - 627 = ? + 123$

- (a) 1950
 - (b) 1880
 - (c) 1288
 - (d) 1700
 - (e) 1800
-

49. The quantity of mixture is 108 liter and the ratio of quantity milk and water is 5:4. If x liter of water taken out, then the ratio of milk and water become 10:3. Find x.

- (a) 30
 - (b) 20
 - (c) 12
 - (d) 15
 - (e) 24
-

50. The sum of five consecutive odd number is 225 and the average of five consecutive even number is 70. Find the difference between smallest odd number and highest even number.

- (a) 31
 - (b) 33
 - (c) 37
 - (d) 15
 - (e) 24
-

51. The marked price of the article is 80% more than that of cost price and the profit percentage is 20%. Find the discount percentage.

- (a) 33.33
 - (b) 33
 - (c) 66.66
 - (d) 15
 - (e) 40
-

52. The ratio of income of A and B is 2:3 and Rs 1000 each is spend by both. If the total saving of A and B is Rs.4000, then find the income of A.

- (a) 3000
- (b) 2400
- (c) 1500

- (d) 2100
 - (e) 2000
-

53. x and y are two numbers and the sum of both the numbers is 990 and x is 20% more than that of y , then find the difference between x and y .

- (a) 90
 - (b) 40
 - (c) 45
 - (d) 180
 - (e) 100
-

54. The car travel 108 km in 2 hours and the bus travel the same distance in 3 hours. Find the difference between speed(in kmph) of car and bus.

- (a) 18
 - (b) 26
 - (c) 12
 - (d) 16
 - (e) 10
-

55. A man invested Rs P at the rate of 5% p.a. for 2 years and the difference between compound and simple interest is Rs 20. Find P .

- (a) 8000
 - (b) 1200
 - (c) 3600
 - (d) 4800
 - (e) 5000
-

56. The ratio of length to breadth of a rectangle is 8 : 5 and the perimeter of the rectangle is equal to perimeter of a square whose area is 169 cm square. Find the length of the rectangle (in cm)?

- (a) 17
 - (b) 16
 - (c) 15
 - (d) 20
 - (e) 24
-

57. A man invested Rs. 400 at rate of 4% p.a. for four years on simple interest in scheme X and Rs. 800 at rate of $x\%$ p.a. for three years in scheme B. If total interest received by the man is Rs 256, then find ' x '?

- (a) 4
 - (b) 8
 - (c) 10
 - (d) 12
 - (e) 15
-

58. Length of train A is ' l ' meters and length of platform is ' $2.5l$ ' meters. The speed of train A is 108 km/hr and it crosses the platform in 35 seconds. If another train B having length of 600 meters can cross the same platform in 30 seconds, then find the speed of train B (in meters/second)?

- (a) 27

- (b) 36
- (c) 15
- (d) 45
- (e) 24

59. The ratio of speed of boat in still water to speed of stream is 3:2 and the time taken by boat to cover 120 km distance in upstream is three hours more than that in downstream. Find the speed of boat

- (a) 96
- (b) 108
- (c) 120
- (d) 130
- (e) 150

60. The age of a group of three people is 50 years. If a new man joined the group, then the new average become 52 years. Find the age of the new man.

- (a) 47
- (b) 46
- (c) 55
- (d) 58
- (e) 54

61. The ratio of age of A to B is 1:2 and B to C is 3:4. The age of A five year hence, is $\frac{5}{6}$ times present age of B. Find the age of C.

- (a) 4
- (b) 8
- (c) 16
- (d) 12
- (e) 20

62. A invested Rs 2400 in a business. After t months, B joined the business with an investment of Rs 3600. If the ratio of profit share of A to B after a year is 2:1, then find t.

- (a) 4
- (b) 8
- (c) 16
- (d) 12
- (e) 20

Find the missing number of the given number series and answer the following questions given below.

63. 5, 30, 79, 200, ?

- (a) 429
- (b) 629
- (c) 329
- (d) 269
- (e) 369

64. 7, 13, 25, ?, 361, 2665

- (a) 72

- (b) 73
 - (c) 74
 - (d) 75
 - (e) 77
-

65. 10, ?, 105, 140, 160, 160

- (a) 65
 - (b) 55
 - (c) 50
 - (d) 60
 - (e) 70
-

Read the given information carefully and answer the related questions: Seven events K, L, M, N, O, P, Q - are to be held (but not in same order as given) in different days of a week starting from Monday to Sunday. Event K is held on Tuesday. More than two events are held between K and L. Number of events held after L and before Q are same. Two events are held between Q and N. One event is held between M and P. Event N is held before P.

66. Event O is held on which day?

- (a) Sunday
 - (b) Wednesday
 - (c) Thursday
 - (d) Friday
 - (e) Saturday
-

67. How many events are held between M and L?

- (a) One
 - (b) Three
 - (c) Five
 - (d) Two
 - (e) Four
-

68. Which event is held on Thursday?

- (a) O
 - (b) P
 - (c) N
 - (d) M
 - (e) Q
-

69. Which of the following statement is correct?

- (a) Event M is held on Friday
 - (b) Event N is held before Q
 - (c) All are correct
 - (d) One event is held after P
 - (e) Event Q is held on Monday
-

70. Number of events held before L is twice the number of events held after event ____.

- (a) N
- (b) P

- (c) O
- (d) M
- (e) K

Read the given information carefully and answer the related questions: Eight persons – A, B, C, D, E, F, G, H – sit around a circular shaped table (but not in same order as given) facing inside. Two persons sit between G and D. A sits immediate left of D. F sits four places away from A (either from left or right). B sits adjacent to F. H sits second to the right of C.

71. What is the position of A with respect to E?

- (a) Second to the left
- (b) Immediate right
- (c) Second to the right
- (d) Third to the left
- (e) Fourth to the right

72. How many persons sit between F and H when counted from the right of F?

- (a) One
- (b) None
- (c) Two
- (d) Three
- (e) Four

73. Which of the following statement is correct?

- (a) G sits opposite to E
- (b) No one sits between B and D
- (c) C sits immediate left of F
- (d) A sits second to the right of H
- (e) All are correct

74. Who among the following sits third to the right of A?

- (a) H
- (b) F
- (c) B
- (d) C
- (e) E

75. Four of the following five are similar in a certain manner, which of the following is dissimilar to others?

- (a) E-G
- (b) B-E
- (c) B-H
- (d) F-A
- (e) D-C

Read the given information carefully and answer the related questions: Ten persons sit in two parallel rows containing five persons in each row. A, B, C, D, E sit in row 1 and face north while P, Q, R, S, T sit in row 2 and face south. Persons of both rows face each other. B sits third to the left of E. The one who faces B sits immediate right of R. P sits immediate left of T. E does not face P. The one who faces T, sits second to the left of C. A and S do not sit at any end of the rows.

76. Four of the following five are similar in a certain manner and related to a group, who among the following is not related to the group?

- (a) T
 - (b) Q
 - (c) D
 - (d) E
 - (e) S
-

77. What is the position of D with respect to A?

- (a) Immediate right
 - (b) Third to the left
 - (c) Second to the left
 - (d) Second to the right
 - (e) Third to the right
-

78. How many persons sit to the right of the one who faces Q?

- (a) None
 - (b) One
 - (c) Two
 - (d) Three
 - (e) Four
-

79. Which of the following statement is correct?

- (a) S faces A
 - (b) D does not sit at the end
 - (c) Q sits immediate left of R
 - (d) No one sits between A and B
 - (e) None is correct
-

80. The number of persons sit to the right of D is same as the number of persons sit to the left of ____?

- (a) P
 - (b) Q
 - (c) S
 - (d) T
 - (e) A
-

Study the following information carefully and answer the question given below: Rina starts walking from Point A and walks 8m towards the east to reach Point B. From there, she turns left and walks 5m to reach Point C. Then, she turns left again and walks 6m to reach Point D. From Point D, she turns right and walks 4m to reach Point E. From there she turns right and walks 9m to reach Point F. Finally, she turns right and walks for 4m to reach Point G.

81. In which direction is Point A with respect to Point G?

- (a) North-east
 - (b) North-west
 - (c) South-east
 - (d) South-west
 - (e) North
-

82. If Point T is 5m south of Point G, then what will be the shortest distance between Point T and A?

- (a) 12m
 - (b) 11m
 - (c) 7m
 - (d) 9m
 - (e) 15m
-

83. Four of the following five are alike in a certain way and form a group. Which among the following doesn't belong to that group?

- (a) DA
 - (b) FC
 - (c) GD
 - (d) EA
 - (e) FB
-

84. If a meaningful word is formed by using the fourth, sixth, seventh and ninth letters (from the left end) of the word "CONCEALING", then which of the following will be the second letter from the left end of the meaningful word thus formed. If more than one such meaningful word is formed mark Y as your answer. If no meaningful word is formed, mark Z as your answer?

- (a) L
 - (b) Z
 - (c) C
 - (d) Y
 - (e) A
-

Study the following information carefully and answer the questions given below: In a certain code language: "On green fresh fruit" is coded as "hg nt op ty" "Fresh fruit orange juice" is coded as "nt py eg op" "Green juice on van" is coded as "hg py pq ty" "Orange on juice drink" is coded as "eg ty mn py"

85. What is the code for the word "Juice"?

- (a) ty
 - (b) pq
 - (c) mn
 - (d) py
 - (e) eg
-

86. What is the code for the word pair "Fresh orange"?

- (a) eg nt
 - (b) op nt
 - (c) hg nt
 - (d) hg eg
 - (e) Can't be determined
-

87. Which of the following pair is/are correct?

- (a) Green - ty
- (b) Juice - pq
- (c) Orange - eg
- (d) Drink- hg
- (e) All of the above

88. Which of the following word pair is correctly coded as "ty hg"

- (a) Orange on
 - (b) On fresh
 - (c) On green
 - (d) Green juice
 - (e) Fresh juice
-

89. What is the code for the word "Drink"?

- (a) mn
 - (b) pq
 - (c) eg
 - (d) hg
 - (e) py
-

Study the following series carefully and answer the questions given below: B 3 @ Y P 8 * K 2 ! W # M 6 O & 4 D U 9 \$ 7 6 ^ O 5

90. Which of the following element is sixth to the right of the twelfth element from the left end?

- (a) D
 - (b) U
 - (c) 9
 - (d) \$
 - (e) T
-

91. How many such elements are immediately preceded by a symbol and immediately followed by a number?

- (a) One
 - (b) Two
 - (c) Three
 - (d) Four
 - (e) None
-

92. If all the numbers are removed from the given series, then which of the following element is tenth from the right end?

- (a) W
 - (b) !
 - (c) #
 - (d) K
 - (e) O
-

93. Four of the following five are alike in a certain way based on their positions in the given arrangement and so form a group. Which is the one that does not belong to that group?

- (a) @8P
 - (b) #O6
 - (c) BY@
 - (d) 64&
 - (e) \$67
-

94. How many symbols are in the series which are immediately followed by a vowel?

- (a) None
- (b) Two
- (c) Four
- (d) Three
- (e) One

95. In the word 'MARGIN', how many pairs of the letters have the same number of letters between them (both forward and backward direction) as in the English alphabet?

- (a) Four
- (b) Two
- (c) One
- (d) Three
- (e) More than four

96. Find the odd-one out.

- (a) ADB
- (b) HKI
- (c) PSQ
- (d) TVU
- (e) FIG

Study the following information carefully and answer the questions given below. Six bags- A, B, C, D, E and F are of different weights and are arranged in descending order from left to right based on their weights, but not necessarily in the same order. Bag B is heavier than Bag C. Bag D is lighter than Bag A. Bag E is heavier than Bag A. Bag C is not heavier than Bag D. Bag C is not the lightest bag. Bag B is lighter than Bag A but heavier than Bag D.

97. If the weight of Bag B is 30kg and the weight of Bag F is 25kg then what is the possible weight of Bag C?

- (a) 24kg
- (b) 31Kg
- (c) 20 kg
- (d) 21kg
- (e) 27kg

98. How many bags weigh between Bag E and Bag C?

- (a) Two
- (b) Three
- (c) Four
- (d) One
- (e) None

99. Which among the following statements is true?

- (a) Bag A is heavier than Bag E.
- (b) Bag B is the second heaviest.
- (c) There are two bags weigh between Bag E and Bag F.
- (d) Bag D is not heavier than Bag A.
- (e) Bag F is heavier than Bag C.

100. If in the number "9657821" all the digits are arranged in ascending order from left, then what will be the sum of second, fourth and fifth digit from the right end?

- (a) 17
 - (b) 19
 - (c) 18
 - (d) 20
 - (e) None of these
-
